The Department of Conservation makes no warranties as to the accuracy of the information provided in this map. Use of the information is entirely at the risk of the user. The locations, boundaries, and descriptions of the geologic units shown on this map are based on available information and should not be considered complete or definitive. The user is encouraged to consult the primary compilation sources listed in the legend for more information. The map is intended to provide a general overview of the geology of the area rather than detailed information for specific uses. The user should consult the appropriate state or federal agencies for more detailed information. The map was compiled by Michael P. Kennedy and Siang S. Tan in 2007. The map was digitized by Kelly R. Bivard, Rachel M. Weaver, Michael J. Watson, and Carlos J. Guerra. The map was produced by the California Department of Conservation, Division of Mines and Geology, and is subject to copyright protection. The user is granted a non-exclusive, non-transferable license to use the map for non-commercial purposes. The user is prohibited from distributing, modifying, or using the map for commercial purposes without the prior written consent of the California Department of Conservation.
