

TRAIL CLOSED FOR PUBLIC SAFETY

What:

A portion of the El Escorpión Trail is CLOSED due to active work conditions, including heavy equipment operations and well plugging and sealing activities. Entry into the closed area is prohibited for public safety. See map for the designated detour route.

When:

Intermittently from May 2026 to August 2026 (subject to change).

Why:

The California Department of Conservation is conducting well plugging and sealing work under Project Plug. This temporary closure supports public safety and the environment.
