Index Toolbar

10 records per page Export to Excel / CSV Export to PDF Search: _____

Showing 1 to 10 of 249 records First Previous 1 2 3 4 5 Next Last

The Index toolbar has the following functionality:

- Select the number of records per page
- Displays the records being viewed and the total number of records
- Export to Excel / CSV file
- Export to PDF
- Search
- Select a specific page, previous page, first page, or last page

a. The drop down menu allows the selection of the number of records viewable per page.

b. The **highlighted** area displays the number of records being viewed along with the total number of records available for viewing.

c. Clicking the **Export to Excel / CSV** button, allows all of the Index data to be exported to an Excel / CSV file. Microsoft Excel is a spreadsheet application that allows working with large amounts of data to be sorted and analyzed. Excel is part of Microsoft Office.

d. Click **Export to PDF** button to export Index data viewable on the Index page to a Portable Document Format. PDF documents are in a fixed-layout format and cannot be edited. **Note:** View More, View Notice, and Map It columns will not be exported.

Interim Well Stimulation Treatment Notices

Received	Stimulation Type	Operator	API#	Lease	Well#	Status	Directional	County
01/15/2014	Acid Matrix	Occidental of Elk Hills, Inc.	02964312		356-7R	Approved 01/15/2014	Directionally drilled	Kern
01/15/2014	Hydraulic Fracture	Vintage Production California LLC	03050864	Sosa FOD	SB 2086-18	Approved 01/15/2014	Directionally drilled	Kern

NOTE: *Export buttons* will only appear on desktop browsers. Adobe Flash Plug-in will need to be installed.

e. Search allows entry of Index data elements such as an Operator Name, County, Stimulation Type, API#, Field, etc. The Index uses an Incremental Search. As text is typed, one or more possible matches for the text are found and immediately displayed.

f. Click a Page button and go to a specific Index page. Click Next and go to the next Index page. Click Last and go to the Last page of the Index. Click Previous and go to the previous Index page. Click First and go to the first Index page.

Index Page Data Columns

Received	Stimulation Type	View More	Operator	View Notice	API#	Lease	Well#	Map It	Status	Directional	Field	County
----------	------------------	-----------	----------	-------------	------	-------	-------	--------	--------	-------------	-------	--------

The Index Page data columns display the data available for sorting, viewing and searching.

Received column displays the date the Interim Well Stimulation Treatment Notice was received by the Division of Oil, Gas, and Geothermal Resources.

The default display is descending date order - most recent to oldest dates.

Clicking **Received** sorts the index records. An arrow will indicate if the sort is in ascending or descending date order.

Up Arrow indicates sort is ascending date order - oldest to most recent dates.

Down Arrow indicates sort is in descending date order - most recent to oldest dates.

Stimulation Type column lists the type of well stimulation. *Acid Matrix* and *Hydraulic Fracture* are the Stimulation Types that are being reported.

Stimulation Type can be sorted alphabetically by clicking **Stimulation Type**. An arrow will display indicating if the sort is in ascending or descending order.

Up Arrow indicates sort is alphabetical from A to Z.

Down Arrow indicates sort is alphabetical from Z to A.

Note: Reload / refresh the page to remove this sort.

View More column displays a *plus sign*. Click the *plus sign* to **View More** data. The data displayed is the Base Meridian, Section, Township, Range, Latitude, and Longitude.

View More column with more information displayed and a *minus sign*.

Note: To collapse View More information, click the *minus sign*.

Received	Stimulation Type	View More
01/15/2014	Acid Matrix	-
BM/T/R/S: MD/30S/23E/7 Lat,Long (83): 35.329978, -119.544808		

Operator column displays operator names.

Operator column can be sorted alphabetically by clicking on **Operator**. An arrow will display indicating if the sort is in ascending or descending order.

Up Arrow indicates sort is alphabetically from A to Z.

Down Arrow indicates sort is alphabetically from Z to A.

Note: Refresh / Reload to remove the sort.

View Notice column displays an *Icon* to view a PDF file of the Interim Well Stimulation Notice. Click the *Icon* to open / view the Interim Well Stimulation Notice.

Note: A new browser window will open with the notice.

API# column is the American Petroleum Institute Number. It is a unique, permanent, numeric identifier assigned to each well for oil, and gas in the U.S.

