# CONSTITUTION OF THE STATE OF CALIFORNIA

## ARTICLE XIII TAXATION

[Sec. 1 – Sec. 36]

**§ 8.** To promote the conservation, preservation and continued existence of open space lands, the Legislature may define openspace land and shall provide that when this land is enforceably restricted, in a manner specified by the Legislature, to recreation, enjoyment of scenic beauty, use or conservation of natural resources, or production of food or fiber, it shall be valued for property tax purposes only on a basis that is consistent with its restrictions and uses.

To promote the preservation of property of historical significance, the Legislature may define such property and shall provide that when it is enforceably restricted, in a manner specified by the Legislature, it shall be valued for property tax purposes only on a basis that is consistent with its restrictions and uses.

(Second paragraph added June 8, 1976, by Prop. 7. Res.Ch. 198, 1974. Entire Sec. 8 was added Nov. 5, 1974, by Prop. 8; Res.Ch. 70, 1974.)

## CALIFORNIA STATUTES

*Note: Parenthetical notes that follow each code section are incomplete code history and should not be relied upon.*

## BUSINESS AND PROFESSIONS CODE

### DIVISION 3. PROFESSIONS AND VOCATIONS GENERALLY

#### CHAPTER 2.5. On-Premises Advertising Displays

**§ 5491.2.** (a) A city or county may impose reasonable fees upon all owners or lessees of on-premises business advertising displays for the purpose of covering its actual cost of inventorying and identifying illegal or abandoned advertising displays which are within its jurisdiction. A city or county may exempt from the payment of these fees the owner of a display identifying an achievement award, the name of a farm, or the name of a business for which the farm produces, if the display is located on an operating farm within an agricultural preserve established pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code), and if the city or county finds that the exemption will further the purposes of the agricultural preserve.

(b) The actual cost to the city or county may be fixed upon a determination of the total estimated reasonable cost. The amount of that cost and the fee to be charged is exclusively within the discretion of the city or county.

*(Amended by Stats. 1990, Ch. 215, Sec. 1.)*

## **DIVISION 4. REAL ESTATE**

### **PART 2. REGULATION OF TRANSACTIONS**

#### **CHAPTER 1. Subdivided Lands**

##### **Article 2. Investigation, Regulation and Report**

**§ 11010.** (a) Except as otherwise provided pursuant to subdivision (c) or elsewhere in this chapter, any person who intends to offer subdivided lands within this state for sale or lease shall file with the Department of Real Estate an application for a public report consisting of a notice of intention and a completed questionnaire on a form prepared by the department.

(b) The notice of intention shall contain the following information about the subdivided lands and the proposed offering:

- (1) The name and address of the owner.
- (2) The name and address of the subdivider.
- (3) The legal description and area of lands.

(4) A true statement of the condition of the title to the land, particularly including all encumbrances thereon.

(5) A true statement of the terms and conditions on which it is intended to dispose of the land, together with copies of any contracts intended to be used.

(6) A true statement of the provisions, if any, that have been made for public utilities in the proposed subdivision, including water, electricity, gas, telephone, and sewerage facilities. For subdivided lands that were subject to the imposition of a condition pursuant to subdivision (b) of Section 66473.7 of the Government Code, the true statement of the provisions made for water shall be satisfied by submitting a copy of the written verification of the available water supply obtained pursuant to Section 66473.7 of the Government Code.

(7) A true statement of the use or uses for which the proposed subdivision will be offered.

(8) A true statement of the provisions, if any, limiting the use or occupancy of the parcels in the subdivision.

(9) A true statement of the amount of indebtedness that is a lien upon the subdivision or any part thereof, and that was incurred to pay for the construction of any onsite or offsite improvement, or any community or recreational facility.

(10) A true statement or reasonable estimate, if applicable, of the amount of any indebtedness that has been or is proposed to be incurred by an existing or proposed special district, entity, taxing area, assessment district, or community facilities district within the boundaries of which, the subdivision, or any part thereof, is located, and that is to pay for the construction or installation of any improvement or to furnish community or recreational facilities

to that subdivision, and which amounts are to be obtained by ad valorem tax or assessment, or by a special assessment or tax upon the subdivision, or any part thereof.

(11) A notice pursuant to Section 1102.6c of the Civil Code.

(12) (A) As to each school district serving the subdivision, a statement from the appropriate district that indicates the location of each high school, junior high school, and elementary school serving the subdivision, or documentation that a statement to that effect has been requested from the appropriate school district.

(B) In the event that, as of the date the notice of intention and application for issuance of a public report are otherwise deemed to be qualitatively and substantially complete pursuant to Section 11010.2, the statement described in subparagraph (A) has not been provided by any school district serving the subdivision, the person who filed the notice of intention and application for issuance of a public report shall immediately provide the department with the name, address, and telephone number of that district.

(13) (A) The location of all existing airports, and of all proposed airports shown on the general plan of any city or county, located within two statute miles of the subdivision. If the property is located within an airport influence area, the following statement shall be included in the notice of intention:

#### NOTICE OF AIRPORT IN VICINITY

This property is presently located in the vicinity of an airport, within what is known as an airport influence area. For that reason, the property may be subject to some of the annoyances or inconveniences associated with proximity to airport operations (for example: noise, vibration, or odors). Individual sensitivities to those annoyances, if any, are associated with the property before you complete your purchase and determine whether they are acceptable to you.

(B) For purposes of this section, an “airport influence area,” also known as an “airport referral area,” is the area in which current or future airport-related noise, overflight, safety, or airspace protection factors may significantly affect land uses or necessitate restrictions on those uses as determined by an airport land use commission.

(14) A true statement, if applicable, referencing any soils or geologic report or soils and geologic reports that have been prepared specifically for the subdivision.

(15) A true statement of whether or not fill is used, or is proposed to be used, in the subdivision and a statement giving the name and the location of the public agency when information concerning soil conditions in the subdivision is available.

(16) On or after July 1, 2005, as to property located within the jurisdiction of the San Francisco Bay Conservation and Development Commission, a statement that the property is so located and the following notice:

#### NOTICE OF SAN FRANCISCO BAY CONSERVATION AND DEVELOPMENT COMMISSION JURISDICTION

This property is located within the jurisdiction of the San Francisco Bay Conservation and Development Commission. Use and development of property within the commission’s jurisdiction may be subject to special regulations, restrictions, and permit

requirements. You may wish to investigate and determine whether they are acceptable to you and your intended use of the property before you complete your transaction.

(17) If the property is presently located within one mile of a parcel of real property designated as "Prime Farmland," "Farmland of Statewide Importance," "Unique Farmland," "Farmland of Local Importance," or "Grazing Land" on the most current "Important Farmland Map" issued by the California Department of Conservation, Division of Land Resource Protection, utilizing solely the county-level GIS map data, if any, available on the Farmland Mapping and Monitoring Program Website. If the residential property is within one mile of a designated farmland area, the report shall contain the following notice:

**NOTICE OF RIGHT TO FARM**

This property is located within one mile of a farm or ranch land designated on the current county-level GIS "Important Farmland Map," issued by the California Department of Conservation, Division of Land Resource Protection. Accordingly, the property may be subject to inconveniences or discomforts resulting from agricultural operations that are a normal and necessary aspect of living in a community with a strong rural character and a healthy agricultural sector. Customary agricultural practices in farm operations may include, but are not limited to, noise, odors, dust, light, insects, the operation of pumps and machinery, the storage and disposal of manure, bee pollination, and the ground or aerial application of fertilizers, pesticides, and herbicides. These agricultural practices may occur at any time during the 24-hour day. Individual sensitivities to those practices can vary from person to person. You may wish to consider the impacts of such agricultural practices before you complete your purchase. Please be advised that you may be barred from obtaining legal remedies against agricultural practices conducted in a manner consistent with proper and accepted customs and standards pursuant to Section 3482.5 of the Civil Code or any pertinent local ordinance.

(18) Any other information that the owner, their agent, or the subdivider may desire to present.

(c) The commissioner may, by regulation, or on the basis of the particular circumstances of a proposed offering, waive the requirement of the submission of a completed questionnaire if the commissioner determines that prospective purchasers or lessees of the subdivision interests to be offered will be adequately protected through the issuance of a public report based solely upon information contained in the notice of intention.

*(Amended by Stats. 2021, Ch. 431, Sec. 32. (SB 800))*

## CIVIL CODE

### DIVISION 2. PROPERTY

#### PART 1. PROPERTY IN GENERAL

#### TITLE 2. OWNERSHIP

#### CHAPTER 2. Modifications of Ownership

**§714.6** (a) Recorded covenants, conditions, restrictions, or private limits on the use of private or publicly owned land contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of any interest in real property that restrict the number, size, or location of the residences that may be built on the property, or that restrict the number of persons or families who may reside on the property, shall not be enforceable against the owner of an affordable housing development, if an approved restrictive covenant affordable housing modification document has been recorded in the public record as provided for in this section, except as explicitly provided in this section.

(b) (1) The owner of an affordable housing development shall be entitled to establish that an existing restrictive covenant is unenforceable under subdivision (a) by submitting a restrictive covenant modification document pursuant to Section 12956.2 of the Government Code that modifies or removes any existing restrictive covenant language that restricts the number, size, or location of the residences that may be built on the property, or that restricts the number of persons or families that may reside on the property, to the extent necessary to allow the affordable housing development to proceed under the existing declaration of restrictive covenants.

(2) (A) The owner shall submit to the county recorder a copy of the original restrictive covenant, a copy of any notice the owner believes is required pursuant to paragraph (3) of subdivision (g), and any documents the owner believes necessary to establish that the property qualifies as an affordable housing development under this section prior to, or simultaneously with, the submission of the request for recordation of the restrictive covenant modification document.

(B) Before recording the restrictive covenant modification document, pursuant to subdivision (b) of Section 12956.2 of the Government Code, the county recorder shall, within five business days of receipt, submit the documentation provided to the county recorder by the owner pursuant to subparagraph (A) and the modification document to the county counsel for review. The county counsel shall determine whether the original restrictive covenant document restricts the property in a manner prohibited by subdivision (a), whether the owner has submitted documents sufficient to establish that the property qualifies as an affordable housing development under this section, whether any notice required under this section has been provided, whether any exemption provided in subdivision (g) or (h) applies, and whether the restriction may no longer be enforced against the owner of the affordable housing development and that the owner may record a modification document pursuant to this section.

(C) Pursuant to Section 12956.2 of the Government Code, the county counsel shall return the documents and inform the county recorder of the county counsel's determination within 15 days of submission to the county council. If the county council is unable to make a determination, the county council shall specify the documentation that is needed in order to make the determination. If the county council has authorized the county recorder to record the modification document, that authorization shall be noted on the face of the modification or on a cover sheet affixed thereto.

(D) The county recorder shall not record the modification document if the county council finds that the original restrictive covenant document does not contain a restriction prohibited by this section or if the county council finds that the property does not qualify as an affordable housing development.

(E) A modification document shall be indexed in the same manner as the original restrictive covenant document being modified. It shall contain a recording reference to the original restrictive covenant document, in the form of a book and page or instrument number, and date of the recording. The effective date of the terms and conditions of the modification document shall be the same as the effective date of the original restrictive covenant document, subject to any intervening amendments or modifications, except to the extent modified by the recorded modification document.

(3) If the holder of an ownership interest of record in property causes to be recorded a modification document pursuant to this section that modifies or removes a restrictive covenant that is not authorized by this section, the county shall not incur liability for recording the document. The liability that may result from the unauthorized recordation shall be the sole responsibility of the holder of the ownership interest of record who caused the unauthorized recordation.

(4) A restrictive covenant that was originally invalidated by this section shall become and remain enforceable while the property subject to the restrictive covenant modification is utilized in any manner that violates the terms of the affordability restrictions required by this section.

(5) If the property is utilized in any manner that violates the terms of the affordability restrictions required by this section, the city or county may, after notice and an opportunity to be heard, record a notice of that violation. If the owner complies with the applicable affordability restrictions, the owner may apply to the agency of the city or county that recorded the notice of violation for a release of the notice of violation, and if approved by the city or county, a release of the notice of violation may be recorded.

(6) The county recorder shall charge a standard recording fee to an owner who submits a modification document for recordation pursuant to this section.

(c) (1) Subject to paragraph (2), this section shall only apply to restrictive covenants that restrict the number, size, or location of the residences that may be built on a property or that restrict the number of persons or families who may reside on a property. This section does not apply to any other covenant, including, but not limited to, covenants that:

(A) Relate to purely aesthetic objective design standards, as long as the objective design standards are not applied in a manner that renders the affordable housing development infeasible.

(B) Provide for fees or assessments for the maintenance of common areas.

(C) Provide for limits on the amount of rent that may be charged to tenants.

(2) Paragraph (1) shall not apply to restrictive covenants, fees, and assessments that have not been consistently enforced or assessed prior to the construction of the affordable housing development.

(d) In any suit filed to enforce the rights provided in this section or defend against a suit filed against them, a prevailing owner of an affordable housing development, and any successors or assigns, or a holder of a conservation easement, shall be entitled to recover, as part of any judgment, litigation costs and reasonable attorney's fees, provided that any judgment entered shall be limited to those costs incurred after the modification document was recorded as provided by subdivision (b). This subdivision shall not prevent the court from awarding any prevailing party litigation costs and reasonable attorney's fees otherwise authorized by applicable law, including, but not limited to, subdivision (d) of Section 815.7 of the Civil Code.

(e) Nothing herein shall be interpreted to modify, weaken, or invalidate existing laws protecting affordable and fair housing and prohibiting unlawful discrimination in the provision of housing, including, but not limited to, prohibitions on discrimination in, or resulting from, the enforcement of restrictive covenants.

(f) (1) Provided that the restrictions are otherwise compliant with all applicable laws, this section does not invalidate local building codes or other rules regulating either of the following:

(A) The number of persons who may reside in a dwelling.

(B) The size of a dwelling.

(2) This section shall not be interpreted to authorize any development that is not otherwise consistent with the local general plan, zoning ordinances, and any applicable specific plan that apply to the affordable housing development, including any requirements regarding the number of residential units, the size of residential units, and any other zoning restriction relevant to the affordable housing development.

(3) This section does not prevent an affordable housing development from receiving any bonus or incentive pursuant to any statute listed in Section 65582.1 of the Government Code or any related local ordinance.

(g) (1) Subject to paragraph (2), this section does not apply to:

(A) Any conservation easement, as defined in Section 815.1, that is recorded as required by Section 815.5, and held by any of the entities or organizations set forth in Section 815.3.

(B) Any interest in land comparable to a conservation easement that is held by any political subdivision and recorded in the office of the county recorder of the county where the land is situated.

(2) The exclusion from this section of conservation easements held by tax-exempt nonprofit organizations, as provided in subparagraph (A) of paragraph (1), applies only if the conservation easement satisfies one or more of the following:

(A) It was recorded in the office of the county recorder where the property is located before January 1, 2022.

(B) It is, as of the date of recordation of the conservation easement, held by a land trust or other entity that is accredited by the Land Trust Accreditation Commission, or any successor organization, or is a member of the California Council of Land Trusts, or any successor organization, and notice of that ownership is provided in the text of the recorded conservation easement document, or if that notice is not provided in the text of the recorded conservation

easement document, the land trust or other entity provides documentation of that accreditation or membership within 30 days of receipt of either of the following:

(i) A written request for that documentation.

(ii) Any written notice of the intended modification of the conservation easement provided pursuant to paragraph (3).

(C) It was funded in whole or in part by a local, state, federal, or tribal government or was required by a local, state, federal, or tribal government as mitigation for, or as a condition of approval of, a project, and notice of that funding or mitigation requirement is provided in the text of the recorded conservation easement document.

(D) It is held by a land trust or other entity whose purpose is to conserve or protect indigenous cultural resources, and that purpose of the land trust or other entity is provided in the text of the recorded conservation easement document.

(E) It, as of the date of recordation of the conservation easement, burdens property that is located entirely outside the boundaries of any urbanized area or urban cluster, as designated by the United States Census Bureau.

(3) (A) At least 60 days before submission of a modification document modifying a conservation easement to a county recorder pursuant to subdivision (b), the owner of an affordable housing development shall provide written notice of the intended modification of any conservation easement to the parties to that conservation easement and any third-party beneficiaries or other entities that are entitled to receive notice of changes to or termination of the conservation easement with the notice being sent to the notice address of those parties as specified in the recorded conservation easement. The notice shall include a return mailing address of the owner of the affordable housing development, the approximate number, size, and location of intended structures to be built on the property for the purposes of affordable housing, and a copy of the intended modification document, and shall specify that it is being provided pursuant to this section.

(B) The county recorder shall not record any restrictive covenant modification document unless the county recorder has received confirmation from the county counsel that any notice required pursuant to subparagraph (A) was provided in accordance with subparagraph (A).

(h) This section shall not apply to any settlement, conservation agreement, or conservation easement, notice of which has been recorded, for which either of the following apply:

(1) It was entered into before January 1, 2022, and limits the density of or precludes development in order to mitigate for the environmental impacts of a proposed project or to resolve a dispute about the level of permitted development on the property.

(2) It was entered into after January 1, 2022, and limits the density of or precludes development where the settlement is approved by a court of competent jurisdiction and the court finds that the density limitation is for the express purpose of protecting the natural resource or open-space value of the property.

(i) The provisions of this section shall not apply to any recorded deed restriction, public access easement, or other similar covenant that was required by a state agency for the purpose of compliance with a state or federal law, provided that the recorded deed restriction, public access easement, or similar covenant contains notice within the recorded document, inclusive of its recorded exhibits, that it was recorded to satisfy a state agency requirement.

(j) For purposes of this section:

(1) “Affordable housing development” means a development located on the property that is the subject of the recorded restrictive covenant and that meets one of the following requirements:

(A) The property is subject to a recorded affordability restriction requiring 100 percent of the units, exclusive of a manager’s unit or units, be made available at affordable rent to, and be occupied by, lower income households for 55 years for rental housing, unless a local ordinance or the terms of a federal, state, or local grant, tax credit, or other project financing requires, as a condition of the development of residential units, that the development include a certain percentage of units that are affordable to, and occupied by, low income, lower income, very low income, or extremely low income households for a term that exceeds 55 years for rental housing units.

(B) The property is owned or controlled by an entity or individual that has submitted a permit application to the relevant jurisdiction to develop a project that complies with subparagraph (A).

(2) “Affordable rent” shall have the same meaning as defined in Section 50053 of the Health and Safety Code.

(3) “Lower income households” shall have the same meaning as defined in Section 50079.5 of the Health and Safety Code.

(4) “Modification document” means a restrictive covenant modification document described in paragraph (1) of subdivision (b).

(5) “Restrictive covenant” means any recorded covenant, condition, restriction, or limit on the use of private or publicly owned land contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of any interest that restricts the number, size, or location of the residences that may be built on the property or that restricts the number of persons or families who may reside on the property, as described in subdivision (a).

*(Added by Stats of 2021, Ch. 349, Sec. 2. (AB 721))*

## **PART 2. REAL OR IMMOVABLE PROPERTY**

### **TITLE 2. ESTATES IN REAL PROPERTY**

#### **CHAPTER 4. Conservation Easements**

**§ 815.** The Legislature finds and declares that the preservation of land in its natural, scenic, agricultural, historical, forested, or open-space condition is among the most important environmental assets of California. The Legislature further finds and declares it to be the public policy and in the public interest of this state to encourage the voluntary conveyance of conservation easements to qualified nonprofit organizations.

*(Added by Stats. 1979, Ch. 179.)*

**§ 815.1.** For the purposes of this chapter, “conservation easement” means any limitation in a deed, will, or other instrument in the form of an easement, restriction, covenant, or condition, which is or has been executed by or on behalf of the owner of the land subject to such easement and is binding upon successive owners of such land, and the purpose of which is to

retain land predominantly in its natural, scenic, historical, agricultural, forested, or open-space condition.

*(Added by Stats. 1979, Ch. 179.)*

**§ 815.2.** (a) A conservation easement is an interest in real property voluntarily created and freely transferable in whole or in part for the purposes stated in Section 815.1 by any lawful method for the transfer of interests in real property in this state.

(b) A conservation easement shall be perpetual in duration.

(c) A conservation easement shall not be deemed personal in nature and shall constitute an interest in real property notwithstanding the fact that it may be negative in character.

(d) The particular characteristics of a conservation easement shall be those granted or specified in the instrument creating or transferring the easement.

*(Added by Stats. 1979, Ch. 179.)*

**§ 815.3.** Only the following entities or organizations may acquire and hold conservation easements:

(a) A tax-exempt nonprofit organization qualified under Section 501(c)(3) of the Internal Revenue Code and qualified to do business in this state which has as its primary purpose the preservation, protection, or enhancement of land in its natural, scenic, historical, agricultural, forested, or open-space condition or use.

(b) The state or any city, county, city and county, district, or other state or local governmental entity, if otherwise authorized to acquire and hold title to real property and if the conservation easement is voluntarily conveyed. No local governmental entity may condition the issuance of an entitlement for use on the applicant's granting of a conservation easement pursuant to this chapter.

(c) A federally recognized California Native American tribe or a nonfederally recognized California Native American tribe that is on the contact list maintained by the Native American Heritage Commission to protect a California Native American prehistoric, archaeological, cultural, spiritual, or ceremonial place, if the conservation easement is voluntarily conveyed.

*(Amended by Stats. 2004, Ch. 905, Sec. 2. Effective January 1, 2005.)*

**§ 815.4.** All interests not transferred and conveyed by the instrument creating the easement shall remain in the grantor of the easement, including the right to engage in all uses of the land not affected by the easement nor prohibited by the easement or by law.

*(Added by Stats. 1979, Ch. 179.)*

**§ 815.5.** Instruments creating, assigning, or otherwise transferring conservation easements shall be recorded in the office of the county recorder of the county where the land is situated, in whole or in part, and such instruments shall be subject in all respects to the recording laws.

*(Added by Stats. 1979, Ch. 179.)*

**§ 815.7.** (a) No conservation easement shall be unenforceable by reason of lack of privity of contract or lack of benefit to particular land or because not expressed in the instrument creating it as running with the land.

(b) Actual or threatened injury to or impairment of a conservation easement or actual or threatened violation of its terms may be prohibited or restrained, or the interest intended for protection by such easement may be enforced, by injunctive relief granted by any court of competent jurisdiction in a proceeding initiated by the grantor or by the owner of the easement.

(c) In addition to the remedy of injunctive relief, the holder of a conservation easement shall be entitled to recover money damages for any injury to such easement or to the interest being protected thereby or for the violation of the terms of such easement. In assessing such damages there may be taken into account, in addition to the cost of restoration and other usual rules of the law of damages, the loss of scenic, aesthetic, or environmental value to the real property subject to the easement.

(d) The court may award to the prevailing party in any action authorized by this section the costs of litigation, including reasonable attorney's fees.

*(Added by Stats. 1979, Ch. 179.)*

**§ 815.9.** Nothing in this chapter shall be construed to impair or conflict with the operation of any law or statute conferring upon any political subdivision the right or power to hold interests in land comparable to conservation easements, including, but not limited to, Chapter 12 (commencing with Section 6950) of Division 7 of Title 1 of, Chapter 6.5 (commencing with Section 51050), Chapter 6.6 (commencing with Section 51070) and Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of, and Article 10.5 (commencing with Section 65560) of Chapter 3 of Title 7 of, the Government Code, and Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code.

*(Added by Stats. 1979, Ch. 179.)*

**§ 815.10.** A conservation easement granted pursuant to this chapter constitutes an enforceable restriction, for purposes of Section 402.1 of the Revenue and Taxation Code.

*(Added by Stats. 1984, Ch. 777, Sec. 1.)*

**§ 815.11.** For any conservation easement purchased with state funds on or after January 1, 2019, wherein land subject to the easement includes some forest lands, or consists completely of forest lands, to the extent not in conflict with federal law, the terms of any applicable bond, or the requirements of any other funding source, the landowner shall agree, as part of the easement management plan, to maintain and improve forest health through promotion of a more natural tree density, species composition, structure, and habitat function, to make improvements that increase the land's ability to provide resilient, long-term carbon sequestration and net carbon stores as well as watershed functions, to provide for the retention of larger trees and a natural range of age classes, and to ensure the growth and retention of these larger trees over time.

*(Added by Stats. 2018, Ch. 626, Sec. 2. (SB 901) Effective January 1, 2019.)*

**§ 816.64.** Nothing in this chapter shall be construed to impair or conflict with the operation of any law or statute conferring upon any political subdivision the right or power to hold interests in land comparable to greenway easements, including, but not limited to, Chapter 12 (commencing with Section 6950) of Division 7 of Title 1 of, Chapter 6.5 (commencing with Section 51050), Chapter 6.6 (commencing with Section 51070) and Chapter 7 (commencing with Section 51200)

of Part 1 of Division 1 of Title 5 of, and Article 10.5 (commencing with Section 65560) of Chapter 3 of Title 7 of, the Government Code, and Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code.

*(Added by Stats. 2015, Ch. 639, Sec. 3. (AB 1251) Effective January 1, 2016.)*

## **PART 4. ACQUISITION OF PROPERTY**

### **TITLE 4. TRANSFER**

#### **CHAPTER 2. Transfer of Real Property**

##### **Article 1.7. Disclosure of Natural and Environmental Hazards, Right-to-Farm, and Other Disclosures Upon Transfer of Residential Property**

**§ 1103.4.** (a) Neither the seller nor any seller's agent or buyer's agent shall be liable for any error, inaccuracy, or omission of any information delivered pursuant to this article if the error, inaccuracy, or omission was not within the personal knowledge of the seller or the seller's agent or buyer's agent and was based on information timely provided by public agencies or by other persons providing information as specified in subdivision (c) that is required to be disclosed pursuant to this article, and ordinary care was exercised in obtaining and transmitting the information.

(b) The delivery of any information required to be disclosed by this article to a prospective buyer by a public agency or other person providing information required to be disclosed pursuant to this article shall be deemed to comply with the requirements of this article and shall relieve the seller, seller's agent, and buyer's agent of any further duty under this article with respect to that item of information.

(c) The delivery of a report or opinion prepared by a licensed engineer, land surveyor, geologist, or expert in natural hazard discovery dealing with matters within the scope of the professional's license or expertise shall be sufficient compliance for application of the exemption provided by subdivision (a) if the information is provided to the prospective buyer pursuant to a request therefor, whether written or oral. In responding to that request, an expert may indicate, in writing, an understanding that the information provided will be used in fulfilling the requirements of Section 1103.2 and, if so, shall indicate the required disclosures, or parts thereof, to which the information being furnished is applicable. Where such a statement is furnished, the expert shall not be responsible for any items of information or parts thereof, other than those expressly set forth in the statement.

(1) In responding to the request, the expert shall determine whether the property is within an airport influence area as defined in subdivision (b) of Section 11010 of the Business and Professions Code. If the property is within an airport influence area, the report shall contain the following statement:

#### **NOTICE OF AIRPORT IN VICINITY**

This property is presently located in the vicinity of an airport, within what is known as an airport influence area. For that reason, the property may be subject to some of the annoyances or

inconveniences associated with proximity to airport operations (for example: noise, vibration, or odors). Individual sensitivities to those annoyances can vary from person to person. You may wish to consider what airport annoyances, if any, are associated with the property before you complete your purchase and determine whether they are acceptable to you.

(2) In responding to the request, the expert shall determine whether the property is within the jurisdiction of the San Francisco Bay Conservation and Development Commission, as defined in Section 66620 of the Government Code. If the property is within the commission's jurisdiction, the report shall contain the following notice:

#### NOTICE OF SAN FRANCISCO BAY CONSERVATION AND DEVELOPMENT COMMISSION JURISDICTION

This property is located within the jurisdiction of the San Francisco Bay Conservation and Development Commission. Use and development of property within the commission's jurisdiction may be subject to special regulations, restrictions, and permit requirements. You may wish to investigate and determine whether they are acceptable to you and your intended use of the property before you complete your transaction.

(3) In responding to the request, the expert shall determine whether the property is presently located within one mile of a parcel of real property designated as "Prime Farmland," "Farmland of Statewide Importance," "Unique Farmland," "Farmland of Local Importance," or "Grazing Land" on the most current "Important Farmland Map" issued by the California Department of Conservation, Division of Land Resource Protection, utilizing solely the county-level GIS map data, if any, available on the Farmland Mapping and Monitoring Program Web site. If the residential property is within one mile of a designated farmland area, the report shall contain the following notice:

#### NOTICE OF RIGHT TO FARM

This property is located within one mile of a farm or ranch land designated on the current county-level GIS "Important Farmland Map," issued by the California Department of Conservation, Division of Land Resource Protection. Accordingly, the property may be subject to inconveniences or discomforts resulting from agricultural operations that are a normal and necessary aspect of living in a community with a strong rural character and a healthy agricultural sector. Customary agricultural practices in farm operations may include, but are not limited to, noise, odors, dust, light, insects, the operation of pumps and machinery, the storage and disposal of manure, bee pollination, and the ground or aerial application of fertilizers, pesticides, and herbicides. These agricultural practices may occur at any time during the 24-hour day. Individual sensitivities to those practices can vary from person to person. You may wish to consider the impacts of such agricultural practices before you complete your purchase. Please be advised that you may be barred from obtaining legal remedies against agricultural practices conducted in a manner consistent with proper and accepted customs and standards pursuant to Section 3482.5 of the Civil Code or any pertinent local ordinance.

(4) In responding to the request, the expert shall determine, utilizing map coordinate data made available by the Office of Mine Reclamation, whether the property is presently located within one mile of a mine operation for which map coordinate data has been reported to the director pursuant to Section 2207 of the Public Resources Code. If the expert determines, from the available map coordinate data, that the residential property is located within one mile of a mine operation, the report shall contain the following notice:

**NOTICE OF MINING OPERATIONS:**

This property is located within one mile of a mine operation for which the mine owner or operator has reported mine location data to the Department of Conservation pursuant to Section 2207 of the Public Resources Code. Accordingly, the property may be subject to inconveniences resulting from mining operations. You may wish to consider the impacts of these practices before you complete your transaction.

*(Amended by Stats. 2018, Ch. 907, Sec. 24. (AB 1289) Effective January 1, 2019.)*

**DIVISION 4. GENERAL PROVISIONS**

**PART 3. NUISANCE**

**TITLE 1. GENERAL PRINCIPLES**

**§ 3482.5.** (a) (1) No agricultural activity, operation, or facility, or appurtenances thereof, conducted or maintained for commercial purposes, and in a manner consistent with proper and accepted customs and standards, as established and followed by similar agricultural operations in the same locality, shall be or become a nuisance, private or public, due to any changed condition in or about the locality, after it has been in operation for more than three years if it was not a nuisance at the time it began.

(2) No activity of a district agricultural association that is operated in compliance with Division 3 (commencing with Section 3001) of the Food and Agricultural Code, shall be or become a private or public nuisance due to any changed condition in or about the locality, after it has been in operation for more than three years if it was not a nuisance at the time it began. This paragraph shall not apply to any activities of the 52nd District Agricultural Association that are conducted on the grounds of the California Exposition and State Fair, nor to any public nuisance action brought by a city, county, or city and county alleging that the activities, operations, or conditions of a district agricultural association have substantially changed after more than three years from the time that the activities, operations, or conditions began.

(b) Paragraph (1) of subdivision (a) shall not apply if the agricultural activity, operation, or facility, or appurtenances thereof obstruct the free passage or use, in the customary manner, of any navigable lake, river, bay, stream, canal, or basin, or any public park, square, street, or highway.

(c) Paragraph (1) of subdivision (a) shall not invalidate any provision contained in the Health and Safety Code, Fish and Game Code, Food and Agricultural Code, or Division 7 (commencing with Section 13000) of the Water Code, if the agricultural activity, operation, or facility, or appurtenances thereof constitute a nuisance, public or private, as specifically defined or described in any of those provisions.

(d) This section shall prevail over any contrary provision of any ordinance or regulation of any city, county, city and county, or other political subdivision of the state. However, nothing in this section shall preclude a city, county, city and county, or other political subdivision of this state, acting within its constitutional or statutory authority and not in conflict with other provisions of state law, from adopting an ordinance that allows notification to a prospective homeowner that the dwelling is in close proximity to an agricultural activity, operation, facility, or appurtenances thereof and is subject to the provisions of this section consistent with Section 1102.6a.

(e) For purposes of this section, the term “agricultural activity, operation, or facility, or appurtenances thereof” shall include, but not be limited to, the cultivation and tillage of the soil, dairying, the production, cultivation, growing, and harvesting of any agricultural commodity including timber, viticulture, apiculture, or horticulture, the raising of livestock, fur bearing animals, fish, or poultry, and any practices performed by a farmer or on a farm as incident to or in conjunction with those farming operations, including preparation for market, delivery to storage or to market, or delivery to carriers for transportation to market.

*(Amended by Stats. 1992, Ch. 97, Sec. 1. Effective January 1, 1993.)*

## CODE OF CIVIL PROCEDURE

### PART 3. OF SPECIAL PROCEEDINGS OF A CIVIL NATURE

#### TITLE 7. EMINENT DOMAIN LAW

#### CHAPTER 3. The Right to Take

#### Article 1. General Limitations on Exercise of Power of Eminent Domain

**§ 1240.055.** (a) As used in this section, the following terms have the following meanings:

(1) “Conservation easement” means a conservation easement as defined in Section 815.1 of the Civil Code and recorded as required by Section 815.5 of the Civil Code.

(2) “Holder of a conservation easement” means the entity or organization that holds the conservation easement on the property that is proposed for acquisition and that is authorized to acquire and hold conservation easements pursuant to Section 815.3 of the Civil Code.

(3) “Property appropriated to public use,” as used in Article 6 (commencing with Section 1240.510) and Article 7 (commencing with Section 1240.610), includes a conservation easement if any of the following applies:

(A) The conservation easement is held by a public entity.

(B) A public entity provided funds, not including the value of a charitable contribution for federal or state income tax purposes but including the California Natural Heritage Preservation Tax Credit, for the acquisition of that easement.

(C) A public entity imposed conditions on approval or permitting of a project that were satisfied, in whole or in part, by the conservation easement.

(b) A person authorized to acquire property for public use by eminent domain shall exercise the power of eminent domain to acquire property that is subject to a conservation easement only as provided in this section.

(c) Not later than 105 days prior to the hearing held pursuant to Section 1245.235, or at the time of the offer made to the owner or owners of record pursuant to Section 7267.2 of the Government Code, whichever occurs earlier, the person seeking to acquire property subject to a conservation easement shall give notice to the holder of the conservation easement as provided in this subdivision. If the person is not required to hold a hearing pursuant to Section 1245.235, then the notice shall be given 105 days prior to the time of the offer made to the owner or owners of record pursuant to Section 7267.2 of the Government Code.

(1) The notice required by subdivision (c) shall be sent by first-class mail and shall state all of the following:

(A) A general description, in text or by diagram, of the property subject to a conservation easement that the person proposes to acquire by eminent domain.

(B) A description of the public use or improvement that the person is considering for the property subject to a conservation easement.

(C) That written comments on the acquisition may be submitted in accordance with paragraph (3) no later than 45 days from the date the person seeking to acquire the property mailed the notice to the holder of the conservation easement.

(D) That the holder of the conservation easement, within 15 days of receipt of the notice required by subdivision (c), is required, under certain circumstances, to do all of the following:

(i) Send a copy of the notice by first-class mail to each public entity that provided funds for the purchase of the easement or that imposed conditions on approval or permitting of a project that were satisfied, in whole or in part, by the creation of the conservation easement.

(ii) Inform the public entity that written comments on the acquisition may be submitted in accordance with paragraph (3).

(iii) Notify the person seeking to acquire the property of the name and address of any public entity that was sent a copy of the notice pursuant to this paragraph.

(2) (A) The holder of the conservation easement, within 15 days of receipt of the notice required by subdivision (c), shall do all of the following:

(i) Send a copy of the notice by first-class mail to each public entity that provided funds for the purchase of the easement or that imposed conditions on approval or permitting of a project that were satisfied, in whole or in part, by the creation of the conservation easement.

(ii) Inform the public entity that written comments on the acquisition may be submitted in accordance with paragraph (3).

(iii) Notify the person seeking to acquire the property of the name and address of any public entity that was sent a copy of the notice pursuant to this paragraph.

(B) Subparagraph (A) shall apply only if one of the following applies:

(i) The holder of the easement is the original grantee of the conservation easement and there is a public entity as described in subparagraph (A).

(ii) The holder of the easement has actual knowledge of a public entity as described in subparagraph (A).

(iii) Recorded documents evidence the identity of a public entity as described in subparagraph (A).

(3) The holder of the conservation easement or the public entity receiving notice, or both, may provide to the person seeking to acquire the property written comments on the acquisition, including identifying any potential conflict between the public use proposed for the property and

the purposes and terms of the conservation easement. Written comments on the acquisition may be submitted no later than 45 days from the date the person seeking to acquire the property mailed the notice to the holder of the conservation easement.

(d) The person seeking to acquire the property subject to a conservation easement, within 30 days after receipt of written comments from the holder of the conservation easement or from a public entity described in paragraph (2) of subdivision (c), shall respond in writing to the comments. The response to the comments shall be mailed by first-class mail to each easement holder or public entity that filed comments.

(e) The notice of the hearing on the resolution of necessity, pursuant to Section 1245.235, shall be sent by first-class mail to the holder of any conservation easement and to any public entity whose name and address are provided as described in paragraph (2) of subdivision (c) and shall state that they have the right to appear and be heard on the matters referred to in Sections 1240.030, 1240.510, and 1240.610. The notice shall state that, pursuant to paragraph (3) of subdivision (b) of Section 1245.235, failure to file a written request to appear and be heard within 15 days after the notice was mailed will result in waiver of the right to appear and be heard. The resolution of necessity to acquire property subject to a conservation easement shall refer specifically either to Section 1240.510 or 1240.610 as authority for the acquisition of the property.

(f) In any eminent domain proceeding to acquire property subject to a conservation easement, the holder of the conservation easement:

(1) Shall be named as a defendant, as set forth in Section 1250.220.

(2) May appear in the proceedings, as set forth in Section 1250.230.

(3) Shall have all the same rights and obligations as any other defendant in the eminent domain proceeding.

(g) (1) The holder of the conservation easement is an owner of property entitled to compensation determined pursuant to Section 1260.220 and Chapter 9 (commencing with Section 1263.010) and in accordance with all of the following:

(A) The total compensation for the acquisition of all interests in property encumbered by a conservation easement shall not be less than, and shall not exceed, the fair market value of the fee simple interest of the property as if it were not encumbered by the conservation easement.

(B) If the acquisition does not damage the conservation easement, the total compensation shall be assessed by determining the value of all interests in the property as encumbered by the conservation easement.

(C) If the acquisition damages the conservation easement in whole or in part, compensation shall be determined consistent with Section 1260.220 and the value of the fee simple interest of the property shall be assessed as if it were not encumbered by the conservation easement.

(2) This subdivision shall not apply if the requirements of Section 10261 of the Public Resources Code apply.

(h) This section shall not apply if the requirements of Section 1348.3 of the Fish and Game Code apply.

*(Added by Stats. 2011, Ch. 589, Sec. 2. (SB 328) Effective January 1, 2012.)*

**Article 2. Rights Included in Grant of Eminent Domain Authority**

**§ 1240.110.** (a) Except to the extent limited by statute, any person authorized to acquire property for a particular use by eminent domain may exercise the power of eminent domain to acquire any interest in property necessary for that use including, but not limited to, submerged lands, rights of any nature in water, subsurface rights, airspace rights, flowage or flooding easements, aircraft noise or operation easements, right of temporary occupancy, public utility facilities and franchises, and franchises to collect tolls on a bridge or highway.

(b) Where a statute authorizes the acquisition by eminent domain only of specified interests in or types of property, this section does not expand the scope of the authority so granted.

*(Added by Stats. 1975, Ch. 1275.)*

**Article 3. Future Use**

**§ 1240.220.** (a) Any person authorized to acquire property for a particular use by eminent domain may exercise the power of eminent domain to acquire property to be used in the future for that use, but property may be taken for future use only if there is a reasonable probability that its date of use will be within seven years from the date the complaint is filed or within such longer period as is reasonable.

(b) Unless the plaintiff plans that the date of use of property taken will be within seven years from the date the complaint is filed, the complaint, and the resolution of necessity if one is required, shall refer specifically to this section and shall state the estimated date of use.

*(Added by Stats. 1975, Ch. 1275.)*

## EDUCATION CODE

**Title 2. ELEMENTARY AND SECONDARY EDUCATION****Division 4. INSTRUCTION AND SERVICES****Part 28. GENERAL INSTRUCTIONAL PROGRAMS****CHAPTER 9. Career Technical Education****Article 6. Summer Environmental Internship Program**

**§ 52410.** Upon the approval of appropriate school district personnel, or the approval of the county superintendent of schools as to students under his jurisdiction, and with the written approval of the parent or guardian of the student, a student in grade 11 or 12, who will be at least 17 years of age at the commencement of his junior year, may be employed as an environmental intern by a federal, state, or local agency in California concerned with the regulation of natural resources or with the protection of the environment during the summer vacation period. These agencies shall include, but not be limited to, the Resources Agency, the Agriculture and Services Agency, the Business and Transportation Agency, the Department of

Fish and Game, the Department of Conservation, the Department of Parks and Recreation, the Department of Water Resources, the State Water Resources Control Board, the State Air Resources Board, the State Lands Division, California regional water quality control boards, air pollution control districts, mosquito abatement districts, soil conservation districts, local planning agencies, and county and city park and recreation departments.  
(Enacted by Stats. 1976, Ch. 1010.)

## EVIDENCE CODE

### **Division 5. BURDEN OF PROOF; BURDEN OF PRODUCING EVIDENCE; PRESUMPTIONS AND INFERENCES**

#### **CHAPTER 3. Presumptions and Inferences**

**§ 669.5** (a) Any ordinance enacted by the governing body of a city, county, or city and county which (1) directly limits, by number, the building permits that may be issued for residential construction or the buildable lots which may be developed for residential purposes, or (2) changes the standards of residential development on vacant land so that the governing body's zoning is rendered in violation of Section 65913.1 of the Government Code is presumed to have an impact on the supply of residential units available in an area which includes territory outside the jurisdiction of the city, county, or city and county.

(b) With respect to any action which challenges the validity of an ordinance specified in subdivision (a) the city, county, or city and county enacting the ordinance shall bear the burden of proof that the ordinance is necessary for the protection of the public health, safety, or welfare of the population of the city, county, or city and county.

(c) This section does not apply to state and federal building code requirements or local ordinances which (1) impose a moratorium, to protect the public health and safety, on residential construction for a specified period of time, if, under the terms of the ordinance, the moratorium will cease when the public health or safety is no longer jeopardized by the construction, (2) create agricultural preserves under Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code, or (3) restrict the number of buildable parcels or designate lands within a zone for nonresidential uses in order to protect agricultural uses as defined in subdivision (b) of Section 51201 of the Government Code or open-space land as defined in subdivision (h) of Section 65560 of the Government Code.

(d) This section shall not apply to a voter approved ordinance adopted by referendum or initiative prior to the effective date of this section which (1) requires the city, county, or city and county to establish a population growth limit which represents its fair share of each year's statewide population growth, or (2) which sets a growth rate of no more than the average population growth rate experienced by the state as a whole. Paragraph (2) of subdivision (a) does not apply to a voter-approved ordinance adopted by referendum or initiative which exempts housing affordable to persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, or which otherwise provides low- and moderate-income housing sites equivalent to such an exemption.

(Amended by Stats. 2017, Ch. 434, Sec. 2. (SB 732) Effective January 1, 2018.)

## FISH AND GAME CODE

### DIVISION 2. DEPARTMENT OF FISH AND WILDLIFE

#### CHAPTER 4.1 California Riparian Habitat Conservation Program

**§ 1389.** The preservation and enhancement of riparian habitat shall be a primary concern of the Wildlife Conservation Board and the department, and of all state agencies whose activities impact riparian habitat, including the Department of Conservation, the Department of Parks and Recreation, the Department of Water Resources, the Department of Forestry and Fire Protection, the State Coastal Conservancy, the California Conservation Corps, the California Tahoe Conservancy, the Santa Monica Mountains Conservancy, the California Coastal Commission, the San Francisco Bay Conservation and Development Commission, and the State Lands Commission.

*(Amended by Stats. 2013, Ch. 352, Sec. 94. (AB 1317) Effective September 26, 2013. Operative July 1, 2013, by Sec. 543 of Ch. 352.)*

#### CHAPTER 12. Significant Natural Areas

**§1932.5.** (a) In carrying out its responsibilities pursuant to this chapter, the department shall solicit and utilize all relevant results of existing studies and information from local government, state, and federal agencies, academic institutions, nonprofit organizations, certified environmental documents, private and public landowners, and agricultural and rangeland information developed by the Department of Conservation and agriculture associations.

(b) The department shall seek input from representatives of other state agencies, local government, federal agencies, nongovernmental conservation organizations, landowners, agriculture, recreation, scientific entities, and industry in determining essential wildlife corridors and habitat linkages. Private and public landowners shall be given a reasonable opportunity to review and comment on the wildlife characteristics of their land if it is identified pursuant to this chapter. The department shall utilize all relevant information when developing data sets and associated analytical products pursuant to this chapter.

(c) This chapter does not require, mandate, or authorize, under state or federal law, any state or local planning, zoning, or other land use action or decision.

(d) This chapter does not alter any legal rights and privileges, under state or federal law, of ownership or use of privately or publicly owned property.

(e) The Legislature finds and declares that the data sets and associated analytical products required pursuant to this chapter are for inventory and planning purposes and may not be suitable to support regulatory actions without additional specificity or information.

*(Added by Stats. 2008, Ch. 333, Sec. 4. Effective January 1, 2009.)*

**DIVISION 4. BIRDS AND MAMMALS****PART 1. PROVISIONS GENERALLY APPLICABLE TO BOTH****CHAPTER 2. Commercial Activities****Article 7. The California Waterfowl Habitat Program**

**§ 3464.** The contract shall be automatically renewed in the same manner as contracts are renewed and extended, or noticed for nonrenewal, under the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1 of Title 5 of the Government Code). Upon the request of the owner or lessee, the director shall reexamine the payment rate for the contract at five-year intervals, considering the then current management costs and, with the concurrence of the owner or lessee, make any needed adjustments in rates for the remainder of the contract term.

*(Added by Stats. 1987, Ch. 633, Sec. 2.)*

**FOOD AND AGRICULTURAL CODE****DIVISION 1. STATE ADMINISTRATION****PART 1. THE DEPARTMENT OF FOOD AND AGRICULTURE****CHAPTER 6. State Agricultural Policy****Article 2. Agricultural Policy**

**§ 821.** As part of promoting and protecting the agricultural industry of the state and for the protection of public health, safety, and welfare, the Legislature shall provide for a continuing sound and healthy agriculture in California and shall encourage a productive and profitable agriculture. Major principles of the state's agricultural policy shall be all of the following:

(a) To increase the sale of crops and livestock products produced by farmers, ranchers, and processors of food and fiber in this state.

(b) To enhance the potential for domestic and international marketing of California agricultural products through fostering the creation of value additions to commodities and the development of new consumer products.

(c) To sustain the long-term productivity of the state's farms by conserving and protecting the soil, water, and air, which are agriculture's basic resources.

(d) To maximize the ability of farmers, ranchers, and processors to learn about and adopt practices that will best enable them to achieve the policies stated in this section.

*(Amended by Stats. 2000, Ch. 670, Sec. 3. Effective January 1, 2001.)*

## GOVERNMENT CODE

### TITLE 1. GENERAL

#### DIVISION 4. PUBLIC OFFICERS AND EMPLOYEES

##### CHAPTER 1. General

##### Article 4. Prohibitions Applicable to Specified Officers

**§ 1091.** (a) An officer shall not be deemed to be interested in a contract entered into by a body or board of which the officer is a member within the meaning of this article if the officer has only a remote interest in the contract and if the fact of that interest is disclosed to the body or board of which the officer is a member and noted in its official records, and thereafter the body or board authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest.

(b) As used in this article, “remote interest” means any of the following:

(1) That of an officer or employee of a nonprofit entity exempt from taxation pursuant to Section 501(c)(3) of the Internal Revenue Code (26 U.S.C. Sec. 501(c)(3)), pursuant to Section 501(c)(5) of the Internal Revenue Code (26 U.S.C. Sec. 501(c)(5)), or a nonprofit corporation, except as provided in paragraph (8) of subdivision (a) of Section 1091.5.

(2) That of an employee or agent of the contracting party, if the contracting party has 10 or more other employees and if the officer was an employee or agent of that contracting party for at least three years prior to the officer initially accepting his or her office and the officer owns less than 3 percent of the shares of stock of the contracting party; and the employee or agent is not an officer or director of the contracting party and did not directly participate in formulating the bid of the contracting party.

For purposes of this paragraph, time of employment with the contracting party by the officer shall be counted in computing the three-year period specified in this paragraph even though the contracting party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by the officer. Time of employment in that case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the contracting party is the same or substantially similar to that which existed before the transfer or change in organization. For purposes of this paragraph, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the “real or ultimate ownership” of the contracting party.

(3) That of an employee or agent of the contracting party, if all of the following conditions are met:

(A) The agency of which the person is an officer is a local public agency located in a county with a population of less than 4,000,000.

(B) The contract is competitively bid and is not for personal services.

(C) The employee or agent is not in a primary management capacity with the contracting party, is not an officer or director of the contracting party, and holds no ownership interest in the contracting party.

(D) The contracting party has 10 or more other employees.

(E) The employee or agent did not directly participate in formulating the bid of the contracting party.

(F) The contracting party is the lowest responsible bidder.

(4) That of a parent in the earnings of his or her minor child for personal services.

(5) That of a landlord or tenant of the contracting party.

(6) That of an attorney of the contracting party or that of an owner, officer, employee, or agent of a firm that renders, or has rendered, service to the contracting party in the capacity of stockbroker, insurance agent, insurance broker, real estate agent, or real estate broker, if these individuals have not received and will not receive remuneration, consideration, or a commission as a result of the contract and if these individuals have an ownership interest of 10 percent or more in the law practice or firm, stock brokerage firm, insurance firm, or real estate firm.

(7) That of a member of a nonprofit corporation formed under the Food and Agricultural Code or a nonprofit corporation formed under the Corporations Code for the sole purpose of engaging in the merchandising of agricultural products or the supplying of water.

(8) That of a supplier of goods or services when those goods or services have been supplied to the contracting party by the officer for at least five years prior to his or her election or appointment to office.

(9) That of a person subject to the provisions of Section 1090 in any contract or agreement entered into pursuant to the provisions of the California Land Conservation Act of 1965.

(10) Except as provided in subdivision (b) of Section 1091.5, that of a director of, or a person having an ownership interest of, 10 percent or more in a bank, bank holding company, or savings and loan association with which a party to the contract has a relationship of borrower or depositor, debtor or creditor.

(11) That of an engineer, geologist, architect, or planner employed by a consulting engineering, architectural, or planning firm. This paragraph applies only to an employee of a consulting firm who does not serve in a primary management capacity, and does not apply to an officer or director of a consulting firm.

(12) That of an elected officer otherwise subject to Section 1090, in any housing assistance payment contract entered into pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) as amended, provided that the housing assistance payment contract was in existence before Section 1090 became applicable to the officer and will be renewed or extended only as to the existing tenant, or, in a jurisdiction in which the rental vacancy rate is less than 5 percent, as to new tenants in a unit previously under a Section 8 contract. This section applies to any person who became a public official on or after November 1, 1986.

(13) That of a person receiving salary, per diem, or reimbursement for expenses from a government entity.

(14) That of a person owning less than 3 percent of the shares of a contracting party that is a for-profit corporation, provided that the ownership of the shares derived from the person's employment with that corporation.

(15) That of a party to litigation involving the body or board of which the officer is a member in connection with an agreement in which all of the following apply:

(A) The agreement is entered into as part of a settlement of litigation in which the body or board is represented by legal counsel.

(B) After a review of the merits of the agreement and other relevant facts and circumstances, a court of competent jurisdiction finds that the agreement serves the public interest.

(C) The interested member has recused himself or herself from all participation, direct or indirect, in the making of the agreement on behalf of the body or board.

(16) That of a person who is an officer or employee of an investor-owned utility that is regulated by the Public Utilities Commission with respect to a contract between the investor-owned utility and a state, county, district, judicial district, or city body or board of which the person is a member, if the contract requires the investor-owned utility to provide energy efficiency rebates or other type of program to encourage energy efficiency that benefits the public when all of the following apply:

(A) The contract is funded by utility consumers pursuant to regulations of the Public Utilities Commission.

(B) The contract provides no individual benefit to the person that is not also provided to the public, and the investor-owned utility receives no direct financial profit from the contract.

(C) The person has recused himself or herself from all participation in making the contract on behalf of the state, county, district, judicial district, or city body or board of which he or she is a member.

(D) The contract implements a program authorized by the Public Utilities Commission.

(17) That of an owner or partner of a firm serving as an appointed member of an unelected board or commission of the contracting agency if the owner or partner recuses himself or herself from providing any advice to the contracting agency regarding the contract between the firm and the contracting agency and from all participation in reviewing a project that results from that contract.

(c) This section is not applicable to any officer interested in a contract who influences or attempts to influence another member of the body or board of which he or she is a member to enter into the contract.

(d) The willful failure of an officer to disclose the fact of his or her interest in a contract pursuant to this section is punishable as provided in Section 1097. That violation does not void the contract unless the contracting party had knowledge of the fact of the remote interest of the officer at the time the contract was executed.

*(Amended by Stats. 2015, Ch. 495, Sec. 1. (SB 704) Effective January 1, 2016.)*

**DIVISION 7. MISCELLANEOUS****CHAPTER 3.5. Inspection of Public Records****Article 1. General Provisions**

**§ 6254.** Except as provided in Sections 6254.7 and 6254.13, this chapter does not require the disclosure of any of the following records:

(h) The contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained. However, the law of eminent domain shall not be affected by this provision.

*(Amended by Stats. 2014, Ch. 31, Sec. 2. Effective June 20, 2014.)*

**TITLE 2. GOVERNMENT OF THE STATE OF CALIFORNIA****DIVISION 1. GENERAL****CHAPTER 5.2 Grant Information Act of 1999**

**§ 8333.** This chapter shall be known, and may be cited, as the Grant Information Act of 2018. All state agencies shall implement this act in a manner that is consistent with the statewide strategy for electronic commerce as established by the Department of Information Technology.  
*(Amended by Stats. 2018, Ch. 318, Sec. 1. (AB 2252) Effective January 1, 2019.)*

**§ 8333.1.** On or before July 1, 2020, the California State Library shall create a funding opportunities Internet Web portal that provides a centralized location for grant seekers to find state grant opportunities. The funding opportunities Internet Web portal shall include, but is not limited to, an interactive Internet Web site that is launched to include, at a minimum, information identifying every grant administered by the state and any incentive opportunities allocated by statute or in the annual budget that will provide local assistance funds. The California State Library, in consultation with the Strategic Growth Council and the State Air Resources Board, shall ensure that the Internet Web site is accessible and provides helpful information to a diverse set of potential applicants, including nonprofit and community-based organizations, and other entities that are working to support and benefit disadvantaged and low-income communities.

*(Added by Stats. 2018, Ch. 318, Sec. 2. (AB 2252) Effective January 1, 2019.)*

**§ 8333.2.** (a) The California State Library shall provide an annual report to the Legislature on the effectiveness of the Internet Web portal, including, but not limited to, the utilization rate by

state agencies, the number of grants registered, the amount of funding per grant, the number of visits to the Internet Web portal, including what parts of the Internet Web portal are visited, and whether there has been an increase in grant applications. The first annual report shall be submitted on or before January 1, 2022, and shall cover the period of July 1, 2020, to July 1, 2021, inclusive. Each subsequent annual report shall be submitted on or before January 1, and shall cover the previous fiscal year.

(b) A report to be submitted pursuant to subdivision (a) shall be submitted in compliance with Section 9795.

*(Added by Stats. 2018, Ch. 318, Sec. 3. (AB 2252) Effective January 1, 2019.)*

**§ 8334.** (a)(1) On or before July 1, 2020, each state agency shall register every grant the state agency administers with the California State Library prior to commencing a solicitation or award process for distribution of the grant. Each agency shall provide information regarding the grant, that assists the California State Library with cataloging the distribution of grants and provides potential applicants with understandable and consistent information about available funding opportunities, including, but not limited to, all of the following:

(A) The title of the grant opportunity and grant identification number.

(B) The revenue source allocated to fund the grant.

(C) The purpose of the grant.

(D) A brief description of the grant, including, but not limited to, the mechanism used to announce the availability of funding.

(E) Any eligibility requirements, including, but not limited to, any matching funds requirements.

(F) Geographic limitations, if any.

(G) A description of the total available grant funding, the number of awards, and the amounts per award.

(H) The period of time covered by the grant.

(I) The date the grant will be issued.

(J) The deadline for proposals to be submitted.

(K) Internet address for electronic submission of the proposal.

(L) Contact information of a staff member responsible for communicating the grant requirements.

(2) Each state agency shall provide a link to the California State Library's funding opportunities Internet Web portal on the state agency's Internet Web site.

(b) On or before July 1, 2020, each state agency shall provide for the acceptance of electronic proposals for any grant administered by the state agency, as appropriate.

(c) "Grant" as used in this chapter means any mechanism used by a state agency to distribute appropriations that have been allocated for the purpose of financial assistance through a competitive or first-come award process. The term shall include loans and federal assistance funds that are administered by a state agency. The term shall not include the procurement of goods or services for a state agency nor the acquisition, construction, alteration, improvement, or repair of real property for a state agency.

(d) The Government Operations Agency shall assist the California State Library with state agency compliance and creating streamlined processes, as appropriate.

*(Repealed and added by Stats. 2018, Ch. 318, Sec. 5. (AB 2252) Effective January 1, 2019.)*

**DIVISION 2. LEGISLATIVE DEPARTMENT****PART 1. LEGISLATURE****CHAPTER 7. Legislative Printing and Publications****Article 6. Reports to the Legislature**

**§ 9795.** (a)(1) Any report required or requested by law to be submitted by a state or local agency to the Members of either house of the Legislature generally, shall instead be submitted as a printed copy to the Secretary of the Senate, as an electronic copy to the Chief Clerk of the Assembly, and as an electronic or printed copy to the Legislative Counsel. Each report shall include a summary of its contents, not to exceed one page in length. If the report is submitted by a state agency, that agency shall also provide an electronic copy of the summary directly to each member of the appropriate house or houses of the Legislature. Notice of receipt of the report shall also be recorded in the journal of the appropriate house or houses of the Legislature by the secretary or clerk of that house.

(2) In addition to and as part of the information made available to the public in electronic form pursuant to Section 10248, the Legislative Counsel shall make available a list of the reports submitted by state and local agencies, as specified in paragraph (1). If the Legislative Counsel receives a request from a member of the public for a report contained in the list, the Legislative Counsel is not required to provide a copy of the report and may refer the requester to the state or local agency, as the case may be, that authored the report, or to the California State Library as the final repository of public information.

(b) No report shall be distributed to a Member of the Legislature unless specifically requested by that Member.

(c) Compliance with subdivision (a) shall be deemed to be full compliance with subdivision (c) of Section 10242.5.

(d) A state agency report and summary subject to this section shall include an Internet Web site where the report can be downloaded and telephone number to call to order a hard copy of the report. A report submitted by a state agency subject to this section shall also be posted at the agency's Internet Web site.

(e) For purposes of this section, "report" includes any study or audit.  
*(Amended by Stats. 2013, Ch. 192, Sec. 1. (AB 1365) Effective January 1, 2014.)*

**DIVISION 2. LEGISLATIVE DEPARTMENT****PART 2. AIDS TO THE LEGISLATURE****CHAPTER 1. Legislative Counsel****Article 2. Duties**

**§ 10242.5.** (a) The Legislative Counsel shall annually prepare, publish, and maintain an electronic list of all reports that state and local agencies are required or requested by law to prepare and file with the Governor or the Legislature, or both, in the future or within the preceding year. The list shall include all of the following information:

- (1) The name of the agency that is required or requested to prepare and file the report.
- (2) A brief description of the subject of the report.
- (3) The date on which the report is to be completed and filed.
- (4) The date on which the report was filed with the Legislative Counsel.

(b) The Legislative Counsel shall make the list of reports available to the public on an Internet Web site and shall annually provide to each Member of the Legislature a hyperlink to the Internet Web site whereby the list can be accessed.

(c) (1) Each state and local agency that is required or requested by law to prepare a report described in subdivision (a) shall file a printed or electronic copy of the report with the Legislative Counsel. If an electronic copy of a report is filed, and the report is posted on an Internet Web site, the agency filing the electronic copy shall provide to the Legislative Counsel a hyperlink whereby the report may be accessed.

(2) The Legislative Counsel shall include, on the Internet Web site it maintains for purposes of this section, any hyperlinks provided by state and local agencies pursuant to paragraph (1).

(d) As used in this section:

(1) "Agency" includes any city, county, special district, department, board, bureau, or commission, including any task force or other similar body that is created by statute or resolution. "Agency" does not include the University of California.

(2) "Report" includes any study or audit.

(e) The Legislative Counsel shall update the list required by subdivision (a) by removing duplicate reports from the list. The Legislative Counsel shall also remove reports from the list as directed by Section 4 of Chapter 7 of the Statutes of 2010, or a subsequent statute that further requires the Legislative Counsel to remove reports included in the list.

*(Amended by Stats. 2013, Ch. 192, Sec. 2. (AB 1365) Effective January 1, 2014.)*

**DIVISION 4. FISCAL AFFAIRS****PART 1. FUNDS FOR SUBVENTIONS****CHAPTER 3. Open-Space Subventions**

**§ 16140.** There is hereby continuously appropriated to the Controller from the General Fund a sum sufficient to make the payments required by this chapter.

The payments provided by this chapter shall be made only when the value of each parcel of open-space land assessed under Sections 423, 423.3, 423.4, and 423.5 of the Revenue and Taxation Code is less than the value that would have resulted if the valuation of the property was made pursuant to Section 110.1 of the Revenue and Taxation Code, as though the property were not subject to an enforceable restriction in the base year.  
*(Amended by Stats. 1998, Ch. 353, Sec. 1. Effective August 24, 1998.)*

**§ 16141.** It is the purpose of this chapter to provide replacement revenues to local government by reason of the reduction of the property tax on open-space lands assessed under Sections 423, 423.3, 423.4, and 423.5 of the Revenue and Taxation Code. Notwithstanding any other provisions of this chapter, no subvention payments to a county, city, city and county, or school district shall be made pursuant to this chapter for land enforceably restricted pursuant to the Open-Space Easement Act of 1974 (Chapter 6.6 (commencing with Section 51070) of Part 1 of Division 1 of Title 5).  
*(Amended by Stats. 1998, Ch. 353, Sec. 2. Effective August 24, 1998.)*

**§ 16142.** (a) The Secretary of the Natural Resources Agency shall direct the Controller to pay annually out of the funds appropriated by Section 16140, to each eligible county, city, or city and county, the following amounts for each acre of land within its regulatory jurisdiction that is assessed pursuant to Section 423, 423.3, 423.4, or 423.5, or Section 426 if it was previously assessed under Section 423.4, of the Revenue and Taxation Code:

(1) Five dollars (\$5) for prime agricultural land, as defined in Section 51201.

(2) One dollar (\$1) for all land, other than prime agricultural land, which is devoted to open-space uses of statewide significance, as defined in Section 16143.

(b) The amount per acre in paragraph (1) of subdivision (a) may be increased by the Secretary of the Natural Resources Agency to a figure which would offset any savings due to a more restrictive determination by the secretary as to what land is devoted to open-space use of statewide significance.

(c) The amount per acre in subdivision (a) shall only be paid for 10 years from the date that the land was first assessed pursuant to Section 426 of the Revenue and Taxation Code, if it was previously assessed under Section 423.4 of that code.

(d) Notwithstanding any other provision of law, for the 2008–09 fiscal year and each fiscal year thereafter, the Controller shall reduce, by 10 percent, any payment made pursuant to this section.

(e) Effective January 1, 2011, if the payment pursuant to this section for the previous fiscal year is less than one-half of the participating county's actual foregone general fund property tax

revenue, the county may make a determination to implement subdivision (b) of Section 51244 and Section 51244.3. The implementation of these sections shall be suspended for any subsequent fiscal year in which the payment for the previous fiscal year exceeds one-half of the foregone general fund property tax revenue.

For purposes of this subdivision, a county's actual foregone property tax revenue shall be based on the county's respective share of the general property tax dollars as reflected in the most recent annual report issued by the State Board of Equalization or 20 percent, whichever is higher.

*(Amended and Repealed by Stats. 2014, Ch. 322, Sec. 1.)*

**§ 16142.1.** (a) In lieu of the payments made pursuant to Section 16142, in a county that has adopted farmland security zones pursuant to Section 51296, the Secretary of the Natural Resources Agency shall direct the Controller to pay annually out of the funds appropriated by Section 16140, to each eligible county, city, or city and county, the following amount for each acre of land within its regulatory jurisdiction that is assessed pursuant to Section 423.4 or 426 of the Revenue and Taxation Code, if it was previously assessed under Section 423.4 of that code:

Eight dollars (\$8) for land that is within, or within three miles of the boundaries of the sphere of influence of, each incorporated city.

(b) The amount per acre in subdivision (a) shall only be paid for 10 years from the date that the land was first assessed pursuant to Section 426 of the Revenue and Taxation Code, if it was previously assessed under Section 423.4 of that code. The appropriation authorized by this subdivision shall not exceed one hundred thousand dollars (\$100,000) per year until 2005.

(c) Notwithstanding any other provision of law, for the 2008–09 fiscal year and each fiscal year thereafter, the Controller shall reduce, by 10 percent, any payments made pursuant to this section.

(d) Effective January 1, 2011, if the payment pursuant to this section for the previous fiscal year is less than one-half of the participating county's actual foregone general fund property tax revenue, the county may make a determination to implement subdivision (b) of Section 51244 and Section 51244.3. The implementation of these sections shall be suspended for any subsequent fiscal year in which the payment for the previous fiscal year exceeds one-half of the foregone general fund property tax revenue.

For purposes of this subdivision, a county's actual foregone property tax revenue shall be based on the county's respective share of the general property tax dollars as reflected in the most recent annual report issued by the State Board of Equalization or 20 percent, whichever is higher.

*(Amended by Stats. 2014, Ch. 322, Sec. 3.)*

**§ 16142.5.** (a) For the fiscal year 1977–78, no payment to a city or county shall increase or reduce the amount which would have been paid to the city or county under the provisions of Section 16142 as it existed on March 1, 1976, as applied to land assessed pursuant to Section 423 or 423.5 of the Revenue and Taxation Code for the fiscal year 1977–78, in excess of an amount which is equal to the property tax derived from a levy at the rate of three cents (\$0.03) per hundred dollars of assessed value.

(b) For fiscal years subsequent to the 1977–78 fiscal year, no payment to a city or county shall increase or reduce the amount which was paid in the prior fiscal year in excess of an amount which is equal to the property tax derived from a levy at the rate of three cents (\$0.03) per hundred dollars of assessed value for the fiscal year, except as affected by an increase or a reduction in the acreage assessed under Section 423, 423.3, or 423.5 of the Revenue and Taxation Code.

*(Amended by Stats. 1981, Ch. 998, Sec. 4. Effective September 29, 1981.)*

**§ 16143.** Land shall be deemed to be devoted to open-space uses of statewide significance if it:

(a) Could be developed as prime agricultural land, or

(b) Is open-space land as defined in Section 65560 which constitutes a resource whose preservation is of more than local importance for ecological, economic, educational, or other purposes. The Secretary of the Resources Agency shall be the final judge of whether the land is in fact devoted to open-space use of statewide significance.

*(Added by renumbering Section 16108 by Stats. 1972, Ch. 1066.)*

**§ 16144.** On or before October 31 each year, the governing body of each county, city, or city and county shall report to the Secretary of the Resources Agency the number of acres of land under its regulatory jurisdiction which qualify for state payments pursuant to the various categories enumerated in Section 16142, together with supporting documentation as the secretary by regulation may require. The secretary, after reviewing the report and determining the eligibility of the local government to receive payment and the actual amount to which it is entitled, shall certify that amount to the Controller for payment, and the Controller shall make the payment on or before June 30, but no earlier than April 20, of each year.

The secretary may make supplemental reports to the Controller as he or she deems necessary throughout the year to give effect to new or additional information received from local governing bodies, correct errors, and dispose of contested or conditional situations. Upon receiving the reports, the Controller shall pay any amount certified therein, and may withhold and deduct any certified overpayment from the amount that would otherwise be paid to the local government in the next succeeding year, including any cancellation fees that have not been collected and transmitted pursuant to Section 51283.

*(Amended by Stats. 2008, Ch. 751, Sec. 42. Effective September 30, 2008.)*

**§ 16145.** Funds received by local governments pursuant to the provisions of this chapter may be used for county, city, or city and county purposes, as the case may be, or may, but need not necessarily, be used for purposes of general interest and benefit to the state. The use of the funds shall include administration, supervision, and enforcement of any open-space program under which a local government receives the funds. The funds may also include an allocation of all or part of them to any special district or school district existing within boundaries of a local government in which land is assessed pursuant to Section 423, 423.3, or 423.5 of the Revenue and Taxation Code, and which has thereby suffered a reduction in its assessed valuation, when the local governing body determines:

(a) That the loss of assessed value is substantial and will have an adverse effect upon programs of public importance carried on by the district.

(b) The benefits flowing from the restrictions on the use of land within the district do not accrue solely or primarily to landowners or residents within the district.

(c) That the taxes collected by the district are not devoted to expenditures primarily of benefit to land or landowners within the district.

Any special district or school district may make application for an allocation of the funds from the local government in the form and with such supporting evidence as the governing board of the local government may require. The governing board may also adopt such uniform standards as it believes necessary to determine the amount and method of payment of such assistance, and may provide for such payments to be reduced annually, according to a schedule, so as to cease financial assistance over a specified period of years. However, nothing herein shall be construed as requiring the governing board of the local government to make any allocation to any special district or school district, and the governing board of the local government shall be the sole judge of the entitlement of any special district or school district to any allocation and to the amount of the allocation if granted.

*(Amended by Stats. 1981, Ch. 998, Sec. 5. Effective September 29, 1981.)*

**§ 16146.** The Secretary of the Resources Agency may determine, after notice and hearing, that a local government is ineligible to receive state payments pursuant to this article by reason of its failure to comply with the provision of Article 10.5 (commencing with Section 65560) of Chapter 3 of Title 7, or with the provisions of any program which establishes an enforceable restriction upon which the assessment of land within its jurisdiction pursuant to Section 423, 423.3, 423.4, or 423.5 of the Revenue and Taxation Code is based. The fact that a local government has not complied with the requirements of Article 10.5 (commencing with Section 65560) of Chapter 3 of Title 7 by the dates set forth in that article shall not be reason to determine that the local government is ineligible to receive state payments, if the local government has complied by July 1 of the year in which application is made. This section shall not be construed to require the disqualification of any land from assessment pursuant to Section 423, 423.3, 423.4, or 423.5 of the Revenue and Taxation Code as a consequence of any determination of ineligibility by the secretary.

*(Amended by Stats. 1998, Ch. 353, Sec. 4. Effective August 24, 1998.)*

**§ 16147.** The Secretary of the Resources Agency may request the Attorney General to bring any action in court necessary to enforce any enforceable restriction as defined in Section 422 of the Revenue and Taxation Code, upon land for which the secretary has certified payment of state funds to the local governing body during the current or any preceding fiscal year. Such action may include, but is not limited to, an action to enforce the contract by specific performance or injunction.

*(Added by renumbering Section 16112 by Stats. 1972, Ch. 1066.)*

**§ 16148.** Zero dollars (\$0) is appropriated for the 2010–11 fiscal year from the General Fund to the Controller to make subvention payments to counties pursuant to Section 16140 in proportion to the losses incurred by those counties by reason of the reduction of assessed property taxes.

*(Amended by Stats. 2011, Ch. 11, Sec. 10. Effective March 24, 2011.)*

**§ 16154.** In addition to the report required by Section 16144, the Secretary of the Resources Agency shall require from local government agencies such other information relative to lands valued pursuant to Section 8 of Article XIII of the California Constitution as is necessary for the proper administration of the provisions of Sections 16142 through 16153 and for periodic review of the policies established therein.

Information collected pursuant to this section shall be transmitted on request to the Legislature and to other state agencies, including, but not limited to, the State Board of Equalization, the Superintendent of Public Instruction, and the Department of Food and Agriculture.

*(Amended by Stats. 1984, Ch. 193, Sec. 41.)*

## **TITLE 5. LOCAL AGENCIES**

### **DIVISION 1. CITIES AND COUNTIES**

#### **PART 1. POWERS AND DUTIES COMMON TO CITIES AND COUNTIES**

##### **CHAPTER 6.3. Urban Agriculture Incentive Zones**

**§ 51040.** This chapter shall be known, and may be cited, as the Urban Agriculture Incentive Zones Act.

*(Added by Stats. 2013, Ch. 406, Sec. 1. (AB 551) Effective January 1, 2014.)*

**§ 51040.1.** The Legislature finds and declares that it is in the public interest to promote sustainable urban farm enterprise sectors in urban centers. The Legislature further finds and declares the small-scale, active production of marketable crops and animal husbandry, including, but not limited to, foods, flowers, and seedlings, in urban centers is consistent with, and furthers, the purposes of this act.

*(Added by Stats. 2013, Ch. 406, Sec. 1. (AB 551) Effective January 1, 2014.)*

**§ 51040.3.** For purposes of this chapter, the following terms have the following meanings:

(a) “Urban” means an area within the boundaries of an urbanized area, as that term is used by the United States Census Bureau, that includes at least 250,000 people.

(b) “Urban Agriculture Incentive Zone” means an area within a county or a city and county that is comprised of individual properties designated as urban agriculture preserves by the county or the city and county for farming purposes.

(c) “Agricultural use” means farming in all its branches including, but not limited to, the cultivation and tillage of the soil, the production, cultivation, growing, and harvesting of any agricultural or horticultural products, the raising of livestock, bees, fur-bearing animals, dairy-producing animals, and poultry, agricultural education, the sale of produce through field retail stands or farms stands as defined by Article 5 (commencing with Section 47030) of Chapter 10.5 of Division 17 of the Food and Agricultural Code, and any practices performed by a farmer or on a farm as an incident to or in conjunction with farming operations. For purposes of this chapter, the term “agricultural use” does not include timber production.

*(Added by Stats. 2013, Ch. 406, Sec. 1. (AB 551) Effective January 1, 2014.)*

**§ 51042.** (a)(1)(A) A county or city and county may, after a public hearing, establish by ordinance an Urban Agriculture Incentive Zone within its boundaries for the purpose of entering into enforceable contracts with landowners, on a voluntary basis, for the use of vacant, unimproved, or blighted lands for small-scale agricultural use.

(B) A city may, after a public hearing and approval from the board of supervisors of the county in which the city is located, establish by ordinance an Urban Agriculture Incentive Zone within its boundaries for the purpose of entering into enforceable contracts with landowners, on a voluntary basis, for the use of vacant, unimproved, or blighted lands for small-scale agricultural use.

(2) Following the adoption of the ordinance pursuant to paragraph (1), a city, county, or city and county that has established an Urban Agriculture Incentive Zone within its boundaries may adopt rules and regulations consistent with the city, county, or city and county's zoning and other ordinances, for the implementation and administration of the Urban Agriculture Incentive Zone and of contracts related to that Urban Agriculture Incentive Zone.

(A) The city, county, or city and county may impose a fee upon contracting landowners for the reasonable costs of implementing and administering contracts.

(B) The city, county, or city and county shall impose a fee equal to the cumulative value of the tax benefit received during the duration of the contract upon landowners for cancellation of any contract prior to the expiration of the contract, unless the city, county, or city and county makes a determination that the cancellation was caused by extenuating circumstances despite the good faith effort by the landowner.

(b) Following the adoption of the ordinance as required by subdivision (a), a city, county, or a city and county may enter into a contract with a landowner to enforceably restrict the use of the land subject to the contract to uses consistent with urban agriculture. Any contract entered into pursuant to this chapter shall include, but is not limited to, all of the following provisions:

(1) An initial term of not less than five years.

(2) A restriction on property, or combination of contiguous properties, that is at least 0.1 acres, and not more than three acres.

(3) A requirement that the entire property, or combination of contiguous properties, subject to the contract shall be dedicated toward commercial or noncommercial agricultural use.

(4) A prohibition against any dwellings on the property while under contract.

(5) A notification that if a landowner cancels a contract, a city, county, or city and county is required to assess a cancellation fee, pursuant to subparagraph (B) of paragraph (2) of subdivision (a).

(c) A contract entered into pursuant to this chapter shall not prohibit the use of structures that support agricultural activity, including, but not limited to, toolsheds, greenhouses, produce stands, and instructional space.

(d) A contract entered into pursuant to this chapter that includes a prohibition on the use of pesticide or fertilizers on properties under contract shall permit those pesticides or fertilizers allowed by the United States Department of Agriculture's National Organic Program.

(e) A city, county, or city and county shall not enter into a new contract, or renew an existing contract pursuant to this chapter after January 1, 2029. Any contract entered into pursuant to this chapter on or before January 1, 2029, shall be valid and enforceable for the duration of the contract.

(f) Property subject to a contract entered into pursuant to this chapter shall be assessed pursuant to Section 422.7 of the Revenue and Taxation Code during the term of the contract.

(g) A county or a city and county shall not establish an Urban Agriculture Incentive Zone within any portion of the spheres of influence of a city unless the legislative body of the city has consented to the establishment of the Urban Agriculture Incentive Zone.

(h) A city, county, or city and county shall not establish an Urban Agriculture Incentive Zone in any area that is currently subject to, or has been subject to within the previous three years, a contract pursuant to the Williamson Act (Article 1 (commencing with Section 51200) of Chapter 7 of Part 1 of Division 1 of Title 5).

*(Amended by Stats. 2017, Ch. 313, Sec. 1. (AB 465) Effective January 1, 2018.)*

## **CHAPTER 6.6. Open-Space Easement Act of 1974**

### **Article 1. Declaration**

**§ 51070.** It is the intent of the Legislature in enacting this chapter to provide a means whereby any county or city may acquire or approve an open-space easement in perpetuity or for a term of years for the purpose of preserving and maintaining open space.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51071.** The Legislature finds that the rapid growth and spread of urban development is encroaching upon, or eliminating open-space lands which are necessary not only for the maintenance of the economy of the state, but also for the assurance of the continued availability of land for the production of food and fiber, for the enjoyment of scenic beauty, for recreation and for the use and conservation of natural resources.

*(Added by Stats. 1974, Ch. 1003.)*

**§ 51072.** The Legislature hereby declares that open-space lands, if preserved and maintained, would constitute important physical, social, economic or aesthetic assets to existing or pending urban development.

*(Added by Stats. 1974, Ch. 1003.)*

**§ 51073.** The Legislature further declares that the acquisition of open-space easements is in the public interest and constitutes a public purpose for which public funds may be expended or advanced.

*(Added by Stats. 1974, Ch. 1003.)*

### **Article 2. Definitions**

**§ 51075.** As used in this chapter, unless otherwise apparent from the context:

(a) "Open-space land" means any parcel or area of land or water which is essentially unimproved and devoted to an open-space use as defined in Section 65560 of the Government Code.

(b) "City" means any city or city and county.

(c) "Landowner" includes a lessee or trustee, if the expiration of the lease or trust occurs at a time later than the expiration of the open-space restriction or any extension thereof.

(d) "Open-space easement" means any right or interest in perpetuity or for a term of years in open-space land acquired by a county, city, or nonprofit organization pursuant to this chapter where the deed or other instrument granting such right or interest imposes restrictions which, through limitation of future use, will effectively preserve for public use or enjoyment the natural or scenic character of such open-space land. An open-space easement shall contain a covenant with the county, city, or nonprofit organization running with the land, either in perpetuity or for a term of years, that the landowner shall not construct or permit the construction of improvements except those for which the right is expressly reserved in the instrument provided that such reservation would not be inconsistent with the purposes of this chapter and which would not be incompatible with maintaining and preserving the natural or scenic character of the land. Any such covenant shall not prohibit the construction of either public service facilities installed for the benefit of the land subject to such covenant or public service facilities installed pursuant to an authorization by the governing body of the county or city or the Public Utilities Commission.

(e) "Open-space plan" means the open-space element of a county or city general plan adopted by the local governing body pursuant to Section 65560 of the Government Code.

(f) "Nonprofit organization" means any organization qualifying under Section 501(c)(3) of the Internal Revenue Code in the preceding tax year, and which includes the preservation of open space as a stated purpose in its articles of incorporation. Such qualification shall be demonstrated by a letter of determination from the Internal Revenue Service.

*(Amended by Stats. 1977, Ch. 1178.)*

### **Article 3. General Provisions**

**§ 51080.** Any county or city which has an adopted open-space plan may accept or approve a grant of an open-space easement on privately owned lands lying within the county or city in the manner provided in this chapter.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51081.** The execution and acceptance of a deed or other instrument described in subdivision (d) of Section 51075 shall constitute a dedication to the public of the open-space character of the lands for the term specified. Any such easement and covenant shall run for a term of not less than 10 years. An open-space easement for a term of years shall provide that on the anniversary date of the acceptance of the open-space easement or on such other annual date as specified by the deed or other instrument described in subdivision (d) of Section 51075, a year shall be added automatically to the initial term unless a notice of nonrenewal is given as provided in Section 51091.

*(Amended by Stats. 1975, Ch. 224.)*

**§ 51082.** A county or city may require a deed or other instrument described in subdivision (d) of Section 51075 to contain any such restrictions, conditions or covenants as are necessary or desirable to maintain the natural or scenic character of the land or to prevent any activity, use or action which could impair the open-space character of the land.

*(Amended by Stats. 1979, Ch. 373.)*

**§ 51083.** No deed or other instrument described in subdivision (d) of Section 51075 shall be effective until it has been accepted or approved by resolution of the governing body of the county or city and its acceptance endorsed thereon.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51083.5.** Notwithstanding any provisions of this chapter, the grant of any easement to a nonprofit organization shall be effective upon its acceptance by such organization. However, for the purposes of this chapter and Sections 421 to 432, inclusive, of the Revenue and Taxation Code, no such easement shall be considered as granted pursuant to this chapter unless the grant of such easement has been approved by the county or city in which the land lies pursuant to the provisions of this article.

*(Added by Stats. 1977, Ch. 1178.)*

**§ 51084.** A grant of an open-space easement shall not be accepted or approved by a county or city, unless the governing body, by resolution, finds:

(a) That the preservation of the land as open space is consistent with the general plan of the county or city; and

(b) That the preservation of the land as open space is in the best interest of the state, county, city, or city and county and is important to the public for the enjoyment of scenic beauty, for the use of natural resources, for recreation, or for the production of food or fiber specifically because one or more of the following reasons exists:

(1) That the land is essentially unimproved and if retained in its natural state has either scenic value to the public, or is valuable as a watershed or as a wildlife preserve, and the instrument contains appropriate covenants to that end.

(2) It is in the public interest that the land be retained as open space because such land either will add to the amenities of living in neighboring urbanized areas or will help preserve the rural character of the area in which the land is located.

(3) The land lies in an area that in the public interest should remain rural in character and the retention of the land as open space will preserve the rural character of the area.

(4) It is in the public interest that the land remain in its natural state, including the trees and other natural growth, as a means of preventing floods or because of its value as watershed.

(5) The land lies within an established scenic highway corridor.

(6) The land is valuable to the public as a wildlife preserve or sanctuary and the instrument contains appropriate covenants to that end.

(7) The public interest will otherwise be served in a manner recited in the resolution and consistent with the purposes of this subdivision and Section 8 of Article XIII of the Constitution of the State of California.

The resolution of the governing body shall establish a conclusive presumption that the conditions set forth in subdivisions (a) and (b) have been satisfied.

*(Amended by Stats. 2012, Ch. 875, Sec. 7. Effective January 1, 2013.)*

**§ 51085.** The governing body of the county or city may not accept or approve any grant of an open-space easement until the matter has first been referred to the county or city planning department or planning commission and a report thereon has been received from the planning department or planning commission. Within 30 days after receiving the proposal to accept or approve a grant of an open-space easement, the planning department or planning commission shall submit its report to the governing body. The governing body may extend the time for submitting such a report for an additional period not exceeding 30 days. The report shall specify whether the proposal is consistent with the general plan of the jurisdiction.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51086.** (a) From and after the time when an open-space easement has been accepted or approved by the county or city and its acceptance or approval endorsed thereon, no building permit may be issued for any structure which would violate the easement and the county or city shall seek by appropriate proceedings an injunction against any threatened construction or other development or activity on the land which would violate the easement and shall seek a mandatory injunction requiring the removal of any structure erected in violation of the easement.

In the event the county or city fails to seek an injunction against any threatened construction or other development or activity on the land which would violate the easement or to seek a mandatory injunction requiring the removal of any structure erected in violation of the easement, or if the county or city should construct any structure or development or conduct or permit any activity in violation of the easement, the owner of any property within the county or city, or any resident thereof, may, by appropriate proceedings, seek such an injunction.

(b) In the case of an open-space easement granted to a nonprofit organization pursuant to this chapter, such organization shall seek, through its official representatives, an injunction against any threatened construction or other development or activity on the land which would violate the easement and shall seek a mandatory injunction requiring the removal of any structure erected in violation of the easement.

(c) The court may award to a plaintiff or defendant who prevails in an action authorized by this section his or her costs of litigation, including reasonable attorney's fees.

(d) Nothing in this chapter shall limit the power of the state, or any department or agency thereof, or any county, city, school district, or any other local public district, agency or entity, or any other person authorized by law, to acquire land subject to an open-space easement by eminent domain.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51087.** Upon the acceptance or approval of any instrument creating an open-space easement the clerk of the governing body shall record the same in the office of the county recorder and file a copy thereof with the county assessor. The recording shall be consistent with Section 27255. From and after the time of the recordation, the easement shall impart notice thereof to all persons as is afforded by the recording laws of this state.

*(Amended by Stats. 2012, Ch. 875, Sec. 8. Effective January 1, 2013.)*

#### **Article 4. Termination of an Open-Space Easement**

**§ 51090.** An open-space easement for a term of years may be terminated only in accordance with the provisions of this article. An open-space easement may be terminated only by:

- (a) Nonrenewal, or
- (b) Abandonment.

Abandonment of an easement granted to the county or city pursuant to this chapter shall be controlled by Section 51093.

Abandonment or nonrenewal of an easement granted to a nonprofit organization pursuant to this chapter shall be effective only if approved by appropriate resolution of the governing body of such organization and such abandonment or nonrenewal initiated by a nonprofit organization has been approved by the county or city in which the land lies in the manner provided in Section 51093.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51091.** If either the landowner or the county, city, or nonprofit organization desires in any year not to renew the open-space easement, that party shall serve written notice of nonrenewal of the easement upon the other party at least 90 days in advance of the annual renewal date of the open-space easement. Unless such written notice is served at least 90 days in advance of the renewal date, the open-space easement shall be considered renewed as provided in Section 51081.

Upon receipt by the owner of a notice from the county, city, or nonprofit organization of nonrenewal, the owner may make a written protest of the notice of nonrenewal. The county, city, or nonprofit organization may, at any time prior to the renewal date, withdraw the notice of nonrenewal.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51092.** If the county, city, or nonprofit organization or the landowner serves notice of intent in any year not to renew the open-space easement, the existing open-space easement shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the open-space easement, as the case may be.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51093.** (a) The landowner may petition the governing body of the county or city for abandonment of any open-space easement or in the case of an open-space easement granted to a nonprofit organization pursuant to this chapter, for approval of abandonment by such organization, as to all of the subject land. The governing body may approve the abandonment of an open-space easement only if, by resolution, it finds:

- (1) That no public purpose described in Section 51084 will be served by keeping the land as open space; and
- (2) That the abandonment is not inconsistent with the purposes of this chapter; and
- (3) That the abandonment is consistent with the local general plan; and

(4) That the abandonment is necessary to avoid a substantial financial hardship to the landowner due to involuntary factors unique to him.

No resolution abandoning an open-space easement, or approving the abandonment of an open-space easement granted to a nonprofit organization pursuant to this chapter, shall be finally adopted until the matter has been referred to the county or city planning commission, the commission has held a public hearing thereon and furnished a report on the matter to the governing body stating whether the abandonment is consistent with the local general plan and the governing body has held at least one public hearing thereon after giving 30 days' notice thereof by publication in accordance with Section 6061 of the Government Code, and by posting notice on the land.

(b) Prior to approval of the resolution abandoning or approving the abandonment of an open-space easement, the county assessor of the county in which the land subject to the open-space easement is located shall determine the full cash value of the land as though it were free of the open-space easement. The assessor shall multiply such value by 25 percent, and shall certify the product to the governing body as the abandonment valuation of the land for the purpose of determining the abandonment fee.

(c) Prior to giving approval to the abandonment of any open-space easement, the governing body shall determine and certify to the county auditor the amount of the abandonment fee which the landowner must pay the county treasurer upon abandonment. That fee shall be an amount equal to 50 percent of the abandonment valuation of the property.

(d) Any sum collected pursuant to this section shall be transmitted by the county treasurer to the State Controller and be deposited in the State General Fund.

(e) An abandonment shall not become effective until the abandonment fee has been paid in full.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51094.** Upon the recording in the office of the county recorder of a certified copy of a resolution abandoning or approving the abandonment of an open-space easement and reciting compliance with the provisions of Section 51093, the land subject thereto shall be deemed relieved of the easement and the covenants of the owner contained therein shall be deemed terminated; provided, however, that no certified copy of any resolution abandoning or approving the abandonment of an open-space easement shall be recorded until the abandonment fee has been paid in full.

*(Amended by Stats. 1977, Ch. 1178.)*

## **Article 5. Eminent Domain and Other Provisions**

**§ 51095.** If any land or a portion thereof as to which any city or county has accepted or approved an open-space easement pursuant to this chapter is thereafter sought to be condemned for public use and the easement was received as a gift without the payment of any compensation therefor, the easement shall terminate as of the time of the filing of the complaint in condemnation as to the land or portion thereof sought to be taken for public use, and the owner shall be entitled to such compensation for the taking as he would have been entitled to had the land not been burdened by the easement.

*(Amended by Stats. 1977, Ch. 1178.)*

**§ 51096.** Lands subject to the grant of an open-space easement executed and accepted in accordance with this chapter shall be deemed to be enforceably restricted within the meaning of Section 8 of Article XIII of the Constitution of the State of California.

*(Amended by Stats. 1975, Ch. 224.)*

**§ 51097.** Nothing in this chapter shall be deemed to prevent or restrict the right or power of any county or city to acquire by purchase, gift, grant, bequest, devise, lease or otherwise any right or interest in real property for the purpose of preserving open space or for any other purpose under any other provisions of law.

*(Added by Stats. 1974, Ch. 1003.)*

## **CHAPTER 6.7. Timberland**

### **Article 2. Timberland Production Zones**

**§ 51110.** (a) On or before September 1, 1976, the assessor shall assemble a list of all parcels, regardless of size, which as of the lien date in 1976, were assessed for growing and harvesting timber as the highest and best use of the land, including all such parcels or portions thereof under agricultural preserve contracts.

