

Release Notes - R4.0 04/28/2019

The purpose of release notes is to address any known defects and associated workarounds for Release 4.0 implementation on 04/28/2019.

This document will provide descriptions of each capability and the functionality being implemented within each capability.

Release 4.0 capabilities being implemented are:

- General - Upload Documents & EPA Report
- Underground Injection Control updates (UIC)
- Underground Gas Storage (UGS)
- Well Stimulation

WellSTAR Alternate Procedures

The following are known defects being implemented and the associated alternate procedures for WellSTAR Release 4.0. These defects are being prioritized by the primary CalGEM stakeholders and fixes will be implemented based on the priority set by the business.
