## Release 5.1.4 enhancements and new forms being implemented are:

- Field Inspection Updates

## Field Inspection Updates:

- Updates to the Field Inspection module to update the dynamic forms to capture additional information such as: creation of Violations against Leases and Tank / RA Survey updates. Updates to the Subject Search page to allow for Lease subject searches. Updates to the Field Inspection Workflow process to pull/sync additional data relating to COAs, persistence of Lease Violations, and additional data retrieval of Facilities/Tank information. Updates to Field Inspection architecture to allow for the versioning of the Dynamic Forms to be updated in future WellSTAR Releases.