(b) On or before September 1, 1976, the assessor shall notify by mail, which is certified and with return receipt requested, owners of parcels listed under subdivision (a) that their land has been included in such a list. This notice shall be substantially in the following form:

To: (name of taxpayer)

Pursuant to the Z'berg-Warren-Keene-Collier Forest Taxation Reform Act of 1976, \_\_\_\_\_ County must provide for the zoning of land used for growing and harvesting timber as timberland preserve zone (TPZ). A TPZ is a 10-year restriction on the use of land, and will replace the use of agricultural preserves (Williamson Act contracts) on timberland. Land use under a TPZ will be restricted to growing and harvesting timber, and to compatible uses approved by the county (or city). In return, taxation of timberland under a TPZ will be based only on such restrictions in use. To initiate this zoning procedure, the assessor has assembled a list (list "A") of all those parcels assessed for property tax purposes for growing and harvesting timber as the highest and best use of the land as of March 1, 1976. The following parcels of your land have been included in this list "A":

---

(legal description or assessor's parcel no

---

If you have one or more parcels listed above which you believe have a highest and best use other than growing and harvesting timber, you must submit to the assessor a written affidavit describing the intended use you have for this parcel(s), and do so before October 1, 1976. The assessor will then designate such parcel(s) as "contested" on the final list of these parcels which is submitted to the county board of supervisors (or city council) on October 15, 1976. A public hearing will be held prior to March 1, 1977, for the consideration of zoning your parcel(s) as TPZ. You will be given at least 20 days' notice of such hearing. Under the Timber Yield Tax Law, all noncontested parcels included in the final list "A" will be zoned as TPZ unless the owner

can demonstrate to the satisfaction of a majority of the full board (or council) that at least one of the following conditions exists:

- (i) That the parcel or parcels are not capable of growing an average annual volume of wood fiber of at least 15 cubic feet per acre; or
- (ii) That the current use of the parcel has changed subsequent to March 1, 1976, and that such use is no longer the growing and harvesting of timber, and is not compatible with the growing and harvesting of timber. Parcels designated as “contested” which appear on list “A” will be zoned as TPZ unless the owner can demonstrate to the satisfaction of a majority of the full board (or council) that it would not be in the public interest for such parcels(s) to be zoned as TPZ. Parcels in list “A” not zoned as TPZ will receive an alternate zone, if no appropriate zone currently exists. “Contested” parcels not zoned as TPZ will be valued in the future on a higher and better use of the land.

Detailed information on the TPZ zoning process and the Z’berg-Warren-Keene-Collier Forest Taxation Reform Act in general may be obtained from your county assessor’s office.

- (c) Upon notification pursuant to subdivision (b) owners of parcels listed pursuant to subdivision (a) may have one or more such parcels designated as “contested” in the following manner:

On or before October 1, 1976, the owner must notify the assessor in a written affidavit that such a parcel has the highest and best use which is not a compatible use for timberland, as determined by the board or council pursuant to Section 51111, and the owner shall state the intended use for such parcel. Upon receipt of such affidavit, the assessor shall designate such parcels on the list to be submitted to the board or council pursuant to subdivision (d) as “contested”. In preparing the assessment roll for the 1977–78 fiscal year and each fiscal year thereafter, the assessor shall take into account the owner’s notice of higher and better use in determining the fair market value for such parcels, if such parcels are not zoned as timberland preserve.

- (d) On or before October 15, 1976, the assessor shall submit to the board or council a list of all parcels, regardless of size, which as of the lien date in 1976, are assessed for growing and harvesting timber as the highest and best use of the land, including such parcels designated as “contested” pursuant to subdivision (c). This list shall be known as “list A”.

- (e) On or before August 19, 1976, the State Board of Equalization shall submit to the county assessor for inclusion in list A those parcels on the board roll which are located in the county and which, as of the lien date in 1976, were assessed by the State Board of Equalization for growing and harvesting timber as the highest and best use of the land.

*(Added by Stats. 1976, Ch. 176.)*

**§ 51110.1.** (a) On or before September 1, 1977, the assessor shall assemble a list of all parcels, which, as of the lien date in 1976, appeared in the judgment of the assessor to constitute timberland, but which were not assessed for growing and harvesting timber as the highest and best use of the land.

- (b) On or before September 1, 1977, the assessor shall notify by mail, which is certified and with return receipt requested, owners of parcels listed under subdivision (a) that their land has been included in such a list. This notice shall be substantially in the following form:

To: (name of taxpayer)

Pursuant to the Z'berg-Warren-Keene-Collier Forest Taxation Reform Act of 1976, \_\_\_\_ County must provide for the zoning of land used for growing and harvesting timber as timberland preserve zone (TPZ). A TPZ is a 10-year restriction on the use of land, and will replace the use of agricultural preserves (Williamson Act contracts) on timberland. Land use under a TPZ will be restricted to growing and harvesting timber, and to compatible uses approved by the county (or city). In return, taxation of timberland under a TPZ will be based only on such restrictions in use. As part of this zoning procedure, the assessor has assembled a list (list "B") of all those parcels which appear to be land used for growing and harvesting timber, but which are not assessed for property tax purposes as this being the highest and best use of the land. The following parcels of your land have been included in this list "B":

---

(Legal description or assessor's parcel no.)

---

A public hearing will be held prior to March 1, 1978, for the consideration of zoning your parcel(s) as TPZ. You will be given at least 20 days' notice of such hearing. Under the Z'berg-Warren-Keene-Collier Forest Taxation Reform Act, all parcels included in this list "B" will be zoned as TPZ unless the owner can demonstrate to the satisfaction of a majority of the full board (or council) that it would not be in the public interest for such parcel(s) to be zoned as TPZ. Parcels on list "B" not zoned as TPZ will receive an alternate zone, if no appropriate zone currently exists.

Detailed information on the TPZ zoning process and the Z'berg-Warren-Keene-Collier Forest Taxation Reform Act in general may be obtained from your county assessors office.

(c) On or before October 15, 1977, the assessor shall submit to the board or council a list of all parcels, which as of the lien date in 1976, appear to constitute timberland, but which are not assessed for growing and harvesting timber as the highest and best use of the land. This list shall be known as "list B".

(d) On or before August 19, 1977, the State Board of Equalization shall submit to the county assessor, for inclusion in list B, those parcels on the board roll which are located in the county and which as of the lien date in 1976, appear to constitute timberland, but which were not assessed by the State Board of Equalization for growing and harvesting timber as the highest and best use of the land.

*(Amended by Stats. 1977, Ch. 853.)*

## **Article 5. Removal from Zone**

**§ 51142.** (a) Upon immediate rezoning of a parcel in a timberland production zone, a tax recoupment fee shall be imposed on the owner of the land. Within 90 days following rezoning of land in the timberland production zone the county assessor shall reassess the rezoned parcels on the basis of the value of the property in its rezoned use. The assessor shall certify this value to the owner of the land and to the county auditor. The owner may appeal this new valuation in the same manner as an assessment appeal. The application for an appeal shall be filed with the clerk no later than 60 days after the date of the mailing of the notice certifying the new valuation. Except when under an appeal, after the certification the auditor shall, in cases of immediate rezoning, within 10 days compute the tax recoupment fee and certify the amount to the tax

collector. The tax collector shall notify the owner in writing of the amount and due date of the fee. Fees shall be due 60 days after mailing of notification.

(b) The tax recoupment fee shall apply only in cases of immediate rezoning and shall be a multiple of the difference between the amount of the tax last levied against the property when zoned as timberland production and the amount equal to the assessed valuation of the rezoned property times the tax rate of the current levy for the tax rate area, that multiple to be chosen from the following table according to subdivision (c):

Year	Multiple
1	1.06000
2	2.18360
3	3.37462
4	4.63709
5	5.97332
6	7.39384
7	8.89747
8	10.49132
9	12.18080
10	13.97164

(c) The multiple shall correspond to the number of years or fraction thereof, but in no event greater than 10, for which the land was zoned as timberland production or was subject to a contract under Chapter 7 (commencing with Section 51200).

(d) Tax recoupment fees imposed pursuant to this section shall be due and payable to the county in which the rezoning has taken place.

(e) In cases of immediate rezoning, an owner may submit a written application, requesting the waiver of tax recoupment fees and explaining the reasons therefor, to either the State Board of Equalization or, where the county board of supervisors has adopted an authorizing resolution, to the county board of supervisors. The board receiving an application pursuant to this subdivision may, if it determines that it is in the public interest, waive all or any portion of the fees.

*(Amended by Stats. 2001, Ch. 407, Sec. 1. Effective January 1, 2002.)*

## **CHAPTER 6.9. Solar-Use Easement**

### **Article 1. Definitions**

**§ 51190.** As used in this chapter, the following terms have the following meanings:

(a) "City" means any city or city and county.

(b) "Landowner" includes a lessee or trustee, if the expiration of the lease or trust occurs at a time later than the expiration of the restriction of the use of the land to photovoltaic solar facilities or any extension of the restriction.

(c) "Solar-use easement" means any right or interest acquired by a county, or city in perpetuity, for a term of years, or annually self-renewing as provided in Section 51191.2, in a parcel or parcels determined by the Department of Conservation pursuant to Section 51191 to

be eligible, where the deed or other instrument granting the right or interest imposes restrictions that, through limitation of future use, will effectively restrict the use of the land to photovoltaic solar facilities for the purpose of providing for the collection and distribution of solar energy for the generation of electricity, and any other incidental or subordinate agricultural, open-space uses, or other alternative renewable energy facilities. A solar-use easement shall not permit any land located in the easement to be used for any other use allowed in commercial, industrial, or residential zones. A solar-use easement shall contain a covenant with the county, or city running with the land, either in perpetuity or for a term of years, that the landowner shall not construct or permit the construction of improvements except those for which the right is expressly reserved in the instrument provided that those reservations would not be inconsistent with the purposes of this chapter and which would not be incompatible with the sole use of the property for solar photovoltaic facilities.

*(Added by Stats. 2011, Ch. 596, Sec. 8. Effective January 1, 2012.)*

## **Article 2. General Provisions**

**§ 51191.** (a) For purposes of this chapter, and for purposes of Chapter 7 (commencing with Section 51200), the Department of Conservation, in consultation with the Department of Food and Agriculture, upon a request from a city or county, may determine, based on substantial evidence, that a parcel or parcels is eligible for rescission under Section 51255.1 for placement into a solar-use easement if the following criteria are met:

(1) The land meets either of the following:

(A) The land consists predominately of soils with significantly reduced agricultural productivity for agricultural activities due to chemical or physical limitations, topography, drainage, flooding, adverse soil conditions, or other physical reasons.

(B) The land has severely adverse soil conditions that are detrimental to continued agricultural activities and production. Severely adverse soil conditions may include, but are not limited to, contamination by salts or selenium, or other naturally occurring contaminants.

(2) The parcel or parcels are not located on lands designated as prime farmland, unique farmland, or farmland of statewide importance, as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Natural Resources Agency, unless the Department of Conservation, in consultation with the Department of Food and Agriculture, determines that a parcel or parcels are eligible to be placed in a solar-use easement based on the information provided in subdivision (b) that demonstrates that circumstances exist that limit the use of the parcel for agricultural activities. For purposes of this section, the important farmland designations shall not be changed solely due to irrigation status.

(b) To assist in the determination described in this section, the city or county shall require the landowner to provide to the Department of Conservation the following information to the extent applicable:

(1) A written narrative demonstrating that even under the best currently available management practices, continued agricultural practices would be substantially limited due to the soil's reduced agricultural productivity from chemical or physical limitations.

(2) A recent soil test demonstrating that the characteristics of the soil significantly reduce its agricultural productivity.

(3) An analysis of water availability demonstrating the insufficiency of water supplies for continued agricultural production.

(4) An analysis of water quality demonstrating that continued agricultural production would, under the best currently available management practices, be significantly reduced.

(5) Crop and yield information for the past six years.

(c) The landowner shall provide the Department of Conservation with a proposed management plan describing how the soil will be managed during the life of the easement, how impacts to adjacent agricultural operations will be minimized, how the land will be restored to its previous general condition, as it existed at the time of project approval, upon the termination of the easement. If the Department of Conservation determines, in consultation with the Department of Food and Agriculture, pursuant to subdivision (a), that lands are subject to this section, the city or county shall require implementation of the management plan, which shall include any recommendations provided by the Department of Conservation, as part of any project approval.

(d) A determination by the Department of Conservation pursuant to this section related to a project described in Section 21080 of the Public Resources Code shall not be subject to Division 13 (commencing with Section 21000) of the Public Resources Code.

(e) The Department of Conservation may establish a fee to be paid by the landowner to recover the estimated costs incurred by the department in participating in the consultation described in this section.

*(Amended by Stats. 2012, Ch. 330, Sec. 7. Effective January 1, 2013.)*

**§ 51191.1.** Any county or city may enter into an agreement with a landowner pursuant to Section 51255.1 to use lands determined to be eligible pursuant to Section 51191 in a solar-use easement in the manner provided in this chapter.

*(Added by Stats. 2011, Ch. 596, Sec. 8. Effective January 1, 2012.)*

**§ 51191.2.** The execution and acceptance of a deed or other instrument described in subdivision (c) of Section 51190 shall constitute a dedication to the public of the use of lands for solar photovoltaic use. Any term easement and covenant shall run for a term of not less than 20 years unless a shorter term is requested by the landowner, in which case the term may be not less than 10 years. A solar-use easement for a term of years may provide that on the anniversary date of the acceptance of the solar-use easement, or on any other annual date as specified by the deed or other instrument described in subdivision (c) of Section 51190, a year shall be added automatically to the initial term unless a notice of nonrenewal is given as provided in Section 51192.

*(Added by Stats. 2011, Ch. 596, Sec. 8. Effective January 1, 2012.)*

**§ 51191.3.** (a) A county or city may require a deed or other instrument described in subdivision (c) of Section 51190 to contain any restrictions, conditions, or covenants as are necessary or desirable to restrict the use of the land to photovoltaic solar facilities.

(b) The restrictions, conditions, or covenants may include, but are not limited to, the following:

(1) Mitigation measures on the land that is subject to the solar-use easement.

(2) Mitigation measures beyond the land that is subject to the solar-use easement.

(3) If deemed necessary by the city or county to ensure that decommissioning requirements are met, the provision for financial assurances, such as performance bonds, letters of credit, a corporate guarantee, or other securities to fund, upon the cessation of the solar photovoltaic use, the restoration of the land that is subject to the easement to the conditions that existed before the approval or acceptance of that easement by the time that the easement terminates.

(4) Provision for necessary amendments by the parties provided that the amendments are consistent with the provisions of this chapter.

(c) For term easements or self-renewing easements, the restrictions, conditions, or covenants shall include a requirement for the landowner to post a performance bond or other securities to fund the restoration of the land that is subject to the easement to the conditions that existed before the approval or acceptance of the easement by the time the easement is extinguished. The Department of Conservation may adopt regulations pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2) to implement this subdivision.

*(Amended by Stats. 2012, Ch. 330, Sec. 8. Effective January 1, 2013.)*

**§ 51191.4.** No deed or other instrument described in subdivision (c) of Section 51190 shall be effective until it has been accepted or approved by resolution of the governing body of the county or city and its acceptance endorsed thereon.

*(Added by Stats. 2011, Ch. 596, Sec. 8. Effective January 1, 2012.)*

**§ 51191.5.** (a) During the term of the solar-use easement, the county or city shall not approve any land use on land covered by a solar easement that is inconsistent with the easement, and no building permit may be issued for any structure that would violate the easement. The county or city shall seek, by appropriate proceedings, an injunction against any threatened construction or other development or activity on the land that would violate the easement and shall seek a mandatory injunction requiring the removal of any structure erected in violation of the easement. If the county or city fails to seek an injunction against any threatened construction or other development or activity on the land that would violate the easement or to seek a mandatory injunction requiring the removal of any structure erected in violation of the easement, or if the county or city should construct any structure or development or conduct or permit any activity in violation of the easement, a person or entity may, by appropriate proceedings, seek an injunction.

(b) The court may award to a plaintiff who prevails in an action authorized by this section his or her cost of litigation, including reasonable attorney's fees.

(c) Nothing in this chapter shall limit the power of the state or any county, city, school district, or any other local public district, agency, or entity, or any other person authorized by law, to acquire land subject to a solar-use easement by eminent domain.

*(Added by Stats. 2011, Ch. 596, Sec. 8. Effective January 1, 2012.)*

**§ 51191.6.** Upon the acceptance or approval of any instrument creating a solar-use easement, the clerk of the governing body shall record the instrument in the office of the county recorder and file a copy with the county assessor. After the easement is recorded, it shall impart notice to all persons under the recording laws of this state.

*(Added by Stats. 2011, Ch. 596, Sec. 8. Effective January 1, 2012.)*

**§ 51191.7.** The parcel or parcels subject to a solar-use easement shall be assessed pursuant to Section 402.1 of the Revenue and Taxation Code during the term of the easement.

*(Added by Stats. 2011, Ch. 596, Sec. 8. Effective January 1, 2012.)*

**§ 51191.8.** The Department of Conservation may adopt regulations pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2) for the implementation of this chapter.

*(Added by Stats. 2011, Ch. 596, Sec. 8. Effective January 1, 2012.)*

### **Article 3. Extinguishment of a Solar-Use Easement**

**§ 51192.** (a) A solar-use easement may be extinguished on all or a portion of the parcel only by nonrenewal, termination, or by returning the land to its previous contract pursuant to Article 3 (commencing with Section 51240) of Chapter 7.

(b) (1) If either the landowner or the county or city desires in any year not to renew the solar-use easement on all or a portion of the parcel, that party shall serve written notice of nonrenewal of the easement upon the other party at least 90 days in advance of the annual renewal date of the solar-use easement. Unless written notice is served at least 90 days in advance of the renewal date, the solar-use easement shall be considered renewed as provided in Section 51191.2.

(2) Upon receipt by the owner of a notice from the county or city of nonrenewal, the owner may make a written protest of the notice of nonrenewal. The county or city may, at any time prior to the renewal date, withdraw the notice of nonrenewal.

(c) If the county, city, or the landowner serves notice of intent in any year not to renew the solar-use easement, the existing solar-use easement shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the solar-use easement, as the case may be.

*(Added by Stats. 2011, Ch. 596, Sec. 8. Effective January 1, 2012.)*

**§ 51192.1.** In the case of a solar-use easement that is extinguished because of a notice of nonrenewal by the landowner or due to termination, the landowner shall restore the land that is subject to the easement to the conditions that existed before the approval of the easement by the time the easement is extinguished.

*(Amended by Stats. 2012, Ch. 330, Sec. 9. Effective January 1, 2013.)*

**§ 51192.2.** (a) If all or a portion of the parcel held in a solar-use easement will no longer be used for the purposes outlined in the easement the landowner may petition the county or city to approve termination of the easement.

(b) Prior to any action by the county or city giving tentative approval to the termination of any easement, the county assessor of the county in which the land is located shall determine the current fair market value of the parcel or parcels to be terminated as though the parcel or parcels were free of the easement restriction. The assessor shall certify to the county or city the termination valuation of the parcel or parcels for the purpose of determining the termination fee.

At the same time, the assessor shall send a notice to the landowner and the Department of Conservation indicating the current fair market value of the parcel or parcels as though the parcel or parcels were free of the easement restriction and advise the parties, that upon their request, the assessor shall provide all information relevant to the valuation, excluding third-party information. If any information is confidential or otherwise protected from release, the department and the landowner shall hold it as confidential and return or destroy any protected information upon completion of all actions relating to valuation or termination of the easement on the property. The notice shall also advise the landowner and the department of the opportunity to request formal review from the assessor.

(c) Prior to giving tentative approval to the termination of any easement, the county or city shall determine and certify to the county auditor the amount of the termination fee that the landowner shall pay the county treasurer upon termination. That fee shall be an amount equal to 121/2 percent of the termination valuation of the property.

(d) If it finds that it is in the public interest to do so, the county or city may waive any payment or any portion of a payment by the landowner, or may extend the time for making the payment or a portion of the payment contingent upon the future use made of the parcel or parcels and the parcel or parcels economic return to the landowner for a period of time not to exceed the unexpired period of the easement, had it not been terminated, if both of the following occur:

(1) The termination is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner.

(2) The waiver or extension of time is approved by the Secretary of the Natural Resources Agency. The secretary shall approve a waiver or extension of time if the secretary finds that the granting of the waiver or extension of time by the county or city is consistent with the policies of this chapter and that the county or city complied with this article. In evaluating a request for a waiver or extension of time, the secretary shall review the findings of the county or city, the evidence in the record of the county or city, and any other evidence the secretary may receive concerning the termination, waiver, or extension of time.

(e) When termination fees required by this section are collected, they shall be transmitted by the county treasurer to the Controller and deposited in the General Fund, except as provided in subdivision (b) of Section 51203 or subdivision (d) of Section 51283.

(f) It is the intent of the Legislature that fees paid to terminate a contract do not constitute taxes but are payments that, when made, provide a private benefit that tends to increase the value of the property.

*(Amended by Stats. 2012, Ch. 330, Sec. 10. Effective January 1, 2013.)*

## **CHAPTER 7. Agricultural Land**

### **Article 1. General Provisions**

**§ 51200.** This chapter shall be known as the California Land Conservation Act of 1965 or as the Williamson Act.

*(Amended by Stats. 1967, Ch. 1371.)*

**§ 51201.** As used in this chapter, unless otherwise apparent from the context, the following terms have the following meanings:

(a) “Agricultural commodity” means any and all plant and animal products produced in this state for commercial purposes, including, but not limited to, plant products used for producing biofuels, and industrial hemp cultivated in accordance with Division 24 (commencing with Section 81000) of the Food and Agriculture Code.

(b) “Agricultural use” means use of land, including but not limited to greenhouses, for the purpose of producing an agricultural commodity for commercial purposes.

(c) “Prime agricultural land” means any of the following:

(1) All land that qualifies for rating as class I or class II in the Natural Resource Conservation Service land use capability classifications.

(2) Land which qualifies for rating 80 through 100 in the Storie Index Rating.

(3) Land which supports livestock used for the production of food and fiber and which has an annual carrying capacity equivalent to at least one animal unit per acre as defined by the United States Department of Agriculture.

(4) Land planted with fruit- or nut-bearing trees, vines, bushes, or crops which have a nonbearing period of less than five years and which will normally return during the commercial bearing period on an annual basis from the production of unprocessed agricultural plant production not less than two hundred dollars (\$200) per acre.

(5) Land which has returned from the production of unprocessed agricultural plant products an annual gross value of not less than two hundred dollars (\$200) per acre for three of the previous five years.

(d) “Agricultural preserve” means an area devoted to either agricultural use, as defined in subdivision (b), recreational use as defined in subdivision (n), or open-space use as defined in subdivision (o), or any combination of those uses and which is established in accordance with the provisions of this chapter.

(e) “Compatible use” is any use determined by the county or city administering the preserve pursuant to Section 51231, 51238, or 51238.1 or by this act to be compatible with the agricultural, recreational, or open-space use of land within the preserve and subject to contract. “Compatible use” includes agricultural use, recreational use or open-space use unless the board or council finds after notice and hearing that the use is not compatible with the agricultural, recreational or open-space use to which the land is restricted by contract pursuant to this chapter.

(f) “Board” means the board of supervisors of a county which establishes or proposes to establish an agricultural preserve or which enters or proposes to enter into a contract on land within an agricultural preserve pursuant to this chapter.

(g) “Council” means the city council of a city which establishes or proposes to establish an agricultural preserve or which enters or proposes to enter into a contract on land within an agricultural preserve pursuant to this chapter.

(h) Except where it is otherwise apparent from the context, “county” or “city” means the county or city having jurisdiction over the land.

(i) A “scenic highway corridor” is an area adjacent to, and within view of, the right-of-way of:

(1) An existing or proposed state scenic highway in the state scenic highway system established by the Legislature pursuant to Article 2.5 (commencing with Section 260) of Chapter

2 of Division 1 of the Streets and Highways Code and which has been officially designated by the Department of Transportation as an official state scenic highway; or

(2) A county scenic highway established pursuant to Article 2.5 (commencing with Section 260) of Chapter 2 of Division 1 of the Streets and Highways Code, if each of the following conditions have been met:

(A) The scenic highway is included in an adopted general plan of the county or city; and

(B) The scenic highway corridor is included in an adopted specific plan of the county or city; and

(C) Specific proposals for implementing the plan, including regulation of land use, have been approved by the Advisory Committee on a Master Plan for Scenic Highways, and the county or city highway has been officially designated by the Department of Transportation as an official county scenic highway.

(j) A "wildlife habitat area" is a land or water area designated by a board or council, after consulting with and considering the recommendation of the Department of Fish and Game, as an area of importance for the protection or enhancement of the wildlife resources of the state.

(k) A "saltpond" is an area which, for at least three consecutive years immediately prior to being placed within an agricultural preserve pursuant to this chapter, has been used for the solar evaporation of seawater in the course of salt production for commercial purposes.

(l) A "managed wetland area" is an area, which may be an area diked off from the ocean or any bay, river or stream to which water is occasionally admitted, and which, for at least three consecutive years immediately prior to being placed within an agricultural preserve pursuant to this chapter, was used and maintained as a waterfowl hunting preserve or game refuge or for agricultural purposes.

(m) A "submerged area" is any land determined by the board or council to be submerged or subject to tidal action and found by the board or council to be of great value to the state as open space.

(n) "Recreational use" is the use of land in its agricultural or natural state by the public, with or without charge, for any of the following: walking, hiking, picnicking, camping, swimming, boating, fishing, hunting, or other outdoor games or sports for which facilities are provided for public participation. Any fee charged for the recreational use of land as defined in this subdivision shall be in a reasonable amount and shall not have the effect of unduly limiting its use by the public. Any ancillary structures necessary for a recreational use shall comply with the provisions of Section 51238.1.

(o) "Open-space use" is the use or maintenance of land in a manner that preserves its natural characteristics, beauty, or openness for the benefit and enjoyment of the public, to provide habitat for wildlife, or for the solar evaporation of seawater in the course of salt production for commercial purposes, if the land is within:

(1) A scenic highway corridor, as defined in subdivision (i).

(2) A wildlife habitat area, as defined in subdivision (j).

(3) A saltpond, as defined in subdivision (k).

(4) A managed wetland area, as defined in subdivision (l).

(5) A submerged area, as defined in subdivision (m).

(6) An area enrolled in the United States Department of Agriculture Conservation Reserve Program or Conservation Reserve Enhancement Program.

(p) “Development” means, as used in Section 51223, the construction of buildings or the use of the restricted property if the buildings or use are unrelated to the agricultural use, the open-space use, or uses compatible with either agricultural or open-space uses of the property, or substantially impair the agricultural, open-space, or a combination of the agricultural and open-space uses of the property. Agricultural use, open-space use, uses compatible with either agricultural or open-space uses, or the acquisition of land or an interest in land are not development.

*(Amended by Stats. 2019, Ch. 273., Sec. 1, Effective January 1, 2020.)*

**§ 51205.** Notwithstanding any provisions of this chapter to the contrary, land devoted to recreational use or land within a scenic highway corridor, a wildlife habitat area, a saltpond, a managed wetland area, or a submerged area may be included within an agricultural preserve pursuant to this chapter. When such land is included within an agricultural preserve, the city or county within which it is situated may contract with the owner for the purpose of restricting the land to recreational or open space use and uses compatible therewith in the same manner as provided in this chapter for land devoted to agricultural use. For purposes of this section, where the term “agricultural land” is used in this chapter, it shall be deemed to include land devoted to recreational use and land within a scenic highway corridor, a wildlife habitat area, a saltpond, a managed wetland area, or a submerged area, and where the term “agricultural use” is used in this chapter, it shall be deemed to include recreational and open space use.

*(Amended by Stats. 1970, Ch. 1281.)*

**§ 51205.1.** Notwithstanding any provisions of this chapter to the contrary, land within a scenic highway corridor, as defined in subdivision (i) of Section 51201, shall, upon the request of the owner, be included in an agricultural preserve pursuant to this chapter. When such land is included within an agricultural preserve, the city or county within which it is situated shall contract with the owner for the purpose of restricting the land to agricultural use as defined in subdivision (b), recreational use as defined in subdivision (n), open-space use as defined in subdivision (o), compatible use as defined in subdivision (e), or any combination of such uses.

*(Added by Stats. 1978, Ch. 1120.)*

**§ 51206.** The Department of Conservation may meet with and assist local, regional, state, and federal agencies, organizations, landowners, or any other person or entity in the interpretation of this chapter. The department may research, publish, and disseminate information regarding the policies, purposes, procedures, administration, and implementation of this chapter. This section shall be liberally construed to permit the department to advise any interested person or entity regarding this chapter.

*(Added by Stats. 1986, Ch. 607, Sec. 1.)*

**§ 51207.** (a) On or before May 1 of every other year, the Department of Conservation shall post on its internet website the following information:

(b) The information shall contain the number of acres of land under contract and the number of acres of land which were removed from contract through cancellation, eminent domain, or annexation.

(c) The information shall also contain the following specific information relating to cities and counties participating in the Williamson Act program:

(1) The number of tentative certificates of cancellation that were mailed to the Director of Conservation pursuant to Section 51284 which were approved by boards or councils during the prior two years or for which approval is still pending by boards or councils.

(2) The amount of cancellation fees payable to the county treasurer and which are required to be transmitted to the Controller pursuant to subdivision (d) of Section 51283 which have not been collected or which remain unpaid.

(3) The total number of acres covered by certificates of cancellation of contracts during the previous two years.

*(Amended by Stats. 2021, Ch. 644, Sec. 2. (SB 574))*

## **Article 2. Declaration**

**§ 51220.** The Legislature finds:

(a) That the preservation of a maximum amount of the limited supply of agricultural land is necessary to the conservation of the state's economic resources, and is necessary not only to the maintenance of the agricultural economy of the state, but also for the assurance of adequate, healthful and nutritious food for future residents of this state and nation.

(b) That the agricultural work force is vital to sustaining agricultural productivity; that this work force has the lowest average income of any occupational group in this state; that there exists a need to house this work force of crisis proportions which requires including among agricultural uses the housing of agricultural laborers; and that such use of agricultural land is in the public interest and in conformity with the state's Farmworker Housing Assistance Plan.

(c) That the discouragement of premature and unnecessary conversion of agricultural land to urban uses is a matter of public interest and will be of benefit to urban dwellers themselves in that it will discourage discontinuous urban development patterns which unnecessarily increase the costs of community services to community residents.

(d) That in a rapidly urbanizing society agricultural lands have a definite public value as open space, and the preservation in agricultural production of such lands, the use of which may be limited under the provisions of this chapter, constitutes an important physical, social, esthetic and economic asset to existing or pending urban or metropolitan developments.

(e) That land within a scenic highway corridor or wildlife habitat area as defined in this chapter has a value to the state because of its scenic beauty and its location adjacent to or within view of a state scenic highway or because it is of great importance as habitat for wildlife and contributes to the preservation or enhancement thereof.

(f) For these reasons, this chapter is necessary for the promotion of the general welfare and the protection of the public interest in agricultural land.

*(Amended by Stats. 1980, Ch. 1219.)*

**§ 51220.5.** The Legislature finds and declares that agricultural operations are often hindered or impaired by uses which increase the density of the permanent or temporary human population of the agricultural area. For this reason, cities and counties shall determine the types of uses to

be deemed “compatible uses” in a manner which recognizes that a permanent or temporary population increase often hinders or impairs agricultural operations.

*(Added by Stats. 1986, Ch. 607, Sec. 3.)*

**§ 51221.** The Legislature further declares that the expenditure of public funds under the provisions of this chapter is in the public interest and is necessary to the accomplishment of the purposes herein set forth.

*(Added by Stats. 1965, Ch. 1443.)*

**§ 51222.** The Legislature further declares that it is in the public interest for local officials and landowners to retain agricultural lands which are subject to contracts entered into pursuant to this act in parcels large enough to sustain agricultural uses permitted under the contracts. For purposes of this section, agricultural land shall be presumed to be in parcels large enough to sustain their agricultural use if the land is (1) at least 10 acres in size in the case of prime agricultural land, or (2) at least 40 acres in size in the case of land which is not prime agricultural land.

*(Amended by Stats. 1990, Ch. 841, Sec. 3.)*

**§ 51223.** (a) A city council or board of supervisors, as the case may be, shall, prior to rescinding a contract for the purpose of restricting the same land by an open-space contract pursuant to Section 51254 or by entering to an open-space agreement pursuant to Section 51255, determine that the parcel or parcels are large enough to provide open-space benefits, by providing habitat for wildlife, or preserving its natural characteristics, beauty, or openness for the benefit and enjoyment of the public.

(b) Uses or development permitted on land subject to an open-space contract, or subject to an open-space easement agreement pursuant to Section 51255, shall satisfy one or both of the following:

(1) Comply with the provisions of Section 51238.1 or 51238.2.

(2) Consist of, cause, facilitate, or benefit one or more open-space uses on the land.

(c) If an open-space contract is executed pursuant to Section 51205, or if a contract is rescinded for the purpose of restricting the same land by an open-space contract pursuant to Section 51254, or an open-space easement agreement pursuant to Section 51255, either of the following shall apply:

(1) The resulting open-space contract shall not permit new development during the period the contract is in effect, except that uses compatible with or related to the open-space uses would be permitted.

(2) The resulting open-space easement agreement shall not permit new development during the time equal to the time remaining on the contract at the time of its rescission, except that uses compatible with, or related to, the open-space uses would be permitted.

(d) For the purposes of this section, agriculture and uses compatible with agriculture are compatible with open-space uses, unless otherwise provided by local rules or ordinances.

(e) A board or council shall not accept or approve a petition for rescission pursuant to Sections 51254 or 51255 if the city or county, within which the land for which the rescission is sought is located, has discovered or received notice of a likely material breach on the land

pursuant to the process specified in Section 51250, unless the rescission is a part of the process specified in Section 51250.

*(Added by Stats. 2008, Ch. 503, Sec. 2. Effective January 1, 2009.)*

## **Article 2.5. Agricultural Preserves**

**§ 51230.** Beginning January 1, 1971, any county or city having a general plan, and until December 31, 1970, any county or city, by resolution, and after a public hearing may establish an agricultural preserve. Notice of the hearing shall be published pursuant to Section 6061, and shall include a legal description, or the assessor's parcel number, of the land which is proposed to be included within the preserve. The preserves shall be established for the purpose of defining the boundaries of those areas within which the city or county will be willing to enter into contracts pursuant to this act. An agricultural preserve shall consist of no less than 100 acres; provided, that in order to meet this requirement two or more parcels may be combined if they are contiguous or if they are in common ownership; and further provided, that in order to meet this requirement land zoned as timberland production pursuant to Chapter 6.7 (commencing with Section 51100) may be taken into account.

A county or city may establish agricultural preserves of less than 100 acres if it finds that smaller preserves are necessary due to the unique characteristics of the agricultural enterprises in the area and that the establishment of preserves of less than 100 acres is consistent with the general plan of the county or city.

An agricultural preserve may contain land other than agricultural land, but the use of any land within the preserve and not under contract shall within two years of the effective date of any contract on land within the preserve be restricted by zoning, including appropriate minimum parcel sizes that are at a minimum consistent with this chapter, in such a way as not to be incompatible with the agricultural use of the land, the use of which is limited by contract in accordance with this chapter.

Failure on the part of the board or council to restrict the use of land within a preserve but not subject to contract shall not be sufficient reason to cancel or otherwise invalidate a contract.

*(Amended by Stats. 1999, Ch. 1018, Sec. 3. Effective January 1, 2000.)*

**§ 51230.1.** (a) Nothing contained in this chapter shall prevent the transfer of ownership from one immediate family member to another of a portion of land which is currently designated as an agricultural preserve in accordance with the provisions of this chapter, if all of the following conditions are satisfied:

(1) The parcel to be transferred is at least 10 acres in size in the case of prime agricultural land or at least 40 acres in size in the case of land which is not prime agricultural land, and otherwise meets the requirements of Section 51222.

(2) The parcel to be transferred conforms to the applicable local zoning and land division ordinances and any applicable local coastal program certified pursuant to Chapter 6 (commencing with Section 30500) of Division 20 of the Public Resources Code.

(3) The parcel to be transferred complies with all applicable requirements relating to agricultural income and permanent agricultural improvements which are imposed by the county or city as a condition of a contract executed pursuant to Article 3 (commencing with Section 51240) covering the land of which the parcel to be transferred is a portion. For purposes of this

paragraph, if the contracted land already complies with these requirements, the portion of that land to be transferred shall be deemed to comply with these requirements.

(4) There exists a written agreement between the immediate family members who are parties to the proposed transfer that the land which is subject to a contract executed pursuant to Article 3 (commencing with Section 51240) and the portion of that land which is to be transferred will be operated under the joint management of the parties subject to the terms and conditions and for the duration of the contract executed pursuant to Article 3 (commencing with Section 51240).

(b) A transfer of ownership described in subdivision (a) shall have no effect on any contract executed pursuant to Article 3 (commencing with Section 51240) covering the land of which a portion was the subject of that transfer. The portion so transferred shall remain subject to that contract.

(c) For purposes of this section, "immediate family" means the spouse of the landowner, the natural or adopted children of the landowner, the parents of the landowner, or the siblings of the landowner.

*(Amended by Stats. 1987, Ch. 232, Sec. 1.)*

**§ 51230.2.** (a) Except as provided in Section 51238, and notwithstanding Section 51222 or 66474.4, a landowner may subdivide land that is currently designated as an agricultural preserve if all of the following apply:

(1) The parcel to be sold or leased is no more than five acres.

(2) The parcel shall be sold or leased to a nonprofit organization, a city, a county, a housing authority, or a state agency. A lessee that is a nonprofit organization shall not sublease that parcel without the written consent of the landowner.

(3) The parcel to be sold or leased shall be subject to a deed restriction that limits the use of the parcel to agricultural laborer housing facilities for not less than 30 years. That deed restriction shall also require that parcel to be merged with the parcel from which it was subdivided when the parcel ceases to be used for agricultural laborer housing.

(4) There is a written agreement between the parties to the sale or lease and their successors to operate the parcel to be sold or leased under joint management of the parties, subject to the terms and conditions and for the duration of the contract executed pursuant to Article 3 (commencing with Section 51240).

(5) The parcel to be sold or leased is (A) within a city or (B) in an unincorporated territory or sphere of influence that is contiguous to one or more parcels that are already zoned residential, commercial, or industrial and developed with existing residential, commercial, or industrial uses.

(b) The agricultural labor housing project shall be designed to abate, to the extent practicable, impacts on adjacent landowners' agricultural husbandry practices. The final plan for the housing shall include an addendum that explains what features will be included to meet this goal.

(c) A subdivision of land pursuant to this section shall not affect any contract executed pursuant to Article 3 (commencing with Section 51240). The parcel to be sold or leased shall remain subject to that contract.

*(Added by Stats. 1999, Ch. 967, Sec. 1. Effective January 1, 2000.)*

**§ 51231.** (a) For the purposes of this chapter, the board or council, by resolution, shall adopt rules governing the administration of agricultural preserves, including procedures for initiating, filing, and processing requests to establish agricultural preserves. Rules related to compatible uses shall be consistent with the provisions of Section 51238.1. Those rules shall be applied uniformly throughout the preserve. The board or council may require the payment of a reasonable application fee. The same procedure that is required to establish an agricultural preserve shall be used to disestablish or to enlarge or diminish the size of an agricultural preserve. In adopting rules related to compatible uses, the board or council may enumerate those uses, including agricultural laborer housing, that are to be considered to be compatible uses on contracted lands separately from those uses that are to be considered to be compatible uses on lands not under contract within the agricultural preserve.

(b) The rules adopted pursuant to this section may provide that commercial cultivation of cannabis in accordance with Division 10 (commencing with Section 26000) of the Business and Professions Code may constitute a compatible use on contracted or noncontracted lands. (Amended by Stats. 2019, Ch. 273, Sec. 2. (SB 527) Effective January 1, 2020.)

**§ 51232.** In the event any proposal to disestablish or to alter the boundary of an agricultural preserve will remove land under contract from such a preserve, notice of the proposed alteration or disestablishment and the date of the hearing shall be furnished by the board or council to the owner of the land by certified mail directed to him at his latest address known to the board or council. Such notice shall also be published pursuant to Section 6061 and shall be furnished by first-class mail to each owner of land under contract, any portion of which is situated within one mile of the exterior boundary of the land to be removed from the preserve. (Amended by Stats. 1978, Ch. 1120.)

**§ 51233.** When a county proposes to establish, disestablish, or alter the boundary of an agricultural preserve it shall give written notice at least two weeks before the hearing to the local agency formation commission and to every city within the county within one mile of the exterior boundaries of the preserve. (Amended by Stats. 1978, Ch. 1120.)

**§ 51234.** Any proposal to establish an agricultural preserve shall be submitted to the planning department of the county or city having jurisdiction over the land. If the county or city has no planning department, a proposal to establish an agricultural preserve shall be submitted to the planning commission. Within 30 days after receiving such a proposal, the planning department or planning commission shall submit a report thereon to the board or council. However, the board or council may extend the time allowed for an additional period not to exceed 30 days.

The report shall include a statement that the preserve is consistent with the general plan, and the board or council shall make a finding to that effect. Final action upon the establishment of an agricultural preserve may not be taken by the board or council until the report required by this section is received from the planning department or planning commission, or until the required 30 days have elapsed and any extension thereof granted by the board or council has elapsed. (Amended by Stats. 1999, Ch. 1018, Sec. 4. Effective January 1, 2000.)

**§ 51235.** An agricultural preserve shall continue in full effect following annexation, detachment, incorporation or disincorporation of land within the preserve.

Any city or county acquiring jurisdiction over land in a preserve by annexation, detachment, incorporation or disincorporation shall have all the rights and responsibilities specified in this act for cities or counties including the right to enlarge, diminish or disestablish an agricultural preserve within its jurisdiction.

*(Amended by Stats. 1984, Ch. 523, Sec. 1. Effective July 17, 1984.)*

**§ 51236.** The effect of removal of land under contract from an agricultural preserve shall be the equivalent of notice of nonrenewal by the city or county removing the land from the agricultural preserve and such city or county shall, at least 60 days prior to the next renewal date following the removal, serve a notice of nonrenewal as provided in Section 51245. Such notice of nonrenewal shall be recorded as provided in Section 51248.

*(Added by Stats. 1969, Ch. 1372.)*

**§ 51237.** Whenever an agricultural preserve is established, and so long as it shall be in effect, a map of such agricultural preserve and the resolution under which the preserve was established shall be filed and kept current by the city or county with the county recorder.

*(Amended by Stats. 1971, Ch. 925.)*

**§ 51237.5.** On or before January 30 of each year, each city or county in which any agricultural preserve is located shall provide the department with geographical information system (GIS) data files of all agricultural preserves and Williamson Act contracted land in existence at the end of the preceding year.

*(Amended by Stats. 2021, Ch. 644, Sec. 3 (SB 574))*

**§ 51238.** (a) (1) Notwithstanding any determination of compatible uses by the county or city pursuant to this article, unless the board or council after notice and hearing makes a finding to the contrary, the erection, construction, alteration, or maintenance of gas, electric, water, communication, or agricultural laborer housing facilities are hereby determined to be compatible uses within any agricultural preserve.

(2) No land occupied by gas, electric, water, communication, or agricultural laborer housing facilities shall be excluded from an agricultural preserve by reason of that use.

(b) The board of supervisors may impose conditions on lands or land uses to be placed within preserves to permit and encourage compatible uses in conformity with Section 51238.1, particularly public outdoor recreational uses.

*(Amended by Stats. 1999, Ch. 967, Sec. 2. Effective January 1, 2000.)*

**§ 51238.1.** (a) Uses approved on contracted lands shall be consistent with all of the following principles of compatibility:

(1) The use will not significantly compromise the long-term productive agricultural capability of the subject contracted parcel or parcels or on other contracted lands in agricultural preserves.

(2) The use will not significantly displace or impair current or reasonably foreseeable agricultural operations on the subject contracted parcel or parcels or on other contracted lands in agricultural preserves. Uses that significantly displace agricultural operations on the subject contracted parcel or parcels may be deemed compatible if they relate directly to the production of commercial agricultural products on the subject contracted parcel or parcels or neighboring lands, including activities such as harvesting, processing, or shipping.

(3) The use will not result in the significant removal of adjacent contracted land from agricultural or open-space use.

In evaluating compatibility a board or council shall consider the impacts on noncontracted lands in the agricultural preserve or preserves.

(b) A board or council may include in its compatible use rules or ordinance conditional uses which, without conditions or mitigations, would not be in compliance with this section. These conditional uses shall conform to the principles of compatibility set forth in subdivision (a) or, for nonprime lands only, satisfy the requirements of subdivision (c).

(c) In applying the criteria pursuant to subdivision (a), the board or council may approve a use on nonprime land which, because of onsite or offsite impacts, would not be in compliance with paragraphs (1) and (2) of subdivision (a), provided the use is approved pursuant to a conditional use permit that shall set forth findings, based on substantial evidence in the record, demonstrating the following:

(1) Conditions have been required for, or incorporated into, the use that mitigate or avoid those onsite and offsite impacts so as to make the use consistent with the principles set forth in paragraphs (1) and (2) of subdivision (a) to the greatest extent possible while maintaining the purpose of the use.

(2) The productive capability of the subject land has been considered as well as the extent to which the use may displace or impair agricultural operations.

(3) The use is consistent with the purposes of this chapter to preserve agricultural and open-space land or supports the continuation of agricultural uses, as defined in Section 51205, or the use or conservation of natural resources, on the subject parcel or on other parcels in the agricultural preserve. The use of mineral resources shall comply with Section 51238.2.

(4) The use does not include a residential subdivision.

For the purposes of this section, a board or council may define nonprime land as land not defined as “prime agricultural land” pursuant to subdivision (c) of Section 51201 or as land not classified as “agricultural land” pursuant to subdivision (a) of Section 21060.1 of the Public Resources Code.

Nothing in this section shall be construed to overrule, rescind, or modify the requirements contained in Sections 51230 and 51238 related to noncontracted lands within agricultural preserves.

*(Added by Stats. 1994, Ch. 1251, Sec. 5. Effective January 1, 1995.)*

**§ 51238.2.** Mineral extraction that is unable to meet the principles of Section 51238.1 may nevertheless be approved as compatible use if the board or council is able to document that (a) the underlying contractual commitment to preserve prime agricultural land, as defined in subdivision (c) of Section 51201, or (b) the underlying contractual commitment to preserve land

that is not prime agricultural land for open-space use, as defined in subdivision (o) of Section 51201, will not be significantly impaired.

Conditions imposed on mineral extraction as a compatible use of contracted land shall include compliance with the reclamation standards adopted by the Mining and Geology Board pursuant to Section 2773 of the Public Resources Code, including the applicable performance standards for prime agricultural land and other agricultural land, and no exception to these standards may be permitted.

For purposes of this section, "contracted land" means all land under a single contract for which an applicant seeks a compatible use permit.

*(Amended by Stats. 2004, Ch. 118, Sec. 17. Effective January 1, 2005.)*

**§ 51238.3.** (a) The requirements of Sections 51238.1 and 51238.2 shall not apply to compatible uses for which an application was submitted to the city or county prior to June 7, 1994, provided that the use constituted a "compatible use" as that term was defined by this chapter either at the time the application was submitted, or at the time the Williamson Act contract was signed with respect to the subject contract lands, whichever is later.

(b) Neither shall the requirements of Sections 51238.1 and 51238.2 apply to land uses of contracted lands in place prior to June 7, 1994, that constituted a "compatible use" as the term "compatible use" was defined by this chapter either at the time the use was initiated, or at the time the Williamson Act contract was signed with respect to the subject contract lands, whichever is later.

(c) (1) Neither shall the requirements of Sections 51238.1 and 51238.2 apply to uses that are expressly specified within the contract itself prior to June 7, 1994, and that constituted a "compatible use" as the term "compatible use" was defined by this chapter at the time that Williamson Act contract was signed with respect to the subject contract lands, or at the time the contract was amended to include the uses, whichever is later. For purposes of this subdivision, the requirements of Sections 51238.1 and 51238.2, effective January 1, 1995, shall apply to contracts for which contract nonrenewal was initiated and was withdrawn after January 1, 1995.

(2) For purposes of this chapter, a compatible use is considered to be expressly specified within the contract only if it is specifically enumerated within the four corners of the Williamson Act contract either without the benefit of referenced documents, or with respect to Williamson Act contracts signed on or before June 7, 1997, with the benefit of referenced documents as those documents existed at the time the Williamson Act contract was initially signed. This subdivision shall be narrowly construed to be consistent with the purposes of this chapter.

*(Amended by Stats. 2000, Ch. 889, Sec. 1. Effective January 1, 2001.)*

**§ 51238.5.** (a) If an owner of land agrees to permit the use of his or her land for free public recreation, the board or council may agree to indemnify the owner against all claims arising from that public use. The owner's agreement that the land be used for free, public recreation shall not be construed as an implied dedication to that use.

(b) If an owner of land agrees to permit the use of his or her land for agricultural laborer housing facilities authorized pursuant to Section 51238, the city, county, housing authority, state

agency, or nonprofit organization may indemnify the owner against all claims arising from that use.

*(Amended by Stats. 1999, Ch. 967, Sec. 3. Effective January 1, 2000.)*

**§ 51239.** The board or council may appoint an advisory board, the members of which shall serve at the pleasure of the board or council and may be paid their expenses. They shall advise the board or council on the administration of the agricultural preserves in the county or city and on any matters relating to contracts entered into pursuant to this chapter.

*(Added by Stats. 1969, Ch. 1372.)*

### **Article 3. Contracts**

[51240-51257.5] (Article 3 added by Stats. 1965, Ch. 1443.)

**§ 51240.** Any city or county may by contract limit the use of agricultural land for the purpose of preserving such land pursuant and subject to the conditions set forth in the contract and in this chapter. A contract may provide for restrictions, terms, and conditions, including payments and fees, more restrictive than or in addition to those required by this chapter.

*(Amended by Stats. 1969, Ch. 1372.)*

**§ 51241.** If such a contract is made with any landowner, the city or county shall offer such a contract under similar terms to every other owner of agricultural land within the agricultural preserve in question.

However, except as required by other provisions of this chapter, the provisions of this section shall not be construed as requiring that all contracts affecting land within a preserve be identical, so long as such differences as exist are related to differences in location and characteristics of the land and are pursuant to uniform rules adopted by the county or city.

*(Amended by Stats. 1969, Ch. 1372.)*

**§ 51242.** No city or county may contract with respect to any land pursuant to this chapter unless the land:

(a) Is devoted to agricultural use.

(b) Is located within an area designated by a city or county as an agricultural preserve.

*(Amended by Stats. 1969, Ch. 1372.)*

**§ 51243.** Every contract shall do both of the following:

(a) Provide for the exclusion of uses other than agricultural, and other than those compatible with agricultural uses, for the duration of the contract.

(b) Be binding upon, and inure to the benefit of, all successors in interest of the owner.

Whenever land under a contract is divided, the owner of any parcel may exercise, independent of any other owner of a portion of the divided land, any of the rights of the owner in the original contract, including the right to give notice of nonrenewal and to petition for cancellation. The effect of any such action by the owner of a parcel created by the division of land under contract shall not be imputed to the owners of the remaining parcels and shall have no effect on the contract as it applies to the remaining parcels of the divided land. Except as provided in Section 51243.5, on and after the effective date of the annexation by a city of any land under contract

with a county, the city shall succeed to all rights, duties, and powers of the county under the contract.

*(Amended by Stats. 1998, Ch. 690, Sec. 1.5. Effective January 1, 1999.)*

**§ 51243.5.** (a) This section shall apply only to land that was within one mile of a city boundary when a contract was executed pursuant to this article and for which the contract was executed prior to January 1, 1991.

(b) For any proposal that would result in the annexation to a city of any land that is subject to a contract under this chapter, the local agency formation commission shall determine whether the city may exercise its option to not succeed to the rights, duties, and powers of the county under the contract.

(c) In making the determination required by subdivision (b), pursuant to Section 51206, the local agency formation commission may request, and the Department of Conservation shall provide, advice and assistance in interpreting the requirements of this section. If the department has concerns about an action proposed to be taken by a local agency formation commission pursuant to this section or Section 51243.6, the department shall advise the commission of its concerns, whether or not the commission has requested it to do so. The commission shall address the department's concerns in any hearing to consider the proposed annexation or a city's determination whether to exercise its option not to succeed to a contract, and shall specifically find that substantial evidence exists to show that the city has the present option under this section to decline to succeed to the contract.

(d) A city may exercise its option to not succeed to the rights, duties, and powers of the county under the contract if both of the following had occurred prior to December 8, 1971:

(1) The land being annexed was within one mile of the city's boundary when the contract was executed.

(2) The city had filed with the county board of supervisors a resolution protesting the execution of the contract.

(e) A city may exercise its option to not succeed to the rights, duties, and powers of the county under the contract if each of the following had occurred prior to January 1, 1991:

(1) The land being annexed was within one mile of the city's boundary when the contract was executed.

(2) The city had filed with the local agency formation commission a resolution protesting the execution of the contract.

(3) The local agency formation commission had held a hearing to consider the city's protest to the contract.

(4) The local agency formation commission had found that the contract would be inconsistent with the publicly desirable future use and control of the land.

(5) The local agency formation commission had approved the city's protest.

(f) It shall be conclusively presumed that no protest was filed by the city unless there is a record of the filing of the protest and the protest identifies the affected contract and the subject parcel. It shall be conclusively presumed that required notice was given before the execution of the contract.

(g) The option of a city to not succeed to a contract shall extend only to that part of the land that was within one mile of the city's boundary when the contract was executed.

(h) If the city exercises its option to not succeed to a contract, then the city shall record a certificate of contract termination with the county recorder at the same time as the executive officer of the local agency formation commission files the certificate of completion pursuant to Section 57203. The certificate of contract termination shall include a legal description of the land for which the city terminates the contract.

*(Amended by Stats. 2002, Ch. 188, Sec. 1. Effective January 1, 2003.)*

**§ 51243.6.** The Legislature finds and declares the following:

(a) The enforceability of contracts entered into pursuant to this article is necessary to permit the preferential taxation provided to the owners of land under contract, pursuant to Section 8 of Article XIII of the California Constitution.

(b) The option granted to a city pursuant to Section 51243.5 to elect not to succeed to a contract may be held only by the city.

(c) No contracting landowner has a reasonable expectation that a contract can be terminated immediately pursuant to this article without penalty.

*(Added by Stats. 2002, Ch. 188, Sec. 2. Effective January 1, 2003.)*

**§ 51244.** (a) Each contract shall be for an initial term of no less than 10 years. Each contract shall provide that on the anniversary date of the contract or such other annual date as specified by the contract a year shall be added automatically to the initial term unless notice of nonrenewal is given as provided in Section 51245.

(b)(1) If the county makes a determination pursuant to subdivision (e) of Section 16142 or subdivision (d) of Section 16142.1, contracts shall be for a term of no less than 9 years for contracts currently 10 years in length or 18 years for contracts currently 20 years in length, as the case may be. For new contracts entered into during a year in which this subdivision is in effect, the initial contract length shall be either 9 or 18 years. Each contract shall provide, except in the initial year of the determination that on the anniversary date of the contract or such other annual date as specified by the contract, a year shall be added automatically to the initial term unless notice of nonrenewal is given as provided in Section 51245.

In any subsequent year during the reduced term of contract in which increased revenue is not realized by the county pursuant to Section 51244.3, 2 or 3 additional years shall be added to the contract on the next anniversary date, as necessary, to restore the contract to its full 10-year or 20-year contract length.

(2) In any year in which this subdivision is implemented, the county shall record a notice that states the affected parcel number or numbers and current owner's names, or, alternatively, the same information for those parcels that are not affected.

(3) An addition to the assessed value shall be conveyed to the auditor, consistent with the 10-percent reduction in the length of the restriction, equal to 10 percent of the difference between the valuation pursuant to Section 423, 423.3, 423.4, or 423.5 of the Revenue and Taxation Code, as applicable, and the valuation under subdivision (b) of Section 51 or Section 110.1 of the Revenue and Taxation Code, whichever is lower. If the valuation under subdivision (b) of Section 51 or Section 110.1 of the Revenue and Taxation Code is lower, the addition to the assessed value shall be zero. The increased amount of tax revenue that results from the decrease in restriction shall be separately displayed on the taxpayer's annual bill.

(4) A landowner may elect to serve notice of nonrenewal instead of accepting a 9-year or 18-year contract, as the case may be. In that case, the additional assessed value shall not be added to the property as provided for in paragraph (3).

For purposes of this subdivision, a landowner may serve notice of nonrenewal at any time. However, a landowner who withdraws that notice prior to the effective date shall be subject to term modification and additional assessed value. Once served and effective, a landowner nonrenewal notice may not be withdrawn except for cause and with the consent of the county. A county may adopt amendments to its uniform rules to facilitate implementation of this subdivision during the 2011–12 fiscal year, and thereafter as necessary.

(5) In addition to any other notice requirements, a county shall provide a landowner under contract with timely written notice of all of the following:

(A) Any initial hearing by the county on a proposal to adopt or rescind the implementation of this subdivision.

(B) Any final decision regarding the adoption or rescission of implementation of this subdivision.

(C) The landowner's right to prevent the reduction in the term of his or her contract pursuant to this subdivision by serving notice of nonrenewal as specified by Section 51245. This notice may be combined with the county's notice in subparagraph (B).

(6) A county shall not modify or revalue a landowner's contract pursuant to this subdivision unless the landowner is given at least 90 days' notice of the opportunity to prevent the modification and revaluation by serving notice of nonrenewal and the landowner fails to serve notice of nonrenewal. The county may use the primary owner of record from the assessment roll to identify landowners entitled to receive notice under this subdivision. A landowner shall be advised of the landowner's right to avoid continued imposition of this subdivision in any future year and thereafter by serving a notice of nonrenewal for that contract year. Failure of the landowner to serve timely notice of nonrenewal in any year shall be considered implied consent to the implementation of this subdivision for that year.

The 90-day notice requirement may be reduced to 60 days if the county adopts a procedure to allow landowners to serve a notice of nonrenewal until February 1, 2012.

(7) This subdivision shall not apply to any of the following:

(A) Contracts that have been nonrenewed.

(B) Contracts with cities.

(C) Open-space or agricultural easements.

(D) Scenic restrictions.

(E) Wildlife habitat contracts.

(F) Atypical term contracts, including, but not limited to, 20-year initial term contracts declining to 10 years, or reencumbrances pursuant to Section 51295, if the county's board of supervisors determines the application of this subdivision to them would be inequitable or administratively infeasible.

*(Amended by Stats. 2014, Ch. 322, Sec. 5.)*

**§ 51244.3.** (a) This section shall apply to properties under a 9-year or 18-year contract, as the case may be, pursuant to subdivision (b) of Section 51244. Notwithstanding any other

provision to the contrary, increased revenues generated by those properties shall be allocated exclusively to the respective counties in which those properties are located.

(b) This section shall only apply if the county makes a determination pursuant to either Section 16142 or 16142.1.

*(Amended by Stats. 2014, Ch. 322, Sec. 7.)*

**§ 51244.5.** Notwithstanding the provisions of Section 51244, if the initial term of the contract is for more than 10 years, the contract may provide that on the anniversary date of the contract or such other annual date as specified by the contract beginning with the anniversary date on which the contract will have an unexpired term of nine years, a year shall be added automatically to the initial term unless notice of nonrenewal is given as provided in Section 51245.

*(Amended by Stats. 1978, Ch. 1120.)*

**§ 51245.** If either the landowner or the city or county desires in any year not to renew the contract, that party shall serve written notice of nonrenewal of the contract upon the other party in advance of the annual renewal date of the contract. Unless such written notice is served by the landowner at least 90 days prior to the renewal date or by the city or county at least 60 days prior to the renewal date, the contract shall be considered renewed as provided in Section 51244 or Section 51244.5.

Upon receipt by the owner of a notice from the county or city of nonrenewal, the owner may make a written protest of the notice of nonrenewal. The county or city may, at any time prior to the renewal date, withdraw the notice of nonrenewal. Upon request by the owner, the board or council may authorize the owner to serve a notice of nonrenewal on a portion of the land under a contract.

No later than 20 days after a city or county receives a notice of nonrenewal from a landowner, serves a notice of nonrenewal upon a landowner, or withdraws a notice of nonrenewal, the clerk of the board or council, as the case may be, shall record with the county recorder a copy of the notice of nonrenewal or notice of withdrawal of nonrenewal.

*(Amended by Stats. 2021, Ch. 644, Sec. 4 (SB 574))*

**§ 51246.** (a) If the county or city or the landowner serves notice of intent in any year not to renew the contract, the existing contract shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the contract, as the case may be.

(b) No city or county shall enter into a new contract or shall renew an existing contract on or after February 28, 1977, with respect to timberland zoned as timberland production. The city or county shall serve notice of its intent not to renew the contract as provided in this section.

(c) In order to meet the minimum acreage requirement of an agricultural preserve pursuant to Section 51230, land formerly within the agricultural preserve which is zoned as timberland production pursuant to Chapter 6.7 (commencing with Section 51100) may be taken into account.

(d) Notwithstanding any other provision of law, commencing with the lien date for the 1977–78 fiscal year all timberland within an existing contract which has been nonrenewed as mandated by this section shall be valued according to Section 423.5 of the Revenue and Taxation Code, succeeding to and including the lien date for the 1981–82 fiscal year. Commencing with the lien date for the 1982–83 fiscal year and on each lien date thereafter, such timberland shall be valued according to Section 434.5 of the Revenue and Taxation Code. *(Amended by Stats. 2921, Ch. 644, Sec. 5 (SB 574))*

**§ 51247.** The landowner shall furnish the city or county with such information as the city or county shall require in order to enable it to determine the eligibility of the land involved. *(Added by renumbering Section 51249 by Stats. 1969, Ch. 1372.)*

**§ 51248.** No later than 20 days after a city or county enters into a contract with a landowner pursuant to this chapter, the clerk of the board or council, as the case may be, shall record with the county recorder a copy of the contract, which shall describe the land subject thereto, together with a reference to the map showing the location of the agricultural preserve in which the property lies. From and after the time of such recordation such contract shall impart such notice thereof to all persons as is afforded by the recording laws of this state. *(Added by renumbering Section 51250 by Stats. 1969, Ch. 1372.)*

**§ 51248.5.** Whenever any city or county is required to record any contract by this chapter, it may file a fictitious contract. Thereafter, any of the provisions of such fictitious contract may be included by reference in any contract required to be filed by this chapter. The provisions of Section 2952 of the Civil Code relating to the filing, indexing, and force and effect of fictitious mortgages shall be applicable to such fictitious contracts. *(Added by Stats. 1978, Ch. 1120.)*

**§ 51250.** (a) The purpose of this section is to identify certain structures that constitute material breaches of contract under this chapter and to provide an alternate remedy to a contract cancellation petition by the landowner. Accordingly, this remedy is in addition to any other available remedies for breach of contract. Except as expressly provided in this section, this section is not intended to change the existing land use decisionmaking and enforcement authority of cities and counties including the authority conferred upon them by this chapter to administer agricultural preserves and contracts.

(b) For purposes of this section, a breach is material if, on a parcel under contract, both of the following conditions are met:

(1) A commercial, industrial, or residential building is constructed that is not allowed by this chapter or the contract, local uniform rules or ordinances consistent with the provisions of this chapter, and that is not related to an agricultural use or compatible use.

(2) The total area of all of the building or buildings likely causing the breach exceeds 2,500 square feet for either of the following:

(A) All property subject to any contract or all contiguous property subject to a contract or contracts owned by the same landowner or landowners on January 1, 2004.

(B) All property subject to a contract entered into after January 1, 2004, covering property not subject to a contract on January 1, 2004.

For purposes of this subdivision any additional parcels not specified in the legal description that accompanied the contract, as it existed prior to January 1, 2003, including any parcel created or recognized within an existing contract by subdivision, deed, partition, or, pursuant to Section 66499.35, by certificate of compliance, shall not increase the limitation of this subdivision.

(c) The department shall notify the city or county if the department discovers a possible breach.

(d) The city or county shall, upon notification by the department or upon discovery by the city or county of a possible material breach, determine if there is a valid contract and if it is likely that the breach is material. In its investigation, the city or county shall endeavor to contact the landowner or his or her representative to learn the landowner's explanation of the facts and circumstances related to the possible material breach.

(e) Within 10 days of determining whether it is likely that a material breach exists, the city or county shall notify the landowner and the department by certified mail, return receipt requested. This notice shall include the reasons for the determination and a copy of the contract. If either the landowner or the department objects to the preliminary determination of the city or county, the board or council shall schedule a public hearing as provided in subdivision (g).

(f) Within 60 days of receiving notice that it is likely a material breach, the landowner or his or her representative may notify the city or the county that the landowner intends to eliminate the conditions that resulted in the material breach within 60 days. If the landowner eliminates the conditions that resulted in the material breach within 60 days, the city or county shall take no further action under this section with respect to the building at issue. If the landowner notifies the city or county of the intention to eliminate the conditions but fails to do so, the city or county shall proceed with the hearing required in subdivision (g).

(g) The city or county shall schedule a hearing no more than 120 days after the notice is provided to the landowner and the department, as required in subdivision (e). The city or county shall give notice of the public hearing by certified mail, return receipt requested to the landowner and the department at least 30 days prior to the hearing. The city or county shall give notice of the public hearing by first-class mail to every owner of land under contract, any portion of which is situated within one mile of the exterior boundary of the contracted parcel on which the likely material breach exists. The city or county shall also give published notice pursuant to Section 6061. The notice shall include the date, time, and place of the public hearing. Not less than five days before the hearing, the department may request that the city or county provide the department, at the department's expense, a recorded transcript of the hearing not more than 30 days after the hearing.

(h) At the public hearing, the city or county shall consider any oral or written testimony and then determine whether a material breach exists. The city or county shall support its determination with findings, made on the record and based on substantial evidence, that the property does or does not meet the conditions specified in subdivision (b).

(i) If the city or county determines that a material breach exists, the city or county shall do one of the following:

(1) Order the landowner to eliminate the conditions that resulted in the material breach within 60 days.

(2) Assess the monetary penalty pursuant to subdivision (j) and terminate the contract on that portion of the contracted parcel that has been made incompatible by the material breach.

If the landowner disagrees with the determination, he or she may pursue any other legal remedy that is available.

(j) The monetary penalty shall be 25 percent of the unrestricted fair market value of the land rendered incompatible by the breach, plus 25 percent of the value of the incompatible building and any related improvements on the contracted land. The basis for the valuation of the penalty shall be an independent appraisal of the current unrestricted fair market value of the property that is subject to the contract and affected by the incompatible use or uses, and a valuation of any buildings and any related improvements within the area affected by the incompatible use or uses. If the city or county determines that equity would permit a lesser penalty, the city or county, the landowner, and the department may negotiate a reduction in the penalty based on the factors specified in subdivision (k), but a reduction in the penalty may not exceed one-half of the penalty. If negotiations are to be held, the city or county shall provide the department 15 days' notice before the first negotiation. If the department chooses not to be a negotiator or fails to send a negotiator, the city or county and the landowner may negotiate the penalty.

(k) In determining the amount of a lesser penalty, the negotiators shall consider:

(1) The nature, circumstances, extent, and gravity of the material breach.

(2) Whether the landowner's actions were willful, knowing, or negligent with respect to the material breach.

(3) The landowner's culpability in contributing to the material breach and whether the actions of prior landowners subject to the contract contributed to the material breach.

(4) Whether the actions of the city or county contributed to the material breach.

(5) Whether the landowner notified the city or county that the landowner would eliminate the conditions that resulted in the material breach within 30 days, but failed to do so.

(6) The willingness of the landowner to rapidly resolve the issue of the material breach.

(7) Any other mitigating or aggravating factors that justice may require.

(l) If the landowner is ordered to eliminate the conditions that resulted in the material breach pursuant to paragraph (1) of subdivision (i) but the landowner fails to do so within the time specified by the city or county, the city or county may abate the material breach as a public nuisance pursuant to any applicable provisions of law.

(m) If the city or county terminates the contract pursuant to paragraph (2) of subdivision (i), the city or county shall record a notice of termination following the procedures of Section 51283.4.

(n) The assessment of a monetary penalty pursuant to subdivision (i) shall be secured by a lien payable to the county treasurer of the county within which the property is located, in the amount assessed pursuant to subdivision (j) or (k). Once properly recorded and indexed, the lien shall have the force, effect, and priority of a judgment lien. The lien document shall provide both of the following:

(1) The name of the real property owner of record and shall contain either the legal description or the assessor's parcel number of the real property to which the lien attaches.

(2) A direct telephone number and address that interested parties may contact to determine the final amount of any applicable assessments and penalties owing on the lien pursuant to this section.

(o) If the lien is not paid within 60 days of recording, simple interest shall accrue on the unpaid penalty at the rate of 10 percent per year, and shall continue to accrue until the penalty is paid, prior to all other claims except those with superior status under federal or state law.

(p) Upon payment of the lien, the city or county shall record a release of lien and a certificate of contract termination by breach with the county recorder for the land rendered incompatible by the breach.

(q) The city or county may deduct from any funds received pursuant to this chapter the amount of the actual costs of administering this section and shall transmit the balance of the funds by the county treasurer to the Controller for deposit in the Soil Conservation Fund.

(r) (1) The department may carry out the responsibilities of a city or county under this section if any of the following occurs:

(A) The city or county fails to determine whether there is a material breach within 210 days of the discovery of the breach.

(B) The city or county fails to complete the requirements of this section within 180 days of the determination that a material breach exists.

(2) The city or county may request in writing to the department, the department's approval for an extension of time for the city or county to act and the reasons for the extension. Approval may not be unreasonably withheld by the department.

(3) The department shall notify the city or county 30 days prior to its exercise of any responsibility under this subdivision.

(4) This section shall not be construed to limit the authority of the Secretary of the Resources Agency under Section 16146 or 16147.

(s) (1) This section does not apply to any of the following:

(A) A building constructed prior to January 1, 2004, or a building for which a permit was issued by a city or county prior to January 1, 2004.

(B) A building that was not a material breach at the time of construction but became a material breach because of a change in law or ordinance.

(C) A building owned by the state.

(2) Subject to paragraphs (4) and (5), this section does not apply when a board or council cancels a contract pursuant to Article 5 (commencing with Section 51280), or a city terminates a contract pursuant to Section 51243.5, or when a public agency, as defined by subdivision (a) of Section 51291, acquires land subject to contract by, or in lieu of, eminent domain pursuant to Article 6 (commencing with Section 51290) unless either of the following occurs:

(A) The action terminating the contract is rescinded.

(B) A court determines that the cancellation or termination was not properly executed pursuant to this chapter, or that the land continues to be subject to the contract.

(3) On the motion of any party with standing to bring an action for breach, any court hearing an action challenging the termination of a contract entered into under this chapter shall consolidate any action for breach, including the remedies for material breach available pursuant to this section.

(4) Paragraph (2) shall not be applicable for a cancellation or termination occurring after January 1, 2004, unless the affected landowner provides to the administering board or council and to the department, within 30 days after the cancellation or termination, a notarized statement, in a form acceptable to the department, signed under penalty of perjury and filed with

the county recorder, acknowledging that the breach provisions of this section may apply if any of the following conditions are met:

- (A) The action by the local government is rescinded.
- (B) A court permanently enjoins, voids, or rescinds the cancellation or termination.
- (C) For any other reason, the land continues to be subject to the contract.

(5) Paragraph (2) does not apply for a cancellation or termination occurring before January 1, 2004, unless the landowner provides the statement required in paragraph (4) prior to the approval of a building permit necessary for the construction of a commercial, industrial, or residential building.

(t) It is the intent of the Legislature to encourage cities and counties, in consultation with contracting landowners and the department, to review existing Williamson Act enforcement programs and consider any additions or improvements that would make local enforcement more effective, equitable, or widely acceptable to the affected landowners. Cities and counties are also encouraged to include enforcement provisions within the terms of the contracts, with the consent of contracting landowners.

(u) The department and the city or county may agree to extend any deadline to act under this section, upon the request of the city and county, and the written approval of the director of the department.

(v) In order to promote the reasonable and equitable resolution of a potential material breach, if a potential material breach involves extenuating circumstances, the city or county and the landowner may agree to request that the department meet and confer with them for the purpose of developing a resolution of the potential material breach. If the department agrees to meet and confer with the landowner and city or county, the time requirements specified in this section shall be tolled. The resolution may include remedies authorized by law or not prohibited by law that are agreed to by the landowner, city or county, and department. If the resolution resolves all outstanding issues under this section, the city or county shall terminate all proceedings pursuant to this section upon execution by the landowner, city or county, and department. The agreement executing the resolution shall be recorded in the county in which the affected parcel is located.

(w) A city or county shall not cancel a contract pursuant to Article 5 (commencing with Section 51280) to resolve a material breach except pursuant to this section.

*(Amended by Stats. 2008, Ch. 503, Sec. 3. Effective January 1, 2009.)*

**§ 51251.** The county, city, or landowner may bring any action in court necessary to enforce any contract, including, but not limited to, an action to enforce the contract by specific performance or injunction. An owner of land may bring any action in court to enforce a contract on land whose exterior boundary is within one mile of his land. An owner of land under contract may bring any action in court to enforce a contract on land located within the same county or city.

*(Amended by Stats. 1978, Ch. 1120.)*

**§ 51252.** Open-space land under a contract entered into pursuant to this chapter shall be enforceably restricted within the meaning and for the purposes of Section 8 of Article XIII of the State Constitution and shall be enforced and administered by the city or county in such a manner as to accomplish the purposes of that article and of this chapter.

*(Amended by Stats. 1974, Ch. 311.)*

**§ 51253.** Any contract or agreement entered into pursuant to this chapter prior to the 61st day following final adjournment of the 1969 Regular Session of the Legislature may be amended to conform with the provisions of this act as amended at that session upon the mutual agreement of all parties. Approval of these amendments to a contract by the Director of Conservation shall not be required.

*(Amended by Stats. 1984, Ch. 851, Sec. 3.)*

**§ 51254.** Notwithstanding any other provision of this chapter, the parties may upon their mutual agreement rescind a contract in order simultaneously to enter into a new contract pursuant to this chapter, which new contract would enforceably restrict the same property for an initial term at least as long as the unexpired term of the contract being so rescinded but not less than 10 years. Such action may be taken notwithstanding the prior serving of a notice of nonrenewal relative to the former contract.

*(Added by Stats. 1977, Ch. 495.)*

**§ 51255.** (a) Notwithstanding any other provision of this chapter, the parties may upon their mutual agreement rescind a contract in order simultaneously to enter into an open-space easement agreement pursuant to the Open-Space Easement Act of 1974 (Chapter 6.6 (commencing with Section 51070)), provided that the easement is consistent with the Williamson Act (this chapter) for the duration of the original Williamson Act contract. The easement would enforceably restrict the same property for an initial term of not less than 10 years and would not be subject to the provisions of Article 4 (commencing with Section 51090) of Chapter 6.6. This action may be taken notwithstanding the prior serving of a notice of nonrenewal, and the land subject to the contract shall be assessed pursuant to Section 423 of the Revenue and Taxation Code.

(b) This section shall not apply to any agreement entered into on or before August 12, 1998.

*(Amended by Stats. 1998, Ch. 690, Sec. 3. Effective January 1, 1999.)*

**§ 51255.1.** (a) Notwithstanding any other provision of this chapter, the parties may upon their mutual agreement rescind a contract for a parcel or parcels of land that, upon review and approval, are determined by the Department of Conservation to be eligible to be placed into a solar-use easement pursuant to Section 51191, in order to simultaneously enter into a solar-use easement pursuant to Chapter 6.9 (commencing with Section 51190). This action may be taken notwithstanding the prior serving of a notice of nonrenewal.

(b) Nothing in this section limits the ability of the parties to a contract to seek nonrenewal, or petition for cancellation or termination of a contract pursuant to this chapter. This section is provided in addition to, not in replacement of, other methods for contract termination, Williamson Act compliance, or a county finding that a solar facility is a compatible use pursuant to this chapter.

(c)(1) Prior to the board or council agreeing to mutually rescind a contract pursuant to this section, the county assessor of the county in which the land is located shall determine the current fair market value of the land as though it were free of the contractual restriction. The assessor shall certify to the board or council the fair market valuation of the land for the purpose

of determining the rescission fee. At the same time, the assessor shall send a notice to the landowner and the Department of Conservation indicating the current fair market value of the land as though it were free of the contractual restriction and advise the parties, that upon their request, the assessor shall provide all information relevant to the valuation, excluding third-party information. If any information is confidential or otherwise protected from release, the department and the landowner shall hold it as confidential and return or destroy any protected information upon termination of all actions relating to valuation or rescission of the contract on the property. The notice shall also advise the landowner and the department of the opportunity to request formal review from the assessor.

(2) Prior to agreeing to mutually rescind a contract pursuant to this section, the board or council shall determine and certify to the county auditor the amount of the rescission fee that the landowner shall pay the county treasurer upon rescission. That fee shall be an amount equal to 10 percent of the fair market valuation of the property for land that was held under a contract pursuant to Section 51240 or if the property was designated as a farmland security zone.

(3) When rescission fees required by this subdivision are collected, 50 percent of the fee shall, within 30 days of the execution of the mutual rescission of the contract by the parties, be transmitted by the county treasurer to the Controller and deposited in the General Fund, except as provided in subdivision (b) of Section 51203 or subdivision (d) of Section 51283.

(4) It is the intent of the Legislature that fees paid to rescind a contract do not constitute taxes but are payments that, when made, provide a private benefit that tends to increase the value of the property.

(d) This section shall remain in effect only until January 1, 2020, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2020, deletes or extends that date.

*(Amended by Stats. 2014, Ch. 582, Sec. 1.)*

**§ 51256.** Notwithstanding any other provision of this chapter, a city or county, upon petition by a landowner, may enter into an agreement with the landowner to rescind a contract in accordance with the contract cancellation provisions of Section 51282 in order to simultaneously place other land within that city, the county, or the county where the contract is rescinded under an agricultural conservation easement, consistent with the purposes and, except as provided in subdivision (b), the requirements of the California Farmland Conservancy pursuant to Division 10.2 (commencing with Section 10200) of the Public Resources Code, provided that the board or council makes all of the following findings:

(a) The proposed agricultural conservation easement is consistent with the criteria set forth in Section 10251 of the Public Resources Code.

(b) The proposed agricultural conservation easement is evaluated pursuant to the selection criteria in Section 10252 of the Public Resources Code, and particularly subdivisions (a), (c), (e), (f), and (h), and the board or council makes a finding that the proposed easement will make a beneficial contribution to the conservation of agricultural land in its area.

(c) The land proposed to be placed under an agricultural conservation easement is of equal size or larger than the land subject to the contract to be rescinded, and is equally or more suitable for agricultural use than the land subject to the contract to be rescinded. In determining the suitability of the land for agricultural use, the city or county shall consider the soil quality and water availability of the land, adjacent land uses, and any agricultural support infrastructure.

(d) The value of the proposed agricultural conservation easement, as determined pursuant to Section 10260 of the Public Resources Code, is equal to or greater than either of the following:

(1) Twelve and one-half percent of the cancellation valuation of the land subject to the contract to be rescinded, pursuant to subdivision (a) of Section 51283.

(2) Twenty-five percent of the cancellation valuation of the land subject to the contract to be rescinded pursuant to paragraph (3) of subdivision (c) of Section 51297, if the contract was entered into pursuant to Article 7 (commencing with Section 51296).

(e) The easement value and the cancellation valuation shall be determined within 90 days before the approval of the city or county of an agreement pursuant to this section.

*(Amended by Stats. 2008, Ch. 503, Sec. 4. Effective January 1, 2009.)*

**§ 51256.1.** No agreement entered into pursuant to Section 51256 shall take effect until it is approved by the Secretary of Resources. The secretary may approve the agreement if he or she finds that the findings of the board or council, as required by Sections 51256 and 51282, are supported by substantial evidence, and that the proposed agricultural conservation easement is consistent with the eligibility criteria set forth in Section 10251 of the Public Resources Code and will make a beneficial contribution to the conservation of agricultural land in its area. The secretary shall not approve the agreement if an agricultural conservation easement has been purchased with funds from the Agricultural Land Stewardship Program Fund, established pursuant to Section 10230 of the Public Resources Code, on the same land proposed to be placed under an agricultural conservation easement pursuant to this section.

*(Added by Stats. 1999, Ch. 1018 Sec.6. Effective January 1, 2000.)*

**§ 51256.2.** (a) One or more cities or counties may adopt a plan for implementing the provisions of Section 51256 with respect to multiple transactions within one or more specific areas, and submit the plan to the director for his or her approval. The plan may be approved only upon a determination by the director that it is consistent with the provisions of Section 51256. Thereafter individual transactions shall be approved if they are consistent with the approved plan.

(b) Notwithstanding Section 51256, this section shall apply only to lands under contract located in the Counties of San Bernardino and Riverside, within the area bounded by Interstate 10 on the north, State Route 71 on the west, State Route 91 on the south, and a line two miles east of Interstate 15 on the east, and to easements within that area or within 10 miles of its exterior boundaries and within either Riverside County or San Bernardino County. For the purpose of this section, easements located within the described area may be related to contract rescissions in either county.

(c) The Legislature finds and declares that, because of the unique factors applicable only to the Chino Basin, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Those unique circumstances are that the Chino agricultural preserve is undergoing transition from agricultural to nonagricultural uses and the affected areas comprise more than a single jurisdiction. Therefore, a multijurisdictional approach is necessary.

*(Amended by Stats. 2000, Ch. 431, Sec. 1. Effective January 1, 2001.)*

**§ 51256.3.** For the purposes of facilitating long-term agricultural land conservation in the Sacramento-San Joaquin Delta, an agricultural conservation easement located within the primary or secondary zone of the delta, as defined in Sections 29728 and 29731 of the Public Resources Code, may be related to contract rescissions in any other portion of the secondary zone without respect to county boundary limitations contained in an agricultural conservation easement agreement pursuant to Section 51256.

*(Added by Stats. 2006, Ch. 547, Sec. 1. Effective January 1, 2007.)*

**§ 51257.** (a) To facilitate a lot line adjustment, pursuant to subdivision (d) of Section 66412, and notwithstanding any other provision of this chapter, the parties may mutually agree to rescind the contract or contracts and simultaneously enter into a new contract or contracts pursuant to this chapter, provided that the board or council finds all of the following:

(1) The new contract or contracts would enforceably restrict the adjusted boundaries of the parcel for an initial term for at least as long as the unexpired term of the rescinded contract or contracts, but for not less than 10 years.

(2) There is no net decrease in the amount of the acreage restricted. In cases where two parcels involved in a lot line adjustment are both subject to contracts rescinded pursuant to this section, this finding will be satisfied if the aggregate acreage of the land restricted by the new contracts is at least as great as the aggregate acreage restricted by the rescinded contracts.

(3) At least 90 percent of the land under the former contract or contracts remains under the new contract or contracts.

(4) After the lot line adjustment, the parcels of land subject to contract will be large enough to sustain their agricultural use, as defined in Section 51222.

(5) The lot line adjustment would not compromise the long-term agricultural productivity of the parcel or other agricultural lands subject to a contract or contracts.

(6) The lot line adjustment is not likely to result in the removal of adjacent land from agricultural use.

(7) The lot line adjustment does not result in a greater number of developable parcels than existed prior to the adjustment, or an adjusted lot that is inconsistent with the general plan.

(b) Nothing in this section shall limit the authority of the board or council to enact additional conditions or restrictions on lot line adjustments.

(c) Only one new contract may be entered into pursuant to this section with respect to a given parcel, prior to January 1, 2004.

*(Amended by Stats. 2012, Ch. 128, Sec. 1. Effective January 1, 2013.)*

**§ 51257.5.** (a) If the state fails to make payments to a city or county pursuant to Section 16142 or 16142.1, or if the state provides a reduced subvention, a city or county may accept contributions from a nonprofit land-trust organization, a nonprofit entity, or a public agency for specific land under a contract within the city or county to supplement foregone property tax revenues pursuant to this section.

(b) (1) A nonprofit land-trust organization, nonprofit entity, or public agency may contract with an owner of land currently under a contract pursuant to this chapter, upon approval of the contract by the city or county, for a period of up to 10 years, to keep the landowner's property under contract with the county pursuant to this chapter, in exchange for the contribution by the

nonprofit land-trust organization or nonprofit entity's payment for an equivalent period of years of all or a portion of the foregone property tax revenue to the city or county.

(2) A contract entered into pursuant to this subdivision shall be subject to any limitation in power of a nonprofit land-trust organization, nonprofit entity, or public agency.

(3) A contract entered into pursuant to this subdivision shall not authorize or require the conversion of land subject to the contract into a mitigation bank site.

(c) In implementing this section, a city or county shall not request or require additional conditions or restrictions on the land or the landowner for existing or future contracts.

(d) This section shall not be construed as a limitation on the right of a landowner to engage in other lawful contracts or transactions with respect to their land, including, but not limited to, contracts entered into pursuant to this chapter.

(e) As used in this section, "nonprofit land-trust organization" means a nonprofit land-trust organization as defined in subdivision (b) of Section 5011.7 of the Public Resources Code.

(f) No contract shall be entered into on or after January 1, 2016, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

*(Added by Stats. 2011, Ch. 254, Sec. 1. Effective January 1, 2012.)*

## **Article 5. Cancellation**

[51280-51287] (Article 5 added by Stats. 1965, Ch. 1443.)

**§ 51280.** It is hereby declared that the purpose of this article is to provide relief from the provisions of contracts entered into pursuant to this chapter under the circumstances and conditions provided herein.

*(Amended by Stats. 1981, Ch. 1095, Sec. 1.)*

**§ 51280.1.** As used in this chapter, the finding of a board or council that "cancellation and alternative use will not result in discontinuous patterns of urban development" authorizes, but does not require, the board or council to cancel a contract if it finds that the alternative use will be rural in character and that the alternative use will result within the foreseeable future in a contiguous pattern of development within the relevant subregion. The board or council is not required to find that the alternative use will be immediately contiguous to like development. In rendering its finding, the board or council acts in its own discretion to evaluate the proposed alternative use according to existing and projected conditions within its local jurisdiction.

*(Amended by Stats. 2021, Ch. 644, Sec. 7.(SB 574))*

**§ 51281.** A contract may not be canceled except pursuant to a request by the landowner, and as provided in this article.

*(Amended by Stats. 1969, Ch. 1372.)*

**§ 51281.1.** The board or council may require the payment of a reasonable application fee to be made at the time a petition for cancellation is filed.

*(Added by Stats. 1978, Ch. 1120.)*

**§ 51282.** (a) The landowner may petition the board or council for cancellation of any contract as to all or any part of the subject land. The board or council may grant tentative approval for cancellation of a contract only if it makes one of the following findings:

(1) That the cancellation is consistent with the purposes of this chapter.

(2) That cancellation is in the public interest.

(b) For purposes of paragraph (1) of subdivision (a) cancellation of a contract shall be consistent with the purposes of this chapter only if the board or council makes all of the following findings:

(1) That the cancellation is for land on which a notice of nonrenewal has been served pursuant to Section 51245.

(2) That cancellation is not likely to result in the removal of adjacent lands from agricultural use.

(3) That cancellation is for an alternative use which is consistent with the applicable provisions of the city or county general plan.

(4) That cancellation will not result in discontinuous patterns of urban development.

(5) That there is no proximate noncontracted land which is both available and suitable for the use to which it is proposed the contracted land be put, or, that development of the contracted land would provide more contiguous patterns of urban development than development of proximate noncontracted land.

As used in this subdivision “proximate, noncontracted land” means land not restricted by contract pursuant to this chapter, which is sufficiently close to land which is so restricted that it can serve as a practical alternative for the use which is proposed for the restricted land.

As used in this subdivision “suitable” for the proposed use means that the salient features of the proposed use can be served by land not restricted by contract pursuant to this chapter. Such nonrestricted land may be a single parcel or may be a combination of contiguous or discontinuous parcels.

(c) For purposes of paragraph (2) of subdivision (a) cancellation of a contract shall be in the public interest only if the council or board makes the following findings: (1) that other public concerns substantially outweigh the objectives of this chapter; and (2) that there is no proximate noncontracted land which is both available and suitable for the use to which it is proposed the contracted land be put, or that development of the contracted land would provide more contiguous patterns of urban development than development of proximate noncontracted land.

As used in this subdivision “proximate, noncontracted land” means land not restricted by contract pursuant to this chapter, which is sufficiently close to land which is so restricted that it can serve as a practical alternative for the use which is proposed for the restricted land.

As used in this subdivision “suitable” for the proposed use means that the salient features of the proposed use can be served by land not restricted by contract pursuant to this chapter. Such nonrestricted land may be a single parcel or may be a combination of contiguous or discontinuous parcels.

(d) For purposes of subdivision (a), the uneconomic character of an existing agricultural use shall not by itself be sufficient reason for cancellation of the contract. The uneconomic character of the existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(e) The landowner's petition shall be accompanied by a proposal for a specified alternative use of the land. The proposal for the alternative use shall list those governmental agencies known by the landowner to have permit authority related to the proposed alternative use, and the provisions and requirements of Section 51283.4 shall be fully applicable thereto. The level of specificity required in a proposal for a specified alternate use shall be determined by the board or council as that necessary to permit them to make the findings required.

(f) In approving a cancellation pursuant to this section, the board or council shall not be required to make any findings other than or in addition to those expressly set forth in this section, and, where applicable, in Section 21081 of the Public Resources Code.

(g) A board or council shall not accept or approve a petition for cancellation if the land for which the cancellation is sought is currently subject to the process specified in Section 51250, unless the cancellation is a part of the process specified in Section 51250.

*(Amended by Stats. 2008, Ch. 503, Sec. 6. Effective January 1, 2009.)*

**§ 51282.3.** (a) The landowner may petition the board or council, pursuant to Section 51282, for cancellation of any contract or of any portion of a contract if the board or council has determined that agricultural laborer housing is not a compatible use on the contracted lands. The petition, and any subsequent cancellation based thereon, shall (1) particularly describe the acreage to be subject to cancellation; (2) stipulate that the purpose of the cancellation is to allow the land to be used exclusively for agricultural laborer housing facilities; (3) demonstrate that the contracted lands, or portion thereof, for which cancellation is being sought are reasonably necessary for the development and siting of agricultural laborer housing; and (4) certify that the contracted lands, or portion thereof, for which cancellation is being sought, shall not be converted to any other alternative use within the first 10 years immediately following the cancellation.

The petition shall be deemed to be a petition for cancellation for a specified alternative use of the land. The petition shall be acted upon by the board or council in the manner prescribed in Section 51283.4. However, the provisions of Section 51283 pertaining to the payment of cancellation fees shall not be imposed except as provided in subdivision (b).

(b) If the owner of real property is issued a certificate of cancellation of contract based on subdivision (a), there shall be executed and recorded concurrently with the recordation of the certificate of cancellation of contract, a lien in favor of the county, city or city and county in the amount of the fees which would otherwise have been imposed pursuant to Section 51283. Those amounts shall bear interest at the rate of 10 percent per annum. The lien shall particularly describe the real property subject to the lien, shall be recorded in the county where the real property subject to the lien is located, and shall be indexed by the recorder in the grantor index to the name of the owner of the real property and in the grantee index in the name of the county or city or city and county. From the date of recordation, the lien shall have the force, effect and priority of a judgment lien. The board or council shall execute and record a release of lien if, after a period of 10 years from the date of the recordation of the certificate of cancellation of contract, the real property subject to the lien has not been converted to a use other than agricultural laborer housing. In the event the real property subject to the lien has been converted to a use other than agricultural laborer housing, or the construction of agricultural laborer housing has not commenced within a period of one year from the date of recordation of the certificate of cancellation of contract, then the lien shall only be released upon payment of the fees and interest for which the lien has been imposed. Where construction

commences after the one-year period, the amount of the interest shall only be for that period from one year following the date of the recordation of the certificate of cancellation of contract until the actual commencement of construction.

*(Amended by Stats. 1999, Ch. 1018, Sec. 8. Effective January 1, 2000.)*

**§ 51282.5.** The owner of any land which has been zoned as a timberland production pursuant to Section 51112 or 51113, and that zoning has been recorded as provided in Section 51117, may petition the board or council for cancellation of any contract as to all or part of the land. Upon petition, the board or council shall approve the cancellation of the contract.

The provisions of Section 51283 shall not apply to any cancellation under this section, and no cancellation fee shall be imposed.

*(Amended by Stats. 1982, Ch. 1489, Sec. 30.)*

**§ 51283.** (a) Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor of the county in which the land is located shall determine the current fair market value of the land as though it were free of the contractual restriction. The assessor shall certify to the board or council the cancellation valuation of the land for the purpose of determining the cancellation fee. At the same time, the assessor shall send a notice to the landowner indicating the current fair market value of the land as though it were free of the contractual restriction and advise the parties, that upon their request, the assessor shall provide all information relevant to the valuation, excluding third-party information. If any information is confidential or otherwise protected from release, the department and the landowner shall hold it as confidential and return or destroy any protected information upon termination of all actions relating to valuation or cancellation of the contract on the property. The notice shall also advise the landowner and the department of the opportunity to request formal review from the assessor.

(b) Prior to giving tentative approval to the cancellation of any contract, the board or council shall determine and certify to the county auditor the amount of the cancellation fee that the landowner shall pay the county treasurer upon cancellation. That fee shall be an amount equal to 12 1/2 percent of the cancellation valuation of the property.

