

MY HOME ZONE

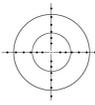

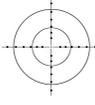

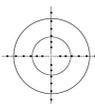

FACE TO FACE AWARENESS PROGRAM

PROPERTY AND LIFE SAFETY FIRE RISK ASSESSMENT IN THE RURAL AREAS OF SAN DIEGO COUNTY

When firefighters need more than radio communication to make critical decisions, they meet in person, which is referred to as “Face to Face” in the fire community. The Resource Conservation District of Greater San Diego County has launched a new program which will provide this same one-on-one personal attention to individual property owners in specific rural communities within San Diego County.

ABOUT THE “MY HOME ZONE” PROGRAM

-  Property owners who participate in the program will receive an on-site individualized assessment of their property, which will include existing construction elements, vegetation, access and evacuation routes and emergency preparation within and beyond the existing 100-foot defensible space requirement for your property and any neighbors that might be impacted by a wildfire in your vicinity.
-  We will use the same resources available to local fire jurisdictions to increase the potential for saving your life and property in the instance of a fire, however, the information collected will remain confidential and will not be included in any required County, Cal Fire or local fire department inspection.
-  This is a NO COST service for property owners and offered only in specified areas of San Diego County as determined by the RCD. Funding for this program is limited and requests for participation will be prioritized on a first-come, first-served basis.

**Contact the RCD of Greater San Diego County for more information at
619.749.4232 or D3info@rcdsandiego.org**

“This program is administered by the Resource Conservation District of Greater San Diego County in partnership with the Fire Safe Council of San Diego County and made possible with funding provided by the US Forest Service under the authority of the Cooperative Forestry Assistance Act of 1978.”

Clearing of vegetation that contains threatened or endangered species is subject to the Memorandum of Understanding (MOU) with the U.S. Fish and Wildlife Service (USFWS) and California Department of Fish and Game (CDFG). Deliberate taking or clearing or removal beyond that specifically allowed by the MOU is not authorized and may be in violation of the State and Federal Endangered Species Act. Please contact your local fire district with questions about compliance with the MOU. You should also contact USFWS at (760) 467-4201 if you have been notified that you have a threatened or endangered species on your property.
