RE: WELL STIMULATION TREATMENT PERMIT DENIALS

Dear Mr. Latif:

The Geologic Energy Management Division (CalGEM) received and reviewed California Resources Production Corporation's (CRC's) well stimulation treatment (WST) permit applications the following nine (9) wells:

API	Well Name	Field
03065278	Section 11 DPK K7	Lost Hills
03063412	386-N-14H	Any Field (BVN)
03065895	384-I-10H	Any Field (BVN)
03065894	324H-N-15H	Any Field (BVN)
03065898	331H-O-10H	Any Field (BVN)
03065008	344-J-10H	Any Field (BVN)
03066672	355-O-14H	Any Field (BVN)
03066936	355-O-15H	Any Field (BVN)
03066274	317H-E-4H	Any Field (BVN)

This correspondence serves as notice that CRC's WST permit applications for these nine (9) wells are **denied**. Since CRC has indicated that it does not wish to proceed with CalGEM's review process, CalGEM is discontinuing its review and with this, denies the WST permit applications.

Sincerely,

Uduak-Joe Ntuk
 State Oil and Gas Supervisor