(c) If it finds that it is in the public interest to do so, the board or council may waive any payment or any portion of a payment by the landowner, or may extend the time for making the payment or a portion of the payment contingent upon the future use made of the land and its economic return to the landowner for a period of time not to exceed the unexpired period of the contract, had it not been canceled, if all of the following occur:

(1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner.

(2) The board or council has determined that it is in the best interests of the program to conserve agricultural land use that the payment be either deferred or is not required.

(3) The waiver or extension of time is approved by the Secretary of the Natural Resources Agency. The secretary shall approve a waiver or extension of time if the secretary finds that the granting of the waiver or extension of time by the board or council is consistent with the policies of this chapter and that the board or council complied with this article. In evaluating a request for

a waiver or extension of time, the secretary shall review the findings of the board or council, the evidence in the record of the board or council, and any other evidence the secretary may receive concerning the cancellation, waiver, or extension of time.

(d) The first five million dollars (\$5,000,000) of revenue paid to the Controller pursuant to subdivision (e) in the 2004–05 fiscal year, and any other amount as approved in the final Budget Act for each fiscal year thereafter, shall be deposited in the Soil Conservation Fund, which is continued in existence. The money in the fund is available, when appropriated by the Legislature, for the support of all of the following:

(1) The cost of the farmlands mapping and monitoring program of the Department of Conservation pursuant to Section 65570.

(2) The soil conservation program identified in Section 614 of the Public Resources Code.

(3) Program support costs of this chapter as administered by the Department of Conservation.

(4) Program support costs incurred by the Department of Conservation in administering the open-space subvention program (Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2).

(5) The costs to the Department of Conservation for administering Section 51250.

(6) When available, after funding the duties of the Department of Conservation pursuant to paragraphs (1) through (5), inclusive, program support costs incurred by the department in carrying out the duties of the department pursuant to Sections 65565 and 66565.1.

(e) When cancellation fees required by this section are collected, they shall be transmitted by the county treasurer to the Controller and deposited in the General Fund, except as provided in subdivision (d) of this section and subdivision (b) of Section 51283.1. The funds collected by the county treasurer with respect to each cancellation of a contract shall be transmitted to the Controller within 30 days of the execution of a certificate of cancellation of contract by the board or council, as specified in subdivision (b) of Section 51283.4.

(f) It is the intent of the Legislature that fees paid to cancel a contract do not constitute taxes but are payments that, when made, provide a private benefit that tends to increase the value of the property.

*(Amended by Stats. 2021, Ch. 644, Sec. 8 (SB 574))*

**§ 51283.1** (a) The assessor shall determine the current fair market value of the land as if it were free of the contractual restriction pursuant to Section 51283. The Department of Conservation or the landowner, also referred to in this section as “parties,” may provide information to assist the assessor to determine the value. Any information provided to the assessor shall be served on the other party, unless the information was provided at the request of the assessor, and would be confidential under law if required of an assessee.

(b) Within 45 days of receiving the assessor’s notice pursuant to subdivision (a) of Section 51283 or Section 51283.4, if the Department of Conservation or the landowner believes that the current fair market valuation certified pursuant to subdivision (b) of Section 51283 or Section 51283.4 is not accurate, the department or the landowner may request formal review from the county assessor in the county considering the petition to cancel the contract. The department or the landowner shall submit to the assessor and the other party the reasons for believing the valuation is not accurate and the additional information the requesting party believes may substantiate a recalculation of the property valuation. The assessor may recover the assessor’s

reasonable costs of the formal review from the party requesting the review, and may provide an estimate of those costs to the requesting party. The recovery of these costs from the department may be deducted by the city or county from cancellation fees received pursuant to this chapter before transmittal to the Controller for deposit in the Soil Conservation Fund. The assessor may require a deposit from the landowner to cover the contingency that payment of a cancellation fee will not necessarily result from the completion of a formal review. This subdivision shall not be construed as a limitation on the authority provided in Section 51287 for cities or counties to recover their costs in the cancellation process, except that the assessor's costs of conducting a formal review shall not be borne by the nonrequesting party.

(1) If no request is made within 45 days of receiving notice by certified mail of the valuation, the assessor's valuation shall be used to calculate the fee.

(2) Upon receiving a request for formal review, the assessor shall formally review the valuation if, based on the determination of the assessor, the information may have a material effect on valuation of the property. The assessor shall notify the parties that the formal review is being undertaken and that information to aid the assessor's review shall be submitted within 30 days of the date of the notice to the parties. Any information submitted to the assessor shall be served on the other party who shall have 30 days to respond to that information to the assessor. If the response to the assessor contains new information, the party receiving that response shall have 20 days to respond to the assessor as to the new information. All submittals and responses to the assessor shall be served on the other party by personal service or an affidavit of mailing. The assessor shall avoid ex parte contacts during the formal review and shall report any such contacts to the department and the landowner at the same time the review is complete. The assessor shall complete the review no later than 120 days of receiving the request.

(3) At the conclusion of the formal review, the assessor shall either revise the cancellation valuation or determine that the original cancellation valuation is accurate. The assessor shall send the revised valuation or notice of the determination that the valuation is accurate to the department, the landowner, and the board or council considering the petition to cancel the contract. The assessor shall include a brief narrative of what consideration was given to the items of information and responses directly relating to the cancellation value submitted by the parties. The assessor shall give no consideration to a party's information or response that was not served on the other party. If the assessor denies a formal review, a brief narrative shall be provided to the parties indicating the basis for the denial, if requested.

(c) For purposes of this section, the valuation date of any revised valuation pursuant to formal review or following judicial challenge shall remain the date of the assessor's initial valuation, or the initial recomputation pursuant to Section 51283.4. For purposes of cancellation fee calculation in a tentative cancellation as provided in Section 51283, or in a recomputation for final cancellation as provided in Section 51283.4, a cancellation value shall be considered current for one year after its determination and certification by the assessor.

(d) This section represents the exclusive administrative procedure for appealing a cancellation valuation calculated pursuant to this section. The Department of Conservation shall represent the interests of the state in the administrative and judicial remedies for challenging the determination of a cancellation valuation or cancellation fee.

*(Amended by Stats. 2021, Ch. 644, Sec. 1 (SB 574))*

**§ 51283.4.** (a) Upon tentative approval of a petition accompanied by a proposal for a specified alternative use of the land, the clerk of the board or council shall record in the office of the county recorder of the county in which is located the land as to which the contract is applicable a certificate of tentative cancellation, which shall set forth the name of the landowner requesting the cancellation, the fact that a certificate of cancellation of contract will be issued and recorded at the time that specified conditions and contingencies are satisfied, a description of the conditions and contingencies which must be satisfied, and a legal description of the property. Conditions to be satisfied shall include payment in full of the amount of the fee computed under the provisions of Section 51283, together with a statement that unless the fee is paid, or a certificate of cancellation of contract is issued within one year from the date of the valuation certified by the assessor, the fee shall be recomputed as of the date of notice described in subdivision (b) or the date the landowner requests a recomputation. A landowner may request a recomputation when the landowner believes the landowner will be able to satisfy the conditions and contingencies of the certificate of cancellation within 180 days. The board or council shall request the assessor to recompute the cancellation valuation. The assessor shall recompute the valuation, certify it to the board or council, and provide notice to the Department of Conservation and landowner as provided in subdivision (a) of Section 51283, and the board or council shall certify the fee to the county auditor. Any provisions related to the waiver of the fee or portion thereof shall be treated in the manner provided for in the certificate of tentative cancellation. Contingencies to be satisfied shall include a requirement that the landowner obtain all permits necessary to commence the project. The board or council may, at the request of the landowner, amend a tentatively approved specified alternative use if it finds that the amendment is consistent with the findings made pursuant to subdivision (a) of Section 51282.

(b) The landowner shall notify the board or council when the landowner has satisfied the conditions and contingencies enumerated in the certificate of tentative cancellation. Within 30 days of receipt of the notice, and upon a determination that the conditions and contingencies have been satisfied, the board or council shall execute a certificate of cancellation of contract, cause the certificate to be recorded, and send a copy to the Director of Conservation.

(c) If the landowner has been unable to satisfy the conditions and contingencies enumerated in the certificate of tentative cancellation, the landowner shall notify the board or council of the particular conditions or contingencies the landowner is unable to satisfy. Within 30 days of receipt of the notice, and upon a determination that the landowner is unable to satisfy the conditions and contingencies listed, the board or council shall execute a certificate of withdrawal of tentative approval of a cancellation of contract, cause the same to be recorded, and send a copy to the Director of Conservation. However, the landowner shall not be entitled to the refund of any cancellation fee paid.

*(Amended by Stats. 2021, Ch. 644, Sec. 9 (SB 574))*

**§ 51283.5.** (a) The Legislature finds and declares that cancellation fees should be calculated in a timely manner and disputes over cancellation fees should be resolved before a city or county approves a tentative cancellation. However, the city or county may approve a tentative cancellation notwithstanding an assessor's formal review or judicial challenge to the cancellation value or fee.

(b) If the valuation changes after the approval of a tentative cancellation, the certificate of tentative cancellation shall be amended to reflect the correct valuation and cancellation fee.

(c) If the landowner wishes to pay a cancellation fee when a formal review has been requested, the landowner may pay the fee required in the current certificate of cancellation and provide security for 20 percent of the cancellation fee based on the assessor's valuation. The board or council shall hold the security and release it immediately upon full payment of the cancellation fee determined pursuant to Section 51283.1.

(d) The city or county may approve a final cancellation notwithstanding a pending formal review or judicial challenge to the cancellation valuation or fee. The certificate of final cancellation shall include the following statements:

(1) That formal review or judicial challenge of the cancellation valuation or fee is pending.

(2) That the fee may be adjusted, based upon the outcome of the review or challenge.

(3) The identity of the party who will be responsible for paying any additional fee or will receive any refund.

(4) The form and amount of security provided by the landowner or other responsible party.

(e) Upon resolution, the landowner or the party identified in the certificate shall either pay the balance owed to the county treasurer, or receive from the county treasurer or the controller any amount of overpayment, and shall also be entitled to the immediate release of any security.

(f) (1) If a party does not receive the notice required pursuant to Section 51283, 51283.1, 51283.4, or 51284, a judicial challenge to the cancellation valuation may be filed within three years of the latest of the applicable following events:

(A) The board or council certification of the fee pursuant to subdivision (b) of Section 51283, or for fees recomputed pursuant to Section 51283.4, the execution of a certificate of cancellation under that section.

(B) The date of the assessor's determination pursuant to paragraph (3) of subdivision (b) of Section 51283.1.

(C) The service of notice to the Director of Conservation of the board or council's recorded certificate of final cancellation.

(2) If a party did receive the required notice pursuant to Section 51283.1, 51283.4, or 51284, a judicial challenge to the cancellation valuation may be filed only after the party has exhausted the administrative remedies through the formal review process specified in Section 51283.1, and only within 180 days of the latest of the applicable following events:

(A) The board or council certification of the fee pursuant to subdivision (b) of Section 51283 or for fees recomputed pursuant to Section 51283.4, the execution of a certificate of cancellation under that section.

(B) The date of the assessor's determination pursuant to paragraph (3) of subdivision (b) of Section 51283.1.

(C) The service of notice to the Director of Conservation or the board or council's recorded certificate of final cancellation.

*(Amended by Stats. 2021, Ch. 644, Sec. 10 (SB 574))*

**§ 51284.** No contract may be canceled until after the city or county has given notice of, and has held, a public hearing on the matter. Notice of the hearing shall be published pursuant to

Section 6061 and shall be mailed to every owner of land under contract, any portion of which is situated within one mile of the exterior boundary of the land upon which the contract is proposed to be canceled. Within 30 days of the tentative cancellation of the contract, the city or county shall publish a notice of its decision, including the date, time, and place of the public hearing, a general explanation of the decision, the findings made pursuant to Section 51282, and a general description, in text or by diagram, of the land under contract, as a display advertisement of at least one-eighth page in at least one newspaper of general circulation within the city or county. In addition, within 30 days of the tentative cancellation of the contract, the city or county shall deliver a copy of the published notice of the decision, as described above, to the Director of Conservation. The publication shall be for informational purposes only, and shall create no right, standing, or duty that would otherwise not exist with regard to the cancellation proceedings. *(Amended by Stats. 2021, Ch. 644, Sec. 11 (SB 574))*

**§ 51284.1.** When a landowner petitions a board or council for the tentative cancellation of a contract and when the board or council accepts the application as complete pursuant to Section 65943, the board or council shall send that information to the assessor that is necessary to describe the land subject to the proposed cancellation. The information shall include the name and address of the landowner petitioning the cancellation.

*(Amended by Stats. 2021, Ch. 644, Sec. 12 (SB 574))*

**§ 51285.** The owner of any property located in the county or city in which the agricultural preserve is situated may protest such cancellation to the city or county conducting the hearing. *(Amended by Stats. 1969, Ch. 1372.)*

**§ 51286.** (a) Any action or proceeding which, on the grounds of alleged noncompliance with the requirements of this chapter, seeks to attack, review, set aside, void, or annul a decision of a board of supervisors or a city council to cancel a contract shall be brought pursuant to Section 1094.5 of the Code of Civil Procedure.

(b) The action or proceeding shall be commenced within 180 days from the date of the council or board order acting on a petition for cancellation filed under this chapter.

*(Amended by Stats. 2001, Ch. 176, Sec. 12. Effective January 1, 2002.)*

**§ 51287.** The city or county may impose a fee pursuant to Chapter 8 (commencing with Section 66016) of Division 1 of Title 7 for recovery of costs under this article. The fee shall not exceed an amount necessary to recover the reasonable cost of services provided by the city or county under this article.

*(Amended by Stats. 1995, Ch. 686, Sec. 2. Effective October 10, 1995. Operative January 1, 1996, by Sec. 9 of Ch. 686.)*

## **Article 6. Eminent Domain or Other Acquisition**

**§ 51290.** (a) It is the policy of the state to avoid, whenever practicable, the location of any federal, state, or local public improvements and any improvements of public utilities, and the acquisition of land therefor, in agricultural preserves.

(b) It is further the policy of the state that whenever it is necessary to locate such an improvement within an agricultural preserve, the improvement shall, whenever practicable, be located upon land other than land under a contract pursuant to this chapter.

(c) It is further the policy of the state that any agency or entity proposing to locate such an improvement shall, in considering the relative costs of parcels of land and the development of improvements, give consideration to the value to the public, as indicated in Article 2 (commencing with Section 51220), of land, and particularly prime agricultural land, within an agricultural preserve.

*(Amended by Stats. 1998, Ch. 690, Sec. 5. Effective January 1, 1999.)*

**§ 51290.5.** As used in this chapter, “public improvement” means facilities or interests in real property, including easements, rights-of-way, and interests in fee title, owned by a public agency or person, as defined in subdivision (a) of Section 51291.

*(Amended by Stats. 1998, Ch. 690, Sec. 6. Effective January 1, 1999.)*

**§ 51291.** (a) As used in this section and Sections 51292 and 51295, (1) “public agency” means any department or agency of the United States or the state, and any county, city, school district, or other local public district, agency, or entity, and (2) “person” means any person authorized to acquire property by eminent domain.

(b) Except as provided in Section 51291.5, whenever it appears that land within an agricultural preserve may be required by a public agency or person for a public use, the public agency or person shall advise the local governing body responsible for the administration of the preserve of its intention to consider the location of a public improvement within the preserve. In accordance with Section 51290, the notice shall include an explanation of the preliminary consideration of Section 51292, and give a general description, in text or by diagram, of the agricultural preserve land proposed for acquisition, and a copy of any applicable contract created under this chapter.

Within 30 days thereafter, the local governing body shall forward to the appropriate public agency or person concerned their comments with respect to the effect of the location of the public improvement on the land within the agricultural preserve and those comments shall be considered by the public agency or person. In preparing those comments, shall consider issues related to agricultural land use, including, but not limited to, matters related to the effects of the proposal on the conversion of adjacent or nearby agricultural land to nonagricultural uses shall be considered. The failure by any person or public agency, other than a state agency, to comply with the requirements of this section shall be admissible in evidence in any litigation for the acquisition of that land or involving the allocation of funds or the construction of the public improvement. This subdivision does not apply to the erection, construction, alteration, or maintenance of gas, electric, piped subterranean water or wastewater, or communication utility facilities within an agricultural preserve if that preserve was established after the submission of the location of those facilities to the city or county for review or approval.

(c) When land in an agricultural preserve is acquired by a public entity, the public entity shall notify the Director of Conservation within 10 working days. The notice shall include a general explanation of the decision and the findings made pursuant to Section 51292. The notice shall

also include a general description, in text or by diagram, of the agricultural preserve land acquired.

(d) If, after giving the notice required under subdivisions (b) and (c) and before the project is completed within an agricultural preserve, the public agency or person proposes any significant change in the public improvement, it shall give notice of the changes to the Director of Conservation and the local governing body responsible for the administration of the preserve. Within 30 days thereafter, the local governing body may forward to the public agency or person their comments with respect to the effect of the change to the public improvement on the land within the preserve and the compliance of the changed public improvements with this article. Those comments shall be considered by the public agency or person, if available within the time limits set by this subdivision.

(e) Any action or proceeding regarding notices or findings required by this article filed by the local governing body administering the agricultural preserve shall be governed by Section 51294.

*(Amended by Stats. 2021, Ch. 644, Sec. 13 (SB 574))*

**§ 51291.5.** The notice requirements of subdivision (b) of Section 51291 shall not apply to the acquisition of land for the erection, construction, or alteration of gas, electric, piped subterranean water or wastewater, or communication facilities.

*(Added by Stats. 1999, Ch. 1018, Sec. 11. Effective January 1, 2000.)*

**§ 51292.** No public agency or person shall locate a public improvement within an agricultural preserve unless the following findings are made:

(a) The location is not based primarily on a consideration of the lower cost of acquiring land in an agricultural preserve.

(b) If the land is agricultural land covered under a contract pursuant to this chapter for any public improvement, that there is no other land within or outside the preserve on which it is reasonably feasible to locate the public improvement.

*(Amended by Stats. 1999, Ch. 1018, Sec. 12. Effective January 1, 2000.)*

**§ 51293.** Section 51292 shall not apply to:

(a) The location or construction of improvements where the board or council administering the agricultural preserve approves or agrees to the location thereof, except when the acquiring agency and administering agency are the same entity.

(b) The acquisition of easements within a preserve by the board or council administering the preserve.

(c) The location or construction of any public utility improvement which has been approved by the Public Utilities Commission.

(d) The acquisition of either (1) temporary construction easements for public utility improvements, or (2) an interest in real property for underground public utility improvements. This subdivision shall apply only where the surface of the land subject to the acquisition is returned to the condition and use that immediately predated the construction of the public improvement, and when the construction of the public utility improvement will not significantly impair agricultural use of the affected contracted parcel or parcels.

(e) The location or construction of the following types of improvements, which are hereby determined to be compatible with or to enhance land within an agricultural preserve:

- (1) Flood control works, including channel rectification and alteration.
- (2) Public works required for fish and wildlife enhancement and preservation.
- (3) Improvements for the primary benefit of the lands within the preserve.

(f) Improvements for which the site or route has been specified by the Legislature in a manner that makes it impossible to avoid the acquisition of land under contract.

(g) All state highways on routes as described in Sections 301 to 622, inclusive, of the Streets and Highways Code, as those sections read on October 1, 1965.

(h) All facilities which are part of the State Water Facilities as described in subdivision (d) of Section 12934 of the Water Code, except facilities under paragraph (6) of subdivision (d) of that section.

(i) Land upon which condemnation proceedings have been commenced prior to October 1, 1965.

(j) The acquisition of a fee interest or conservation easement for a term of at least 10 years, in order to restrict the land to agricultural or open space uses as defined by subdivisions (b) and (o) of Section 51201.

*(Amended by Stats. 1994, Ch. 1158, Sec. 4. Effective January 1, 1995.)*

**§ 51293.1.** Any public agency or person requiring land in an agricultural preserve for a use which has been determined by a city or county to be a “compatible use” pursuant to subdivision (e) of Section 51201 in that agricultural preserve shall not be excused from the provisions of subdivision (b) of Section 51291 if the agricultural preserve was established before the location of the improvement of a public utility was submitted to the city, county, or Public Utilities Commission for agreement or approval and that compatible use shall not come within the provisions of Section 51293 unless the location of the improvement is approved or agreed to pursuant to subdivision (a) of Section 51293 or the compatible use is listed in Section 51293.

*(Amended by Stats. 1983, Ch. 101, Sec. 71.)*

**§ 51294.** Section 51292 shall be enforceable only by mandamus proceedings by the local governing body administering the agricultural preserve. However, as applied to condemnors whose determination of necessity is not conclusive by statute, evidence as to the compliance of the condemnor with Section 51292 shall be admissible on motion of any of the parties in any action otherwise authorized to be brought by the landowner or in any action against the landowner.

*(Amended by Stats. 2021, Ch. 644, Sec. 14 (SB 574))*

**§ 51294.1.** After 30 days have elapsed following its action, pursuant to subdivision (b) of Section 51291, advising the local governing body of a county or city administering an agricultural preserve of its intention to consider the location of a public improvement within such agricultural preserve, a public agency proposing to acquire land within an agricultural preserve for water transmission facilities which will extend into more than one county, may file the proposed route of the facilities with each county or city administering an agricultural preserve into which the facilities will extend and request each county or city to approve or agree to the location of the facilities or the acquisition of the land therefor. Upon approval or agreement, the

provisions of Section 51292 shall not apply to the location of the proposed water transmission facility or the acquisition of land therefor in any county or city which has approved or agreed to the location or acquisition.

*(Amended by Stats. 2021, Ch. 644, Sec. 15 (SB 574))*

**§ 51294.2.** If any local governing body administering an agricultural preserve within 90 days after receiving a request pursuant to Section 51294.1 has not approved or agreed to the location of water transmission facilities as provided in Section 51294.1 or in subdivision (a) of Section 51293, the public agency making such request may file an action against such local governing body in the superior court of one of the counties within which any such body has failed to approve the location of facilities or the acquisition of land therefor, to determine whether the public agency proposing the location or acquisition has complied with the requirements of Section 51292. If the court should so determine, the provisions of Section 51292 shall not apply to the location of water transmission facilities, nor the acquisition of land therefor, in any of the counties into which they shall extend, and no writ of mandamus shall be issued in relation thereto pursuant to Section 51294. For the purposes of this section, the county selected for commencing such action is the proper county for the trial of such proceedings. In determining whether the public agency has complied with the requirements of Section 51292, the court shall consider the alignment, functioning and operation of the entire transmission facility.

Courts shall give any action brought under the provisions of this section preference over all other civil actions therein, to the end that such actions shall be quickly heard and determined.

*(Added by Stats. 1970, Ch. 415.)*

**§ 51295.** When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed, or when that land is acquired in lieu of eminent domain for a public improvement by a public agency or person, or whenever there is any such action or acquisition by the federal government or any person, instrumentality, or agency acting under the authority or power of the federal government, the contract shall be deemed null and void as to the land actually being condemned, or so acquired as of the date the action is filed, and for the purposes of establishing the value of the land, the contract shall be deemed never to have existed.

Upon the termination of the proceeding, the contract shall be null and void for all land actually taken or acquired.

When an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null and void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

When an action to condemn or acquire an interest that is less than the fee title of an entire parcel or any portion thereof of land subject to a contract is commenced, the contract shall be

deemed null and void as to that interest and, for the purpose of establishing the value of only that interest, shall be deemed never to have existed, unless the remaining interests in any of the land subject to the contract will be adversely affected, in which case the value of that damage shall be computed without regard to the contract.

The land actually taken shall be removed from the contract. Under no circumstances shall land be removed that is not actually taken for a public improvement, except that when only a portion of the land or less than a fee interest in the land is taken or acquired, the contract may be canceled with respect to the remaining portion or interest upon petition of either party and pursuant to the provisions of Article 5 (commencing with Section 51280).

For the purposes of this section, a finding by the board or council that no authorized use may be made of the land if the contract is continued on the remaining portion or interest in the land, may satisfy the requirements of subdivision (a) of Section 51282.

If, after acquisition, the acquiring public agency determines that it will not for any reason actually locate on that land or any part thereof, the public improvement for which the land was acquired, before returning the land to private ownership, the public agency shall give written notice to the local governing body responsible for the administration of the preserve, and the land shall be reenrolled in a new contract or encumbered by an enforceable deed restriction with terms at least as restrictive as those provided by this chapter. The duration of the restriction shall be determined by subtracting the length of time the land was held by the acquiring public agency or person from the number of years that remained on the original contract at the time of acquisition.

*(Amended by Stats. 2021, Ch. 644, Sec. 16. (SB 574))*

## **Article 7. Farmland Security Zones**

**§ 51296.** The Legislature finds and declares that it is desirable to expand options available to landowners for the preservation of agricultural land. It is therefore the intent of the Legislature in enacting this article to encourage the creation of longer term voluntary enforceable restrictions within agricultural preserves.

*(Repealed and added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51296.1.** A landowner or group of landowners may petition the board to rescind a contract or contracts entered into pursuant to this chapter in order to simultaneously place the land subject to that contract or those contracts under a new contract designating the property as a farmland security zone. A landowner or group of landowners may also petition the board to create a farmland security zone for the purpose of entering into farmland security zone contracts pursuant to this section.

(a) Before approving the rescission of a contract or contracts entered into pursuant to this chapter in order to simultaneously place the land under a new farmland security zone contract, the board shall create a farmland security zone, pursuant to the requirements of Section 51230, within an existing agricultural preserve.

(b) No land shall be included in a farmland security zone unless expressly requested by the landowner. Any land located within a city's sphere of influence shall not be included within a farmland security zone, unless the creation of the farmland security zone within the sphere of influence has been expressly approved by resolution by the city with jurisdiction within the sphere of influence.

(c) If more than one landowner requests the creation of a farmland security zone and the parcels are contiguous, the county shall place those parcels in the same farmland security zone.

(d) A contract entered into pursuant to this section shall be for an initial term of no less than 20 years. Each contract shall provide that on the anniversary date of the contract or on another annual date as specified by the contract, a year shall be added automatically to the initial term unless a notice of nonrenewal is given pursuant to Section 51245.

(e) Upon termination of a farmland security zone contract, the farmland security zone designation for that parcel shall simultaneously be terminated.

*(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51296.2.** Both of the following shall apply to land within a designated farmland security zone:

(a) The land shall be eligible for property tax valuation pursuant to Section 423.4 of the Revenue and Taxation Code.

(b) Notwithstanding any other provision of law, any special tax approved by the voters for urban-related services on or after January 1, 1999, on the land or any living improvement shall be levied at a reduced rate unless the tax directly benefits the land or the living improvements.

*(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51296.3.** Notwithstanding any provision of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Division 3 (commencing with Section 56000)), a local agency formation commission shall not approve a change of organization or reorganization that would result in the annexation of land within a designated farmland security zone to a city. However, this subdivision shall not apply under any of the following circumstances:

(a) If the farmland security zone is located within a designated, delineated area that has been approved by the voters as a limit for existing and future urban facilities, utilities, and services.

(b) If annexation of a parcel or a portion of a parcel is necessary for the location of a public improvement, as defined in Section 51290.5, except as provided in Section 51296.5 or 51296.6.

(c) If the landowner consents to the annexation.

*(Amended by Stats. 2002, Ch. 614, Sec. 1. Effective January 1, 2003.)*

**§ 51296.4.** Notwithstanding any provision of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Division 3 (commencing with Section 56000)), a local agency formation commission shall not approve a change of organization or reorganization that would result in the annexation of land within a designated farmland security zone to a special district that provides or would provide sewers, nonagricultural water, or streets and roads, unless the facilities or services provided by the special district benefit land uses that are allowed under the contract and the landowner consents to the change of organization or reorganization.

*(Amended by Stats. 2002, Ch. 614, Sec. 2. Effective January 1, 2003.)*

**§ 51296.5.** Notwithstanding Article 5 (commencing with Section 53090) of Chapter 1 of Division 2 of Title 5, a school district shall not render inapplicable a county zoning ordinance to the use of land by the school district if the land is within a designated farmland security zone. *(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51296.6.** Notwithstanding any other provision of law, a school district shall not acquire any land that is within a designated farmland security zone. *(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51296.7.** The board shall not approve any use of land within a designated farmland security zone based on the compatible use provisions contained in subdivision (c) of Section 51238.1. *(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51296.8.** Sections 51296 to 51297.4, inclusive, shall only apply to land that is designated on the Important Farmland Series maps, prepared pursuant to Section 65570 as predominantly one or more of the following:

- (a) Prime farmland.
- (b) Farmland of statewide significance.
- (c) Unique farmland.
- (d) Farmland of local importance.

If the proposed farmland security zone is in an area that is not designated on the Important Farmland Series maps, the land shall qualify if it is predominantly prime agricultural land, as defined in subdivision (c) of Section 51201.

*(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51296.9.** Nonrenewal of a farmland security zone contract shall be pursuant to Article 3 (commencing with Section 51240), except as otherwise provided in this article. *(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51297.** A petition for cancellation of a farmland security zone contract created under this article may be filed only by the landowner with the city or county within which the contracted land is located. The city or county may grant a petition only in accordance with the procedures provided for in Article 5 (commencing with Section 51280) and only if all the following requirements are met:

(a) The city or county shall make both of the findings specified in paragraphs (1) and (2) of subdivision (a) of Section 51282, based on substantial evidence in the record. Subdivisions (b) to (e), inclusive, of Section 51282 shall apply to the findings made by the city or county.

(b) Prior to issuing tentative approval of the cancellation of the contract, the board or council shall determine and certify to the county auditor the amount of the cancellation fee that the landowner will be required to pay the county treasurer upon cancellation of the contract. The cancellation fee shall be in an amount that equals 25 percent of the cancellation valuation of the property.

(c) In its resolution tentatively approving cancellation of the contract, the city or county shall find all of the following:

(1) That no beneficial public purpose would be served by the continuation of the contract.

(2) That the uneconomic nature of the agricultural use is primarily attributable to circumstances beyond the control of the landowner and the local government.

(3) That the landowner has paid a cancellation fee equal to 25 percent of the cancellation valuation calculated in accordance with subdivision (b).

(d) A finding that no authorized use may be made of a remnant contract parcel of five acres or less left by public acquisition pursuant to Section 51295, may be substituted for the finding in subdivision (a).

*(Amended by Stats. 2021, Ch. 644, Sec. 17. (SB 574))*

**§ 51297.1.** All of the provisions of Article 6 (commencing with Section 51290) shall apply to farmland security zones created pursuant to this article except as specifically provided in this article.

*(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51297.2.** No state agency, as defined in Section 65934, or local agency, as defined in Section 65930, shall require any land to be placed under a farmland security zone contract as a condition of the issuance of any entitlement to use or the approval of a legislative or adjudicative act involving, but not limited to, the planning, use, or development of real property, or a change of organization or reorganization, as defined in Section 56021 or 56073. No contract shall be executed as a condition of an entitlement to use issued by an agency of the United States government.

*(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51297.3.** Sections 51296.3 and 51296.4 shall not apply during the three-year period preceding the termination of a farmland security zone contract.

*(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**§ 51297.4.** Nothing in Sections 51296 to 51297.4, inclusive, shall be construed to limit the authority of a board to rescind a portion or portions of a Williamson Act contract or contracts for the purpose of immediately enrolling the land in a farmland security zone contract so long as the remaining land is retained in a Williamson Act contract and the board determines that its action would improve the conservation of agricultural land within the county where the rescission occurs. The creation of multiple contracts under this section does not constitute a subdivision of the land.

*(Added by Stats. 2000, Ch. 506, Sec. 23. Effective January 1, 2001.)*

**DIVISION 2. CITIES, COUNTIES, AND OTHER AGENCIES****PART 1. POWERS AND DUTIES COMMON TO CITIES, COUNTIES, AND OTHER AGENCIES****CHAPTER 2.5 The Mello-Roos Community Facilities Act of 1982****Article 1. General Provisions**

**§ 53312.8.** (a) Territory that is dedicated or restricted to agricultural, open-space, or conservation uses may not be included within or annexed to a community facilities district that provides or would provide facilities or services related to sewers, nonagricultural water, or streets and roads, unless the landowner consents to the inclusion or annexation of that territory to the community facilities district.

(b) Notwithstanding any other provision of law, and except as provided in subdivision (c), if a landowner consents to the inclusion or annexation of territory in a community facilities district pursuant to subdivision (a), the landowner and any local agency may not terminate any easement or effect a final cancellation of any contract with respect to any portion of the land included within or annexed to the community facilities district prior to the release of land that is the subject of the proposed termination or cancellation from all liens that arise under the community facilities district for any sewers, nonagricultural water, or streets and roads that did not benefit land uses allowed under the contract or easement.

(c) Subdivision (b) shall not apply to any of the following:

(1) Land under a contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1) included in a community facilities district for which a tentative map may be filed pursuant to paragraph (3) of subdivision (d) of Section 66474.4 or for which a tentative cancellation has been approved.

(2) Land subject to a conservation easement entered into prior to January 1, 2003.

(3) Land included in a community facilities district prior to the imposition of an enforceable restriction listed in subdivision (d) or prior to January 1, 2003.

(4) Land subject to an enforceable restriction listed in subdivision (d) that expressly waives the requirement of subdivision (b).

(d) As used in this section, "territory that is dedicated or restricted to agricultural, open-space, or conservation uses" means territory that is subject to any of the following:

(1) An open-space easement entered into pursuant to Chapter 6.5 (commencing with Section 51050) of Part 1 of Division 1.

(2) An open-space easement entered into pursuant to the Open-Space Easement Act of 1974 (Chapter 6.6 (commencing with Section 51070) of Part 1 of Division 1).

(3) A contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1).

(4) A farmland security zone contract created pursuant to Article 7 (commencing with Section 51296) of Chapter 7 of Part 1 of Division 1), except as otherwise provided in Section 51296.4.

(5) A conservation easement entered into pursuant to Chapter 4 (commencing with Section 815) of Title 2 of Part 2 of Division 2 of the Civil Code.

(6) An agricultural conservation easement entered into pursuant to Chapter 4(commencing with Section 10260) of Division 10.2 of the Public Resources Code.

(7) An agricultural conservation easement entered into pursuant to Section 51256.  
(Added by Stats. 2002, Ch. 174, Sec. 1. Effective January 1, 2003.)

### **DIVISION 3. CORTESE-KNOX-HERTZBERG LOCAL GOVERNMENT REORGANIZATION ACT OF 2000**

## **PART 2. LOCAL AGENCY FORMATION COMMISSION**

### **CHAPTER 4. Spheres of Influence**

**§ 56426.** The commission shall not approve or conditionally approve a change to the sphere of influence of a local government agency of territory that is subject to a farmland security zone contract pursuant to Article 7 (commencing with Section 51296) of Chapter 7 of Part 1 of Division 1, if that local government agency provides or would provide facilities or services related to sewers, nonagricultural water, or streets and roads to the territory, unless these facilities or services benefit land uses that are allowed under the contract and the landowner consents to the change to the sphere of influence.

(Added by Stats. 2002, Ch. 614, Sec. 3. Effective January 1, 2003.)

**§ 56426.6.** (a) The commission shall not approve a change to the sphere of influence of a local government agency of territory that is subject to a contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1) if that local government agency provides, or would provide, facilities or services related to sewers, nonagricultural water, or streets and roads to the territory, unless these facilities or services benefit land uses that are allowed under the contract and the landowner consents to the change to the sphere of influence.

(b) (1) Notwithstanding subdivision (a), the commission may nevertheless approve a change for that territory if it finds either of the following:

(A) That the change would facilitate planned, orderly, and efficient patterns of land use or provision of services, and the public interest in the change substantially outweighs the public interest in the current continuation of the contract beyond its current expiration date.

(B) That the change is not likely to adversely affect the continuation of the contract beyond its current expiration date.

(2) In making a determination pursuant to this subdivision, the commission shall consider all of the following:

(A) The policies and implementation measures adopted by the city or county that would administer the contract both before and after any ultimate annexation, relative to the continuation of agriculture or other uses allowable under the contract.

(B) The infrastructure plans of the annexing agency.

(C) Other factors that the commission deems relevant.

(c) This section shall not apply to any of the following:

(1) Territory that is subject to a contract for which a notice of nonrenewal has been served pursuant to Section 51245.

(2) Territory that is subject to a contract for which a tentative cancellation has been approved pursuant to Section 51282.

(3) Territory for which the governing body of the county or city administering the contract has given its written approval to the change and the landowner consents to the change.

*(Added by renumbering Section 56426.5 (as added by Stats. 2002, Ch. 614) by Stats. 2009, Ch. 155, Sec. 2. (AB 1582) Effective January 1, 2010.)*

### **PART 3. COMMISSION PROCEEDINGS FOR A CHANGE OR ORGANIZATION OR REORGANIZATION**

#### **CHAPTER 1. General**

**§ 56661.** To the extent that the commission maintains an Internet Web site, notice of all public hearings shall be made available in electronic format on that site. The executive officer shall also give mailed notice of any hearing by the commission, as provided in Sections 56155 to 56157, inclusive, by mailing notice of the hearing or transmitting by electronic mail, if available to the recipient, to all of the following persons and entities:

(a) To each affected local agency by giving notice to the legislative body and the executive officer of the agency.

(b) To the proponents, if any.

(c) To each person who has filed a written request for special notice with the executive officer.

(d) If the proposal is for any annexation or detachment, or for a reorganization providing for the formation of a new district, to each city within three miles of the exterior boundaries of the territory proposed to be annexed, detached, or formed into a new district.

(e) If the proposal is to incorporate a new city or for the formation of a district, to the affected county.

(f) If the proposal includes a change of organization or reorganization of a city or special district that provides or would provide structural fire protection services and all or part of the affected territory is a state responsibility area, as determined pursuant to Article 3 (commencing with Section 4125) of Chapter 1 of Part 2 of Division 4 of the Public Resources Code, to the Director of Forestry and Fire Protection.

(g) If the proposal would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), to the Director of Conservation.

(h) To all landowners within the affected territory pursuant to the provisions of subdivision (d) of Section 56157.

(i) To all registered voters within the affected territory pursuant to the provisions of subdivision (f) of Section 56157.

*(Amended by Stats. 2006, Ch. 172, Sec. 5. Effective January 1, 2007.)*

## CHAPTER 3. Proceedings for Cities

### Article 3. Annexation and Other Changes of Organization

**§ 56738.** If the proposal would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), then the petition shall state whether the city shall succeed to the contract pursuant to Section 51243 or whether the city intends to exercise its option to not succeed to the contract pursuant to Section 51243.5.

*(Added by Stats. 2000, Ch. 761, Sec. 110. Effective January 1, 2001.)*

**§ 56749.** (a) The commission shall not approve or conditionally approve a change of organization or reorganization that would result in the annexation to a city of territory that is within a farmland security zone created pursuant to Article 7 (commencing with Section 51296) of Chapter 7 of Division 1 if that city provides or would provide facilities or services related to sewers, nonagricultural water, or streets and roads, unless the facilities or services provided by the city benefit land uses that are allowed under a farmland security zone contract and the landowner consents to the change of organization or reorganization. However, this subdivision shall not apply under any of the following circumstances:

(1) If the farmland security zone is located within a designated, delineated area that has been approved by the voters as a limit for existing and future urban facilities, utilities, and services.

(2) If annexation of a parcel or a portion of a parcel is necessary for the location of a public improvement, as defined in Section 51290.5, except as provided in subdivision (f) or (g) of Section 51296.

(3) If the landowner consents to the annexation.

(b) This section shall not apply during the three-year period preceding the termination of a farmland security zone contract under Article 7 (commencing with Section 51296) of Chapter 7 of Part 1 of Division 1.

*(Amended by Stats. 2002, Ch. 614, Sec. 5. Effective January 1, 2003.)*

**§ 56752.** If the proposal would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), then the resolution shall state whether the city shall succeed to the contract pursuant to Section 51243 or whether the city intends to exercise its option to not succeed to the contract pursuant to Section 51243.5.

*(Added by Stats. 2000, Ch. 761, Sec. 110. Effective January 1, 2001.)*

**§ 56753.** The executive officer shall give mailed notice of any hearing by the commission, as provided in Sections 56155 to 56157, inclusive, by mailing notice of the hearing to the Director of Conservation if the proposal would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1).

*(Added by Stats. 2000, Ch. 761, Sec. 110. Effective January 1, 2001.)*

**§ 56753.5.** Within 10 days after receiving a proposal that would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), the executive officer shall notify the Director of Conservation of the proposal. The notice shall include the contract number, the date of the contract's execution, and a copy of any protest that the city had filed pursuant to Section 51243.5.

*(Added by Stats. 2000, Ch. 761, Sec. 110. Effective January 1, 2001.)*

**§ 56754.** If a change of organization or reorganization would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), the commission, based on substantial evidence in the record, shall determine one of the following:

(a) That the city shall succeed to the rights, duties, and powers of the county pursuant to Section 51243, or

(b) That the city may exercise its option to not succeed to the rights, duties, and powers of the county pursuant to Section 51243.5.

*(Amended by Stats. 2002, Ch. 188, Sec. 3. Effective January 1, 2003.)*

## **CHAPTER 5. Proceedings for Special Districts**

### **Article 2. Reorganization**

**§ 56856.5.** (a) The commission shall not approve or conditionally approve a change of organization or reorganization that would result in the annexation to a city or special district of territory that is subject to a contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1), other than a contract entered into pursuant to Article 7 (commencing with Section 51296) of Chapter 7 of Part 1 of Division 1, if that city or special district provides or would provide facilities or services related to sewers, nonagricultural water, or streets and roads to the territory, unless these facilities or services benefit land uses that are allowed under the contract.

(b) This section shall not be construed to preclude the annexation of territory for the purpose of using other facilities or services provided by the agency that benefit land uses allowable under the contract.

(c) Notwithstanding subdivision (a), the commission may nevertheless approve a change of organization or reorganization if it finds any of the following:

(1) The city or county that would administer the contract after annexation has adopted policies and feasible implementation measures applicable to the affected territory ensuring the continuation of agricultural use and other uses allowable under the contract on a long-term basis.

(2) The change of organization or reorganization encourages and provides planned, well-ordered, and efficient urban development patterns that include appropriate consideration of the preservation of open-space lands within those urban development patterns.

(3) The change of organization or reorganization is necessary to provide services to planned, well-ordered, and efficient urban development patterns that include appropriate consideration of the preservation of open-space lands within those urban development patterns.

(d) This section shall not apply to territory subject to a contract for which either of the following applies:

(1) A notice of nonrenewal has been served pursuant to Section 51245, if the annexing agency agrees that no services will actually be provided by it for use during the remaining life of the contract for land uses or activities not allowed under the contract.

(2) A tentative cancellation has been approved pursuant to Section 51282.  
*(Amended by Stats. 2018, Ch. 86, Sec. 10. (AB 3254) Effective January 1, 2019.)*

## **CHAPTER 6. Commission Decision**

### **Article 2. Terms and Commission Decision**

**§ 56889.** If any commission order approving or conditionally approving a change of organization or reorganization would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), for which the commission has determined pursuant to Section 56754 that the city shall succeed to the contract, the commission shall impose a condition that requires the city to adopt the rules and procedures required by the Williamson Act, including but not limited to the rules and procedures required by Sections 51231, 51237, and 51237.5.

*(Added by Stats. 2000, Ch. 761, Sec. 211. Effective January 1, 2001.)*

## **PART 4. CONDUCTING AUTHORITY PROCEEDINGS FOR CHANGES OF ORGANIZATION OR REORGANIZATION**

### **CHAPTER 5. Resolution for Order Subject to Election**

**§ 57101.** With respect to any proceeding that would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), for which the commission has determined pursuant to Section 56754 that the city may exercise its option to not succeed to the contract, the commission shall include within its resolution ordering the annexation of the territory a finding regarding whether the city intends to not succeed to the contract.

*(Added by renumbering Section 57082.5 by Stats. 2000, Ch. 761, Sec. 238. Effective January 1, 2001.)*

## **PART 5. TERMS AND CONDITIONS AND EFFECT OF A CHANGE OF ORGANIZATION OR REORGANIZATION**

### **CHAPTER 2. Effect of Annexation**

**§ 57330.5** (a) If a city annexes land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), and the city succeeds to the contract pursuant to either Section 51243 or Section 51243.5, then on and after the effective date of the annexation, the city has all of the rights, duties, and powers imposed by that contract.

(b) If a city annexes land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), and the city exercises its option to not succeed to the contract pursuant to Section 51243.5, then the city shall record a certificate of contract termination pursuant to that section.

*(Added by Stats. 1998, Ch. 590, Sec. 8. Effective January 1, 1999.)*

## **TITLE 7. PLANNING AND LAND USE**

### **DIVISION 1. PLANNING AND ZONING**

#### **CHAPTER 1.5. Office of Planning and Research**

#### **Article 5. Statewide Environmental Goals and Policy Report**

**§ 65041.1.** The state planning priorities, which are intended to promote equity, strengthen the economy, protect the environment, and promote public health and safety in the state, including in urban, suburban, and rural communities, shall be as follows:

(a) To promote infill development and equity by rehabilitating, maintaining, and improving existing infrastructure that supports infill development and appropriate reuse and redevelopment of previously developed, underutilized land that is presently served by transit, streets, water,

sewer, and other essential services, particularly in underserved areas, and to preserving cultural and historic resources.

(b) To protect environmental and agricultural resources by protecting, preserving, and enhancing the state's most valuable natural resources, including working landscapes such as farm, range, and forest lands, natural lands such as wetlands, watersheds, wildlife habitats, and other wildlands, recreation lands such as parks, trails, greenbelts, and other open space, and landscapes with locally unique features and areas identified by the state as deserving special protection.

(c) To encourage efficient development patterns by ensuring that any infrastructure associated with development, other than infill development, supports new development that does all of the following:

- (1) Uses land efficiently.
- (2) Is built adjacent to existing developed areas to the extent consistent with the priorities specified pursuant to subdivision (b).
- (3) Is located in an area appropriately planned for growth.
- (4) Is served by adequate transportation and other essential utilities and services.
- (5) Minimizes ongoing costs to taxpayers.

(Amended (as added by Stats. 2002, Ch. 1016) by Stats. 2002, Ch. 1109, Sec. 1. Effective January 1, 2003.)

## **CHAPTER 2.5. Transportation Planning and Programming**

**§ 65080.01** The following definitions apply to terms used in Section 65080:

(a) "Resource areas" include (1) all publicly owned parks and open space; (2) open space or habitat areas protected by natural community conservation plans, habitat conservation plans, and other adopted natural resource protection plans; (3) habitat for species identified as candidate, fully protected, sensitive, or species of special status by local, state, or federal agencies or protected by the federal Endangered Species Act of 1973, the California Endangered Species Act, or the Native Plant Protection Act; (4) lands subject to conservation or agricultural easements for conservation or agricultural purposes by local governments, special districts, or nonprofit 501(c)(3) organizations, areas of the state designated by the State Mining and Geology Board as areas of statewide or regional significance pursuant to Section 2790 of the Public Resources Code, and lands under Williamson Act contracts; (5) areas designated for open-space or agricultural uses in adopted open-space elements or agricultural elements of the local general plan or by local ordinance; (6) areas containing biological resources as described in Appendix G of the CEQA Guidelines that may be significantly affected by the sustainable communities strategy or the alternative planning strategy; and (7) an area subject to flooding where a development project would not, at the time of development in the judgment of the agency, meet the requirements of the National Flood Insurance Program or where the area is subject to more protective provisions of state law or local ordinance.

(b) "Farmland" means farmland that is outside all existing city spheres of influence or city limits as of January 1, 2008, and is one of the following:

- (1) Classified as prime or unique farmland or farmland of statewide importance.
- (2) Farmland classified by a local agency in its general plan that meets or exceeds the standards for prime or unique farmland or farmland of statewide importance.

(c) “Feasible” means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, legal, social, and technological factors.

(d) “Consistent” shall have the same meaning as that term is used in Section 134 of Title 23 of the United States Code.

(e) “Internally consistent” means that the contents of the elements of the regional transportation plan must be consistent with each other.

*(Added by Stats. 2008, Ch. 728, Sec. 5. Effective January 1, 2009.)*

## **CHAPTER 3. Local Planning**

### **Article 5. Authority for and Scope of General Plans**

**§ 65300.** Each planning agency shall prepare and the legislative body of each county and city shall adopt a comprehensive, long-term general plan for the physical development of the county or city, and of any land outside its boundaries which in the planning agency’s judgment bears relation to its planning. Chartered cities shall adopt general plans which contain the mandatory elements specified in Section 65302.

*(Amended by Stats. 1984, Ch. 1009, Sec. 3.)*

**§ 65300.2.** (a) For the purposes of this article, a “200-year flood plain” is an area that has a 1 in 200 chance of flooding in any given year, based on hydrological modeling and other engineering criteria accepted by the Department of Water Resources.

(b) For the purposes of this article, a “levee protection zone” is an area that is protected, as determined by the Central Valley Flood Protection Board or the Department of Water Resources, by a levee that is part of the facilities of the State Plan of Flood Control, as defined under Section 5096.805 of the Public Resources Code.

*(Added by Stats. 2007, Ch. 369, Sec. 1. Effective January 1, 2008.)*

**§ 65300.5.** In construing the provisions of this article, the Legislature intends that the general plan and elements and parts thereof comprise an integrated, internally consistent and compatible statement of policies for the adopting agency.

*(Added by Stats. 1975, Ch. 1104.)*

**§ 65300.7.** The Legislature finds that the diversity of the state’s communities and their residents requires planning agencies and legislative bodies to implement this article in ways that accommodate local conditions and circumstances, while meeting its minimum requirements.

*(Added by Stats. 1980, Ch. 837.)*

**§ 65300.9.** The Legislature recognizes that the capacity of California cities and counties to respond to state planning laws varies due to the legal differences between cities and counties, both charter and general law, and to differences among them in physical size and characteristics, population size and density, fiscal and administrative capabilities, land use and development issues, and human needs. It is the intent of the Legislature in enacting this chapter to provide an opportunity for each city and county to coordinate its local budget planning and

local planning for federal and state program activities, such as community development, with the local land use planning process, recognizing that each city and county is required to establish its own appropriate balance in the context of the local situation when allocating resources to meet these purposes.

*(Added by Stats. 1984, Ch. 1009, Sec. 3.5.)*

**§ 65301.** (a) The general plan shall be so prepared that all or individual elements of it may be adopted by the legislative body, and so that it may be adopted by the legislative body for all or part of the territory of the county or city and any other territory outside its boundaries that in its judgment bears relation to its planning. The general plan may be adopted in any format deemed appropriate or convenient by the legislative body, including the combining of elements. The legislative body may adopt all or part of a plan of another public agency in satisfaction of all or part of the requirements of Section 65302 if the plan of the other public agency is sufficiently detailed and its contents are appropriate, as determined by the legislative body, for the adopting city or county.

(b) The general plan may be adopted as a single document or as a group of documents relating to subjects or geographic segments of the planning area.

(c) The general plan shall address each of the elements specified in Section 65302 to the extent that the subject of the element exists in the planning area. The degree of specificity and level of detail of the discussion of each element shall reflect local conditions and circumstances. However, this section shall not affect the requirements of subdivision (c) of Section 65302, nor be construed to expand or limit the authority of the Department of Housing and Community Development to review housing elements pursuant to Section 65585 of this code or Section 50459 of the Health and Safety Code.

The requirements of this section shall apply to charter cities.

*(Amended by Stats. 2006, Ch. 890, Sec. 1. Effective January 1, 2007.)*

**§ 65301.5.** The adoption of the general plan or any part or element thereof or the adoption of any amendment to such plan or any part or element thereof is a legislative act which shall be reviewable pursuant to Section 1085 of the Code of Civil Procedure.

*(Added by Stats. 1980, Ch. 837.)*

**§ 65302.** The general plan shall consist of a statement of development policies and shall include a diagram or diagrams and text setting forth objectives, principles, standards, and plan proposals. The plan shall include the following elements:

(a) A land use element that designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, including agriculture, natural resources, recreation, and enjoyment of scenic beauty, education, public buildings and grounds, solid and liquid waste disposal facilities, greenways, as defined in Section 816.52 of the Civil Code, and other categories of public and private uses of land. The location and designation of the extent of the uses of the land for public and private uses shall consider the identification of land and natural resources pursuant to paragraph (3) of subdivision (d). The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other territory covered by the plan. The land use element shall identify and annually review those areas covered by the plan that

are subject to flooding identified by flood plain mapping prepared by the Federal Emergency Management Agency (FEMA) or the Department of Water Resources. The land use element shall also do both of the following:

(1) Designate in a land use category that provides for timber production those parcels of real property zoned for timberland production pursuant to the California Timberland Productivity Act of 1982 (Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5).

(2) Consider the impact of new growth on military readiness activities carried out on military bases, installations, and operating and training areas, when proposing zoning ordinances or designating land uses covered by the general plan for land, or other territory adjacent to military facilities, or underlying designated military aviation routes and airspace.

(A) In determining the impact of new growth on military readiness activities, information provided by military facilities shall be considered. Cities and counties shall address military impacts based on information from the military and other sources.

(B) The following definitions govern this paragraph:

(i) "Military readiness activities" mean all of the following:

(I) Training, support, and operations that prepare the men and women of the military for combat.

(II) Operation, maintenance, and security of any military installation.

(III) Testing of military equipment, vehicles, weapons, and sensors for proper operation or suitability for combat use.

(ii) "Military installation" means a base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the United States Department of Defense as defined in paragraph (1) of subsection (g) of Section 2687 of Title 10 of the United States Code.

(b) (1) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, any military airports and ports, and other local public utilities and facilities, all correlated with the land use element of the plan.

(2) (A) Commencing January 1, 2011, upon any substantive revision of the circulation element, the legislative body shall modify the circulation element to plan for a balanced, multimodal transportation network that meets the needs of all users of streets, roads, and highways for safe and convenient travel in a manner that is suitable to the rural, suburban, or urban context of the general plan.

(B) For purposes of this paragraph, "users of streets, roads, and highways" mean bicyclists, children, persons with disabilities, motorists, movers of commercial goods, pedestrians, users of public transportation, and seniors.

(c) A housing element as provided in Article 10.6 (commencing with Section 65580).

(d) (1) A conservation element for the conservation, development, and utilization of natural resources including water and its hydraulic force, forests, soils, rivers and other waters, harbors, fisheries, wildlife, minerals, and other natural resources. The conservation element shall consider the effect of development within the jurisdiction, as described in the land use element, on natural resources located on public lands, including military installations. That portion of the conservation element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies, including flood management, water conservation, or groundwater agencies that have developed, served, controlled, managed, or conserved water of any type for any purpose in the county or city for which the plan is prepared.

Coordination shall include the discussion and evaluation of any water supply and demand information described in Section 65352.5, if that information has been submitted by the water agency to the city or county.

(2) The conservation element may also cover all of the following:

(A) The reclamation of land and waters.  
(B) Prevention and control of the pollution of streams and other waters.  
(C) Regulation of the use of land in stream channels and other areas required for the accomplishment of the conservation plan.

(D) Prevention, control, and correction of the erosion of soils, beaches, and shores.

(E) Protection of watersheds.

(F) The location, quantity, and quality of the rock, sand, and gravel resources.

(3) Upon the next revision of the housing element on or after January 1, 2009, the conservation element shall identify rivers, creeks, streams, flood corridors, riparian habitats, and land that may accommodate floodwater for purposes of groundwater recharge and stormwater management.

(e) An open-space element as provided in Article 10.5 (commencing with Section 65560).

(f) (1) A noise element that shall identify and appraise noise problems in the community. The noise element shall analyze and quantify, to the extent practicable, as determined by the legislative body, current and projected noise levels for all of the following sources:

(A) Highways and freeways.

(B) Primary arterials and major local streets.

(C) Passenger and freight online railroad operations and ground rapid transit systems.

(D) Commercial, general aviation, heliport, helistop, and military airport operations, aircraft overflights, jet engine test stands, and all other ground facilities and maintenance functions related to airport operation.

(E) Local industrial plants, including, but not limited to, railroad classification yards.

(F) Other ground stationary noise sources, including, but not limited to, military installations, identified by local agencies as contributing to the community noise environment.

(2) Noise contours shall be shown for all of these sources and stated in terms of community noise equivalent level (CNEL) or day-night average sound level (Ldn). The noise contours shall be prepared on the basis of noise monitoring or following generally accepted noise modeling techniques for the various sources identified in paragraphs (1) to (6), inclusive.

(3) The noise contours shall be used as a guide for establishing a pattern of land uses in the land use element that minimizes the exposure of community residents to excessive noise.

(4) The noise element shall include implementation measures and possible solutions that address existing and foreseeable noise problems, if any. The adopted noise element shall serve as a guideline for compliance with the state's noise insulation standards.

(g) (1) A safety element for the protection of the community from any unreasonable risks associated with the effects of seismically induced surface rupture, ground shaking, ground failure, tsunami, seiche, and dam failure; slope instability leading to mudslides and landslides; subsidence; liquefaction; and other seismic hazards identified pursuant to Chapter 7.8 (commencing with Section 2690) of Division 2 of the Public Resources Code, and other geologic hazards known to the legislative body; flooding; and wildland and urban fires. The safety element shall include mapping of known seismic and other geologic hazards. It shall also

address evacuation routes, military installations, peakload water supply requirements, and minimum road widths and clearances around structures, as those items relate to identified fire and geologic hazards.

(2) The safety element, upon the next revision of the housing element on or after January 1, 2009, shall also do the following:

(A) Identify information regarding flood hazards, including, but not limited to, the following:

(i) Flood hazard zones. As used in this subdivision, "flood hazard zone" means an area subject to flooding that is delineated as either a special hazard area or an area of moderate or minimal hazard on an official flood insurance rate map issued by FEMA. The identification of a flood hazard zone does not imply that areas outside the flood hazard zones or uses permitted within flood hazard zones will be free from flooding or flood damage.

(ii) National Flood Insurance Program maps published by FEMA.

(iii) Information about flood hazards that is available from the United States Army Corps of Engineers.

(iv) Designated floodway maps that are available from the Central Valley Flood Protection Board.

(v) Dam failure inundation maps prepared pursuant to Section 6161 of the Water Code that are available from the Department of Water Resources.

(vi) Awareness Floodplain Mapping Program maps and 200-year flood plain maps that are or may be available from, or accepted by, the Department of Water Resources.

(vii) Maps of levee protection zones.

(viii) Areas subject to inundation in the event of the failure of project or nonproject levees or floodwalls.

(ix) Historical data on flooding, including locally prepared maps of areas that are subject to flooding, areas that are vulnerable to flooding after wildfires, and sites that have been repeatedly damaged by flooding.

(x) Existing and planned development in flood hazard zones, including structures, roads, utilities, and essential public facilities.

(xi) Local, state, and federal agencies with responsibility for flood protection, including special districts and local offices of emergency services.

(B) Establish a set of comprehensive goals, policies, and objectives based on the information identified pursuant to subparagraph (A), for the protection of the community from the unreasonable risks of flooding, including, but not limited to:

(i) Avoiding or minimizing the risks of flooding to new development.

(ii) Evaluating whether new development should be located in flood hazard zones, and identifying construction methods or other methods to minimize damage if new development is located in flood hazard zones.

(iii) Maintaining the structural and operational integrity of essential public facilities during flooding.

(iv) Locating, when feasible, new essential public facilities outside of flood hazard zones, including hospitals and health care facilities, emergency shelters, fire stations, emergency command centers, and emergency communications facilities or identifying construction methods or other methods to minimize damage if these facilities are located in flood hazard zones.

(v) Establishing cooperative working relationships among public agencies with responsibility for flood protection.

(C) Establish a set of feasible implementation measures designed to carry out the goals, policies, and objectives established pursuant to subparagraph (B).

(3) Upon the next revision of the housing element on or after January 1, 2014, the safety element shall be reviewed and updated as necessary to address the risk of fire for land classified as state responsibility areas, as defined in Section 4102 of the Public Resources Code, and land classified as very high fire hazard severity zones, as defined in Section 51177. This review shall consider the advice included in the Office of Planning and Research's most recent publication of "Fire Hazard Planning, General Plan Technical Advice Series" and shall also include all of the following:

(A) Information regarding fire hazards, including, but not limited to, all of the following:

(i) Fire hazard severity zone maps available from the Office of the State Fire Marshal.

(ii) Any historical data on wildfires available from local agencies or a reference to where the data can be found.

(iii) Information about wildfire hazard areas that may be available from the United States Geological Survey.

(iv) General location and distribution of existing and planned uses of land in very high fire hazard severity zones and in state responsibility areas, including structures, roads, utilities, and essential public facilities. The location and distribution of planned uses of land shall not require defensible space compliance measures required by state law or local ordinance to occur on publicly owned lands or open space designations of homeowner associations.

(v) Local, state, and federal agencies with responsibility for fire protection, including special districts and local offices of emergency services.

(B) A set of goals, policies, and objectives based on the information identified pursuant to subparagraph (A) for the protection of the community from the unreasonable risk of wildfire.

(C) A set of feasible implementation measures designed to carry out the goals, policies, and objectives based on the information identified pursuant to subparagraph (B), including, but not limited to, all of the following:

(i) Avoiding or minimizing the wildfire hazards associated with new uses of land.

(ii) Locating, when feasible, new essential public facilities outside of high fire risk areas, including, but not limited to, hospitals and health care facilities, emergency shelters, emergency command centers, and emergency communications facilities, or identifying construction methods or other methods to minimize damage if these facilities are located in a state responsibility area or very high fire hazard severity zone.

(iii) Designing adequate infrastructure if a new development is located in a state responsibility area or in a very high fire hazard severity zone, including safe access for emergency response vehicles, visible street signs, and water supplies for structural fire suppression.

(iv) Working cooperatively with public agencies with responsibility for fire protection.

(D) If a city or county has adopted a fire safety plan or document separate from the general plan, an attachment of, or reference to, a city or county's adopted fire safety plan or document that fulfills commensurate goals and objectives and contains information required pursuant to this paragraph.

(4) Upon the next revision of a local hazard mitigation plan, adopted in accordance with the federal Disaster Mitigation Act of 2000 (Public Law 106-390), on or after January 1, 2017, or, if a local jurisdiction has not adopted a local hazard mitigation plan, beginning on or before January 1, 2022, the safety element shall be reviewed and updated as necessary to address climate adaptation and resiliency strategies applicable to the city or county. This review shall consider advice provided in the Office of Planning and Research's General Plan Guidelines and shall include all of the following:

(A) (i) A vulnerability assessment that identifies the risks that climate change poses to the local jurisdiction and the geographic areas at risk from climate change impacts, including, but not limited to, an assessment of how climate change may affect the risks addressed pursuant to paragraphs (2) and (3).

(ii) Information that may be available from federal, state, regional, and local agencies that will assist in developing the vulnerability assessment and the adaptation policies and strategies required pursuant to subparagraph (B), including, but not limited to, all of the following:

(I) Information from the Internet-based Cal-Adapt tool.

(II) Information from the most recent version of the California Adaptation Planning Guide.

(III) Information from local agencies on the types of assets, resources, and populations that will be sensitive to various climate change exposures.

(IV) Information from local agencies on their current ability to deal with the impacts of climate change.

(V) Historical data on natural events and hazards, including locally prepared maps of areas subject to previous risk, areas that are vulnerable, and sites that have been repeatedly damaged.

(VI) Existing and planned development in identified at-risk areas, including structures, roads, utilities, and essential public facilities.

(VII) Federal, state, regional, and local agencies with responsibility for the protection of public health and safety and the environment, including special districts and local offices of emergency services.

(B) A set of adaptation and resilience goals, policies, and objectives based on the information specified in subparagraph (A) for the protection of the community.

(C) A set of feasible implementation measures designed to carry out the goals, policies, and objectives identified pursuant to subparagraph (B) including, but not limited to, all of the following:

(i) Feasible methods to avoid or minimize climate change impacts associated with new uses of land.

(ii) The location, when feasible, of new essential public facilities outside of at-risk areas, including, but not limited to, hospitals and health care facilities, emergency shelters, emergency command centers, and emergency communications facilities, or identifying

construction methods or other methods to minimize damage if these facilities are located in at-risk areas.

(iii) The designation of adequate and feasible infrastructure located in an at-risk area.

(iv) Guidelines for working cooperatively with relevant local, regional, state, and federal agencies.

(v) The identification of natural infrastructure that may be used in adaptation projects, where feasible. Where feasible, the plan shall use existing natural features and ecosystem processes, or the restoration of natural features and ecosystem processes, when developing alternatives for consideration. For the purposes of this clause, "natural infrastructure" means the preservation or restoration of ecological systems, or utilization of engineered systems that use ecological processes, to increase resiliency to climate change, manage other environmental hazards, or both. This may include, but is not limited to, flood plain and wetlands restoration or preservation, combining levees with restored natural systems to reduce flood risk, and urban tree planting to mitigate high heat days.

(D) (i) If a city or county has adopted the local hazard mitigation plan, or other climate adaptation plan or document that fulfills commensurate goals and objectives and contains the information required pursuant to this paragraph, separate from the general plan, an attachment of, or reference to, the local hazard mitigation plan or other climate adaptation plan or document.

(ii) Cities or counties that have an adopted hazard mitigation plan, or other climate adaptation plan or document that substantially complies with this section, or have substantially equivalent provisions to this subdivision in their general plans, may use that information in the safety element to comply with this subdivision, and shall summarize and incorporate by reference into the safety element the other general plan provisions, climate adaptation plan or document, specifically showing how each requirement of this subdivision has been met.

(5) After the initial revision of the safety element pursuant to paragraphs (2), (3), and (4), the planning agency shall review and, if necessary, revise the safety element upon each revision of the housing element or local hazard mitigation plan, but not less than once every eight years, to identify new information relating to flood and fire hazards and climate adaptation and resiliency strategies applicable to the city or county that was not available during the previous revision of the safety element.

(6) Cities and counties that have flood plain management ordinances that have been approved by FEMA that substantially comply with this section, or have substantially equivalent provisions to this subdivision in their general plans, may use that information in the safety element to comply with this subdivision, and shall summarize and incorporate by reference into the safety element the other general plan provisions or the flood plain ordinance, specifically showing how each requirement of this subdivision has been met.

(7) Prior to the periodic review of its general plan and prior to preparing or revising its safety element, each city and county shall consult the California Geological Survey of the Department of Conservation, the Central Valley Flood Protection Board, if the city or county is located within the boundaries of the Sacramento and San Joaquin Drainage District, as set forth in Section 8501 of the Water Code, and the Office of Emergency Services for the purpose of

including information known by and available to the department, the agency, and the board required by this subdivision.

(8) To the extent that a county's safety element is sufficiently detailed and contains appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's safety element that pertains to the city's planning area in satisfaction of the requirement imposed by this subdivision.

(h) (1) An environmental justice element, or related goals, policies, and objectives integrated in other elements, that identifies disadvantaged communities within the area covered by the general plan of the city, county, or city and county, if the city, county, or city and county has a disadvantaged community. The environmental justice element, or related environmental justice goals, policies, and objectives integrated in other elements, shall do all of the following:

(A) Identify objectives and policies to reduce the unique or compounded health risks in disadvantaged communities by means that include, but are not limited to, the reduction of pollution exposure, including the improvement of air quality, and the promotion of public facilities, food access, safe and sanitary homes, and physical activity.

(B) Identify objectives and policies to promote civil engagement in the public decisionmaking process.

(C) Identify objectives and policies that prioritize improvements and programs that address the needs of disadvantaged communities.

(2) A city, county, or city and county subject to this subdivision shall adopt or review the environmental justice element, or the environmental justice goals, policies, and objectives in other elements, upon the adoption or next revision of two or more elements concurrently on or after January 1, 2018.

(3) By adding this subdivision, the Legislature does not intend to require a city, county, or city and county to take any action prohibited by the United States Constitution or the California Constitution.

(4) For purposes of this subdivision, the following terms shall apply:

(A) "Disadvantaged communities" means an area identified by the California Environmental Protection Agency pursuant to Section 39711 of the Health and Safety Code or an area that is a low-income area that is disproportionately affected by environmental pollution and other hazards that can lead to negative health effects, exposure, or environmental degradation.

(B) "Public facilities" includes public improvements, public services, and community amenities, as defined in subdivision (d) of Section 66000.

(C) "Low-income area" means an area with household incomes at or below 80 percent of the statewide median income or with household incomes at or below the threshold designated as low income by the Department of Housing and Community Development's list of state income limits adopted pursuant to Section 50093 of the Health and Safety Code.

*(Amended by Stats. 2021, Ch. 225, Sec. 9 (AB 9))*

**§ 65302.** The general plan shall consist of a statement of development policies and shall include a diagram or diagrams and text setting forth objectives, principles, standards, and plan proposals. The plan shall include the following elements:

(a) A land use element that designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, including

agriculture, natural resources, recreation, and enjoyment of scenic beauty, education, public buildings and grounds, solid and liquid waste disposal facilities, greenways, as defined in Section 816.52 of the Civil Code, and other categories of public and private uses of land. The location and designation of the extent of the uses of the land for public and private uses shall consider the identification of land and natural resources pursuant to paragraph (3) of subdivision (d). The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other territory covered by the plan. The land use element shall identify and annually review those areas covered by the plan that are subject to flooding identified by flood plain mapping prepared by the Federal Emergency Management Agency (FEMA) or the Department of Water Resources. The land use element shall also do both of the following:

(1) Designate in a land use category that provides for timber production those parcels of real property zoned for timberland production pursuant to the California Timberland Productivity Act of 1982 (Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5).

(2) Consider the impact of new growth on military readiness activities carried out on military bases, installations, and operating and training areas, when proposing zoning ordinances or designating land uses covered by the general plan for land, or other territory adjacent to military facilities, or underlying designated military aviation routes and airspace.

(A) In determining the impact of new growth on military readiness activities, information provided by military facilities shall be considered. Cities and counties shall address military impacts based on information from the military and other sources.

(B) The following definitions govern this paragraph:

(i) "Military readiness activities" mean all of the following:

(I) Training, support, and operations that prepare the men and women of the military for combat.

(II) Operation, maintenance, and security of any military installation.

(III) Testing of military equipment, vehicles, weapons, and sensors for proper operation or suitability for combat use.

(ii) "Military installation" means a base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the United States Department of Defense as defined in paragraph (1) of subsection (g) of Section 2687 of Title 10 of the United States Code.

(b) (1) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, any military airports and ports, and other local public utilities and facilities, all correlated with the land use element of the plan.

(2) (A) Commencing January 1, 2011, upon any substantive revision of the circulation element, the legislative body shall modify the circulation element to plan for a balanced, multimodal transportation network that meets the needs of all users of streets, roads, and highways for safe and convenient travel in a manner that is suitable to the rural, suburban, or urban context of the general plan.

(B) For purposes of this paragraph, "users of streets, roads, and highways" mean bicyclists, children, persons with disabilities, motorists, movers of commercial goods, pedestrians, users of public transportation, and seniors.

(c) A housing element as provided in Article 10.6 (commencing with Section 65580).

(d) (1) A conservation element for the conservation, development, and utilization of natural resources including water and its hydraulic force, forests, soils, rivers and other waters, harbors, fisheries, wildlife, minerals, and other natural resources. The conservation element shall consider the effect of development within the jurisdiction, as described in the land use element, on natural resources located on public lands, including military installations. That portion of the conservation element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies, including flood management, water conservation, or groundwater agencies that have developed, served, controlled, managed, or conserved water of any type for any purpose in the county or city for which the plan is prepared. Coordination shall include the discussion and evaluation of any water supply and demand information described in Section 65352.5, if that information has been submitted by the water agency to the city or county.

(2) The conservation element may also cover all of the following:

- (A) The reclamation of land and waters.
- (B) Prevention and control of the pollution of streams and other waters.
- (C) Regulation of the use of land in stream channels and other areas required for the accomplishment of the conservation plan.
- (D) Prevention, control, and correction of the erosion of soils, beaches, and shores.
- (E) Protection of watersheds.
- (F) The location, quantity, and quality of the rock, sand, and gravel resources.

(3) Upon the next revision of the housing element on or after January 1, 2009, the conservation element shall identify rivers, creeks, streams, flood corridors, riparian habitats, and land that may accommodate floodwater for purposes of groundwater recharge and stormwater management.

(e) An open-space element as provided in Article 10.5 (commencing with Section 65560).

(f) (1) A noise element that shall identify and appraise noise problems in the community. The noise element shall analyze and quantify, to the extent practicable, as determined by the legislative body, current and projected noise levels for all of the following sources:

- (A) Highways and freeways.
- (B) Primary arterials and major local streets.
- (C) Passenger and freight online railroad operations and ground rapid transit systems.
- (D) Commercial, general aviation, heliport, helistop, and military airport operations, aircraft overflights, jet engine test stands, and all other ground facilities and maintenance functions related to airport operation.
- (E) Local industrial plants, including, but not limited to, railroad classification yards.
- (F) Other ground stationary noise sources, including, but not limited to, military installations, identified by local agencies as contributing to the community noise environment.

(2) Noise contours shall be shown for all of these sources and stated in terms of community noise equivalent level (CNEL) or day-night average sound level (Ldn). The noise contours shall be prepared on the basis of noise monitoring or following generally accepted noise modeling techniques for the various sources identified in paragraphs (1) to (6), inclusive.

(3) The noise contours shall be used as a guide for establishing a pattern of land uses in the land use element that minimizes the exposure of community residents to excessive noise.

(4) The noise element shall include implementation measures and possible solutions that address existing and foreseeable noise problems, if any. The adopted noise element shall serve as a guideline for compliance with the state's noise insulation standards.

(g) (1) A safety element for the protection of the community from any unreasonable risks associated with the effects of seismically induced surface rupture, ground shaking, ground failure, tsunami, seiche, and dam failure; slope instability leading to mudslides and landslides; subsidence; liquefaction; and other seismic hazards identified pursuant to Chapter 7.8 (commencing with Section 2690) of Division 2 of the Public Resources Code, and other geologic hazards known to the legislative body; flooding; and wildland and urban fires. The safety element shall include mapping of known seismic and other geologic hazards. It shall also address evacuation routes, military installations, peakload water supply requirements, and minimum road widths and clearances around structures, as those items relate to identified fire and geologic hazards.

(2) The safety element, upon the next revision of the housing element on or after January 1, 2009, shall also do the following:

(A) Identify information regarding flood hazards, including, but not limited to, the following:

(i) Flood hazard zones. As used in this subdivision, "flood hazard zone" means an area subject to flooding that is delineated as either a special hazard area or an area of moderate or minimal hazard on an official flood insurance rate map issued by the Federal Emergency Management Agency (FEMA). The identification of a flood hazard zone does not imply that areas outside the flood hazard zones or uses permitted within flood hazard zones will be free from flooding or flood damage.

(ii) National Flood Insurance Program maps published by FEMA.

(iii) Information about flood hazards that is available from the United States Army Corps of Engineers.

(iv) Designated floodway maps that are available from the Central Valley Flood Protection Board.

(v) Dam failure inundation maps prepared pursuant to Section 6161 of the Water Code that are available from the Department of Water Resources.

(vi) Awareness Floodplain Mapping Program maps and 200-year flood plain maps that are or may be available from, or accepted by, the Department of Water Resources.

(vii) Maps of levee protection zones.

(viii) Areas subject to inundation in the event of the failure of project or nonproject levees or floodwalls.

(ix) Historical data on flooding, including locally prepared maps of areas that are subject to flooding, areas that are vulnerable to flooding after wildfires, and sites that have been repeatedly damaged by flooding.

(x) Existing and planned development in flood hazard zones, including structures, roads, utilities, and essential public facilities.

(xi) Local, state, and federal agencies with responsibility for flood protection, including special districts and local offices of emergency services.

(B) Establish a set of comprehensive goals, policies, and objectives based on the information identified pursuant to subparagraph (A), for the protection of the community from the unreasonable risks of flooding, including, but not limited to:

- (i) Avoiding or minimizing the risks of flooding to new development.
  - (ii) Evaluating whether new development should be located in flood hazard zones, and identifying construction methods or other methods to minimize damage if new development is located in flood hazard zones.
  - (iii) Maintaining the structural and operational integrity of essential public facilities during flooding.
  - (iv) Locating, when feasible, new essential public facilities outside of flood hazard zones, including hospitals and health care facilities, emergency shelters, fire stations, emergency command centers, and emergency communications facilities or identifying construction methods or other methods to minimize damage if these facilities are located in flood hazard zones.
  - (v) Establishing cooperative working relationships among public agencies with responsibility for flood protection.
- (C) Establish a set of feasible implementation measures designed to carry out the goals, policies, and objectives established pursuant to subparagraph (B).
- (3) Concurrent with each revision of the housing element on or after January 1, 2019, the safety element shall be reviewed and updated as necessary to address the risk of fire for land classified as state responsibility areas, as defined in Section 4102 of the Public Resources Code, and land classified as very high fire hazard severity zones, as defined in subdivision (i) of Section 51177. The local jurisdiction may review the safety element upon being classified as a very high fire hazard severity zone without revision of the housing element. This review shall consider the advice included in the Office of Planning and Research's most recent guidance document entitled "Fire Hazard Planning, General Plan Technical Advice Series" and shall also include all of the following:
- (A) Information regarding fire hazards, including, but not limited to, all of the following:
    - (i) Fire hazard severity zone maps available from the Department of Forestry and Fire Protection.
    - (ii) Any historical data on wildfires available from local agencies or a reference to where the data can be found.
    - (iii) Information about wildfire hazard areas that may be available from the United States Geological Survey.
    - (iv) General location and distribution of existing and planned uses of land in very high fire hazard severity zones and in state responsibility areas, including structures, roads, utilities, and essential public facilities. The location and distribution of planned uses of land shall not require defensible space compliance measures required by state law or local ordinance to occur on publicly owned lands or open space designations of homeowner associations.
    - (v) Local, state, and federal agencies with responsibility for fire protection, including special districts and local offices of emergency services.
  - (B) A set of goals, policies, and objectives based on the information identified pursuant to subparagraph (A) for the protection of the community from the unreasonable risk of wildfire.
  - (C) A set of feasible implementation measures designed to carry out the goals, policies, and objectives based on the information identified pursuant to subparagraph (B) including, but not limited to, all of the following:

(i) Avoiding or minimizing the wildfire hazards associated with new uses of land.

(ii) Locating, when feasible, new essential public facilities outside of high fire risk areas, including, but not limited to, hospitals and health care facilities, emergency shelters, emergency command centers, and emergency communications facilities, or identifying construction methods or other methods to minimize damage if these facilities are located in a state responsibility area or very high fire hazard severity zone.

(iii) Designing adequate infrastructure if a new development is located in a state responsibility area or in a very high fire hazard severity zone, including safe access for emergency response vehicles, visible street signs, and water supplies for structural fire suppression.

(iv) Working cooperatively with public agencies with responsibility for fire protection.

(D) If a city or county has adopted a fire safety plan or document separate from the general plan, an attachment of, or reference to, a city or county's adopted fire safety plan or document that fulfills commensurate goals and objectives and contains information required pursuant to this paragraph.

(4) Upon the next revision of a local hazard mitigation plan, adopted in accordance with the federal Disaster Mitigation Act of 2000 (Public Law 106-390), on or after January 1, 2017, or, if a local jurisdiction has not adopted a local hazard mitigation plan, beginning on or before January 1, 2022, the safety element shall be reviewed and updated as necessary to address climate adaptation and resiliency strategies applicable to the city or county. This review shall consider advice provided in the Office of Planning and Research's General Plan Guidelines and shall include all of the following:

(A) (i) A vulnerability assessment that identifies the risks that climate change poses to the local jurisdiction and the geographic areas at risk from climate change impacts, including, but not limited to, an assessment of how climate change may affect the risks addressed pursuant to paragraphs (2) and (3).

(ii) Information that may be available from federal, state, regional, and local agencies that will assist in developing the vulnerability assessment and the adaptation policies and strategies required pursuant to subparagraph (B), including, but not limited to, all of the following:

(I) Information from the Internet-based Cal-Adapt tool.

(II) Information from the most recent version of the California Adaptation Planning Guide.

(III) Information from local agencies on the types of assets, resources, and populations that will be sensitive to various climate change exposures.

(IV) Information from local agencies on their current ability to deal with the impacts of climate change.

(V) Historical data on natural events and hazards, including locally prepared maps of areas subject to previous risk, areas that are vulnerable, and sites that have been repeatedly damaged.

(VI) Existing and planned development in identified at-risk areas, including structures, roads, utilities, and essential public facilities.

(VII) Federal, state, regional, and local agencies with responsibility for the protection of public health and safety and the environment, including special districts and local offices of emergency services.

(B) A set of adaptation and resilience goals, policies, and objectives based on the information specified in subparagraph (A) for the protection of the community.

(C) A set of feasible implementation measures designed to carry out the goals, policies, and objectives identified pursuant to subparagraph (B) including, but not limited to, all of the following:

(i) Feasible methods to avoid or minimize climate change impacts associated with new uses of land.

(ii) The location, when feasible, of new essential public facilities outside of at-risk areas, including, but not limited to, hospitals and health care facilities, emergency shelters, emergency command centers, and emergency communications facilities, or identifying construction methods or other methods to minimize damage if these facilities are located in at-risk areas.

(iii) The designation of adequate and feasible infrastructure located in an at-risk area.

(iv) Guidelines for working cooperatively with relevant local, regional, state, and federal agencies.

(v) The identification of natural infrastructure that may be used in adaptation projects, where feasible. Where feasible, the plan shall use existing natural features and ecosystem processes, or the restoration of natural features and ecosystem processes, when developing alternatives for consideration. For the purposes of this clause, "natural infrastructure" means the preservation or restoration of ecological systems, or utilization of engineered systems that use ecological processes, to increase resiliency to climate change, manage other environmental hazards, or both. This may include, but is not limited to, flood plain and wetlands restoration or preservation, combining levees with restored natural systems to reduce flood risk, and urban tree planting to mitigate high heat days.

(D) (i) If a city or county has adopted the local hazard mitigation plan, or other climate adaptation plan or document that fulfills commensurate goals and objectives and contains the information required pursuant to this paragraph, separate from the general plan, an attachment of, or reference to, the local hazard mitigation plan or other climate adaptation plan or document.

(ii) Cities or counties that have an adopted hazard mitigation plan, or other climate adaptation plan or document that substantially complies with this section, or have substantially equivalent provisions to this subdivision in their general plans, may use that information in the safety element to comply with this subdivision, and shall summarize and incorporate by reference into the safety element the other general plan provisions, climate adaptation plan or document, specifically showing how each requirement of this subdivision has been met.

(5) After the initial revision of the safety element pursuant to paragraphs (2), (3), and (4), the planning agency shall review and, if necessary, revise the safety element upon each revision of the housing element or local hazard mitigation plan, but not less than once every eight years, to identify new information relating to flood and fire hazards and climate adaptation

and resiliency strategies applicable to the city or county that was not available during the previous revision of the safety element.

(6) Cities and counties that have flood plain management ordinances that have been approved by FEMA that substantially comply with this section, or have substantially equivalent provisions to this subdivision in their general plans, may use that information in the safety element to comply with this subdivision, and shall summarize and incorporate by reference into the safety element the other general plan provisions or the flood plain ordinance, specifically showing how each requirement of this subdivision has been met.

(7) Prior to the periodic review of its general plan and prior to preparing or revising its safety element, each city and county shall consult the California Geological Survey of the Department of Conservation, the Central Valley Flood Protection Board, if the city or county is located within the boundaries of the Sacramento and San Joaquin Drainage District, as set forth in Section 8501 of the Water Code, and the Office of Emergency Services for the purpose of including information known by and available to the department, the agency, and the board required by this subdivision.

(8) To the extent that a county's safety element is sufficiently detailed and contains appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's safety element that pertains to the city's planning area in satisfaction of the requirement imposed by this subdivision.

(h) (1) An environmental justice element, or related goals, policies, and objectives integrated in other elements, that identifies disadvantaged communities within the area covered by the general plan of the city, county, or city and county, if the city, county, or city and county has a disadvantaged community. The environmental justice element, or related environmental justice goals, policies, and objectives integrated in other elements, shall do all of the following:

(A) Identify objectives and policies to reduce the unique or compounded health risks in disadvantaged communities by means that include, but are not limited to, the reduction of pollution exposure, including the improvement of air quality, and the promotion of public facilities, food access, safe and sanitary homes, and physical activity.

(B) Identify objectives and policies to promote civil engagement in the public decisionmaking process.

(C) Identify objectives and policies that prioritize improvements and programs that address the needs of disadvantaged communities.

(2) A city, county, or city and county subject to this subdivision shall adopt or review the environmental justice element, or the environmental justice goals, policies, and objectives in other elements, upon the adoption or next revision of two or more elements concurrently on or after January 1, 2018.

(3) By adding this subdivision, the Legislature does not intend to require a city, county, or city and county to take any action prohibited by the United States Constitution or the California Constitution.

(4) For purposes of this subdivision, the following terms shall apply:

(A) "Disadvantaged communities" means an area identified by the California Environmental Protection Agency pursuant to Section 39711 of the Health and Safety Code or an area that is a low-income area that is disproportionately affected by environmental pollution and other hazards that can lead to negative health effects, exposure, or environmental degradation.

(B) “Public facilities” includes public improvements, public services, and community amenities, as defined in subdivision (d) of Section 66000.

(C) “Low-income area” means an area with household incomes at or below 80 percent of the statewide median income or with household incomes at or below the threshold designated as low income by the Department of Housing and Community Development’s list of state income limits adopted pursuant to Section 50093 of the Health and Safety Code. *(Amended by Stats. 2018, Ch. 733, Sec. 1. (SB 1035) Effective January 1, 2019.)*

**§ 65302.1..** (a) The Legislature finds and declares all of the following:

(1) The San Joaquin Valley has a serious air pollution problem that will take the cooperation of land use and transportation planning agencies, transit operators, the development community, the San Joaquin Valley Air Pollution Control District and the public to solve. The solution to the problem requires changes in the way we have traditionally built our communities and constructed the transportation systems. It involves a fundamental shift in priorities from emphasis on mobility for the occupants of private automobiles to a multimodal system that more efficiently uses scarce resources. It requires a change in attitude from the public to support development patterns and transportation systems different from the status quo.

(2) In 2003 the district published a document entitled, Air Quality Guidelines for General Plans. This report is a comprehensive guidance document and resource for cities and counties to use to include air quality in their general plans. It includes goals, policies, and programs that when adopted in a general plan will reduce vehicle trips and miles traveled and improve air quality.

(3) Air quality guidelines are recommended strategies that do, when it is feasible, all of the following:

(A) Determine and mitigate project level and cumulative air quality impacts under the California Environmental Quality Act (CEQA) (Division 13 (commencing with Section 21000) of the Public Resources Code).

(B) Integrate land use plans, transportation plans, and air quality plans.

(C) Plan land uses in ways that support a multimodal transportation system.

(D) Local action to support programs that reduce congestion and vehicle trips.

(E) Plan land uses to minimize exposure to toxic air pollutant emissions from industrial and other sources.

(F) Reduce particulate matter emissions from sources under local jurisdiction.

(G) Support district and public utility programs to reduce emissions from energy consumption and area sources.

(4) The benefits of including air quality concerns within local general plans include, but are not limited to, all of the following:

(A) Lower infrastructure costs.

(B) Lower public service costs.

(C) More efficient transit service.

(D) Lower costs for comprehensive planning.

(E) Streamlining of the permit process.

(F) Improved mobility for the elderly and children.

(b) The legislative body of each city and county within the jurisdictional boundaries of the district shall amend the appropriate elements of its general plan, which may include, but are not

limited to, the required elements dealing with land use, circulation, housing, conservation, and open space, to include data and analysis, goals, policies, and objectives, and feasible implementation strategies to improve air quality.

(c) The adoption of air quality amendments to a general plan to comply with the requirements of subdivision (d) shall include all of the following:

(1) A report describing local air quality conditions including air quality monitoring data, emission inventories, lists of significant source categories, attainment status and designations, and applicable state and federal air quality plans and transportation plans.

(2) A summary of local, district, state, and federal policies, programs, and regulations that may improve air quality in the city or county.

(3) A comprehensive set of goals, policies, and objectives that may improve air quality consistent with the strategies listed in paragraph (3) of subdivision (a).

(4) A set of feasible implementation measures designed to carry out those goals, policies, and objectives.

(d) At least 45 days prior to the adoption of air quality amendments to a general plan pursuant to this section, each city and county shall send a copy of its draft document to the district. The district may review the draft amendments to determine whether they may improve air quality consistent with the strategies listed in paragraph (3) of subdivision (a). Within 30 days of receiving the draft amendments, the district shall send any comments and advice to the city or county. The legislative body of the city or county shall consider the district's comments and advice prior to the final adoption of air quality amendments to the general plan. If the district's comments and advice are not available by the time scheduled for the final adoption of air quality amendments to the general plan, the legislative body of the city or county may act without them. The district's comments shall be advisory to the city or county.

(e) The legislative body of each city and county within the jurisdictional boundaries of the district shall comply with this section no later than one year from the date specified in Section 65588 for the next revision of its housing element that occurs after January 1, 2004.

(f) As used in this section, "district" means the San Joaquin Valley Air Pollution Control District.

*(Added by Stats. 2003, Ch. 472, Sec. 1. Effective January 1, 2004.)*

**§ 65302.2.** Upon the adoption, or revision, of a city or county's general plan, on or after January 1, 1996, the city or county shall utilize as a source document any urban water management plan submitted to the city or county by a water agency.

*(Added by Stats. 1995, Ch. 881, Sec. 2. Effective January 1, 1996.)*

**§ 65302.3.** (a) The general plan, and any applicable specific plan prepared pursuant to Article 8 (commencing with Section 65450), shall be consistent with the plan adopted or amended pursuant to Section 21675 of the Public Utilities Code.

(b) The general plan, and any applicable specific plan, shall be amended, as necessary, within 180 days of any amendment to the plan required under Section 21675 of the Public Utilities Code.

(c) If the legislative body does not concur with any provision of the plan required under Section 21675 of the Public Utilities Code, it may satisfy the provisions of this section by adopting findings pursuant to Section 21676 of the Public Utilities Code.

(d) In each county where an airport land use commission does not exist, but where there is a military airport, the general plan, and any applicable specific plan prepared pursuant to Article 8 (commencing with Section 65450), shall be consistent with the safety and noise standards in the Air Installation Compatible Use Zone prepared for that military airport.

*(Amended by Stats. 2002, Ch. 971, Sec. 4. Effective January 1, 2003.)*

**§ 65302.4.** The text and diagrams in the land use element that address the location and extent of land uses, and the zoning ordinances that implement these provisions, may also express community intentions regarding urban form and design. These expressions may differentiate neighborhoods, districts, and corridors, provide for a mixture of land uses and housing types within each, and provide specific measures for regulating relationships between buildings, and between buildings and outdoor public areas, including streets.

*(Added by Stats. 2004, Ch. 179, Sec. 1. Effective January 1, 2005.)*

**§ 65302.5.** (a) At least 45 days prior to adoption or amendment of the safety element, each county and city shall submit to the California Geological Survey of the Department of Conservation one copy of a draft of the safety element or amendment and any technical studies used for developing the safety element. The division may review drafts submitted to it to determine whether they incorporate known seismic and other geologic hazard information, and report its findings to the planning agency within 30 days of receipt of the draft of the safety element or amendment pursuant to this subdivision. The legislative body shall consider the division's findings prior to final adoption of the safety element or amendment unless the division's findings are not available within the above prescribed time limits or unless the division has indicated to the city or county that the division will not review the safety element. If the division's findings are not available within those prescribed time limits, the legislative body may take the division's findings into consideration at the time it considers future amendments to the safety element. Each county and city shall provide the division with a copy of its adopted safety element or amendments. The division may review adopted safety elements or amendments and report its findings. All findings made by the division shall be advisory to the planning agency and legislative body.

(b) (1) The draft element of or draft amendment to the safety element of a county or a city's general plan shall be submitted to the State Board of Forestry and Fire Protection and to every local agency that provides fire protection to territory in the city or county at least 90 days prior to either of the following:

(A) The adoption or amendment to the safety element of its general plan for each county that contains state responsibility areas.

(B) The adoption or amendment to the safety element of its general plan for each city or county that contains a very high fire hazard severity zone as defined pursuant to subdivision (i) of Section 51177.

