## **EXECUTIVE OFFICER'S REPORT**

**For Meeting Date: May 10, 2012**

**Agenda Item No. 7: Issuance of a 45-Day Notice to Correct Deficiencies to the County of Nevada Lead Agency Program Pursuant to the Surface Mining and Reclamation Act (SMARA).**

**INTRODUCTION:** In 2007, the Department of Conservation, Office of Mine Reclamation (OMR) established the Lead Agency Review Team (LART). An overview of the LART program was previously presented to the State Mining and Geology Board (SMGB) in July 2009. The LART has completed its lead agency review report for the County of Nevada (County). At its March 8, 2012, regular business meeting, LART provided an overview and summary of its findings. The SMGB subsequently directed its Executive Officer to issue a 45-Day Notice to Correct Deficiencies (Notice) to the County. Preparation of such Notice is in progress.
