ORDER TO PAY A CIVIL PENALTY AND PERFORM REMEDIAL WORK
NO. 1486

Operator: Reabold California, LLC (10390)

Field Name: Brentwood

County: Contra Costa

I. Introduction

The State Oil and Gas Supervisor (**Supervisor**), acting through the Geologic Energy Management Division (**CalGEM**), and under the authority of Division 3 of the Public Resources Code (**PRC**; commencing with PRC section 3000) and title 14 of the California Code of Regulations (**Regulations**), may impose a civil penalty on a person who violates any statutory provision of the PRC, or any regulation that implements those statutory provisions. (PRC, § 3236.5.)

Based on CalGEM's records, Reabold California, LLC (**Operator**) is the "operator" (as defined in PRC, § 3009) and is responsible for the Well identified on **Attachment A**, incorporated herein (the "**Well**"). As described in more detail below, Operator has not maintained compliance with applicable requirements for operation of the Well. Operator's failure to comply with the Regulations poses a potential threat to life, health, property, and natural resources and constitute violations requiring remedial work and for which the Supervisor has determined imposition of a civil penalty is appropriate. Therefore, pursuant to PRC sections 3106, 3224, 3225, 3226, 3236.5, and 3270 and Regulations section 1777, the Supervisor is ordering Operator to (1) perform remedial work to bring the Well into compliance and (2) pay an administrative civil penalty for the violation.

Attachment B, incorporated herein, contains a list of definitions and authorities that are applicable to this Order.

II. Alleged Acts and Omissions

Based on CalGEM's records, at all times relevant to this Order, Operator was the operator, as defined in PRC section 3009, of the Well. On or about December 5, 2024, CalGEM conducted an inspection of the Well where the violation described below was observed and documented on the Brentwood Field. (**Attachment C**, incorporated herein.)

CalGEM records reflect Operator has not maintained compliance with applicable requirements for operation of the Well. Operator's lack of adherence to the Regulations poses a potential threat to life, health, property, and natural resources. The violations at issue are identified below.

A. Failure to Keep Well Cellar Drained (Regulations, § 1777, (c)(3).)

The well cellar is an excavated area around the wellhead that provides space for equipment at the top of the wellbore. Operators are required to keep well cellars drained. (Regulations, § 1777, subd. (c)(3).)

During the inspection, CalGEM observed fluids in the well cellar, in violation of Regulations, section 1777, subd. (c)(3), at the following Well:

API	Well Designation
0401320384	Venturini-Ginocchio 3

As of the date of this Order, CalGEM does not have any records from Operator demonstrating that the violation has been corrected.

III. Civil Penalty/Remedial Work

A. Civil Penalty

Based on the foregoing Alleged Acts and Omissions and pursuant to PRC section 3236.5, by this Order the Supervisor imposes on Operator an administrative civil penalty totaling two hundred dollars (\$200.00) for one (1) violation.

Violation Description	Number of Violations	Associated Civil Penalty per Violation	Civil Penalty Totals
Failure to Keep Well Cellar Drained (Regulations, § 1777, subd. (c)(3))	1	\$200.00	
		Total Civil Penalty:	\$200.00

For purposes of this Order, the Supervisor considered relevant circumstances when establishing the amount of the administrative civil penalty, including: characterizing the violations as “minor” (as defined in PRC section 3236.5, subdivision (b)), and the eight factors identified in PRC section 3236.5, subdivision (a).

26 **VI. Other Potential Actions to Enforce This Order**

27 Failure to comply with Section IV (Operator's Required Actions) of this Order could
28 subject Operator to further enforcement action. PRC section 3236 makes it a misdemeanor for

any person who violates, fails, neglects, or refuses to comply with any of the provisions of the oil and gas conservation laws commencing at PRC section 3000. PRC sections 3236.2 and 3236.3 authorize the Supervisor to seek for civil penalties and injunctive relief for failure to comply with an order or for violations of any provision in Chapter 1 of Division 3 of the PRC or any regulation that implements those statutes. PRC section 3236.5 authorizes the Supervisor to impose a civil penalty on a person who violates any provision in Chapter 1 of Division 3 of the PRC or any regulation that implements those statutes, and the Supervisor may in the future impose further civil penalties based on the facts and omissions underlying this order. PRC section 3237 authorizes the Supervisor to order the plugging and abandonment of a well or the decommissioning of a production facility if an operator has failed to comply with an order of the Supervisor within the time provided by the order or has failed to challenge the order on a timely basis. PRC section 3359 makes it a misdemeanor to fail or neglect to comply with an order of the Supervisor. Each day's further failure, refusal, or neglect is a separate and distinct offense. (PRC, § 3359.) By issuance of this Order, the Supervisor does not waive the right to take further enforcement actions.