(2) A county that contains state responsibility areas and a city or county that contains a very high fire hazard severity zone as defined pursuant to subdivision (i) of Section 51177 shall submit for review the safety element of its general plan to the State Board of Forestry and Fire Protection and every local agency that provides fire protection to territory in the city or county in accordance with the following dates, as specified, unless the local government submitted the element within five years prior to that date:

(A) Local governments within the regional jurisdiction of the San Diego Association of Governments: December 31, 2010.

(B) Local governments within the regional jurisdiction of the Southern California Association of Governments: December 31, 2011.

(C) Local governments within the regional jurisdiction of the Association of Bay Area Governments: December 31, 2012.

(D) Local governments within the regional jurisdiction of the Council of Fresno County Governments, the Kern County Council of Governments, and the Sacramento Area Council of Governments: June 30, 2013.

(E) Local governments within the regional jurisdiction of the Association of Monterey Bay Area Governments: December 31, 2014.

(F) All other local governments: December 31, 2015.

(3) The State Board of Forestry and Fire Protection shall, and a local agency may, review the draft or an existing safety element and recommend changes to the planning agency within 60 days of its receipt regarding both of the following:

(A) Uses of land and policies in state responsibility areas and very high fire hazard severity zones that will protect life, property, and natural resources from unreasonable risks associated with wild land fires.

(B) Methods and strategies for wild land fire risk reduction and prevention within state responsibility areas and very high fire hazard severity zones.

(4) Prior to the adoption of its draft element or draft amendment, the board of supervisors of the county or the city council of a city shall consider the recommendations, if any, made by the State Board of Forestry and Fire Protection and any local agency that provides fire protection to territory in the city or county. If the board of supervisors or city council determines not to accept all or some of the recommendations, if any, made by the State Board of Forestry and Fire Protection or local agency, the board of supervisors or city council shall communicate in writing to the State Board of Forestry and Fire Protection or the local agency, its reasons for not accepting the recommendations.

(5) If the State Board of Forestry and Fire Protection's or local agency's recommendations are not available within the time limits required by this section, the board of supervisors or city council may act without those recommendations. The board of supervisors or city council shall take the recommendations into consideration the next time it considers amendments to the safety element.

*(Amended by Stats. 2013, Ch. 76, Sec. 101. Effective January 1, 2014.)*

**§ 65302.6.** (a) A city, county, or a city and county may adopt with its safety element pursuant to subdivision (g) of Section 65302 a local hazard mitigation plan (HMP) specified in the federal Disaster Mitigation Act of 2000 (Public Law 106-390). The hazard mitigation plan shall include all of the following elements called for in the federal act requirements:

(1) An initial earthquake performance evaluation of public facilities that provide essential services, shelter, and critical governmental functions.

(2) An inventory of private facilities that are potentially hazardous, including, but not limited to, multiunit, soft story, concrete tilt-up, and concrete frame buildings.

(3) A plan to reduce the potential risk from private and governmental facilities in the event of a disaster.

(b) Local jurisdictions that have not adopted a local hazard mitigation plan shall be given preference by the Office of Emergency Services in recommending actions to be funded from the Pre-Disaster Mitigation Program, the Hazard Mitigation Grant Program, and the Flood Mitigation Assistance Program to assist the local jurisdiction in developing and adopting a local hazard mitigation plan, subject to available funding from the Federal Emergency Management Agency. *(Amended by Stats. 2013, Ch. 352, Sec. 312. Effective September 26, 2013. Operative July 1, 2013, by Sec. 543 of Ch. 352.)*

**§ 65302.7.** (a) For the purposes of complying with Section 65302.5, each county or city located within the boundaries of the Sacramento and San Joaquin Drainage District, as set forth in Section 8501 of the Water Code, shall submit the draft element of, or draft amendment to, the safety element to the Central Valley Flood Protection Board and to every local agency that provides flood protection to territory in the city or county at least 90 days prior to the adoption of, or amendment to, the safety element of its general plan.

(b) The Central Valley Flood Protection Board and each local agency described in paragraph (1) shall review the draft or an existing safety element and report their respective written recommendations to the planning agency within 60 days of the receipt of the draft or existing safety element. The Central Valley Flood Protection Board and each local agency shall review the draft or existing safety element and may offer written recommendations for changes to the draft or existing safety element regarding both of the following:

(1) Uses of land and policies in areas subjected to flooding that will protect life, property, and natural resources from unreasonable risks associated with flooding.

(2) Methods and strategies for flood risk reduction and protection within areas subjected to flooding.

(c) Prior to the adoption of its draft element or draft amendments to the safety element, the board of supervisors of the county or the city council of a city shall consider the recommendations made by the Central Valley Flood Protection Board and any local agency that provides flood protection to territory in the city or county. If the board of supervisors or the city council determines not to accept all or some of the recommendations, if any, made by the Central Valley Flood Protection Board or the local agency, the board of supervisors or the city council shall make findings that state its reasons for not accepting a recommendation and shall communicate those findings in writing to the Central Valley Flood Protection Board or to the local agency.

(d) If the Central Valley Flood Protection Board's or the local agency's recommendations are not available within the time limits required by this section, the board of supervisors or the city council may act without those recommendations. The board of supervisors or city council shall consider the recommendations at the next time it considers amendments to its safety element. *(Added by Stats. 2007, Ch. 369, Sec. 2. Effective January 1, 2008.)*

**§ 65302.8.** If a county or city, including a charter city, adopts or amends a mandatory general plan element which operates to limit the number of housing units which may be constructed on an annual basis, such adoption or amendment shall contain findings which justify reducing the housing opportunities of the region. The findings shall include all of the following:

(a) A description of the city's or county's appropriate share of the regional need for housing.

(b) A description of the specific housing programs and activities being undertaken by the local jurisdiction to fulfill the requirements of subdivision (c) of Section 65302.

(c) A description of how the public health, safety, and welfare would be promoted by such adoption or amendment.

(d) The fiscal and environmental resources available to the local jurisdiction.

*(Added by Stats. 1980, Ch. 823.)*

**§ 65302.9.** (a) Within 24 months of July 2, 2013, each city and county within the Sacramento-San Joaquin Valley shall amend its general plan to contain all of the following:

(1) (A) The data and analysis contained in the Central Valley Flood Protection Plan pursuant to Section 9612 of the Water Code, including, but not limited to, the locations of the facilities of the State Plan of Flood Control and the locations of the real property protected by those facilities.

(B) The locations of flood hazard zones, including, but not limited to, locations mapped by the Federal Emergency Management Agency Flood Insurance Rate Map or the Flood Hazard Boundary Map, locations that participate in the National Flood Insurance Program, locations of undetermined risk areas, and locations mapped by a local flood agency or flood district.

(2) Goals, policies, and objectives, based on the data and analysis identified pursuant to paragraph (1), for the protection of lives and property that will reduce the risk of flood damage.

(3) Feasible implementation measures designed to carry out the goals, policies, and objectives established pursuant to paragraph (2).

(b) An undetermined risk area shall be presumed to be at risk during flooding that has a 1-in-200 chance of occurring in any given year unless deemed otherwise by the State Plan of Flood Control, an official National Flood Insurance Program rate map issued by the Federal Emergency Management Agency, or a finding made by a city or county based on a determination of substantial evidence by a local flood agency.

(c) To assist each city or county in complying with this section, the Central Valley Flood Protection Board, the Department of Water Resources, and local flood agencies shall collaborate with cities or counties by providing them with information and other technical assistance.

(d) In implementing this section, each city and county, both general law and charter, within the Sacramento-San Joaquin Valley, shall comply with this article, including, but not limited to, Sections 65300.5, 65300.7, 65300.9, and 65301.

(e) Notwithstanding any other law, this section shall apply to all cities, including charter cities, and counties within the Sacramento-San Joaquin Valley. The Legislature finds and declares that flood protection in the Sacramento and San Joaquin Rivers drainage areas is a matter of statewide concern and not a municipal affair as that term is used in Section 5 of Article XI of the California Constitution.

(f) This section shall not be construed to limit or remove any liability of a city or county prior to the amendment of the general plan except as provided in Section 8307 of the Water Code.

*(Amended by Stats. 2012, Ch. 553, Sec. 2. Effective January 1, 2013.)*

**§ 65302.10.** (a) As used in this section, the following terms shall have the following meanings:

(1) "Community" means an inhabited area within a city or county that is comprised of no less than 10 dwellings adjacent or in close proximity to one another.

(2) "Disadvantaged unincorporated community" means a fringe, island, or legacy community in which the median household income is 80 percent or less than the statewide median household income.

(3) "Fringe community" means any inhabited and unincorporated territory that is within a city's sphere of influence.

(4) "Island community" means any inhabited and unincorporated territory that is surrounded or substantially surrounded by one or more cities or by one or more cities and a county boundary or the Pacific Ocean.

(5) "Legacy community" means a geographically isolated community that is inhabited and has existed for at least 50 years.

(b) On or before the due date for the next adoption of its housing element pursuant to Section 65588, each city or county shall review and update the land use element of its general plan, based on available data, including, but not limited to, the data and analysis developed pursuant to Section 56430, of unincorporated island, fringe, or legacy communities inside or near its boundaries. The updated land use element shall include all of the following:

(1) In the case of a city, an identification of each island or fringe community within the city's sphere of influence that is a disadvantaged unincorporated community. In the case of a county, an identification of each legacy community within the boundaries of the county that is a disadvantaged unincorporated community, but not including any area within the sphere of influence of any city. This identification shall include a description of the community and a map designating its location.

(2) For each identified community, an analysis of water, wastewater, stormwater drainage, and structural fire protection needs or deficiencies.

(3) An analysis, based on then existing available data, of benefit assessment districts or other financing alternatives that could make the extension of services to identified communities financially feasible.

(c) On or before the due date for each subsequent revision of its housing element pursuant to Section 65588, each city and county shall review, and if necessary amend, its general plan to update the analysis required by this section.

*(Amended by Stats. 2012, Ch. 330, Sec. 14. Effective January 1, 2013.)*

**§ 65302.11.** (a) Notwithstanding subdivision (b) of Section 65302.3, the general plan, and any applicable specific plan, for the City of Coronado shall be amended, as necessary, within 540 days of any amendment to the plan required under Section 21675 of the Public Utilities Code if the amendment is made prior to January 1, 2017.

(b) This section shall remain in effect only until January 1, 2019, or 540 days after an amendment to the plan required under Section 21675 of the Public Utilities Code, whichever is earlier, and as of that date is repealed.

*(Added by Stats. 2013, Ch. 606, Sec. 1. Effective January 1, 2014. Repealed on or before January 1, 2019, as prescribed by its own provisions.)*

**§ 65303.** The general plan may include any other elements or address any other subjects which, in the judgment of the legislative body, relate to the physical development of the county or city.

*(Repealed and added by Stats. 1984, Ch. 1009, Sec. 9.)*

**§ 65303.4.** The Department of Water Resources or the Central Valley Flood Protection Board, as appropriate, and the Department of Fish and Game may develop site design and planning policies to assist local agencies which request help in implementing the general plan guidelines for meeting flood control objectives and other land management needs.

*(Amended by Stats. 2007, Ch. 369, Sec. 3. Effective January 1, 2008.)*

## **Article 7. Administration of General Plan**

**§ 65400.** (a) After the legislative body has adopted all or part of a general plan, the planning agency shall do both of the following:

(1) Investigate and make recommendations to the legislative body regarding reasonable and practical means for implementing the general plan or element of the general plan, so that it will serve as an effective guide for orderly growth and development, preservation and conservation of open-space land and natural resources, and the efficient expenditure of public funds relating to the subjects addressed in the general plan.

(2) Provide by April 1 of each year an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development that includes all of the following:

(A) The status of the plan and progress in its implementation.

(B) (i) The progress in meeting its share of regional housing needs determined pursuant to Section 65584 and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing pursuant to paragraph (3) of subdivision (c) of Section 65583.

(ii) The housing element portion of the annual report, as required by this paragraph, shall be prepared through the use of forms standards, forms, and definitions adopted by the Department of Housing and Community Development pursuant to the rulemaking provisions of the Administrative Procedure Act (Chapter Development. The department may review, adopt, amend, and repeal the standards, forms, or definitions, to implement this article. Any standards, forms, or definitions adopted to implement this article shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2). Prior to 2. Before and after adoption of the forms, the housing element portion of the annual report shall include a section that describes the actions taken by the local government towards completion of the programs and status of the local government's compliance with the deadlines in its housing element. That report shall be considered at an annual public meeting before the legislative body where members of the public shall be allowed to provide oral testimony and written comments.

(iii) The report may include the number of units that have been substantially rehabilitated, converted from nonaffordable to affordable by acquisition, and preserved

consistent with the standards set forth in paragraph (2) of subdivision (c) of Section 65583.1. The report shall document how the units meet the standards set forth in that subdivision.

(iv) The planning agency shall include the number of units in a student housing development for lower income students for which the developer of the student housing development was granted a density bonus pursuant to subparagraph (F) of paragraph (1) of subdivision (b) of Section 65915.

(C) The number of housing development applications received in the prior year.

(D) The number of units included in all development applications in the prior year.

(E) The number of units approved and disapproved in the prior year.

(F) The degree to which its approved general plan complies with the guidelines developed and adopted pursuant to Section 65040.2 and the date of the last revision to the general plan.

(G) A listing of sites rezoned to accommodate that portion of the city's or county's share of the regional housing need for each income level that could not be accommodated on sites identified in the inventory required by paragraph (1) of subdivision (c) of Section 65583 and Section 65584.09. The listing of sites shall also include any additional sites that may have been required to be identified by Section 65863.

(H) The number of net new units of housing, including both rental housing and for-sale housing and any units that the County of Napa or the City of Napa may report pursuant to an agreement entered into pursuant to Section 65584.08, that have been issued a completed entitlement, a building permit, or a certificate of occupancy, thus far in the housing element cycle, and the income category, by area median income category, that each unit of housing satisfies. That production report shall, for each income category described in this subparagraph, distinguish between the number of rental housing units and the number of for-sale units that satisfy each income category. The production report shall include, for each entitlement, building permit, or certificate of occupancy, a unique site identifier which must include the assessor's parcel number, but may include street address, or other identifiers.

(I) The number of applications submitted pursuant to subdivision (a) of section 65913.4, the location and the total number of developments approved pursuant to subdivision (b) of section 65913.4, the total number of building permits issued pursuant to subdivision (b) of section 65913.4, the total number of units including both rental housing and for-sale housing by area median income category constructed using the process provided for in subdivision (b) of section 65913.4.

(J) If the city or county has received funding pursuant to the Local Government Planning Support Grants Program (Chapter 3.1 (commencing with Section 50515) of Part 2 of Division 31 of the Health and Safety Code), the information required pursuant to subdivision (a) of Section 50515.04 of the Health and Safety Code.

(K) The progress of the city or county in adopting or amending its general plan or local open-space element in compliance with its obligations to consult with California Native American tribes, and to identify and protect, preserve, and mitigate impacts to places, features, and objects described in Sections 5097.9 and 5097.993 of the Public Resources Code, pursuant to Chapter 905 of the Statutes of 2004.

(L) The following information with respect to density bonuses granted in accordance with Section 65915:

(i) The number of density bonus applications received by the city or county.

(ii) The number of density bonus applications approved by the city or county.

(iii) Data from a sample of projects, selected by the planning agency, approved to receive a density bonus from the city or county, including, but not limited to, the percentage of density bonus received, the percentage of affordable units in the project, the number of other incentives or concessions granted to the project, and any waiver or reduction of parking standards for the project.

(b) If a court finds, upon a motion to that effect, that a city, county, or city and county failed to submit, within 60 days of the deadline established in this section, the housing element portion of the report required pursuant to subparagraph (B) of paragraph (2) of subdivision (a) that substantially complies with the requirements of this section, the court shall issue an order or judgment compelling compliance with this section within 60 days. If the city, county, or city and county fails to comply with the court's order within 60 days, the plaintiff or petitioner may move for sanctions, and the court may, upon that motion, grant appropriate sanctions. The court shall retain jurisdiction to ensure that its order or judgment is carried out. If the court determines that its order or judgment is not carried out within 60 days, the court may issue further orders as provided by law to ensure that the purposes and policies of this section are fulfilled. This subdivision applies to proceedings initiated on or after the first day of October following the adoption of forms and definitions by the Department of Housing and Community Development pursuant to paragraph (2) of subdivision (a), but no sooner than six months following that adoption.

(c) The Department of Housing and Community Development shall post a report submitted pursuant to this section on its internet website within a reasonable time of receiving the report. *(Amended by Stats. 2021, Ch. 340, Sec. 1 (SB 290))*

**§ 65401.** If a general plan or part thereof has been adopted, within such time as may be fixed by the legislative body, each county or city officer, department, board, or commission, and each governmental body, commission, or board, including the governing body of any special district or school district, whose jurisdiction lies wholly or partially within the county or city, whose functions include recommending, preparing plans for, or constructing, major public works, shall submit to the official agency, as designated by the respective county board of supervisors or city council, a list of the proposed public works recommended for planning, initiation or construction during the ensuing fiscal year. The official agency receiving the list of proposed public works shall list and classify all such recommendations and shall prepare a coordinated program of proposed public works for the ensuing fiscal year. Such coordinated program shall be submitted to the county or city planning agency for review and report to said official agency as to conformity with the adopted general plan or part thereof.

*(Amended by Stats. 1970, Ch. 1590.)*

**§ 65402.** (a) If a general plan or part thereof has been adopted, no real property shall be acquired by dedication or otherwise for street, square, park or other public purposes, and no real property shall be disposed of, no street shall be vacated or abandoned, and no public building or structure shall be constructed or authorized, if the adopted general plan or part thereof applies thereto, until the location, purpose and extent of such acquisition or disposition, such street vacation or abandonment, or such public building or structure have been submitted to and reported upon by the planning agency as to conformity with said adopted general plan or

part thereof. The planning agency shall render its report as to conformity with said adopted general plan or part thereof within forty (40) days after the matter was submitted to it, or such longer period of time as may be designated by the legislative body.

If the legislative body so provides, by ordinance or resolution, the provisions of this subdivision shall not apply to: (1) the disposition of the remainder of a larger parcel which was acquired and used in part for street purposes; (2) acquisitions, dispositions, or abandonments for street widening; or (3) alignment projects, provided such dispositions for street purposes, acquisitions, dispositions, or abandonments for street widening, or alignment projects are of a minor nature.

(b) A county shall not acquire real property for any of the purposes specified in paragraph (a), nor dispose of any real property, nor construct or authorize a public building or structure, in another county or within the corporate limits of a city, if such city or other county has adopted a general plan or part thereof and such general plan or part thereof is applicable thereto, and a city shall not acquire real property for any of the purposes specified in paragraph (a), nor dispose of any real property, nor construct or authorize a public building or structure, in another city or in unincorporated territory, if such other city or the county in which such unincorporated territory is situated has adopted a general plan or part thereof and such general plan or part thereof is applicable thereto, until the location, purpose and extent of such acquisition, disposition, or such public building or structure have been submitted to and reported upon by the planning agency having jurisdiction, as to conformity with said adopted general plan or part thereof. Failure of the planning agency to report within forty (40) days after the matter has been submitted to it shall be conclusively deemed a finding that the proposed acquisition, disposition, or public building or structure is in conformity with said adopted general plan or part thereof. The provisions of this paragraph (b) shall not apply to acquisition or abandonment for street widening or alignment projects of a minor nature if the legislative body having the real property within its boundaries so provides by ordinance or resolution.

(c) A local agency shall not acquire real property for any of the purposes specified in paragraph (a) nor dispose of any real property, nor construct or authorize a public building or structure, in any county or city, if such county or city has adopted a general plan or part thereof and such general plan or part thereof is applicable thereto, until the location, purpose and extent of such acquisition, disposition, or such public building or structure have been submitted to and reported upon by the planning agency having jurisdiction, as to conformity with said adopted general plan or part thereof. Failure of the planning agency to report within forty (40) days after the matter has been submitted to it shall be conclusively deemed a finding that the proposed acquisition, disposition, or public building or structure is in conformity with said adopted general plan or part thereof. If the planning agency disapproves the location, purpose or extent of such acquisition, disposition, or the public building or structure, the disapproval may be overruled by the local agency.

Local agency as used in this paragraph (c) means an agency of the state for the local performance of governmental or proprietary functions within limited boundaries. Local agency does not include the state, or county, or a city.

*(Amended by Stats. 1974, Ch. 700.)*

**§ 65403.** (a) Each special district, each unified, elementary, and high school district, and each agency created by a joint powers agreement pursuant to Article 1 (commencing with Section

6500) of Chapter 5 of Division 7 of Title 1 that constructs or maintains public facilities essential to the growth and maintenance of an urban population may prepare a five-year capital improvement program. This section shall not preclude, limit, or govern any other method of capital improvement planning and shall not apply to any district or agency unless it specifically determines to implement this section. As used in this section, "public facilities" means any of the following:

- (1) Public buildings, including schools and related facilities.
- (2) Facilities for the storage, treatment, and distribution of nonagricultural water.
- (3) Facilities for the collection, treatment, reclamation, and disposal of sewage.
- (4) Facilities for the collection and disposal of storm waters and for flood control purposes.
- (5) Facilities for the generation of electricity and the distribution of gas and electricity.
- (6) Transportation and transit facilities, including, but not limited to, streets, roads, harbors, ports, airports, and related facilities.
- (7) Parks and recreation facilities. However, this section shall not apply to a special district which constructs or maintains parks and recreation facilities if the annual operating budget of the district does not exceed one hundred thousand dollars (\$100,000).

(b) The five-year capital improvement program shall indicate the location, size, time of availability, means of financing, including a schedule for the repayment of bonded indebtedness, and estimates of operation costs for all proposed and related capital improvements. The five-year capital improvement program shall also indicate a schedule for maintenance and rehabilitation and an estimate of useful life of all existing and proposed capital improvements.

(c) The capital improvement program shall be adopted by, and shall be annually reviewed and revised by, resolution of the governing body of the district or local agency. Annual revisions shall include an extension of the program for an additional year to update the five-year program. At least 60 days prior to its adoption or annual revision, as the case may be, the capital improvement program shall be referred to the planning agency of each affected city and county within which the district or agency operates, for review as to its consistency with the applicable general plan, any applicable specific plans, and all elements and parts of the plan. Failure of the planning agency to report its findings within 40 days after receipt of a capital improvement program or revision of the program shall be conclusively deemed to constitute a finding that the capital improvement program is consistent with the general plan.

A district or local agency shall not carry out its capital improvement program or any part of the program if the planning agency finds that the capital improvement program or a part of the capital improvement program is not consistent with the applicable general plan, any specific plans, and all elements and parts of the plan. A district or local agency may overrule the finding and carry out its capital improvement program.

(d) Before adopting its capital improvement program, or annual revisions of the program, the governing body of each special district, each unified, elementary, and high school district, and each agency created by a joint powers agreement shall hold at least one public hearing. Notice of the time and place of the hearing shall be given pursuant to Section 65090. In addition, mailed notice shall be given to any city or county which may be significantly affected by the capital improvement program.

*(Amended by Stats. 1984, Ch. 1009, Sec. 15.)*

**§ 65404.** (a) On or before January 1, 2005, the Governor shall develop processes to do all of the following:

(1) Resolve conflicting requirements of two or more state agencies for a local plan, permit, or development project.

(2) Resolve conflicts between state functional plans.

(3) Resolve conflicts between state infrastructure projects.

(4) Provide, to the extent permitted under federal law, for the availability of mediation between a branch of the United States Armed Forces, a local agency, and a project applicant, in circumstances where a conflict arises between a proposed land use within special use airspace beneath low-level flight paths, or within 1,000 feet of a military installation.

(b) The process may be requested by a local agency, project applicant, or one or more state agencies. The mediation process identified in paragraph (4) of subdivision (a) may also be requested by a branch of the United States Armed Forces.

*(Amended by Stats. 2004, Ch. 906, Sec. 3. Effective January 1, 2005.)*

## **Article 10.5. Open-Space Lands**

**§ 65560.** For purposes of this chapter:

(a) “Amount of land converted to agricultural use” means those lands that were brought into agricultural use or reestablished in agricultural use and were not shown as agricultural land on Important Farmland Series maps maintained by the department in the most recent biennial report.

(b) “Amount of land converted from agricultural use” means those lands that were permanently converted or committed to urban or other nonagricultural uses and were shown as agricultural land on Important Farmland Series maps maintained by the department and in the most recent biennial report.

(c) “Category of agricultural land” means prime farmland, farmland of statewide importance, unique farmland, and farmland of local importance, as defined pursuant to the United States Department of Agriculture’s land inventory and monitoring criteria, as modified for California, and grazing land. “Grazing land” means land on which the existing vegetation, whether grown naturally or through management, is suitable for grazing or browsing of livestock.

(d) “Department” means the Department of Conservation.

(e) “Interim Farmland maps” means those maps prepared by the department for areas that do not have the current soil survey information needed to compile Important Farmland Series maps. The Interim Farmland maps shall indicate areas of irrigated agriculture, dry-farmed agriculture, grazing lands, urban and built-up lands, and any areas committed to urban or other nonagricultural uses.

(f) “Important Farmland Series maps” means those maps compiled by the United States Soil Conservation Service and updated and modified by the department’s Farmland Mapping and Monitoring Program pursuant to Section 65570.

(g) “Local open-space plan” means the open-space element of a county or city general plan adopted by the board or council, either as the local open-space plan or as the interim local open-space plan adopted pursuant to Section 65563.

(h) “Open-space land” is means any parcel or area of land or water that is essentially unimproved and devoted to an open-space use as defined in this section, and that is designated on a local, regional, or state open-space plan as any of the following:

(1) Open space for the preservation of natural resources, including, but not limited to, areas required for the preservation of plant and animal life, including habitat for fish and wildlife species; areas required for ecologic and other scientific study purposes; rivers, streams, bays, and estuaries; and coastal beaches, lakeshores, banks of rivers and streams, and watershed lands.

(2) Open space used for the managed production of resources, including, but not limited to, forest lands, rangeland, agricultural lands, and areas of economic importance for the production of food or fiber; areas required for recharge of groundwater basins; bays, estuaries, marshes, rivers, and streams that are important for the management of commercial fisheries; and areas containing major mineral deposits, including those in short supply.

(3) Open space for outdoor recreation, including, but not limited to, areas of outstanding scenic, historic, and cultural value; areas particularly suited for park and recreation purposes, including access to lakeshores, beaches, and rivers and streams; and areas that serve as links between major recreation and open-space reservations, including utility easements, banks of rivers and streams, trails, and scenic highway corridors.

(4) Open space for public health and safety, including, but not limited to, areas that require special management or regulation because of hazardous or special conditions such as earthquake fault zones, unstable soil areas, flood plains, watersheds, areas presenting high fire risks, areas required for the protection of water quality and water reservoirs, and areas required for the protection and enhancement of air quality.

(5) Open space in support of the mission of military installations that comprises areas adjacent to military installations, military training routes, and underlying restricted airspace that can provide additional buffer zones to military activities and complement the resource values of the military lands.

(6) Open space for the protection of places, features, and objects described in Sections 5097.9 and 5097.993 5097.997 of the Public Resources Code.

(i) “Priority land” means any part, or all of a category of, agricultural or open space lands, identified by a local government in that local government’s agricultural land component of its open-space element or agricultural land element of the general plan, that are prioritized for conservation, taking into consideration the need to balance competing land uses.

*(Amended by Stats. 2017, Ch. 434, Sec. 4. Effective January 1, 2018)*

**§ 65565.** (a) A city or county may develop an agricultural land component of the city or county’s open-space element or a separate agricultural land element. If a city or county chooses to develop an agricultural land component of the open-space element or an agricultural land element, the agricultural land component of the open-space element or the agricultural land element shall do the following:

(1) Identify and map, utilizing the designations in the Farmland Monitoring and Mapping Program pursuant to Section 65570 or soil surveys conducted by the United States Natural Resources Conservation Service where applicable, agricultural lands within the city’s or county’s jurisdiction. That portion of the plan shall include all of the following:

(A) All parcels subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5).

(B) All parcels subject to a conservation easement.

(C) All agricultural preserves established pursuant to Article 2.5 (commencing with Section 51230) of Chapter 7 of Part 1 of Division 1 of Title 5.

(D) All parcels subject to a farmland security zone contract established pursuant to Article 7 (commencing with Section 51296) of Chapter 7 of Part 1 of Division 1 of Title 5.

(E) All parcels being used for agricultural purposes within a sphere of influence or municipal service boundary and not subject to a permanent easement.

(F) The total acreage of land classified as a category of agricultural land and a breakdown of agricultural land by Farmland Monitoring and Mapping Program classification.

(G) The total acreage of agricultural land that is located within two miles of land zoned for housing, including rural residential uses, business, or industry in the land use element prepared pursuant to subdivision (a) of Section 65302. The city or county shall not identify the individual parcels subject to this subparagraph.

(H) All public agencies with responsibility for preservation of agricultural land within the jurisdiction, including resource conservation districts established pursuant to Division 9 (commencing with Section 9001) of the Public Resources Code.

(I) The total acreage and Farmland Monitoring and Mapping Program classification of former agricultural land that has been developed since 1984. All land that was, at any time, classified as agricultural land shall be included, even if it was subsequently classified as "other" land.

(J) The total acreage of land that qualifies as a category of agricultural land that is likely to be developed in the next eight years.

(K) An identification and designation of priority land for conservation.

(2) Establish a comprehensive set of goals, policies, and objectives based on the information identified pursuant to paragraph (1) to support long-term protection of agricultural land. In developing these goals, policies, and objectives, a city or county may include, but is not limited to, the following:

(A) Evaluating and amending as necessary the action plan developed pursuant to Section 65564.

(B) Avoiding or minimizing, when feasible, new development that is located on priority land.

(C) Locating, when feasible, new essential public facilities no less than one mile from priority land.

(D) Adopting land use and zoning policies to discourage leapfrog development.

(E) Creating procedures for cooperating with other public agencies and agricultural associations to protect priority land.

(F) Developing strategies to promote the development of multicounty and city-county agreements for the protection of priority land.

(G) Identifying the total acreage of agricultural land to be preserved within the jurisdiction.

(H) Prioritizing the development of housing, including affordable housing, and commercial development within existing areas zoned for housing and commercial development, when feasible.

(3) Identify and establish a set of feasible implementation measures designed to carry out and promote the goals, policies, and objectives established pursuant to paragraph (2). Implementation measures may include, but are not limited to, all of the following:

(A) Establishing, or entering into an agreement with a resource conservation district, pursuant to Chapter 3 (commencing with Section 9151) of Division 9 of the Public Resources Code.

(B) Establishing public-private partnerships for the long-term protection and stewardship of agricultural lands.

(C) Establishing streamlined procedures for the development of housing within areas identified as adequate housing sites in the housing element developed pursuant to Section 65583.

(D) Promoting the development of housing and utilizing the reforms and incentives to facilitate and expedite the construction of affordable housing that are identified in Section 65582.1.

(E) Repealing ordinances that limit development in existing or planned urban areas, including, but not limited to, density limitations, permit caps, and height restrictions.

(F) Identifying all urban parcels suitable for infill development.

(b) Subject to available funding, and pursuant to the grant application requirements of Section 10281.5 of the Public Resources Code, the department may award grants to cities or counties to implement the requirements of this section.

(c) (1) At least 45 days before adopting or amending the open-space element, or at least 45 days before adopting or amending an agricultural land element, each county and city shall submit to the department one copy of a draft of the agricultural land component of the open-space plan or amendment, or the agricultural land element or amendment, and any maps used in creating that component or element.

(2) The department may review drafts so submitted to determine whether the drafts incorporate all known agricultural land and reasonable measures for the long-term protection of agricultural land, and report its recommendations to the city or county within 30 days of receipt of the draft of the open-space element or amendment, or the agricultural land element or amendment, pursuant to this subdivision.

(3) The legislative body of the city or county shall consider the department's recommendations before the final adoption of the open-space element or amendment, or the agricultural land element or amendment, unless the department's recommendations are not available within the above-prescribed time limits as described in paragraph (4), or unless the department has indicated to the city or county that the department will not review the agricultural component of the open-space element or amendment or the agricultural land element or amendment.

(4) If the department's recommendations are not available within those prescribed time limits, the legislative body of the city or county may take the department's recommendations into consideration at the time it considers future amendments to the agricultural component of the open-space element or agricultural land element.

(5) All recommendations made by the department shall be advisory to the planning agency and legislative body of the city or county.

(d) This section does not require a city or county with an existing adopted agricultural land component of their open-space element, or an existing separate agricultural land element, that

is in place before January 1, 2018, to update that element to require the information specified in this section.

*(Added by Stats. 2017, Ch. 434, Sec. 5. Effective January 1, 2018)*

**§ 65565.1** (a) The department shall give priority consideration for any grants, bond proceeds, and other local assistance funding provided by the department to a city or county that does all of the following:

(1) Completes the agricultural land component of the open space element or an agricultural land element as described in Section 65565.

(2) Provides the department with any geographical information system (GIS) data corresponding with the information identified in paragraph (1) of subdivision (a) of Section 65565.

(3) Continues to review, and revise if necessary, the agricultural land component of the open-space element or the agricultural land element upon each revision of the housing element to identify new information that was not available during the previous revision of the open-space element or the agricultural land element.

(b) A city or county with an existing agricultural land component of their open-space element or an existing separate agricultural land element that substantially complies with Section 65565 may apply to the department for priority consideration pursuant to subdivision (a) by doing all of the following:

(1) Submitting a copy of the agricultural land component of their open-space element or the separate agricultural land element to the department. The department shall determine whether the component substantially complies with Section 65565.

(2) Submitting any other supporting background documentation that corresponds with the information identified in paragraph (1) of subdivision (a) of Section 65565.

(3) Continuing to review, and revise if necessary, the agricultural land component of the open-space element or the agricultural land element upon each revision of the housing element to identify new information that was not available during the previous revision of the open-space element or the agricultural land element.

(c) The department may promulgate regulations, pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2), that are necessary to carry out its duties under this chapter.

(d) The department, in consultation with the Office of Planning and Research and the Department of Housing and Community Development, may develop nonbinding guidance for local governments on agricultural land conservation planning and policy, including model policies.

*(Added by Stats. 2017, Ch. 434, Sec. 6. Effective January 1, 2018)*

**§ 65570.** (a) The department may establish, after notice and hearing, rules and regulations, and require reports from local officials and may employ, borrow, or contract for such staff or other forms of assistance as are reasonably necessary to carry out this section, Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2, and Section 612 of the Public Resources Code. In carrying out the department's duties under those sections, it is the intention of the Legislature that the department shall consult with the Director of Food and Agriculture and the Director of State Planning and Research.

(b) Commencing July 1, 1986, and continuing biennially thereafter, the department shall collect or acquire information on the amount of land converted to or from agricultural use, and between agricultural categories, using 1984 baseline information as updated pursuant to this section for every county for which Important Farmland Series maps exist. Commencing on December 31, 2018, and continuing biennially thereafter, the department shall report to the Legislature on the data collected pursuant to this section. In reporting, the department shall specify, by category of agricultural land, the amount of land converted to, or from, agricultural use, by county and on a statewide basis. The department shall also report on the nonagricultural uses to which these agricultural lands were converted or committed.

(c) Commencing on December 31, 2018, and continuing biennially thereafter, the department shall update and send counties copies of current Important Farmland Series maps. Counties may review the maps and notify the department within 90 days of any changes in agricultural land pursuant to subdivision (b) that occurred during the previous fiscal year, and note and request correction of any discrepancies or errors in the classification of agricultural lands on the maps. The department shall make those corrections requested by counties. The department shall provide staff assistance, as available, to collect or acquire information on the amount of land converted to, or from, agricultural use for those counties for which Important Farmland Series maps exist.

(d) The department may also acquire any supplemental information which becomes available from new soil surveys and establish comparable baseline data for counties not included in the 1984 baseline, and shall report on the data pursuant to this section. The Department of Conservation may prepare Interim Farmland maps to supplement the Important Farmland Series maps.

(e) The Legislature finds that the purpose of the Important Farmland Series maps and the Interim Farmland maps is not to consider the economic viability of agricultural lands or their current designation in the general plan. The purpose of the maps is limited to the preparation of an inventory of agricultural lands, as defined in this chapter, as well as land already committed to future urban or other nonagricultural purposes.

*(Amended by Stats. 2017, Ch. 434, Sec. 7. Effective January 1, 2018)*

## **CHAPTER 4.2. Housing Development Approvals**

**§ 65913.1** (a) In exercising its authority to zone for land uses and in revising its housing element pursuant to Article 10.6 (commencing with Section 65580) of Chapter 3, a city, county, or city and county shall designate and zone sufficient vacant land for residential use with appropriate standards, in relation to zoning for nonresidential use, and in relation to growth projections of the general plan to meet housing needs for all income categories as identified in the housing element of the general plan. For the purposes of this section:

(1) "Appropriate standards" means densities and requirements with respect to minimum floor areas, building setbacks, rear and side yards, parking, the percentage of a lot that may be occupied by a structure, amenities, and other requirements imposed on residential lots pursuant to the zoning authority which contribute significantly to the economic feasibility of producing housing at the lowest possible cost given economic and environmental factors, the public health and safety, and the need to facilitate the development of housing affordable to persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code,

and to persons and families of lower income, as defined in Section 50079.5 of the Health and Safety Code. However, nothing in this section shall be construed to enlarge or diminish the authority of a city, county, or city and county to require a developer to construct this housing.

(2) "Vacant land" does not include agricultural preserves pursuant to Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5.

(b) Nothing in this section shall be construed to require a city, county, or city and county in which less than 5 percent of the total land area is undeveloped to zone a site within an urbanized area of that city, county, or city and county for residential uses at densities that exceed those on adjoining residential parcels by 100 percent. For the purposes of this section, "urbanized area" means a central city or cities and surrounding closely settled territory, as defined by the United States Department of Commerce Bureau of the Census in the Federal Register, Volume 39, Number 85, for Wednesday, May 1, 1974, at pages 15202-15203, and as periodically updated.

*(Amended by Stats. 2001, Ch. 939, Sec. 2. Effective January 1, 2002.)*

**§ 65913.4.** (a) A development proponent may submit an application for a development that is subject to the streamlined, ministerial approval process provided by subdivision (c) and is not subject to a conditional use permit if the development complies with subdivision (b) and satisfies all of the following objective planning standards:

(1) The development is a multifamily housing development that contains two or more residential units.

(2) The development and the site on which it is located satisfy all of the following:

(A) It is a legal parcel or parcels located in a city if, and only if, the city boundaries include some portion of either an urbanized area or urban cluster, as designated by the United States Census Bureau, or, for unincorporated areas, a legal parcel or parcels wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

(B) At least 75 percent of the perimeter of the site adjoins parcels that are developed with urban uses. For the purposes of this section, parcels that are only separated by a street or highway shall be considered to be adjoined.

(C) It is zoned for residential use or residential mixed-use development, or has a general plan designation that allows residential use or a mix of residential and nonresidential uses, and at least two-thirds of the square footage of the development is designated for residential use. Additional density, floor area, and units, and any other concession, incentive, or waiver of development standards granted pursuant to the Density Bonus Law in Section 65915 shall be included in the square footage calculation. The square footage of the development shall not include underground space, such as basements or underground parking garages.

(3) (A) The development proponent has committed to record, prior to the issuance of the first building permit, a land use restriction or covenant providing that any lower or moderate-income housing units required pursuant to subparagraph (B) of paragraph (4) shall remain available at affordable housing costs or rent to persons and families of lower or moderate income for no less than the following periods of time:

(i) Fifty-five years for units that are rented.

(ii) Forty-five years for units that are owned.

(B) The city or county shall require the recording of covenants or restrictions implementing this paragraph for each parcel or unit of real property included in the development.

(4) The development satisfies subparagraphs (A) and (B) below:

(A) Is located in a locality that the department has determined is subject to this subparagraph on the basis that the number of units that have been issued building permits, as shown on the most recent production report received by the department, is less than the locality's share of the regional housing needs, by income category, for that reporting period. A locality shall remain eligible under this subparagraph until the department's determination for the next reporting period.

(B) The development is subject to a requirement mandating a minimum percentage of below market rate housing based on one of the following:

(i) The locality did not submit its latest production report to the department by the time period required by Section 65400, or that production report reflects that there were fewer units of above moderate-income housing issued building permits than were required for the regional housing needs assessment cycle for that reporting period. In addition, if the project contains more than 10 units of housing, the project does either of the following:

(I) The project dedicates a minimum of 10 percent of the total number of units to housing affordable to households making below 80 percent of the area median income. If the locality has adopted a local ordinance that requires that greater than 10 percent of the units be dedicated to housing affordable to households making below 80 percent of the area median income, that local ordinance applies.

(II) (ia) If the project is located within the San Francisco Bay area, the project, in lieu of complying with subclause (I), dedicated 20 percent of the total number of units to housing affordable to households making below 120 percent of the area median income with the average income of the units at or below 100 percent of the area median income. However, a local ordinance adopted by the locality applies if it requires greater than 20 percent of the units be dedicated to housing affordable to households making at or below 120 percent of the area median income, or requires that any of the units be dedicated at a level deeper than 120 percent. In order to comply with this subclause, the rent or sale price charged for units that are dedicated to housing affordable to households between 80 percent and 120 percent of the area median income shall not exceed 30 percent of the gross income of the household.

(ib) For purposes of this subclause, "San Francisco Bay area" means the entire area within the territorial boundaries of the Counties of Alameda, Contra Costa, Marin, Napa, San Mateo, Santa Clara, Solano, and Sonoma, and the City and County of San Francisco.

(ii) The locality's latest production report reflects that there were fewer units of housing issued building permits affordable to either very low income or low-income households by income category than were required for the regional housing needs assessment cycle for that reporting period, and the project seeking approval dedicates 50 percent of the total number of units to housing affordable to households making at or below 80 percent of the area median income, unless the locality has adopted a local ordinance that requires that greater than 50 percent of the units be dedicated to housing affordable to households making below 80 percent of the area median income, that local ordinance applies.

(iii) The locality did not submit its latest production report to the department by the time period required by Section 65400, or if the production report reflects that there were fewer units of housing affordable to both income levels described in clauses (i) and (ii) that were issued building permits than were required for the regional housing needs assessment cycle for that reporting period, the project seeking approval may choose between utilizing clause (i) or (ii).

(C) (i) A development proponent that uses a unit of affordable housing to satisfy the requirements of subparagraph (B) may also use that unit to satisfy any other local or state requirement for affordable housing, including local ordinances or the Density Bonus Law in Section 65915, provided that the development proponent complies with the applicable requirements in the state or local law.

(ii) A development proponent that uses a unit of affordable housing to satisfy any other state or local affordability requirement may also use that unit to satisfy the requirements of subparagraph (B), provided that the development proponent complies with applicable requirements of subparagraph (B).

(iii) A development proponent may satisfy the affordability requirements of subparagraph (B) with a unit that is restricted to households with incomes lower than the applicable income limits required in subparagraph (B).

(5) The development, excluding any additional density or any other concessions, incentives, or waivers of development standards granted pursuant to the Density Bonus Law in Section 65915, is consistent with objective zoning standards, objective subdivision standards, and objective design review standards in effect at the time that the development is submitted to the local government pursuant to this section, or at the time a notice of intent is submitted pursuant to subdivision (b), whichever occurs earlier. For purposes of this paragraph, “objective zoning standards,” “objective subdivision standards,” and “objective design review standards” mean standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official before submittal. These standards may be embodied in alternative objective land use specifications adopted by a city or county, and may include, but are not limited to, housing overlay zones, specific plans, inclusionary zoning ordinances, and density bonus ordinances, subject to the following:

(A) A development shall be deemed consistent with the objective zoning standards related to housing density, as applicable, if the density proposed is compliant with the maximum density allowed within that land use designation, notwithstanding any specified maximum unit allocation that may result in fewer units of housing being permitted.

(B) In the event that objective zoning, general plan, subdivision, or design review standards are mutually inconsistent, a development shall be deemed consistent with the objective zoning and subdivision standards pursuant to this subdivision if the development is consistent with the standards set forth in the general plan.

(C) It is the intent of the Legislature that the objective zoning standards, objective subdivision standards, and objective design review standards described in this paragraph be adopted or amended in compliance with the requirements of Chapter 905 of the Statutes of 2004.

(D) The amendments to this subdivision made by Chapter 840 of the Statutes of 2018 do not constitute a change in, but are declaratory of, existing law.

(6) The development is not located on a site that is any of the following:

(A) A coastal zone, as defined in Division 20 (commencing with Section 30000) of the Public Resources Code.

(B) Either prime farmland or farmland of statewide importance, as defined pursuant to United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and designated on the maps prepared by the Farmland Mapping and Monitoring Program of the Department of Conservation, or land zoned or designated for agricultural protection or preservation by a local ballot measure that was approved by the voters of that jurisdiction.

(C) Wetlands, as defined in the United States Fish and Wildlife Service Manual, Part 660 FW 2 (June 21, 1993).

(D) Within a very high fire hazard severity zone, as determined by the Department of Forestry and Fire Protection pursuant to Section 51178, or within a high or very high fire hazard severity zone as indicated on maps adopted by the Department of Forestry and Fire Protection pursuant to Section 4202 of the Public Resources Code. This subparagraph does not apply to sites excluded from the specified hazard zones by a local agency, pursuant to subdivision (b) of Section 51179, or sites that have adopted fire hazard mitigation measures pursuant to existing building standards or state fire mitigation measures applicable to the development.

(E) A hazardous waste site that is listed pursuant to Section 65962.5 or a hazardous waste site designated by the Department of Toxic Substances Control pursuant to Section 25356 of the Health and Safety Code, unless the State Department of Public Health, State Water Resources Control Board, or Department of Toxic Substances Control has cleared the site for residential use or residential mixed uses.

(F) Within a delineated earthquake fault zone as determined by the State Geologist in any official maps published by the State Geologist, unless the development complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law (Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code), and by any local building department under Chapter 12.2 (commencing with Section 8875) of Division 1 of Title 2.

(G) Within a special flood hazard area subject to inundation by the 1 percent annual chance flood (100-year flood) as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency. If a development proponent is able to satisfy all applicable federal qualifying criteria in order to provide that the site satisfies this subparagraph and is otherwise eligible for streamlined approval under this section, a local government shall not deny the application on the basis that the development proponent did not comply with any additional permit requirement, standard, or action adopted by that local government that is applicable to that site. A development may be located on a site described in this subparagraph if either of the following are met:

(i) The site has been subject to a Letter of Map Revision prepared by the Federal Emergency Management Agency and issued to the local jurisdiction.

(ii) The site meets Federal Emergency Management Agency requirements necessary to meet minimum flood plain management criteria of the National Flood Insurance Program pursuant to Part 59 (commencing with Section 59.1) and Part 60 (commencing with Section 60.1) of Subchapter B of Chapter I of Title 44 of the Code of Federal Regulations.

(H) Within a regulatory floodway as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency, unless the development has received a no-rise certification in accordance with Section 60.3(d)(3) of Title 44 of the Code of Federal Regulations. If a development proponent is able to satisfy all applicable federal qualifying criteria in order to provide that the site satisfies this subparagraph and is otherwise eligible for streamlined approval under this section, a local government shall not deny the application on the basis that the development proponent did not comply with any additional permit requirement, standard, or action adopted by that local government that is applicable to that site.

(I) Lands identified for conservation in an adopted natural community conservation plan pursuant to the Natural Community Conservation Planning Act (Chapter 10 (commencing with Section 2800) of Division 3 of the Fish and Game Code), habitat conservation plan pursuant to the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.), or other adopted natural resource protection plan.

(J) Habitat for protected species identified as candidate, sensitive, or species of special status by state or federal agencies, fully protected species, or species protected by the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code), or the Native Plant Protection Act (Chapter 10 (commencing with Section 1900) of Division 2 of the Fish and Game Code).

(K) Lands under conservation easement.

(7) The development is not located on a site where any of the following apply:

(A) The development would require the demolition of the following types of housing:

(i) Housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.

(ii) Housing that is subject to any form of rent or price control through a public entity's valid exercise of its police power.

(iii) Housing that has been occupied by tenants within the past 10 years.

(B) The site was previously used for housing that was occupied by tenants that was demolished within 10 years before the development proponent submits an application under this section.

(C) The development would require the demolition of a historic structure that was placed on a national, state, or local historic register.

(D) The property contains housing units that are occupied by tenants, and units at the property are, or were, subsequently offered for sale to the general public by the subdivider or subsequent owner of the property.

(8) The development proponent has done both of the following, as applicable:

(A) Certified to the locality that either of the following is true, as applicable:

(i) The entirety of the development is a public work for purposes of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code.

(ii) If the development is not in its entirety a public work, that all construction workers employed in the execution of the development will be paid at least the general prevailing rate of per diem wages for the type of work and geographic area, as determined by the Director of Industrial Relations pursuant to Sections 1773 and 1773.9 of the Labor Code, except that apprentices registered in programs approved by the Chief of the Division of

Apprenticeship Standards may be paid at least the applicable apprentice prevailing rate. If the development is subject to this subparagraph, then for those portions of the development that are not a public work all of the following shall apply:

(I) The development proponent shall ensure that the prevailing wage requirement is included in all contracts for the performance of the work.

(II) All contractors and subcontractors shall pay to all construction workers employed in the execution of the work at least the general prevailing rate of per diem wages, except that apprentices registered in programs approved by the Chief of the Division of Apprenticeship Standards may be paid at least the applicable apprentice prevailing rate.

(III) Except as provided in subclause (V), all contractors and subcontractors shall maintain and verify payroll records pursuant to Section 1776 of the Labor Code and make those records available for inspection and copying as provided therein.

(IV) Except as provided in subclause (V), the obligation of the contractors and subcontractors to pay prevailing wages may be enforced by the Labor Commissioner through the issuance of a civil wage and penalty assessment pursuant to Section 1741 of the Labor Code, which may be reviewed pursuant to Section 1742 of the Labor Code, within 18 months after the completion of the development, by an underpaid worker through an administrative complaint or civil action, or by a joint labor-management committee through a civil action under Section 1771.2 of the Labor Code. If a civil wage and penalty assessment is issued, the contractor, subcontractor, and surety on a bond or bonds issued to secure the payment of wages covered by the assessment shall be liable for liquidated damages pursuant to Section 1742.1 of the Labor Code.

(V) Subclauses (III) and (IV) shall not apply if all contractors and subcontractors performing work on the development are subject to a project labor agreement that requires the payment of prevailing wages to all construction workers employed in the execution of the development and provides for enforcement of that obligation through an arbitration procedure. For purposes of this clause, "project labor agreement" has the same meaning as set forth in paragraph (1) of subdivision (b) of Section 2500 of the Public Contract Code.

(VI) Notwithstanding subdivision (c) of Section 1773.1 of the Labor Code, the requirement that employer payments not reduce the obligation to pay the hourly straight time or overtime wages found to be prevailing shall not apply if otherwise provided in a bona fide collective bargaining agreement covering the worker. The requirement to pay at least the general prevailing rate of per diem wages does not preclude use of an alternative workweek schedule adopted pursuant to Section 511 or 514 of the Labor Code.

(B) (i) For developments for which any of the following conditions apply, certified that a skilled and trained workforce shall be used to complete the development if the application is approved:

(I) On and after January 1, 2018, until December 31, 2021, the development consists of 75 or more units with a residential component that is not 100 percent subsidized affordable housing and will be located within a jurisdiction located in a coastal or bay county with a population of 225,000 or more.

(II) On and after January 1, 2022, until December 31, 2025, the development consists of 50 or more units with a residential component that is not 100 percent subsidized

affordable housing and will be located within a jurisdiction located in a coastal or bay county with a population of 225,000 or more.

(III) On and after January 1, 2018, until December 31, 2019, the development consists of 75 or more units with a residential component that is not 100 percent subsidized affordable housing and will be located within a jurisdiction with a population of fewer than 550,000 and that is not located in a coastal or bay county.

(IV) On and after January 1, 2020, until December 31, 2021, the development consists of more than 50 units with a residential component that is not 100 percent subsidized affordable housing and will be located within a jurisdiction with a population of fewer than 550,000 and that is not located in a coastal or bay county.

(V) On and after January 1, 2022, until December 31, 2025, the development consists of more than 25 units with a residential component that is not 100 percent subsidized affordable housing and will be located within a jurisdiction with a population of fewer than 550,000 and that is not located in a coastal or bay county.

(ii) For purposes of this section, “skilled and trained workforce” has the same meaning as provided in Chapter 2.9 (commencing with Section 2600) of Part 1 of Division 2 of the Public Contract Code.

(iii) If the development proponent has certified that a skilled and trained workforce will be used to complete the development and the application is approved, the following shall apply:

(I) The applicant shall require in all contracts for the performance of work that every contractor and subcontractor at every tier will individually use a skilled and trained workforce to complete the development.

(II) Every contractor and subcontractor shall use a skilled and trained workforce to complete the development.

(III) Except as provided in subclause (IV), the applicant shall provide to the locality, on a monthly basis while the development or contract is being performed, a report demonstrating compliance with Chapter 2.9 (commencing with Section 2600) of Part 1 of Division 2 of the Public Contract Code. A monthly report provided to the locality pursuant to this subclause shall be a public record under the California Public Records Act (Division 10 (commencing with Section 7920.000) of Title 1) and shall be open to public inspection. An applicant that fails to provide a monthly report demonstrating compliance with Chapter 2.9 (commencing with Section 2600) of Part 1 of Division 2 of the Public Contract Code shall be subject to a civil penalty of ten thousand dollars (\$10,000) per month for each month for which the report has not been provided. Any contractor or subcontractor that fails to use a skilled and trained workforce shall be subject to a civil penalty of two hundred dollars (\$200) per day for each worker employed in contravention of the skilled and trained workforce requirement. Penalties may be assessed by the Labor Commissioner within 18 months of completion of the development using the same procedures for issuance of civil wage and penalty assessments pursuant to Section 1741 of the Labor Code, and may be reviewed pursuant to the same procedures in Section 1742 of the Labor Code. Penalties shall be paid to the State Public Works Enforcement Fund.

(IV) Subclause (III) shall not apply if all contractors and subcontractors performing work on the development are subject to a project labor agreement that requires compliance with the skilled and trained workforce requirement and provides for enforcement of

that obligation through an arbitration procedure. For purposes of this subparagraph, “project labor agreement” has the same meaning as set forth in paragraph (1) of subdivision (b) of Section 2500 of the Public Contract Code.

(C) Notwithstanding subparagraphs (A) and (B), a development that is subject to approval pursuant to this section is exempt from any requirement to pay prevailing wages or use a skilled and trained workforce if it meets both of the following:

(i) The project includes 10 or fewer units.

(ii) The project is not a public work for purposes of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code.

(9) The development did not or does not involve a subdivision of a parcel that is, or, notwithstanding this section, would otherwise be, subject to the Subdivision Map Act (Division 2 (commencing with Section 66410)) or any other applicable law authorizing the subdivision of land, unless the development is consistent with all objective subdivision standards in the local subdivision ordinance, and either of the following apply:

(A) The development has received or will receive financing or funding by means of a low-income housing tax credit and is subject to the requirement that prevailing wages be paid pursuant to subparagraph (A) of paragraph (8).

(B) The development is subject to the requirement that prevailing wages be paid, and a skilled and trained workforce used, pursuant to paragraph (8).

(10) The development shall not be upon an existing parcel of land or site that is governed under the Mobilehome Residency Law (Chapter 2.5 (commencing with Section 798) of Title 2 of Part 2 of Division 2 of the Civil Code), the Recreational Vehicle Park Occupancy Law (Chapter 2.6 (commencing with Section 799.20) of Title 2 of Part 2 of Division 2 of the Civil Code), the Mobilehome Parks Act (Part 2.1 (commencing with Section 18200) of Division 13 of the Health and Safety Code), or the Special Occupancy Parks Act (Part 2.3 (commencing with Section 18860) of Division 13 of the Health and Safety Code).

(b) (1) (A) (i) Before submitting an application for a development subject to the streamlined, ministerial approval process described in subdivision (c), the development proponent shall submit to the local government a notice of its intent to submit an application. The notice of intent shall be in the form of a preliminary application that includes all of the information described in Section 65941.1, as that section read on January 1, 2020.

(ii) Upon receipt of a notice of intent to submit an application described in clause (i), the local government shall engage in a scoping consultation regarding the proposed development with any California Native American tribe that is traditionally and culturally affiliated with the geographic area, as described in Section 21080.3.1 of the Public Resources Code, of the proposed development. In order to expedite compliance with this subdivision, the local government shall contact the Native American Heritage Commission for assistance in identifying any California Native American tribe that is traditionally and culturally affiliated with the geographic area of the proposed development.

(iii) The timeline for noticing and commencing a scoping consultation in accordance with this subdivision shall be as follows:

(I) The local government shall provide a formal notice of a development proponent’s notice of intent to submit an application described in clause (i) to each California Native American tribe that is traditionally and culturally affiliated with the geographic area of the

proposed development within 30 days of receiving that notice of intent. The formal notice provided pursuant to this subclause shall include all of the following:

- (ia) A description of the proposed development.
- (ib) The location of the proposed development.
- (ic) An invitation to engage in a scoping consultation in accordance with this subdivision.

(II) Each California Native American tribe that receives a formal notice pursuant to this clause shall have 30 days from the receipt of that notice to accept the invitation to engage in a scoping consultation.

(III) If the local government receives a response accepting an invitation to engage in a scoping consultation pursuant to this subdivision, the local government shall commence the scoping consultation within 30 days of receiving that response.

(B) The scoping consultation shall recognize that California Native American tribes traditionally and culturally affiliated with a geographic area have knowledge and expertise concerning the resources at issue and shall take into account the cultural significance of the resource to the culturally affiliated California Native American tribe.

(C) The parties to a scoping consultation conducted pursuant to this subdivision shall be the local government and any California Native American tribe traditionally and culturally affiliated with the geographic area of the proposed development. More than one California Native American tribe traditionally and culturally affiliated with the geographic area of the proposed development may participate in the scoping consultation. However, the local government, upon the request of any California Native American tribe traditionally and culturally affiliated with the geographic area of the proposed development, shall engage in a separate scoping consultation with that California Native American tribe. The development proponent and its consultants may participate in a scoping consultation process conducted pursuant to this subdivision if all of the following conditions are met:

- (i) The development proponent and its consultants agree to respect the principles set forth in this subdivision.
- (ii) The development proponent and its consultants engage in the scoping consultation in good faith.
- (iii) The California Native American tribe participating in the scoping consultation approves the participation of the development proponent and its consultants. The California Native American tribe may rescind its approval at any time during the scoping consultation, either for the duration of the scoping consultation or with respect to any particular meeting or discussion held as part of the scoping consultation.

(D) The participants to a scoping consultation pursuant to this subdivision shall comply with all of the following confidentiality requirements:

- (i) Section 7927.000.
- (ii) Section 7927.005.
- (iii) Subdivision (c) of Section 21082.3 of the Public Resources Code.
- (iv) Subdivision (d) of Section 15120 of Title 14 of the California Code of Regulations.
- (v) Any additional confidentiality standards adopted by the California Native American tribe participating in the scoping consultation.

(E) The California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) shall not apply to a scoping consultation conducted pursuant to this subdivision.

(2) (A) If, after concluding the scoping consultation, the parties find that no potential tribal cultural resource would be affected by the proposed development, the development proponent may submit an application for the proposed development that is subject to the streamlined, ministerial approval process described in subdivision (c).

(B) If, after concluding the scoping consultation, the parties find that a potential tribal cultural resource could be affected by the proposed development and an enforceable agreement is documented between the California Native American tribe and the local government on methods, measures, and conditions for tribal cultural resource treatment, the development proponent may submit the application for a development subject to the streamlined, ministerial approval process described in subdivision (c). The local government shall ensure that the enforceable agreement is included in the requirements and conditions for the proposed development.

(C) If, after concluding the scoping consultation, the parties find that a potential tribal cultural resource could be affected by the proposed development and an enforceable agreement is not documented between the California Native American tribe and the local government regarding methods, measures, and conditions for tribal cultural resource treatment, the development shall not be eligible for the streamlined, ministerial approval process described in subdivision (c).

(D) For purposes of this paragraph, a scoping consultation shall be deemed to be concluded if either of the following occur:

(i) The parties to the scoping consultation document an enforceable agreement concerning methods, measures, and conditions to avoid or address potential impacts to tribal cultural resources that are or may be present.

(ii) One or more parties to the scoping consultation, acting in good faith and after reasonable effort, conclude that a mutual agreement on methods, measures, and conditions to avoid or address impacts to tribal cultural resources that are or may be present cannot be reached.

(E) If the development or environmental setting substantially changes after the completion of the scoping consultation, the local government shall notify the California Native American tribe of the changes and engage in a subsequent scoping consultation if requested by the California Native American tribe.

(3) A local government may only accept an application for streamlined, ministerial approval pursuant to this section if one of the following applies:

(A) A California Native American tribe that received a formal notice of the development proponent's notice of intent to submit an application pursuant to subclause (I) of clause (iii) of subparagraph (A) of paragraph (1) did not accept the invitation to engage in a scoping consultation.

(B) The California Native American tribe accepted an invitation to engage in a scoping consultation pursuant to subclause (II) of clause (iii) of subparagraph (A) of paragraph (1) but substantially failed to engage in the scoping consultation after repeated documented attempts by the local government to engage the California Native American tribe.

(C) The parties to a scoping consultation pursuant to this subdivision find that no potential tribal cultural resource will be affected by the proposed development pursuant to subparagraph (A) of paragraph (2).

(D) A scoping consultation between a California Native American tribe and the local government has occurred in accordance with this subdivision and resulted in agreement pursuant to subparagraph (B) of paragraph (2).

(4) A project shall not be eligible for the streamlined, ministerial process described in subdivision (c) if any of the following apply:

(A) There is a tribal cultural resource that is on a national, state, tribal, or local historic register list located on the site of the project.

(B) There is a potential tribal cultural resource that could be affected by the proposed development and the parties to a scoping consultation conducted pursuant to this subdivision do not document an enforceable agreement on methods, measures, and conditions for tribal cultural resource treatment, as described in subparagraph (C) of paragraph (2).

(C) The parties to a scoping consultation conducted pursuant to this subdivision do not agree as to whether a potential tribal cultural resource will be affected by the proposed development.

(5) (A) If, after a scoping consultation conducted pursuant to this subdivision, a project is not eligible for the streamlined, ministerial process described in subdivision (c) for any or all of the following reasons, the local government shall provide written documentation of that fact, and an explanation of the reason for which the project is not eligible, to the development proponent and to any California Native American tribe that is a party to that scoping consultation:

(i) There is a tribal cultural resource that is on a national, state, tribal, or local historic register list located on the site of the project, as described in subparagraph (A) of paragraph (4).

(ii) The parties to the scoping consultation have not documented an enforceable agreement on methods, measures, and conditions for tribal cultural resource treatment, as described in subparagraph (C) of paragraph (2) and subparagraph (B) of paragraph (4).

(iii) The parties to the scoping consultation do not agree as to whether a potential tribal cultural resource will be affected by the proposed development, as described in subparagraph (C) of paragraph (4).

(B) The written documentation provided to a development proponent pursuant to this paragraph shall include information on how the development proponent may seek a conditional use permit or other discretionary approval of the development from the local government.

(6) This section is not intended, and shall not be construed, to limit consultation and discussion between a local government and a California Native American tribe pursuant to other applicable law, confidentiality provisions under other applicable law, the protection of religious exercise to the fullest extent permitted under state and federal law, or the ability of a California Native American tribe to submit information to the local government or participate in any process of the local government.

(7) For purposes of this subdivision:

(A) "Consultation" means the meaningful and timely process of seeking, discussing, and considering carefully the views of others, in a manner that is cognizant of all parties' cultural values and, where feasible, seeking agreement. Consultation between local governments and Native American tribes shall be conducted in a way that is mutually respectful of each party's sovereignty. Consultation shall also recognize the tribes' potential needs for confidentiality with respect to places that have traditional tribal cultural importance. A lead agency shall consult the tribal consultation best practices described in the "State of California Tribal Consultation Guidelines: Supplement to the General Plan Guidelines" prepared by the Office of Planning and Research.

(B) "Scoping" means the act of participating in early discussions or investigations between the local government and California Native American tribe, and the development proponent if

authorized by the California Native American tribe, regarding the potential effects a proposed development could have on a potential tribal cultural resource, as defined in Section 21074 of the Public Resources Code, or California Native American tribe, as defined in Section 21073 of the Public Resources Code.

(8) This subdivision shall not apply to any project that has been approved under the streamlined, ministerial approval process provided under this section before the effective date of the act adding this subdivision.

(c) (1) If a local government determines that a development submitted pursuant to this section is in conflict with any of the objective planning standards specified in subdivision (a), it shall provide the development proponent written documentation of which standard or standards the development conflicts with, and an explanation for the reason or reasons the development conflicts with that standard or standards, as follows:

(A) Within 60 days of submittal of the development to the local government pursuant to this section if the development contains 150 or fewer housing units.

(B) Within 90 days of submittal of the development to the local government pursuant to this section if the development contains more than 150 housing units.

(2) If the local government fails to provide the required documentation pursuant to paragraph (1), the development shall be deemed to satisfy the objective planning standards specified in subdivision (a).

(3) For purposes of this section, a development is consistent with the objective planning standards specified in subdivision (a) if there is substantial evidence that would allow a reasonable person to conclude that the development is consistent with the objective planning standards.

(d) (1) Any design review or public oversight of the development may be conducted by the local government's planning commission or any equivalent board or commission responsible for review and approval of development projects, or the city council or board of supervisors, as appropriate. That design review or public oversight shall be objective and be strictly focused on assessing compliance with criteria required for streamlined projects, as well as any reasonable objective design standards published and adopted by ordinance or resolution by a local jurisdiction before submission of a development application, and shall be broadly applicable to development within the jurisdiction. That design review or public oversight shall be completed as follows and shall not in any way inhibit, chill, or preclude the ministerial approval provided by this section or its effect, as applicable:

(A) Within 90 days of submittal of the development to the local government pursuant to this section if the development contains 150 or fewer housing units.

(B) Within 180 days of submittal of the development to the local government pursuant to this section if the development contains more than 150 housing units.

(2) If the development is consistent with the requirements of subparagraph (A) or (B) of paragraph (9) of subdivision (a) and is consistent with all objective subdivision standards in the local subdivision ordinance, an application for a subdivision pursuant to the Subdivision Map Act (Division 2 (commencing with Section 66410)) shall be exempt from the requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) and shall be subject to the public oversight timelines set forth in paragraph (1).

(e) (1) Notwithstanding any other law, a local government, whether or not it has adopted an ordinance governing automobile parking requirements in multifamily developments, shall not impose automobile parking standards for a streamlined development that was approved pursuant to this section in any of the following instances:

(A) The development is located within one-half mile of public transit.

(B) The development is located within an architecturally and historically significant historic district.

(C) When on-street parking permits are required but not offered to the occupants of the development.

(D) When there is a car share vehicle located within one block of the development.

(2) If the development does not fall within any of the categories described in paragraph (1), the local government shall not impose automobile parking requirements for streamlined developments approved pursuant to this section that exceed one parking space per unit.

(f) (1) If a local government approves a development pursuant to this section, then, notwithstanding any other law, that approval shall not expire if the project includes public investment in housing affordability, beyond tax credits, where 50 percent of the units are affordable to households making at or below 80 percent of the area median income.

(2) (A) If a local government approves a development pursuant to this section and the project does not include 50 percent of the units affordable to households making below 80 percent of the area median income, that approval shall remain valid for three years from the date of the final action establishing that approval, or if litigation is filed challenging that approval, from the date of the final judgement upholding that approval. Approval shall remain valid for a project provided that vertical construction of the development has begun and is in progress. For purposes of this subdivision, "in progress" means one of the following:

(i) The construction has begun and has not ceased for more than 180 days.

(ii) If the development requires multiple building permits, an initial phase has been completed, and the project proponent has applied for and is diligently pursuing a building permit for a subsequent phase, provided that once it has been issued, the building permit for the subsequent phase does not lapse.

(B) Notwithstanding subparagraph (A), a local government may grant a project a one-time, one-year extension if the project proponent can provide documentation that there has been significant progress toward getting the development construction ready, such as filing a building permit application.

(3) If a local government approves a development pursuant to this section, that approval shall remain valid for three years from the date of the final action establishing that approval and shall remain valid thereafter for a project so long as vertical construction of the development has begun and is in progress. Additionally, the development proponent may request, and the local government shall have discretion to grant, an additional one-year extension to the original three-year period. The local government's action and discretion in determining whether to grant the foregoing extension shall be limited to considerations and processes set forth in this section.

(g) (1) (A) A development proponent may request a modification to a development that has been approved under the streamlined, ministerial approval process provided in subdivision (b) if that request is submitted to the local government before the issuance of the final building permit required for construction of the development.

(B) Except as provided in paragraph (3), the local government shall approve a modification if it determines that the modification is consistent with the objective planning standards specified in subdivision (a) that were in effect when the original development application was first submitted.

(C) The local government shall evaluate any modifications requested pursuant to this subdivision for consistency with the objective planning standards using the same assumptions and analytical methodology that the local government originally used to assess consistency for the development that was approved for streamlined, ministerial approval pursuant to subdivision (b).

(D) A guideline that was adopted or amended by the department pursuant to subdivision (j) after a development was approved through the streamlined ministerial approval process described in subdivision (b) shall not be used as a basis to deny proposed modifications.

(2) Upon receipt of the developmental proponent's application requesting a modification, the local government shall determine if the requested modification is consistent with the objective planning standard and either approve or deny the modification request within 60 days after submission of the modification, or within 90 days if design review is required.

(3) Notwithstanding paragraph (1), the local government may apply objective planning standards adopted after the development application was first submitted to the requested modification in any of the following instances:

(A) The development is revised such that the total number of residential units or total square footage of construction changes by 15 percent or more.

(B) The development is revised such that the total number of residential units or total square footage of construction changes by 5 percent or more and it is necessary to subject the development to an objective standard beyond those in effect when the development application was submitted in order to mitigate or avoid a specific, adverse impact, as that term is defined in subparagraph (A) of paragraph (1) of subdivision (j) of Section 65589.5, upon the public health or safety and there is no feasible alternative method to satisfactorily mitigate or avoid the adverse impact.

(C) Objective building standards contained in the California Building Standards Code (Title 24 of the California Code of Regulations), including, but not limited to, building plumbing, electrical, fire, and grading codes, may be applied to all modifications.

(4) The local government's review of a modification request pursuant to this subdivision shall be strictly limited to determining whether the modification, including any modification to previously approved density bonus concessions or waivers, modify the development's consistency with the objective planning standards and shall not reconsider prior determinations that are not affected by the modification.

(h) (1) A local government shall not adopt or impose any requirement, including, but not limited to, increased fees or inclusionary housing requirements, that applies to a project solely or partially on the basis that the project is eligible to receive ministerial or streamlined approval pursuant to this section.

(2) A local government shall issue a subsequent permit required for a development approved under this section if the application substantially complies with the development as it was approved pursuant to subdivision (c). Upon receipt of an application for a subsequent permit, the local government shall process the permit without unreasonable delay and shall not

impose any procedure or requirement that is not imposed on projects that are not approved pursuant to this section. Issuance of subsequent permits shall implement the approved development, and review of the permit application shall not inhibit, chill, or preclude the development. For purposes of this paragraph, a “subsequent permit” means a permit required subsequent to receiving approval under subdivision (c), and includes, but is not limited to, demolition, grading, encroachment, and building permits and final maps, if necessary.

(3) (A) If a public improvement is necessary to implement a development that is subject to the streamlined, ministerial approval pursuant to this section, including, but not limited to, a bicycle lane, sidewalk or walkway, public transit stop, driveway, street paving or overlay, a curb or gutter, a modified intersection, a street sign or street light, landscape or hardscape, an above-ground or underground utility connection, a water line, fire hydrant, storm or sanitary sewer connection, retaining wall, and any related work, and that public improvement is located on land owned by the local government, to the extent that the public improvement requires approval from the local government, the local government shall not exercise its discretion over any approval relating to the public improvement in a manner that would inhibit, chill, or preclude the development.

(B) If an application for a public improvement described in subparagraph (A) is submitted to a local government, the local government shall do all of the following:

(i) Consider the application based upon any objective standards specified in any state or local laws that were in effect when the original development application was submitted.

(ii) Conduct its review and approval in the same manner as it would evaluate the public improvement if required by a project that is not eligible to receive ministerial or streamlined approval pursuant to this section.

(C) If an application for a public improvement described in subparagraph (A) is submitted to a local government, the local government shall not do either of the following:

(i) Adopt or impose any requirement that applies to a project solely or partially on the basis that the project is eligible to receive ministerial or streamlined approval pursuant to this section.

(ii) Unreasonably delay in its consideration, review, or approval of the application.

(i) (1) This section does not affect a development proponent’s ability to use any alternative streamlined by right permit processing adopted by a local government, including the provisions of subdivision (i) of Section 65583.2.

(2) This section does not prevent a development from also qualifying as a housing development project entitled to the protections of Section 65589.5. This paragraph does not constitute a change in, but is declaratory of, existing law.

(j) The California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) does not apply to actions taken by a state agency, local government, or the San Francisco Bay Area Rapid Transit District to:

(1) Lease, convey, or encumber land owned by the local government or the San Francisco Bay Area Rapid Transit or to facilitate the lease, conveyance, or encumbrance of land owned by the local government, or for the lease of land owned by the San Francisco Bay Area Rapid Transit District in association with an eligible TOD project, as defined pursuant to Section 29010.1 of the Public Utilities Code, nor to any decisions associated with that lease, or to provide financial assistance to a development that receives streamlined approval pursuant to this section that is to be used for housing for persons and families of very low, low, or moderate income, as defined in Section 50093 of the Health and Safety Code.

(2) Approve improvements located on land owned by the local government or the San Francisco Bay Area Rapid Transit District that are necessary to implement a development that receives streamlined approval pursuant to this section that is to be used for housing persons and families of very low, low, or moderate income, as defined in Section 50093 of the Health and Safety Code.

(i) For purposes of this section, the following terms have the following meanings:

(1) "Affordable housing cost" has the same meaning as set forth in Section 50052.5 of the Health and Safety Code.

(2) "Affordable rent" has the same meaning as set forth in Section 50053 of the Health and Safety Code.

(3) "Department" means the Department of Housing and Community Development.

(4) "Development proponent" means the developer who submits an application for streamlined approval pursuant to this section.

(5) "Completed entitlements" means a housing development that has received all the required land use approvals or entitlements necessary for the issuance of a building permit.

(6) "Locality" or "local government" means a city, including a charter city, a county, including a charter county, or a city and county, including a charter city and county.

(7) "Moderate income housing units" means housing units with an affordable housing cost or affordable rent for persons and families of moderate income, as that term is defined in Section 50093 of the Health and Safety Code.

(8) "Production report" means the information reported pursuant to subparagraph (H) of paragraph (2) of subdivision (a) of Section 65400.

(9) "State agency" includes every state office, officer, department, division, bureau, board, and commission, but does not include the California State University or the University of California.

(10) "Subsidized" means units that are price or rent restricted such that the units are permanently affordable to households meeting the definitions of very low and lower income, as defined in Sections 50079.5 and 50105 of the Health and Safety Code.

(11) "Reporting period" means either of the following:

(A) The first half of the regional housing needs assessment cycle.

(B) The last half of the regional housing needs assessment cycle.

(12) "Urban uses" means any current or former residential, commercial, public institutional, transit or transportation passenger facility, or retail use, or any combination of those uses.

(l) The department may review, adopt, amend, and repeal guidelines to implement uniform standards or criteria that supplement or clarify the terms, references, or standards set forth in this section. Any guidelines or terms adopted pursuant to this subdivision shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(m) The determination of whether an application for a development is subject to the streamlined ministerial approval process provided by subdivision (b) is not a "project" as defined in Section 21065 of the Public Resources Code.

(n) It is the policy of the state that this section be interpreted and implemented in a manner to afford the fullest possible weight to the interest of, and the approval and provision of, increased housing supply.

(o) This section shall remain in effect only until January 1, 2026, and as of that date is repealed.

*(Amended by Stats. 2021, Ch. 615, Sec. 215 (AB 474))*

## **DIVISION 2. SUBDIVISIONS**

### **CHAPTER 1. General Provisions and Definitions**

#### **Article 1. General Provisions**

**§ 66411.5.** (a) Notwithstanding any other provision of this division, whenever a parcel map or final map is required to effectuate a judicial partition of property pursuant to subdivision (b) and pursuant to Section 872.040 of the Code of Civil Procedure, the local agency approving the parcel map or final map may establish the amount of any monetary exaction or any dedication or improvement requirement authorized by law as a condition of approving the parcel map or final map, but shall not require payment of the exaction, the undertaking of the improvement, or posting of security for future performance thereof and shall not accept any required offer of dedication until the time specified in subdivision (b).

(b) This section applies to judicial partition of real property which is subject to a contract under Article 3 (commencing with Section 51240) of Chapter 7 of Part 1 of Division 1 of Title 5 and which will remain subject to that contract subsequent to the filing of the parcel map or final map. With respect to any parcel created by a parcel map or final map subject to this section, payment of exactions and acceptance of offers of dedication under this section shall be deferred by the local agency until the contract terminates or is canceled as to that parcel, except that no deferral is required under this subdivision as to fees and assessments that are due and payable for governmental services provided to the parcel prior to termination or cancellation of the contract. The applicants for a parcel map or final map subject to this section shall be personally liable for performance of obligations deferred under this section at the time they become due.

*(Added by Stats. 1988, Ch. 494, Sec. 1.)*

### **CHAPTER 4. Requirements**

#### **Article 1. General**

**§ 66474.4.** (a) The legislative body of a city or county shall deny approval of a tentative map, or a parcel map for which a tentative map was not required, if it finds that either the resulting parcels following a subdivision of that land would be too small to sustain their agricultural use or the subdivision will result in residential development not incidental to the commercial agricultural use of the land, and if the legislative body finds that the land is subject to any of the following:

(1) A contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5), including an easement entered into pursuant to Section 51256.

(2) An open-space easement entered into pursuant to the Open-Space Easement Act of 1974 (Chapter 6.6 (commencing with Section 51070) of Part 1 of Division 1 of Title 5).

(3) An agricultural conservation easement entered into pursuant to Chapter 4 (commencing with Section 10260) of Division 10.2 of the Public Resources Code.

(4) A conservation easement entered into pursuant to Chapter 4 (commencing with Section 815) of Part 2 of Division 2 of the Civil Code.

(b) (1) For purposes of this section, land shall be conclusively presumed to be in parcels too small to sustain their agricultural use if the land is (A) less than 10 acres in size in the case of prime agricultural land, or (B) less than 40 acres in size in the case of land that is not prime agricultural land.

(2) For purposes of this section, agricultural land shall be presumed to be in parcels large enough to sustain their agricultural use if the land is (A) at least 10 acres in size in the case of prime agricultural land, or (B) at least 40 acres in size in the case of land that is not prime agricultural land.

(c) A legislative body may approve a subdivision with parcels smaller than those specified in this section if the legislative body makes either of the following findings:

(1) The parcels can nevertheless sustain an agricultural use permitted under the contract or easement, or are subject to a written agreement for joint management pursuant to Section 51230.1 and the parcels that are jointly managed total at least 10 acres in size in the case of prime agricultural land or 40 acres in size in the case of land that is not prime agricultural land.

(2) One of the parcels contains a residence and is subject to Section 428 of the Revenue and Taxation Code; the residence has existed on the property for at least five years; the landowner has owned the parcels for at least 10 years; and the remaining parcels shown on the map are at least 10 acres in size if the land is prime agricultural land, or at least 40 acres in size if the land is not prime agricultural land.

(d) No other homesite parcels as described in paragraph (2) of subdivision (c) may be created on any remaining parcels under contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Division 1 of Title 5) for at least 10 years following the creation of a homesite parcel pursuant to this section.

(e) This section shall not apply to land that is subject to a contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Division 1 of Title 5) when any of the following has occurred:

(1) A local agency formation commission has approved the annexation of the land to a city and the city will not succeed to the contract as provided in Sections 51243 and 51243.5.

(2) Written notice of nonrenewal of the contract has been served, as provided in Section 51245, and, as a result of that notice, there are no more than three years remaining in the term of the contract.

(3) The board or council has granted tentative approval for cancellation of the contract as provided in Section 51282.

(f) This section shall not apply during the three-year period preceding the termination of a contract described in paragraph (1) of subdivision (a).

(g) This section shall not be construed as limiting the power of legislative bodies to establish minimum parcel sizes larger than those specified in subdivision (a).

(h) This section does not limit the authority of a city or county to approve a tentative or parcel map with respect to land subject to an easement described in this section for which agriculture is the primary purpose if the resulting parcels can sustain uses consistent with the intent of the easement.

(i) This section does not limit the authority of a city or county to approve a tentative or parcel map with respect to land subject to an easement described in this section for which agriculture is not the primary purpose if the resulting parcels can sustain uses consistent with the purposes of the easement.

(j) Where an easement described in this section contains language addressing allowable land divisions, the terms of the easement shall prevail.

(k) The amendments to this section made in the 2002 portion of the 2001–02 Regular Session of the Legislature shall apply only with respect to contracts or easements entered into on or after January 1, 2003.

*(Amended by Stats. 2003, Ch. 296, Sec. 19. Effective January 1, 2004.)*

## **CHAPTER 4.6 Mitigation Lands: Nonprofit Organizations**

**§ 65965.** For the purposes of this chapter, the following definitions apply:

(a) “Endowment” means the funds that are conveyed solely for the long-term stewardship of a mitigation property. Endowment funds are held as charitable trusts that are permanently restricted to paying the costs of long-term management and stewardship of the mitigation property for which the funds were set aside. Endowments shall be governed by the underlying laws, regulations, and specific governmental approvals under those laws and regulations pursuant to which the endowments were exacted, consistent with subdivision (b) of Section 65966 and with the Uniform Prudent Management of Institutional Funds Act (Part 7 (commencing with Section 18501) of Division 9 of the Probate Code). Endowments do not include funds conveyed for meeting short-term performance objectives of a project.

(b) “Community foundation” means any community foundation that meets all of the following requirements:

(1) Meets the requirements of a community trust under Section 1.170A-9(f)(10)-(11) of Title 26 of the Code of Federal Regulations.

(2) Is exempt from taxation as an organization described in Section 501(c)(3) of the Internal Revenue Code.

(3) Is qualified to do business in this state.

(4) Is a “qualified organization” as defined in Section 170(h)(3) of the Internal Revenue Code.

(5) Has complied with National Standards for U.S. Community Foundations as determined by the Community Foundations National Standards Board, a supporting organization of the Council on Foundations.

(6) Is registered with the Registry of Charitable Trusts maintained by the Attorney General pursuant to Section 12584.

(c) “Conservation easement” means a conservation easement created pursuant to Chapter 4 (commencing with Section 815) of Title 2 of Part 2 of Division 2 of the Civil Code.

(d) “Direct protection” means the permanent protection, conservation, and preservation of lands, waters, or natural resources, including, but not limited to, agricultural lands, wildlife habitat, wetlands, endangered species habitat, open-space areas, or outdoor recreational areas.

(e) “Governmental entity” means any state agency, office, officer, department, division, bureau, board, commission, public postsecondary educational institution, city, county, or city

and county, or a joint powers authority formed pursuant to the Joint Exercise of Powers Act (Chapter 5 (commencing with Section 6500) of Division 7 of Title 1) that meets either of the following requirements:

(1) The joint powers authority was created for the principal purpose and activity of the direct protection or stewardship of land, water, or natural resources, including, but not limited to, agricultural lands, wildlife habitat, wetlands, endangered species habitat, open-space areas, and outdoor recreational areas.

(2) The joint powers authority was created for the purpose of constructing, maintaining, managing, controlling, and operating transportation infrastructure, such as major thoroughfares and bridges.

(f) (1) "Mitigation agreement" means either of the following:

(A) A written agreement between the project proponent and the entity qualified to hold the property and the endowment pursuant to this chapter, which is submitted to the state or local agency for the purpose of obtaining any permit, clearance, or mitigation approval from that state or local agency.

(B) A written agreement between the project proponent and the entity qualified to hold the property pursuant to this chapter, including any agreement with an entity qualified to hold the endowment pursuant to this chapter, which is submitted to the state or local agency for the purpose of obtaining any permit, clearance, or mitigation approval from that state or local agency.

(2) A mitigation agreement shall govern the long-term stewardship of the property and the endowment.

(g) "Congressionally chartered foundation" means a nonprofit organization that meets all of the following requirements:

(1) Is chartered by the United States Congress.

(2) Is exempt from taxation as an organization described in Section 501(c)(3) of the Internal Revenue Code.

(3) Is qualified to do business in this state.

(4) Is registered with the Registry of Charitable Trusts maintained by the Attorney General pursuant to Section 12584.

(5) Has as a purpose the conservation and management of fish, wildlife, plants, and other natural resources, which includes, but is not limited to, the direct protection or stewardship of land, water, or natural wildlife habitat, wetlands, endangered species habitat, open-space areas, and outdoor recreational areas.

(h) "Nonprofit organization" means any nonprofit organization that meets all of the following requirements:

(1) Is exempt from taxation as an organization described in Section 501(c)(3) of the Internal Revenue Code.

(2) Is qualified to do business in this state.

(3) Is a "qualified organization" as defined in Section 170(h)(3) of the Internal Revenue Code.

(4) Is registered with the Registry of Charitable Trusts maintained by the Attorney General pursuant to Section 12584.

(5) Has as its principal purpose and activity the direct protection or stewardship of land, water, or natural resources, including, but not limited to, agricultural lands, wildlife habitat, wetlands, endangered species habitat, open-space areas, and outdoor recreational areas.

(i) "Project proponent" means an individual, business entity, agency, or other entity that is developing a project or facility and is required to mitigate any adverse impact upon natural resources.

(j) "Property" means fee title land or any partial interest in real property, including a conservation easement, that may be conveyed pursuant to a mitigation requirement by a state or local agency.

(k) "Special district" means any of the following special districts:

(1) A special district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3 of Division 5 or Division 26 (commencing with Section 35100) of the Public Resources Code.

(2) A resource conservation district organized pursuant to Division 9 (commencing with Section 9001) of the Public Resources Code.

(3) A district organized or formed pursuant to the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969).

(4) A county water district organized under Division 12 (commencing with Section 30000) of the Water Code, that has more than 5,000 acres of mitigation lands.

(5) A special district formed pursuant to Chapter 2 (commencing with Section 11561) of Division 6 of the Public Utilities Code that provides water and wastewater treatment services.

(6) A district organized or formed pursuant to the County Water Authority Act (Chapter 545 of the Statutes of 1943).

(7) A local flood control district formed pursuant to any law.

(l) "Stewardship" encompasses the range of activities involved in controlling, monitoring, and managing for

conservation purposes a property, or a conservation or open-space easement, as defined by the terms of the easement, and its attendant resources.

*(Amended by Stats. 2012, Ch. 705, Sec. 2. (SB 1094) Effective September 28, 2012.)*

**§ 65966.** (a) Any conservation easement created as a component of satisfying a local or state mitigation requirement shall be perpetual in duration, whether created pursuant to Chapter 6.6 (commencing with Section 51070) of Part 1 of Division 1 of Title 5 of this code or Chapter 4 (commencing with Section 815) of Title 2 of Part 2 of the Civil Code.

(b) Any local or state agency that requires property to be protected pursuant to subdivision (a) or (b) of Section 65967 may identify how the funding needs of the long-term stewardship of the property will be met. Nothing in this chapter shall be construed as otherwise precluding other methods of funding for the long-term stewardship of the property. If an endowment is conveyed or secured at the time the property is protected, all of the following shall apply:

(1) The endowment shall be held, managed, invested, and disbursed solely for, and permanently restricted to, the long-term stewardship of the specific property for which the funds were set aside.

(2) The endowment shall be calculated to include a principal amount that, when managed and invested, is reasonably anticipated to cover the annual stewardship costs of the property in perpetuity.

(3) The endowment shall be held, managed, invested, disbursed, and governed as described in subdivision (a) of Section 65965 consistent with the Uniform Prudent Management of Institutional Funds Act (Part 7 (commencing with Section 18501) of Division 9 of the Probate Code).

(c) If a nonprofit corporation holds the endowment, the nonprofit shall utilize generally accepted accounting practices that are promulgated by the Financial Accounting Standards Board or any successor entity.

(d) If a local agency holds the endowment, the local agency shall do all of the following:

(1) Hold, manage, and invest the endowment consistent with subdivision (b) to the extent allowed by law.

(2) Disburse funds on a timely basis to meet the stewardship expenses of the entity holding the property.

(3) Utilize accounting standards consistent with standards promulgated by the Governmental Accounting Standards Board or any successor entity.

(e) (1) Unless the mitigation agreement provides that another person or entity shall prepare the annual fiscal report described below, a governmental entity, community foundation, special district, a congressionally chartered foundation, or a nonprofit organization that holds funds pursuant to this chapter, including an endowment or moneys for initial stewardship costs, shall provide the local or state agency that required the endowment with an annual fiscal report that contains at least the following elements with respect to each individual endowment dedicated and held by that entity:

(A) The balance of each individual endowment at the beginning of the reporting period.

(B) The amount of any contribution to the endowment during the reporting period including, but not limited to, gifts, grants, and contributions received.

(C) The net amounts of investment earnings, gains, and losses during the reporting period, including both realized and unrealized amounts.

(D) The amounts distributed during the reporting period that accomplish the purpose for which the endowment was established.

(E) The administrative expenses charged to the endowment from internal or third-party sources during the reporting period.

(F) The balance of the endowment or other fund at the end of the reporting period.

(G) The specific asset allocation percentages including, but not limited to, cash, fixed income, equities, and alternative investments.

(H) The most recent financial statements for the organization audited by an independent auditor who is, at a minimum, a certified public accountant.

(2) If an entity is required to submit an identical annual fiscal report pursuant to paragraph (1) to the Department of Fish and Game and any other state or local agency, then that report shall be provided only to the Department of Fish and Game. In that instance, the Department of Fish and Game shall provide a copy of that annual fiscal report on its Internet Web site for a minimum of five years.

(f) If a state agency authorizes a governmental entity, special district, or nonprofit organization to hold property pursuant to subdivision (a) or (b) of Section 65967 in connection with a development project, the agency may require the project proponent to pay a one-time fee that does not exceed the reasonable costs of the agency in reviewing qualifications of potential holders of the property and approving those holders. This one-time fee shall be collected only if the agency can demonstrate its actual review of qualifications and approval of holders.

(g) If a local agency authorizes a governmental entity, special district, or nonprofit organization to hold property or an endowment pursuant to this chapter, the agency may require the project proponent to pay a one-time fee that does not exceed the reasonable costs of the agency in reviewing qualifications of the parties identified in the mitigation agreement, approving those parties, and any regular oversight over those parties to ensure that the parties are complying with all applicable laws. This one-time fee shall be collected only if the agency can demonstrate its actual review of qualifications, approval of parties, or regular oversight of compliance and performance.

(h) A local agency may require a project proponent to provide a one-time payment that will provide for the initial stewardship costs for up to three years while the endowment begins to accumulate investment earnings. The funds for the initial stewardship costs are distinct from the funds that may be conveyed for long-term stewardship, construction, or other costs. If there are funds remaining at the completion of the initial stewardship period, the funds shall be conveyed to the project proponent.

(i) The local agency may contract with or designate a qualified third party to do any of the following:

(1) Review the qualifications of a governmental entity, special district, or nonprofit organization to effectively manage and steward natural land or resources pursuant to subdivision (c) of Section 65967.

(2) Review the qualifications of a governmental entity, community foundation, or nonprofit organization to hold and manage the endowment that is set aside for long-term stewardship of the property.

(3) Review reports or other performance indicators to evaluate the stewardship of lands, natural resources, or funds, and compliance with the mitigation agreement.

(j) If a property conserved pursuant to subdivision (a) or (b) of Section 65967 is condemned, the net proceeds from the condemnation of the real property interest set aside for mitigation purposes shall be used for the purchase of property that replaces the natural resource characteristics the original mitigation was intended to protect, or as near as reasonably feasible. Any endowment held for the condemned property shall be held for the long-term stewardship of the replacement property.

(k) Unless prohibited by law, no provision in this chapter is intended to prohibit for-profit entities from holding, acquiring, or providing property for mitigation purposes.

(l) Nothing in this section shall prohibit a state agency from exercising any powers described in subdivision (d), (g), or (h).