API# column can be sorted in numerical order by clicking on **API#**. An arrow will display indicating if the sort is in ascending or descending order.

Up Arrow indicates sort is numerical from lowest to highest.

Down Arrow indicates sort is numerical from highest to lowest.

Note: Reload / Refresh to remove sort.

Lease column displays the lease name information.

Lease column may be sorted in alphabetical order by clicking **Lease**. An arrow will display indicating if the sort is in ascending or descending order.

Up Arrow indicates sort is alphabetically from A to Z.

Down Arrow indicates sort is alphabetically from Z to A.

Note: Reload / Refresh to remove sort.

Well# column can be sorted by clicking on **Well#**. An arrow will indicate if the sort is in ascending or descending order.

Up Arrow indicates sort is in ascending order - numeric then alpha.

Down Arrow indicates sort is in descending order - numeric then alpha.

Note: Reload / Refresh to remove sort.

Map It

Map It column displays two icons that link to mapping applications. The first icon links to *DOGGR Well Finder* and the second icon links to *Google Maps*.

DOGGR Well Finder application displays all of the wells, well information, and notice and permit information in California.

Google Maps will display a location on a Google map.

Note: A new browser window will open when either of the icons are selected.

Status

Status column is sortable. Click **Status** to sort in alphabetical order. An arrow will display indicating if the sort is ascending or descending.

Approved
01/14/2014

Up Arrow indicates sort is ascending A to Z.

Down Arrow indicates sort is descending Z to A.

Note: Reload / Refresh page to remove sort.

Directional

Directional column indicates if a record is directionally drilled. Click **Directional** to sort this column. An arrow will display to indicate if the sort is ascending or descending.

Directionally
drilled

Up Arrow indicates sort is alphabetical A to Z.

Down Arrow indicates sort is alphabetical Z to A.

Note: Reload / Refresh page to remove sort.

Field

Field column displays field name for record. Click **Field** to sort alphabetically. An arrow will display indicating if the sort is in ascending or descending order.

Elk Hills

Up Arrow indicates sort is alphabetical from A to Z.

Down Arrow indicates sort is alphabetical from Z to A.

Note: Reload / Refresh page to remove sort.

County

County column is sortable. Click **County** to sort in alphabetical order. An arrow will display to indicate sort is ascending or descending.

Kern

Up Arrow indicates sort is alphabetical A to Z.

Down Arrow indicates sort is alphabetical Z to A.

Note: Reload / Refresh page to remove sort.

Additional Notes:

Mobile Web Version

Search in the mobile web version of the Interim Well Stimulation Notices Index will allow searching for any of the data columns. The data columns do not have to be visible in the mobile web version to execute a search.

To **View More** data, tap on the plus sign to expand the details of the record. To collapse the record information, click on the minus sign.

When **View More** is selected, the links to the following information will be displayed:

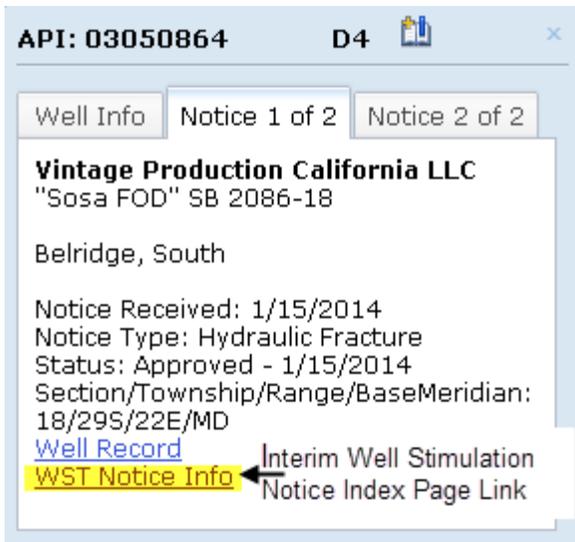

- View Notice: PDF file link
- Map It: DOGGR Well Finder link and the Google Map link

Note: Clicking on the links will open up a new browser window with the selected information.

Export to Excel / CSV and **Export to PDF** buttons are not available on mobile browsers.

Accessing DOGGR Interim Well Stimulation Notices Index from DOGGR Well Finder Application

If the WST Notice Info link is selected from the DOGGR Well Finder Application,

the selected Interim Well Stimulation Notice will be displayed on the Index page. There will also be a button available to "See All Records".
