Bistro Ballroom  
5101 California Avenue  
Bakersfield, CA 93309**

Please join us at our DOGGR Employment Workshop! RSVP @ (916) 322-7685

Interested in a great job? The Department of Conservation seeks industry professionals to assist in the permitting, monitoring and enforcement of oil and gas laws related to the development of hydrocarbon and geothermal resources. The positions range from entry-level to supervisor-level full-time positions. Be a part of a new era of public and environmental health and safety by utilizing your technical abilities to provide oversight of oil well operations; drilling, completion, stimulation, and underground injection. Salary and benefits are competitive with the Oil and Gas Industry.