(m) A governmental entity, special district, or nonprofit organization may contract with a community foundation or congressionally chartered foundation at any time to hold, manage, and invest the endowment for a mitigation property and disburse payments from the endowment to the holder of the mitigation property consistent with the fund agreement.

(n) Except as expressly authorized in paragraph (1) of subdivision (e), the mitigation agreement shall not include any provision to waive or exempt the parties from any requirement, in whole or part, of this chapter.

(o) Subdivisions (b) to (e), inclusive, shall not apply to funds, including funds from mitigation fees, held for the long-term management and stewardship of property pursuant to either an interim or approved habitat conservation plan pursuant to Chapter 35 (commencing with Section 1531) of Title 16 of the United States Code or an interim or approved natural community conservation plan pursuant to Chapter 10 (commencing with Section 2800) of Division 3 of the Fish and Game Code, if, in the interim or approved plan documents, the permitting agency determines the endowment to be established with those funds will be adequate and provides a schedule for funding the endowment.

*(Amended by Stats. 2012, Ch. 705, Sec. 3. (SB 1094) Effective September 28, 2012.)*

**§ 65967.** (a) If a state or local agency requires a project proponent to transfer property to mitigate any adverse impact upon natural resources caused by permitting the development of a project or facility, the agency may authorize a governmental entity, special district, a nonprofit organization, a for-profit entity, a person, or another entity to hold title to and manage that property.

(b) If a state or local agency, in the development of its own project, is required to protect property to mitigate an adverse impact upon natural resources, the agency may take any action that the agency deems necessary in order to meet its mitigation obligations, including, but not limited to, the following:

(1) Transfer the interest, or obligation to restore and enhance property, to a governmental entity, special district, or nonprofit organization that meets the requirements set forth in subdivision (c).

(2) Provide funds to a governmental entity, nonprofit organization, a special district, a for-profit entity, a person, or other entity to acquire land or easements, or to implement a restoration or enhancement project, that satisfies the agency's mitigation obligations.

(3) Hold an endowment in an account administered by an elected official provided that the state or local agency is protecting, restoring, or enhancing its own property.

(c) A state or local agency shall exercise due diligence in reviewing the qualifications of a governmental entity, special district, or nonprofit organization to effectively manage and steward land, water, or natural resources. The local agency may adopt guidelines to assist it in that review process, which may include, but are not limited to, the use of or reliance upon guidelines, standards, or accreditation established by a qualified entity that are in widespread state or national use.

(d) The state or local agency may require the governmental entity, special district, or nonprofit organization to submit a report not more than once every 12 months and for the number of years specified in the mitigation agreement that details the stewardship and condition of the property and any other requirements pursuant to the mitigation agreement for the property.

(e) The recorded instrument that places the fee title or partial interest in real property with a governmental entity, special district, nonprofit organization, or for-profit entity, pursuant to subdivision (a) or (b) shall include a provision that if the state or local agency or its successor agency reasonably determines that the property conveyed to meet the mitigation requirement is

not being held, monitored, or stewarded for conservation purposes in the manner specified in that instrument or in the mitigation agreement, the property shall revert to the state or local agency, or to another public agency, governmental entity, special district, or nonprofit organization pursuant to subdivision (c) and subject to approval by the state or local agency. If a state or local agency determines that a property must revert, it shall work with the parties to the mitigation agreement, or other affected entities, to ensure that any contracts, permits, funding, or other obligations and responsibilities are met.

*(Amended by Stats. 2012, Ch. 705, Sec. 4. (SB 1094) Effective September 28, 2012.)*

**§ 65968.** (a) Notwithstanding Section 13014 of the Fish and Game Code, if an endowment is conveyed pursuant to Section 65966 for property conveyed pursuant to Section 65967, the endowment may be held by the same governmental entity, special district, or nonprofit organization that holds the property pursuant to this section.

(b) (1) Except as permitted pursuant to paragraph (2), the endowment shall be held by one of the following:

(A) The agency or agencies that required the mitigation.

(B) The governmental entity, special district, or nonprofit organization that either holds the property, or holds an interest in the property, for conservation purposes.

(C) The governmental entity or special district that retains the property after conveying an interest in the property for conservation purposes if that governmental entity or special district is protecting, restoring, or enhancing the property that was retained.

(2) The exceptions to paragraph (1) are the following:

(A) An endowment that is held by an entity other than the state or holder of the mitigation property as of January 1, 2012.

(B) An endowment that is held by another entity, which is qualified pursuant to this chapter, pursuant to the terms of a natural community conservation plan (Chapter 10 (commencing with Section 2800) of Division 3 of the Fish and Game Code) or a safe harbor agreement (Article 3.7 (commencing with Section 2089.2) of Chapter 1.5 of Division 3 of the Fish and Game Code). In order for this paragraph to apply, prior to setting aside any endowments, the implementation agreement that is a part of an approved natural community conservation plan, the planning agreement for any natural community conservation plan that has not yet been approved, or the safe harbor agreement shall specifically address the arrangements for the endowment including, but not limited to, qualifications of the endowment holder, capitalization rate, return objectives, and the spending rule and disbursement policies.

(C) If existing law prohibits the holder of the mitigation property to hold the endowment, including for-profit entities.

(D) If the project proponent and the holder of the mitigation property or conservation easement agree that a community foundation or a congressionally chartered foundation shall hold the endowment.

(E) If the mitigation property is held or managed by a federal agency.

(F) If any of the same mitigation property is required to be conveyed pursuant to both a federal and state governmental approval, and under the federal governmental approval the federal agency does not approve one of the entities described in paragraph (1) of subdivision (b) as chosen to hold the endowment by the agreement of the project proponent and the holder of the mitigation property or conservation easement.

(c) A community foundation or congressionally chartered foundation that holds an endowment pursuant to subparagraphs (A) to (F), inclusive, of paragraph (2) of subdivision (b), shall meet all the qualifications and requirements of this chapter for holding, managing, investing, and disbursing the endowment funds.

(d) Any entity that holds an endowment under this chapter shall hold, manage, invest, and disburse the funds in furtherance of the long-term stewardship of the property in accordance with subdivision (a) of Section 65965.

(e) The holder of an endowment shall certify to the project proponent or the holder of the mitigation property or a conservation easement and the local or state agency that required the endowment that it meets all of the following requirements:

(1) The holder has the capacity to effectively manage the mitigation funds.

(2) The holder has the capacity to achieve reasonable rates of return on the investment of those funds similar to those of other prudent investors for endowment funds and shall manage and invest the endowment in good faith and with the care an ordinarily prudent person in a like position would exercise under similar circumstances, consistent with the Uniform Prudent Management of Institutional Funds Act (Part 7 (commencing with Section 18501) of Division 9 of the Probate Code).

(3) The holder utilizes generally accepted accounting practices as promulgated by either of the following:

(A) The Financial Accounting Standards Board or any successor entity for nonprofit organizations.

(B) The Governmental Accounting Standards Board or any successor entity for public agencies, to the extent those practices do not conflict with any requirement for special districts in Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5.

(4) The holder will be able to ensure that funds are accounted for, and tied to, a specific property.

(5) If the holder is a nonprofit organization, a community foundation, or a congressionally chartered foundation, it has an investment policy that is consistent with the Uniform Prudent Management of Institutional Funds Act (Part 7 (commencing with Section 18501) of Division 9 of the Probate Code).

(f) If a governmental entity, community foundation, special district, nonprofit organization, or a congressionally chartered foundation meets the requirements of this chapter, it is qualified to be a holder of the endowment for the purpose of obtaining any permit, clearance, or mitigation approval from a state or local agency.

(g) Except for a mitigation agreement prepared by a state agency, the mitigation agreement that authorizes the funds to be conveyed to a governmental entity, community foundation, special district, a congressionally chartered foundation, or nonprofit organization pursuant to subdivision (a) shall include a provision that requires the endowment be held by a governmental entity, special district, or a nonprofit organization to revert to the local agency, or to a successor organization identified by the agency and subject to subdivision (e), if any of the following occurs:

(1) The governmental entity, community foundation, special district, a congressionally chartered foundation, or nonprofit organization ceases to exist.

(2) The governmental entity, community foundation, special district, a congressionally chartered foundation, or nonprofit organization is dissolved.

(3) The governmental entity, community foundation, special district, a congressionally chartered foundation, or nonprofit organization becomes bankrupt or insolvent.

(4) The local agency reasonably determines that the endowment held by the governmental entity, community foundation, special district, or nonprofit organization, or its successor entity, is not being held, managed, invested, or disbursed for conservation purposes and consistent with the mitigation agreement and legal requirements. Any reverted funds shall continue to be held, managed, and disbursed only for long-term stewardship and benefit of the specific property for which they were set aside. If the funds revert from the governmental entity, community foundation, special district, or nonprofit organization, the special district or nonprofit organization may choose to relinquish the property. If the property is relinquished, the local agency shall accept title to the property or identify an approved governmental entity, community foundation, special district, or nonprofit organization to accept title to the property.

(h) Nothing in this section shall prohibit a state or local agency from determining that a governmental entity, community foundation, special district, a congressionally chartered foundation, or nonprofit organization meets the requirements of this section and is qualified to hold the endowment, or including a provision in the mitigation agreement as described in subdivision (g).

(i) A state or local agency may allow the endowment to be held temporarily in an escrow account until December 31, 2012, after which time the funds shall be transferred to the entity that will permanently hold the endowment.

(j) Subject to subdivision (g), any endowment that is conveyed to and held by a governmental entity, special district, or nonprofit organization pursuant to this section shall continue to be held by the entity if this section is repealed.

(k) A state or local agency shall not require, as a condition of obtaining any permit, clearance, agreement, or mitigation approval from the state or local agency, that a preferred or exclusively named entity by the state or local agency be named as the entity to hold, manage, invest, and disburse the funds in furtherance of the long-term stewardship of the property for which the funds were set aside.

(l) This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

*(Amended by Stats. 2021, Ch. 735, Sec. 3 (SB 716))*

## **CHAPTER 7. Enforcement and Judicial Review**

### **Article 2. Remedies**

**§ 66499.35.** (a) Any person owning real property or a vendee of that person pursuant to a contract of sale of the real property may request, and a local agency shall determine, whether the real property complies with the provisions of this division and of local ordinances enacted pursuant to this division. If a local agency determines that the real property complies, the city or the county shall cause a certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate of compliance shall identify the real

property and shall state that the division of the real property complies with applicable provisions of this division and of local ordinances enacted pursuant to this division. The local agency may impose a reasonable fee to cover the cost of issuing and recording the certificate of compliance.

(b) If a local agency determines that the real property does not comply with the provisions of this division or of local ordinances enacted pursuant to this division, it shall issue a conditional certificate of compliance. A local agency may, as a condition to granting a conditional certificate of compliance, impose any conditions that would have been applicable to the division of the property at the time the applicant acquired his or her interest therein, and that had been established at that time by this division or local ordinance enacted pursuant to this division, except that where the applicant was the owner of record at the time of the initial violation of the provisions of this division or of the local ordinances who by a grant of the real property created a parcel or parcels in violation of this division or local ordinances enacted pursuant to this division, and the person is the current owner of record of one or more of the parcels which were created as a result of the grant in violation of this division or those local ordinances, then the local agency may impose any conditions that would be applicable to a current division of the property. Upon making the determination and establishing the conditions, the city or county shall cause a conditional certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate shall serve as notice to the property owner or vendee who has applied for the certificate pursuant to this section, a grantee of the property owner, or any subsequent transferee or assignee of the property that the fulfillment and implementation of these conditions shall be required prior to subsequent issuance of a permit or other grant of approval for development of the property. Compliance with these conditions shall not be required until the time that a permit or other grant of approval for development of the property is issued by the local agency.

(c) A certificate of compliance shall be issued for any real property that has been approved for development pursuant to Section 66499.34.

(d) A recorded final map, parcel map, official map, or an approved certificate of exception shall constitute a certificate of compliance with respect to the parcels of real property described therein.

(e) An official map prepared pursuant to subdivision (b) of Section 66499.52 shall constitute a certificate of compliance with respect to the parcels of real property described therein and may be filed for record, whether or not the parcels are contiguous, so long as the parcels are within the same section or, with the approval of the city engineer or county surveyor, within contiguous sections of land.

(f) (1) Each certificate of compliance or conditional certificate of compliance shall include information the local agency deems necessary, including, but not limited to, all of the following:

(A) Name or names of owners of the parcel.

(B) Assessor parcel number or numbers of the parcel.

(C) The number of parcels for which the certificate of compliance or conditional certificate of compliance is being issued and recorded.

(D) Legal description of the parcel or parcels for which the certificate of compliance or conditional certificate of compliance is being issued and recorded.

(E) A notice stating as follows:

This certificate relates only to issues of compliance or noncompliance with the Subdivision Map Act and local ordinances enacted pursuant thereto. The parcel described

herein may be sold, leased, or financed without further compliance with the Subdivision Map Act or any local ordinance enacted pursuant thereto. Development of the parcel may require issuance of a permit or permits, or other grant or grants of approval.

(F) Any conditions to be fulfilled and implemented prior to subsequent issuance of a permit or other grant of approval for development of the property, as specified in the conditional certificate of compliance.

(2) Local agencies may process applications for certificates of compliance or conditional certificates of compliance concurrently and may record a single certificate of compliance or a single conditional certificate of compliance for multiple parcels. Where a single certificate of compliance or conditional certificate of compliance is certifying multiple parcels, each as to compliance with the provisions of this division and with local ordinances enacted pursuant thereto, the single certificate of compliance or conditional certificate of compliance shall clearly identify, and distinguish between, the descriptions of each parcel.

*(Amended by Stats. 2002, Ch. 1109, Sec. 8. Effective January 1, 2003.)*

## **TITLE 7.2. SAN FRANCISCO BAY CONSERVATION AND DEVELOPMENT COMMISSION**

### **CHAPTER 1. Findings and Declarations of Policy**

**§ 66606.6** Nothing in this title shall deny the right of private property owners and local governments to establish agricultural preserves and enter into contracts pursuant to the provisions of the California Land Conservation Act of 1965. The commission, within six months after the effective date of this section, shall institute an affirmative action program to encourage local governments to enter into contracts under the California Land Conservation Act of 1965 with owners of property to which the provisions of that act may be applicable.

*(Added by Stats. 1969, Ch. 713.)*

## **HEALTH AND SAFETY CODE**

### **DIVISION 24. COMMUNITY DEVELOPMENT AND HOUSING**

#### **PART 1. COMMUNITY REDEVELOPMENT LAW**

##### **CHAPTER 4. Redevelopment Procedures and Activities**

###### **Article 4. Preparation and Adoption of Redevelopment Plans by the Agency**

**§ 33333.3.** (a) The redevelopment agency shall send a notice of preparation and a copy of a draft environmental impact report to each affected taxing entity, as defined in Section 33353.2, prepared in accordance with the provisions of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) and regulations adopted pursuant thereto.

(b) If the project area contains land in agricultural use, as defined in subdivision (b) of Section 51201 of the Government Code, the redevelopment agency shall also send a copy of

the draft environmental impact report to the Department of Conservation, the county agricultural commissioner, the county farm bureau, the California Farm Bureau Federation, and agricultural entities and general farm organizations that provide a written request for notice. A separate written request for notice shall be required for each proposed redevelopment plan or amendment that adds territory. A written request for notice applicable to one redevelopment plan or amendment shall not be effective for a subsequent plan or amendment.

*(Amended by Stats. 1996, Ch. 617, Sec. 3. Effective January 1, 1997.)*

**§ 33344.5.** After receiving the report prepared pursuant to Section 33328, or after the time period for preparation of that report has passed, a redevelopment agency that includes a provision for the division of taxes pursuant to Section 33670 in the redevelopment plan shall prepare and send to each affected taxing entity, as defined in Section 33353.2, no later than the date specified in Section 33344.6, a preliminary report which shall contain all of the following:

- (a) The reasons for the selection of the project area.
- (b) A description of the physical and economic conditions existing in the project area.
- (c) A description of the project area which is sufficiently detailed for a determination as to whether the project area is predominantly urbanized. The description shall include at least the following information, which shall be based upon the terms described and defined in Section 33320.1:
  - (1) The total number of acres within the project area.
  - (2) The total number of acres that is characterized by the condition described in paragraph (4) of subdivision (a) of Section 33031.
  - (3) The total number of acres that are in agricultural use. "Agricultural use" shall have the same meaning as that term is defined in subdivision (b) of Section 51201 of the Government Code.
  - (4) The total number of acres that is an integral part of an area developed for urban uses.
  - (5) The percent of property within the project area that is predominantly urbanized.
  - (6) A map of the project area that identifies the property described in paragraphs (2), (3), and (4), and the property not developed for an urban use.
- (d) A preliminary assessment of the proposed method of financing the redevelopment of the project area, including an assessment of the economic feasibility of the project and the reasons for including a provision for the division of taxes pursuant to Section 33670 in the redevelopment plan.
- (e) A description of the specific project or projects then proposed by the agency.
- (f) A description of how the project or projects to be pursued by the agency in the project area will improve or alleviate the conditions described in subdivision (b).
- (g) If the project area contains lands that are in agricultural use, the preliminary report shall be sent to the Department of Conservation, the county agricultural commissioner, the county farm bureau, the California Farm Bureau Federation, and agricultural entities and general farm organizations that provide a written request for notice. A separate written request for notice shall be required for each proposed redevelopment plan or amendment that adds territory. A written request for notice applicable to one redevelopment plan or amendment shall not be effective for a subsequent plan or amendment.

*(Amended by Stats. 2004, Ch. 158, Sec. 1. Effective January 1, 2005.)*

**§ 33501.** (a) An action may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of bonds and the redevelopment plan to be financed or refinanced, in whole or in part, by the bonds, or to determine the validity of a redevelopment plan not financed by bonds, including without limiting the generality of the foregoing, the legality and validity of all proceedings theretofore taken for or in any way connected with the establishment of the agency, its authority to transact business and exercise its powers, the designation of the survey area, the selection of the project area, the formulation of the preliminary plan, the validity of the finding and determination that the project area is predominantly urbanized, and the validity of the adoption of the redevelopment plan, and also including the legality and validity of all proceedings theretofore taken and (as provided in the bond resolution) proposed to be taken for the authorization, issuance, sale, and delivery of the bonds, and for the payment of the principal thereof and interest thereon.

(b) Notwithstanding subdivision (a), an action to determine the validity of a redevelopment plan, or amendment to a redevelopment plan that was adopted prior to January 1, 2011, may be brought within 90 days after the date of the adoption of the ordinance adopting or amending the plan.

(c) Any action that is commenced on or after January 1, 2011, which is brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity or legality of any issue, document, or action described in subdivision (a), may be brought within two years after any triggering event that occurred after January 1, 2011. The time limit for bringing an action under this subdivision shall be tolled with respect to the validity or legality of any issue, document, or action described in subdivision (a) of any former redevelopment agency or its legislative body until the Department of Finance has issued a finding of completion to the successor agency of that former redevelopment agency pursuant to Section 34179.7. This subdivision shall not apply to any adoption, finding, or determination of any former redevelopment agency or its legislative body after the department has issued a finding of completion to the successor agency of that former redevelopment agency pursuant to Section 34179.7.

(d) For the purposes of protecting the interests of the state, the Attorney General and the Department of Finance are interested persons pursuant to Section 863 of the Code of Civil Procedure in any action brought with respect to the validity of an ordinance adopting or amending a redevelopment plan pursuant to this section.

(e) For purposes of contesting the inclusion in a project area of lands that are enforceably restricted, as that term is defined in Sections 422 and 422.5 of the Revenue and Taxation Code, or lands that are in agricultural use, as defined in subdivision (b) of Section 51201 of the Government Code, the Department of Conservation, the county agricultural commissioner, the county farm bureau, the California Farm Bureau Federation, and agricultural entities and general farm organizations that provide a written request for notice, are interested persons pursuant to Section 863 of the Code of Civil Procedure, in any action brought with respect to the validity of an ordinance adopting or amending a redevelopment plan pursuant to this section.

*(Amended by Stats. 2012, Ch. 26, Sec. 3. (AB 1484) Effective June 27, 2012.)*

**DIVISION 26. AIR RESOURCES****PART 2. STATE AIR RESOURCES BOARD****CHAPTER 4.1. Greenhouse Gas Reduction Fund Investment Plan and Communities Revitalization Act**

**§ 39712.** (a) (1) It is the intent of the Legislature that moneys shall be appropriated from the fund only in a manner consistent with the requirements of this chapter and Article 9.7 (commencing with Section 16428.8) of Chapter 2 of Part 2 of Division 4 of Title 2 of the Government Code.

(2) The state shall not approve allocations for a measure or program using moneys appropriated from the fund except after determining, based on the available evidence, that the use of those moneys furthers the regulatory purposes of Division 25.5 (commencing with Section 38500) and is consistent with law. If any expenditure of moneys from the fund for any measure or project is determined by a court to be inconsistent with law, the allocations for the remaining measures or projects shall be severable and shall not be affected.

(b) Moneys shall be used to facilitate the achievement of reductions of greenhouse gas emissions in this state consistent with Division 25.5 (commencing with Section 38500) and, where applicable and to the extent feasible:

- (1) Maximize economic, environmental, and public health benefits to the state.
  - (2) Foster job creation by promoting in-state greenhouse gas emissions reduction projects carried out by California workers and businesses.
  - (3) Complement efforts to improve air quality.
  - (4) Direct investment toward the most disadvantaged communities and households in the state.
  - (5) Provide opportunities for businesses, public agencies, Native American tribes in the state, nonprofits, and other community institutions to participate in and benefit from statewide efforts to reduce greenhouse gas emissions.
  - (6) Lessen the impacts and effects of climate change on the state's communities, economy, and environment.
- (c) Moneys appropriated from the fund may be allocated, consistent with subdivision (a), for the purpose of reducing greenhouse gas emissions in this state through investments that may include, but are not limited to, any of the following:
- (1) Funding to reduce greenhouse gas emissions through energy efficiency, clean and renewable energy generation, distributed renewable energy generation, transmission and storage, and other related actions, including, but not limited to, at public universities, state and local public buildings, and industrial and manufacturing facilities.
  - (2) Funding to reduce greenhouse gas emissions through the development of state-of-the-art systems to move goods and freight, advanced technology vehicles and vehicle infrastructure, advanced biofuels, and low-carbon and efficient public transportation.
  - (3) Funding to reduce greenhouse gas emissions associated with water use and supply, land and natural resource conservation and management, forestry, and sustainable agriculture.

(4) Funding to reduce greenhouse gas emissions through strategic planning and development of sustainable infrastructure projects, including, but not limited to, transportation and housing.

(5) Funding to reduce greenhouse gas emissions through increased in-state diversion of municipal solid waste from disposal through waste reduction, diversion, and reuse.

(6) Funding to reduce greenhouse gas emissions through investments in programs implemented by local and regional agencies, local and regional collaboratives, Native American tribes in the state, and nonprofit organizations coordinating with local governments.

(7) Funding research, development, and deployment of innovative technologies, measures, and practices related to programs and projects funded pursuant to this chapter.

(d) Moneys directed to grant, loan, voucher, or other incentive programs shall be conditioned on the requirements of Chapter 3.6 (commencing with Section 39680), as applicable.

*(Amended by Stats. 2021, Ch. 748, Sec. 5 (SB 794))*

**§ 39713.** (a) The investment plan developed and submitted to the Legislature pursuant to Section 39716 shall allocate a minimum of 25 percent of the available moneys in the fund to projects located within the boundaries of, and benefiting individuals living in, communities described in Section 39711.

(b) The investment plan shall allocate a minimum of 5 percent of the available moneys in the fund to projects that benefit low-income households or to projects located within the boundaries of, and benefiting individuals living in, low-income communities located anywhere in the state.

(c) The investment plan shall allocate a minimum of 5 percent of the available moneys in the fund either to projects that benefit low-income households that are outside of, but within one-half mile of, communities described in Section 39711, or to projects located within the boundaries of, and benefiting individuals living in, low-income communities that are outside of, but within one-half mile of, communities described in Section 39711.

(d) For purposes of this section, the following definitions shall apply:

(1) “Low-income households” are those with household incomes at or below 80 percent of the statewide median income or with household incomes at or below the threshold designated as low income by the Department of Housing and Community Development’s list of state income limits adopted pursuant to Section 50093.

(2) “Low-income communities” are census tracts with median household incomes at or below 80 percent of the statewide median income or with median household incomes at or below the threshold designated as low income by the Department of Housing and Community Development’s list of state income limits adopted pursuant to Section 50093.

(e) Moneys allocated pursuant to one subdivision of this section do not count toward the minimum requirements of any other subdivision of this section.

*(Amended by Stats. 2017, Ch. 561, Sec. 121. (AB 1516) Effective January 1, 2018.)*

**§ 39715.** (a) The state board, in consultation with the California Environmental Protection Agency shall develop funding guidelines for administering agencies that receive appropriations from the fund to ensure the requirements of this chapter are met. The guidelines shall include a component for how administering agencies should maximize benefits for disadvantaged communities, as described in Section 39711.

(b) The state board shall provide an opportunity for public input prior to finalizing the guidelines.

(c) Chapter 3.5 (commencing with Section 11340) of the Part 1 of Division 3 of Title 2 of the Government Code does not apply to the guidelines developed pursuant to this section.

*(Amended by Stats. 2014, Ch. 36, Sec. 6. (SB 862) Effective June 20, 2014.)*

**§ 39716.** (a) The Department of Finance, on behalf of the Governor, and in consultation with the state board and any other relevant state entity, shall develop and submit to the Legislature at the time of the department's adjustments to the proposed 2013–14 fiscal year budget pursuant to subdivision (e) of Section 13308 of the Government Code a three-year investment plan. Commencing with the 2016–17 fiscal year budget and every three years thereafter, with the release of the Governor's budget proposal, the Department of Finance shall include updates to the investment plan following the public process described in subdivisions (b) and (c). The investment plan, consistent with the requirements of Section 39712, shall do all of the following:

(1) Identify the state's near-term and long-term greenhouse gas emissions reduction goals and targets by sector.

(2) Analyze gaps, where applicable, in current state strategies to meeting the state's greenhouse gas emissions reduction goals and targets by sector.

(3) (A) Identify priority programmatic investments of moneys that will facilitate the achievement of feasible and cost-effective greenhouse gas emissions reductions toward achievement of greenhouse gas reduction goals and targets by sector, consistent with subdivision (c) of Section 39712.

(B) In identifying priority programmatic investments, the investment plan shall do both of the following:

(i) Assess how proposed investments interact with current state regulations, policies, and programs.

(ii) Evaluate if and how those proposed investments could be incorporated into existing programs.

(4) Recommend metrics that would measure progress and benefits from the proposed programmatic investments.

(b) (1) The state board shall hold at least two public workshops in different regions of the state and one public hearing prior to the Department of Finance submitting the investment plan. The state board shall, prior to the submission of each investment plan, consult with the Public Utilities Commission to ensure the investment plan is coordinated with, and does not conflict with or unduly overlap with, activities under the oversight or administration of the Public Utilities Commission undertaken pursuant to Part 5 (commencing with Section 38570) of Division 25.5 or other activities under the oversight or administration of the Public Utilities Commission that facilitate greenhouse gas emissions reductions consistent with this division. The investment plan shall include a description of the use of any moneys generated by the sale of allowances received at no cost by the investor-owned utilities pursuant to a market-based compliance mechanism.

(c) The Climate Action Team, established under Executive Order S-3-05, shall provide information to the Department of Finance and the state board to assist in the development of each investment plan. The Climate Action Team shall participate in each public workshop held on an investment plan and provide testimony to the state board on each investment plan. For

purposes of this section, the Secretary of Labor and Workforce Development shall assist the Climate Action Team in its efforts.

*(Amended by Stats. 2016, Ch. 679, Sec. 1. (SB 1464) Effective January 1, 2017.)*

**§ 39718.** (a) Moneys in the fund shall be appropriated through the annual Budget Act consistent with the investment plan developed and submitted pursuant to Section 39716.

(b) Upon appropriation, moneys in the fund shall be available to the state board and to administering agencies for administrative purposes in carrying out this chapter.

(c) Any repayment of loans, including interest payments and all interest earnings on or accruing to any moneys, resulting from implementation of this chapter shall be deposited in the fund for purposes of this chapter.

*(Amended by Stats. 2013, Ch. 76, Sec. 120. (AB 383) Effective January 1, 2014.)*

**§ 39719.** (a) The Legislature shall appropriate the annual proceeds of the fund for the purpose of reducing greenhouse gas emissions in this state in accordance with the requirements of Section 39712.

(b) To carry out a portion of the requirements of subdivision (a), the annual proceeds of the fund are continuously appropriated for the following:

(1) Beginning in the 2015–16 fiscal year, and notwithstanding Section 13340 of the Government Code, 35 percent of annual proceeds are continuously appropriated, without regard to fiscal years, for transit, affordable housing, and sustainable communities programs as follows:

(A) Ten percent of the annual proceeds of the fund is hereby continuously appropriated to the Transportation Agency for the Transit and Intercity Rail Capital Program created by Part 2 (commencing with Section 75220) of Division 44 of the Public Resources Code.

(B) Five percent of the annual proceeds of the fund is hereby continuously appropriated to the Low Carbon Transit Operations Program created by Part 3 (commencing with Section 75230) of Division 44 of the Public Resources Code. Moneys shall be allocated by the Controller, according to requirements of the program, and pursuant to the distribution formula in subdivision (b) or (c) of Section 99312 of, and Sections 99313 and 99314 of, the Public Utilities Code.

(C) Twenty percent of the annual proceeds of the fund is hereby continuously appropriated to the Strategic Growth Council for the Affordable Housing and Sustainable Communities Program created by Part 1 (commencing with Section 75200) of Division 44 of the Public Resources Code. Of the amount appropriated in this subparagraph, no less than 10 percent of the annual proceeds of the fund shall be expended for affordable housing, consistent with the provisions of that program.

(2) Beginning in the 2015–16 fiscal year, notwithstanding Section 13340 of the Government Code, 25 percent of the annual proceeds of the fund is hereby continuously appropriated to the High-Speed Rail Authority for the following components of the initial operating segment and Phase I Blended System as described in the 2012 business plan adopted pursuant to Section 185033 of the Public Utilities Code:

(A) Acquisition and construction costs of the project.

(B) Environmental review and design costs of the project.

(C) Other capital costs of the project.

(D) Repayment of any loans made to the authority to fund the project.

(3) (A) Beginning in the 2020-2021 fiscal year, and until June 30, 2030, 5 percent of the annual proceeds of the fund, up to the sum of one hundred thirty million dollars (\$130,000,000), is hereby annually transferred to the Safe and Affordable Drinking Water Fund established pursuant to Section 116766 for the purposes of Chapter 4.6 (commencing with Section 116765) of Part 12 of Division 104.

(B) Moneys transferred under this paragraph shall be used for the purpose of facilitating the achievement of reductions of greenhouse gas emissions in this state in accordance with the requirements of Section 39712 or to improve climate change adaptation and resiliency of disadvantaged communities or low-income households or communities, consistent with Division 25.5 (commencing with Section 38500). For purposes of the moneys transferred under this paragraph, a state agency may also comply with the requirements of paragraphs (2) and (3) of subdivision (a) of section 16428.9 of the Government Code by describing how each proposed expenditure will improve climate change adaptation and resiliency of disadvantaged communities or low-income households or communities.

(4) Notwithstanding Section 13340 of the Government Code, for each fiscal year, beginning in the 2022-23 fiscal year through the 2028-29 fiscal year, the sum of two hundred million dollars (\$200,000,000) is hereby continuously appropriated, to the Department of Forestry and Fire Protection and allocated as follows:

(A) One hundred sixty-five million dollars (\$165,000,000) for the healthy forest and fire prevention programs and projects that improve forest health and reduce emissions of greenhouse gases caused by uncontrolled wildfires.

(B) Thirty-five million dollars (\$35,000,000) for the completion of prescribed fire and other fuel reduction projects through proven forestry practices consistent with the recommendations of the California Forest Carbon Plan, including the operation of year-round prescribed fire crews and an implementation of a research and monitoring program for climate adaptation.

(c) In determining the amount of the annual proceeds of the fund for purposes of the calculation in paragraphs (1) to (3) inclusive, of subdivision (b), the funds subject to Section 39719.1 and the sum set forth in paragraph (4) of subdivision (b) shall not be included.

*(Amended by Stats. 2021, Ch. 258, Sec. 8 (SB 155) Effective September 23, 2021)*

**§ 39720.** (a) Notwithstanding Section 10231.5 of the Government Code, the Department of Finance shall submit a report on or before March 1, 2014, and annually thereafter, to the appropriate committees of the Legislature on the status of projects funded pursuant to this part and their outcomes.

(b) A report submitted pursuant to subdivision (a) shall be submitted in compliance with Section 9795 of the Government Code.

*(Added by Stats. 2012, Ch. 807, Sec. 2. (AB 1532) Effective January 1, 2013.)*

**§ 39721.** For the report prepared pursuant to Section 39720, administering agencies shall report to the Department of Finance, and the Department of Finance shall include in the report, a description of how the administering agencies have fulfilled the requirements of Section 39713.

*(Added by Stats. 2012, Ch. 830, Sec. 5. (SB 535) Effective January 1, 2013.)*

## **DIVISION 31. HOUSING AND HOME FINANCE**

### **PART 2. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**

#### **CHAPTER 12. Community Development Block Grant Program Funds**

**§ 50830.** (a) Except as otherwise provided in subdivisions (b) and (c), no city or county shall be eligible to receive funds pursuant to this chapter if the city or county has adopted a general plan, ordinance, or other measure which directly limits, by number, either of the following:

- (1) The building permits that may be issued for residential construction.
- (2) The buildable lots which may be developed for residential purposes.

(b) Subdivision (a) shall not apply to either of the following:

(1) An ordinance adopted by a city or county which does any of the following:

- (A) Imposes a moratorium, to protect the public health and safety, on residential construction for a specified period of time, if, under the terms of the ordinance, the moratorium will cease when the public health and safety is no longer jeopardized by the construction.

(B) Creates agricultural preserves pursuant to Chapter 7 (commencing with Section 51200) of Part 2 of Division 1 of Title 5 of the Government Code.

(C) Was adopted pursuant to a specific requirement of a state or multistate board, agency, department, or commission.

(2) A city or county which has a housing element that the department has found to be adequate pursuant to subdivision (c) of Section 65585 or which is deemed to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code pursuant to Section 65586 of the Government Code at the time the city or county applies for funds under the program, unless a final order has been issued by a court in which the court determined that the housing element is not in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(c) A city or county which has adopted a general plan, ordinance, or other measure subject to the restrictions of subdivision (a), which are not exempted by subdivision

(b), may, notwithstanding subdivision (a), receive funds pursuant to this chapter if the use of the funds is restricted for housing for persons and families of low or moderate income. However, applications from cities or counties which have not adopted a general plan, ordinance, or other measure subject to the restrictions of subdivision (a) shall, to the extent that eligible applications for grants exceed the amount available for distribution pursuant to this chapter, have priority over applications from cities or counties which have adopted such a general plan, ordinance, or other measure which are not exempted by subdivision (b).

*(Added by Stats. 1983, Ch. 963, Sec. 1.)*

## PUBLIC RESOURCES CODE

### DIVISION 1. ADMINISTRATION

#### CHAPTER 2. Department of Conservation

##### Article 1. Organization and General Powers

**§ 607.** The work of the department shall be divided into at least the following:

- (a) California Geological Survey.
- (b) Division of Oil, Gas, and Geothermal Resources.
- (c) Division of Land Resource Protection.
- (d) Division of Mine Reclamation.

*(Amended by Stats. 2016, Ch. 8, Sec. 1. (SB 209) Effective January 1, 2017.)*

**§ 612.** The department shall prepare, update, and maintain Important Farmland Series maps as defined in subdivision (f) of Section 65560 of the Government Code and other soils and land capability information, and prepare and maintain an automated map and data base system to record and report changes in the use of agricultural lands.

*(Amended by Stats. 2017, Ch. 434, Sec. 9. Effective January 1, 2018.)*

**§ 612.5.** (a) The Legislature hereby finds and declares all of the following:

(1) It is in the state's public interest to have an accurate inventory of the state's soil resources.

(2) In California, the United States Soil Conservation Service has been responsible for undertaking soil surveys and soils information for many of California's agricultural counties is outdated or unavailable.

(3) Information on soils is needed for agricultural management, water and soil conservation activities, engineering and land use planning, and state and local policy decisions. Completion of the California Farmland Mapping and Monitoring Program is contingent upon availability of accurate, modern soil surveys.

(4) State funding of soil surveys has been limited to soil vegetation surveys on wildlands and no state contributions have been made toward the completion of modern soil surveys in California on cropland. In recent years, every state with incomplete soil surveys on farmland, except California, has cost-shared with the United States Soil Conservation Service to complete those surveys.

(5) Federal funding for the soil survey program of the United States Soil Conservation Service has been declining in real dollars in the past several years and is projected to be further reduced under the requirements of the Gramm-Rudman-Hollings Deficit Reduction Act.

(6) Therefore, it is in California's interest to authorize the department to assist the United States Soil Conservation Service with the completion of soil surveys.

(b) The department shall provide financial assistance to the United States Soil Conservation Service to undertake or complete soil surveys in areas of this state where the surveys have not been completed, including, but not limited to, portions of the Counties of San Joaquin, Yuba, Colusa, Butte, Fresno, Kern, Tulare, Stanislaus, and Lassen. Financial assistance shall be

applied to field work that includes onsite soils mapping, report writing, manuscript preparation, and final correlation of soils data.

(c) In allocating funds for completion of soil surveys in the United States Soil Conservation Service soil survey areas in California, the department shall consider criteria that include, but are not limited to, all of the following:

- (1) Voids in important farmland maps.
- (2) Rate and type of land use changes.
- (3) Extent of erosion, alkalinity, and other soil resource problems.
- (4) Farm-gate value of agricultural production.
- (5) Specific soil-related problems.
- (6) Status of ongoing soil surveys.
- (7) Extent of cropland in each county.
- (8) Availability of local funding or other support.

*(Amended by Stats. 2004, Ch. 193, Sec. 159. Effective January 1, 2005.)*

**§ 613.** The department, through the California Resources Information System and as budgetary resources permit, may provide informational assistance to local agencies in the development of geobased natural resource information systems. In addition, the department may assist local agencies in securing geobased natural resource information from state agencies.

Local agencies requesting assistance shall reimburse the department for identifiable costs incurred by the department pursuant to this section.

*(Added by Stats. 1982, Ch. 221, Sec. 1.)*

**§ 614.**

The department shall provide soil conservation advisory services to local governments, land owners, farmers and ranchers, resource conservation districts, and the general public. The services shall include, but not be limited to, all of the following:

- (a) State level liaison with the resource conservation districts.
- (b) Review of documents prepared as required under the California Environmental Quality Act (Division 13 (commencing with Section 21000)).
- (c) Provision of information on the soil conservation components of the federal 1985 Food Security Act.
- (d) Assistance to local governments on the development of soil conservation guidelines for general plans.
- (e) Responding to inquiries from the general public.

*(Amended by Stats. 2019, Ch. 469, Sec. 4. Effective January 1, 2020.)*

**§ 615.** Grants administered by the department, including, but not limited to, those awarded pursuant to Division 9 (commencing with Section 9001), Division 10.2 (commencing with Section 10200), and Division 12.1 (commencing with Section 14500), are not subject to the State Contract Act (Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code) or Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code.

*(Amended by Stats. 2019, Ch. 469, Sec. 5. Effective January 1, 2020.)*

**DIVISION 2. GEOLOGY, MINES AND MINING****CHAPTER 9. Surface Mining and Reclamation Act of 1975****Article 5. Reclamation Plans and the Conduct of Surface Mining Operations**

**§ 2773.** (a) The reclamation plan shall be applicable to a specific piece of property or properties, shall be based upon the character of the surrounding area and such characteristics of the property as type of overburden, soil stability, topography, geology, climate, stream characteristics, and principal mineral commodities, and shall establish site-specific criteria for evaluating compliance with the approved reclamation plan, including topography, revegetation and sediment, and erosion control.

(b) By January 1, 1992, the board shall adopt regulations specifying minimum, verifiable statewide reclamation standards. Subjects for which standards shall be set include, but shall not be limited to, the following:

- (1) Wildlife habitat.
- (2) Backfilling, regrading, slope stability, and recontouring.
- (3) Revegetation.
- (4) Drainage, diversion structures, waterways, and erosion control.
- (5) Prime and other agricultural land reclamation.
- (6) Building, structure, and equipment removal.
- (7) Stream protection.
- (8) Topsoil salvage, maintenance, and redistribution.
- (9) Tailing and mine waste management.

These standards shall apply to each mining operation, but only to the extent that they are consistent with the planned or actual subsequent use or uses of the mining site.

*(Amended by Stats. 1990, Ch. 1097, Sec. 11.)*

**DIVISION 4. FORESTS, FORESTRY, AND RANGE AND FORAGE LANDS****CHAPTER 1. Prevention and Control of Forest Fires****Article 11. Regional Forest and Fire Capacity Program****§ 4208.**

For purposes of this article, the following definitions apply:

- (a) "Department" means the Department of Conservation.
- (b) "Eligible coordinating organization" means a local government, tribal government, resource conservation district, joint powers authority, or nongovernmental organization with a history of providing technical assistance and demonstrated capacity to coordinate regional partners across the state.
- (c) "Program" means the Regional Forest and Fire Capacity Program.
- (d) "Regional entity" means a state conservancy, local government, tribal government, resource conservation district, joint powers authority, or nongovernmental organization with a

history of implementing related projects, demonstrated capacity to work across regional partners, and ability to serve as fiscal administrators for the program.

(e) "Statewide implementation" means identifying and supporting regional entities in every part of the state that contains or is adjacent to a very high or high fire hazard severity zone identified by the State Fire Marshal pursuant to Section 51178 of the Government Code or Article 9 (commencing with Section 4201).

*(Added by Stats. 2021, Ch. 225, Sec. 16. (AB 9))*

#### **§4208.1**

(a) There is hereby established in the department the Regional Forest and Fire Capacity Program to support regional leadership to build local and regional capacity and develop, prioritize, and implement strategies and projects that create fire adapted communities and landscapes by improving ecosystem health, community wildfire preparedness, and fire resilience. For strategies and projects that seek to create fire adapted communities, regional entities shall maximize risk reductions to people and property, especially in the most vulnerable communities.

(b) (1) The department shall, upon an appropriation by the Legislature for these purposes, do both of the following:

(A) (i) Provide block grants to regional entities to develop regional strategies that develop governance structures, identify wildfire risks, foster collaboration, and prioritize and implement projects within the region to achieve the goals of the program.

(ii) Regional priority strategy development shall be in coordination with public landowners and other relevant forest and fire planning efforts in wildfire and forest resiliency planning.

(B) Ensure, to the extent feasible, there are regional entities to cover every part of the state that contains or is adjacent to a very high or high fire hazard severity zone identified by the State Fire Marshal pursuant to Section 51178 of the Government Code or Article 9 (commencing with Section 4201).

(2) Regional entities may implement program activities directly or provide subgrants or contracts, and collaborative planning efforts with local entities, including municipal governments, tribal governments, nongovernmental organizations, community organizations, fire safe councils, land trusts, resource conservation districts, joint power authorities, special districts, fire departments, residents, private and public forest landowners and managers, businesses, and others, to assist the regional entity in accomplishing all of the following objectives:

(A) Develop regional priority strategies that develop and support fire adapted communities and landscapes by improving forest health, watershed health, fire risk reduction, or fire resilience needed to achieve local, regional, or statewide public safety, climate resiliency, and ecosystem goals included in the "Agreement for Shared Stewardship of California's Forest and Rangelands" and "California's Wildfire and Forest Resilience Action Plan."

(B) Complete project development and permitting to generate implementation-ready projects that address regional landscape resilience and community fire protection priorities for funding consideration.

(C) Implement forest management demonstration projects that showcase scalable models for management, funding, and achieving and quantifying multiple benefits.

(D) Implement community fire preparedness demonstration projects that create durable risk reduction for structures and critical community infrastructure.

(E) Develop outreach, education, and training as needed to facilitate and build capacity to implement this section.

(F) Collect and assess data and information as needed to identify and map communities, infrastructure, forests, and watersheds at risk of, and vulnerable to, wildfire, in collaboration with appropriate state agencies, including, but not limited to, the Department of Forestry and Fire Protection.

(c) The department shall, upon an appropriation by the Legislature for these purposes, provide block grants to eligible coordinating organizations under the program to support the statewide implementation of the program through coordination of and technical assistance to regional entities, as well as to support forest health and resilience efforts across regions and throughout the state.

(d) To maximize the benefits of the program, the department shall do all of the following:

(1) Facilitate peer-to-peer learning within and between regions to share information, experiences, and resources to build regional capacity.

(2) Provide technical assistance to regions to enhance regional capacity and assist in the development and prioritization of projects.

(3) Assist regions in identifying potential funding sources for regional priorities.

(4) Encourage the development of local cost share opportunities.

(5) Publish and update on the department's internet website the following information related to implementation of the program:

(A) A list of regional entities and eligible coordinating organizations funded by the program.

(B) The outcomes of any block grant provided to a regional entity or eligible coordinating organization, including a summary of the benefits, such as the number of people and properties for which wildfire risk has been mitigated, ecosystem health benefits, or other measurements of progress towards state goals for public health and safety, climate resilience, and biodiversity, as applicable.

(C) A description of progress towards ensuring there are regional entities to cover every part of the state that contains or is adjacent to a very high or high fire hazard severity zone identified by the State Fire Marshal pursuant to Section 51178 of the Government Code or Article 9 (commencing with Section 4201).

*(Added by Stats. 2021, Ch. 225, Sec. 16. (AB 9))*

## **Article 12. Community Wildfire Preparedness and Mitigation**

### **§4209.**

#### **§4209.1.**

#### **§4209.2.**

#### **§4209.3.**

**§4209.4.** (a) The Office of the State Fire Marshal shall establish the State Fire Marshal's Wildfire Mitigation Advisory Committee to provide a public forum to solicit and consider public input on programs and activities pursuant to this article and to advise the Deputy Director of Community Wildfire Preparedness and Mitigation in developing and implementing programs and activities pursuant to this article.

(b) The committee shall do all of the following:

(1) Provide a consistent and regular means of communication on topics related to community wildfire preparedness and fire mitigation between the department, the Office of the State Fire Marshal, representatives of relevant industries, state agencies, fire service agencies, and other stakeholders.

(2) Provide a forum for addressing wildfire preparedness and mitigation issues of statewide concern.

(3) Share latest available research and best practices with regard to community fire preparedness and mitigation efforts.

(4) Seek and provide comments and specific input on proposed programs, policies, guidelines, budget, and technical issues, and inform local agencies and the public of applicable new laws and regulations.

(5) Provide and receive updates and feedback regarding the programs operated by the Office of the State Fire Marshal pursuant to this article.

(c) Members of the committee shall be all of the following:

(1) The director of the department, or their designee.

(2) The director of the Department of Conservation, or their designee.

(3) The Director of the Office of Energy Infrastructure Safety, or their designee.

(4) The chair of the State Board of Forestry and Fire Protection, or their designee.

(5) The State Fire Marshal, or their designee.

(6) The Director of Emergency Services, or their designee.

(7) The Insurance Commissioner, or their designee.

(8) The Director of State Planning and Research, or their designee.

(9) A representative from the California Fire Safe Council.

(10) A representative from the insurance industry or an insurance research organization.

(11) A local fire service representative.

(12) A representative from the building industry.

(13) A representative from the University of California Cooperative Extension.

(14) A representative from the California Fire Science Consortium.

(15) Any other appropriate stakeholders, including representatives from local governmental agencies, as decided by the State Fire Marshal.

(d) The committee shall meet monthly.

(e) The members of the committee shall serve without compensation, but each member shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties.

(f) The chairperson of the committee shall be the State Fire Marshal.

*(Added by Stats. 2021, Ch. 225, Sec. 17. (AB 9))*

**§4209.5.** (a) The Office of the State Fire Marshal shall establish the Community Wildfire Mitigation Assistance Program to coordinate regional and local efforts with state policies, strategies, and programs for community wildfire mitigation in order to improve wildfire preparedness and prevention, with an emphasis on the most vulnerable communities.

(b) The program shall do all of the following:

(1) Provide technical assistance to local jurisdictions with community wildfire preparedness and prevention services and identify funding opportunities and best practices,

including, but not necessarily limited to, defensible space, structure hardening, fuel reduction around communities, wildland building code standards, and land use planning.

(2) Identify both of the following:

(A) Programs administered by state, regional, and local agencies to address and minimize the risks of wildfire and coordinate the implementation of those programs.

(B) Public and private programs that may be leveraged to facilitate defensible space, home hardening, and community fuel reduction to minimize the impacts of wildfire to habitable structures.

(3) Conduct outreach efforts to regional and local wildfire mitigation groups, including assessing compliance, educating and informing regional and local agencies, stakeholders, and the public of applicable new laws and regulations.

(4) Provide technical consultation with the development of city and county safety elements.

(5) Develop guidance and decision-support tools useful for data visualization, planning, and analysis.

(6) Establish a statewide clearinghouse for use by state, regional, and local entities to provide a centralized source of data, information, research articles, studies, white papers, reports, best practices, model ordinances, demonstration projects, tools, and other resources related to community wildfire preparedness, mitigation, and risk reduction.

*(Added by Stats. 2021, Ch. 225, Sec. 17. (AB 9))*

## **DIVISION 5. Parks and Monuments**

### **CHAPTER 1.25. Off-Highway Motor Vehicle Recreation**

**§ 5090.35.** (a) The protection of public safety, the appropriate utilization of lands, and the conservation of natural and cultural resources are of the highest priority in the management of the state vehicular recreation areas. Additionally, the division shall promptly repair and continuously maintain areas and trails, and anticipate and prevent accelerated and unnatural erosion and other off-highway vehicle impacts to the extent possible. The division shall take steps necessary to prevent damage to significant natural and cultural resources within state vehicular recreation areas.

(b) (1) The division, in consultation with the United States Natural Resource Conservation Service, the United States Geological Survey, the United States Forest Service, the United States Bureau of Land Management, the Department of Fish and Wildlife, and the Department of Conservation shall, by December 31, 2020, review, and if deemed necessary, update the 2008 Soil Conservation Standard and Guidelines to establish a generic and measurable soil conservation standard. The division shall subsequently review and update the standard when deemed necessary by the department.

(2) If the division determines that the soil conservation standards and habitat protection plans are not being met in any portion of any state vehicular recreation area, the division shall temporarily close the noncompliant portion to repair and prevent accelerated erosion, until the soil conservation standards are met.

(3) If the division determines that the soil conservation standards cannot be met in any portion of any state vehicular recreation area, the division shall close and restore the noncompliant portion pursuant to Section 5090.11.

(c) (1) The division shall compile and, when determined by the department to be necessary, periodically review and update an inventory of wildlife populations and prepare a wildlife habitat protection plan that conserves and improves wildlife habitats for each state vehicular recreation area. By December 31, 2030, the division shall compile an inventory of native plant communities in each state vehicular recreation area to inform future plan updates.

(2) If the division determines that the wildlife habitat protection plan is not being met in any portion of any state vehicular recreation area, the division shall close the noncompliant portion temporarily until the wildlife habitat protection plan is met.

(3) If the division determines that the wildlife habitat protection plan cannot be met in any portion of any state vehicular recreation area, the division shall close and restore the noncompliant portion pursuant to Section 5090.11.

(d) The division shall monitor annually in each state vehicular recreation area to determine whether soil conservation standards are being met and the objectives of wildlife habitat protection plans are being met.

(e) The division shall not fund trail construction unless the trail is capable of complying with the conservation specifications prescribed in this section. The division shall not fund trail construction where conservation is not feasible. The division shall not fund the maintenance of a trail unless that trail is a component of a state vehicular recreation area road and trail system.

(f) The division shall protect natural, cultural, and archaeological resources within the state vehicular recreation areas.

*(Amended by Stats. 2017, Ch. 459, Sec. 12. (SB 249) Effective January 1, 2018.)*

### **CHAPTER 3. Districts**

#### **Article 3. Regional Park, Park and Open-Space, and Open-Space Districts**

**§ 5593.3.** (a) (1) The Legislature hereby finds and declares that the land acquisition, improvements, and services provided by the regional district formed pursuant to Section 5506.3 will specifically benefit the properties assessed and the persons paying the assessments authorized in this section in at least the following respects:

(A) Enhanced recreational opportunities and expanded access to recreational facilities for all residents throughout the regional district.

(B) Improved quality of life for all communities in the regional district by protecting, restoring, and improving the regional district's irreplaceable park, wildlife, open-space, and beach lands.

(C) Preservation of canyons, foothills, and mountains and development of public access to these lands throughout the regional district.

(D) Protection of the diverse historical, cultural, and archaeological values of the territory of the regional district.

(E) Increased economic activity and expanded employment opportunities within the regional district.

(F) Increased property values, resulting from the benefits specified in this subdivision.

(G) Provision of benefits to all properties within the regional district, including positive impacts on air and water quality, capacity of roads, transportation and other public infrastructure systems, schools, and public utilities.

(2) The Legislature further finds and declares all of the following:

(A) The expansion, restoration, and improvement of park, recreational, beach, and open-space lands throughout the regional district benefits all residents in the regional district.

(B) Protection, restoration, and improvement of the lands within the regional district are vital to the quality of life for all residents in the regional district.

(C) Increased park and recreational opportunities in the densely populated and heavily urbanized areas of the regional district are vital to the health and well-being of all residents in the regional district, and providing those opportunities is a high priority.

(D) Portions of parcels of land that are in commercial agricultural use do not benefit from park or open-space lands, facilities, or services funded pursuant to this section.

(b) In addition to the authority conferred in Section 5539.5, to the extent not inconsistent with this section, the Landscaping and Lighting Act of 1972 (Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code), is applicable to the regional district, except as follows:

(1) Article 2 (commencing with Section 22605) of Chapter 2 of Part 2 of Division 15 of the Streets and Highways Code does not apply.

(2) No changes shall be made pursuant to Chapter 3 (commencing with Section 22620) of Part 2 of Division 15 of the Streets and Highways Code or Section 5572 of this code with respect to the rate and method of apportionment of assessments, the use of proceeds of assessments, the use of proceeds of bonds, and the territory included within the district, except that the governing body may correct errors in assessments, rule on appeals of assessments against particular parcels, and annually adjust the assessments levied against particular parcels of real property to reflect changes in the uses of those parcels.

(3) No changes shall be made to the rate and method of apportionment of any assessment approved by the voters and levied pursuant to this section.

(4) In addition to the items required by Section 22567 of the Streets and Highways Code, the regional district's annual report shall include all of the following:

(A) Changes in the total number of parcels assessed and changes in the number of parcels with respect to use code.

(B) The amount of revenue expected to be received by the regional district in the next fiscal year.

(C) The proposed allocation of funds for operation and maintenance for the next fiscal year.

(D) The expenditure of funds in the current fiscal year.

(5) Any notice required pursuant to the Landscaping and Lighting Act of 1972, Section 54954.6 of the Government Code, or Section 5511 shall be published pursuant to Section 6064 of the Government Code.

(6) (A) (i) The governing body shall not levy any assessment unless a proposition authorizing the regional district to levy the assessment is first approved by a majority of the voters voting on the proposition. The proposition shall include the matters specified in subdivision (c) of Section 5506.3, except for paragraph (6). The election

held pursuant to this paragraph shall satisfy the requirement for any election that may be required under Section 22525.5 of the Streets and Highways Code.

(ii) No additional assessment shall be levied pursuant to this section, including any assessment for time periods beyond those specified in paragraphs (7) and (8) of subdivision (c) of Section 5506.3, unless a proposition, including the provisions specified in paragraphs (5), (8), and (9) of subdivision (c) of Section 5506.3, is approved by a majority of the voters in the regional district voting on the proposition.

(B) Notwithstanding Section 5518, the County Counsel of the County of San Diego shall prepare the language in the ballot label. The analysis and review of the measure shall be carried out pursuant to Section 9160 of the Elections Code.

(C) The Board of Supervisors of San Diego County may consolidate a proposition submitted to the voters pursuant to this paragraph into a single ballot measure with the proposition whether to form the regional district submitted pursuant to paragraph

(6) of subdivision (c) of Section 5506.3.

(D) Notwithstanding any other provision of the Landscaping and Lighting Act of 1972, any assessment proposed pursuant to that act shall be deemed levied upon approval of a majority of the voters voting on the proposition.

(7) (A) All proceeds of assessments levied or bonds issued by the regional district shall be allocated in accordance with paragraphs (5) and (8) of subdivision (c) of Section 5506.3.

(B) Any future expenditure plan shall include a division of funds between expenditures for capital outlay projects and expenditures for operation and maintenance, a list of proposed capital outlay projects, and a description of areas proposed for acquisition. No expenditure plan shall contain any provision that may impair the payment of debt service on bonds or other evidence of indebtedness previously issued pursuant to this section. Any assessment levied pursuant to this section may include an annual amount to pay the costs of operation and maintenance and may be collected in annual installments.

(c) Prior to the election required by paragraph (6) of subdivision (b), the Board of Supervisors of San Diego County may undertake proceedings on behalf of the proposed regional district in accordance with Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code to create an assessment district with the same boundaries as the proposed regional district. Hearings required pursuant to Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code may be consolidated with those required pursuant to this article. Those proceedings shall be deemed to be the proceedings required by Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code.

(d) (1) The governing body shall exempt from assessment any uninhabited parcel that is substantially used in agriculture and any parcel enforceably restricted as open-space land during the time that the parcel is so used or restricted, if the governing body determines that the parcel will not benefit from the expenditure of the proceeds of assessments.

(2) For purposes of this subdivision, lands that are enforceably restricted as open-space lands include, but are not limited to, lands restricted under contract pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Part 1 of

Division 1 of Title 5 of the Government Code) and lands restricted pursuant to a conservation easement.

(e) Notwithstanding any other provision in the acts specified in Section 5539.5 and in subdivision (b), the net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method that fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements.

(f) The regional district shall not levy assessments beyond the last maturity date of any bonds issued pursuant to Section 5539.3, nor longer than 30 years from the date on which the assessment is first levied.

(g) The regional district shall not levy an assessment within a city or within the unincorporated territory of the county if the city or the county has adopted an ordinance limiting rents, and that ordinance applies to real property other than mobilehome parks, unless one of the following applies:

(1) Under the ordinance, the owner of the real property is permitted to increase directly without filing requirements, the rent rate owed by a tenant under an existing lease in an amount not less than that tenant's proportional share of one-half of the increased assessment applied to the real property.

(2) An amount not less than a tenant's proportional share of one-half of the increased assessment applied to the real property is added to an annual general adjustment to the rental rate owed by that tenant.

*(Amended by Stats. 1994, Ch. 923, Sec. 166. Effective January 1, 1995.)*

**§ 5539.10.** (a)(1) The Legislature hereby finds and declares that the land acquisition, improvements, and services provided by the regional district formed pursuant to Section 5506.10 will specifically benefit the properties assessed and the persons paying the assessments authorized in this section in at least the following respects:

(A) Enhanced recreational opportunities and expanded access to recreational facilities for all residents throughout the regional district.

(B) Improved quality of life for all communities in the regional district by protecting, restoring, and improving the regional district's irreplaceable beaches, rivers and creeks, wildlife, parks, and open-space land.

(C) Preservation of natural lands, including foothills, and rivers and creeks, and the development of public access to those lands and waters throughout the regional district.

(D) Protection of the historical and cultural values of the territory of the regional district.

(E) Increased economic activity and expanded employment opportunities within the regional district.

(F) Increased property values, resulting from the benefits specified in this subdivision.

(G) Provision of benefits to all properties within the regional district, including positive impacts on air and water quality, capacity of roads, transportation and other public infrastructure systems, schools, and public utilities.

(2) The Legislature further finds and declares all of the following:

(A) The expansion, restoration, improvement, and safety of park, recreational, beach, and open-space lands throughout the regional district benefits all residents in the regional district.

(B) Protection, restoration, and improvement of the lands within the regional district are vital to the quality of life for all residents in the regional district.

(C) Maintaining, improving, and servicing, and providing security for, park, recreational, and open-space lands and improvements is vital to the welfare and to the property values of all residents in the regional district.

(D) Increased park and recreational opportunities in the more densely populated and urbanized areas of the regional district are particularly vital to the health and well-being of residents, and providing those opportunities is a high priority.

(E) The protection and enhancement of the recreational opportunities provided by the rivers, beaches, foothills, parkways, greenways, and other open-space areas in the regional district must be included within the expenditure plan specified in paragraph (8) of subdivision (c) of Section 5506.10 in order to provide benefits to each resident of the county.

(F) Portions of parcels of land that are in commercial agricultural use do not benefit from park or open-space lands, facilities, or services funded pursuant to this section.

(b) In addition to the authority conferred in Section 5539.5, to the extent not inconsistent with this section, all provisions of the Landscaping and Lighting Act of 1972 (Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code) are applicable to the regional district, except as follows:

(1) Article 2 (commencing with Section 22605) of Chapter 2 of Part 2 of Division 15 of the Streets and Highways Code does not apply.

(2) No changes shall be made pursuant to Chapter 3 (commencing with Section 22620) of Part 2 of Division 15 of the Streets and Highways Code or Section 5572 of this code with respect to the rate and method of apportionment of assessments, the use of proceeds of assessments, the use of proceeds of bonds, and the territory included within the district, except that the governing body may correct errors in assessments, rule on appeals of assessments against particular parcels, and annually adjust the assessments levied against particular parcels of real property to reflect changes in the uses of those parcels.

(3) No changes shall be made to the rate and method of apportionment of any assessment approved by the voters and levied pursuant to this section.

(4) In addition to the items required by Section 22567 of the Streets and Highways Code, the regional district's annual report shall include all of the following:

(A) Changes in the total number of parcels assessed and changes in the number of parcels with respect to use code.

(B) The amount of revenue expected to be received by the regional district in the next fiscal year.

(C) The proposed allocation of funds for operation and maintenance for the next fiscal year.

(D) The expenditure of funds in the current fiscal year.

(5) Any notice required pursuant to the Landscaping and Lighting Act of 1972, Section 54954.6 of the Government Code, or Section 5511 shall be published pursuant to Section 6064 of the Government Code.

(6) (A) (i) The governing body shall not levy any assessment unless a proposition authorizing the regional district to levy the assessment is first approved by a majority of the voters voting on the proposition. The proposition shall include the matters specified in subdivision (c) of Section 5506.10, except for paragraph (6) of that subdivision. The election held pursuant to this paragraph shall satisfy the requirement for any election that may be required under Section 22525.5 of the Streets and Highways Code.

(ii) No additional assessment shall be levied pursuant to this section, including any assessment for time periods beyond those specified in paragraphs (7) and (8) of subdivision (c) of Section 5506.10, unless a proposition, including the matters specified in subdivision (c) of Section 5506.10, except for paragraph (6) of that subdivision, is approved by a majority of the voters in the regional district voting on the proposition.

(B) Notwithstanding Section 5518, the County Counsel of the County of Sacramento shall prepare the language in the ballot label.

(C) The Board of Supervisors of Sacramento County may consolidate a proposition submitted to the voters pursuant to this paragraph into a single ballot measure with the proposition whether to form the regional district submitted pursuant to paragraph (6) of subdivision (c) of Section 5506.10.

(7) (A) All proceeds of assessments levied or bonds issued by the regional district shall be allocated in accordance with paragraphs (5) and (8) of subdivision (c) of Section 5506.10.

(B) Any future expenditure plan shall include a division of funds between expenditures for capital outlay projects and expenditures for operation and maintenance, a list of proposed capital outlay projects, and a description of areas proposed for acquisition. No expenditure plan shall contain any provision that may impair the payment of debt service on bonds or other evidence of indebtedness previously issued pursuant to this section. Any assessment levied pursuant to this section may include an annual amount to pay the costs of operation and maintenance and may be collected in annual installments.

(c) Prior to the election required by paragraph (6) of subdivision (b), the Board of Supervisors of Sacramento County may undertake proceedings on behalf of the proposed regional district in accordance with Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code to create an assessment district with the same boundaries as the proposed regional district. Hearings required pursuant to Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code may be consolidated with those required pursuant to this article. Those proceedings shall be deemed to be the proceedings required by Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code.

(d) (1) The governing body shall exempt from assessment any uninhabited parcel that is substantially used in agriculture and any parcel enforceably restricted as open-space land during the time that the parcel is so used or restricted, if the governing body determines that the parcel will not benefit from the expenditure of the proceeds of assessments.

(2) For purposes of this subdivision, lands that are enforceably restricted as open-space lands include, but are not limited to, lands restricted under contract pursuant

to the Williamson Act (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code) and lands restricted pursuant to a conservation easement.

(e) The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements.

(f) The regional district shall not levy assessments beyond the last maturity date of any bonds issued pursuant to Section 5539.10 nor longer than 30 years from the date on which the assessment is first levied.

*(Added by Stats. 1993, Ch. 1071, Sec. 3. Effective January 1, 1994.)*

## **CHAPTER 6.5. California Watershed Protection and Restoration Act**

**§ 5808.** This chapter shall be known, and may be cited, as the California Watershed Protection and Restoration Act.

*(Added by Stats. 2003, Ch. 693, Sec. 1. Effective January 1, 2004.)*

**§ 5808.1.** The Legislature finds and declares the following:

(a) In addition to the statutory and regulatory policies and programs established pursuant to the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.), Division 20.4 (commencing with Section 30901), and Chapter 1.696 (commencing with Section 5096.600) of Division 5, Division 7 (commencing with Section 13000) and Division 26.5 (commencing with Section 79500) of the Water Code, and other statutes and regulations affecting watershed planning and protection, efforts to conserve, maintain, restore, protect, enhance, and utilize California's rivers and streams for habitat, recreation, water supply, public health, economic development, and other purposes have a greater likelihood of being successful when governments, including federal and tribal governments, work in partnership with citizens in an effort to combine community resources, local initiative, and state agency support.

(b) The Legislature enacted Assembly Bill 2117 of the 1999–2000 Regular Session (Ch. 735, Stats. 2000) to require the California Environmental Protection Agency and the Resources Agency to evaluate how effective voluntary, community-based, collaborative watershed efforts or partnerships are in contributing to the protection and enhancement of California's natural resources, and what the state can do to assist them.

(c) The agencies produced a Report to the Legislature: Addressing the Need to Protect California's Watersheds— Working with Local Partnerships, April 2002.

(d) The recommendations of that report form the basis and factual support for promoting and encouraging local partnerships in watershed restoration, protection, and management as one of the nonregulatory means of improving watersheds.

(e) It is the intent of the Legislature that this act will bring more understanding to government agencies of the nature, scope, and complexity of working on a watershed basis at the local and regional level.

(f) To the extent consistent with the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.), Division 20.4 (commencing with Section 30901) and Chapter 1.696 (commencing with Section 5096.600) of Division 5, Division 7 (commencing with Section 13000) and Division 26.5

(commencing with Section 79500) of the Water Code, and other statutes and regulations affecting watershed planning and protection, the California Environmental Protection Agency and the Resources Agency are encouraged to provide assistance and grants under this chapter in a uniform and predictable manner to those who choose to participate in the important work of watershed restoration and enhancement pursuant to this chapter.

*(Added by Stats. 2003, Ch. 693, Sec. 1. Effective January 1, 2004.)*

**§ 5808.2.** (a) In addition to the statutory and regulatory policies and programs established pursuant to the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.), Division 20.4 (commencing with Section 30901) and Chapter 1.696 (commencing with Section 5096.600) of Division 5, Division 7 (commencing with Section 13000) and Division 26.5 (commencing with Section 79500) of the Water Code, and other statutes and regulations affecting watershed planning and protection, voluntary local collaborative partnerships that assist in improving the condition of the watershed as expeditiously as possible are in the state's interest in terms of effectiveness, citizen involvement, and community responsibility.

(b) The use of local and regional watershed level planning and management can be an efficient and effective mechanism to improve the condition of the watershed.

(c) To the extent consistent with the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.), Division 20.4 (commencing with Section 30901) and Chapter 1.696 (commencing with Section 5096.600) of Division 5, Division 7 (commencing with Section 13000) and Division 26.5 (commencing with Section 79500) of the Water Code, and other statutes and regulations affecting watershed planning and protection, the memorandum of understanding required under Section 30946, guidelines adopted by state agencies for use by local watershed partnerships shall provide flexible mechanisms to achieve quantifiable, and monitored watershed objectives.

(d) In addition to the statutory and regulatory policies and programs established pursuant to the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.), Division 20.4 (commencing with Section 30901) and Chapter 1.696 (commencing with Section 5096.600) of Division 5, Division 7 (commencing with Section 13000) and Division 26.5 (commencing with Section 79500) of the Water Code, and other statutes and regulations affecting watershed planning and protection, local governments, special districts, and other interested parties may participate in local watershed partnerships in order to ensure efficient, long-lasting, and effective watershed restoration and management and to improve the watershed.

(e) To the extent funds that are available for the purposes in subdivision (d), state agencies with jurisdiction over watershed planning and protection may provide technical assistance to watershed management partnerships through training, advice, and manuals describing assessments, plans, and monitoring activities that are consistent with watershed protection laws and regulations.

*(Added by Stats. 2003, Ch. 693, Sec. 1. Effective January 1, 2004.)*

## **CHAPTER 1.692. Safe Neighborhoods Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (The Villaraigosa Keeley Act)**

### **Article 1. General Provisions**

**§ 5096.300.** This chapter shall be known, and may be cited, as the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (the Villaraigosa-Keeley Act). *(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

**§ 5096.301.** Responding to the recreational and open-space needs of a growing population and expanding urban communities, this act will revive state stewardship of natural resources by investing in neighborhood parks and state parks, clean water protection, and coastal beaches and scenic areas.  
*(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

**§ 5096.302.** The Legislature finds and declares all of the following:

(a) Historically, California's local and neighborhood parks often serve as the recreational, social, and cultural centers for cities and communities, providing venues for youth enrichment, senior activities, and family recreation.

(b) Neighborhood and state parks provide safe places to play in the urban neighborhoods, splendid scenic landscapes, exceptional experiences, and world-recognized recreational opportunities, and in so doing, are vital to California's quality of life and economy.

(c) For over a decade, the state's commitment to parks and natural resources has dwindled. California has not kept pace with the needed funding to adequately manage and maintain its multibillion dollar investment in neighborhood, urban, and state parks and natural areas resulting in disrepair and overcrowding of many park facilities and the degradation of wild lands.

(d) The magnificent Pacific Coast, outstanding mountain ranges, and unique scenic regions are the source of tremendous economic opportunity and contribute enormously to the quality of life of Californians.

(e) Continued economic success and enjoyment derived from California's natural resources depends on maintaining clean water, healthy ecosystems, and expanding public access for a growing state.

(f) The backlog of needs for repair and maintenance of local and urban parks exceeds two billion five hundred million dollars and the need for maintenance of state parks exceeds one billion dollars. The state's conservancies and wildlife agencies report a need for habitat acquisition and restoration exceeding \$1.8 billion.

(g) This act will begin to address these critical neighborhood park and natural resources needs.

*(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

**§ 5096.303.** The Legislature further finds and declares all of the following:

(a) Air pollution continues to be a major problem in California which harms the health of our residents, costs our economy billions of dollars related to health care costs, reduced agricultural productivity, and damage to our infrastructure, and otherwise decreases the quality of life in our state.

(b) Forests and trees improve air quality by removing carbon dioxide, particulates, and other pollutants from the air, and by producing oxygen.

(c) Park, open-space, and tree planting projects also improve air quality and decrease congestion by reducing sprawl, improving the quality of life in areas that are already developed by helping local agencies implement sound land use plans that promote energy efficiency, and by providing incentives to reduce development in inappropriate areas.

*(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

**§ 5096.306.** It is the intent of the Legislature to strongly encourage every state or local government agency receiving the bond funds allocated pursuant to this chapter for an activity to give full and proper consideration to the use of recycled and reusable products whenever possible with regard to carrying out that activity.

*(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

**§ 5096.307** (a) Every proposed activity to be funded pursuant to this chapter shall be in compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000)).

(b) Lands acquired with funds allocated pursuant to this chapter shall be acquired from a willing seller of the land.

*(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

**§ 5096.3075.** Upon a finding by the administering entity that a particular project for which funds have been allocated cannot be completed, or that the funds are in excess of the total needed, the Legislature may reallocate those funds for other high priority needs consistent with this act.

*(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

**§ 5096.308.** As used in this chapter, the following terms have the following meanings:

(a) "Acquisition" means the acquisition from a willing seller of a fee interest or any other interest, including easements and development rights, in real property from a willing seller.

(b) "Board" means the Secretary of the Resources Agency designated in accordance with subdivision (b) of Section 5096.362.

(c) "Certified local community conservation corps programs" means programs operated by public or private nonprofit agencies pursuant to Section 14406.

(d) "Committee" means the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Finance Committee created pursuant to subdivision (a) of Section 5096.362.

(e) “District” means any regional park district, regional park and open-space district, or regional open-space district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3, any recreation and park district formed pursuant to Chapter 4 (commencing with Section 5780), or an authority formed pursuant to Division 26 (commencing with Section 35100). With respect to any community or unincorporated region that is not included within a district, and in which no city or county provides parks or recreational areas or facilities, “district” also means any other district that is authorized by statute to operate and manage parks or recreational areas or facilities, employs a full-time park and recreation director, offers year-round park and recreation services on lands and facilities owned by the district, and allocates a substantial portion of its annual operating budget to parks or recreation areas or facilities.

(f) “Fund” means the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Bond Fund created pursuant to Section 5096.310.

(g) “Historical resource” includes, but is not limited to, any building, structure, site area, place, artifact, or collection of artifacts that is historically or archaeologically significant in the cultural annals of California.

(h) “Program” means the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Program established pursuant to this chapter.

(i) “Secretary” means the Secretary of the Resources Agency.

(j) (1) “Stewardship” means the development and implementation of projects for the protection, preservation, rehabilitation, restoration, and improvement of natural systems and outstanding features of the state park system and historical and cultural resources. Those efforts may not include activities that merely supplement normal park operations or that are usually funded from other sources.

(2) (A) “Cultural resources stewardship” may include, but is not limited to, stabilization and protection of historical resources, including archaeological resources, in the state park system. Those resources may include sites, features, ruins, archaeological deposits, historical landscape resources, rock art features, and artifacts making up the physical legacy of California’s past.

(B) “Cultural resources stewardship” does not include the rehabilitation, restoration, reconstruction, interpretation, or mitigation of historical resources typically required as part of a development program.

(3) “Natural resources stewardship” may include, but is not limited to, such objectives as the control of major erosion and geologic hazards, the restoration and improvement of critical plant and animal habitat, the control and elimination of exotic species encroachment, the stabilization of coastal dunes and bluffs, and the planning necessary to implement those objectives.

(k) “Wildlife conservation partnership” means a cooperative acquisition, restoration, or management of wildlife habitat for which the Wildlife Conservation Board provides matching funds to leverage other public, private, or nonprofit resources to maximize the conservation benefits to wildlife and wildlife habitat.

*(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

**§ 5096.309.** Pursuant to guidelines issued by the secretary, all recipients of funding pursuant to this chapter shall post signs acknowledging the source of the funds.

*(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

## **Article 2. Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Program**

**§ 5096.310.** The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Bond Fund, which is hereby created. Unless otherwise specified and except as provided in subdivision (m), the money in the fund shall be available for appropriation by the Legislature, in the manner set forth in this chapter, only for parks and resources improvement, in accordance with the following schedule:

(a) The sum of five hundred two million seven hundred fifty thousand dollars (\$502,750,000) to the department for the following purposes:

(1) To rehabilitate, restore, and improve units of the state park system that will ensure that state park system lands and facilities will remain open and accessible for public use.

(2) To develop, improve, rehabilitate, restore, enhance, and protect facilities and trails at existing units of the state park system that will provide for optimal recreational and educational use, activities, improved access and safety, and the acquisition from a willing seller of inholdings and adjacent lands. Adjacent lands are lands contiguous to, or in the immediate vicinity of, existing state park system lands and that directly benefit an existing state park system unit.

(3) For stewardship of the public investment in the preservation of the critical natural heritage and scenic features, and cultural heritage stewardship projects that will preserve vanishing remnants of California's landscape, and protect and promote a greater understanding of California's past, and the planning necessary to implement those efforts.

(4) For facilities and improvements to enhance volunteer participation in the state park system.

(5) To develop, improve, and expand interpretive facilities at units of the state park system, including educational exhibits and visitor orientation centers.

(6) To rehabilitate and repair aging facilities at winter recreation facilities pursuant to the Sno-Park program, as provided for in Chapter 1.27 (commencing with Section 5091.01), that provide for improved public safety.

(7) For projects that improve air quality related to the state park system, including, but not limited to, the purchase of low-emission or advanced technology vehicles and equipment and clean fuel distribution facilities that will avoid or reduce air emissions at state park facilities.

(b) The sum of eighteen million dollars (\$18,000,000) to the department to undertake stewardship projects, including cultural resources stewardship and natural resources stewardship projects, that will restore and protect the natural treasures of the state park system, preserve vanishing remnants of California's landscape, and protect and promote a greater understanding of California's past.

(c) The sum of four million dollars (\$4,000,000) to the department for facilities and improvements to enhance volunteer participation in the state park system.

(d) The sum of twenty million dollars (\$20,000,000) to the department for grants to local agencies administering units of the state park system under an operating agreement with the department, for the development, improvement, rehabilitation, restoration, enhancement, protection, and interpretation of lands and facilities of, and improved access to, those locally operated units.

(e) The sum of ten million dollars (\$10,000,000) to the department for purposes consistent with Section 5079.10, for competitive grants, in accordance with Section 5096.335.

(f) The sum of three hundred eighty-eight million dollars (\$388,000,000) to the department for grants, in accordance with Sections 5096.332, 5096.333, and 5096.336, on the basis of population, for the acquisition, development, improvement, rehabilitation, restoration, enhancement, and interpretation of local park and recreational lands and facilities, including renovation of recreational facilities conveyed to local agencies resulting from the downsizing or decommissioning of federal military installations.

(g) The sum of two hundred million dollars (\$200,000,000) to the department for grants to cities, counties, and districts for the acquisition, development, rehabilitation, and restoration of park and recreation areas and facilities pursuant to the Roberti-Z'berg-Harris Urban Open-Space and Recreational Program Act (Chapter 3.2 (commencing with Section 5620)).

(h) The sum of ten million dollars (\$10,000,000) to the department for grants, in accordance with Section 5096.337, for the improvement or acquisition and restoration of riparian habitat, riverine aquatic habitat, and other lands in close proximity to rivers and streams for river and stream trail projects undertaken in accordance with Section 78682.2 of the Water Code, and for purposes of Section 7048 of the Water Code.

(i) The sum of ten million dollars (\$10,000,000) to the department for grants, in accordance with Section 5096.337, for the development, improvement, rehabilitation, restoration, enhancement, and interpretation of nonmotorized trails for the purpose of increasing public access to, and enjoyment of, public areas for increased recreational opportunities. Not less than one million five hundred thousand dollars (\$1,500,000) of this amount shall be allocated toward the completion of a project that links existing bicycle and pedestrian trail systems to major urban public transportation systems, to promote increased recreational opportunities and nonmotorized commuter usage in the City of Whittier. Of this amount, no less than two hundred seventy-five thousand dollars (\$275,000) shall be allocated to the East Bay Regional Park District toward the completion of the Iron Horse Trail. Of this amount, not less than one million dollars (\$1,000,000) shall be allocated to a regional park district for the completion of a bike trail in the City of Concord.

(j) The sum of one hundred million dollars (\$100,000,000) to the department for grants to public agencies and nonprofit organizations for park, youth center, and environmental enhancement projects that benefit youth in areas that lack safe neighborhood parks, open space, and natural areas, and that have significant poverty.

(k) The sum of two million five hundred thousand dollars (\$2,500,000) to the California Conservation Corps to complete capital outlay and resource conservation projects and administrative costs allocable to the bond funded projects.

(l) The sum of eighty-six million five hundred thousand dollars (\$86,500,000) to the department for the following purposes:

(1) The sum of seventy-one million five hundred thousand dollars (\$71,500,000) for grants, in accordance with Sections 5096.339 and 5096.340, for urban recreational and cultural centers, including, but not limited to, zoos, museums, aquariums, and facilities for wildlife, environmental, or natural science aquatic education or projects that combine curation of archaeological, paleontological, and historic resources with education and basic and applied research, and that emphasize specimens of California's extinct prehistoric plants and animals.

(2) The sum of fifteen million dollars (\$15,000,000) for grants for regional youth soccer and baseball facilities operated by nonprofit organizations. Priority shall be given to those grant projects that utilize existing school facilities or recreation facilities and serve disadvantaged youth.

(m) Notwithstanding Section 13340 of the Government Code, the sum of two hundred sixty-five million five hundred thousand dollars (\$265,500,000) is, except as provided in Section 5096.350, hereby continuously appropriated to the Wildlife Conservation Board, without regard to fiscal years, in accordance with Section 5096.350.

(n) The sum of fifty million dollars (\$50,000,000) to the California Tahoe Conservancy, in accordance with Section 5096.351.

(o) The sum of two hundred twenty million four hundred thousand dollars (\$220,400,000) to the State Coastal Conservancy, in accordance with Section 5096.352.

(p) The sum of thirty-five million dollars (\$35,000,000) to the Santa Monica Mountains Conservancy, in accordance with Section 5096.353.

(q) The sum of five million dollars (\$5,000,000) to the Coachella Valley Mountains Conservancy, in accordance with Section 5096.354.

(r) The sum of fifteen million dollars (\$15,000,000) to the San Joaquin River Conservancy, in accordance with Section 5096.355.

(s) The sum of twelve million five hundred thousand dollars (\$12,500,000) to the California Conservation Corps for grants for the certified local community conservation corps program to complete capital outlay and resource conservation projects.

(t) The sum of twenty-five million dollars (\$25,000,000) to the Department of Conservation in accordance with Section 5096.356.

(u) The sum of ten million dollars (\$10,000,000) to the Department of Forestry and Fire Protection for urban forestry programs in accordance with Section 4799.12. The grants made pursuant to this subdivision shall be for costs associated with the purchase and planting of trees, and up to three years of care which ensures the long-term viability of those trees.

(v) Notwithstanding Section 711 of the Fish and Game Code, the sum of twelve million dollars (\$12,000,000) to the Department of Fish and Game for the following purposes:

(1) The sum of five million dollars (\$5,000,000) for expenditure in accordance with subdivision (a) of Section 5096.357.

(2) The sum of five million dollars (\$5,000,000) for expenditure in accordance with subdivision (b) of Section 5096.357.

(3) The sum of two million dollars (\$2,000,000) to remove nonnative vegetation harmful to ecological reserves in San Diego County.

(w) The sum of thirty million dollars (\$30,000,000) shall be available for purposes of Chapter 4.5 (commencing with Section 31160) of Division 21. Two hundred fifty thousand dollars (\$250,000) shall be allocated to Mount Diablo State Park.

(x) The sum of seven million dollars (\$7,000,000) to the California Integrated Waste Management Board for grants to local agencies to assist them in meeting state and federal accessibility standards relating to public playgrounds if the local agency guarantees that 50 percent of the grant funds will be used for the improvement or replacement of playground equipment or facilities through the use of recycled materials and that matching funds in an amount equal to not less than 50 percent of the total amount of those grant funds will be provided through either public or private funds or in-kind contributions. The board may reduce this matching fund requirement to not less than 25 percent if it determines that the 50-percent requirement would impose an extreme financial hardship on the local agency applying for the grant. The board may expend the funds allocated pursuant to this subdivision, upon appropriation by the Legislature, for the purposes specified herein.

(y) The sum of fifteen million dollars (\$15,000,000) to a city for rehabilitation, restoration, or enhancement to a city park that is over 1,000 acres that serves an urban area of over 750,000 population in northern California and that provides recreational, cultural, and scientific resources.

(z) (1) The sum of six million two hundred fifty thousand dollars (\$6,250,000) to the secretary to administer grants to the Sierra Nevada-Cascade Program, in accordance with Section 5096.347.

(A) Twenty-five million dollars (\$25,000,000) for the acquisition or restoration of public lands within the Los Angeles River Watershed, the San Gabriel River Watershed, and the San Gabriel Mountains and to provide open space, nonmotorized trails, bike paths, and other low-impact recreational uses and wildlife and habitat restoration and protection. Ten million dollars (\$10,000,000) shall be allocated for the Los Angeles River Watershed, and fifteen million dollars (\$15,000,000) shall be allocated for the San Gabriel River Watershed and the San Gabriel Mountains and lower Los Angeles River.

(B) Two million five hundred thousand dollars (\$2,500,000) for river parkway projects along the Kern River between the mouth of the Kern Canyon and I-5.

(C) One million dollars (\$1,000,000) for land acquisition in the Santa Clarita Watershed.

(D) Three million dollars (\$3,000,000) for watershed, riparian, and wetlands restoration along the Sacramento River in Yolo, Glenn, and Colusa Counties.

(E) Two million dollars (\$2,000,000) for the construction of a visitor center at a state recreation area encompassing a body of water along the American River.

(3) The sum of two million dollars (\$2,000,000) to the secretary for resource conservation and urban water recycling that addresses multicounty regional recreational needs, provides habitat restoration, and enjoys joint sponsorship by multiple local agencies and nonprofit organizations in the County of Sonoma.

(4) The sum of one million one hundred thousand dollars (\$1,100,000) to the secretary, one hundred thousand dollars (\$100,000) of which shall be made available to fund a community center in San Benito County, one hundred thousand dollars (\$100,000) of which shall be made available to fund a veterans park in San Benito County, five hundred thousand dollars (\$500,000) of which shall be made available to fund a community center in the City of Galt, and four hundred thousand dollars (\$400,000) of which shall be made available to fund a community center in the City of Gilroy.

(5) The sum of two million dollars (\$2,000,000) to the secretary for Camp Arroyo in Alameda County.

(6) The sum of one million dollars (\$1,000,000) to the secretary to construct a rehabilitation center for injured endangered and indigenous wild animals at the Wildhaven Center in the San Bernardino Mountains.

*(Added by Stats. 1999, Ch. 638, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election. Note: Pursuant to Stats. 1999, Ch. 638, Sec. 17, this section was submitted in Prop. 12 in place of the section proposed by Stats. 1999, Ch. 461.)*

## **Article 10. Agriculture Program**

[5096.356- 5096.356.] ( Article 10 added by Stats. 1999, Ch. 461, Sec. 1. )

**§ 5096.356.** (a) Funds allocated pursuant to subdivision (t) of Section 5096.310 shall be available to the Department of Conservation for grants, on a competitive basis, to state and local agencies and nonprofit organizations for farmland protection and administration of the Agricultural Land Stewardship Program Act of 1995 (Division 10.2 (commencing with Section 10200)), or its successor program. This purpose shall include, but not be limited to, the placement of improvements and acquisition of agricultural conservation easements and other interests in land pursuant to the Agricultural Land Stewardship Program.

(b) At least 20 percent of the funds allocated pursuant to subdivision (t) of Section 5096.310 shall be available for projects that preserve agricultural lands and protect water quality in the counties that serve the San Pablo Bay.

*(Added by Stats. 1999, Ch. 638, Sec. 12. Approved in Proposition 12 at the March 7, 2000, election. Note: Pursuant to Stats. 1999, Ch. 638, Sec. 17, this section was submitted in Prop. 12 in place of the section proposed by Stats. 1999, Ch. 461.)*

## **Article 12. California Indian Tribe Participation**

[5096.358- 5096.358.] (Article 12 added by Stats. 1999, Ch. 461, Sec. 1.)

**§ 5096.358.** To the extent funds authorized pursuant to this chapter are available for competitive grants to local government entities, federally recognized California Indian tribes may apply for those grants, the tribe's application shall be considered on its merits, and the tribes shall expend any funds received for the purpose authorized by this chapter for which the funds are made available.

*(Added by Stats. 1999, Ch. 461, Sec. 1. Approved in Proposition 12 at the March 7, 2000, election.)*

## **DIVISION 6. PUBLIC LANDS**

### **PART 1. ADMINISTRATION AND CONTROL OF STATE LANDS**

#### **CHAPTER 3. Powers and Duties Generally**

**§ 6201.** The commission may from time-to-time classify any or all state land for its different possible uses, and, when it is deemed advisable, may require the Department of Parks and

Recreation, the Department of Conservation, the Director of Agriculture, or any other officer, organization, agency or institution of the state government to make such classification. It is the duty of any such officer, organization, agency, or institution to make such classification and to submit a report thereon upon the application of the commission.

*(Amended by Stats. 1965, Ch. 1144.)*

## **DIVISION 9. RESOURCE CONSERVATION**

### **CHAPTER 1. General Provisions**

#### **Article 1. Policy of State**

**§ 9001.** (a) The Legislature hereby declares that resource conservation is of fundamental importance to the prosperity and welfare of the people of this state. The Legislature believes that the state must assume leadership in formulating and putting into effect a statewide program of soil and water conservation and related natural resource conservation and hereby declares that this division is enacted to accomplish the following purposes:

(1) To provide the means by which the state may cooperate with the United States and with resource conservation districts organized pursuant to this division in securing the adoption in this state of conservation practices, including, but not limited to, farm, range, open space, urban development, wildlife, recreation, watershed, water quality, and woodland, best adapted to save the basic resources, soil, water, and air of the state from unreasonable and economically preventable waste and destruction.

(2) To provide for the organization and operation of resource conservation districts for the purposes of soil and water conservation, the control of runoff, the prevention and control of soil erosion, and erosion stabilization, including, but not limited to, these purposes in open areas, agricultural areas, urban development, wildlife areas, recreational developments, watershed management, the protection of water quality and water reclamation, the development of storage and distribution of water, and the treatment of each acre of land according to its needs.

(b) The districts, in addition to any other authority provided by law, may do all of the following:

(1) Ensure consistency with the authorities and policies of the United States, this state, counties, cities, public districts, other resource conservation districts, persons, associations, and corporations.

(2) With the consent of the owner, construct on privately or publicly owned lands any necessary works for the prevention and control of soil erosion and erosion stabilization.

(3) Facilitate coordinated resource management efforts for watershed restoration and enhancement.

(c) The districts shall not conserve water for power purposes or produce or distribute power for their own use or for the use of others.

*(Amended by Stats. 1994, Ch. 719, Sec. 2. Effective January 1, 1995.)*

**§ 9001.5.** (a) It is the policy of the state that the protection and management of natural and working lands is an important strategy in meeting the state's greenhouse gas emissions

reduction goals. The protection and management of those lands can result in the removal of carbon from the atmosphere and the sequestration of carbon in, above, and below the ground.

(b) The protection and management of natural and working lands provides multiple public benefits, including, but not limited to, assisting with adaptation to the impacts of climate change, improving water quality and quantity, flood protection, ensuring healthy fish and wildlife populations, and providing recreational and economic benefits.

(c) All state agencies, including, but not limited to, the Natural Resources Agency, the Department of Food and Agriculture, and the California Environmental Protection Agency, and their respective departments, boards, and commissions, shall consider the policy set forth in this section when revising, adopting, or establishing policies, regulations, expenditures, or grant criteria relating to the protection and management of natural and working lands. State agencies shall implement this requirement in conjunction with the state's other strategies to meet its greenhouse gas emissions reduction goals and with the intent to, among other things, promote the cooperation of owners of natural and working lands.

(d) For purposes of this section, the following terms have the following meanings:

(1) "Working lands" means lands used for farming, grazing, or the production of forest products.

(2) "Natural lands" means lands consisting of forests, grasslands, deserts, freshwater and riparian systems, wetlands, coastal and estuarine areas, watersheds, wildlands, or wildlife habitat, or lands used for recreational purposes such as parks, urban and community forests, trails, greenbelts, and other similar open-space land. For purposes of this paragraph, "parks" includes, but is not limited to, areas that provide public green space.

(e) Nothing in this section shall affect the existing authority of a city, county, city and county, state agency, department, commission, or board relating to natural and working lands.

*(Added by Stats. 2016, Ch. 545, Sec. 2. Effective January 1, 2017.)*

**§ 9002.** It is hereby declared as a matter of legislative determination:

(a) That the construction and maintenance on privately or publicly owned land of works for resource conservation is in the general public interest and for the general public benefit.

(b) That the expenditure of state, county, city, district, or other public funds that are available or may become available for planning, designing, or implementing the above and for the construction or maintenance of such control or preventive works on privately or publicly owned land constitutes expenditure for the general public benefit.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9003.** The Legislature hereby finds and declares that resource conservation districts are legal subdivisions of the state and, as such, are not-for-profit entities. For the purpose of contracting with state agencies only, resource conservation districts shall be considered agencies of the state.

