Section 7: General Requirements

Confidentiality

Once the application has been submitted, any privacy rights, as well as other confidentiality protections afforded by law with respect to the application package may be waived. All applications, communications, or other documentation received by Department are subject to the Public Records Act (Government Code § 6250, et seq.).

Conflict of Interest

All applicants and individuals who participate in the review of submitted applications are subject to applicable conflict of interest laws. Any individual who has participated in planning or setting priorities for a specific solicitation or who will participate in any part of the grant development and negotiation process on behalf of the public is ineligible to receive funds or personally benefit from funds awarded through this solicitation. Applicants should also be aware that certain local agencies may submit applications that will compete for funding. Failure to comply with the conflict of interest laws, including business and financial disclosure provisions, will result in rejection of the application and any subsequent grant agreement being declared void. Other legal actions may also be taken.

This paragraph is not intended to enlarge the scope of existing restrictions under applicable conflict of interest laws, including the Political Reform Act (Government Code, § 81000, et seq.) and provisions regarding financial interests in public contracts (Government Code, § 1090, et seq.). Those laws, including their relevant statutory exceptions, apply to this solicitation and any ensuing grants and contracts.

Compliance with Laws

Activities funded under this solicitation must be in compliance with applicable laws and regulations, and applications may include in their budgets the funding necessary for compliance-related activities. As part of a grantee’s project development work, grantees must identify expected required permits, state whether they have received the required permits or describe the process through which the permits will be obtained, and indicate which permits could significantly delay project implementation.

Environmental Compliance

Grants awarded consistent with this solicitation may be subject to prevailing wage provisions of the California Labor Code commencing with section 1720. Any questions of interpretation regarding the California Labor Code should be directed to the Director of the Department of Industrial Relations, the state department having jurisdiction in these matters. For more details, please refer to the Department of Industrial Relations website.

The Department, as a government agency that will be taking a discretionary action to provide funding for projects, must comply with the California Environmental Quality Act (CEQA). Each proposed project must follow the California Environmental Quality Act, Division 13 (commencing with Public Resources Code section 21000) and California Code of Regulations Title 14 section 15000 et seq. (“CEQA”).

For applications submitted by government entities, it is expected that the resolution adopted to submit the application will address CEQA and that the Department will act as a responsible agency. For applications submitted by non-profits or California Native American
tribes, the Department will act either as a lead or responsible agency depending on what other CEQA documents have been completed for the proposed activities.

Projects implemented using program funding must meet all environmental compliance requirements prior to disbursal of funding.

Therefore, for the Department to review a project proposed for implementation, one of the following must be submitted:

a. A Finding or similar determination that the proposed project is not a project as defined by the California Environmental Quality Act, with an explanation as to why it is not a project, with the appropriate sections of the Public Resources Code and California Code of Regulations cited.

b. The Notice of Exemption filed with the County Clerk and State Clearinghouse (as applicable) if the proposed project is categorically or statutorily exempt, with the appropriate Public Resources Code section citation to the exemption(s) being relied upon by the lead agency.

c. The Negative Declaration or Mitigated Negative Declaration adopted by the lead agency and Initial Study, including a copy of the Environmental Checklist Form located in Appendix G of the CEQA Guidelines and the Notice of Determination filed with the County and with the State Clearinghouse. If the lead agency has adopted a Mitigated Negative Declaration, the applicant must also provide the adopted mitigation monitoring and reporting program.

d. The Final Environmental Impact Report certified and adopted by the lead agency with Initial Study, including a copy of the Environmental Checklist Form located in Appendix G of the CEQA Guidelines, the adopted mitigation monitoring and reporting program, and the Notice of Determination filed with the County and the State Clearinghouse. Please include any State Clearinghouse responses received by the applicant.

*For b and c, include documentation the State of California Department of Fish and Wildlife CEQA fee was paid or is not applicable.

e. Projects that tier from a Programmatic, Master, or other Environmental Impact Report shall include a copy of any subsequent Initial Study for the proposed project together with a copy of any supplementary environmental documentation adopted by the lead agency, including, if applicable, any required findings pursuant to Public Resources Code section 21157.1, subdivision (c), and the Notice of Determination, filed with the County Clerk and with the State Clearinghouse, as applicable.

Pursuant to section 75102 of the Public Resources Code, before the adoption of a Negative Declaration or Environmental Impact Report, the lead agency shall notify the proposed action to a California Native American tribe, which is on the contact list maintained by the Native American Heritage Commission, if that tribe has traditional lands located within the area of the proposed project.
