

## COMMUNITY NOTICE

June 16, 2026

Dear resident,

You are receiving this notice because the California State Department of Conservation, Geologic Energy Management Division (CalGEM) is working to permanently plug and seal oil wells in your area. Beginning in July 2026, work will start to permanently plug three wells located at **10527 Road 236 in Terra Bella, Tulare County, California**. CalGEM is a State of California regulatory agency that oversees oil wells to ensure public health and safety.

Site maps are included at the end of this notice. The wells are located within the yard of a residence. Surrounding land features include Deer Creek Ditch to the north, a residence and agricultural land to the south, Rd 236 to the east, and vacant land to the west.

The project is expected to take approximately three weeks to complete. Work is anticipated to occur Monday through Friday, between 6:00 a.m. and 5:00 p.m.

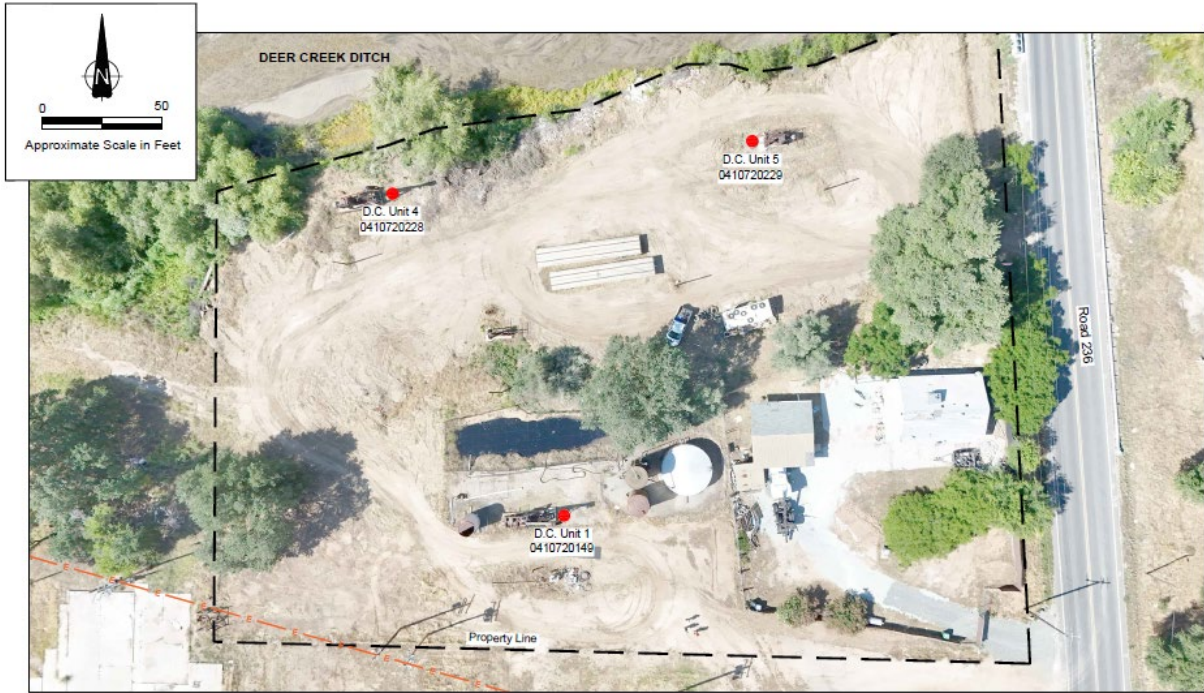

To learn more about Project Plug and access the Community Health and Safety Notification Plan, visit the Project Plug webpage at [www.conservation.ca.gov/index/Pages/ProjectPlug.aspx](http://www.conservation.ca.gov/index/Pages/ProjectPlug.aspx) and select Tulare County to view information related to these three wells. You may also **scan the QR code** for direct access.

If you have any questions or concerns, please contact Sarah Rubin at 916.214.5731 or [sarah.rubin@conservation.ca.gov](mailto:sarah.rubin@conservation.ca.gov) or Jeanette Ochoa at 916.956.7184 or [jeanette.ochoa@conservation.ca.gov](mailto:jeanette.ochoa@conservation.ca.gov) (bilingual in Spanish).