*(Added by Stats. 1996, Ch. 994, Sec. 1. Effective January 1, 1997.)*

## **Article 2. Definitions**

**§ 9015.** As used in this division the following terms have the meanings attributed to them in this article, unless the context otherwise requires.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9016.** “Commission” means the State Resource Conservation Commission.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9017.** “Department” means the Department of Conservation.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9018.** “Director” means the Director of Conservation.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9019.** “Division” means the Division of Resource Conservation of the department.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9020.** “Chief” means the Chief of the Division of Resource Conservation.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9021.** “District” or “soil conservation district” means a resource conservation district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9022.** “Public district” means a district established under the law of this state, other than a resource conservation district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9023.** “Directors” means the board of directors of a district, and when powers are conferred or duties are imposed upon directors in this division the powers shall be exercised and the duties performed by the directors acting as a body and not as individuals.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9024.** “Board” means the county board of supervisors.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9025.** “Principal county” means the county in which all or the greatest portion of privately owned land of a district is situated. The principal county remains the same regardless of any change in boundaries. The principal county of a consolidated district is that county in which all or the greatest portion of the privately owned area in the consolidated district is located.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9026.** “Principal district” means the district which has the greater land area of two districts proposed to be consolidated.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9027.** “Landowner” or “owner of land” includes a holder of evidence of title and, also, a holder of land under a possessory right acquired by entry or purchase from the United States or the State of California. A guardian, executor, administrator, or other person holding property in a

trust capacity under an appointment of court is the “owner” of such property for the purposes of this division and as such may do and perform any act provided for herein when authorized by an order of court which order may be made without notice.

If any land is assessed on the assessment roll to unknown or fictitiously named owners, or to unnamed owners in addition to any owner or owners named thereon, the land has, for the purposes of this division, but one owner in addition to any owner or owners whose true name or names may be purported to be given on the assessment book.

The holder of title to an undivided interest in any land is an owner as to his interest for the purposes of this division, and such undivided interests shall be counted and valued as though they were separate interests. If the assessment roll fails to indicate the extent of any undivided interest, the holders of title whose undivided interests are not specifically defined are owners for the purposes of this division, of equal shares therein.

The value of any land and the owners of any land are conclusively determined, for the purposes of this division, by the last equalized assessment roll.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9028.** “Land occupant” or “occupant of land” means a person in possession of land within a district whether as owner, lessee, tenant, or otherwise. A person legally entitled to possession of land is a land occupant as to that land whether in actual possession or not. A person in actual possession of land is a land occupant regardless of his right of possession.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9029.** “Voter” means an elector who is registered to vote pursuant to Chapter 2 (commencing with Section 2100) of Division 2 of the Elections Code, and residing within the district.

*(Amended by Stats. 1994, Ch. 923, Sec. 170. Effective January 1, 1995.)*

**§ 9030.** “Proxy” means a written authorization to sign a petition. Landowners may sign petitions under this division by proxy. The proxy of an individual landowner shall be acknowledged by him. The holder of a proxy of an individual landowner shall be an individual 18 years of age or over or a corporation, partnership, or other legal entity. The proxy of a corporation shall contain a statement by the secretary or manager of the corporation that the proxy was authorized by the corporation. A corporation owning land may sign a petition only by proxy.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9031.** “Person” includes person, association, or corporation.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9032.** “Assessment roll” means the entire assessment roll upon the basis of which real property is taxed for county purposes.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9033.** “Assessment records” includes the assessment roll and all maps and other records relating to the assessment, levy, and collection of taxes, whether in the custody of the assessor or not.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9034.** “Assessor” means the assessing officer of a county by whatever title he may be known.  
*(Added by Stats. 1975, Ch. 513.)*

### **Article 3. Applicability**

[9041 - 9044] (Article 3 added by Stats. 1975, Ch. 513.)

**§ 9041.** This Division 9 of the Public Resources Code, insofar as it is substantially the same as the Division 9 of that code repealed upon the enactment of this Division 9, shall be construed as a restatement and continuation of the existing law and not as a new enactment nor shall anything in this division impair the validity, the rights, or the obligations of any district formed prior to the effective date of this act.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9042.** No action or proceeding relating to or arising out of the Division 9 of the Public Resources Code repealed upon the enactment of this Division 9 commenced before the effective date of this Division 9, and no right accrued, pursuant to that repealed Division 9, is affected by the provisions of this Division 9, but any step thereafter taken in such action or proceeding shall conform to the provisions of this Division 9 insofar as is possible.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9043.** All persons who, at the time this Division 9 (commencing with Section 9001) goes into effect, are officers or employees of a soil conservation district operating under the Division 9 repealed upon the enactment of this Division 9 shall continue to be officers or employees, of a resource conservation district as though Division 9 had not been repealed.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9044.** The Imperial Irrigation District may exercise the powers of a resource conservation district under this division in any area within its boundaries in which there is no resource conservation district organized and operating.

*(Added by Stats. 1991, Ch. 831, Sec. 1.)*

## **CHAPTER 2. The Division of Resource Conservation**

[9051 - 9113] (Chapter 2 added by Stats. 1975, Ch. 513.)

### **Article 1. Organization**

[9051 - 9052] (Article 1 added by Stats. 1975, Ch. 513.)

**§ 9051.** There is in the Department of Conservation the Division of Resource Conservation.  
*(Added by Stats. 1975, Ch. 513.)*

**§ 9052.** The Division of Resource Conservation is in charge of a chief, designated as Chief of the Division of Resource Conservation, who is appointed by the director with the advice and consent of the commission. The appointment shall be made pursuant to the State Civil Service Act from an eligible list prepared by the State Personnel Board from the results of an open examination.

*(Added by Stats. 1975, Ch. 513.)*

## **Article 2. Powers and Duties**

[9061 - 9071] (Article 2 added by Stats. 1975, Ch. 513.)

**§ 9061.** The chief shall be responsible to the director for properly carrying out his functions under this division.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9062.** The chief shall assist in the formation, organization and operation of resource conservation districts.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9063.** He may advise with organized resource conservation districts as to plans and proposals relating to resource conservation activities, and, when such plans or proposals are presented to him, approve, disapprove, or suggest modifications of such plans or proposals.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9064.** He may, with the approval of the State Resource Conservation Commission, provide technical assistance to resource conservation districts to aid cooperators in carrying out conservation practices and to aid districts in developing plans for achieving their soil and water conservation objectives. These plans shall include but not be limited to watershed planning pursuant to the Watershed Protection and Flood Prevention Act (Public Law 566, Chapter 656, 83rd Congress, Second Session, as amended).

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9065.** He may cooperate with the United States, any resource conservation district, county, public district, or person in the furtherance of the purposes of this division, and to that end may receive and use contributions of funds or services or both for the investigating of, or planning works for, the control of runoff or the control or prevention of soil erosion.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9066.** Insofar as consistent with the duties, obligations and responsibilities of other public agencies, the chief may promote coordination of the activities of such agencies in furtherance of the control of runoff and the prevention and control of soil erosion.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9067.** The chief may employ such clerical, technical, or other assistants as he deems necessary.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9068.** The official headquarters of the chief shall be at Sacramento, California.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9069.** All persons, other than temporary employees, serving in the state civil service and engaged in the performance of a function transferred to the Division of Resource Conservation, Department of Conservation or engaged in the administration of a law, the administration of which is transferred to said division, shall remain in the state civil service and are hereby transferred to the division on the effective date of this act. The status, positions, and rights of such persons shall not be affected by their transfer and shall continue to be retained by them pursuant to the State Civil Service Act, except as to positions the duties of which are vested in a position that is exempt from civil service.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9070.** All money available, including money which becomes available after the effective date of this Division 9, for expenditure by any department, division, board, authority, commission, or officer or employee thereof, to be used in the administration of any function, the exercise of any right, or performance of any duty, which function, right or duty is transferred by this Division 9, shall be transferred to the department, commission, division, board, authority, or officer or employee thereof which is to administer the function, exercise the right, or perform the duty.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9071.** The Division of Resource Conservation shall succeed to and is hereby vested with all of the powers, duties, purposes, responsibilities, and jurisdiction in matters pertaining to resource conservation now or hereafter vested by law in the State Resource Conservation Commission, or any officer or employee thereof. The division shall have possession and control of all records, books, papers, and other property, real, personal and mixed, now or hereafter held for the benefit or use of the State Resource Conservation Commission, except that property heretofore purchased or acquired by the commission for the use of districts may be disposed of by the commission pursuant to Article 3 (commencing with Section 9081) of this chapter.

The Chief of the Division of Resource Conservation shall succeed to and is hereby vested with all the powers, duties, responsibilities and jurisdiction now or hereafter vested by law in the commission, except as to duties specifically vested in the commission by this code.

*(Added by Stats. 1975, Ch. 513.)*

### **Article 3. Funds and Expenditures**

[9081 - 9084] (Article 3 added by Stats. 1975, Ch. 513.)

**§ 9081.** The commission may receive contributions from the United States, public districts, resource conservation districts, public agencies, or persons and may use such contributions for the purposes of the district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9082.** The commission is authorized on behalf of the state to accept grants from the United States for the control of runoff and floods, the prevention or control of soil erosion, and for water conservation and to administer such grants pursuant to the terms thereof.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9083.** All equipment and machinery made available to any resource conservation district pursuant to this Division 9 is subject to call for emergency use in fire, storm, flood or disaster by a federal or state agency, a county, city, or district of this state.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9084.** (a) Subject to the availability of funds and any limitations imposed by this division, the department may provide grants to resource conservation districts for the purpose of assisting the districts in carrying out any work that they are authorized to undertake, including, but not limited to, grants for watershed projects.

(b) (1) To qualify for a grant under subdivision (a), a resource conservation district shall do all of the following:

(A) Prepare an annual and a long-range work plan pursuant to Section 9413. The long-range work plan shall reflect input from local agencies and organizations regarding land use and resource conservation goals.

(B) Convene regular meetings in accordance with the open meeting requirements of Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code and the requirements of this division.

(C) Secure sources of local support funding, which may include funding from in-kind contributions and services.

(2) A resource conservation district seeking a grant pursuant to this section shall submit to the department a grant proposal that includes, but is not limited to, all of the following information:

(A) A description of the work for which the grant is sought.

(B) An explanation of the public or private need for the work, including, but not limited to, any relevant information demonstrating the urgency of the project.

(C) An itemized summary of the projected cost of the work.

(D) An estimate of the amount of the projected costs of the work that will be covered by local support funding, including funding from in-kind contributions or services.

(3) To qualify for a grant awarded pursuant to this section, a resource conservation district shall be required to provide at least a 25 percent local match of funding, of which 40 percent of that amount shall be provided in cash. The department shall give preference in the awarding of grants to those districts that, among other things, provide a greater percentage of local match funding than the minimum required by this paragraph.

(4) A resource conservation district that receives a grant awarded under this section shall provide the department with an informal accounting summary that describes how the grant money was spent in accordance with the purposes and conditions of the grant.

*(Amended by Stats. 2006, Ch. 538, Sec. 575. Effective January 1, 2007.)*

#### **Article 4. The State Resource Conservation Commission**

**§ 9101.** There is in the Department of Conservation the State Resource Conservation Commission. It shall consist of nine members who shall be appointed by the Governor, subject to the confirmation of the Senate, and shall be appointed for a term of four years.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9102.** The members of the commission to be appointed shall consist of the following:

(a) Five persons who are directors of resource conservation districts. In making such appointments, the Governor shall provide as nearly equal representation as possible from all portions of the state.

(b) Two persons from the general public.

(c) One person who has expertise in, and represents the interests of, wildlife conservation.

(d) One person who resides in, and represents the concerns of, the major urban areas of this state.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9103.** Within 30 days after his appointment the appointed member shall take and file his oath of office as member of the commission.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9104.** The members of the commission shall receive no compensation for their services as members, but each shall be allowed reasonable and necessary expenses incurred in attendance at meetings of the commission or when otherwise engaged in the work of the commission at its direction.

*(Amended by Stats. 1981, Ch. 714, Sec. 366.)*

**§ 9105.** Five members of the commission shall constitute a quorum for any purpose, including organization.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9106.** The commission shall elect a chair from its number who shall serve as chair for one year and until the chair's successor is elected.

*(Amended by Stats. 2010, Ch. 213, Sec. 15. Effective January 1, 2011.)*

**§ 9107.** The commission shall appoint a secretary. The secretary shall be a paid employee of the commission. The secretary shall be allowed his reasonable and necessary expenses incurred in the performance of his official duties as such secretary.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9108.** The commission shall cause to be studied and shall consider the whole problem of soil conservation within the state, and it may formulate, in cooperation with other state agencies, interested organizations, and citizens, a comprehensive resource conservation policy for the state.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9109.** The commission shall determine and advise policies for the guidance of the chief of the division in the performance and exercise of his duties and powers.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9110.** The commission shall aid and encourage, but not conduct, resource conservation activities.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9112.** The commission shall be responsible to the director for properly carrying out its functions under this division.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9113.** The commission shall report annually to the Governor on the resource conservation projects and improvements accomplished by or with the aid of the state, and the commission may from time to time prepare and publish reports on the needs of the state and the local subdivisions thereof for resource conservation programs, developments, facilities and activities.

*(Added by Stats. 1975, Ch. 513.)*

### **CHAPTER 3. Resource Conservation Districts**

#### **Article 1. Lands Included**

**§ 9151.** A resource conservation district may be formed pursuant to this division for the control of runoff, the prevention or control of soil erosion, the development and distribution of water, and the improvement of land capabilities.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9152.** The lands included in a district shall be those generally of value for agricultural purposes, including farm and range land useful for the production of agricultural crops or for the pasturing of livestock, but other lands may be included in a district if necessary for the control of runoff, the prevention or control of soil erosion, the development and distribution of water, or land improvement, and for fully accomplishing the purposes for which the district is formed.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9153.** The lands included in any one district need not be contiguous but they shall be susceptible of the same general plan or system for the control of runoff, the prevention or control of soil erosion, and the development and distribution of water, or land improvement. No lands may be included in more than one district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9154.** The lands included in any one district may be situated in one or more counties.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9155.** The lands included in a district may be publicly owned or privately owned.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**Article 2. Initiation**

[9161 - 9168] (Article 2 repealed and added by Stats. 1991, Ch. 831, Sec. 3.)

**§ 9161.** (a) A new district may be formed pursuant to this chapter.

(b) A proposal to form a district may be made by a petition of registered voters or by the adoption of a resolution of application.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 3.)*

**§ 9162.** A proposal to form a new district may be made by petition which shall do all of the following:

(a) State that the proposal is made and request that proceedings be taken for the formation pursuant to this chapter.

(b) Set forth a description of the boundaries of the territory to be included in the district.

(c) Set forth the methods by which the district will be financed.

(d) State the reasons for forming the district.

(e) Propose a name for the district.

(f) Designate not more than three persons as chief petitioners, setting forth their names and mailing addresses.

(g) State whether the formation is consistent with the sphere of influence of any affected city or affected district.

(h) Specify the number of members, whether five, seven, or nine, of the initial board of directors and the method of their selection, as provided by Article 4 (commencing with Section 9201).

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 3.)*

**§ 9163.** (a) Before circulating any petition, the chief petitioners shall publish a notice of intention which shall include a written statement not to exceed 500 words in length, setting forth the reasons for forming the district. The notice shall be published pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation within the territory proposed to be included in the district. If the territory proposed to be included in the district is located in more than one county, publication of the notice shall be made in at least one newspaper of general circulation in each of the counties.

(b) The notice shall be signed by at least one, but not more than three, chief petitioners and shall be in substantially the following form:

"Notice of Intent to Circulate Petition

Notice is hereby given of the intention to circulate a petition proposing to form the \_\_\_\_ (name of the district). The reasons for the proposal are: \_\_\_\_."

(c) Within five days after the date of publication, the chief petitioners shall file with the executive officer of the local agency formation commission of the principal county a copy of the notice together with an affidavit made by a representative of the newspaper in which the notice was published certifying to the fact of publication.

(d) After the filing required pursuant to subdivision (c), the petition may be circulated for signatures.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 3.)*

**§ 9164.** The petition shall be signed by not less than 10 percent of the registered voters residing in the area to be included in the district, as determined by the local agency formation commission pursuant to subdivision (h) of Section 56375 of the Government Code. Sections 100 and 104 of the Elections Code shall govern the signing of the petition and its format.  
*(Amended by Stats. 1994, Ch. 923, Sec. 171. Effective January 1, 1995.)*

**§ 9165.** A petition may consist of a single instrument or separate counterparts. The chief petitioner or petitioners shall file the petition, including all counterparts, with the executive officer of the local agency formation commission of the principal county within six months of the date on which the chief petitioner or petitioners filed the affidavit with the executive officer pursuant to subdivision (c) of Section 9163.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 3.)*

**§ 9166.** (a) Within 30 days after the date of filing a petition, the executive officer of the local agency formation commission shall cause the petition to be examined and shall prepare a certificate of sufficiency indicating whether the petition is signed by the requisite number of signers.

(b) If the certificate of the executive officer shows the petition to be insufficient, the executive officer shall immediately give notice by certified mail of the insufficiency to the chief petitioners. That mailed notice shall state in what amount the petition is insufficient. Within 15 days after the date of the notice of insufficiency, the chief petitioners may file with the executive officer a supplemental petition bearing additional signatures.

(c) Within 10 days after the date of filing a supplemental petition, the executive officer shall examine the supplemental petition and certify in writing the results of his or her examination.

(d) The executive officer shall sign and date a certificate of sufficiency. That certificate shall also state the minimum signature requirements for a sufficient petition and show the results of the executive officer's examination. The executive officer shall mail a copy of the certificate of sufficiency to the chief petitioners.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 3.)*

**§ 9167.** (a) A proposal to form a new district may also be made by the adoption of a resolution of application by the legislative body of any county or city which contains territory proposed to be included in the district. Except for the provisions regarding signers and signatures, a resolution of application shall contain all of the matters specified for a petition in Section 9162. Before submitting a resolution of application, the legislative body shall conduct a public hearing on the resolution.

(b) Notice of the hearing shall be published pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation within the county or city.

(c) At the hearing, the legislative body shall give any person an opportunity to present his or her views on the resolution.

(d) The clerk of the legislative body shall file a certified copy of the resolution of application with the executive officer of the local agency formation commission of the principal county.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 3.)*

**§ 9168.** Once the chief petitioners have filed a sufficient petition or a legislative body has filed a resolution of application, the local agency formation commission shall proceed pursuant to Chapter 5 (commencing with Section 56825) of Part 3 of Division 3 of Title 5 of the Government Code.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 3.)*

### **Article 3. Election and Formation**

**§ 9181.** (a) If the local agency formation commission approves the formation of a district, with or without amendment, wholly, partially, or conditionally, the executive officer shall mail a copy of the resolution of the commission's determinations to the board of supervisors of each county within which territory of the proposed district lies. Within 35 days following the adoption of the commission's resolution, the board of supervisors shall call and give notice of the election to be held in the proposed district. If the proposed district lies in more than one county, the board of supervisors shall call and give notice of the election to be held in the territory of the proposed district which lies in that county.

(b) The election shall be held on the next regular or special election date not less than 113 nor more than 150 days after the date the board of supervisors calls and gives notice of the election.

(c) Notice of the election shall be published pursuant to Section 6061 of the Government Code in a newspaper of general circulation circulated within the territory of the proposed district which lies in the county.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 5.)*

**§ 9182.** (a) Notwithstanding Section 9181, if the board of supervisors of the principal county finds that the petition filed with the executive officer of the local agency formation commission pursuant to Section 9165 has been signed by not less than 80 percent of the registered voters residing within the area to be included within the district, the board may dispense with an election, adopt the resolution required pursuant to Section 9188, and designate the members of the board of directors pursuant to Article 4 (commencing with Section 9201).

(b) Notwithstanding Section 9181, if the local agency formation commission approves a consolidation or reorganization pursuant to Section 56839 of the Government Code which results in the formation of a district without an election, the commission may designate the members of the board of directors from the membership of the board of directors of any of the consolidated or reorganized districts pursuant to subdivision (k) of Section 56844 of the Government Code. The terms of office of the directors shall be determined pursuant to Section 10505 of the Elections Code.

*(Amended by Stats. 1994, Ch. 923, Sec. 172. Effective January 1, 1995.)*

**§ 9183.** (a) Within five days after the district formation election has been called, the board of supervisors of each county within which territory of the proposed district lies shall transmit by registered mail a written notification of the election call to the executive officer of the local agency formation commission of the principal county. The written notice shall include the name

and a description of the proposed district and may be in the form of a certified copy of the resolution adopted by the board of supervisors calling the district formation election.

(b) The executive officer of the local agency formation commission shall submit an impartial analysis of the proposed district formation to the officials in charge of conducting the district formation election, pursuant to Section 56859 of the Government Code.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 5.)*

**§ 9184.** (a) (1) The chief petitioners, the agency filing the resolution, or any member or members of the board of supervisors authorized by the board, any individual voter or bona fide association of citizens entitled to vote on the district formation proposition, or any combination of these voters and associations of citizens, may file with the elections official of the principal county a written argument for or a written argument against the proposed district formation.

(2) Arguments shall not exceed 300 words in length. Based on the time reasonably necessary to prepare and print the text of the proposition, analysis, arguments, and sample ballots and to permit the 10-day public examination period as provided in Section 9190 of the Elections Code for the particular election, the elections official of the principal county shall fix and determine a reasonable date prior to the election after which no arguments for or against the measure may be submitted for printing and distribution to the voters, pursuant to Section 9185. Notice of the date fixed shall be published by the elections official pursuant to Section 6061 of the Government Code. Arguments may be changed until and including the date fixed by the elections official.

(b) If more than one argument for or more than one argument against the proposed district formation is filed with the elections official within the time prescribed, the elections official shall select one of the arguments for printing and distribution to the voters.

In selecting the arguments, the elections official shall give preference and priority in the order named to the arguments of the following:

(1) Chief petitioners, or the agency filing the resolution.

(2) The board of supervisors, or any member or members of the board authorized by the board.

(3) Individual voters, or bona fide associations of citizens or a combination of these voters and associations.

(c) When the elections official of the principal county has selected the arguments for and against the measure which will be printed and distributed to the voters, he or she shall send copies of the argument in favor of the measure to the authors of the argument against, and copies of the argument against to the authors of the argument in favor. The authors may prepare and submit rebuttal arguments not exceeding 250 words. The rebuttal arguments shall be filed with the elections official of the principal county not more than 10 days after the final date for filing direct arguments. Rebuttal arguments shall be printed in the same manner as the direct arguments. Each rebuttal argument shall immediately follow the direct argument which it seeks to rebut, and shall be titled "Rebuttal to Argument in Favor of Measure (or Proposition) \_\_\_\_" or "Rebuttal to Argument Against Measure (or Proposition) \_\_\_\_," the blank spaces being filled in only with the letter or number, if any, designating the measure. Words used in the title shall not be counted when determining the length of any rebuttal argument.

*(Amended by Stats. 1994, Ch. 923, Sec. 173. Effective January 1, 1995.)*

**§ 9185.** (a) The elections officials in charge of conducting the election shall cause a ballot pamphlet concerning the district formation proposition to be voted on to be printed and mailed to each voter entitled to vote on the district formation question at least 10 days prior to the date of the election. The ballot pamphlet is “official matter” within the meaning of Section 13303 of the Elections Code. Section 9190 of the Elections Code shall apply to the materials required to be contained in the ballot pamphlet.

(b) The ballot pamphlet shall contain the following, in the order prescribed:

(1) The complete text of the proposition.

(2) The impartial analysis of the proposition, submitted by the executive officer of the local agency formation commission.

(3) The argument for the proposed district formation.

(4) The rebuttal to the argument in favor of the proposed district formation.

(5) The argument against the proposed district formation.

(6) The rebuttal to the argument against the proposed district formation.

*(Amended by Stats. 1994, Ch. 923, Sec. 174. Effective January 1, 1995.)*

**§ 9186.** The notice of the election published pursuant to subdivision (c) of Section 9181 shall contain all of the following:

(a) The date of the election.

(b) The name of the proposed district.

(c) The purposes for which the district is to be formed.

(d) A statement that the first directors will be elected at that election or will be appointed, as the case may be, if the district is formed.

(e) A description of the boundaries of the proposed district.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 5.)*

**§ 9187.** (a) Except as otherwise provided in this division, the formation election and the election of members of the district board shall be held and conducted in accordance with the Uniform District Election Law (Part 4 (commencing with Section 10500) of Division 10 of the Elections Code).

(b) If less than a majority of the votes cast at the election is in favor of forming the district, the board of supervisors of the principal county shall declare the proceedings terminated.

*(Amended by Stats. 1994, Ch. 923, Sec. 175. Effective January 1, 1995.)*

**§ 9188.** If the majority of the votes cast at the election is in favor of forming the district, the board or boards of supervisors shall by resolution entered on its minutes declare the district duly organized under this division, giving the name of the district, and the purposes for which it is formed, and describing its boundaries. If the district lies in more than one county, the clerk of the board of supervisors of the principal county shall transmit a certified copy of the resolution to the clerk of the board of supervisors of each of the other counties in which the district lies.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 5.)*

**§ 9189.** Immediately after adoption of a resolution pursuant to Section 9188, the clerk of the board of supervisors of the principal county shall transmit a certified copy of the resolution along with a remittance to cover the fees required by Section 54902.5 of the Government Code to the

executive officer of the local agency formation commission. The executive officer shall complete the proceedings pursuant to Chapter 8 (commencing with Section 57200) of Part 4 of Division 3 of Title 5 of the Government Code.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 5.)*

**§ 9190.** (a) No informality in any proceeding, including informality in the conduct of any election not substantially affecting adversely the legal rights of any person, shall invalidate the formation of any district.

(b) The validity of the formation and organization of a district shall not be contested in any proceeding commenced more than 60 days after the date that the formation of the district is complete.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 5.)*

#### **Article 4. Initial Board of Directors**

**§ 9201.** The initial board of directors of a district formed on or after January 1, 1992, shall be determined pursuant to this article.

*(Added by Stats. 1991, Ch. 831, Sec. 7.)*

**§ 9202.** In the case of a district which contains only unincorporated territory in a single county, the district board may be elected or may be appointed by the county board of supervisors.

*(Added by Stats. 1991, Ch. 831, Sec. 7.)*

**§ 9203.** In the case of a district which contains only unincorporated territory in more than one county, the district board may be elected or may be appointed by the boards of supervisors of the counties in which the district is located. If the district board is appointed by the boards of supervisors, they shall appoint directors according to the proportionate share of population of that portion of each county within the district, provided that each board of supervisors shall appoint at least one director.

*(Added by Stats. 1991, Ch. 831, Sec. 7.)*

**§ 9204.** In the case of a district which contains unincorporated territory and the territory of one or more cities, the district board may be elected or appointed by the county board of supervisors and the city councils in which the district is located. If the district board is to be appointed, the board of supervisors and the city council or councils shall appoint directors according to the proportionate share of population of that portion of the county and each city within the district, provided that the board of supervisors and each city council shall appoint at least one director.

*(Added by Stats. 1991, Ch. 831, Sec. 7.)*

**§ 9205.** In the case of a district which includes only incorporated territory within a single city, the district board may be elected or appointed by the city council.

*(Added by Stats. 1991, Ch. 831, Sec. 7.)*

**§ 9206.** In the case of a district which includes only incorporated territory in more than one city, the district board may be elected or appointed by the city councils in which the district is located.

If the district board is appointed, the city councils shall appoint directors according to the proportionate share of population of that portion of each city within the district. However, each city council shall appoint at least one director.

*(Added by Stats. 1991, Ch. 831, Sec. 7.)*

## **Article 7. District Directors**

**§ 9301.** (a) The board of directors shall consist of five, seven, or nine directors. The number of directors may be changed by resolution adopted by a majority of the members of the board of directors after publication of notice of the intended change at least once in a newspaper of general circulation published in each county in which the district is located.

(b) If the number of directors is increased, the new positions shall be treated as vacancies and shall be filled as provided in Section 9317, except that if the board of directors is appointed as provided in subdivision (b) of Section 9314, then the new positions shall be filled in the same manner pursuant to Section 9316. If the number of directors is decreased, the terms of the directors in office on the date of the resolution adopted pursuant to subdivision (a) shall not be reduced.

(c) The directors first elected shall take office immediately upon qualifying.

*(Amended by Stats. 1991, Ch. 831, Sec. 10.)*

**§ 9301.1.** (a) Notwithstanding Section 9301, the local agency formation commission, in approving either a consolidation of districts or the reorganization of two or more districts into a single resource conservation district may, pursuant to subdivisions (k) and (n) of Section 56886 of the Government Code, increase the number of directors to serve on the board of directors of the consolidated or reorganized district to 7, 9, or 11, who shall be members of the board of directors of the districts to be consolidated or reorganized as of the effective date of the consolidation or reorganization.

(b) Upon the expiration of the terms of the members of the board of directors of the consolidated district, or a district reorganized as described in subdivision (a), whose terms first expire following the effective date of the consolidation or reorganization, the total number of members on the board of directors shall be reduced until the number equals the number of members permitted by the principal act of the consolidated or reorganized district, or any larger number as may be specified by the local agency formation commission in approving the consolidation or reorganization.

(c) In addition to the powers granted under Section 1780 of the Government Code, in the event of a vacancy on the board of directors of the consolidated district or a district reorganized as described in subdivision (a) at which time the total number of directors is greater than five, the board of directors may, by majority vote of the remaining members of the board, choose not to fill the vacancy. In that event, the total membership of the board of directors shall be reduced by one board member. Upon making the determination not to fill a vacancy, the board of directors shall notify the board of supervisors of its decision.

(d) For the purposes of this section: "consolidation" means consolidation, as defined in Section 56030 of the Government Code; "district" or "special district" means district or special district, as defined in Section 56036 of the Government Code; and "reorganization" means reorganization, as defined in Section 56073 of the Government Code.

*(Amended by Stats. 2006, Ch. 172, Sec. 14. Effective January 1, 2007.)*

**§ 9302.** Each director shall take the oath of office.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9303.** The directors shall receive no compensation for their services as such, but each shall be allowed reasonable and necessary expenses incurred in attendance at meetings of the directors or when otherwise engaged in the work of the district at the direction of the board of directors. The directors shall fix the amount allowed for necessary expenses, but no director shall be appointed to any position for which he or she would receive compensation as a salaried officer or employee of the district. Reimbursement for these expenses is subject to Sections 53232.2 and 53232.3 of the Government Code.

*(Amended by Stats. 2005, Ch. 700, Sec. 21. Effective January 1, 2006.)*

**§ 9304.** No director or other officer of the district shall be interested directly or indirectly in the sale of equipment, materials, or services to the district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9305.** After all have qualified the directors first elected shall meet and classify themselves by lot into two classes as nearly equal in number as possible. The term of office of those in the class having the least number shall expire at noon on the last Friday in November of the next even-numbered year after the year in which the meeting is held. The term of office of those in the other class shall expire at noon on the last Friday in November of the second even-numbered year after the year in which the meeting is held.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9306.** After such classification the directors shall organize and elect a president from their number who shall serve as such at the pleasure of the directors.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9307.** The directors shall appoint a secretary who shall serve at the pleasure of, and whose compensation shall be fixed by, the directors.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9308.** The directors shall select a date, time, and place at which regular monthly meetings of the directors shall be held. Upon the completion of all the foregoing determinations by the directors, the district shall be declared to be organized.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9309.** The directors may, by resolution, change the time or place of regular meeting but no such change shall be effective until after a notice of the change is published pursuant to Section 6061 of the Government Code in the principal county and in each other county in which any portion of the district lies.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9310.** Special meetings of the directors may be held as required when ordered by a majority of the directors. The order shall be entered in the records of the district and five days notice of the meeting shall be given by mail by the secretary to each director not joining in the order.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9311.** The order for a special meeting shall specify the business to be transacted. No other business shall be transacted at a special meeting unless all of the directors are present, in which case matters not specified may be considered by unanimous consent and acted upon.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9312.** A majority of the directors shall constitute a quorum but on all questions requiring a vote there shall be a concurrence of at least the number constituting a quorum, except that a number less than a quorum may adjourn or adjourn to a stated time.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9313.** (a) All meetings of the directors shall be open to the public. All records of the district shall be open to public inspection during business hours.

(b) A district may destroy a record pursuant to Chapter 7 (commencing with Section 60200) of Division 1 of Title 6 of the Government Code.

*(Amended by Stats. 2005, Ch. 158, Sec. 30. Effective January 1, 2006.)*

**§ 9314.** (a) The term of office of the directors, except those first elected, shall be four years. The expiration of the term of any director does not constitute a vacancy, and the director shall hold office until his or her successor has qualified.

(b) (1) As an alternative to the election of directors, the board of directors may, by a resolution presented to the board of supervisors of the principal county, request the board of supervisors to appoint directors, except those first elected. In any election year, the board of directors shall file its request with the board of supervisors not later than 125 days prior to the election. A copy of the resolution shall be furnished to the official responsible for conducting the election at the time it is presented to the board of supervisors of the principal county. The board of supervisors shall appoint directors, after consultation with the board of supervisors of any other county which contains any part of the district, from those candidates who have filed an application with the board of supervisors, as prescribed by the board of supervisors. If the directors are to be appointed, a notice of election shall not be published, but a notice of vacancy shall be posted pursuant to Section 54974 of the Government Code.

(2) The resolution shall remain in effect until rescinded by the board of directors, or until a petition requesting the rescission is received by the elections official. The petition shall be signed by 5 percent of the registered voters in the district, and shall be received not later than the 120th day before the election. Upon verification by the elections official that the petition contains the requisite number of signatures, the resolution shall be rescinded.

(3) The appointment of directors by the board of supervisors does not affect the status of a district as an independent special district.

(4) If the board of supervisors does not conduct interviews of potential candidates or make an appointment within 60 days after the expiration of the term, the board of directors may make the appointment.

(c) It is the intent of the Legislature to encourage districts to opt for the selection of directors by election, but where directors are appointed pursuant to subdivision (b), it is the intent of the Legislature that the board of supervisors solicit recommendations from within the district, including public, private, and nonprofit entities, and appoint only applicants who are determined by the board of supervisors to have a demonstrated interest in soil and water conservation. In selecting directors pursuant to subdivision (b), the board of supervisors shall endeavor to achieve balanced representation on the board of directors. To avoid undue financial burdens to districts and to thereby promote the objectives of this division, the Legislature hereby encourages counties to waive or minimize the charges for costs of elections conducted pursuant to this division.

*(Amended by Stats. 1994, Ch. 939, Sec. 19. Effective September 28, 1994. Operative January 1, 1995, by Sec. 29 of Ch. 939.)*

**§ 9315.** Resignations of directors shall be made in writing to the board of supervisors of the principal county.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9316.** In case of a vacancy in the office of director appointed pursuant to Section 9314, the vacancy shall be filled, as provided in Section 9314, by appointment for the unexpired term by the board of supervisors of the principal county.

*(Amended by Stats. 1991, Ch. 831, Sec. 12.)*

**§ 9317.** Notwithstanding any other provision of law, a vacancy in the office of a director who has been elected shall be filled pursuant to Section 1780 of the Government Code.

*(Added by renumbering Section 9178.5 by Stats. 1976, Ch. 1079.)*

## **Article 8. General District Elections**

[9351 - 9359] (Article 8 added by Stats. 1975, Ch. 513.)

**§ 9351.** "General district election" is the district election required to be held on the first Tuesday after the first Monday in November in each even-numbered year, at which a successor shall be chosen for each director whose term of office expires in that month.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9352.** (a) Directors shall be registered voters in the state.

(b) Except as provided in subdivision (d), directors shall (1) reside within the district and either own real property in the district or alternatively have served, pursuant to the district's rules, for two years or more as an associate director providing advisory or other assistance to the board of directors, or (2) be a designated agent of a resident landowner within the district.

(c) If the board of directors has provided for selection of directors by division, these residency requirements shall apply to the division the director represents, rather than to the district as a whole.

(d) The Legislature finds and declares that the primary function of the Suisun Resource Conservation District and Grasslands Resource Conservation District in maintaining wildlife and wetland habitats will be impaired unless there is adequate opportunity for participation by

landowners on the boards of directors of those districts. The Legislature further finds and declares that, because of the natural conditions prevailing in the territory of those districts, the majority of privately owned lands therein are owned by persons residing outside the districts. Therefore, owners of land within the Suisun Resource Conservation District and Grasslands Resource Conservation District, or their agents, may serve on the respective boards of directors thereof, regardless of whether they are residents of the district. For purposes of this subdivision, ownership of land shall be determined from the last equalized assessment roll of the county or counties within which the district is situated.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 14.)*

**§ 9353.** Except as otherwise provided in the chapter, districts governed by this chapter are subject to the provisions of the Uniform District Election Law.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9354.** Elected directors shall qualify within 20 days from the date of receipt of their certificates of election by taking the oath.

*(Amended by Stats. 1996, Ch. 994, Sec. 4. Effective January 1, 1997.)*

**§ 9355.** The directors so elected and qualified shall take office at noon on the last Friday in November following their election.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9356.** (a) Except as provided in subdivision (b), directors shall be elected at large.

(b) A district may, by ordinance, provide for the election of directors by division. In order to reduce election costs, the divisions shall be established along the boundaries of existing voting precincts. Prior to adopting an ordinance pursuant to this subdivision, the text of the proposed ordinance, including proposed division boundaries, shall be published pursuant to Section 6066 of the Government Code, together with notice of the hearing at which the ordinance will be considered. At the time stated in the notice for the hearing, the board of directors shall consider the proposal and shall hear any and all objections thereto. If, after the hearing, the board determines it to be in the best interests of the district, it shall adopt the ordinance as proposed or as amended at the hearing. Directors in office at the time of adoption of the ordinance shall remain in office until the next general district election, at which a director shall be elected to each division established by the ordinance. The directors elected at that election shall meet and classify themselves by lot into two classes as nearly equal in number as possible. The term of office of those in the class having the least number shall expire at noon on the last Friday in November of the next even-numbered year after the year in which the meeting is held. The term of office of those in the other class shall expire at noon on the last Friday in November of the second even-numbered year after the year in which the meeting is held.

(c) If it is proposed to change the number of directors of a district divided into divisions, or if it is proposed to change the number of divisions in a district, that change shall be conditional upon adoption by the board of directors of a new or revised ordinance under subdivision (b) and the provisions and procedures of subdivision (b) shall be applicable thereto.

(d) Notwithstanding subdivisions (b) and (c), in any district in which directors are appointed pursuant to Section 9314 or 9316, the board of supervisors of the principal county shall make

the appointments by division, as called for in the ordinance adopted pursuant to subdivision (b), and those appointments shall become effective, and the terms of existing directors shall expire, on the same date as if the directors were elected.

*(Amended by Stats. 1993, Ch. 1279, Sec. 1. Effective October 11, 1993.)*

**§ 9357.** Members of county boards of supervisors shall not be eligible to simultaneously hold office as a district director.

*(Added by Stats. 1991, Ch. 831, Sec. 16.)*

**§ 9358.** Nomination of candidates shall be in writing and signed by at least five landowners of the district. Nominations shall be filed with the county elections official of the principal county.

*(Amended by Stats. 2003, Ch. 811, Sec. 27. Effective January 1, 2004.)*

**§ 9359.** Except as election of directors by division may be provided pursuant to Section 9356, all registered voters in a district shall be qualified electors and eligible to vote in district elections.

*(Added by Stats. 1991, Ch. 831, Sec. 18.)*

## **Article 9. General Powers of District**

**§ 9401.** The board of directors of a district shall manage and conduct the business and affairs of the district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9402.** The directors shall be empowered to conduct surveys, investigations, and research relating to the conservation of resources and the preventive and control measures and works of improvement needed, publish the results of such surveys, investigations, or research, and disseminate information concerning such preventive control measures and works of improvement; provided, however, that in order to avoid duplication of surveys, investigations, and research activities, the directors shall seek the cooperation of local, state, and federal agencies.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9403.** The directors may accept gifts and grants of money from any source whatsoever to carry out the purposes of the district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9403.5.** The directors may establish and charge fees for services provided by the district to, and upon the request of, persons or governmental entities. No fee shall exceed the cost reasonably borne by the district in providing the service.

*(Added by Stats. 1991, Ch. 831, Sec. 19.)*

**§ 9404.** The directors may execute all necessary contracts. They may employ such agents, officers, and employees as may be necessary, prescribe their duties, and fix their compensation.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9405.** The directors may acquire by purchase, lease, contract, or gift all lands and property necessary to carry out the plans and works of the district. The directors may acquire conservation easements as provided in Chapter 4 (commencing with Section 815) of Title 2 of Part 2 of Division 2 of the Civil Code on lands within the district. A district acquiring a conservation easement shall prepare a management plan for the easement which fully describes the intent and legal obligations respecting the easement and which shall be consistent with the goals of the State Soil Conservation Plan and other policies adopted pursuant to Section 9108.

*(Amended by Stats. 1991, Ch. 831, Sec. 20.)*

**§ 9406.** The directors may take conveyances, leases, contracts, or other assurances for all property acquired by the district, in the name, and for the uses and purposes, of the district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9407.** The directors may sue and be sued in the name of the district and may appear in person or by counsel.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9408.** (a) The directors may cooperate and enter into contracts or agreements with the state, the United States, any county, any city, any other resource conservation or other public district in this state, any person, or the commission, in furtherance of the provisions of this division, and to that end may use any funds available to the district as provided in this chapter, and may accept and use contributions of labor, money, supplies, materials, or equipment useful for accomplishing the purposes of the district.

(b) Districts may cooperate with counties and cities on resource issues of local concern. It is the intent of the Legislature to encourage districts to facilitate cooperation among agencies of government to address resource issues of local concern.

(c) Districts may cooperate with federal, state, and local agencies and owners of private lands under the agreement between the California Association of Resource Conservation Districts and various public and private entities known as the coordinated resource management and planning memorandum of understanding.

*(Amended by Stats. 1991, Ch. 831, Sec. 21.)*

**§ 9409.** The directors may make improvements or conduct operations on public lands, with the cooperation of the agency administering and having jurisdiction thereof, and on private lands, with the consent of the owners thereof, in furtherance of the prevention or control of soil erosion, water conservation and distribution, agricultural enhancement, wildlife enhancement, and erosion stabilization, including, but not limited to, terraces, ditches, levees, and dams or other structures, and the planting of trees, shrubs, grasses, or other vegetation.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9410.** The directors may operate and maintain, independently or in cooperation with the United States or this state or any state agency or political subdivision or any person, any and all works constructed by the district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9411.** The directors may disseminate information relating to soil and water conservation and erosion stabilization, and may conduct demonstrational projects within, or adjacent to, the district on public land, with the consent of the agency administering or having jurisdiction thereof, or on private lands, with the consent of the owners thereof, independently or in cooperation with the United States, this state or any political subdivision or public district thereof, or any person.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9412.** Each district may provide technical assistance to private landowners or land occupants within the district to support practices that minimize soil and related resource degradation. When in the judgment of the directors it is for the benefit of the district so to do, they may give assistance to private landowners or land occupants within the district in seeds, plants, materials and labor, and may loan or rent to any such private landowner or land occupant agricultural machinery or other equipment. No such assistance shall be given or any such loans made unless the landowner or land occupant receiving the aid or assistance agrees to devote and use the aid or assistance on his or her lands within the district in furtherance of objectives of the district and in accordance with district plans or regulations. Notwithstanding the fact that the landowner or land occupant is also a director, any landowner is qualified to and may receive assistance or loans under this section.

*(Amended by Stats. 1991, Ch. 831, Sec. 22.)*

**§ 9413.** (a) Each district may develop districtwide comprehensive annual and long-range work plans as provided in this section. These plans shall address the full range of soil and related resource problems that are found to occur in the district.

(b) The long-range work plans may be adopted and updated every five years, in accordance with a standard statewide format which shall be established by the commission. Districts may amend the long-range plan prior to the five-year update in order to address substantive changes occurring since the adoption of the most recent long-range work plan. The long-range plans shall serve the following functions:

- (1) Identification of resource issues within the district for purposes of local, state, and federal resource conservation planning.
- (2) Establishment of long-range district goals.
- (3) Provision of a framework for directors to identify priorities for annual district activities.
- (4) Provision of information to federal, state, and local governments and the public concerning district programs and goals.
- (5) Setting forth a basis for evaluating annual work plan achievements and allocating available state funding to the district.
- (6) Involvement of other agencies and organizations in the district planning process in order to help ensure support in implementing district plans.

(c) The annual work plans may be adopted on or before March 1 of each year in a format which shall be consistent with the district's long-range work plan. The annual work plans shall serve the following functions:

(1) Identification of high priority actions to be undertaken by the district during the year covered by the plan.

(2) Identification of the person or persons responsible for undertaking each planned task, how it will be performed, when it will be completed, what constitutes completion, and the cost.

(3) Demonstration of the relationship of annual tasks to the long-range district goals identified in the long-range work plan.

(4) Provision of assistance to the local field office of the Soil Conservation Service of the United States Department of Agriculture in adjusting staff and program priorities to match district goals.

(5) Informing the public of the district's goals for the year.

(6) Involvement of other agencies and organizations in the district planning process in order to help ensure support in implementing district plans.

(7) Provision of a basis for assisting the commission in determining district eligibility for state funding under this division.

(d) A district may prepare an annual district report. The annual district report shall be completed on or before September 1 of each year in a format consistent with the long-range and annual plans, so that progress made during the reporting period towards district goals can be readily determined. The annual report shall serve the following functions:

(1) To report on the district's achievements during the reporting period to the commission, the department, the board of supervisors of any county in which the district is located, and any agency that reviews district requests for funding assistance.

(2) To increase public awareness of district activities.

(3) To compare district accomplishments during the reporting period with annual work plan objectives for that period and to identify potential objectives for the next annual work plan.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 24.)*

**§ 9414.** Directors may accept, by purchase, lease, or gift, and administer any soil conservation, water conservation, water distribution, erosion control, or erosion prevention project located within the district undertaken by the United States or any of its agencies, or by this state or any of its agencies.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9415.** The directors may manage, as agents of the United States or any of its agencies, or of this state or any of its agencies, any soil conservation, water conservation, water distribution, flood control, erosion control, erosion prevention, or erosion stabilization project, within or adjacent to the district; and may act as agent for the United States, or any of its agencies, or for this state or any of its agencies, in connection with the acquisition, construction, operation, or administration of any soil conservation, water conservation, water distribution, flood control, erosion control, erosion prevention, or erosion stabilization project within or adjacent to the district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9416.** The directors may establish standards of cropping and tillage operations and range practices on private land as a condition to expenditure by the district of district or other funds, or to the doing by the district of any work of any nature, on private lands.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9417.** (a) The directors of any district may cooperate with the directors of any other district in respect to matters of common interest or benefit to the districts. An association of resource conservation districts may be organized to facilitate that cooperation, to provide for the loan of equipment and tools by one district to another, and for the making of investigations and studies and the carrying out of projects of joint interest to the districts participating therein.

(b) It is the intent of the Legislature to encourage districts to organize in countywide or regional associations for the purposes of (1) providing coordinated representation of districts before federal, state, and local governmental agencies and (2) coordinating program planning, funding, and delivery of services.

*(Amended by Stats. 1991, Ch. 831, Sec. 25.)*

**§ 9417.5.** It is the intent of the Legislature that concerned state agencies, in cooperation with resource conservation districts and other appropriate local entities, work with the agencies of the United States Department of Agriculture and the Department of the Interior, the Environmental Protection Agency, and other federal agencies, to maximize cooperative opportunities for federal, state, and private funding for competitive grants and contracts for watershed protection, restoration, and enhancement programs of resource conservation districts.

*(Added by Stats. 1994, Ch. 719, Sec. 3. Effective January 1, 1995.)*

**§ 9418.** The directors of any district may call upon the district attorney of the principal county for legal advice and assistance in all matters concerning the district, except that if the principal county has a county counsel, then the directors shall call upon him for such legal advice and assistance. The district attorney or county counsel, as may be appropriate, shall, upon the request being made, give such advice and assistance.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9419.** (a) The directors may engage in activities designed to promote a knowledge of the principles of resource conservation throughout the district and for that purpose may develop educational programs both for children and for adults. In the development of those programs, the directors may authorize the giving of awards and prizes for outstanding achievement.

(b) Each district may develop and disseminate or utilize conservation education programs for use in kindergarten through grade 12. As an option to developing these programs independently, it is the intent of the Legislature to encourage both collaboration with other organizations and incorporation of elements of existing programs.

(c) A district may conduct workshops on the relationships between soil and related resource problems and their effects on other resources, such as wildlife and water quality.

(d) A district may sponsor programs that address land use practices which reduce water and wind erosion, soil contamination, soil salinity, agricultural land conversion, loss of soil organic matter, soil subsidence, and soil compaction and associated poor water infiltration.

*(Amended by Stats. 1991, Ch. 831, Sec. 26.)*

**§ 9420.** The board of directors of a district may appoint advisory committees to provide technical assistance in addressing soil and related resource problems, to assist in coordinating conservation programs and activities, and to share information relating to the functions or purposes of the district. Representatives of state, federal, and local governmental agencies, including school districts, as well as private organizations, may serve on these advisory committees.

*(Repealed and added by Stats. 1991, Ch. 831, Sec. 28.)*

## **Article 10. Property of District**

**§ 9451.** The legal title to all property acquired by a district under the provisions of this division shall immediately and by operation of law vest in such district, and shall be held by such district for its uses and purposes under this division.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9452.** The directors are hereby authorized and empowered to hold, use, acquire, manage, occupy and possess property of any kind, and may lease or sell it as provided in this article.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9453.** The directors may determine by resolution entered upon their minutes that any property, real or personal, held by such district is no longer necessary to be retained for the uses and purposes of the district, and may thereafter sell or lease such property.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9454.** Notwithstanding anything to the contrary in Section 9453, the directors may lease district equipment to any other public district for use by such public district for resource conservation purposes on land within the boundaries of a resource conservation district or on land adjacent to the district and under the jurisdiction of such other district, if such use will directly affect the land within the resource conservation district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9455.** A sale or conveyance of any property held by a resource conservation district, executed by the president and secretary thereof, in accordance with a resolution of the directors of the district, when the property is sold for a valuable consideration, shall convey good title to the property so conveyed.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9456.** The proceeds of any such sale shall be paid into the county treasury of the principal county for the use of the district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9457.** The board of directors shall adopt purchasing policies and procedures governing the purchase of supplies and equipment as required by Sections 54201 through 54204, inclusive, of

the Government Code. The policies shall be in writing, copies of which shall be available for public distribution.

*(Added by Stats. 1975, Ch. 513.)*

#### **Article 11. Inclusion of Lands**

**§ 9481.** The inclusion of additional lands in a district shall be made in accordance with the provisions of the District Reorganization Act of 1965, Division 1 (commencing with Section 56000) of Title 6 of the Government Code, except that unless otherwise provided in this chapter, the lands included in any district need not be contiguous but they shall be susceptible of the same general plan or system for the control of runoff, the prevention or control of soil erosion, and the development and distribution of water, or land improvement.

*(Added by Stats. 1975, Ch. 513.)*

#### **Article 12. Dissolution**

**§ 9491.** A district may be dissolved in accordance with the provisions of the District Reorganization Act of 1965, Division 1 (commencing with Section 56000) of Title 6 of the Government Code.

*(Added by Stats. 1975, Ch. 513.)*

### **CHAPTER 4. District Finance**

#### **Article 1. Regular Assessments**

**§ 9501.** The directors shall, on or before January 1 of the calendar year during which an assessment is to be levied for the first time, notify the State Board of Equalization as provided in Revenue and Taxation Code Sections 756 and 759 and, annually on or before August 1st, furnish the county auditor and the board of supervisors an estimate in writing of the amount of money necessary to be raised by assessment for the purposes of the district for the next ensuing fiscal year.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9502.** If the district lies in more than one county the directors shall divide the amount of the estimate in the proportion to the value of the land in the district lying in each county. The value shall be determined from the last assessment rolls of the counties. The directors shall furnish the auditors and boards of supervisors of each of the respective counties a statement of the part of the estimate apportioned to the county.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9503.** The total amount of the estimate shall be sufficient to raise the amount of money necessary during the ensuing year to pay the incidental expenses of the district, the costs of the work which the directors may deem advisable to be done during the ensuing year, the estimated costs of repairs to and maintenance of the property and works of the district, and the estimated

expenses of any action or proceeding to which the district is or may be a party, including the cost of employing engineers and attorneys.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9504.** Assessments levied pursuant to this article shall be known as regular assessments.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9505.** The regular assessment in any one year shall not exceed two cents (\$0.02) on each one hundred dollars (\$100) of assessed valuation of the land, exclusive of improvements, trees, and mineral rights, within the district. The valuation shall be determined according to the last assessment roll, reduced proportionately when mineral rights, standing trees, or timber are involved.

The cost to the assessor, if any, of recomputing assessed valuations in accordance with this section shall be paid by the district requesting an assessment levy pursuant to this article.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9506.** The board of supervisors of each county in which there lies any portion of the district shall, annually, at the time of levying county taxes, levy an assessment on the land exclusive of improvements, trees, and mineral rights, within the county and within the district to be known as the “\_\_\_\_\_ (name of district) Resource Conservation District assessment,” sufficient to raise the amount reported to them in the estimate of the directors.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9507.** The rate, as determined by the board, shall be such as will produce, after due allowance for delinquency, the amount determined as necessary to be raised by taxation on the secured roll. On or before September 1st of each year the board shall fix the rate, composed of the number of cents or fraction thereof for each one hundred dollars (\$100) of assessed valuation of land exclusive of improvements and mineral rights, such as will produce, after due allowance for delinquency, the amount determined as necessary to be raised by taxation on the secured roll.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9508.** If the board fails to levy the assessment the auditor of the county shall do so, providing the directors have requested the assessment.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9509.** The assessment shall be computed and entered on the assessment roll by the auditor.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9510.** The provisions of law relating to the levy and collection of county taxes and the duties of county officers with respect thereto, insofar as they are applicable and not in conflict with this chapter, are hereby adopted and made part of this chapter. Said officers are liable on their several official bonds for the faithful discharge of their duties under this chapter.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9511.** The treasurers of each of the counties, other than the principal county, shall, not less than twice a year or upon order of the directors, settle with the directors and pay to the treasurer of the principal county all money belonging to the district and in their possession.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9512.** If during the current fiscal year the directors are not, by reason of the fact that no assessment has been levied, collecting a regular assessment levied during the year immediately preceding, then notwithstanding other provisions of this code, the board of supervisors in each county in which a soil conservation district, or a portion thereof is located may, upon a showing by the directors that funds are needed for the purposes of the district for the current year, appropriate money from the general fund of the county for the use of said district in an amount equal, during any one year, to the amount which said district could have raised by assessment, as limited by this code, in said current year, or so much thereof as may be required. This provision shall not be deemed to prohibit the board of supervisors from appropriating to such districts sums in excess of these amounts.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9513.** A district may impose a special tax pursuant to Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code. The special taxes shall be applied uniformly to all taxpayers or all real property within the district, except that unimproved property may be taxed at a lower rate than improved property.

*(Added by Stats. 1991, Ch. 70, Sec. 7.)*

## **Article 2. District Fiscal Procedure**

**§ 9521.** (a) Except as provided in subdivision (b), the treasury of the principal county is the depository of all of the funds of the district.

(b) As an alternative to using the county treasury as depository, a district may adopt a resolution transferring responsibility for the district treasury to the board of directors of the district, which shall deposit district funds as provided in Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code. Following adoption of the resolution, the provisions of this article relating to the county treasurer and county treasury shall not apply to the district.

*(Amended by Stats. 1991, Ch. 831, Sec. 29.)*

**§ 9522.** The treasurer of the principal county shall receive and receipt for all money of the district and place the same to the credit of the district. He is responsible on his official bond for the safekeeping and disbursement, in the manner provided in this article, of the money of the district held by him.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9523.** The treasurer shall pay out money of the district only upon warrants approved by the county auditor, drawn upon order of the board of directors signed by the president and attested by the secretary.

Whenever two or more districts enter into a joint powers agreement, or whenever a district enters into a joint powers agreement with other agencies of the state, the agency or entity administering the agreement shall determine where its funds shall be deposited and how such funds shall be paid out.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9524.** The treasurer shall report in writing at each regular meeting of the directors and as often at other times as the directors may request the amount of money on hand, and the receipts and disbursements since his last report. The report shall be verified and filed with the secretary.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9525.** The directors or other officers or employees of a district shall have no power to incur any indebtedness or liability in excess of the amount of money available under the provisions of this division. Any debt or liability incurred in excess of the express provisions of this division is void. Except, however, that nothing in this section shall prevent the directors from borrowing from such federal, state, county, public or private funds which are, or which may in the future become, available to the directors for the furthering of the work of the district in any manner or by the sale of bonds payable solely from any revenue of the district, if the assets acquired by such a loan or bond constitute the entire security for the loan or bond and if no indebtedness or liability is incurred by the directors in excess of the amount of the assets acquired.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9526.** The directors at their regular monthly meeting in July of each year shall make and file with the secretary a verified statement of the financial condition of the district showing particularly the receipts and disbursements of the preceding fiscal year together with the source of the receipts and the purposes of the disbursements.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9527.** The annual financial statement shall be posted or published as the directors may determine. Such posting or publication shall be commenced within 10 days after the financial statement is filed with the secretary. If it is posted it shall be posted at the place of regular meeting of the directors and copies thereof shall be made available for delivery to any landowner in the district upon his request to the secretary. If the statement is published, it shall be published pursuant to Section 6066 of the Government Code in the principal county and in each other county in which any part of the district lies.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9528.** An annual audit of the books, accounts, records, papers, money, and securities shall be made as required by Section 26909 of the Government Code.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9529.** The directors of the district may, at such times as they deem necessary, determine whether any portion of the money on deposit in the treasury of the principal county is not necessary for immediate use; and if so, it shall determine the amount, which amount shall

thereupon be designated as “surplus money” and transferred to a “surplus money account” in the treasury of the principal county.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9530.** (a) “Surplus moneys,” as determined pursuant to Section 9529, shall be invested exclusively in bonds or interest-bearing notes or obligations of the United States, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(b) Interest earned and other increment derived from any investment under this section shall be credited to the surplus money account for investment under this section.

*(Added by Stats. 1975, Ch. 513.)*

### **Article 3. Claims**

**§ 9541.** All claims for money or damages against the district are governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code except as provided therein, or by other statutes or regulations expressly applicable thereto.

*(Added by Stats. 1975, Ch. 513.)*

### **Article 4. District Election Costs**

**§ 9545.** Except as provided in Section 9546, the county shall pay any and all costs attributable to the conduct of district elections and shall be reimbursed for such expenditure the following year by a special assessment levied and collected in the same manner as regular assessments pursuant to the provisions of Article 1 (commencing with Section 9501), except that the limitations set forth in Section 9505 shall not apply to such assessment.

*(Amended by Stats. 1976, Ch. 305.)*

**§ 9546.** The county shall bill any candidate for district office for the actual prorated costs of printing, handling, and translating his statement of qualifications contained in the voter’s pamphlet accompanying the sample ballot.

*(Added by Stats. 1976, Ch. 305.)*

## **CHAPTER 5. District Reorganization**

### **Article 1. Consolidation**

**§ 9601.** Any two or more contiguous districts, or districts situated within the same geophysical area, organized under this division may consolidate in accordance with the provisions of the District Reorganization Act of 1965, Division 1 (commencing with Section 56000) of Title 6 of the Government Code.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**Article 2. Partition**

**§ 9611.** A partition of a district shall be made in accordance with the District Reorganization Act of 1965, Division 1 (commencing with Section 56000) of Title 6 of the Government Code.

*(Added by Stats. 1975, Ch. 513.)*

**Article 3. Changing Name of District**

**§ 9621.** A district may change its name by action of the board of supervisors of the principal county as provided by this article.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9622.** Whenever in the judgment of the board of directors it is for the best interest of a district that its name be changed to a stated name, it may pass a resolution reciting such fact.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9623.** A copy of the resolution shall be forwarded to the board of supervisors of the principal county with the request that the name of the district be changed to the stated name.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9624.** The board of supervisors of the principal county shall consider this request at their next regular meeting and may grant or deny the request. Their action shall be officially recorded in their minutes.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9625.** If the action of the board of supervisors on this request is negative, they shall forward a copy of the resolution to the board of directors initiating the request.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9626.** If the action of the board of supervisors on this request is favorable, it shall cause certified copies of the resolution to be forwarded to the board of directors initiating the request, the boards of supervisors and county clerks of all the other counties in which any portion of the district lies and the State Board of Equalization.

*(Amended by Stats. 1998, Ch. 829, Sec. 45. Effective January 1, 1999.)*

**§ 9627.** On acknowledgment of the change of name by the Secretary of State, the name of the district shall be considered changed.

*(Added by Stats. 1975, Ch. 513.)*

**Article 4. Transferring Lands From One District to Another**

**§ 9635.** One district may transfer land within its boundaries to a district contiguous thereto in accordance with the provisions of the District Reorganization Act of 1965, Division 1 (commencing with Section 56000) of Title 6 of the Government Code.

*(Added by Stats. 1975, Ch. 513.)*

## CHAPTER 9. Federal Aid Projects

**§ 9751.** In order to carry out the purposes of the Soil Conservation and Domestic Allotment Act enacted by the Congress of the United States, the State Resource Conservation Commission (hereinafter referred to as “commission”) is hereby designated as the agency of the State of California to administer any state plan authorized by this chapter which shall be approved by the Secretary of Agriculture of the United States (hereinafter referred to as the “Secretary of Agriculture”) for the State of California pursuant to the provisions of the Soil Conservation and Domestic Allotment Act.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9752.** The commission is hereby authorized, empowered and directed to formulate and submit to the Secretary of Agriculture, in conformity with the provisions of the Soil Conservation and Domestic Allotment Act, a state plan for each calendar year beginning with the year 1949. It shall be the purpose of each such plan to promote such utilization of land and such farming practices as the commission finds will tend, in conjunction with the operation of such other plans as may be approved for other states by the Secretary of Agriculture, to preserve and improve soil fertility, promote the economic use of land, diminish the exploitation and wasteful and unscientific use of natural soil resources, and reestablish and maintain the ratio between the purchasing power of the net income per person on farms and that of the income per person not on farms as defined in subsection (a) of Section 7 of the Soil Conservation and Domestic Allotment Act. Each such plan shall provide for adjustments in the utilization of land and in farming practices, through agreements with producers or through other voluntary methods, and for benefit payments in connection therewith, and also for such methods of administration not in conflict with any law of this state and such reports as the Secretary of Agriculture finds necessary for the effective administration of the plan and for ascertaining whether the plan is being carried out according to its terms.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9753.** Upon the acceptance of each such plan by the Secretary of Agriculture, the commission is authorized and empowered to accept and receive all grants of money made pursuant to the Soil Conservation and Domestic Allotment Act for the purpose of enabling the state to carry out the provisions of such plan, and all such funds, together with any moneys which may be appropriated by the state for such purpose, shall be available to the commission for expenditures necessary in carrying out the plan, including administrative expenses, expenditures in connection with educational programs in aid of the plan, and benefit payments.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9754.** In carrying out the provisions of each such plan, the commission shall have power: to employ such agents or agencies, and to establish such agencies, as it may find to be necessary; to cooperate with local and state agencies and with agencies of other states and of the federal government; to conduct research and educational activities in connection with the formulation and operation of such plan; to enter into agreements with producers, and to provide by other voluntary methods, for adjustments in the utilization of land and in farming practices,

and for payments in connection therewith in amounts which the commission determines to be fair and reasonable.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9755.** For the purpose of carrying out each such plan according to its terms, the commission is hereby authorized to delegate any of the powers herein conferred to such agents or agencies as may be designated by the commission and approved by the Secretary of Agriculture.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9757.** Nothing herein shall be construed or operate to impose any obligation or liability upon the commission or other than as herein specified.

*(Added by Stats. 1975, Ch. 513.)*

## **CHAPTER 10. Improvement Districts in Resource Conservation Districts**

### **Article 1. Formation**

**§ 9801.** For purposes of cooperating with landowners or any other agency or for purposes of cooperating with the United States under provisions of the Watershed Protection and Flood Prevention Act (Chapter 656, Public Law 566, 83rd Cong., 2nd Session), and all acts amendatory thereof or supplementary thereto, lands which need not be contiguous may be formed into an improvement district for constructing, both in or for the improvement district, one or more of the following:

- (a) Flood prevention improvements, including structural and land treatment measures.
- (b) Improvements for the agricultural phases of conservation, development, utilization, drainage disposal, and distribution of water.
- (c) Improvements for prevention or stabilization of soil erosion.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9802.** As used in connection with improvement districts:

(a) "Improvement" includes operation, maintenance, change, and acquisition of existing works, and the construction, operation, and maintenance of new works.

(b) "Construction" includes, but is not limited to, the preparation and execution of plans, maintenance and operation.

(c) "Real property" means land only.

(d) "Owner of real property" means "owner of land".

(e) "Improvement district" means a resource conservation district improvement district formed pursuant to this chapter.

(f) "Land" means land within the improvement district or proposed improvement district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9803.** The formation of an improvement district shall be proposed and the petition therefor shall be signed by two-thirds or more in number of the owners of real property in the proposed improvement district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9804.** A petition for the formation of an improvement district shall contain all of the following:

- (a) Statement of the plans of the proposed improvement.
- (b) Description of the land of the proposed improvement district.
- (c) Names of the owners of all real property within the proposed improvement district with their last known addresses.
- (d) Description and assessed value of the real property owned in the proposed improvement district by each owner, which shall be according to the next preceding equalized assessment roll. District owned real property in the proposed improvement district shall be described whether or not it appears on the next preceding assessment roll.
- (e) Signatures of the petitioners.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9805.** The petition, all proceedings in reference to it, the improvement district, and the real property in it shall be designated by a number.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9806.** The petition may consist of any number of separate instruments, which shall be duplicates except as to signatures.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9807.** A petition to form an improvement district shall be filed with the secretary of the district and may be inspected by all persons interested.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9808.** Upon receipt of a petition to form an improvement district the directors shall cause a survey to be made of the proposed improvements, if any.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9809.** If the survey shows that the improvements are feasible, the directors shall cause to be prepared the following:

- (a) Plans and specifications of the improvements proposed to be constructed when the petition proposes the construction of improvements.
- (b) An estimate of the cost of the proposed improvements, which may include an amount not in excess of 10 percent of the aggregate cost of the proposed improvements to create a reserve fund to be used and applied as additional security for the payment of principal of and interest on any warrants of the improvement district issued against assessments levied for the payment of the cost of the proposed improvements.
- (c) Statement of the proposed assessment for the cost of the proposed improvements apportioned to each parcel of real property in the proposed improvement district as the parcels appear on the last equalized assessment roll and to district owned real property in the proposed improvement district whether or not it appears on the last equalized assessment roll, which assessments shall be apportioned in accordance with the assessed value of the real property, as such value is shown on the next preceding equalized assessment roll.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9810.** If there are any, the plans and specifications, estimate of cost, and the statement of the proposed assessment shall be filed with the secretary of the district and may be inspected by all persons interested.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9811.** After the filing of the formation petition, and if any, the plans and specifications, the estimate of cost, and statement of the proposed assessment, the directors shall give notice of a hearing upon the petition, and if a special assessment is to be levied in the improvement district pursuant to this chapter, the notice shall also state that the hearing is called to determine whether or not the special assessment should be levied.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9812.** Notice of the hearing shall be given by all of the following:

- (a) Posting a notice in three public places within the proposed improvement district.
  - (b) Publication of the notice pursuant to Section 6066 of the Government Code in the principal county of the district.
  - (c) Mailing a copy of the notice to the last known address of all of the owners of real property in the proposed improvement district to the addresses appearing in the petition.
- The notices shall be posted and mailed not less than 20 days prior to the date set for the hearing.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9813.** At the hearing the directors shall hear any objections coming before it to any of the following:

- (a) The petition.
- (b) The formation of the improvement district.
- (c) The real property to be included within the improvement district.
- (d) The plans and specifications.
- (e) The estimate of cost.
- (f) The proposed assessment.
- (g) The apportionment of the assessment.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9814.** At the hearing the directors shall make any changes in reference to the matters set forth in Section 9813 as they consider proper. The directors may exclude any part of the real property described in the petition from the proposed improvement district and may include additional real property.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9815.** If any additional real property is included in the proposed improvement district, the hearing shall be continued and the owners of the added real property given personal notice of not less than 20 days of the addition of the land to the improvement district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9816.** The directors may include in the plans and specifications such terms and conditions as to the respective parcels of real property in the improvement district with respect to tolls, charges, assessments, or the conservation or use of soil and water or any other matters as the directors deem necessary or proper.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9817.** Regardless of any findings made by the directors if more than one-third in number of the holders of title to the real property within a proposed improvement district object at the hearing to its formation or the levy of the proposed assessment, the directors shall deny the petition, and no further proceedings shall be had on it.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9818.** If at the hearing the directors find that it would not be for the best interests of the district and the proposed improvement district to form the improvement district the directors shall order the proceedings dismissed without prejudice to their renewal.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9819.** If the directors find that it would be for the best interests of the district and the proposed improvement district to form the improvement district, they shall make and enter in their minutes a final order:

(a) Approving the petition.

(b) Forming the improvement district.

(c) Levying the assessment if any is provided for and if the assessment is necessary.

(d) Apportioning the assessment, if levied, to the real property in the improvement district according to assessed value as shown on the next preceding equalized assessment roll.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9820.** The order shall contain a description of the lands within the improvement district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9821.** The secretary shall cause a certified copy of the order creating the improvement district to be recorded in the office of the county recorder in each county in which any land of the improvement district is situated.

*(Added by Stats. 1975, Ch. 513.)*

## **Article 2. Assessments**

**§ 9831.** Any assessment levied pursuant to Section 9819 shall include both of the following sums:

(a) An amount equal to interest on any deferred payments at a rate not exceeding 7 percent each year.

(b) An amount equal to 10 percent more than all other sums to be raised by the assessment, in order to provide for anticipated delinquencies.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9832.** The assessment may be made payable in not more than 10 annual installments.  
(Added by Stats. 1975, Ch. 513.)

**§ 9833.** The directors, on or before the 15th day of August of each year, shall furnish the auditor and board of supervisors of each county in which any portion of the improvement lies a statement in writing of the amounts of the installments of the improvement district assessment, if any, due for the next ensuing fiscal year in respect of each parcel of real property within the improvement district.  
(Added by Stats. 1975, Ch. 513.)

**§ 9834.** Each annual installment of the improvement district assessments shall be collected by county officers in the same manner and at the same times as county taxes.  
(Added by Stats. 1975, Ch. 513.)

**§ 9835.** The provision of law relating to the collection of county taxes and the duties of county officers with respect thereto, insofar as they are applicable and not in conflict with this chapter, are hereby adopted and made a part of this chapter. Said officers are liable on their several official bonds for the faithful discharge of their duties under this chapter.  
(Added by Stats. 1975, Ch. 513.)

**§ 9836.** The treasurers of each of the counties, other than the principal county, shall, not less than twice a year or upon order of the directors, settle with the directors and pay to the principal county all money belonging to the improvement district and in their possession.  
(Amended by Stats. 1981, Ch. 686, Sec. 4.)

**§ 9837.** The assessment and each installment of it shall be and remain a lien on the real property in the improvement district in the same manner as and in addition to the annual assessment of the district.  
(Added by Stats. 1975, Ch. 513.)

**§ 9838.** Upon a change or resubdivision of any parcel of real property in an improvement district, the directors upon their own initiative or upon a petition of the owner of the parcel so changed or resubdivided, may reapportion the improvement district assessment upon the parcel, and the order of reapportionment shall be recorded in the same manner as the order levying the original assessment.  
(Added by Stats. 1975, Ch. 513.)

**§ 9839.** If the actual cost of the improvements is substantially less than the estimated cost the assessment may be reduced proportionately on each parcel by recomputing it based on actual costs with the percentage and interest provided for in Section 9831 added thereto. The reapportionment or a statement that the assessment on each parcel has been reduced by a designated percentage shall be recorded in the same manner as the order levying the original assessment.

Installments of assessments levied on district-owned real property becoming due while the real property is still owned by the district shall be paid by the district. Conveyance of such real

property into private ownership shall not release the lien thereon of the assessment and the unpaid installments of it.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9840.** If the assessments levied upon real property in an improvement district are insufficient to pay the cost of improvements or the warrants issued for the improvements, a supplemental assessment shall be levied upon all of the real property in the improvement district sufficient to pay the cost or the warrants.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9841.** The procedure followed in making the supplemental levy shall be substantially the same as for making the original levy, except that no petition is required.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9842.** Whenever it is desired to do additional work or acquire additional property in or for an improvement district, upon the petition of two-thirds in number of the owners of real property in the improvement district, an additional assessment may be levied substantially in the same manner as the original assessment.

*(Added by Stats. 1975, Ch. 513.)*

### **Article 3. Inclusion of Land**

**§ 9851.** If at any time it is desired to include additional real property within an improvement district, a petition for inclusion signed by the owners of real property to be included may be filed with the directors.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9852.** The inclusion petition shall describe the boundaries of the improvement district as enlarged by the proposed inclusions and give the names and addresses of the owners of the additional real property in substantially the same manner as in the original petition for forming an improvement district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9853.** The same proceedings shall be had on the improvement district inclusion petition as upon the original petition for the formation of an improvement district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9854.** The directors may prescribe any conditions upon the inclusion of the real property that they deem just.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9855.** If any conditions not contained in the petition for inclusion are prescribed by the directors the real property shall not be included until two-thirds in number of the petitioners approve the conditions in writing.

*(Repealed and added by Stats. 1975, Ch. 513.)*

#### **Article 4. Improvement District Management**

**§ 9861.** In a district containing an improvement district the directors and all of the officers of the district each respectively has all the rights, powers, and privileges as to the improvement district, its real property, and the proceedings in relation to the improvement district that each respectively has for the district of which the improvement district is a part including the right of the district to acquire, own, and hold property.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9862.** The directors may also hold property used or acquired in connection with the improvement in the name of the directors and their successors in office as trustees for the improvement district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9863.** The directors of a district in which an improvement district exists may allow on terms that may be agreed upon any person to carry water through any conduit for the improvement of which the improvement district was formed and may cancel the right in the event that payments are not made in accordance with the agreed terms.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9864.** The work of improvement provided for in this chapter and the purchase of all supplies, material, and equipment therefor shall be performed by the district, or in the discretion of the directors contracts may be made for the work and material after notice calling for bids, as prescribed by the directors.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9865.** The directors may, in lieu in whole or in part of levying assessments for the operation of improvement district works, fix and collect reasonable charges for the use of water or for any other service furnished by means of the improvement district works.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9866.** All such tolls, connections charges, and additional assessments shall be held and applied upon and reduce the last installment or installments of the improvement district assessment.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9867.** The directors may provide for the maintenance and operation of the works of an improvement district from the funds of the resource conservation district in lieu of levying further improvement district assessments for such purposes.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9868.** Notwithstanding any other provision of this code, the directors of a district in which an improvement district exists may establish facilities use charges for the use of the facilities in such improvement district and, in establishing such charges, may provide that water shall be

furnished or delivered through such facilities only to lands and real property in such improvement district in respect of which such facilities use charges or annual installments thereof, fixed as provided in this section, shall have been paid in advance. Such facilities use charges shall be in amounts equal to the respective amounts of the assessments theretofore levied against the real property in such improvement district for the purpose of providing such facilities. In establishing such charges the directors shall provide (a) that payment in full of any such assessment shall constitute payment in advance in full of such facilities use charge; (b) that all facilities use charges not so paid in advance in full shall be payable in annual installments, each such annual installment to be equal in amount to (i) the annual installment of the unpaid assessment theretofore levied against the real property in respect of which such charge is payable and due on or before the next succeeding November 20th plus interest thereon at the rate provided in the order levying such assessment plus 10 percent in addition (added for anticipated delinquencies), plus (ii) all delinquent annual installments, if any, of such unpaid assessment together with penalties and interest at said rate on such delinquent installments; and (c) that payment of any annual installment of any such facilities use charge shall constitute payment in full of the annual installment of such unpaid assessment due on or before the next succeeding November 20th and of all delinquent annual installments, if any, of such unpaid assessment.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9869.** On behalf of an improvement district the directors may do any or all acts necessary or desirable to carry out the purposes of the improvement district, including, but not limited to any or all of the following:

(a) Acquire without cost to the United States such land, easements, or rights-of-way as will be needed in connection with improvements installed or constructed with the financial assistance of the United States;

(b) Assume such share of the cost of installing or constructing any improvements involving the financial assistance of the United States as are equitable in consideration of the anticipated benefits from such improvements;

(c) Defray the costs of operation and maintenance of such works of improvement in accordance with such terms as may be agreed upon;

(d) Acquire, or provide assurance that the district, the improvement district, or the owners of real property have acquired, such water rights as may be needed in the installation and operation of the work of improvement;

(e) Obtain agreements to carry out soil conservation measures and proper farm plans from owners of real property in connection with such a work of improvement.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9870.** On behalf of an improvement district, the directors may cooperate and contract with the United States, or with any officer, department, bureau, or agency thereof, to accomplish any of the purposes of the improvement district, or to exercise any of the powers of the directors in relation to such improvement districts.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**Article 5. Improvement District Warrants**

**§ 9881.** A district may issue improvement district warrants signed by its president and secretary in face amount not exceeding in the aggregate the cost of the improvements exclusive of interest and amounts paid prior to the issuance of these warrants on the assessment levied to pay for the improvement.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9882.** Improvement district warrants shall be made payable in amounts and at the times corresponding substantially to the amounts and times of payment of the installments of the improvement district assessment.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9883.** Improvement district warrants shall bear interest at the rate fixed at the time of the levy of the improvement district assessment, and the interest may be made payable semiannually.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9884.** Coupons for the interest on these warrants may be attached to them.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9885.** Improvement district warrants may be made payable to any of the following:

- (a) Bearer.
- (b) Persons furnishing work, labor, or material.
- (c) The contractor if the work of improvement is to be done under contract.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9886.** Improvement district warrants may be sold by the district for not less than par at either public or private sale.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9887.** Any surplus funds and any money held by a district in a sinking or depreciation fund may in the discretion of its directors be invested in the warrants of any improvement district within the district.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9888.** Except as otherwise provided by law, the cost of constructing, acquiring, or improving works of an improvement district shall be paid only out of the proceeds of an improvement district assessment levied upon and collected from the real property in the improvement district for such purposes.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9889.** Improvement district warrants shall be paid only out of the proceeds of an improvement district assessment levied upon and collected from the real property within the improvement district for improvement purposes.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9890.** Improvement district warrants or their proceeds shall be used solely for making the improvements for which the improvement district was formed and the necessary incidental expenses.

*(Repealed and added by Stats. 1975, Ch. 513.)*

## **Article 6. Advance Payment of Assessments**

**§ 9901.** At any time before improvement district warrants are issued, the amount of any improvement district assessment on any real property, exclusive of interest and the 10 percent added for anticipated delinquencies, may be paid in money to the treasurer of the principal county of the district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9902.** Real property on which the amount of the improvement district assessment has been paid pursuant to Section 9901 shall not be subject to the annual installments of the assessments levied for the purposes of the improvement, but it shall be and remain liable for any assessments levied for operation and for any supplemental or additional improvement district assessments levied.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9903.** Any owner of real property of an improvement district who desires at any time to lessen or remove the lien upon his real property of any improvement district assessment may deliver to the treasurer of the principal county for cancellation warrants payable out of the assessment.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9904.** The directors may require warrants delivered to lessen or remove an improvement district assessment lien to be substantially of the average maturities of the issue of warrants.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9905.** The treasurer of the principal county shall notify the directors of the amount of the principal and interest due and to become due on the warrants delivered for cancellation. The directors shall thereupon cause the proper cancellation and proper record and credit to be made against the improvement district assessment on the real property of the person delivering the warrants.

*(Repealed and added by Stats. 1975, Ch. 513.)*

## **Article 7. Actions and Proceedings**

**§ 9911.** All acts, proceedings, conclusions, and findings of fact, including the levy of an assessment, by the directors of a district concerning an improvement district therein shall be conclusive except in an action or proceeding instituted within six months after the acts, proceedings, conclusions, or findings were had or made.

*(Added by Stats. 1975, Ch. 513.)*

**§ 9912.** An action to determine the validity of an assessment or of any warrants may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

*(Added by Stats. 1975, Ch. 513.)*

## **Article 8. Dissolution of Improvement Districts**

**§ 9921.** At any time prior to the incurring of any indebtedness or upon the full payment of all indebtedness of an improvement district, a petition, signed and acknowledged by not less than the number of owners of real property constituting the improvement district required to sign a petition to form the improvement district, may be filed with the directors requesting that the improvement district be dissolved.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9922.** A hearing on dissolution shall be had in the same manner and after the same notice as is required for the formation of an improvement district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9923.** The directors may, after the hearing, order the improvement district dissolved.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9924.** The order of dissolution shall be recorded in the same manner as the order forming the improvement district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

## **CHAPTER 11. Tahoe Resource Conservation District**

**§ 9951.** The Tahoe Resource Conservation District is hereby created to consist of those parts of the Counties of Placer and El Dorado lying within the Tahoe Basin adjacent to Lake Tahoe and that additional and adjacent part of the County of Placer outside of the Tahoe Basin which lies southward and eastward of a line starting at the intersection of the basin crestline and the north boundary of Section 1, thence west to the northwest corner of Section 3, thence south to the intersection of the basin crestline and the west boundary of Section 10; all sections referring to Township 15 North, Range 16 East, M.D.B. & M. The district lands defined and described herein shall be as precisely delineated on official maps of the district.

*(Repealed and added by Stats. 1975, Ch. 513.)*

**§ 9952.** (a) Except as otherwise provided in this chapter, the organization and functions of the Tahoe Resource Conservation District shall be governed by the provisions of this division.

(b) The initial Board of Directors of the Tahoe Resource Conservation District shall be composed of the following five persons who shall each be an owner of land within the area described in Section 9951:

(1) One person appointed by the California Tahoe Regional Planning Agency who may be a member of that agency.

(2) One person appointed by the City of South Lake Tahoe.

(3) One person appointed by the Board of Supervisors of El Dorado County.

(4) Two persons appointed by the Board of Supervisors of Placer County.

(c) Successors to the members of the initial board of directors shall be elected at a general resource conservation district election in accordance with this division.

(d) Moneys received by a resource conservation district pursuant to Section 9505 on lands transferred to the Tahoe Resource Conservation District shall be transferred to the Tahoe Resource Conservation District, and all costs of establishing the Tahoe Resource Conservation District shall be a first charge on those funds. The Board of Directors of the Tahoe Resource Conservation District shall determine whether the treasury of Placer County or of El Dorado County shall be the depository of the funds of the Tahoe Resource Conservation District for the purposes of Article 2 (commencing with Section 9521) of Chapter 4.

*(Amended by Stats. 2006, Ch. 68, Sec. 4. Effective January 1, 2007.)*

**§ 9953.** It is not the intent of the Legislature that the Tahoe Resource Conservation District shall in any way affect the responsibilities, authority, and jurisdiction of the California Tahoe Regional Planning Agency, the Tahoe Regional Planning Agency, the California Tahoe Conservancy Agency, or the Tahoe Conservancy Agency.

*(Repealed and added by Stats. 1975, Ch. 513.)*

## **CHAPTER 12. Suisun Resource Conservation District**

**§ 9960.** The following definitions shall govern the interpretation of this chapter:

(a) "Suisun Marsh" means the Suisun Marsh as defined in Section 29101.

(b) "Primary management area" means the primary management area as defined in Section 29102.

(c) "Suisun Marsh Protection Plan" means the plan identified and defined in Section 29113.

(d) "District" means the Suisun Resource Conservation District.

(e) "Board" means the board of directors of the district.

(f) "Individual ownership" means a separate privately owned parcel of land within the primary management area. Contiguous parcels of land owned by the same legal entity comprise a single individual ownership.

(g) "Department" means the Department of Fish and Game.

*(Amended by Stats. 1982, Ch. 1571, Sec. 1.)*

**§ 9961.** Except as otherwise expressly provided in this chapter, the organization, powers, and functions of the district shall be governed by the provisions of this division.

*(Added by Stats. 1977, Ch. 1155.)*

**§ 9962.** (a) The district shall have primary local responsibility for regulating and improving water management practices on privately owned lands within the primary management area of the Suisun Marsh in conformity with Division 19 (commencing with Section 29000) and the Suisun Marsh Protection Plan.

(b) The district shall issue regulations requiring compliance with any water management plan or program for privately owned lands within the primary management area if the plan or program has been prepared by the district and approved and certified by the San Francisco Bay

Conservation and Development Commission as a component of the local protection program required by Chapter 6 (commencing with Section 29500) of Division 19.

(c) Following certification of the district's component of the local protection program by the San Francisco Bay Conservation and Development Commission, the board or its employees may, after approval by a vote of four-fifths of the membership of the board, obtain an inspection warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure and enter onto privately owned lands within the primary management area for the purpose of determining whether or not the landowner is complying with the regulations of the district. Following a determination that a landowner is violating the regulations, and after written notice to the landowner, the board may request the District Attorney of the County of Solano to take appropriate action.

(d) The first violation by any person of any district regulation adopted pursuant to subdivision (b) shall be subject to a civil penalty not to exceed five hundred dollars (\$500). A subsequent violation of the same district regulation by the same person shall be subject to a civil penalty not to exceed five thousand dollars (\$5,000).

(e) The civil penalties prescribed in this section shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the District Attorney of the County of Solano. Such an action shall take precedence over all other civil matters on the calendar, except those matters to which equal precedence on the calendar is granted by law. Any penalty collected under this section shall be paid to the Treasurer of the County of Solano and shall be credited one-half to the county general fund and one-half to the district.

*(Amended by Stats. 1982, Ch. 1571, Sec. 2.)*

**§ 9963.** Notwithstanding the provisions of Section 9803, the formation of an improvement district within the primary management area may be proposed and the petition therefor may be signed by a majority of the members of the board. Thereafter, proceedings with regard to the formation of the proposed improvement district shall be in accordance with Sections 9804 through 9821, inclusive. However, wherever "petition" is used in those provisions, it shall be deemed to refer to the petition of the majority of the members of the board; and, notwithstanding Section 9817, the petition shall not be required to be dismissed unless more than one-half of the holders of title to the real property within the proposed improvement district object to its formation or the levy of the proposed assessment.

*(Added by Stats. 1977, Ch. 1155.)*

**§ 9964.** The district may, with the consent of the owner, levy special assessments on the lands of the consenting owner within the district pursuant to the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code) or the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code) and issue bonds to represent unpaid assessments pursuant to the Improvement Act of 1911 or the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code) to finance the construction of improvements on those lands as provided by Section 9409.

Notwithstanding any provisions of Division 7 (commencing with Section 5000) or Division 12 (commencing with Section 10000) of the Streets and Highways Code, the district may contract for the construction of these improvements without inviting public bids therefor.

*(Added by Stats. 1982, Ch. 1571, Sec. 3.)*

**§ 9965.** (a) The Legislature finds that compliance with the mandated regulations of the district will produce public benefits by improving wildlife habitat in the primary management area and that providing public funds to partially offset the costs of complying with those regulations would serve a valid public purpose. Assistance under this section shall not be treated as taxable income to a private landowner.

(b) Each year the district shall submit to the department an estimate of an amount sufficient to reimburse the private landowners in the primary management area for 50 percent of the operation and maintenance costs which it anticipates they will incur the following fiscal year in carrying out this chapter and Division 19 (commencing with Section 29000). Funds for this purpose shall not exceed five thousand dollars (\$5,000) per individual ownership. The funds shall be included in the budget of the department payable from the Wildlife Restoration Fund and shall be available to the department for disbursement to the private landowners in accordance with subdivision (c).

(c) Each fiscal year, any private landowner in the primary management area who desires to qualify for the assistance provided by this section shall, by December 31, submit to the district a claim for those costs incurred that calendar year in carrying out the operation and maintenance activities specified in that landowner's individual ownership management program. Each claim shall be accompanied by substantiating documents, as determined by the district. The district shall review each claim to determine its appropriateness by, including, but not limited to, an onsite inspection to establish that the physical improvements or management procedures for which a claim is submitted have been satisfactorily completed. The district shall submit the individual ownership claims to the department for review and approval for payment equal to 50 percent of each claim. However, no payment shall exceed five thousand dollars (\$5,000). In any fiscal year in which the funds appropriated for purposes of this section are insufficient to pay 50 percent of each claim, the department shall pay all approved claims on a pro rata basis. In any fiscal year in which no funds are appropriated for purposes of this section, the department shall pay no claims.

*(Amended by Stats. 1983, Ch. 142, Sec. 126.)*

## **CHAPTER 13. Ventura County Resource Conservation District**

**§ 9970.** The provisions of this chapter apply only to the Ventura County Resource Conservation District. For the purposes of this chapter, "district" means the Ventura County Resource Conservation District.

*(Added by Stats. 1978, Ch. 233.)*

**§ 9971.** Except as otherwise provided in this chapter, the organization and functions of the district shall be governed by the provisions of this division.

*(Added by Stats. 1978, Ch. 233.)*

**§ 9972.** Whenever any territory in the district is included in a city by reason of incorporation or annexation, that territory may be excluded from the district upon the effective date of its

inclusion in the city, subject only to compliance by the district with the requirements of Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code.

Upon the exclusion of such territory, all unencumbered funds standing to the credit of the area upon the date of its exclusion shall be divided between the city and the district in proportion to the assessed value of real property of the territory excluded and the portion remaining. For the purpose of this section, "unencumbered funds" means a sum of money consisting of uncollected taxes, including taxes levied and collected for the territory on property withdrawn after the date of exclusion, and other uncollected amounts belonging to or due such territory, that is in excess of an amount sufficient to pay all claims and accounts against the territory.

In the event the district has indebtedness evidenced by bonds and the indebtedness is outstanding and owing on the date of exclusion, the property within any territory excluded from the district shall remain liable for assessment and payment of its pro rata share of the tax therefor.

*(Added by Stats. 1978, Ch. 233.)*

## **DIVISION 10.2. AGRICULTURAL LAND STEWARDSHIP PROGRAM OF 1995**

### **CHAPTER 1. General Provisions**

#### **Article 1. Title**

**§ 10200.** This division shall be known, and may be cited, as the California Farmland Conservancy Program Act. Any other references in this division to the Agricultural Land Stewardship Program Act of 1995 shall hereafter mean the California Farmland Conservancy Program Act.

*(Amended by Stats. 1999, Ch. 503, Sec. 1. Effective January 1, 2000.)*

#### **Article 2. Findings and Declarations**

**§ 10201.** The Legislature hereby finds and declares all of the following:

(a) The agricultural lands of the state contribute substantially to the state, national, and world food supply and are a vital part of the state's economy.

(b) The growing population and expanding economy of the state have had a profound impact on the ability of the public and private sectors to conserve land for the production of food and fiber, especially agricultural land around urban areas.

(c) Agricultural lands near urban areas that are maintained in productive agricultural use are a significant part of California's agricultural heritage. These lands contribute to the economic betterment of local areas and the entire state and are an important source of food, fiber, and other agricultural products. Conserving these lands is necessary due to increasing development pressures and the effects of urbanization on farmlands close to cities.

(d) The long-term conservation of agricultural land is necessary to safeguard an adequate supply of agricultural land and to balance the increasing development pressures around urban areas.

(e) A program to encourage and make possible the long-term conservation of agricultural lands is a necessary part of the state's agricultural land protection policies and programs, and it is appropriate to expend money for that purpose. A program of this nature will only be effective when used in concert with local planning and zoning strategies to conserve agricultural land.

(f) Funding is necessary to better address the needs of conserving agricultural land near urban areas.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10202.** It is the intent of the Legislature, in enacting this division, to do all of the following:

(a) Encourage voluntary, long-term private stewardship of agricultural lands by offering landowners financial incentives.

(b) Protect farming and ranching operations in agricultural areas from nonfarm or nonranch land uses that may hinder and curtail farming or ranching operations.

(c) Encourage long-term conservation of productive agricultural lands in order to protect the agricultural economy of rural communities, as well as that of the state, for future generations of Californians.

(d) Encourage local land use planning for orderly and efficient urban growth and conservation of agricultural land.

