STATE OF CALIFORNIA
NATURAL RESOURCES AGENCY
DEPARTMENT OF CONSERVATION
GEOLOGIC ENERGY MANAGEMENT DIVISION

ORDER TO PAY A CIVIL PENALTY AND PERFORM REMEDIAL WORK
NO. 1589

Operator: General Production Oil, LLC (G1275)
Field Name: Lost Hills
County: Kern

I. Introduction

The State Oil and Gas Supervisor (**Supervisor**), acting through the Geologic Energy Management Division (**CalGEM**), and under the authority of Division 3 of the Public Resources Code (**PRC**; commencing with PRC section 3000) and title 14 of the California Code of Regulations (**Regulations**), may impose a civil penalty on a person who violates any statutory provision of the PRC, or any regulation that implements those statutory provisions. (PRC, § 3236.5.)

Based on CalGEM's records, General Production Oil, LLC (**Operator**) is the "operator" (as defined in PRC, § 3009) and is responsible for the Well and associated Production Facilities identified on **Attachment A**, incorporated herein (the "**Well**" and "**Facilities**"). As described in more detail below, Operator has not maintained compliance with applicable requirements for operation of the Well and the Facilities. Operator's failure to comply with the Regulations poses a potential threat to life, health, property, and natural resources and constitute violations requiring remedial work and for which the Supervisor has determined imposition of a civil penalty is appropriate. Therefore, pursuant to PRC sections 3013, 3106, 3224, 3225, 3226, 3236.5, and 3270 and Regulations section 1777, the Supervisor is ordering Operator to (1) perform remedial work to bring the Well and Facilities into compliance and (2) pay an administrative civil penalty for the violations.

Attachment B, incorporated herein, contains a list of definitions and authorities that are applicable to this Order.

II. Alleged Acts and Omissions

Based on CalGEM's records, at all times relevant to this Order, Operator was the operator, as defined in PRC section 3009, of the Well and Facilities. On or about September 10, 2025, CalGEM conducted an inspection of the Well and Facilities where the violations described below were observed and documented in the Lost Hills Field. (**Attachment C**, incorporated herein.)

2 requirements for operation of the Well and the Facilities. Operator's lack of adherence to the
3 Regulations poses a potential threat to life, health, property, and natural resources.

4 **A. Failure to maintain bolts on wellhead. (Regulations § 1777, subd. (a).)**

5 The wellhead is equipment secured to the upper part of a well, located above the
6 casing and is held in place by a series of bolts. Damaged or missing bolts on the wellhead may
7 lead to leaking around the wellhead. Operators are required to maintain production facilities
8 in good condition and in a manner to prevent leakage or corrosion and to safeguard life,
9 health, property, and natural resources and conduct operations in accordance with good
10 oilfield practices. (Regulations, §§ 1722, subd. (a); 1777, subd. (a).) Production facilities include
11 wellheads. (PRC, § 3010; Regulations, § 1760, subd. (r).)

12 During the inspection on September 10, 2025, CalGEM observed bolts missing from the
13 wellhead at API 0402935480, in violation of Regulations, section 1777, subdivision (a):

API	Well Designation
0402935480	Galbreath 2

14 Based on CalGEM's records, the violation associated with API 0402935480 was remediated
15 on or around November 13, 2025.

16 **B. Failure to maintain wellheads in good condition and in a manner to prevent leakage or**
17 **corrosion. (Regulations, § 1777, subd. (a).)**

18 Operators are required to maintain production facilities in good condition and in a
19 manner to prevent leakage or corrosion and to safeguard life, health, property, and natural
20 resources and conduct operations in accordance with good oilfield practices. (Regulations, §
21 1777, subd. (a).) Production facilities include wellheads. (PRC, § 3010; Regulations, § 1760,
22 subd. (r).)

23 During the inspection on September 10, 2025, CalGEM observed a liquid leak at the
24 wellhead for well API 0402935480, and the well therefore not being maintained in a good
25 condition and in a manner to prevent leakage or corrosion, in violation of the Regulations,
26 section 1777, subdivision (a):

API	Well Designation
0402935480	Galbreath 2

Based on CalGEM's records, the violation associated with API 0402935480 was remediated on or around November 13, 2025.

III. Civil Penalties

A. Civil Penalties

Based on the foregoing Alleged Acts and Omissions and pursuant to PRC section 3236.5, by this Order the Supervisor imposes on Operator administrative civil penalties totaling nine hundred dollars (\$900.00) for the 2 violations.

		Total Civil Penalties:	\$900.00

For purposes of this Order, the Supervisor considered relevant circumstances when establishing the amount of the administrative civil penalty, including: characterizing the violations as "minor" (as defined in PRC section 3236.5, subdivision (b)), and the eight factors identified in PRC section 3236.5, subdivision (a).

12 comply with an order or for violations of any provision in Chapter 1 of Division 3 of the PRC or
13 any regulation that implements those statutes. PRC section 3236.5 authorizes the Supervisor to
14 impose a civil penalty on a person who violates any provision in Chapter 1 of Division 3 of the
15 PRC or any regulation that implements those statutes, and the Supervisor may in the future
16 impose further civil penalties based on the facts and omissions underlying this order. PRC
17 section 3237 authorizes the Supervisor to order the plugging and abandonment of a well or
18 the decommissioning of a production facility if an operator has failed to comply with an order
19 of the Supervisor within the time provided by the order or has failed to challenge the order on
20 a timely basis. PRC section 3359 makes it a misdemeanor to fail or neglect to comply with an
21 order of the Supervisor. Each day's further failure, refusal, or neglect is a separate and distinct
22 offense. (PRC, § 3359.) By issuance of this Order, the Supervisor does not waive the right to take
23 further enforcement actions.