(e) Encourage local land use planning decisions that are consistent with the state's policies with regard to agricultural land conservation.

(f) Encourage improvements to enhance long-term sustainable agricultural uses.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

### **Article 3. Definitions**

**§ 10210.** Unless the context otherwise requires, the definitions in this article govern the construction of this division.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10211.** "Agricultural conservation easement" or "easement" means an interest in land, less than fee simple, which represents the right to prevent the development or improvement of the land, as specified in Section 815.1 of the Civil Code, for any purpose other than agricultural production. The easement shall be granted for the California Farmland Conservancy Program by the owner of a fee simple interest in land to any of the organizations or entities specified in Section 815.3 of the Civil Code. It shall be granted in perpetuity as the equivalent of covenants running with the land.

*(Amended by Stats. 2019, Ch. 469, Sec. 7. Effective January 1, 2020.)*

**§ 10212.** "Applicant" means a city, county, nonprofit organization, resource conservation district, or a regional park or open-space district or regional park or open-space authority that has the conservation of farmland among its stated purposes, as prescribed by statute, or as expressed in the entity's locally adopted policies, that applies for a grant authorized pursuant to this division.

*(Amended by Stats. 2002, Ch. 616, Sec. 3. Effective January 1, 2003.)*

**§ 10213.** (a) “Agricultural land” means prime farmland, farmland of statewide importance, unique farmland, farmland of local importance, and commercial grazing land as defined in the Guidelines for the Farmland Mapping and Monitoring Program, pursuant to Section 65570 of the Government Code.

(b) In those areas of the state where lands have not been surveyed for classification pursuant to subdivision (a), land shall meet the requirements of “prime agricultural land” as set forth in subdivision (c) of Section 51201 of the Government Code.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10214.** “Department” means the Department of Conservation.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10215.** “Director” means the Director of Conservation.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10216.** “Fund” means the California Farmland Conservancy Program Fund created pursuant to Section 10230.

*(Amended by Stats. 1999, Ch. 503, Sec. 3. Effective January 1, 2000.)*

**§ 10218.** “Husbandry practices” means agricultural activities, such as those specified in subdivision (e) of Section 3482.5 of the Civil Code, conducted or maintained for commercial purposes in a manner consistent with proper and accepted customs and standards, as established and followed by similar agricultural operations in the same locality.

*(Amended by Stats. 1999, Ch. 83, Sec. 167. Effective January 1, 2000.)*

**§ 10219.** “Local government” means a city or county.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10220.** “Local government program” means the policies and implementation measures of a local government to conserve agricultural land.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10221.** “Nonprofit organization” means any private nonprofit organization which has among its purposes the conservation of agricultural lands, and holds a tax exemption as defined under Section 501(c)(3) of the Internal Revenue Code, and further qualifies as an organization under Section 170(b)(1)(A)(vi) or 170(h)(3) of the Internal Revenue Code.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10222.** “Program” means the California Farmland Conservancy Program established under this division.

*(Amended by Stats. 1999, Ch. 503, Sec. 4. Effective January 1, 2000.)*

**§ 10223.** “Secretary” means the Secretary of the Resources Agency.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10224.** “Resource conservation district” means a resource conservation district established pursuant to Division 9 (commencing with Section 9000).

*(Added by Stats. 1999, Ch. 503, Sec. 5. Effective January 1, 2000.)*

#### **Article 4. Administration**

**§ 10225.** The Legislature hereby finds and declares that, pursuant to Chapter 4 (commencing with Section 31150) of Division 21, the State Coastal Conservancy has responsibility for carrying out agricultural projects in the coastal zone, as defined in Section 30103. Nothing in this division shall be construed to alter the conservancy's responsibility for the administration of state or federal funds that are allocated for the purpose of preserving coastal agricultural lands. For projects in the coastal zone, the department shall consult with the State Coastal Conservancy in developing its policies, priorities, and procedures for the allocation of those state and federal moneys.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10226.** Nothing in this division shall be construed to overrule, rescind, or amend any of the requirements prescribed in Chapter 7 (commencing with Section 51200) of Division 1 of Title 5 of the Government Code.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10227.** No local government shall, in any way, limit development on any land solely because of the land's proximity to property that is protected by an agricultural conservation easement that is subject to this division.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

#### **CHAPTER 2. Agricultural Land Stewardship Program**

**§ 10230.** (a) (1) The California Farmland Conservancy Program Fund is hereby created. Except as provided in paragraph (2), the moneys in the fund shall, upon appropriation by the Legislature in the annual Budget Act, be used for the purposes of the program, which include the purchase of agricultural conservation easements, fee title acquisition grants, land improvement and planning grants, technical assistance provided by the department, technology transfer activities of the department, and administrative costs incurred by the department in administering the program.

(2) Notwithstanding paragraph (1), moneys may be deposited into the fund from federal grants, and gifts and donations that are designated and required by the donor to be used exclusively for the purposes of the program, and notwithstanding Section 13340 of the Government Code, those moneys are hereby continuously appropriated to the department for expenditure for the purposes of this program.

(b) Not to exceed 10 percent of all grants made by the department pursuant to this division may be made for land improvement purposes and policy planning purposes. Not less than 90 percent of funds available for grants pursuant to this division shall be expended for the acquisition of interests in land.

*(Amended by Stats. 2002, Ch. 616, Sec. 4. Effective January 1, 2003.)*

**§ 10230.5.** Policy planning grants may be awarded pursuant to criteria established by the department for purposes including, but not limited to, the development and evaluation of local or regional land conservation strategies and potential agricultural conservation easement or fee title acquisition projects.

*(Added by Stats. 2002, Ch. 616, Sec. 5. Effective January 1, 2003.)*

**§ 10231.** Money available from the fund shall be utilized in accordance with the expenditures and distribution authorized, required, or otherwise provided in the program for grants for the acquisition of agricultural conservation easements or fee title. This includes direct costs incidental to the acquisition, as determined by the department, including costs associated with a loss in property tax revenues resulting from the acquisition of those agricultural conservation easements. Direct costs paid to the applicant shall have been incurred after the complete application was submitted to the department and no more than 180 days before the execution of the grant agreement or during the grant term, and shall not exceed 10 percent of the value of the easements for which the costs were incurred.

*(Amended by Stats. 2007, Ch. 254, Sec. 5. Effective September 26, 2007.)*

**§ 10231.5.** The department may accept donations of funds if the department is the designated beneficiary of the donation and it agrees to use the funds for purposes of the program in a county specified by the donor. Any donation made to the department pursuant to this section is subject to the requirements of Sections 11005 and 16302 of the Government Code.

*(Added by Stats. 1999, Ch. 503, Sec. 8. Effective January 1, 2000.)*

**§ 10232.** The director shall not approve a grant if the local government requesting a grant has acquired, or proposes to acquire, the agricultural conservation easement through the use of eminent domain, unless requested by the owner of the land.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10233.** Each application for a grant pursuant to this division shall contain a matching funding component, as specified in this section, and may be provided in the form of cash or in-kind services, or any combination thereof, as determined by the department.

(a) Each application for a grant for the purchase of an agricultural conservation easement shall contain a matching component of not less than 5 percent of the value of the grant or a landowner donation of not less than 10 percent of the appraised fair market value of the agricultural conservation easement. In situations where both matching funds and donations of easement value are being combined, the combined match shall be not less than 10 percent of the appraised fair market value of the agricultural conservation easement. Up to 50 percent of contributions to an agricultural conservation easement monitoring endowment for the subject property may be provided as a component of a qualified grant match under this division, as determined by the department.

(b) Each application for a planning or land improvement grant pursuant to Section 10230 shall contain a matching funding component of not less than 10 percent of the proposal's total cost.

(c) Each application for a fee title acquisition grant shall contain a matching component of not less than 5 percent of the value of the grant.

*(Amended by Stats. 2002, Ch. 616, Sec. 7. Effective January 1, 2003.)*

**§ 10234.** Every applicant for a grant for the acquisition of fee title or an agricultural conservation easement shall provide by a resolution from the governing body of the local government in which the proposed project is located, and shall certify both of the following:

(a) The proposal meets the eligibility criteria set forth in Section 10251.

(b) The proposal has been approved by the appropriate local governmental governing body.

*(Amended by Stats. 2002, Ch. 616, Sec. 8. Effective January 1, 2003.)*

**§ 10235.** (a) The director shall not disburse any grant funds until the applicant agrees that any agricultural conservation easement acquired shall be used by the applicant only for the purpose for which the funds were requested and that no other use, sale, or other disposition of the easement shall be permitted unless approved by the director, or where the easement may be transferred to a public agency or nonprofit organization, for management purposes.

(b) If a local government or nonprofit organization holding the easement is dissolved, it shall be transferred to an appropriate public agency or nonprofit organization, as provided in this division.

(c) The easement, or any of its terms, may only be amended with the consent of all of the necessary parties to the easement, including the landowner, the easement holder, and the director. The director shall determine that the amendment is not inconsistent with this section before it may be amended.

*(Amended by Stats. 2002, Ch. 616, Sec. 9. Effective January 1, 2003.)*

**§ 10235.5.** The department may establish a payment system for the purchase of an agricultural conservation easement that is mutually satisfactory to the department and the seller of the easement, provided that full payment for the easement is secured.

*(Added by Stats. 1999, Ch. 503, Sec. 10. Effective January 1, 2000.)*

**§ 10236.** If the funds are used for the acquisition of an agricultural conservation easement pursuant to a local transfer of development rights program, upon the sale of the easement and its attendant development rights, the entity that holds the easement shall reimburse the fund by an amount equal to the fair market value of the easement, as determined by an appraisal approved by the department.

*(Amended by Stats. 2002, Ch. 616, Sec. 10. Effective January 1, 2003.)*

**§ 10237.** The director shall not disburse any grant funds for easement or fee title acquisitions unless the applicant, and in the case of an easement acquisition grant, the seller, agrees to restrict the use of the land in perpetuity, subject to review after 25 years.

*(Amended by Stats. 2002, Ch. 616, Sec. 11. Effective January 1, 2003.)*

**§ 10238.** The director shall not disburse any grant funds to acquire agricultural conservation easements which restrict husbandry practices.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10239.** The director shall disburse funds to an applicant for a grant for the acquisition of fee title to agricultural land only if the applicant agrees to all of the following conditions:

(a) Upon acquisition of the property, treat the property as encumbered by an agricultural conservation easement subject to this division and approved by the department.

(b) Sell the fee title subject to an agricultural conservation easement approved by the department to a private landowner within three years of the acquisition of the fee title.

(c) Reimburse the fund directly from escrow within 30 days after the sale of the restricted fee title by an amount equal to the department's proportional share of the net proceeds of the sale.

(1) The "net proceeds of the sale" is defined as the fair market value of the land less the value of the easement and associated transaction costs.

(2) The department's proportional share of the net proceeds of the sale shall be calculated using a factor reflecting the department's proportional share of the purchase price paid by the applicant in the original acquisition of fee title, taking into account contributions from all sources toward that original purchase price.

*(Amended by Stats. 2007, Ch. 254, Sec. 6. Effective September 26, 2007.)*

**§ 10240.** (a) The department shall adopt rules and regulations for the implementation of this division.

(b) Rules or regulations adopted by the department pursuant to this section shall be adopted in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

*(Amended by Stats. 2002, Ch. 616, Sec. 13. Effective January 1, 2003.)*

**§ 10241.** The department shall adopt the criteria necessary for its approval of grant applications.

*(Amended by Stats. 2002, Ch. 616, Sec. 14. Effective January 1, 2003.)*

**§ 10242.** The director shall review, and approve or disapprove, grant applications from applicants for the acquisition of agricultural conservation easements on agricultural land or the acquisition of fee title to agricultural land pursuant to Section 10239.

*(Amended by Stats. 1999, Ch. 503, Sec. 15. Effective January 1, 2000.)*

**§ 10243.** The department shall allocate available state funds to applicants for the acquisition of agricultural conservation easements. However, no governmental agency shall condition the issuance of an entitlement to use on a landowner's granting of a fee interest or less than a fee interest in property pursuant to this chapter.

*(Amended by Stats. 1999, Ch. 503, Sec. 16. Effective January 1, 2000.)*

**§ 10244.** To be eligible to receive funds pursuant to this division for the acquisition of either agricultural conservation easements or fee title interests, qualified applicants shall submit to the department documentation of the applicable local government's adopted general plan that demonstrates a long-term commitment to agriculture and agricultural land conservation, including a summary of goals, objectives, and policies and implementation measures that support that commitment.

*(Amended by Stats. 2002, Ch. 616, Sec. 15. Effective January 1, 2003.)*

**§ 10245.** The program shall reimburse any school district which requests reimbursement for any net loss of property tax revenues occurring as a result of the program.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10246.** Grants may be made for land improvements. Use of these grants shall be limited to the improvement of lands protected by agricultural conservation easements under the program, or of lands protected by other qualified conservation easement programs, if the improvement will directly benefit the lands protected by agricultural conservation easements under the program. An application for a land improvement grant shall be evaluated with respect to the extent to which it satisfies one or more of the following criteria:

(a) The improvement will enhance the agricultural value of the land protected by the easement, and promote its long-term sustainable agricultural use such as water supply development and revegetation of eroding streambanks.

(b) The improvement will increase the compatibility of agricultural operations with sensitive natural areas.

(c) The improvement will demonstrate new and innovative best management practices which have the potential for wide application.

(d) The proposed improvement includes the financial and technical involvement of other agencies, such as resource conservation districts, the Wildlife Conservation Board, the United States Farm Services Agency, and the United States Natural Resources Conservation Service.

(e) The improvement is part of a coordinated watershed management plan or the equivalent.

(f) The application satisfies other relevant criteria established by the department.

*(Amended by Stats. 2002, Ch. 616, Sec. 16. Effective January 1, 2003.)*

### **CHAPTER 3. Eligibility and Selection Criteria**

**§ 10250.** In reviewing applications pursuant to this division, the department shall determine whether the proposed project meets the applicable requirements set forth in this division and conforms with any rules or regulations adopted by the department pursuant to this division.

*(Amended by Stats. 2002, Ch. 616, Sec. 17. Effective January 1, 2003.)*

**§ 10251.** Applicants for an agricultural conservation easement or fee acquisition grant shall meet all of the following eligibility criteria:

(a) The parcel proposed for conservation is expected to continue to be used for, and is large enough to sustain, commercial agricultural production. The land is also in an area that possesses the necessary market, infrastructure, and agricultural support services, and the surrounding parcel sizes and land uses will support long-term commercial agricultural production.

(b) The applicable city or county has a general plan that demonstrates a long-term commitment to agricultural land conservation. This commitment shall be reflected in the goals, objectives, policies, and implementation measures of the plan, as they relate to the area of the county or city where the easement acquisition is proposed.

(c) Without conservation, the land proposed for protection is likely to be converted to nonagricultural use in the foreseeable future.

*(Amended by Stats. 2002, Ch. 616, Sec. 18. Effective January 1, 2003.)*

**§ 10252.** The director shall evaluate a proposal for a fee title or agricultural conservation easement acquisition grant based upon the overall value of the project, taking into consideration the goals and objectives for this program, and the extent to which the proposed project satisfies the following selection criteria:

(a) The quality of the agricultural land, based on land capability, farmland mapping and monitoring program definitions, productivity indices, and other soil, climate, and vegetative factors.

(b) The proposal meets multiple natural resource conservation objectives, including, but not limited to, wetland protection, wildlife habitat conservation, and scenic open-space preservation.

(c) The city or county demonstrates a long-term commitment to agricultural land conservation as demonstrated by the following:

(1) The general plan and related land use policies of the city or county.

(2) Policies of the local agency formation commission.

(3) California Environmental Quality Act policies and procedures.

(4) The existence of active local agricultural land conservancies or trusts.

(5) The use of an effective right-to-farm ordinance.

(6) Applied strategies for the economic support and enhancement of agricultural enterprise, including water policies, public education, marketing support, and consumer and recreational incentives.

(7) Other relevant policies and programs.

(d) If the land is in a county that participates in the Williamson Act (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code), the land proposed for protection is within a county or city designated agricultural preserve.

(e) The land proposed for conservation is within two miles outside of the exterior boundary of the sphere of influence of a city as established by the local agency formation commission.

(f) The applicant demonstrates fiscal and technical capability to effectively carry out the proposal. Technical capability may be demonstrated by agricultural land conservation expertise on the governing board or staff of the applicant, or through partnership with an organization that has that expertise.

(g) The proposal demonstrates a coordinated approach among affected landowners, local governments, and nonprofit organizations. If other entities are affected, there is written support from those entities for the proposal and a willingness to cooperate. The support of neighboring landowners who are not involved in the proposal shall be considered.

(h) The conservation of the land supports long-term private stewardship and continued agricultural production in the region.

(i) The proposal demonstrates an innovative approach to agricultural land conservation with a potential for wide application in the state.

(j) The amount of matching funds and in-kind services contributed by local governments and other sources toward the acquisition of the fee title or agricultural conservation easement, or both.

(k) The price of the proposed acquisition is cost-effective in comparison to the fair market value.

(l) Other relevant considerations established by the director.

*(Amended by Stats. 2002, Ch. 616, Sec. 19. Effective January 1, 2003.)*

**§ 10252.5.** (a) Notwithstanding any other provision of this division and subject to subdivision (b), the director may make a grant, and disburse moneys for that grant from a source other than the fund, to an applicant for the acquisition of an agricultural conservation easement, if the director determines that the grant meets the purposes of this division and upon appropriation by the Legislature with regard to state funds from a source other than the fund.

(b) An agricultural conservation easement that is funded by a grant issued pursuant to subdivision (a) shall meet all of the following requirements:

(1) The primary purpose for which the easement is being sought is consistent with continuing agricultural use of the easement property.

(2) The easement does not, and will not, substantially prevent agricultural uses on the easement property.

(3) Any restriction on the current or reasonably foreseeable agricultural use of the easement property would only be imposed to restrict those areas of the easement property that are not in cultivation.

(4) If the easement property has characteristics or qualities that meet the original purpose of the funding source as cultivated land, the easement property may continue to be commercially cultivated with the minimum restrictions necessary to meet the original funding source requirements.

(5) The nonagricultural qualities that will be protected by the easement are inherent to the easement property.

(6) The easement will require that a subsequent easement or deed restriction placed on the easement property will be subordinate to the agricultural conservation easement and require approval of the director.

(c) (1) In enacting this provision, it is the intent of the Legislature that moneys other than those appropriated to the fund be used to provide grants to implement this section.

(2) The Farm, Ranch, and Watershed Account is hereby established within the Soil and Conservation Fund. Moneys in that account shall be used to provide grants to implement this section.

*(Added by Stats. 2010, Ch. 323, Sec. 1. Effective January 1, 2011.)*

**§ 10253.** Nothing in this chapter shall grant any new authority to the department to affect local policy or land use decisionmaking.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10254.** Before an application for an agricultural conservation easement or fee title acquisition grant is approved by the department pursuant to the program, the entity that is applying for the grant shall provide public notice to parties reasonably likely to be interested in the property, including the county and city in which the property is located, conservation, agricultural, and development organizations, adjacent property owners, and the general public. Written notice shall be provided as follows:

(a) Notice shall be provided to adjacent landowners as indicated in the county tax rolls not less than 30 days prior to the expected date of the local government's consideration of the resolution required pursuant to subdivision (b) of Section 10234.

(b) The notice to the county and city shall be provided not less than 30 days before the entity applies for the grant to acquire an agricultural conservation easement.

*(Amended by Stats. 2002, Ch. 616, Sec. 20. Effective January 1, 2003.)*

**§ 10255.** Prior to the disbursement of grant funds for easements or fee title acquisitions under this division, all of the following conditions shall be met:

(a) The proposed agricultural conservation project shall be deemed by the department to be compatible with the applicable city or county general plan.

(b) The governing body of the applicable city or county approves the easement proposal by resolution.

(c) For land within a city's sphere of influence, the proposed agricultural conservation project shall be deemed by the department to be compatible with both the applicable county and city general plans. In addition, both the applicable county and city shall have adopted resolutions approving the easement proposal.

*(Added by Stats. 2002, Ch. 616, Sec. 22. Effective January 1, 2003.)*

#### **CHAPTER 4. Agricultural Conservation Easements**

**§ 10260.** (a) In determining the amount of funding to be provided for an agricultural conservation easement or fee acquisition grant, the department shall take reasonable steps to ensure that the total purchase price of the agricultural conservation easement or, in the case of a fee title acquisition, the total purchase price of the subject property does not exceed fair market value, taking into consideration the funding from all sources. The determination of fair market value shall be accomplished, as follows:

(1) An applicant shall select and retain an independent real estate appraiser to determine the value of the subject property, including any proposed agricultural conservation easement.

(2) The department shall review and consider an applicant's appraisal and may, at its sole discretion, require or obtain an additional appraisal.

(3) The easement value shall be calculated by determining the difference between the fair market value and the restricted value of the property.

(b) The department may conditionally approve grant applications prior to completion of final appraisals, provided an acceptable appraisal and all other requirements of this division are met before any disbursement of grant funds.

(c) The department shall have final authority to determine the acceptability of an appraisal pursuant to this division.

*(Amended by Stats. 2002, Ch. 616, Sec. 21. Effective January 1, 2003.)*

**§ 10260.5.** For purposes of this division, an agricultural conservation easement shall be recorded in the county recorder's office in each county in which the real property affected is located. Once recorded, the easement shall attach to the real property in perpetuity.

*(Amended by Stats. 2002, Ch. 616, Sec. 23. Effective January 1, 2003.)*

**§ 10261.** (a) Whenever any entity exercises the power of eminent domain to acquire land subject to an agricultural conservation easement under this program, the condemnor shall pay just compensation to the owner of the land in fee and to the owner of the easement as follows:

(1) The owner of the land in fee shall be paid the full value that would have been payable to the owner but for the existence of the easement less the fair market value of the easement, as determined by an independent appraisal, at the time of condemnation.

(2) The program, and any other contributing parties if so provided in the easement, shall be paid the value of the easement at the time of condemnation.

(b) The director may provide, by regulation, or, pursuant to the terms of the easement, that in the case of acquisition of the easement by a federal agency, that the agency shall agree to the amount of compensation paid for the easement that is determined pursuant to subdivision (a), or pay the current fair market value of the land subject to an agricultural easement. The director shall distribute the proceeds of a land sale that is made in accordance with the conditions set forth in subdivision (a).

*(Amended by Stats. 2002, Ch. 616, Sec. 24. Effective January 1, 2003.)*

**§ 10262.** An agricultural conservation easement shall not prevent any of the following:

(a) The granting of leases, assignments, or other conveyances, or the issuing of permits, licenses, or other authorization, for the exploration, development, storage, or removal of oil and gas by the owner of the subject land, or for the development of related facilities or for the conduct of incidental activities, as long as the agricultural productivity of the subject land and any multiple uses that made the acquisition a priority for selection under the program, are not thereby significantly impaired.

(b) The granting of rights-of-way by the owner of the subject land in and through the land for the installation, transportation, or use of water, sewage, electric, telephone, gas, oil, or oil products lines, stock water development and storage, energy generation, and fencing, provided that the agricultural productivity of the land and any multiple uses that made the acquisition a priority for selection under the program, are not significantly impaired by those activities.

(c) The construction and use of structures on the subject land that are necessary for agricultural production and marketing, including, but not limited to, barns, shops, packing sheds, cooling facilities, greenhouses, roadside marketing stands, stock water development and storage, energy generation, and fencing, provided that the agricultural productivity of the land and any multiple uses that made the acquisition a priority for selection under the program, are not significantly impaired by those activities.

(d) Customary part time or off season rural enterprises or activities, including, but not limited to, hunting and fishing, wildlife habitat improvement, predator control, timber harvesting, and firewood production, provided that the agricultural productivity of the land and any multiple uses that made the acquisition a priority for selection under the program, are not significantly impaired by those activities.

*(Amended by Stats. 2002, Ch. 616, Sec. 25. Effective January 1, 2003.)*

**§ 10262.1.** Except as provided in Section 10238, an easement may, at the request of the landowner, establish provisions that are more restrictive than those restrictions prescribed in this division.

*(Added by Stats. 1999, Ch. 503, Sec. 22. Effective January 1, 2000.)*

**§ 10262.2.** An agricultural conservation easement may provide for either or both of the following:

(a) Construction and use of additional residences for the immediate family members, as defined in subdivision (c) of Section 51230.1 of the Government Code, of the landowner.

(b) Construction and use of structures on the subject land for the purpose of providing necessary housing for seasonal or full-time employees of the agricultural operation.

*(Added by Stats. 2002, Ch. 616, Sec. 26. Effective January 1, 2003.)*

**§ 10262.5.** The granting of an agricultural conservation easement under this division shall not be interpreted to convey any rights of public access to the subject property.

*(Added by Stats. 2002, Ch. 616, Sec. 27. Effective January 1, 2003.)*

**§ 10263.** (a) The department shall act on an application for a grant within 180 days after the department determines that it is complete.

(b) If the department disapproves a grant application, the applicant shall be given written notice of the disapproval within 10 days of the department's decision. The written notice shall state the reason for the disapproval of the application.

*(Amended by Stats. 2002, Ch. 616, Sec. 28. Effective January 1, 2003.)*

**§ 10264.** The director shall disapprove the application for a grant for the acquisition of an agricultural conservation easement or fee title in any of the following circumstances:

(a) The application does not satisfy the eligibility criteria set forth in Section 10251.

(b) The department has determined that clear title to the agricultural conservation easement cannot be conveyed.

(c) There is insufficient money in the fund to carry out the acquisition.

(d) Other acquisitions have a higher priority.

*(Amended by Stats. 2002, Ch. 616, Sec. 29. Effective January 1, 2003.)*

## **CHAPTER 5. Termination of Agricultural Conservation Easements**

**§ 10270.** Twenty-five or more years from the date of sale of the agricultural conservation easement, the landowner may make a request to the department that the easement be reviewed for possible termination. Upon receipt of a request, the department shall immediately notify the affected local government to initiate a local government inquiry pursuant to Section 10271.

*(Amended by Stats. 2002, Ch. 616, Sec. 31. Effective January 1, 2003.)*

**§ 10271.** (a) To terminate the agricultural conservation easement, the local government in which the subject land is located shall undertake an inquiry to determine the feasibility of profitable farming on the subject land.

(1) The local government inquiry shall include onsite inspection of the subject land, the holding of a public hearing in the county in which the subject land is located, held after adequate

public notice of the hearing has been given and the preparation of a report documenting the findings of the local government.

(2) The inquiry shall be concluded and a report submitted to the department within 150 days of the department notifying the local government of the request pursuant to Section 10270.

(b) The department shall make a decision as to the request within 195 days after notifying the local government of the request or within 45 days after receiving the local government report summarizing the results of its inquiry, whichever occurs later.

*(Amended by Stats. 2002, Ch. 616, Sec. 32. Effective January 1, 2003.)*

**§ 10272.** An agricultural conservation easement may be terminated only with the approval of the city council of the city in which the subject land is located, or of the board of supervisors if the land is located in an unincorporated area.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10273.** (a) For the department to approve the termination of the agricultural conservation easement, all of the following findings shall be made:

(1) The termination is consistent with the purposes of this division.

(2) The termination is in the public interest.

(3) The termination is not likely to result in the removal of adjacent lands from commercial agricultural production.

(4) The termination is for an alternate use which is consistent with the applicable provisions of the city or county general plan.

(5) The termination will not result in discontinuous patterns of urban development.

(6) The conservation purposes, as defined in the agricultural conservation easement, can no longer be achieved.

(7) There is no land that is available and suitable for the use to which it is proposed that the restricted land be put to, or that development of the restricted land would provide more contiguous patterns of urban development than development of proximate unrestricted land.

(b) As used in subdivision (a), the following terms have the following meaning:

(1) "Proximate unrestricted land" means land that is not restricted by an easement and which is sufficiently close to land that is restricted so that it can serve as a practical alternative for the use that is proposed for the restricted land.

(2) "Suitable for the use" means that the salient features of the proposed use can be served by land not restricted by an easement. The nonrestricted land may be a single parcel or may be a combination of discontinuous parcels.

(c) The department shall request from the easement holder, and shall consider the easement holder's assessment of, information regarding the continuing value and viability of the subject property for the conservation purposes for which the easement was originally created. The department may consider the easement holder's investment in, or experience with, the subject property in evaluating the proposed termination.

*(Amended by Stats. 2002, Ch. 616, Sec. 33. Effective January 1, 2003.)*

**§ 10274.** The uneconomic character of existing agricultural use shall not by itself be sufficient reason for termination of the agricultural conservation easement, unless the director determines there is no other reasonable or comparable agricultural use for the land, and the conservation

purposes, as defined in the agricultural conservation easement, can no longer be achieved. If the director determines that the existing use is uneconomic, that there is no other reasonable or comparable agricultural use of the land, and the conservation purposes as defined in the agricultural conservation easement can no longer be achieved, termination of the easement may be approved by the secretary without making a finding pursuant to paragraph (6) of subdivision (a) of Section 10273.

*(Amended by Stats. 2002, Ch. 616, Sec. 34. Effective January 1, 2003.)*

**§ 10275.** (a) The landowner's request for termination shall be accompanied by a proposal for a specified alternative use of the land. The proposal for the alternative use shall list those governmental agencies known by the landowner to have permit authority related to the proposed alternative use.

(b) The landowner requesting a termination shall be required to pay the total amount of the costs incurred by the local government responsible for the administration of proceedings related to the landowner's request for termination, if requested by the local government.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

**§ 10276.** (a) If the termination of the agricultural conservation easement is approved pursuant to this division or pursuant to a judicial proceeding in a court of competent jurisdiction, the landowner shall repurchase the easement by paying to the fund and, if so provided in the easement, to any other contributing parties, the difference, at that time, between the fair market value and the restricted value. That difference shall be determined by an appraisal approved by the state and conducted at the landowner's expense.

(b) If the landowner fails to complete the termination process by repurchasing the agricultural conservation easement within one year from the date of the department's approval of the termination of the easement, the termination approval shall lapse and the landowner shall wait at least one year before reapplying to terminate the easement.

(c) Money received from the repurchase of agricultural conservation easements shall be deposited in the fund and shall be available, upon appropriation, for the purposes set forth in this division, except as provided in subdivision (d).

(d) Where an easement was originally purchased with moneys from sources other than the program, the easement may require that moneys received from the repurchase of the easement be divided proportionally between the fund and any other funding source, including nonprofit organizations, in amounts that are proportional to the original contribution made by each party that contributed to that purchase. If provided in an easement, a nonprofit organization that contributed indirect costs and services to the purchase of an easement may recoup the actual amount of its contribution, plus an amount not exceeding 3 percent of the total amount of the contribution for administrative costs of ongoing easement monitoring and enforcement. Those contributions shall be deducted from the total proceeds prior to the proportional division defined herein.

*(Amended by Stats. 2002, Ch. 616, Sec. 35. Effective January 1, 2003.)*

**§ 10277.** If the termination of the agricultural conservation easement is not approved, the landowner may reapply for termination not sooner than one year after the submittal of the denied application.

*(Added by Stats. 1995, Ch. 931, Sec. 1. Effective January 1, 1996.)*

### **DIVISION 10.3. AGRICULTURAL PROTECTION PLANNING GRANT PROGRAM**

**§ 10280.** The Agricultural Protection Planning Grant Program is hereby established within the Department of Conservation, to provide planning grants to improve the protection of agricultural lands and grazing lands, including oak woodlands and grasslands.

*(Added by Stats. 2002, Ch. 983, Sec. 3. Effective January 1, 2003.)*

**§ 10280.5.** The following terms have the following meanings as used in this division, unless the context clearly requires otherwise:

(a) "Authority" means an entity established by the state that requires its members, including, but not limited to, local government entities, to adopt a resolution stating their intent to participate.

(b) "Department" means the Department of Conservation.

(c) "Grant program" means the program established pursuant to Section 10280.

(d) "Joint powers authority" means a joint powers authority established pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code that is formed in part to protect agricultural land.

(e) "Local government entity" means any city, county, city and county, or district, including, but not limited to, park and open-space districts, resource conservation districts, and other special districts.

(f) "Nonprofit organization" means any nonprofit public benefit corporation that has among its purposes the conservation of agricultural lands, and holds a tax exemption, as defined under Section 501(c)(3) of the Internal Revenue Code, and further qualifies as an organization under Section 170(b)(1)(A)(iv) or 170(h)(3) of the Internal Revenue Code.

*(Added by Stats. 2002, Ch. 983, Sec. 3. Effective January 1, 2003.)*

**§ 10281.** The purpose of the grant program is to assist any local government entity, nonprofit organization, authority, or joint powers authority to apply for, and cost-effectively use, grant funds available for farmland, grazing lands, and grasslands protection and preservation from funds that are made available pursuant to subdivision (f) of Section 5096.650 and from other funding sources.

*(Added by Stats. 2002, Ch. 983, Sec. 3. Effective January 1, 2003.)*

**§ 10281.5.** (a) In addition to the requirements established by the department, the applicant shall demonstrate that the changes to the existing goals, objectives, policies, or programs of the city, county, or city and county that will logically result from the grant will improve protection of, or have a beneficial effect on climate change goals for, agricultural land, grazing land, or grasslands.

(b) Prior to awarding funds under the program, the department shall develop guidelines and selection criteria for awarding grants in accordance with all of the following:

(1) Prior to the adoption of the guidelines and selection criteria, the department shall conduct at least two public workshops to receive and consider public comments.

(2) The department shall publish the draft guidelines and selection criteria on its Internet Web site at least 30 days prior to the public meetings.

(3) In adopting the guidelines and selection criteria, the department shall consider the comments from farming and ranching groups, agricultural land conservation groups, building and construction groups, local governments, regional agencies, and other stakeholders.

(4) Program guidelines may be revised by the department to reflect changes in program focus or need. Outreach to stakeholders shall be conducted pursuant to paragraphs (1), (2), and (3) before the department adopts changes to guidelines.

(c) Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code does not apply to the development and adoption of the guidelines and selection criteria pursuant to this section.

*(Amended by Stats. 2017, Ch. 434, Sec. 10. Effective January 1, 2018)*

**§ 10282.** (a) Under the grant program, a local government entity, nonprofit organization, authority, or joint powers authority may apply to the department for a planning grant to be used for the protection of agricultural lands and grazing lands, including oak woodlands and grasslands. In addition to any requirements established by the department, to be eligible for a grant under the grant program, an applicant shall do all of the following:

(1) Identify and map, utilizing the designations in the farmlands mapping and monitoring program of the Department of Conservation pursuant to Section 65570 of the Government Code, existing or potential agricultural lands in its jurisdiction.

(2) Specify its existing goals, objectives, policies, or programs that support the long-term protection of agricultural land.

(3) Specify the proposed changes to its existing goals, objectives, policies, or programs that support the long-term protection of agricultural land.

(4) Specify how the planning grant would be used to improve the long-term protection of agricultural land within its jurisdiction.

(b) A grant awarded by the department under the grant program shall not exceed five hundred thousand dollars (\$500,000) to any applicant, or seven hundred fifty thousand dollars (\$750,000) if the department determines that a grant application is for collaborative planning activities proposed to include two or more adjacent counties, cities, or city and county.

(c) In granting funds pursuant to this division, the department shall give priority to proposals that include matching funds from local sources.

(d) A grant proposal by a park or open-space district, resource conservation district, other special district, nonprofit organization, authority, or joint powers authority shall be approved by resolution of the city, county, or city and county, or multiple cities and counties, whose jurisdiction the proposal is intended to benefit. The city, county, or city and county shall provide evidence that it is willing to implement some of the planning process funded by the grant.

(e) The purposes for which a grant made pursuant to this division for agricultural protection may include, but need not be limited to, the following:

(1) To update the general plan of a city, county, or city and county to improve protection of agricultural land, or a zoning ordinance designed to improve protection of agricultural land.

(2) To develop multicounty strategies to protect agricultural land.

(3) To develop city-county agreements to protect agricultural land.

(4) To develop strategies to implement existing general plan provisions, city-county agreements, or multicounty agreements to protect agricultural land, including technical assistance.

(5) To develop public-private partnerships for the long-term protection and stewardship of agricultural lands.

*(Amended by Stats. 2017, Ch. 434, Sec. 11. Effective January 1, 2018)*

**§ 10283.** Eligible projects funded under this division with the proceeds from the sale of any bonds shall be consistent with the requirements of Section 16727 of the Government Code.  
*(Added by Stats. 2002, Ch. 983, Sec. 3. Effective January 1, 2003.)*

## **DIVISION 13. ENVIRONMENTAL QUALITY**

### **CHAPTER 2.5. Definitions**

**§ 21060.1.** (a) “Agricultural land” means prime farmland, farmland of statewide importance, or unique farmland, as defined by the United States Department of Agriculture land inventory and monitoring criteria, as modified for California.

(b) In those areas of the state where lands have not been surveyed for the classifications specified in subdivision (a), “agricultural land” means land that meets the requirements of “prime agricultural land” as defined in paragraph (1), (2), (3), or (4) of subdivision (c) of Section 51201 of the Government Code.

*(Added by Stats. 1993, Ch. 812, Sec. 2. Effective January 1, 1994.)*

**§ 21061.2.** “Land evaluation and site assessment” means a decisionmaking methodology for assessing the potential environmental impact of state and local projects on agricultural land.

*(Added by Stats. 1993, Ch. 812, Sec. 3. Effective January 1, 1994.)*

### **CHAPTER 2.6. General**

**§ 21080.28.** (a) This division does not apply to either of the following:

(1) The acquisition, sale, or other transfer of interest in land by a public agency for any of the following purposes:

(A) Preservation of natural conditions existing at the time of transfer, including plant and animal habitats.

(B) Restoration of natural conditions, including plant and animal habitats.

(C) Continuing agricultural use of the land.

(D) Prevention of encroachment of development into flood plains.

(E) Preservation of historical resources.

(F) Preservation of open space or lands for park purposes.

(2) The granting or acceptance of funding by a public agency for purposes of paragraph (1).

(b) Subdivision (a) applies even if physical changes to the environment or changes in the use of the land are a reasonably foreseeable consequence of the acquisition, sale, or other

transfer of the interests in land, or of the granting or acceptance of funding, provided that environmental review otherwise required by this division occurs before any project approval that would authorize physical changes being made to that land.

(c) If the lead agency determines that an activity is not subject to this division pursuant to this section and the lead agency determines to approve or carry out the activity, the lead agency shall file a notice with the Office of Planning and Research and with the county clerk in the county in which the land is located in the manner specified in subdivisions (b) and (c) of Section 21152.

*(Added by Stats. 2019, Ch. 181, Sec. 2. Effective January 1, 2020.)*

**§ 21082.1.** (a) A draft environmental impact report, environmental impact report, negative declaration, or mitigated negative declaration prepared pursuant to the requirements of this division shall be prepared directly by, or under contract to, a public agency.

(b) This section does not prohibit, and shall not be construed as prohibiting, a person from submitting information or other comments to the public agency responsible for preparing an environmental impact report, draft environmental impact report, negative declaration, or mitigated negative declaration. The information or other comments may be submitted in any format, shall be considered by the public agency, and may be included, in whole or in part, in any report or declaration.

(c) The lead agency shall do all of the following:

(1) Independently review and analyze any report or declaration required by this division.

(2) Circulate draft documents that reflect its independent judgment.

(3) As part of the adoption of a negative declaration or a mitigated negative declaration, or certification of an environmental impact report, find that the report or declaration reflects the independent judgment of the lead agency.

(4) Submit, in an electronic form as required by the Office of Planning and Research, the draft environmental impact report, proposed negative declaration, or proposed mitigated negative declaration to the State Clearinghouse.

(d) The lead agency shall post all environmental review documents described in subdivision (a) on its internet website, if any.

*(Amended by Stats. 2021, Ch. 97, Sec. 2 (AB 819))*

**§ 21091.** (a) The public review period for a draft environmental impact report shall not be less than 30 days. If the draft environmental impact report is for a proposed project where a state agency is the lead agency, a responsible agency, or a trustee agency; a state agency otherwise has jurisdiction by law with respect to the project; or the proposed project is of sufficient statewide, regional, or areawide significance as determined pursuant to the guidelines certified and adopted pursuant to Section 21083, the review period shall be at least 45 days, and the lead agency shall provide the document, in an electronic form as required by the Office of Planning and Research, to the State Clearinghouse for review and comment by state agencies.

(b) The public review period for a proposed negative declaration or proposed mitigated negative declaration shall not be less than 20 days. If the proposed negative declaration or proposed mitigated negative declaration is for a proposed project where a state agency is the lead agency, a responsible agency, or a trustee agency; a state agency otherwise has

jurisdiction by law with respect to the project; or the proposed project is of sufficient statewide, regional, or areawide significance as determined pursuant to the guidelines certified and adopted pursuant to Section 21083, the review period shall be at least 30 days, and the lead agency shall provide the document, in an electronic form as required by the Office of Planning and Research, to the State Clearinghouse for review and comment by state agencies.

(c) (1) Notwithstanding subdivisions (a) and (b), if a draft environmental impact report, proposed negative declaration, or proposed mitigated negative declaration is submitted to the State Clearinghouse for review and the period of review by the State Clearinghouse is longer than the public review period established pursuant to subdivision (a) or (b), whichever is applicable, the public review period shall be at least as long as the period of review and comment by state agencies as established by the State Clearinghouse.

(2) The public review period and the state agency review period may, but are not required to, begin and end at the same time. Day one of the state agency review period shall be the date that the State Clearinghouse distributes the CEQA document to state agencies.

(3) If the submittal of a CEQA document is determined by the State Clearinghouse to be complete, the State Clearinghouse shall distribute the document within three working days from the date of receipt. The State Clearinghouse shall specify the information that will be required in order to determine the completeness of the submittal of a CEQA document.

(d) (1) The lead agency shall consider comments it receives on a draft environmental impact report, proposed negative declaration, or proposed mitigated negative declaration if those comments are received within the public review period.

(2) (A) With respect to the consideration of comments received on a draft environmental impact report, the lead agency shall evaluate comments on environmental issues that are received from persons who have reviewed the draft and shall prepare a written response pursuant to subparagraph (B). The lead agency may also respond to comments that are received after the close of the public review period.

(B) The written response shall describe the disposition of each significant environmental issue that is raised by commenters. The responses shall be prepared consistent with Section 15088 of Title 14 of the California Code of Regulations.

(3) (A) With respect to the consideration of comments received on a draft environmental impact report, proposed negative declaration, proposed mitigated negative declaration, or notice pursuant to Section 21080.4, the lead agency shall accept comments via email and shall treat email comments as equivalent to written comments.

(B) Any law or regulation relating to written comments received on a draft environmental impact report, proposed negative declaration, proposed mitigated negative declaration, or notice received pursuant to Section 21080.4 shall also apply to electronic-mail comments received for those reasons.

(e) (1) Criteria for shorter review periods by the State Clearinghouse for documents that must be submitted to the State Clearinghouse shall be set forth in the written guidelines issued by the Office of Planning and Research and made available to the public.

(2) Those shortened review periods may not be less than 30 days for a draft environmental impact report and 20 days for a negative declaration.

(3) A request for a shortened review period shall only be made in writing by the decisionmaking body of the lead agency to the Office of Planning and Research. The decisionmaking body may designate by resolution or ordinance a person authorized to request

a shortened review period. A designated person shall notify the decisionmaking body of this request.

(4) A request approved by the State Clearinghouse shall be consistent with the criteria set forth in the written guidelines of the Office of Planning and Research.

(5) A shortened review period may not be approved by the Office of Planning and Research for a proposed project of statewide, regional, or areawide environmental significance as determined pursuant to Section 21083.

(6) An approval of a shortened review period shall be given prior to, and reflected in, the public notice required pursuant to Section 21092.

(f) Before carrying out or approving a project for which a negative declaration has been adopted, the lead agency shall consider the negative declaration together with comments that were received and considered pursuant to paragraph (1) of subdivision (d).

*(Amended by Stats. 2021, Ch. 97, Sec. 3 (AB 819))*

**§ 21094.** (a) Where a prior environmental impact report has been prepared and certified for a program, plan, policy, or ordinance, the lead agency for a later project that meets the requirements of this section shall examine significant effects of the later project upon the environment by using a tiered environmental impact report, except that the report on the later project is not required to examine those effects that the lead agency determines were either of the following:

(1) Mitigated or avoided pursuant to paragraph (1) of subdivision (a) of Section 21081 as a result of the prior environmental impact report.

(2) Examined at a sufficient level of detail in the prior environmental impact report to enable those effects to be mitigated or avoided by site-specific revisions, the imposition of conditions, or by other means in connection with the approval of the later project.

(b) This section applies only to a later project that the lead agency determines is all of the following:

(1) Consistent with the program, plan, policy, or ordinance for which an environmental impact report has been prepared and certified.

(2) Consistent with applicable local land use plans and zoning of the city, county, or city and county in which the later project would be located.

(3) Not subject to Section 21166.

(c) For purposes of compliance with this section, an initial study shall be prepared to assist the lead agency in making the determinations required by this section. The initial study shall analyze whether the later project may cause significant effects on the environment that were not examined in the prior environmental impact report.

(d) All public agencies that propose to carry out or approve the later project may utilize the prior environmental impact report and the environmental impact report on the later project to fulfill the requirements of Section 21081.

(e) When tiering is used pursuant to this section, an environmental impact report prepared for a later project shall refer to the prior environmental impact report and state where a copy of the prior environmental impact report may be examined.

(f) This section shall become operative on January 1, 2016.

*(Repealed (in Sec. 3.5) and added by Stats. 2010, Ch. 496, Sec. 4. Effective September 29, 2010. Section operative January 1, 2016, by its own provisions.)*

**§ 21095.** (a) The Resources Agency, in consultation with the Office of Planning and Research, shall develop an amendment to Appendix G of the state guidelines, for adoption pursuant to Section 21083, to provide lead agencies an optional methodology to ensure that significant effects on the environment of agricultural land conversions are quantitatively and consistently considered in the environmental review process.

(b) The Department of Conservation, in consultation with the United States Department of Agriculture pursuant to Section 658.6 of Title 7 of the Code of Federal Regulations, and in consultation with the Resources Agency and the Office of Planning and Research, shall develop a state model land evaluation and site assessment system, contingent upon the availability of funding from non-General Fund sources. The department shall seek funding for that purpose from non-General Fund sources, including, but not limited to, the United States Department of Agriculture.

(c) In lieu of developing an amendment to Appendix G of the state guidelines pursuant to subdivision (a), the Resources Agency may adopt the state model land evaluation and site assessment system developed pursuant to subdivision (b) as that amendment to Appendix G. *(Added by Stats. 1993, Ch. 812, Sec. 4. Effective January 1, 1994.)*

### **CHAPTER 3. State Agencies, Boards and Commissions**

**§ 21100.** (a) All lead agencies shall prepare, or cause to be prepared by contract, and certify the completion of, an environmental impact report on any project which they propose to carry out or approve that may have a significant effect on the environment. Whenever feasible, a standard format shall be used for environmental impact reports.

(b) The environmental impact report shall include a detailed statement setting forth all of the following:

(1) All significant effects on the environment of the proposed project.

(2) In a separate section:

(A) Any significant effect on the environment that cannot be avoided if the project is implemented.

(B) Any significant effect on the environment that would be irreversible if the project is implemented.

(3) Mitigation measures proposed to minimize significant effects on the environment, including, but not limited to, measures to reduce the wasteful, inefficient, and unnecessary consumption of energy.

(4) Alternatives to the proposed project.

(5) The growth-inducing impact of the proposed project.

(c) The report shall also contain a statement briefly indicating the reasons for determining that various effects on the environment of a project are not significant and consequently have not been discussed in detail in the environmental impact report.

(d) For purposes of this section, any significant effect on the environment shall be limited to substantial, or potentially substantial, adverse changes in physical conditions which exist within the area as defined in Section 21060.5.

(e) Previously approved land use documents, including, but not limited to, general plans, specific plans, and local coastal plans, may be used in cumulative impact analysis.

*(Amended by Stats. 1994, Ch. 1230, Sec. 9. Effective September 30, 1994.)*

**§ 21101.** In regard to any proposed federal project in this state which may have a significant effect on the environment and on which the state officially comments, the state officials responsible for such comments shall include in their report a detailed statement setting forth the matters specified in Section 21100 prior to transmitting the comments of the state to the federal government. No report shall be transmitted to the federal government unless it includes such a detailed statement as to the matters specified in Section 21100.

*(Added by Stats. 1970, Ch. 1433.)*

**§ 21104.** (a) Prior to completing an environmental impact report, the state lead agency shall consult with, and obtain comments from, each responsible agency, trustee agency, any public agency that has jurisdiction by law with respect to the project, and any city or county that borders on a city or county within which the project is located unless otherwise designated annually by agreement between the state lead agency and the city or county, and may consult with any person who has special expertise with respect to any environmental impact involved. In the case of a project described in subdivision (c) of Section 21065, the state lead agency shall, upon the request of the applicant, provide for early consultation to identify the range of actions, alternatives, mitigation measures, and significant effects to be analyzed in depth in the environmental impact report. The state lead agency may consult with persons identified by the applicant who the applicant believes will be concerned with the environmental effects of the project and may consult with members of the public who have made a written request to be consulted on the project. A request by the applicant for early consultation shall be made not later than 30 days after the determination required by Section 21080.1 with respect to the project.

(b) The state lead agency shall consult with, and obtain comments from, the State Air Resources Board in preparing an environmental impact report on a highway or freeway project, as to the air pollution impact of the potential vehicular use of the highway or freeway.

(c) A responsible agency or other public agency shall only make substantive comments regarding those activities involved in a project that are within an area of expertise of the agency or that are required to be carried out or approved by the agency. Those comments shall be supported by specific documentation.

*(Amended by Stats. 2004, Ch. 744, Sec. 3. Effective January 1, 2005.)*

## **CHAPTER 4. Local Agencies**

**§ 21150.** State agencies, boards, and commissions, responsible for allocating state or federal funds on a project-by-project basis to local agencies for any project which may have a significant effect on the environment, shall require from the responsible local governmental agency a detailed statement setting forth the matters specified in Section 21100 prior to the allocation of any funds other than funds solely for projects involving only feasibility or planning studies for possible future actions which the agency, board, or commission has not approved, adopted, or funded.

*(Amended by Stats. 1972, Ch. 1154.)*

**§ 21153.** (a) Prior to completing an environmental impact report, every local lead agency shall consult with, and obtain comments from, each responsible agency, trustee agency, any public agency that has jurisdiction by law with respect to the project, and any city or county that borders on a city or county within which the project is located unless otherwise designated annually by agreement between the local lead agency and the city or county, and may consult with any person who has special expertise with respect to any environmental impact involved. In the case of a project described in subdivision (c) of Section 21065, the local lead agency shall, upon the request of the project applicant, provide for early consultation to identify the range of actions, alternatives, mitigation measures, and significant effects to be analyzed in depth in the environmental impact report. The local lead agency may consult with persons identified by the project applicant who the applicant believes will be concerned with the environmental effects of the project and may consult with members of the public who have made written request to be consulted on the project. A request by the project applicant for early consultation shall be made not later than 30 days after the date that the determination required by Section 21080.1 was made with respect to the project. The local lead agency may charge and collect a fee from the project applicant in an amount that does not exceed the actual costs of the consultations.

(b) In the case of a project described in subdivision (a) of Section 21065, the lead agency may provide for early consultation to identify the range of actions, alternatives, mitigation measures, and significant effects to be analyzed in depth in the environmental impact report. At the request of the lead agency, the Office of Planning and Research shall ensure that each responsible agency, and any public agency that has jurisdiction by law with respect to the project, is notified regarding any early consultation.

(c) A responsible agency or other public agency shall only make substantive comments regarding those activities involved in a project that are within an area of expertise of the agency or that are required to be carried out or approved by the agency. Those comments shall be supported by specific documentation.

*(Amended by Stats. 2004, Ch. 744, Sec. 4. Effective January 1, 2005.)*

## **CHAPTER 4.5. Streamlined Environmental Review**

### **Article 2. Master Environmental Impact Report**

**§ 21157.7** (a) For purposes of this section, a master environmental impact report is a document prepared in accordance with subdivision (c) for the projects described in subdivision (b) that, upon certification, is followed by review of subsequent projects as provided in Sections 21157.1 and 21157.5.

(b) A master environmental impact report may be prepared for a plan adopted by the Department of Transportation for improvements to regional segments of Highway 99 funded pursuant to subdivision (b) of Section 8879.23 of the Government Code, to streamline, coordinate, and improve environmental review.

(c) The report shall include all of the following:

(1) A detailed statement as required by Section 21100.

(2) A description of the anticipated highway improvements along Highway 99 that would be within the scope of the master environmental impact report, that contains sufficient

information about all phases of the Highway 99 construction activities, including, but not limited to, all of the following:

- (A) The specific types of improvements that will be undertaken.
- (B) The anticipated location and alternative locations for any of the Highway 99 improvements, including overpasses, bridges, railroad crossings, and interchanges.
- (C) A capital outlay or capital improvement program, or other scheduling or implementing device that governs the construction activities associated with the Highway 99 improvements.
- (d) The Department of Transportation may communicate, coordinate, and consult with the Resources Agency, Wildlife Conservation Board, Department of Fish and Game, Department of Conservation, and other appropriate federal, state, or local governments, including interested stakeholders, to consider and implement mitigation requirements on a regional basis for the projects described in subdivision (b). This may include both of the following:
  - (1) Identification of priority areas for mitigation, using information from these agencies and departments as well as from other sources.
  - (2) Utilization of existing conservation programs of the agencies or departments identified in this subdivision, if mitigation under those programs for improvements under this section does not supplant mitigation for a project.
- (e) The Department of Transportation may execute an agreement, memorandum of understanding, or other similar instrument to memorialize its understanding of any communication, coordination, or implementation activities with other state agencies for the purposes of meeting mitigation requirements on a regional basis.
- (f) Notwithstanding any other provision of law, nothing in this section is intended to interfere with or prevent the existing authority of an agency or department to carry out its programs, projects, or responsibilities to identify, review, approve, deny, or implement any mitigation requirements, and nothing in this section shall be construed as a limitation on mitigation requirements for the project, or a limitation on compliance with requirements under this division or any other provision of law.
- (g) Notwithstanding Section 21157.6, the master environmental impact report shall not be used for the purposes of this section, if the certification of the master environmental impact report occurred more than seven years prior to the filing of an application for the subsequent project.

*(Amended by Stats. 2007, Ch. 503, Sec. 2. Effective January 1, 2008.)*

## **DIVISION 19. SUISUN MARSH PRESERVATION**

### **CHAPTER 5. Responsibilities of the Commission and Local Agencies**

#### **Article 3. Preferential Assessment**

**§ 29430.** (a) Any person who owns land within the marsh that is being used for the purpose of agriculture or wildlife habitat on January 1, 1978, or that is used for such a purpose at any time after that date, may petition the local government having jurisdiction over the land to enter into a contract pursuant to the California Land Conservation Act of 1965 (Williamson Act) (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code) or a

wildlife habitat contract, as defined in subdivision (f) of Section 421 of the Revenue and Taxation Code.

(b) Upon receipt of a petition pursuant to subdivision (a), such local government is authorized to, and shall, enter into such contract with the petitioning landowner.

*(Added by Stats. 1977, Ch. 1155.)*

**§ 29433.** (a) Notwithstanding Sections 51282, 51283, 51283.3, and 51285 of the Government Code, no contract with any person concerning land within the marsh and entered into by any local government pursuant to the California Land Conservation Act of 1965 (Williamson Act) (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code) or pursuant to subdivision (f) of Section 421 of the Revenue and Taxation Code may be canceled, nor shall a notice of nonrenewal of any such contract by any local government be effective, without the consent of the commission, if such contract was in effect on or after September 27, 1974.

(b) The commission may not consent to the cancellation or notice of nonrenewal of any such contract unless the commission finds that such cancellation or nonrenewal is consistent with the provisions of this division and the protection plan.

(c) Other than as expressly provided herein, this section does not affect the right of any person or local government relating to the renewal or nonrenewal of any such contract.

*(Added by Stats. 1977, Ch. 1155.)*

## **DIVISION 19.5. DELTA PROTECTION ACT OF 1992**

### **CHAPTER 2. Definitions**

**§ 29723.** (a) “Development” means on, in, over, or under land or water, the placement or erection of any solid material or structure; discharge of any dredged material or of any gaseous, liquid, solid, or thermal waste; grading, removing, dredging, mining, or extraction of any materials; change in the density or intensity of use of land, including, but not limited to, subdivisions pursuant to the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7 of the Government Code), and any other division of land including lot splits, except where the land division is brought about in connection with the purchase of the land by a public agency for public recreational or fish and wildlife uses or preservation; construction, reconstruction, demolition, or alteration of the size of any structure, including any facility of any private, public, or municipal utility; and the removal or harvesting of major vegetation other than for agricultural purposes.

(b) “Development” does not include any of the following:

(1) All farming and ranching activities, as specified in subdivision (e) of Section 3482.5 of the Civil Code.

(2) The maintenance, including the reconstruction of damaged parts, of structures, such as marinas, dikes, dams, levees, riprap (consistent with Chapter 1.5 (commencing with Section 12306) of Part 4.8 of Division 6 of the Water Code), breakwater, causeways, bridges, ferries, bridge abutments, docks, berths, and boat sheds. “Maintenance” includes, for this purpose, the rehabilitation and reconstruction of levees to meet applicable standards of the United States Army Corps of Engineers or the Department of Water Resources.

(3) The construction, repair, or maintenance of farm dwellings, buildings, stock ponds, irrigation or drainage ditches, water wells, or siphons, including those structures and uses permitted under the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code).

(4) The construction or maintenance of farm roads, or temporary roads for moving farm equipment.

(5) The dredging or discharging of dredged materials, including maintenance dredging or removal, as engaged in by any marina, port, or reclamation district, in conjunction with the normal scope of their customary operations, consistent with existing federal, state, and local laws.

(6) The replacement or repair of pilings in marinas, ports, and diversion facilities.

(7) Projects within port districts, including, but not limited to, projects for the movement, grading, and removal of bulk materials for the purpose of activities related to maritime commerce and navigation.

(8) The planning, approval, construction, operation, maintenance, reconstruction, alteration, or removal by a state agency or local agency of any water supply facilities or mitigation or enhancement activities undertaken in connection therewith.

(9) Construction, reconstruction, demolition, and land divisions within existing zoning entitlements, and development within, or adjacent to, the unincorporated towns of the delta, as permitted in the Delta Area Community Plan of Sacramento County and the general plan of Yolo County, authorized prior to January 1, 1992.

(10) Exploration or extraction of gas and hydrocarbons.

(11) The planning, approval, construction, repair, replacement, alteration, reconstruction, operation, maintenance, or removal of oxidation and water treatment facilities owned by the City of Stockton or the City of Lodi, or facilities owned by any local agency within or adjacent to the unincorporated towns of the delta consistent with the general plan of the County of Sacramento or the County of Yolo, as the case may be.

*(Added by Stats. 1992, Ch. 898, Sec. 2. Effective January 1, 1993.)*

## **CHAPTER 5. Resource Management Plan**

**§ 29766.** Nothing in this division shall deny the right of private or public property owners and local governments to establish agriculture preserves and enter into contracts pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code) or apply other enforceable restrictions or zoning within the primary zone or the secondary zone.

*(Added by Stats. 1992, Ch. 898, Sec. 2. Effective January 1, 1993.)*

## **DIVISION 22.7. BALDWIN HILLS CONSERVANCY ACT**

### **CHAPTER 3. Conservancy**

**§ 32556.** (a) The board shall consist of 13 voting members and 7 nonvoting members.

(b) The 13 voting members of the board shall consist of the following:

(1) The Secretary of the Resources Agency, or his or her designee.

- (2) The Director of Parks and Recreation, or his or her designee.
  - (3) The Director of Finance, or his or her designee.
  - (4) The Director of the Los Angeles County Department of Parks, or his or her designee.
  - (5) The member of the Los Angeles County Board of Supervisors within whose district the majority of the Baldwin Hills area is located, or his or her designee.
  - (6) Six members of the public appointed by the Governor who are residents of Los Angeles County and who represent the diversity of the community surrounding the Baldwin Hills area. Of those six members, four members shall be selected as follows:
    - (A) One member shall be a resident of Culver City selected from a list of three persons nominated by the city council.
    - (B) Three members shall be residents of the adjacent communities of Blair Hills, Ladera Heights, Baldwin Hills, Windsor Hills, Inglewood, View Park, or Baldwin Vista.
  - (7) A resident of Los Angeles County appointed by the Speaker of the Assembly, and a resident of Los Angeles County appointed by the Senate Committee on Rules.
  - (c) The seven nonvoting members shall consist of the following:
    - (1) The Secretary of the California Environmental Protection Agency, or his or her designee.
    - (2) The Executive Officer of the State Coastal Conservancy, or his or her designee.
    - (3) The Executive Officer of the State Lands Commission, or his or her designee.
    - (4) An appointee of the Governor with experience in developing contaminated sites, commonly referred to as "brownfields."
    - (5) The Executive Director of the Santa Monica Mountains Conservancy, or his or her designee.
    - (6) The Director of the Culver City Human Services Department, or his or her designee.
    - (7) The Director of the Department of Conservation, or his or her designee.
  - (d) A quorum shall consist of seven voting members of the board, and any action of the board affecting any matter before the board shall be decided by a majority vote of the voting members present, a quorum being present. However, the affirmative vote of at least four of the voting members of the board shall be required for the transaction of any business of the board.
  - (e) The board shall do both of the following:
    - (1) Study the potential environmental and recreational uses of Ballona Creek and the adjacent property described in subdivision (a) of Section 32553.
    - (2) Develop a proposed map for that area.
- (Amended by Stats. 2013, Ch. 210, Sec. 26. (SB 184) Effective January 1, 2014. Repealed as of January 1, 2026, pursuant to Section 32580.)*

## **DIVISION 28. NATURAL HERITAGE PRESERVATION TAX CREDIT ACT OF 2000**

### **CHAPTER 5. Criteria for Acceptance of Property**

**§ 37015.** The board shall approve only contributions of properties that meet one or more of the following criteria:

- (a) The property will help meet the goals of a habitat conservation plan, multispecies conservation plan, natural community conservation plan, or any other similar plan subsequently authorized by statute that is designed to benefit native species of plants, including, but not

limited to, protecting forests, old growth trees, or oak woodlands, and animals and development. In proposing and approving the acceptance of contributed property pursuant to this subdivision, the recovery benefits for listed species, the habitat value of the property, the value of the property as a wildlife corridor, and similar habitat-related considerations shall be the criteria on which the acceptance is based.

(b) The property will provide corridors or reserves for native plants and wildlife that will help improve the recovery possibilities of listed species and increase the chances that the species will recover sufficiently to be eligible to be removed from the list, or will help avoid the listing of species pursuant to the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code) or the federal Endangered Species Act (16 U.S.C. Sec. 1531 et seq.), or protect wetlands, waterfowl habitat, or river or stream corridors, or promote the biological viability of important California species.

(c) The property interest is a perpetual conservation easement over agricultural land, or is a permanent contribution of agricultural land, that is threatened by development and is located in an unincorporated area certified by the secretary to be zoned for agricultural use by the county. Property accepted pursuant to this subdivision shall be accepted pursuant to the California Farmland Conservancy Program Act established by Division 10.2 (commencing with Section 10200), pursuant to the agricultural conservation program of the Coastal Conservancy, or pursuant to the Bay Area Conservancy Program established pursuant to Chapter 4.5 (commencing with Section 31160) of Division 21.

(d) (1) The property interest is a water right, or land with an associated water right, and the contribution of the property will help improve the chances of recovery of a listed species, will reduce the likelihood that any species of fish or other aquatic organism will be listed pursuant to the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code)) or the federal Endangered Species Act (16 U.S.C. Sec. 1531 et seq.), will improve the protection of listed species, or will improve the viability and health of fish species of economic importance to the state. The donee receiving the water right, or land with an associated water right, shall ensure that it shall retain title to the water right, and that the water shall be used to fulfill the purposes for which the water right or land associated with a water right is being accepted.

(2) Any contribution of a water right that includes a change in the point of diversion, place of use, or purpose of use may be made only if the proposed change will not injure any legal user of the water involved and is made in accordance with either Chapter 10 (commencing with Section 1700), or Chapter 10.5 (commencing with Section 1725), of Part 2 of Division 2 of the Water Code.

(e) The property will be used as a park or open space or will augment public access to or enjoyment of existing regional or local park, beach, or open-space facilities, or will preserve archaeological resources.

*(Amended (as added by Stats. 2000, Ch. 113) by Stats. 2000, Ch. 900, Sec. 7. Effective January 1, 2001.)*

## **DIVISION 43. THE SAFE DRINKING WATER, WATER QUALITY AND SUPPLY, FLOOD CONTROL, RIVER AND COASTAL PROTECTION BOND ACT OF 2006**

### **CHAPTER 1. General Provisions**

**§ 75001.** This Division shall be known and may be cited as the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006.  
*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75002.** The people of California find and declare that protecting the state's drinking water and water resources is vital to the public health, the state's economy, and the environment.  
*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75002.5** The people of California further find and declare that the state's waters are vulnerable to contamination by dangerous bacteria, polluted runoff, toxic chemicals, damage from catastrophic floods and the demands of a growing population. Therefore, actions must be taken to ensure safe drinking water and a reliable supply of water for farms, cities and businesses, as well as to protect California's rivers, lakes, streams, beaches, bays and coastal waters, for this and future generations.  
*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75003.** The people of California further find and declare that it is necessary and in the public interest to do all of the following:

- (a) Ensure that safe drinking water is available to all Californians by:
  - (1) Providing for emergency assistance to communities with contaminated sources of drinking water.
  - (2) Assisting small communities in making the improvements needed in their water systems to clean up and protect their drinking water from contamination.
  - (3) Providing grants and loans for safe drinking water and water pollution prevention projects.
  - (4) Protecting the water quality of the Sacramento-San Joaquin Delta, a key source of drinking water for 23 million Californians.
  - (5) Assisting each region of the state in improving local water supply reliability and water quality.
  - (6) Resolving water-related conflicts, improving local and regional water self-sufficiency and reducing reliance on imported water.
- (b) Protect the public from catastrophic floods by identifying and mapping the areas most at risk, inspecting and repairing levees and flood control facilities, and reducing the long-term costs of flood management, reducing future flood risk and maximizing public benefits by planning, designing and implementing multi-objective flood corridor projects.
- (c) Protect the rivers, lakes and streams of the state from pollution, loss of water quality, and destruction of fish and wildlife habitat.
- (d) Protect the beaches, bays and coastal waters of the state for future generations.
- (e) Revitalizing our communities and making them more sustainable and livable by investing in sound land use planning, local parks and urban greening.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75003.5.** The people of California further find and declare that the growth in population of the state and the impacts of climate change pose significant challenges. These challenges must be addressed through careful planning and through improvements in land use and water management that both reduce contributions to global warming and improve the adaptability of our water and flood control systems. Improvements include better integration of water supply, water quality, flood control and ecosystem protection, as well greater water use efficiency and conservation to reduce energy consumption.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75004.** It is the intent of the people that investment of public funds pursuant to this division should result in public benefits.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75005.** As used in this division, the following terms have the following meanings:

(a) "Acquisition" means the acquisition of a fee interest or any other interest in real property including easements, leases and development rights.

(b) "Board" means the Wildlife Conservation Board.

(c) "California Water Plan" means the California Water Plan Update Bulletin 160-05 and subsequent revisions and amendments.

(d) "Delta" means the Sacramento-San Joaquin River Delta.

(e) "Department" means the Department of Water Resources.

(f) "Development" includes, but is not limited to the physical improvement of real property including the construction of facilities or structures.

(g) "Disadvantaged community" means a community with a median household income less than 80% of the statewide average. "Severely disadvantaged community" means a community with a median household income less than 60% of the statewide average.

(h) "Fund" means the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Fund of 2006.

(i) "Interpretation" includes, but is not limited to, a visitor serving amenity that educates and communicates the significance and value of natural, historical, and cultural resources in a way that increases the understanding and enjoyment of these resources and that may utilize the expertise of a naturalist or other specialist skilled at educational interpretation.

(j) "Local conservation corps" means a program operated by a public agency or nonprofit organization that meets the requirements of Section 14406.

(k) "Nonprofit organization" means any nonprofit corporation qualified to do business in California, and qualified under Section 501 (c)(3) of the Internal Revenue Code.

(l) "Preservation" means rehabilitation, stabilization, restoration, development, and reconstruction, or any combination of those activities.

(m) "Protection" means those actions necessary to prevent harm or damage to persons, property or natural resources or those actions necessary to allow the continued use and enjoyment of property or natural resources and includes acquisition, development, restoration, preservation and interpretation.

(n) "Restoration" means the improvement of physical structures or facilities and, in the case of natural systems and landscape features includes, but is not limited to, projects for the control of erosion, the control and elimination of exotic species, prescribed burning, fuel hazard reduction, fencing out threats to existing or restored natural resources, road elimination, and other plant and wildlife habitat improvement to increase the natural system value of the property. Restoration projects shall include the planning, monitoring and reporting necessary to ensure successful implementation of the project objectives.

(o) "Secretary" means the Secretary of the Resources Agency.

(p) "State Board" means the State Water Resources Control Board.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75009.** The proceeds of bonds issued and sold pursuant to this division shall be deposited in the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Fund of 2006, which is hereby created. Except as specifically provided in this division the money shall be available for appropriation by the Legislature, in the manner and for the purposes set forth in this division in accordance with the following schedule:

(a) The sum of one billion five hundred twenty five million dollars (\$1,525,000,000) for safe drinking water, water quality and other water projects in accordance with the provisions of Chapter 2.

(b) The sum of eight hundred million dollars (\$800,000,000) for flood control projects in accordance with the provisions of Chapter 3.

(c) The sum of sixty five million dollars (\$65,000,000) for statewide water management in accordance with the provisions of Chapter 4.

(d) The sum of nine hundred twenty eight million dollars (\$928,000,000) for the protection of rivers, lakes and streams in accordance with the provisions of Chapter 5.

(e) The sum of four hundred fifty million dollars (\$450,000,000) for forest and wildlife conservation in accordance with the provisions of Chapter 6.

(f) The sum of five hundred forty million dollars (\$540,000,000) for the protection of beaches, bays, and coastal waters and watersheds in accordance with the provisions of Chapter 7.

(g) The sum of five hundred million dollars (\$500,000,000) for state parks and nature education facilities in accordance with Chapter 8.

(h) The sum of five hundred eighty million dollars (\$580,000,000) for sustainable communities and climate change reduction projects in accordance with Chapter 9.

*(Added November 7, 2006, by initiative Proposition 84.)*

## **CHAPTER 9. Sustainable Communities and Climate Change Reduction**

**§ 75065.** The sum of five hundred eighty million dollars (\$580,000,000) shall be available for improving the sustainability and livability of California's communities through investment in natural resources. The purposes of this chapter include reducing urban communities' contribution to global warming and increasing their adaptability to climate change while improving the quality of life in those communities. Funds shall be available in accordance with the following schedule:

(a) The sum of ninety million dollars (\$90,000,000) shall be available for urban greening projects that reduce energy consumption, conserve water, improve air and water quality, and

provide other community benefits. Priority shall be given to projects that provide multiple benefits, use existing public lands, serve communities with the greatest need, and facilitate joint use of public resources and investments including schools. Implementing legislation shall provide for planning grants for urban greening programs. Not less than \$20,000,000 shall be available for urban forestry projects pursuant to the California Urban Forestry Act, Chapter 2 (commencing with Section 4799.06) of Part 2.5 of Division 1.

(b) The sum of four hundred million dollars (\$400,000,000) shall be available to the Department of Parks and Recreation for competitive grants for local and regional parks. Funds provided in this subdivision may be allocated to existing programs or pursuant to legislation enacted to implement this subdivision, subject to the following considerations:

(1) Acquisition and development of new parks and expansion of overused parks that provide park and recreational access to underserved communities shall be given preference.

(2) Creation of parks in neighborhoods where none currently exist shall be given preference.

(3) Outreach and technical assistance shall be provided to underserved communities to encourage full participation in the program or programs.

(4) Preference shall be given to applicants that actively involve community based groups in the selection and planning of projects.

(5) Projects will be designed to provide efficient use of water and other natural resources.

(c) The sum of ninety million dollars (\$90,000,000) shall be available for planning grants and planning incentives, including revolving loan programs and other methods to encourage the development of regional and local land use plans that are designed to promote water conservation, reduce automobile use and fuel consumption, encourage greater infill and compact development, protect natural resources and agricultural lands, and revitalize urban and community centers.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75066.** Appropriation of the funds provided in subdivisions (a) and (c) of Section 75065 may only be made upon enactment of legislation to implement that subdivision.

*(Added November 7, 2006, by initiative Proposition 84.)*

## **CHAPTER 10. Miscellaneous Provisions**

**§ 75070.** Every proposed activity or project to be financed pursuant to this division shall be in compliance with the California Environmental Quality Act, Division 13 (commencing with Section 21000).

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75070.4.** Acquisitions of real property pursuant to Chapters 5, 6, 7, 8, and 9 shall be from willing sellers.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75070.5.** Not more than 5% of the funds allocated to any program in this division may be used to pay the costs incurred in the administration of that program.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75071.** In evaluating potential projects that include acquisition or restoration for the purpose of natural resource protection, the Department of Parks and Recreation, the board, and the State Coastal Conservancy shall give priority to projects that demonstrate one or more of the following characteristics:

(a) Landscape/Habitat Linkages: properties that link to, or contribute to linking, existing protected areas with other large blocks of protected habitat. Linkages must serve to connect existing protected areas, facilitate wildlife movement or botanical transfer, and result in sustainable combined acreage.

(b) Watershed Protection: projects that contribute to long-term protection of and improvement to the water and biological quality of the streams, aquifers, and terrestrial resources of priority watersheds of the major biological regions of the state as identified by the Resources Agency.

(c) Properties that support relatively large areas of under-protected major habitat types.

(d) Properties that provide habitat linkages between two or more major biological regions of the state.

(e) Properties for which there is a non-state matching contribution toward the acquisition, restoration, stewardship or management costs. Matching contributions can be either monetary or in the form of services, including volunteer services.

(f) At least fourteen days before approving an acquisition project funded by this division, an agency subject to this section shall submit to the Resources Agency and post on its website an explanation as to whether and how the proposed acquisition meets criteria established in this section.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75071.5.** The Department of Parks and Recreation, the board, and the State Coastal Conservancy shall work with the United States Department of Defense to coordinate the development of buffer areas around military facilities that facilitate the continued operation of those facilities and promote the conservation and recreation goals of the state. To the extent consistent with this division, agencies may provide funding to support projects that meet the purposes of this section.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75072.** Up to 10 percent of funds allocated for each program funded by this division may be used to finance planning and monitoring necessary for the successful design, selection, and implementation of the projects authorized under that program. This provision shall not otherwise restrict funds ordinarily used by an agency for “preliminary plans,” “working drawings,” and “construction” as defined in the Annual Budget Act for a capital outlay project or grant project. Water quality monitoring shall be integrated into the Surface Water Ambient Monitoring Program administered by the state board.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75072.5.** For the purposes of Section 75060 (e), “Monterey Bay and its watersheds” shall be considered to be watersheds of those rivers and streams in Santa Cruz and Monterey Counties flowing to the Monterey Bay southward to, and including, the Carmel River watershed. *(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75072.6.** For purposes of Section 75060 (f), “San Diego Bay and adjacent watersheds” includes the coastal and bay watersheds within San Diego County. *(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75072.7.** For purposes of Section 75060 (d), “Santa Monica Bay and watershed” includes the coastal and bay watersheds in Ventura and Los Angeles Counties from Calleguas Creek southward to the San Gabriel River. *(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75073.** Funds scheduled in Chapter 5, 6, 7 and 8 of this division that are not designated for competitive grant programs may also be used for the purposes of reimbursing the General Fund, pursuant to the Natural Heritage Preservation Tax Credit Act of 2000 (Division 28 (commencing with Section 37000)). *(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75074.** In enacting Chapters 5, 6, 7 and 8 of this division it is the intent of the people that when a project or program is funded herein, funds for such program or project may be used to the full extent authorized by the statute governing the program or conservancy receiving such funds. *(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75075.** The body awarding any contract for a public works project financed in any part from funds made available pursuant to this division shall adopt and enforce, or contract with a third party to enforce, a labor compliance program pursuant to subdivision (b) of Labor Code Section 1771.5 for application to that public works project. *(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75076.** Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code does not apply to the development and adoption of program guidelines and selection criteria adopted pursuant to this division. *(Amended by Stats. 2008, Ch. 729, Sec. 1. Effective January 1, 2008. Note: This section was added on Nov. 7, 2006, by initiative Prop. 84. Pursuant to Stats. 2008, Ch. 729, Sec. 5, the provisions of Division 43 added by initiative Prop. 84 prevail over any conflicting provision of Ch. 729 (including this amendment).)*

**§ 75077.** Funds provided pursuant to this division, and any appropriation or transfer of those funds, shall not be deemed to be a transfer of funds for the purposes of Chapter 9 (commencing with Section 2780) of Division 3 of the Fish and Game Code. *(Amended by Stats. 2008, Ch. 729, Sec. 2. Effective January 1, 2008. Note: This section was added on Nov. 7, 2006, by initiative Prop. 84. Pursuant to Stats. 2008, Ch. 729, Sec. 5, the*

*provisions of Division 43 added by initiative Prop. 84 prevail over any conflicting provision of Ch. 729 (including this amendment).)*

**§ 75078.** The Secretary shall provide for an independent audit of expenditures pursuant to this division to ensure that all moneys are expended in accordance with the requirements of this division. The secretary shall publish a list of all program and project expenditures pursuant to this division not less than annually, in written form, and shall post an electronic form of the list on the Resources Agency's Internet Website.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75079.** The Secretary shall appoint a citizen advisory committee to review the annual audit and to identify and recommend actions to ensure that the intent and purposes of this division are met by the agencies responsible for implementation of this division.

*(Added November 7, 2006, by initiative Proposition 84.)*

## **CHAPTER 12. Implementation Provisions**

**§ 75100.** (a) (1) Each state agency disbursing a competitive grant pursuant to this division shall develop project solicitation and evaluation guidelines. The guidelines may include a limitation on the size of a competitive grant to be awarded.

(2) Prior to disbursing a competitive grant, each state agency shall conduct at least one public meeting to consider public comments prior to finalizing the guidelines. Each state agency shall publish the draft solicitation and evaluation guidelines on its Internet Web site at least 30 days before the public meetings. Meetings shall be held at geographically appropriate locations. Upon adoption, each state agency shall transmit copies of the guidelines to the fiscal committees and the appropriate policy committees of the Legislature. To the extent feasible, each state agency shall provide outreach to disadvantaged communities to promote access and participation in those meetings.

(3) The guidelines may include a requirement for the applicant to illustrate an ongoing commitment of financial resources, unless the purposes of awarding a grant financed by this division is to assist a disadvantaged community.

(4) The guidelines shall require a new grant solicitation for each funding cycle. Each funding cycle shall consider only those applications received as a part of the solicitation for that funding cycle.

(b) Notwithstanding subdivision (a), a state agency, in lieu of adopting guidelines pursuant to subdivision (a), may use guidelines existing on January 1, 2007, and those guidelines as periodically amended thereafter.

*(Added by Stats. 2008, Ch. 729, Sec. 3. Effective January 1, 2008. Note: Pursuant to Stats. 2008, Ch. 729, Sec. 5, the provisions of Division 43 added on Nov. 7, 2006, by initiative Prop. 84 (Sections 75001 to 75090) prevail over any conflicting provision of Ch. 729.)*

**§ 75101.** (a) (1) Costs subsequently recovered from a party responsible for the contamination pursuant to Section 75025 shall be repaid to the state board and deposited in the Groundwater Contamination Cleanup Project Fund, which is hereby created in the State Treasury. Costs

recovered shall be separately accounted for within the Groundwater Contamination Cleanup Project Fund.

(2) Moneys in the Groundwater Contamination Cleanup Project Fund are available, upon appropriation by the Legislature, to the state board for the purpose of a grant to the grantee that received funds and subsequently recovered costs from a responsible party and repaid those costs to the state in the following priority order:

(A) Projects and activities to clean up areas of groundwater contamination within the grantee's jurisdiction where the initial grant awarded pursuant to Section 75025 is insufficient to pay for the full costs of the cleanup.

(B) Projects and activities to clean up additional areas of groundwater contamination within the grantee's jurisdiction.

(3) (A) The total amount of the grant awarded pursuant to Section 75025 and the amount awarded pursuant to this subdivision shall not exceed the grantee's total costs to clean up contaminated groundwater or prevent the contamination of groundwater.

(B) If costs recovered by the grantee and deposited in the Groundwater Contamination Cleanup Project Fund exceed the amount that may be awarded as a grant pursuant to the limit in subparagraph (A), the excess moneys shall be available to the state board, upon appropriation by the Legislature, for expenditure on orphan groundwater contamination cleanup projects. The state board shall consult with the Department of Toxic Substances Control when considering expenditures on orphan groundwater contamination cleanup projects.

(4) The grantee shall use an amount awarded pursuant to this subdivision for groundwater contamination cleanup activities for groundwater that is a primary source of drinking water, including, but not limited to, ongoing treatment and remediation activities in accordance with the purposes of Section 75025.

(5) When seeking grant funds pursuant to paragraph (2), a grantee shall submit an expenditure plan to the state board for projects consistent with this subdivision. The state board shall review the submitted expenditure plan and consult with the Department of Toxic Substances Control for sites where the Department of Toxic Substances Control is the lead state agency. The state board shall notify the grantee if the expenditure plan is approved, and if approved, the state board shall disburse the funds.

(6) Grants awarded pursuant to this subdivision may be used for capital costs and treatment and remediation activities.

(7) Commencing no later than July 1, 2015, and annually thereafter until the grantee's funds are expended, a grantee of funds awarded pursuant to this subdivision shall provide public notice, by posting a list on the grantee's Internet Web site, of projects and activities that receive grant funds pursuant to this subdivision and the amount of those funds.

(8) As used in this subdivision, "costs subsequently recovered from a party responsible for the contamination" means the amount of any judgment or settlement received by a grantee of funds received pursuant to Section 75025 from a responsible party that is attributable to costs funded by the grant received pursuant to Section 75025, less all reasonable and necessary costs of response incurred by the grantee of funds received pursuant to Section 75025 to recover these funds. Attorney's fees may be considered reasonable and necessary costs of response if the attorney's efforts are for identifying potentially responsible parties, but not if incurred in pursuit of litigation, consistent with the Comprehensive Environmental Response,

Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601 et seq.), and *Key Tronic Corp. v. U.S.* (511 U.S. 809 (1994)).

(9) The state board may use moneys in the Groundwater Contamination Cleanup Project Fund, upon appropriation by the Legislature, for the costs of administering this subdivision.

(b) The state board may directly recover moneys from a party responsible for contamination addressed by a loan or grant pursuant to Section 75025 in accordance with the procedures described in subdivision (c) of Section 13304 of the Water Code. The state board, upon appropriation by the Legislature, may use moneys in the Groundwater Contamination Cleanup Project Fund for this purpose. If moneys from the Groundwater Contamination Cleanup Project Fund are used for legal costs pursuant to this subdivision, moneys recovered by a judgment in favor of the state board shall be deposited in that fund.

(c) For the purposes of implementing subdivision (a) of Section 75050, the Department of Fish and Wildlife, when funding a natural community conservation plan, shall fund only the development of a natural community conservation plan that is consistent with the Natural Community Conservation Planning Act (Chapter 10 (commencing with Section 2800) of Division 3 of the Fish and Game Code).

(d) The San Francisco Bay Area Conservancy may use the funds made available pursuant to subdivision (c) of Section 75060 to restore the salt ponds in the south San Francisco Bay and to create trails and visitor facilities for public use in that area.

*(Amended by Stats. 2014, Ch. 349, Sec. 1. (AB 1043) Effective January 1, 2015. Note: This section was added by Stats. 2008, Ch. 729. Pursuant to Sec. 5 of Ch. 729, the provisions of Division 43 added on Nov. 7, 2006, by initiative Prop. 84 (Sections 75001 to 75090) prevail over any conflicting provision of Ch. 729.)*

**§ 75102.** Before the adoption of a negative declaration or environmental impact report required under Section 75070, the lead agency shall notify the proposed action to a California Native American tribe, which is on the contact list maintained by the Native American Heritage Commission, if that tribe has traditional lands located within the area of the proposed project. *(Added by Stats. 2008, Ch. 729, Sec. 3. Effective January 1, 2008. Note: Pursuant to Stats. 2008, Ch. 729, Sec. 5, the provisions of Division 43 added on Nov. 7, 2006, by initiative Prop. 84 (Sections 75001 to 75090) prevail over any conflicting provision of Ch. 729.)*

**§ 75103.** It is the intent of the Legislature that any public funds made available by this division to investor-owned utilities regulated by the Public Utilities Commission should be for the benefit of the ratepayers or the public and not the investors pursuant to oversight by the Public Utilities Commission.

*(Added by Stats. 2008, Ch. 729, Sec. 3. Effective January 1, 2008. Note: Pursuant to Stats. 2008, Ch. 729, Sec. 5, the provisions of Division 43 added on Nov. 7, 2006, by initiative Prop. 84 (Sections 75001 to 75090) prevail over any conflicting provision of Ch. 729.)*

**§ 75104.** State agencies that are authorized to award a loan or grant financed by this division shall provide technical assistance with regard to the preparation of an application for a loan or grant in a manner that, among other things, addresses the needs of economically disadvantaged communities.

*(Added by Stats. 2008, Ch. 729, Sec. 3. Effective January 1, 2008. Note: Pursuant to Stats. 2008, Ch. 729, Sec. 5, the provisions of Division 43 added on Nov. 7, 2006, by initiative Prop. 84 (Sections 75001 to 75090) prevail over any conflicting provision of Ch. 729.)*

## **DIVISION 44. TRANSIT, AFFORDABLE HOUSING, AND SUSTAINABLE COMMUNITIES PROGRAM**

### **PART 1. AFFORDABLE HOUSING AND SUSTAINABLE COMMUNITIES**

#### **CHAPTER 1. General Provisions**

**§ 75200.** For the purposes of this part, the following terms have the following meanings:

- (a) "Council" means the Strategic Growth Council established pursuant to Section 75121.
- (b) "Disadvantaged communities" means communities identified as disadvantaged communities pursuant to Section 39711 of the Health and Safety Code.
- (c) "Program" means the Affordable Housing and Sustainable Communities Program established pursuant to Section 75210.

*(Added by Stats. 2014, Ch. 36, Sec. 21. (SB 862) Effective June 20, 2014.)*

**§ 75200.2.** The council may designate a state agency or department to administer the program for the disbursement of grants and loans to support the planning and development of sustainable communities consistent with this part and Section 39719 of the Health and Safety Code.

*(Added by Stats. 2015, Ch. 323, Sec. 8. (SB 102) Effective September 22, 2015.)*

#### **CHAPTER 2. Affordable Housing and Sustainable Communities Program**

**§ 75210.** The council shall develop and administer the Affordable Housing and Sustainable Communities Program to reduce greenhouse gas emissions through projects that implement land use, housing, transportation, and agricultural land preservation practices to support infill and compact development, and that support related and coordinated public policy objectives, including the following:

- (a) Reducing air pollution.
- (b) Improving conditions in disadvantaged communities.
- (c) Supporting or improving public health and other cobenefits as defined in Section 39712 of the Health and Safety Code.
- (d) Improving connectivity and accessibility to jobs, housing, and services.
- (e) Increasing options for mobility, including the implementation of the Active Transportation Program established pursuant to Section 2380 of the Streets and Highways Code.
- (f) Increasing transit ridership.
- (g) Preserving and developing affordable rental and owner-occupied housing for lower income households, as defined in Section 50079.5 of the Health and Safety Code.
- (h) Protecting agricultural lands to support infill development.

*(Amended by Stats. 2021, Ch. 97, Sec. 3 (AB 819))*

**§ 75211.** To be eligible for funding pursuant to the program, a project shall do all of the following:

(a) Demonstrate that it will achieve a reduction in greenhouse gas emissions.

(b) Support implementation of an adopted or draft sustainable communities strategy or, if a sustainable communities strategy is not required for a region by law, a regional plan that includes policies and programs to reduce greenhouse gas emissions.

(c) Demonstrate consistency with the state planning priorities established pursuant to Section 65041.1 of the Government Code.

*(Added by Stats. 2014, Ch. 36, Sec. 21. (SB 862) Effective June 20, 2014.)*

**§ 75212.** Projects eligible for funding pursuant to the program include any of the following:

(a) Intermodal, affordable rental or owner-occupied housing projects that support infill and compact development.

(b) Transit capital projects and programs supporting transit ridership, including water-borne transit.

(c) Active transportation capital projects that qualify under the Active Transportation Program, including pedestrian and bicycle facilities and supportive infrastructure, including connectivity to transit stations.

(d) Noninfrastructure-related active transportation projects that qualify under the Active Transportation Program, including activities that encourage active transportation goals conducted in conjunction with infrastructure improvement projects.

(e) Transit-oriented development projects, including affordable rental or owner-occupied housing and infrastructure at or near transit stations or connecting those developments to transit stations.

(f) Capital projects that implement local complete streets programs.

(g) Other projects or programs designed to reduce greenhouse gas emissions and other criteria air pollutants by reducing automobile trips and vehicle miles traveled within a community.

(h) Acquisition of easements or other approaches or tools that protect agricultural lands that are under pressure of being converted to nonagricultural uses, particularly those adjacent to areas most at risk of urban or suburban sprawl or those of special environmental significance.

(i) Planning to support implementation of a sustainable communities strategy, including implementation of local plans supporting greenhouse gas emissions reduction efforts and promoting infill and compact development.

*(Amended by Stats. 2021, Ch. 355, Sec. 3. (AB 1095))*

**§ 75200.3.** Moneys appropriated to the council pursuant to Section 39719 of the Health and Safety Code may be used by a state agency or department designated by the council pursuant to Section 75200.2 for that state agency's or department's support and local assistance costs.

*(Added by Stats. 2015, Ch. 323, Sec. 9. (SB 102) Effective September 22, 2015.)*

**§ 75213.** A project eligible for funding pursuant to the program shall be encouraged to promote the objectives of

Section 75210, and economic growth, reduce public fiscal costs, support civic partnerships and stakeholder engagement, and integrate and leverage existing housing, transportation, and land use programs and resources.

*(Added by Stats. 2014, Ch. 36, Sec. 21. (SB 862) Effective June 20, 2014.)*

**§ 75214.** In implementing the program, the council shall support the goals established pursuant to Chapter 830 of the Statutes of 2012 by ensuring a programmatic goal of expending 50 percent of program expenditure for projects benefiting disadvantaged communities. To the extent feasible, the council shall coordinate outreach to promote access and program participation in disadvantaged communities.

*(Added by Stats. 2014, Ch. 36, Sec. 21. (SB 862) Effective June 20, 2014.)*

**§ 75215.** (a) Prior to awarding funds under the program, the council, in coordination with the member agencies and departments of the council, the State Air Resources Board, and other state entities, as needed, shall develop guidelines and selection criteria for the implementation of the program.

(b) Prior to adoption of the guidelines and the selection criteria, the council shall conduct at least two public workshops to receive and consider public comments. One workshop shall be held at a location in northern California and one workshop shall be held at a location in southern California.

(c) The council shall publish the draft guidelines and selection criteria on its internet website at least 30 days prior to the public meetings.

(d) In adopting the guidelines and selection criteria, the council shall consider the comments from local governments, regional agencies, and other stakeholders. The council shall conduct outreach to disadvantaged communities to encourage comments on the draft guidelines from those communities.

(e) The council shall adopt guidelines or selection criteria that include both affordable housing rental units and owner-occupied affordable housing units.

(f) Program guidelines may be revised by the council to reflect changes in program focus or need. Outreach to stakeholders shall be conducted, pursuant to subdivisions (a), (b), and (c) before the council adopts changes to guidelines.

(g) Upon the adoption of the guidelines and selection criteria, the council shall, pursuant to Section 9795 of the Government Code, submit copies of the guidelines to the fiscal and appropriate policy committees of the Legislature.

(h) Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code does not apply to the development and adoption of the guidelines and selection criteria pursuant to this section.

*(Amended by Stats. 2021, Ch. 355, Sec. 4. (AB 1095))*

**§ 7516.** (a) The council shall leverage the programmatic and administrative expertise of relevant state departments and agencies in implementing the program.

(b) The council shall coordinate with the metropolitan planning organizations and other regional agencies to identify and recommend projects within their respective jurisdictions that best reflect the goals and objectives of this division.

*(Added by Stats. 2014, Ch. 36, Sec. 21. (SB 862) Effective June 20, 2014.)*

**§ 75217.** The executive director of the council shall report the progress on the implementation of the program in its annual report required pursuant to subdivision (e) of Section 75125.

*(Added by Stats. 2014, Ch. 36, Sec. 21. (SB 862) Effective June 20, 2014.)*

**§ 75218.** (a) For any loans issued pursuant to this chapter, principal and accumulated interest is due and payable upon completion of the term of the loan. The loan shall bear simple interest at the rate of 3 percent per annum on the unpaid principal balance. The department shall require annual loan payments in the minimum amount necessary to cover the costs of project monitoring. For the first 30 years of the loan term, the amount of the required loan payments shall not exceed 0.42 percent per annum.

(b) All moneys received by the department in repayment of loans made pursuant to this chapter, including interest and payments in advance in lieu of future interest, shall be deposited in the Housing Rehabilitation Loan Fund established by Section 50661 of the Health and Safety Code, and notwithstanding Section 13340 of the Government Code, are continuously appropriated to the department for the purposes of the Multifamily Housing Program (Chapter 6.7 (commencing with Section 50675) of Part 2 of Division 31 of the Health and Safety Code), except as otherwise provided in this section.

(c) The department may designate an amount not to exceed 1.5 percent of funds appropriated for use pursuant to this section for the purposes of curing or averting a default on the terms of any loan or other obligation by the recipient of financial assistance, or bidding at any foreclosure sale where the default or foreclosure sale would jeopardize the department's security in the rental housing development assisted pursuant to this chapter. The funds so designated shall be known as the "default reserve."

(d) The department may use default reserve funds made available pursuant to this section to repair or maintain any rental housing development assisted pursuant to this chapter that was acquired to protect the department's security interest.

(e) The payment or advance of funds by the department pursuant to this section shall be exclusively within the department's discretion, and no person shall be deemed to have any entitlement to the payment or advance of those funds. The amount of any funds expended by the department for the purposes of curing or averting a default shall be added to the loan amount secured by the rental housing development and shall be payable to the department upon demand.

(f) All moneys set aside for the default reserve by the department pursuant to this section shall be deposited in the Housing Rehabilitation Loan Fund established by Section 50661 of the Health and Safety Code, and, notwithstanding Section 13340 of the Government Code, are continuously appropriated to the department for the purposes of the default reserve set forth above in this section.

(g) For the purposes of this section, "department" means the Department of Housing and Community Development.

*(Added by Stats. 2018, Ch. 37, Sec. 52. (AB 1817) Effective June 27, 2018.)*

## CHAPTER 5. Protection of Rivers, Lakes and Streams

**§ 75050.** The sum of nine hundred twenty eight million dollars (\$928,000,000) shall be available for the protection and restoration of rivers, lakes and streams, their watersheds and associated land, water, and other natural resources in accordance with the following schedule:

(a) The sum of one hundred eighty million dollars (\$180,000,000) shall be available to the Department of Fish and Game, in consultation with the department, for Bay-Delta and coastal fishery restoration projects. Of the funds provided in this section, up to \$20,000,000 shall be available for the development of a natural community conservation plan for the CALFED Bay-Delta Program and up to \$45,000,000 shall be available for coastal salmon and steelhead fishery restoration projects that support the development and implementation of species recovery plans and strategies for salmonid species listed as threatened or endangered under state or federal law.

(b) The sum of ninety million dollars (\$90,000,000) shall be available for projects related to the Colorado River in accordance with the following schedule:

(1) Not more than \$36,000,000 shall be available to the department for water conservation projects that implement the Allocation Agreement as defined in the Quantification Settlement Agreement.

(2) Not more than \$7,000,000 shall be available to the Department of Fish and Game for projects to implement the Lower Colorado River Multi-Species Habitat Conservation Plan.

(3) \$47,000,000 shall be available for deposit into the Salton Sea Restoration Fund.

(c) The sum of fifty four million dollars (\$54,000,000) shall be available to the department for development, rehabilitation, acquisition, and restoration costs related to providing public access to recreation and fish and wildlife resources in connection with state water project obligations pursuant to Water Code Section 11912.

(d) The sum of seventy two million dollars (\$72,000,000) shall be available to the secretary for projects in accordance with the California River Parkways Act of 2004 Chapter 3.8 (commencing with Section 5750) of Division 5. Up to \$10,000,000 may be transferred to the Department of Conservation for the Watershed Con Coordinator Grant Program.

(e) The sum of eighteen million dollars (\$18,000,000) shall be available to the department for the Urban Streams Restoration Program pursuant to Water Code Section 7048.

(f) The sum of thirty six million dollars (\$36,000,000) shall be available for river parkway projects to the San Joaquin River Conservancy.

(g) The sum of seventy two million dollars (\$72,000,000) shall be available for projects within the watersheds of the Los Angeles and San Gabriel Rivers according to the following schedule:

(1) \$36,000,000 to the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy pursuant to Division 22.8 (commencing with Section 32600).

(2) \$36,000,000 to the Santa Monica Mountains Conservancy for implementation of watershed protection activities throughout the watershed of the Upper Los Angeles River pursuant to Section 79508 of the Water Code.

(h) The sum of thirty six million dollars (\$36,000,000) shall be available for the Coachella Valley Mountains Conservancy.

(i) The sum of forty five million dollars (\$45,000,000) shall be available for projects to expand and improve the Santa Ana River Parkway. Project funding shall be appropriated to the State Coastal Conservancy for projects developed in consultation with local government

agencies participating in the development of the Santa Ana River Parkway. Of the amount provided in this paragraph the sum of thirty million dollars (\$30,000,000) shall be equally divided between projects in Orange, San Bernardino and Riverside Counties.

(j) The sum of fifty four million dollars (\$54,000,000) shall be available for the Sierra Nevada Conservancy.

(k) The sum of thirty six million dollars (\$36,000,000) shall be available for the California Tahoe Conservancy.

(l) The sum of forty five million dollars (\$45,000,000) shall be available to the California Conservation Corps for resource conservation and restoration projects and for facilities acquisition, development, restoration, and rehabilitation and for grants and state administrative costs, in accordance with the following schedule:

(1) The sum of twenty five million dollars (\$25,000,000) shall be available for projects to improve public safety and improve and restore watersheds including regional and community fuel load reduction projects on public lands, and stream and river restoration projects. Not less than 50% of these funds shall be in the form of grants to local conservation corps.

(2) The sum of twenty million dollars (\$20,000,000) shall be available for grants to local conservation corps for acquisition and development of facilities to support local conservation corps programs, and for local resource conservation activities.

(m) The sum of ninety million dollars (\$90,000,000) to the state board for matching grants to local public agencies for the reduction and prevention of stormwater contamination of rivers, lakes, and streams. The Legislature may enact legislation to implement this subdivision.

(n) The sum of one hundred million dollars (\$100,000,000) shall be available to the secretary for the purpose of implementing a court settlement to restore flows and naturally reproducing and self-sustaining populations of salmon to the San Joaquin River between Friant Dam and the Merced River. These funds shall be available for channel and structural improvements, and related research pursuant to the court settlement. The secretary is authorized to enter into a cost-sharing agreement with the United States Secretary of the Interior and other parties, as necessary, to implement this provision.

*(Added November 7, 2006, by initiative Proposition 84.)*

**§ 75050.2.** (a) The state board shall develop project selection and evaluation guidelines for the allocation of funds made available pursuant to subdivision (m) of Section 75050. Upon appropriation, the funds shall be available for matching grants to local public agencies, not to exceed five million dollars (\$5,000,000) per project, for projects to achieve any of the following purposes in accordance with the requirements of that subdivision:

(1) Complying with total maximum daily load requirements established pursuant to Section 303(d) of the Clean Water Act (33 U.S.C. Sec. 1313(d)) and this division where pollutant loads have been allocated to stormwater, including, but not limited to, metals, pathogens, and trash pollutants.

(2) Assistance in implementing low-impact development and other onsite and regional practices, on public and private lands, that seek to maintain predevelopment hydrology for existing and new development and redevelopment projects. Projects funded pursuant to this paragraph shall be designed to infiltrate, filter, store, evaporate, or retain runoff in close proximity to the source of water.

(3) Implementing treatment and source control practices to meet design and performance standard requirements for new development.

(4) Treating and recycling stormwater discharge.

(5) Implementing improvements to combined municipal sewer and stormwater systems.

(6) Implementing best management practices, and other measures, required by municipal stormwater permits issued by a California regional water quality control board or the state board.

(7) Assessing project effectiveness, including, but not limited to, monitoring receiving water quality, determining pollutant load reductions, and assessing improvements in stormwater discharge water quality.

(b) (1) For the purpose of implementing subdivision (a), the state board shall give preference to a project that does one or more of the following:

(A) Supports sustained, long-term water quality improvements.

(B) Is coordinated or consistent with any applicable integrated regional water management plan.

(2) The allocation of funds pursuant to this section shall be consistent with water quality control plans and Section 75072.

(c) The state board shall require grant recipients for projects described in subdivision (a) to assess and report on project effectiveness, which may include monitoring receiving water quality, determining pollutant load reductions, and assessing improvements in stormwater discharge water quality resulting from project implementation.

*(Added by Stats. 2007, Ch. 610, Sec. 4. Effective January 1, 2008.)*

**§ 75050.4.** The state board and the department shall consult with each other, as necessary, with regard to the development of project selection and evaluation guidelines for the following financial assistance programs that are directed, in whole or in part, for municipal stormwater management, to avoid duplication and maximize water quality benefits:

(a) Section 5096.827.

(b) Subdivision (a) of Section 75026.

(c) Subdivision (m) of Section 75050.

(d) Subdivision (a) of Section 75060.

*(Added by Stats. 2007, Ch. 610, Sec. 5. Effective January 1, 2008.)*

## **CHAPTER 6. Forest and Wildlife Conservation**

**§ 75055.** The sum of four hundred fifty million dollars (\$450,000,000) shall be available for the protection and conservation of forests and wildlife habitat according to the following schedule:

(a) Notwithstanding Section 13340 of the Government Code, the sum of one hundred eighty million dollars (\$180,000,000) is continuously appropriated to the board for forest conservation and protection projects. The goal of this grant program is to promote the ecological integrity and economic stability of California's diverse native forests for all their public benefits through forest conservation, preservation and restoration of productive managed forest lands, forest reserve areas, redwood forests and other forest types, including the conservation of water resources and natural habitats for native fish, wildlife and plants found on these lands.

(b) (1) Notwithstanding Section 13340 of the Government Code, the sum of one hundred thirty five million dollars (\$135,000,000) is hereby continuously appropriated to the board for the development, rehabilitation, restoration, acquisition and protection of habitat that accomplishes one or more of the following objectives:

- (A) Promotes the recovery of threatened and endangered species.
- (B) Provides corridors linking separate habitat areas to prevent fragmentation.
- (C) Protects significant natural landscapes and ecosystems such as old growth redwoods, mixed conifer forests and oak woodlands, riparian and wetland areas, and other significant habitat areas.
- (D) Implements the recommendations of California Comprehensive Wildlife Strategy, as submitted October 2005 to the United States Fish and Wildlife Service.

(2) Funds authorized by this subdivision may be used for direct expenditures or for grants and for related state administrative costs, pursuant to the Wildlife Conservation Law of 1947, Chapter 4 (commencing with Section 1300) of Division 2 of the Fish and Game Code, the Oak Woodland Conservation Act, Article 3.5 (commencing with Section 1360) of Chapter 4 of Division 2 of the Fish and Game Code, and the California Rangeland, Grazing Land and Grassland Protection Act, commencing with Section 10330 of Division 10.4. Funds scheduled in this subdivision may be used to prepare management plans for properties acquired by the Wildlife Conservation Board and for the development of scientific data, habitat mapping and other research information necessary to determine the priorities for restoration and acquisition statewide.

(3) Up to twenty five million dollars (\$25,000,000) may be granted to the University of California for the Natural Reserve System for matching grants for land acquisition and for the construction and development of facilities that will be used for research and training to improve the management of natural lands and the preservation of California's wildlife resources.

(c) The sum of ninety million dollars (\$90,000,000) shall be available to the board for grants to implement or assist in the establishment of Natural Community Conservation Plans, Chapter 10 (commencing with Section 2800) of Division 3 of the Fish and Game Code.

(d) The sum of forty five million dollars (\$45,000,000) shall be available for the protection of ranches, farms, and oak woodlands according the following schedule:

(1) Grazing land protection pursuant to the California Rangeland, Grazing Land and Grassland Protection Act, commencing with Section 10330 of Division 10.4 . . . \$15,000,000.

(2) Oak Woodland Preservation pursuant to Article 3.5 (commencing with Section 1360) of Chapter 4 of Division 2 of the Fish and Game Code . . . \$15,000,000.

(3) Agricultural land preservation pursuant to the California Farmland Conservancy Program Act of 1995, Article 1 (commencing with Section 10200) of Division 10.2 . . . \$10,000,000.

(4) To the board for grants to assist farmers in integrating agricultural activities with ecosystem restoration and wildlife protection . . . \$5,000,000.

*(Added November 7, 2006, by initiative Proposition 84.)*

#### **PART 4. TRANSFORMATIVE CLIMATE COMMUNITIES PROGRAM**

**§ 75240.** The Transformative Climate Communities Program is hereby created, to be administered by the Strategic Growth Council. The program shall fund the development and

implementation of neighborhood-level transformative climate community plans that include multiple, coordinated greenhouse gas emissions reduction projects that provide local economic, environmental, and health benefits to disadvantaged communities, as described in Section 39711 of the Health and Safety Code. By making such comprehensive public investments, it is the intent of the Legislature that private resources can be more effectively catalyzed to support innovative community and climate transformation in disadvantaged communities.

*(Added by Stats. 2016, Ch. 371, Sec. 1. (AB 2722) Effective January 1, 2017.)*

**§ 75241.** (a) The Strategic Growth Council shall award competitive grants to eligible entities through an application process. An eligible entity, including, but not limited to, a nonprofit organization, a community-based organization, a faith-based organization, a coalition or association of nonprofit organizations, a community development finance institution, a community development corporation, a local agency, a joint powers authority, or a tribal government, shall demonstrate multistakeholder partnerships with local agencies, community-based organizations, labor groups, workforce investment boards, and other stakeholders, as appropriate. The Strategic Growth Council shall award grants for projects that demonstrate community engagement in all phases.

(b) (1) In awarding grants, the Strategic Growth Council shall make grant selections for plan development contingent on the implementation of one or more projects identified by the plan.

(2) In awarding grants, the Strategic Growth Council may give priority to plans and projects that cover areas that have a high proportion of census tracts identified as disadvantaged communities and that focus on communities that are most disadvantaged.

(3) The Strategic Growth Council may award a grant over multiple years.

(4) The Strategic Growth Council shall consider applicants for projects undertaken in disadvantaged communities located in unincorporated areas of a county.

(c) To be eligible for funding under the program, a plan, and a project that implements a plan, shall demonstrate that it will achieve a reduction in emissions of greenhouse gases.

(d) The California Environmental Protection Agency shall provide assistance in performing outreach to disadvantaged communities and assessing the environmental justice benefits of project awards.

(e) Projects shall maximize climate, public health, environmental, workforce, and economic benefits.

*(Amended by Stats. 2019, Ch. 368, Sec. 1. Effective January 1, 2020.)*

**§ 75242.** (a) The council and all funded entities shall endeavor to identify additional public and private sources of funding to sustain and expand the program.

(b) The council shall fund technical assistance providers to assist in application development and project development and implementation.

*(Added by Stats. 2016, Ch. 371, Sec. 1. (AB 2722) Effective January 1, 2017.)*

**§ 75243.** (a) Before awarding funds under the program, the council shall develop guidelines and selection criteria for plan development and implementation of the program.

(b) In adopting guidelines and selection criteria, the council shall consider comments, if any, from local governments, regional agencies, and other stakeholders. The council shall conduct

outreach to disadvantaged communities to encourage comments on the draft guidelines and selection criteria from those communities.

(c) In adopting the guidelines, the council shall consider whether eligible plans and projects avoid economic displacement of low-income disadvantaged community residents and businesses.

*(Added by Stats. 2016, Ch. 371, Sec. 1. (AB 2722) Effective January 1, 2017.)*

## **DIVISION 45. CALIFORNIA DROUGHT, WATER, PARKS, CLIMATE., COASTAL PROTECTION, AND OUTDOOR ACCESS FOR ALL ACT OF 2018**

### **CHAPTER 1. General Provisions**

**§ 80000.** This division shall be known, and may be cited, as the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Act of 2018.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80001.** (a) The people of California find and declare all of the following:

(1) From California's beautiful rivers, streams, coastal shorelines, and other waterways, to our federal, state, local, and regional parks and outdoor settings, to our vast network of trails connecting people with natural landscapes, Californians value the rich diversity of outdoor experiences afforded to this state and its citizens.

(2) Demand for local parks has exceeded available funding by a factor of 8 to 1, with particularly high demand in urban, disadvantaged communities.

(3) Many Californians across the state lack access to safe parks, wildlife, trails, and recreation areas, which limits their ability to experience the outdoors, improve their physical and emotional health, exercise, and connect with their communities.

(4) Investments to create and improve parks and recreation areas, and to create trail networks that provide access from neighborhoods to parks, wildlife, and recreational opportunities, will help ensure all Californians have access to safe places to exercise and enjoy recreational activities.

(5) The California Center for Public Health Advocacy estimates that inactivity and obesity cost California over forty billion dollars (\$40,000,000,000) annually, through increased health care costs and lost productivity due to obesity related illnesses, and that even modest increases in physical activity would result in significant savings. Investments in infrastructure improvements such as biking and walking trails and pathways, whether in urban or natural areas, are cost-effective ways to promote physical activity.

(6) Continued investments in the state's parks, wildlife and ecological areas, trails, and natural resources, and greening urban areas will help mitigate the effects of climate change, making cities more livable, and will protect California's natural resources for future generations.

(7) California's outdoor recreation economy represents an eighty-seven-billion-dollar (\$87,000,000,000) industry, providing over 700,000 jobs and billions of dollars in local and state revenues.

(8) California's state, local, and regional park system infrastructure and national park system infrastructure are aging, and a significant infusion of capital is required to protect this investment.

(9) There has been a historic underinvestment in parks, trails, and outdoor infrastructure in disadvantaged areas and many communities throughout California.

(10) Tourism is a growing industry in California and remains an economic driver for the more rural parts of the state.

(11) California's highly variable hydrology puts at risk the state's supply of clean and safe water. In recent years, California has experienced both the state's worst drought and also the wettest winter in recorded history.

(12) Extreme weather changes such as prolonged drought, intense heat events, and a changing snowpack are real climate impacts happening right now in California, and these changes increase the need to safeguard water supply for the quality of life for all Californians.

(13) Every Californian should have access to clean, safe, and reliable drinking water.

(14) California's water infrastructure continues to age and deteriorate.

(15) Encouraging water conservation and recycling are commonsense actions to improve California's water future.

(16) Successfully implementing the Sustainable Groundwater Management Act in collaboration with local government and communities is a key state priority.

(17) Flooding can devastate communities and infrastructure.

(18) Protecting and restoring lakes, rivers, streams, and the state's diverse ecosystems is a critical part of the state's water future and ensures the quality of life for all Californians.

(19) This division provides funding to implement the California Water Action Plan.

(20) Periodic investments are needed to protect, restore, and enhance our natural resources and parks to ensure all Californians have safe, clean, and reliable drinking water, prevent pollution and disruption of our water supplies, prepare for future droughts and floods, and protect and restore our natural resources for the benefit and enjoyment of our children and future generations.

(b) It is the intent of the people of California that all of the following shall occur in the implementation of this division:

(1) The investment of public funds pursuant to this division will result in public benefits that address the most critical statewide needs and priorities for public funding.

(2) In the appropriation and expenditure of funding authorized by this division, priority will be given to projects that leverage private, federal, or local funding or produce the greatest public benefit.

(3) To the extent practicable, a project that receives moneys pursuant to this division will include signage informing the public that the project received funds from the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Act of 2018.

(4) To the extent practicable, when developing program guidelines for urban recreation projects and habitat protection or restoration projects, administering entities are encouraged to give favorable consideration to projects that provide urban recreation and protect or restore natural resources. Additionally, the entities may pool funding for these projects.

(5) To the extent practicable, a project that receives moneys pursuant to this division will provide workforce education and training, contractor, and job opportunities for disadvantaged communities.

(6) To the extent practicable, priority for funding pursuant to this division will be given to local parks projects that have obtained all required permits and entitlements and a commitment of matching funds, if required.

(7) To the extent practicable, administering entities should measure or require measurement of greenhouse gas emissions reductions and carbon sequestrations associated with projects that receive moneys pursuant to this division.

(8) To the extent practicable, as identified in the “Presidential Memorandum--Promoting Diversity and Inclusion in Our National Parks, National Forests, and Other Public Lands and Waters,” dated January 12, 2017, the public agencies that receive funds pursuant to this division will consider a range of actions that include, but are not limited to, the following:

(A) Conducting active outreach to diverse populations, particularly minority, low-income, and disabled populations and tribal communities, to increase awareness within those communities and the public generally about specific programs and opportunities.

(B) Mentoring new environmental, outdoor recreation, and conservation leaders to increase diverse representation across these areas.

(C) Creating new partnerships with state, local, tribal, private, and nonprofit organizations to expand access for diverse populations.

(D) Identifying and implementing improvements to existing programs to increase visitation and access by diverse populations, particularly minority, low-income, and disabled populations and tribal communities.

(E) Expanding the use of multilingual and culturally appropriate materials in public communications and educational strategies, including through social media strategies, as appropriate, that target diverse populations.

(F) Developing or expanding coordinated efforts to promote youth engagement and empowerment, including fostering new partnerships with diversity-serving and youth-serving organizations, urban areas, and programs.

(G) Identifying possible staff liaisons to diverse populations.

(9) To the extent practicable, priority for grant funding under this division will be given to a project that advances solutions to prevent displacement if a potential unintended consequence associated with park creation pursuant to the project is an increase in the cost of housing.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80002.** As used in this division, the following terms have the following meanings:

(a) “Committee” means the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Finance Committee created by Section 80162.

(b) “Community access” means engagement programs, technical assistance, or facilities that maximize safe and equitable physical admittance, especially for low-income communities, to natural or cultural resources, community education, or recreational amenities.

(c) “Conservation actions on private lands” means projects with willing landowners that involve the adaptive flexible management or protection of natural resources in response to

changing conditions and threats to habitat and wildlife. The actions may include the acquisition of conservation interests or fee interests in the land. These projects result in habitat conditions on private lands that, when managed dynamically over time, contribute to the long-term health and resiliency of vital ecosystems and enhance wildlife populations.

(d) "Department" means the Department of Parks and Recreation.

(e) "Disadvantaged community" means a community with a median household income less than 80 percent of the statewide average.

(f) "Fund" means the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Fund, created by Section 80032.

(g) "Heavily urbanized city" means a city with a population of 300,000 or more.

(h) "Heavily urbanized county" means a county with a population of 3,000,000 or more.

(i) "Interpretation" includes, but is not limited to, a visitor-serving amenity that enhances the ability to understand and appreciate the significance and value of natural, historical, and cultural resources and that may utilize educational materials in multiple languages, digital information, and the expertise of a naturalist or other skilled specialist.

(j) "Nonprofit organization" means a nonprofit corporation qualified to do business in California and qualified under Section 501(c)(3) of the Internal Revenue Code.

(k) "Preservation" means rehabilitation, stabilization, restoration, conservation, development, and reconstruction, or any combination of those activities.

(l) "Protection" means those actions necessary to prevent harm or damage to persons, property, or natural, cultural, and historic resources, actions to improve access to public open-space areas, or actions to allow the continued use and enjoyment of property or natural, cultural, and historic resources, and includes site monitoring, acquisition, development, restoration, preservation, and interpretation.

(m) "Restoration" means the improvement of physical structures or facilities and, in the case of natural systems and landscape features, includes, but is not limited to, projects for the control of erosion, stormwater capture and storage or to otherwise reduce stormwater pollution, the control and elimination of invasive species, the planting of native species, the removal of waste and debris, prescribed burning, fuel hazard reduction, fencing out threats to existing or restored natural resources, road elimination, improving instream, riparian, or managed wetland habitat conditions, and other plant and wildlife habitat improvement to increase the natural system value of the property or coastal or ocean resource. Restoration also includes activities described in subdivision (b) of Section 79737 of the Water Code. Restoration projects shall include the planning, monitoring, and reporting necessary to ensure successful implementation of the project objectives.

(n) "Severely disadvantaged community" means a community with a median household income less than 60 percent of the statewide average.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80004.** An amount that equals not more than 5 percent of the funds allocated for a grant program pursuant to this division may be used to pay the administrative costs of that program.  
*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80006.** (a) Except as provided in subdivision (b), up to 10 percent of funds allocated for each program funded by this division may be expended, including, but not limited to, by grants, for planning and monitoring necessary for the successful design, selection, and implementation of the projects authorized under that program. This section shall not otherwise restrict funds ordinarily used by an agency for “preliminary plans,” “working drawings,” and “construction” as defined in the annual Budget Act for a capital outlay project or grant project. Planning may include feasibility studies for environmental site cleanup that would further the purpose of a project that is eligible for funding under this division. Monitoring may include measuring greenhouse gas emissions reductions and carbon sequestration associated with program expenditures under this division.

(b) Funds used for planning projects that benefit disadvantaged communities may exceed 10 percent of the funds allocated if the state agency administering the moneys determines that there is a need for the additional funding.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80008.** (a) (1) Except as provided in paragraph (2), at least 20 percent of the funds available pursuant to each chapter of this division shall be allocated for projects serving severely disadvantaged communities.

(2) At least 15 percent of the funds available pursuant to Chapter 9 (commencing with Section 80120) and Chapter 10 (commencing with Section 80130) shall be allocated for projects serving severely disadvantaged communities.

(b) (1) Except as provided in subdivision (c), up to 10 percent of the funds available pursuant to each chapter of this division may be allocated for technical assistance to disadvantaged communities. The agency administering the moneys shall operate a multidisciplinary technical assistance program for disadvantaged communities.

(2) Funds used for providing technical assistance to disadvantaged communities may exceed 10 percent of the funds allocated if the state agency administering the moneys determines that there is a need for the additional funding.

(c) (1) Up to 5 percent of funds available pursuant to each chapter of this division shall, to the extent permissible under the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code) and with the concurrence of the Director of Finance, be allocated for community access projects that include, but are not limited to, the following:

(A) Transportation.

(B) Physical activity programming.

(C) Resource interpretation.

(D) Multilingual translation.

(E) Natural science.

(F) Workforce development and career pathways.

(G) Education.

(H) Communication related to water, parks, climate, coastal protection, and other outdoor pursuits.

(2) This subdivision does not apply to Chapter 11.1 (commencing with Section 80141) and Chapter 12 (commencing with Section 80150).

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80010.** Before disbursing grants pursuant to this division, each state agency that receives funding to administer a competitive grant program under this division shall do the following:

(a) (1) Develop and adopt project solicitation and evaluation guidelines. The guidelines shall include monitoring and reporting requirements and may include a limitation on the dollar amount of grants to be awarded. If the state agency has previously developed and adopted project solicitation and evaluation guidelines that comply with the requirements of this subdivision, it may use those guidelines.

(2) Guidelines adopted pursuant to this subdivision shall encourage, where feasible, inclusion of the following project components:

(A) Efficient use and conservation of water supplies.

(B) Use of recycled water.

(C) The capture of stormwater to reduce stormwater runoff, reduce water pollution, or recharge groundwater supplies, or a combination thereof.

(D) Provision of safe and reliable drinking water supplies to park and open-space visitors.

(b) Conduct three public meetings to consider public comments before finalizing the guidelines. The state agency shall publish the draft solicitation and evaluation guidelines on its Internet Web site at least 30 days before the public meetings. One meeting shall be conducted at a location in northern California, one meeting shall be conducted at a location in the central valley of California, and one meeting shall be conducted at a location in southern California.

(c) For statewide competitive grant programs, submit the guidelines to the Secretary of the Natural Resources Agency. The Secretary of the Natural Resources Agency shall verify that the guidelines are consistent with applicable statutes and for all the purposes enumerated in this division. The Secretary of the Natural Resources Agency shall post an electronic form of the guidelines submitted by state agencies and the subsequent verifications on the Natural Resources Agency's Internet Web site.

(d) Upon adoption, transmit copies of the guidelines to the fiscal committees and the appropriate policy committees of the Legislature.

(e) Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code does not apply to the development and adoption of program guidelines and selection criteria adopted pursuant to this division.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80012.** (a) The Department of Finance shall provide for an independent audit of expenditures pursuant to this division. The Secretary of the Natural Resources Agency shall publish a list of all program and project expenditures pursuant to this division not less than annually, in written form, and shall post an electronic form of the list on the agency's Internet Web site in a downloadable spreadsheet format. The spreadsheet shall include information about the location and footprint of each funded project, the project's objectives, the status of the project, anticipated outcomes, any matching moneys provided for the project by the grant

recipient, and the applicable chapter of this division pursuant to which the grant recipient received moneys.

(b) If an audit, required by statute, of any entity that receives funding authorized by this division is conducted pursuant to state law and reveals any impropriety, the California State Auditor or the Controller may conduct a full audit of any or all of the activities of that entity.

(c) The state agency issuing any grant with funding authorized by this division shall require adequate reporting of the expenditures of the funding from the grant.

(d) The costs associated with the publications, audits, statewide bond tracking, cash management, and related oversight activities provided for in this section shall be funded from this division. These costs shall be shared proportionally by each program through this division. Actual costs incurred to administer nongrant programs authorized by this division shall be paid from the funds authorized in this division.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80014.** If any moneys allocated pursuant to this division are not encumbered or expended by the recipient entity within the time period specified by the administering agency, the unexpended moneys shall revert to the administering agency for allocation consistent with the applicable chapter.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80016.** To the extent feasible, a project whose application includes the use of services of the California Conservation Corps or certified community conservation corps, as defined in Section 14507.5, shall be given preference for receipt of a grant under this division.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80018.** To the extent feasible, a project that includes water efficiencies, stormwater capture for infiltration or reuse, or carbon sequestration features in the project design may be given priority for grant funding under this division.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80020.** Moneys allocated pursuant to this division shall not be used to fulfill any mitigation requirements imposed by law.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80022.** (a) To the extent feasible in implementing this division and except as provided in subdivision (b), a state agency receiving funding under this division shall seek to achieve wildlife conservation objectives through projects on public lands or voluntary projects on private lands. Projects on private lands shall be evaluated based on the durability of the benefits created by the investment. Funds may be used for payments for the protection or creation of measurable

habitat improvements or other improvements to the condition of endangered or threatened species, including through the development and implementation of habitat credit exchanges.

(b) This section shall not apply to Chapter 2 (commencing with Section 80050), Chapter 3 (commencing with Section 80060), Chapter 5 (commencing with Section 80080), Chapter 6 (commencing with Section 80090), Chapter 11 (commencing with Section 80140), Chapter 11.5 (commencing with Section 80145), or Chapter 12 (commencing with Section 80150).

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80024.** A state agency that receives funding to administer a grant program under this division shall report to the Legislature by January 1, 2027, on its expenditures pursuant to this division and the public benefits received from those expenditures.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80026.** A state conservancy receiving funding pursuant to this division shall endeavor to allocate funds that are complementary, but not duplicative, of authorized expenditures made pursuant to the Water Quality, Supply, and Infrastructure Improvement Act of 2014.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80028.** Funds provided pursuant to this division, and any appropriation or transfer of those funds, shall not be deemed to be a transfer of funds for the purposes of Chapter 9 (commencing with Section 2780) of Division 3 of the Fish and Game Code.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80030.** For grants awarded for projects that serve a disadvantaged community, the administering entity may provide advanced payments in the amount of 25 percent of the grant award to the recipient to initiate the project in a timely manner. The administering entity shall adopt additional requirements for the recipient of the grant regarding the use of the advanced payments to ensure that the moneys are used properly.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80032.** (a) The proceeds of bonds issued and sold pursuant to this division, exclusive of refunding bonds issued and sold pursuant to Section 80172, shall be deposited in the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Fund, which is hereby created in the State Treasury.

(b) Proceeds of bonds issued and sold pursuant to this division shall be allocated according to the following schedule:

(1) Two billion eight hundred thirty million dollars (\$2,830,000,000) for purposes of Chapter 2 (commencing with Section 80050), Chapter 3 (commencing with Section 80060), Chapter 4 (commencing with Section 80070), Chapter 5 (commencing with Section 80080), Chapter 6 (commencing with Section 80090), Chapter 7 (commencing with Section 80100),

Chapter 8 (commencing with Section 80110), Chapter 9 (commencing with Section 80120), and Chapter 10 (commencing with Section 80130).

(2) Two hundred fifty million dollars (\$250,000,000) for Chapter 11 (commencing with Section 80140).

(3) Eighty million dollars (\$80,000,000) for Chapter 11.1 (commencing with Section 80141).

(4) Five hundred fifty million dollars (\$550,000,000) for Chapter 11.5 (commencing with Section 80145).

(5) Three hundred ninety million dollars (\$390,000,000) for Chapter 11.6 (commencing with Section 80146).

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80034.** The Legislature may enact legislation necessary to implement programs funded by this division.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

## **CHAPTER 10. Climate Preparedness, Habitat Resiliency, Resource Enhancement, and Innovation**

**§ 80130.** The sum of four hundred forty-three million dollars (\$443,000,000) shall be available, upon appropriation by the Legislature, as competitive grants for projects that plan, develop, and implement climate adaptation and resiliency projects. Eligible projects shall improve a community's ability to adapt to the unavoidable impacts of climate change, improve and protect coastal and rural economies, agricultural viability, wildlife corridors, or habitat, develop future recreational opportunities, or enhance drought tolerance, landscape resilience, and water retention.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80131.** In implementing Section 80130, special consideration may be given to the acquisition of lands that are in deferred certification areas of local coastal plans.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80132.** (a) Of the amount made available pursuant to Section 80130, eighteen million dollars (\$18,000,000) shall be available to the Wildlife Conservation Board for direct expenditures pursuant to the Wildlife Conservation Law of 1947 (Chapter 4 (commencing with Section 1300) of Division 2 of the Fish and Game Code) and for grants for any of the following:

(1) Projects for the acquisition, development, rehabilitation, restoration, protection, and expansion of wildlife corridors and open space, including projects to improve connectivity and reduce barriers between habitat areas. In awarding grants pursuant to this paragraph, the Wildlife Conservation Board shall give priority to projects that protect wildlife corridors, including wildlife corridors threatened by urban development.

(2) Projects for the acquisition, development, rehabilitation, restoration, protection, and expansion of habitat that promote the recovery of threatened and endangered species.

(3) Projects to improve climate adaptation and resilience of natural systems.

(4) Projects to protect and improve existing open-space corridors and trail linkages related to utility, transportation, or water infrastructure that provide habitat connectivity and public access or trails.

(5) Projects for wildlife rehabilitation facilities after consultation with the Department of Fish and Wildlife.

(6) Projects to control invasive plants or insects that degrade wildlife corridors or habitat linkages, inhibit the recovery of threatened or endangered species, or reduce the climate resilience of a natural system.

(7) Projects to enhance wildlife habitat, recognizing the highly variable habitat needs required by fish and wildlife. Eligible projects include acquisition of water or water rights from willing sellers, acquisition of land that includes water rights or contractual rights to water, short- or long-term water transfers and leases, projects that provide water for fish and wildlife, projects that improve aquatic or riparian habitat conditions, or projects to benefit salmon and steelhead.

(8) Implementation of conservation actions and habitat enhancement actions that measurably advance the conservation objectives of regional conservation investment strategies approved pursuant to Chapter 9 (commencing with Section 1850) of Division 2 of the Fish and Game Code.

(9) Provision of hunting and other wildlife-dependent recreational opportunities to the public through voluntary agreement with private landowners, including opportunities pursuant to Section 1572 of the Fish and Game Code.

(b) In implementing this section, the Wildlife Conservation Board may provide matching grants for incentives to landowners for conservation actions on private lands or use of voluntary habitat credit exchange mechanisms. A matching grant shall not exceed 50 percent of the total cost of the incentive program.

(c) Of the amount made available pursuant to Section 80130, thirty million dollars (\$30,000,000) shall be available for the acquisition, development, rehabilitation, restoration, protection, and expansion of wildlife corridors and open space to improve connectivity and reduce barriers between habitat areas and to protect and restore habitat associated with the Pacific Flyway. In awarding grants pursuant to this subdivision, priority may be given to projects that protect wildlife corridors. Of the amount described in this subdivision, ten million dollars (\$10,000,000) shall be available for the California Waterfowl Habitat Program.

(d) Of the amount made available pursuant to Section 80130, not less than twenty-five million dollars (\$25,000,000) shall be available to the Department of Fish and Wildlife for projects to restore rivers and streams in support of fisheries and wildlife, including, but not limited to, reconnection of rivers with their flood plains, riparian and side-channel habitat restoration activities described in subdivision (b) of Section 79737 of the Water Code, and restoration and protection of upper watershed forests and meadow systems that are important for fish and wildlife resources. Subdivision (f) of Section 79738 of the Water Code applies to this subdivision. Of the amount available pursuant to this subdivision, at least five million dollars (\$5,000,000) shall be available for restoration projects in the Klamath-Trinity watershed for the benefit of salmon and steelhead. Priority shall be given to projects supported by multistakeholder public or private partnerships, or both, using a science-based approach and

measurable objectives to guide identification, design, and implementation of regional actions to benefit salmon and steelhead.

(e) (1) Of the amount made available pursuant to Section 80130, not less than sixty million dollars (\$60,000,000)

shall be available to the Wildlife Conservation Board for construction, repair, modification, or removal of

transportation or water resources infrastructure to improve wildlife or fish passage.

(2) Of the amount subject to paragraph (1), at least thirty million dollars (\$30,000,000) shall be available to the Department of Fish and Wildlife for restoration of Southern California Steelhead habitat consistent with the Department of Fish and Wildlife's Steelhead Restoration and Management Plan and the National Marine Fisheries Service's Southern California Steelhead Recovery Plan. Projects that remove significant barriers to steelhead migration and include other habitat restoration and associated infrastructure improvements shall be the highest priority.

(f) Of the amount made available pursuant to Section 80130, not less than sixty million dollars (\$60,000,000) shall be available to the Wildlife Conservation Board for the protection, restoration, and improvement of upper watershed lands in the Sierra Nevada and Cascade Mountains, including forest lands, meadows, wetlands, chaparral, and riparian habitat, in order to protect and improve water supply and water quality, improve forest health, reduce wildfire danger, mitigate the effects of wildfires on water quality and supply, increase flood protection, or to protect or restore riparian or aquatic resources.

(g) Of the amount made available pursuant to Section 80130, at least thirty million dollars (\$30,000,000) shall be available to the Department of Fish and Wildlife to improve conditions for fish and wildlife in streams, rivers, wildlife refuges, wetland habitat areas, and estuaries. Eligible projects include acquisition of water from willing sellers, acquisition of land that includes water rights or contractual rights to water, short- or long-term water transfers or leases, provision of water for fish and wildlife, or improvement of aquatic or riparian habitat conditions. In implementing this section, the Department of Fish and Wildlife may provide grants under the Fisheries Restoration Grant Program with priority given to coastal waters.

(h) The Wildlife Conservation Board shall update its strategic master plan that identifies priorities and specific criteria for selecting projects pursuant to subdivision (a).

(i) Activities funded pursuant to this section shall be consistent with the state's climate adaptation strategy, as provided in Section 71153, and the statewide objectives provided in Section 71154.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80133.** (a) Of the amount made available pursuant to Section 80130, forty million dollars (\$40,000,000) shall be available for deposit into the California Ocean Protection Trust Fund, established pursuant to Section 35650, for projects that assist coastal communities, including those reliant on commercial fisheries, with adaptation to climate change, including projects that address ocean acidification, sea level rise, or habitat restoration and protection, including, but not limited to, the protection of coastal habitat associated with the Pacific Flyway.

(b) Thirty-five percent of the amount available pursuant to this section shall be available to the San Francisco Bay Area Conservancy Program (Chapter 4.5 (commencing with Section 31160) of Division 21).

(c) Twelve percent of the amount available pursuant to this section shall be available to the State Coastal Conservancy to fund a conservation program at West Coyote Hills.

(d) The remainder of the amount available pursuant to this section shall be available pursuant to Section 31113.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80134.** (a) Of the amount made available pursuant to Section 80130, thirty million dollars (\$30,000,000) shall be available to plan, develop, and implement innovative farm and ranch management practices and protections that improve climate adaptation and resiliency by improving the soil health, carbon sequestration, and habitat of California's farm and ranch lands and affiliated habitat, including working lands, open space, or riparian corridors, and that increase water retention and absorption, habitat values, species protection, and economic viability to reduce development pressure.

(b) Of the amount subject to this section, the sum of ten million dollars (\$10,000,000) shall be available to the Department of Food and Agriculture for grants to promote practices on farms and ranches that improve agricultural and open-space soil health, carbon soil sequestration, erosion control, water quality, and water retention.

(c) (1) Of the amount subject to this section, the sum of twenty million dollars (\$20,000,000) shall be available to the Department of Conservation to protect, restore, or enhance working lands and riparian corridors through conservation easements or other conservation actions, including actions pursuant to Section 9084 and the California Farmland Conservancy Program (Division 10.2 (commencing with Section 10200)).

(2) Up to fifty percent of the funds available pursuant to this subdivision may be allocated to the Department of Conservation for watershed restoration and conservation projects on agricultural lands pursuant to Section 9084.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80135.** (a) Of the amount made available pursuant to Section 80130, fifty million dollars (\$50,000,000) shall be available to the Department of Forestry and Fire Protection, except as provided in subdivision (c), for projects that provide ecological restoration of forests. Projects may include, but are not limited to, forest restoration activities that include hazardous fuel reduction, postfire watershed rehabilitation, prescribed or managed burns, acquisition of forest conservation easements or fee interests, and forest management practices that promote forest resilience to severe wildfire, climate change, and other disturbances. The Department of Forestry and Fire Protection shall achieve geographic balance with the moneys allocated pursuant to this section and may, where appropriate, include activities on lands owned by the United States.

(b) Not less than 30 percent of the amount available pursuant to this section shall be allocated for urban forestry projects pursuant to Section 4799.12. The Department of Forestry and Fire Protection shall allocate no less than 50 percent of the moneys allocated pursuant to

this subdivision for the expansion of the urban forestry program to previously underserved local entities in order to achieve geographic balance.

(c) Of the amount subject to this section, 50 percent shall be allocated directly to the Sierra Nevada Conservancy to administer projects pursuant to this section for purposes of implementing the Sierra Nevada Watershed Improvement Program. For purposes of this section, the Sierra Nevada Conservancy may allocate funds to the California Tahoe Conservancy for projects within the jurisdiction of the California Tahoe Conservancy.  
*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80136.** Of the amount made available pursuant to Section 80130, forty million dollars (\$40,000,000) shall be available to the California Conservation Corps for projects to rehabilitate or improve local and state parks, restore watersheds and riparian zones, regional and community-level fuel load reduction, compost application and food waste management, resources conservation and restoration projects, and for facility or equipment acquisition, development, restoration, and rehabilitation. Not less than 50 percent of the amount available pursuant to this section shall be allocated for grants to certified local community conservation corps, as defined in Section 14507.5.  
*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

**§ 80137.** (a) Of the amount made available pursuant to Section 80130, sixty million dollars (\$60,000,000) shall be made available to the Natural Resources Agency for competitive grants to local agencies, nonprofit organizations, nongovernmental land conservation organizations, federally recognized Native American tribes, or nonfederally recognized California Native American tribes listed on the California Tribal Consultation List maintained by the Native American Heritage Commission, to do any of the following:

(1) Restore, protect, and acquire Native American, natural, cultural, and historic resources within the state.

(2) Convert and repurpose properties or parts of properties that served as the site of a fossil fuel powerplant that had been retired on the effective date of this division, or were scheduled to be retired prior to January 1, 2021, to create permanently protected open space, tourism, and park opportunities through fee title or conservation easements.

(3) Enhance visitor experiences through development, expansion, and improvement of science centers operated by foundations or other nonprofit organizations in heavily urbanized areas.

(4) Enhance park, water, and natural resource values through improved recreation, tourism, and natural resource investments in those areas of the state not within the jurisdiction of a state conservancy.

(5) Promote, develop, and improve any of the following:

(A) Community, civic, or athletic venues.

(B) Cultural or visitor centers that recognize that contributions of California's ethnic communities or celebrate the unique traditions of these communities, including those of Asian and Hispanic descent.

(C) Visitor centers or nonprofit aquariums that educate the public about natural landscapes, aquatic species, or wildlife migratory patterns.

(b) Of the amount subject to this section, twenty million dollars (\$20,000,000) shall be available for multibenefit green infrastructure investments in or benefiting disadvantaged or severely disadvantaged communities.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

## **CHAPTER 12. Advance Payment for Water Projects**

**§ 80150.** (a) Within 90 days of notice that a grant under this division for projects included and implemented in an integrated regional water management plan has been awarded, the regional water management group shall provide the administering agency with a list of projects to be funded with the grant funds where the project proponent is a nonprofit organization or a disadvantaged community, or the project benefits a disadvantaged community. The list shall specify how the projects are consistent with the adopted integrated regional water management plan and shall include all of the following information:

(1) Descriptive information concerning each project identified.

(2) The names of the entities that will receive the funding for each project, including, but not limited to, an identification as to whether the project proponent or proponents are nonprofit organizations or a disadvantaged community.

(3) The budget of each project.

(4) The anticipated schedule for each project.

(b) Within 60 days of receiving the project information pursuant to subdivision (a), the administering agency may provide advance payment of 50 percent of the grant award for those projects that satisfy both of the following criteria:

(1) The project proponent is a nonprofit organization or a disadvantaged community, or the project benefits a disadvantaged community.

(2) The grant award for the project is less than one million dollars (\$1,000,000).

(c) Funds advanced pursuant to subdivision (b) shall comply with the following requirements:

(1) The recipient shall place the funds in a noninterest-bearing account until expended.

(2) The funds shall be spent within six months of the date of receipt, unless the administering agency waives this requirement.

(3) The recipient shall, on a quarterly basis, provide an accountability report to the administering agency regarding the expenditure and use of any advance grant funds that provides, at a minimum, the following information:

(A) An itemization as to how advance payment funds provided under this section have been expended.

(B) A project itemization as to how any remaining advance payment funds provided under this section will be expended over the period specified in paragraph (2).

(C) A description of whether the funds are placed in a noninterest-bearing account, and if so, the date that occurred and the dates of withdrawals of funds from that account, if applicable.

(4) If funds are not expended, the unused portion of the grant shall be returned to the administering agency within 60 days after project completion or the end of the grant performance period, whichever is earlier.

(5) The administering agency may adopt additional requirements for the recipient regarding the use of the advance payment to ensure that the funds are used properly.

*(Added by Stats. 2017, Ch. 852, Sec. 3. Approved in Proposition 68 at the June 5, 2018, election.)*

## REVENUE AND TAXATION CODE

### DIVISION 1. PROPERTY TAXATION

#### PART 2. ASSESSMENT

#### CHAPTER 3. Assessment Generally

##### Article 1. General Requirements

**§ 402.1.** (a) In the assessment of land, the assessor shall consider the effect upon value of any enforceable restrictions to which the use of the land may be subjected. These restrictions shall include, but are not limited to, all of the following:

- (1) Zoning.
- (2) Recorded contracts with governmental agencies other than those provided in Sections 422, 422.5, and 422.7.
- (3) Permit authority of, and permits issued by, governmental agencies exercising land use powers concurrently with local governments, including the California Coastal Commission and regional coastal commissions, the San Francisco Bay Conservation and Development Commission, and the Tahoe Regional Planning Agency.
- (4) Development controls of a local government in accordance with any local coastal program certified pursuant to Division 20 (commencing with Section 30000) of the Public Resources Code.
- (5) Development controls of a local government in accordance with a local protection program, or any component thereof, certified pursuant to Division 19 (commencing with Section 29000) of the Public Resources Code.
- (6) Environmental constraints applied to the use of land pursuant to provisions of statutes.
- (7) Hazardous waste land use restriction pursuant to Section 25240 of the Health and Safety Code.
- (8) A recorded conservation, trail, or scenic easement, as described in Section 815.1 of the Civil Code, that is granted in favor of a public agency, or in favor of a nonprofit corporation organized pursuant to Section 501(c)(3) of the Internal Revenue Code that has as its primary purpose the preservation, protection, or enhancement of land in its natural, scenic, historical, agricultural, forested, or open-space condition or use.
- (9) A solar-use easement pursuant to Chapter 6.9 (commencing with Section 51190) of Part 1 of Division 1 of Title 5 of the Government Code.

(b) There is a rebuttable presumption that restrictions will not be removed or substantially modified in the predictable future and that they will substantially equate the value of the land to the value attributable to the legally permissible use or uses.

(c) Grounds for rebutting the presumption may include, but are not necessarily limited to, the past history of like use restrictions in the jurisdiction in question and the similarity of sales prices for restricted and unrestricted land. The possible expiration of a restriction at a time certain shall not be conclusive evidence of the future removal or modification of the restriction unless there is no opportunity or likelihood of the continuation or renewal of the restriction, or unless a necessary party to the restriction has indicated an intent to permit its expiration at that time.

(d) In assessing land with respect to which the presumption is unrebutted, the assessor shall not consider sales of otherwise comparable land not similarly restricted as to use as indicative of value of land under restriction, unless the restrictions have a demonstrably minimal effect upon value.

(e) In assessing land under an enforceable use restriction wherein the presumption of no predictable removal or substantial modification of the restriction has been rebutted, but where the restriction nevertheless retains some future life and has some effect on present value, the assessor may consider, in addition to all other legally permissible information, representative sales of comparable lands that are not under restriction but upon which natural limitations have substantially the same effect as restrictions.

(f) For the purposes of this section the following definitions apply:

(1) "Comparable lands" are lands that are similar to the land being valued in respect to legally permissible uses and physical attributes.

(2) "Representative sales information" is information from sales of a sufficient number of comparable lands to give an accurate indication of the full cash value of the land being valued.

(g) It is hereby declared that the purpose and intent of the Legislature in enacting this section is to provide for a method of determining whether a sufficient amount of representative sales information is available for land under use restriction in order to ensure the accurate assessment of that land. It is also hereby declared that the further purpose and intent of the Legislature in enacting this section and Section 1630 is to avoid an assessment policy which, in the absence of special circumstances, considers uses for land that legally are not available to the owner and not contemplated by government, and that these sections are necessary to implement the public policy of encouraging and maintaining effective land use planning. This statute shall not be construed as requiring the assessment of any land at a value less than as required by Section 401 or as prohibiting the use of representative comparable sales information on land under similar restrictions when this information is available.

*(Amended by Stats. 2013, Ch. 406, Sec. 2. Effective January 1, 2014.)*

## **Article 1.5. Valuation of Open-Space Land Subject to an Enforceable Restriction**

**§ 421.** For the purposes of this article:

(a) "Agricultural preserve" means an agricultural preserve created pursuant to the California Land Conservation Act of 1965 (Williamson Act) (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code).

(b) "Contract" means a contract executed pursuant to the California Land Conservation Act.

(c) "Agreement" means an agreement executed pursuant to the California Land Conservation Act prior to the 61st day following the final adjournment of the 1969 Regular Session of the Legislature and that, taken as a whole, provides restrictions, terms and conditions that are substantially similar or more restrictive than those required by statute for a contract.

(d) "Scenic restriction" means any interest or right in real property acquired by a city or county pursuant to Chapter 12 (commencing with Section 6950) of Division 7 of Title 1 of the Government Code, where the deed or other instrument granting such right or interest imposes restrictions that, through limitation of their future use, will effectively preserve for public use and enjoyment, the character of open spaces and areas as defined in Section 6954 of the Government Code.

A scenic restriction shall be for an initial term of 10 years or more, and shall provide for either of the following:

(1) A method whereby the term may be extended by mutual agreement of the parties.

(2) That the initial term shall be subject to annual automatic one-year extensions as provided for contracts in Sections 51244, 51244.5, and 51246 of the Government Code, unless notice of nonrenewal is given as provided in Section 51245 of the Government Code.

A scenic restriction may not be terminated prior to the expiration of the initial term, and any extension thereof, except as provided for cancellation of contracts in Sections 51281, 51282, 51283 and 51283.3 of the Government Code, and subject to the provisions therein for payment of the cancellation fee.

(e) "Open-space easement" means an open-space easement granted to a county or city pursuant to Chapter 6.5 (commencing with Section 51050) of Part 1 of Division 1 of Title 5 of the Government Code if the easement is acquired prior to January 1, 1975, or an open-space easement granted to a county, city, or nonprofit organization pursuant to Chapter 6.6 (commencing with Section 51070) of Part 1 of Division 1 of Title 5 of the Government Code if the easement is acquired after January 1, 1975, or an open-space easement granted to a regional park district, regional park and open-space district, or regional open-space district under Article 3 (commencing with Section 5500) of Chapter 3 of Division 5 of the Public Resources Code.

(f) "Wildlife habitat contract" means any contract or amended contract or covenant involving, except as provided in Section 423.8, 150 acres or more of land entered into by a landowner with any agency or political subdivision of the federal or state government limiting the use of lands for a period of 10 or more years by the landowner to habitat for native or migratory wildlife and native pasture. These lands shall, by contract, be eligible to receive water for waterfowl or waterfowl management purposes from the federal government.

(g) "Open-space land" means any of the following:

(1) Land within an agricultural preserve and subject to a contract or an agreement.

(2) Land subject to a scenic restriction.

(3) Land subject to an open-space easement.

(4) Land that has been restricted by a political subdivision or an entity of the state or federal government, acting within the scope of its regulatory or other legal authority, for the benefit of wildlife, endangered species, or their habitats.

(h) “Typical rotation period” means a period of years during which different crops are grown as part of a plant cultural program. Typical rotation period does not mean the rotation period of timber.

(i) “Wildlife” means waterfowl of every kind and any other undomesticated mammal, fish, or bird, or any reptile, amphibian, insect, or plant.

(j) “Endangered species” means any species or subcategory thereof, as defined in the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code) or the federal Endangered Species Act (16 U.S.C. Sec. 1531 et seq.), that has been classified and protected as an endangered, threatened, rare, or candidate species by any entity of the state or federal government.

*(Amended by Stats. 1996, Ch. 997, Sec. 1. Effective September 27, 1996. Applicable, by Sec. 5 of Ch. 997, commencing with property taxes levied for the first lien date after September 27, 1996.)*

**§ 421.5.** For purposes of this article, the following terms have the following meaning:

(a) “Agricultural conservation easement” shall have the same meaning as defined in Section 10211 of the Public Resources Code.

(b) “Open-space land” includes land subject to an agricultural conservation easement.  
*(Amended by Stats. 2002, Ch. 616, Sec. 37. Effective January 1, 2003.)*

**§ 422.** For the purposes of this article and within the meaning of Section 8 of Article XIII of the Constitution, open-space land is “enforceably restricted” if it is subject to any of the following:

- (a) A contract;
- (b) An agreement;
- (c) A scenic restriction entered into prior to January 1, 1975;
- (d) An open-space easement; or
- (e) A wildlife habitat contract.

For the purposes of this article no restriction upon the use of land other than those enumerated in this section shall be considered to be an enforceable restriction.

*(Amended by Stats. 1975, Ch. 224.)*

**§ 422.5.** For the purposes of this article, open-space land is “enforceably restricted” within the meaning of Section 8 of Article XIII of the California Constitution if it is subject to an agricultural conservation easement.

*(Added by Stats. 1995, Ch. 931, Sec. 3. Effective January 1, 1996.)*

**§ 422.7.** (a) For purposes of this section, the term “open-space land” includes land subject to contract for an urban agricultural incentive zone, as defined in subdivision (b) of Section 51040.3 of the Government Code. For purposes of this section, open-space land is enforceably restricted within the meaning of Section 8 of Article XIII of the California Constitution if it is subject to an urban agriculture incentive zone contract.

(b) (1) Open-space land subject to contract for an urban agricultural incentive zone pursuant to Section 52010.3 shall be valued for assessment at the rate based on the average per-acre value of irrigated cropland in California, adjusted proportionally to reflect the acreage of the

property under contract, as most recently published by the National Agricultural Statistics Service of the United States Department of Agriculture.

(2) Notwithstanding the published rate, the valuation resulting from the section shall not exceed the lesser of either the valuation that would have resulted by a calculation under Section 110, or the valuation that would have resulted by a valuation under Section 110.1, as though the property was not subject to an enforceable restriction in the base year.

(c) The State Board of Equalization shall post the per-acre land value as published by the National Agricultural Statistics Service of the United States Department of Agriculture on its Internet Web site within 30 days of publication, and shall provide the rate to county assessors no later than January 1 of each assessment year.

*(Added by Stats. 2013, Ch. 406, Sec. 3. Effective January 1, 2014.)*

**§ 423.** Except as provided in Sections 423.7 and 423.8, when valuing enforceably restricted open-space land, other than land used for the production of timber for commercial purposes, the county assessor shall not consider sales data on lands, whether or not enforceably restricted, but shall value these lands by the capitalization of income method in the following manner:

(a) The annual income to be capitalized shall be determined as follows:

(1) Where sufficient rental information is available the income shall be the fair rent which can be imputed to the land being valued based upon rent actually received for the land by the owner and upon typical rentals received in the area for similar land in similar use, where the owner pays the property tax. Any cash rent or its equivalent considered in determining the fair rent of the land shall be the amount for which comparable lands have been rented, determined by average rents paid to owners as evidenced by typical land leases in the area, giving recognition to the terms and conditions of the leases and the uses permitted within the leases and within the enforceable restrictions imposed.

(2) Where sufficient rental information is not available, the income shall be that which the land being valued reasonably can be expected to yield under prudent management and subject to applicable provisions under which the land is enforceably restricted. There shall be a rebuttable presumption that "prudent management" does not include use of the land for a recreational use, as defined in subdivision (n) of Section 51201 of the Government Code, unless the land is actually devoted to that use.

(3) Notwithstanding any other provision herein, if the parties to an instrument which enforceably restricts the land stipulate therein an amount which constitutes the minimum annual income per acre to be capitalized, then the income to be capitalized shall not be less than the amount so stipulated.

For the purposes of this section, income shall be determined in accordance with rules and regulations issued by the board and with this section and shall be the difference between revenue and expenditures. Revenue shall be the amount of money or money's worth, including any cash rent or its equivalent, which the land can be expected to yield to an owner-operator annually on the average from any use of the land permitted under the terms by which the land is enforceably restricted, including, but not limited to, that from the production of salt and from typical crops grown in the area during a typical rotation period, as evidenced by historic cropping patterns and agricultural commodities grown. When the land is planted to fruit-bearing or nut-bearing trees, vines, bushes, or perennial plants, the revenue shall not be less than the

land would be expected to yield to an owner-operator from other typical crops grown in the area during a typical rotation period, as evidenced by historic cropping patterns and agricultural commodities grown. Proceeds from the sale of the land being valued shall not be included in the revenue from the land.

Expenditures shall be any outlay or average annual allocation of money or money's worth that has been charged against the revenue received during the period used in computing that revenue. Those expenditures to be charged against revenue shall be only those that are ordinary and necessary in the production and maintenance of the revenue for that period. Expenditures shall not include depletion charges, debt retirement, interest on funds invested in the land, interest on funds invested in trees and vines valued as land as provided by Section 429, property taxes, corporation income taxes, or corporation franchise taxes based on income. When the income used is from operating the land being valued or from operating comparable land, amounts shall be excluded from the income to provide a fair return on capital investment in operating assets other than the land, to amortize depreciable property, and to fairly compensate the owner-operator for his operating and managing services.

(b) The capitalization rate to be used in valuing land pursuant to this article shall not be derived from sales data and shall be the sum of the following components:

(1) An interest component, to be determined by the board and announced no later than October 1 of the year preceding the assessment year, which is the arithmetic mean, rounded to the nearest 1/4 percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board as of September 1, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to each of the four immediately preceding assessment years.

(2) A risk component that shall be a percentage determined on the basis of the location and characteristics of the land, the crops to be grown thereon and the provisions of any lease or rental agreement to which the land is subject.

(3) A component for property taxes that shall be a percentage equal to the estimated total tax rate applicable to the land for the assessment year times the assessment ratio. The estimated total tax rate shall be the cumulative rates used to compute the state's reimbursement of local governments for revenues lost on account of homeowners' property tax exemptions in the tax rate area in which the enforceably restricted land is situated.

(4) A component for amortization of any investment in perennials over their estimated economic life when the total income from land and perennials other than timber exceeds the yield from other typical crops grown in the area.

(c) The value of the land shall be the quotient for the income determined as provided in subdivision (a) divided by the capitalization rate determined as provided in subdivision (b).

(d) Unless a party to an instrument which creates an enforceable restriction expressly prohibits such a valuation, the valuation resulting from the capitalization of income method described in this section shall not exceed the lesser of either the valuation that would have resulted by calculation under Section 110, or the valuation that would have resulted by calculation under Section 110.1, as though the property was not subject to an enforceable restriction in the base year.

In determining the 1975 base year value under Article XIII A of the California Constitution for any parcel for comparison, the county may charge a contractholder a fee limited to the reasonable costs of the determination not to exceed twenty dollars (\$20) per parcel.

(e) If the parties to an instrument that creates an enforceable restriction expressly so provide therein, the assessor shall assess those improvements that contribute to the income of land in the manner provided herein. As used in this subdivision "improvements which contribute to the income of the land" shall include, but are not limited to, wells, pumps, pipelines, fences, and structures which are necessary or convenient to the use of the land within the enforceable restrictions imposed.

*(Amended by Stats. 2003, Ch. 471, Sec. 13. Effective January 1, 2004.)*

**§ 423.3.** Any city or county may allow land subject to an enforceable restriction under the Williamson Act or a migratory waterfowl habitat contract to be assessed in accordance with one or more of the following:

(a) Land specified in paragraph (1) of subdivision (a) of Section 16142 of the Government Code shall be assessed at the value determined as provided in Section 423, but not to exceed a uniformly applied percentage of its base year value pursuant to Section 110.1, adjusted to reflect the percentage change in the cost of living not to exceed 2 percent per year. In no event shall that percentage be less than 70 percent.

(b) Prime commercial rangeland shall be assessed at the value determined as provided in Section 423, but not to exceed a uniformly applied percentage of its base year value pursuant to Section 110.1, adjusted to reflect the percentage change in the cost of living not to exceed 2 percent per year. In no event shall that percentage be less than 80 percent.

For purposes of this subdivision, "prime commercial rangeland" means rangeland which meets all of the following physical-chemical parameters:

- (1) Soil depth of 12 inches or more.
- (2) Soil texture of fine sandy loam to clay.
- (3) Soil permeability of rapid to slow.
- (4) Soil with at least 2.5 inches of available water holding capacity in profile.
- (5) A slope of less than 30 percent.
- (6) A climate with 80 or more frost-free days per year.
- (7) Ten inches or more average annual precipitation.
- (8) When managed at potential, the land generally requires less than 17 acres to support one animal unit per year.

Property owners of land specified in this subdivision, shall demonstrate that their land falls within the above definition when requested by the city or county.

(c) Land specified in subdivision (b) of Section 16142 of the Government Code shall be assessed at the value determined as provided in Section 423, but not to exceed a uniformly applied percentage of its base year value pursuant to Section 110.1, adjusted to reflect the percentage change in the cost of living not to exceed 2 percent per year. In no event shall that percentage be less than 90 percent.

(d) Waterfowl habitat shall be assessed at the value determined as provided in Section 423.7 but not to exceed a uniformly applied percentage of its base year value pursuant to Section 110.1, adjusted to reflect the percentage change in the cost of living not to exceed 2 percent per year. In no event shall that percentage be less than 90 percent.

*(Amended by Stats. 2015, Ch. 454, Sec. 5. Effective January 1, 2016.)*

**§ 423.4.** Land subject to a farmland security zone contract specified in Section 51296.1 of the Government Code shall be valued for assessment purposes at 65 percent of the value under Section 423 or 65 percent of the value under Section 110.1, whichever is lower.

*(Amended by Stats. 2002, Ch. 616, Sec. 38. Effective January 1, 2003.)*

**§ 423.5.** When valuing open-space land which is enforceably restricted and used for the production of timber for commercial purposes, the county assessor shall not consider sales data on lands, whether or not enforceably restricted, but shall determine the value of such timberland to be the present worth of the income which the future harvest of timber crops from the land and the income from other allowed compatible uses can reasonably be expected to yield under prudent management. The value of timberland pursuant to this section shall be determined in accordance with rules and regulations issued by the board. In determining the value of timberland pursuant to this section, the board and the county assessor shall use the capitalization rate derived pursuant to subdivision (b) of Section 423. The ratio prescribed in Section 401 shall be applied to the value of the land determined in accordance with this section to obtain its assessed value.

For the purposes of this section, the income of each acre of land shall be presumed to be no less than two dollars (\$2), and the present worth of this income shall not be reduced by the value of any exempt timber on the land.

There shall be a rebuttable presumption that “prudent management” does not include use of the land for recreational use, as defined in subdivision (n) of Section 51201 of the Government Code, unless the land is actually devoted to such use.

*(Amended by Stats. 1984, Ch. 678, Sec. 21.)*

**§ 423.7.** (a) When valuing open-space land subject to a wildlife habitat contract, as defined in subdivision (f) of Section 421, the board, for purposes of surveys required by Section 15640 of the Government Code, and all assessors shall value that land by using the average current per-acre value based on recent sales including the sale of an undivided interest therein, of lands subject to a wildlife habitat contract within the same county. Whenever ownership of open-space land is held by a corporation and the principal underlying asset of that corporation is represented by those lands, the price received for each bona fide sale of shares of stock in those corporations or certificates of membership in nonprofit corporations shall be treated as a sale of open-space land by the assessor in determining average value for open-space lands within the meaning of this section.

(b) In the valuation of open-space land subject to a wildlife habitat contract as defined in subdivision (f) of Section 421, irrespective of the number of parcels represented by a single ownership, the assessor shall use sales of less than 150 acres in determining the average value of those lands only if the sale is of an undivided interest of land subject to a wildlife habitat contract as defined in subdivision (f) of Section 421. The assessor shall not use any other sale of less than 150 acres of land.

(c) In the event of sales of corporate stock or membership, as referred to in subdivision (a), the assessor shall determine the average per-acre sales price and multiply such sales price by

the number of acres held under the single ownership from which the land was sold, in order to determine the current total value of the single ownership.

(d) The assessor shall then determine the average current per-acre value of that land subject to a wildlife habitat contract, as defined in subdivision (f) of Section 421, by adding the current value of all those lands including corporate sales as set forth in subdivision (c), of which there has been a recent sale, and then dividing the total current value by the total number of acres of all that land of which there has been a recent sale.

(e) Whenever less than 10 years remain to the expiration of a wildlife habitat contract, the value of land determined under subdivision (a) shall be modified pursuant to this subdivision. If the full cash value of that land as determined under Section 110.1 is greater than the value determined under subdivision (a) of this section, a pro rata share of the amount of that difference shall be added in annual equal installments to the value determined pursuant to subdivision (a) over the remaining term of the wildlife habitat contract.

(f) Owners of open-space land subject to a wildlife habitat contract which has been used exclusively for habitat by native or migratory wildlife, recreation, and native pasture shall report the sale of that land, or an interest therein, to the county assessor within 30 days of the sale.

(g) In the event that a wildlife habitat contract is canceled upon the application of an owner of the land covered by the contract, a penalty equal to 6 percent of the full cash value of the land as determined under Section 110.1 on the lien date next following cancellation shall be imposed. The penalty shall become delinquent on the December 10 next following that lien date and shall be treated in all respects as a delinquent penalty imposed under Section 2617 or 2704. This subdivision shall not apply when a wildlife habitat contract is canceled without the consent of an owner of the land affected.

(h) The provisions of Section 426 shall not apply to any lands valued for assessment purposes pursuant to the provisions of this section.

(i) The assessor shall not value any land under a single ownership under this section unless the owners of that land have provided the assessor with a schedule of sales of that land that have occurred during the previous four years.

(j) If there are no prior sales within the county of open-space land subject to a wildlife contract and used exclusively for habitat by native or migratory wildlife, recreation, and native pasture, the assessor shall value the land pursuant to Section 110.1.

(k) Unless a party to an instrument which creates an enforceable restriction expressly prohibits that valuation, the valuation resulting from the method described in this section shall not exceed the valuation that would have resulted by calculation under Section 110.1, as though the property was not subject to an enforceable restriction in the base year.

*(Amended by Stats. 1983, Ch. 1281, Sec. 16. Effective September 30, 1983.)*

**§ 423.8.** (a) Notwithstanding the acreage requirement specified in subdivision (f) of Section 421, both of the following apply with respect to enrollment in a wildlife habitat contract:

(1) Any open-space land that has been restricted as wildlife or endangered species habitat by a political subdivision of the state or entity of state government shall, upon the request of the owner of that land, be enrolled in a wildlife habitat contract with the political subdivision of the state or entity of state government that has so restricted the subject open-space land.

(2) Any open-space land that has been restricted as wildlife or endangered species habitat by an agency of the federal government shall, upon the request of the landowner, be enrolled in a wildlife habitat contract with the city or county having jurisdiction over the restricted open-space land.

For any open-space land eligible for valuation under Section 422.5, 423, 423.3, 423.5, 426, or 435, that has also been enrolled in a wildlife habitat contract pursuant to this section, the controlling value of the land shall, except as otherwise provided in the following sentence, be the lower of the values determined for that land pursuant to those sections or Section 402.1. Other lands enrolled in a wildlife habitat contract pursuant to this section shall be assessed at the value determined as provided in Section 402.1.

(b) In no event shall this section or Section 421 be construed to authorize a political subdivision or any entity of the state or federal government to restrict the otherwise lawful use of property by designating all or part of that property as wildlife habitat or endangered species habitat without the consent of the owner of that property.

(c) It is the intent of the Legislature in adding this section to establish a nonexclusive alternative method of recognizing, for purposes of property taxation, the existence of certain governmental restrictions on the use of property. Neither this section nor Section 402.1 shall be construed or applied to require the existence of a wildlife habitat contract, as described in this section, as a necessary condition for recognizing the effect upon the taxable value of property of any enforceable restriction that is recognized under Section 422, 422.5, or 402.1 and is legally established by statute, regulation, or any action or classification by a governmental entity, for the benefit of wildlife, endangered species, or their habitats.

*(Amended by Stats. 2002, Ch. 616, Sec. 39. Effective January 1, 2003.)*

**§ 423.9.** Land which is zoned as timberland production pursuant to Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5 of the Government Code and which is not under an open-space contract pursuant to Section 51240 of the Government Code shall be valued pursuant to Section 435.

*(Amended by Stats. 1982, Ch. 1489, Sec. 35.)*

**§ 424.** Parties to existing agreements and scenic easement deeds may modify such agreements and deeds to the requirements of Section 422.

*(Added by Stats. 1967, Ch. 1711.)*

**§ 426.** (a) Notwithstanding any provision of Section 423 to the contrary, if either the county, city, or nonprofit organization or the owner of land subject to contract, agreement, scenic restriction, or open-space easement has served notice of nonrenewal as provided in Section 51091, 51245, or 51296.9 of the Government Code, and the county assessors shall, unless the parties shall have subsequently rescinded the contract pursuant to Section 51254 or 51255 of the Government Code, value the land as provided in this section.

(b) If the owner of land serves notice of nonrenewal or the county, city, or nonprofit organization serves notice of nonrenewal and the owner fails to protest as provided in Section 51091, 51245, or 51296.9 of the Government Code, subdivision (c) shall apply immediately. If the county, city, or nonprofit organization serves notice of nonrenewal and the owner does protest as provided in Section 51091, 51245, or 51296 of the Government Code, subdivision (c)

shall apply when less than six years remain until the termination of the period for which the land is enforceably restricted.

(c) Where any of the conditions in subdivision (b) apply, the board or assessor in each year until the termination of the period for which the land is enforceably restricted shall do all of the following:

(1) Determine the value of the land pursuant to Section 110.1. If the land is not subject to Section 110.1 when the restriction expires, the value shall be determined pursuant to Section 110 as if it were free of contractual restriction. If the land will be subject to a use for which this code provides a special restricted assessment, the value shall be determined as if it were subject to the new restriction.

(2) Determine the value of the land by capitalization of income as provided in Section 423 and without regard to the existence of any of the conditions in subdivision (b).

(3) Subtract the value determined in paragraph (2) of subdivision (c) by capitalization of income from the full value determined in paragraph (1).

(4) Using the rate announced by the board pursuant to paragraph (1) of subdivision (b) of Section 423, discount the amount obtained in paragraph (3) for the number of years remaining until the termination of the contract, agreement, scenic restriction, or open-space easement.

(5) Determine the value of the land by adding the value determined by capitalization of income as provided in paragraph (2) and the value obtained in paragraph (4).

(6) Apply the ratio prescribed in Section 401 to the value of the land determined in paragraph (5) to obtain its assessed value.

*(Amended by Stats. 2003, Ch. 62, Sec. 274. Effective January 1, 2004.)*

**§ 427.** Nothing in this article shall prevent the board or the assessor, in valuing open-space land for assessment purposes from taking into consideration the existence of any mines, minerals and quarries in or upon the land being valued, including, but not limited to oil, gas, and other hydrocarbon substances.

*(Added by Stats. 1969, Ch. 862.)*

**§ 428.** The provisions of this article shall not apply to any residence, including any agricultural laborer housing facility as provided for in Sections 51220, 51231, 51238, and 51282.3 of the Government Code, on the land being valued or to an area of reasonable size used as a site for such a residence.

*(Amended by Stats. 1985, Ch. 186, Sec. 11.2.)*

**§ 429.** Notwithstanding the provisions of Section 105(b) of this code, in valuing land enforceably restricted pursuant to this article, fruit-bearing or nut-bearing trees and vines on the land and not exempt from taxation shall be valued as land. Any income shall include that which can be expected to be derived from such trees and vines and no other value shall be given such trees and vines for the purpose of assessment.

*(Amended by Stats. 1974, Ch. 311.)*

**§ 430.** There shall be a rebuttable presumption that the present use of open-space land which is enforceably restricted and devoted to agricultural use is its highest and best agricultural use.

*(Added by renumbering Section 431 by Stats. 1976, Ch. 176.)*

**§ 430.5.** No land shall be valued pursuant to this article unless an enforceable restriction meeting the requirements of Section 422 is signed, accepted, and recorded on or before the lien date for the fiscal year to which the valuation would apply. To provide counties and cities with time to meet the requirement of this section, the land that is to be subject to a contract shall have been included in a proposal to establish an agricultural preserve submitted to the planning commission or planning department, or the matter of accepting an open-space easement or scenic restriction shall have been referred to that commission or department on or before October 15 preceding the lien date to which the contract, easement or restriction is to apply.

*(Amended by Stats. 1997, Ch. 941, Sec. 11. Effective January 1, 1998.)*

# WATER CODE

## DIVISION 7. WATER QUALITY

### CHAPTER 23. The San Joaquin Valley Drainage Relief Act

#### Article 1. General Provisions

**§ 14901.** The Legislature finds and declares as follows:

(a) A report on the San Joaquin Valley Drainage Program entitled, "A Management Plan for Agricultural Subsurface Drainage and Related Problems on the Westside San Joaquin Valley," has identified 75,000 acres of irrigated agricultural lands that should be retired by the year 2040 primarily due to characteristics of low productivity, poor drainability, and high levels of selenium in shallow groundwater.

(b) Federal, state, and local water organizations and officials should consider the management plan and adopt those parts appropriate for their long-term strategy of contributing to the management or solution of the drainage problems of the west side of the San Joaquin Valley.

(c) The United States Department of the Interior and the State of California should jointly develop a technical assistance program to ameliorate the drainage problems.

(d) The people of the state are concerned with the continued leaching of harmful elements from these lands.

(e) Continued irrigation of these lands could create significant drainage and environmental problems.

(f) Implementing solutions to the drainage and environmental problems associated with these lands will be very costly.

(g) The department is responsible for water planning and development activities throughout the state, has participated in the development of the plan for the management of subsurface drainage problems, and shall take an active leadership role in implementing the plan, including the land retirement element of the plan.

(h) Local agencies have decisionmaking authority, and are subject to court judgments, and statutory and contractual obligations, relating to water use and distribution. The department shall coordinate its activities under this chapter with those local agencies.

(i) The federal government has ongoing statutory and contractual obligations to provide drainage service to the lands within the San Luis Unit of the Central Valley Project. The department shall recognize those obligations and shall coordinate land retirement activities with appropriate federal agencies.

(j) The Department of Fish and Game is responsible for the stewardship of the state's fish and wildlife resources and the habitat on which they depend, and can offer its considerable expertise to the department on matters relating to the management of lands in accordance with this chapter and shall be consulted concerning the management of the lands acquired pursuant to this chapter and managed as fish and wildlife habitat.

(k) The Department of Conservation is responsible for administering programs to conserve the state's agricultural lands and has information on the state's soil and farmlands and shall be

consulted for the purpose of identifying agricultural lands that may be acquired pursuant to this chapter.

*(Added by Stats. 1992, Ch. 959, Sec. 1. Effective January 1, 1993. Section operative July 1, 1993, pursuant to Section 14920.)*

## **Article 2. The San Joaquin Valley Drainage Relief Program**

**§ 14903.** (a) The San Joaquin Valley Drainage Relief Program is hereby established in the department.

(b) The department shall carry out the program and may develop, in consultation with the state board, the Department of Conservation, and the Department of Fish and Game, a land retirement demonstration program.

(c) The department may adopt regulations to carry out the program.

(d) The purpose of the program is to encourage the cessation of irrigation of retirement land and to otherwise assist in the resolution of the agricultural subsurface drainage problems in the San Joaquin Valley through the coordinated efforts of federal, state, and local agencies, nonprofit organizations, and private landowners who elect to participate in the program.

*(Added by Stats. 1992, Ch. 959, Sec. 1. Effective January 1, 1993. Section operative July 1, 1993, pursuant to Section 14920.)*

**§ 14905.** The department may enter into agreements with the state board, the Department of Fish and Game, the Department of Conservation, possessors of water rights, and other appropriate public agencies and nonprofit organizations to provide for the purchase and management of retirement land and water pursuant to this chapter.  
*(Added by Stats. 1992, Ch. 959, Sec. 1. Effective January 1, 1993. Section operative July 1, 1993, pursuant to Section 14920.)*

## **DIVISION 11. IRRIGATION DISTRICTS**

### **PART 10. ASSESSMENTS**

#### **CHAPTER 8. Alternative Procedure for Assessment and Collection by County**

##### **Article 2. Assessment and Equalization**

**§ 26625.1.** If in the Madera Irrigation District, the county assessment roll reflects assessed value based on the California Land Conservation Act of 1965 (Williamson Act), (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code) for any parcel, then, upon the request of the Madera Irrigation District, such parcel shall also be assessed by the county assessor pursuant to Section 401 of the Revenue and Taxation Code. The assessed value for such parcel thus determined shall be entered on a supplemental assessment roll for district assessment purposes only and shall be used by the assessor for district assessments. The Madera Irrigation District shall reimburse the county for any increased cost incurred in making

such additional assessment.

*(Added by Stats. 1976, Ch. 944.)*

## **DIVISION 26. SAFE DRINKING WATER, CLEAN WATER, WATERSHED PROTECTION, AND FLOOD PROTECTION ACT**

### **CHAPTER 5. Flood Protection Program**

#### **Article 2. Floodplain Mapping Program**

**§ 70933.** (a) There is hereby created in the account the Floodplain Mapping Subaccount.

(b) The sum of two million five hundred thousand dollars (\$2,500,000) is hereby transferred from the account to the Floodplain Mapping Subaccount for the purposes of implementing this article.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79033.2.** (a) There is hereby created in the account the Agriculture and Open Space Mapping Subaccount.

(b) The sum of two million five hundred thousand dollars (\$2,500,000) is hereby transferred from the account to the Agriculture and Open Space Mapping Subaccount.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79033.4.** The money in the Floodplain Mapping Subaccount, upon appropriation by the Legislature to the department, may be used by the department for the purpose of assisting local land-use planning, and to avoid or reduce future flood risks and damages. The use of the funds in that subaccount by the department shall include, but is not limited to, all of the following:

- (a) Mapping newly identified floodplains.
- (b) Mapping rural areas with potential for urbanization.
- (c) Mapping flood hazard areas with undefined 100-year flood elevations.
- (d) Updating outdated floodplain maps.
- (e) Accelerating mapping of riverine floodplains, alluvial fans, and coastal flood hazard areas.
- (f) Collecting topographic and hydrographic survey data.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79033.6.** (a) The money in the Agriculture and Open Space Mapping Subaccount, upon appropriation by the Legislature to the Department of Conservation, may be used by the Department of Conservation for the purposes of assisting local land-use planning by making available Important Farmland Series maps and Interim Farmland maps, as those terms are defined in Section 65560 of the Government Code. The information provided by the Department of Conservation is intended for local government use in conjunction with floodplain and flood hazard maps developed by the department to protect agricultural land resources coincident with

avoidance or reduction of future flood risk and damage to residential or commercial land uses. The use of the funds in that subaccount by the Department of Conservation shall include, but is not limited to, all of the following:

- (1) Accelerating production of Important Farmland Series maps and Interim Farmland maps.
- (2) Increasing the coverage and availability of soil surveys conducted by the United States Natural Resources Conservation Service.
- (3) Increasing topographic, soil, and agricultural crop data collection and enhancing data gathering capability.
- (4) Developing integrated mapping that incorporates Important Farmland Series mapping and Interim Farmland mapping data with other relevant information, including, but not limited to, floodplain or flood hazard information, planning designation, and other land and natural resource data.

(b) For the purposes of this article, “maps” and “mapping” may include digital map files.  
(*Amended by Stats. 2017, Ch. 434, Sec. 12. (SB 732) Effective January 1, 2018.*)

## **Article 2.5. Flood Protection Corridor Program**

**§ 79035.** (a) There is hereby created in the account the Flood Protection Corridor Subaccount.

(b) For the purposes of this article, “subaccount” means the Flood Protection Corridor Subaccount created by subdivision (a).

(*Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.*)

**§ 79036.** The sum of seventy million dollars (\$70,000,000) is hereby transferred from the account to the subaccount for the purposes of implementing this article.

(*Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.*)

**§ 79037.** (a) The money in the subaccount, upon appropriation by the Legislature to the department, may be used by the department for flood control projects through direct expenditure for the acquisition, restoration, enhancement, and protection of real property for the purposes of flood control protection, agricultural land agri preservation, and wildlife habitat protection, and for grants to local public agencies or nonprofit organizations for these purposes, and for related administrative costs.

(b) The money in the subaccount, upon appropriation by the Legislature, shall be used for the protection, creation, and enhancement of flood protection corridors through all of the following actions:

- (1) Acquiring easements and other interests in real property from willing sellers to protect or enhance flood protection corridors and floodplains while preserving or enhancing the agricultural use of the real property.
- (2) Setting back existing flood control levees and, in conjunction with undertaking those setbacks, strengthening or modifying existing levees.
- (3) Acquiring interests in real property from willing sellers located in a floodplain that cannot reasonably be made safe from future flooding.

(4) Acquiring easements and other interests in real property from willing sellers to protect or enhance flood protection corridors while preserving or enhancing the wildlife value of the real property.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79038.** (a) For the purposes of this article, the department shall give highest priority to projects that include either of the following:

(1) Projects that have been assigned high priority for completion by the department for flood protection purposes and by the Department of Conservation for purposes of preserving agricultural land in accordance with the Agricultural Land Stewardship Program Act of 1995 (Division 10.2 (commencing with Section 10200) of the Public Resources Code).

(2) Projects that have been assigned high priority for completion by the department for flood protection purposes and by the Department of Fish and Game for wildlife habitat protection or restoration purposes.

(b) For restoration, enhancement, and protection projects, the services of the California Conservation Corps or community conservation corps shall be used whenever feasible.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79039.** (a) In order to ensure that property acquired under paragraph (1) of subdivision (b) of Section 79037 remains on the county tax rolls and in agricultural use to the greatest extent practicable, the acquisition of easements shall be the preferred method of acquiring property interests under that paragraph unless the acquisition of a fee interest is required for management purposes or the landowner will only consider the sale of a fee interest in the land. No acquisition of a fee interest shall be undertaken under paragraph (1) of subdivision (b) of Section 79037 until all practical alternatives have been considered by the department.

(b) Any proceeds received from the disposal of a fee interest acquired under this article shall be deposited into the subaccount.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79040.** Any acquisition pursuant to this article shall be from a willing seller.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79041.** Prior to acquiring an easement or other interest in land pursuant to this article, the project shall include a plan to minimize the impact on adjacent landowners. The plan shall include, but not be limited to, an evaluation of the impact on floodwaters, the structural integrity of affected levees, diversion facilities, customary agricultural husbandry practices, and timber extraction operations, and an evaluation with regard to the maintenance required of any facilities that are proposed to be constructed or altered.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79042.** Prior to acquiring an easement or other interest in land pursuant to this article, a public hearing in the local community shall be held. Notification shall be given to the county board of supervisors of the affected county, adjacent landowners, affected water districts, local municipalities, and other interested parties, as determined by the department.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79043.** Money in the subaccount may be used, upon appropriation by the Legislature, to repair breaches in the flood control system developed pursuant to this article or caused by the development of an easement program financed through this section and to repair water diversion facilities or flood control facilities damaged by a project developed pursuant to this section or financed pursuant to this section.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79044.** (a) (1) In expending grant money pursuant to this article to acquire an interest in any particular parcel of land, a local public agency or nonprofit organization may use the money to establish a trust fund in the amount of not more than 20 percent of the amount of money paid for the acquisition. Interest from the trust fund shall be used only to maintain the lands that are acquired pursuant to this chapter.

(2) A local public agency or nonprofit organization that acquires land with money from the subaccount and transfers the land to another public agency or nonprofit organization shall also transfer the ownership of the trust fund that was established to maintain that land.

(b) If the local public agency or nonprofit organization does not establish a trust fund pursuant to subdivision (a), it shall certify to the department that it can maintain the land to be acquired from funds otherwise available to the agency or organization.

(c) This section does not apply to state agencies.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79044.5.** (a) It is the intent of the Legislature to address the problem of soaring federal flood insurance rates by assisting local governments to meet technical requirements for participation in the National Flood Insurance Program and the National Flood Insurance Program's Community Rating System.

(b) Notwithstanding any other provision of this article, of the funds transferred pursuant to Section 79036, the sum of one million dollars (\$1,000,000) is hereby continuously appropriated, without regard to fiscal years, to the department, as follows:

(1) Five hundred thousand dollars (\$500,000) to educate and provide technical assistance to cities and counties regarding the National Flood Insurance Program and the enrollment process.

(2) Five hundred thousand dollars (\$500,000) to educate and provide technical assistance to cities and counties currently enrolled in the National Flood Insurance Program

with regard to the National Flood Insurance Program's Community Rating System and the implementation of activities creditable under that system.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79044.6.** Notwithstanding any other provision of this article, the sum of five million dollars (\$5,000,000) in the subaccount, upon appropriation by the Legislature to the department, shall be allocated by the department to the City of Santee for the purposes of flood protection for streets and highways.

*(Amended by Stats. 2000, Ch. 1078, Sec. 3. Effective January 1, 2001. Note: This section was added by Stats. 1999, Ch. 725, and approved in Prop. 13 on March 7, 2000.)*

**§ 79044.7.** Not more than 5 percent of the total amount deposited in the subaccount may be used to pay costs incurred in connection with the administration of this article.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

**§ 79044.9.** The department may adopt regulations to carry out this article.

*(Added by Stats. 1999, Ch. 725, Sec. 1. Approved in Proposition 13 at the March 7, 2000, election.)*

# CALIFORNIA CODE OF REGULATIONS

## TITLE 14. NATURAL RESOURCES

### DIVISION 2. DEPARTMENT OF CONSERVATION

#### CHAPTER 6. Division of Land Resource Protection

#### Article 1. California Farmland Conservancy Program

##### **§ 3000. Definitions**

All terms used in these regulations shall have the same meaning as provided in Public Resources Code sections 10210 through 10223.

*Authority: Section 10240(b), Public Resources Code. Reference: Sections 10200-10277, Public Resources Code.*

##### **§ 3010. Eligibility**

A real estate appraisal pursuant to Public Resources Code section 10260 must be completed prior to acting upon any grant application under the California Farmland Conservancy Program involving the acquisition of interests in real property. The cost of the appraisal is to be borne by the applicant. However, if the applicant is successful in obtaining a grant, the cost of the appraisal shall be considered a direct cost pursuant to Public Resources Code section 10231 and may be reimbursed at the discretion of the Director, based upon the fiscal considerations of a specific project.

*Authority: Section 10240(b), Public Resources Code. Reference: Section 10231, Public Resources Code.*

##### **§ 3011. Local Government Support for Agricultural Land Conservation**

In meeting the requirement of Public Resources Code section 10244, an applicant shall include a summary of any specific actions taken by the applicable local government in support of the applicable local government's stated goals and objectives for agricultural land conservation, including but not limited to specific planning and zoning decisions that have been taken that demonstrate this commitment.

*Authority: Section 10240(b), Public Resources Code. Reference: Section 10244, Public Resources Code.*

##### **§ 3012. Potential Easement Impacts upon Neighboring Lands**

In considering the selection criteria for California Farmland Conservancy Program applicants, information providing evidence that, by acquisition of an agricultural conservation easement for a given parcel or parcels, long term conservation of neighboring lands through any combination of geographic, zoning, or other considerations can logically be expected without incurring costs

of additional easement acquisitions, will be considered pursuant to Public Resources Code section 10252(l).

*Authority: Section 10240(b), Public Resources Code. Reference: Section 10252(l), Public Resources Code.*

### **§ 3013. Temporary Purchase of Fee Interests**

An applicant for funding of a temporary purchase of a fee interest in anticipation of creating an agricultural conservation easement pursuant to Public Resources Code section 10239 shall satisfy the criteria otherwise applicable to easements as provided in this chapter as well as the California Farmland Conservancy Program Act.

*Authority: Section 10240(b), Public Resources Code. Reference: Sections 10239, 10251 and 10252, Public Resources Code.*

### **§ 3014. Easement Enforcement**

Agricultural conservation easements funded through this program shall provide that in the event the holder of the easement fails to enforce any of the terms of the easement, as determined in the sole discretion of the Director of the Department, the Director of the Department and his or her successors and assigns shall have the right to enforce the terms of the easement, including limits on significant impairment of agricultural productivity and multiple uses created by incidental activities as specified in Public Resources Code section 10262. Multiple uses shall be those as defined in Public Resources Code section 10252(b).

*Authority: Section 10240(b), Public Resources Code. Reference: Section 10262, Public Resources Code.*

### **§ 3015. Easement Transfer**

Agricultural conservation easements funded through this program shall provide that in the event that a local government or nonprofit organization holding an easement that was acquired with the use of California Farmland Conservancy Program funds is dissolved, the Department shall identify and select an appropriate public or private entity to whom the easement shall be transferred pursuant to Public Resources Code section 10235(b). In cases where the easement was acquired utilizing California Farmland Conservancy Program funds as well as funds from other sources, the Department shall work with the other contributing sources to identify and select an appropriate entity to whom the easement shall be transferred.

*Authority: Section 10240(b), Public Resources Code. Reference: Section 10235(b), Public Resources Code.*

## **Article 2. Solar-Use Easements**

### **§ 3100. Solar-Use Easement Consultation Fee**

(a) At the time that a proposed solar-use easement application is submitted to the Department of Conservation (Department) for consultation as provided in Government Code section 51191, the landowner who is seeking the solar-use easement shall pay the Department of Conservation an application fee.

(b) The application may be submitted and fee paid in accordance with either the option provided by subdivision (b)(1) or the option provided by subdivision (b)(2):

(1) The landowner may submit the entire application and pay the entire fee of \$7,100 at one time.

(2) The landowner may submit the application and pay the fee in two increments. The first increment of the fee shall be \$4,900 to cover the Department's cost to determine whether the site is eligible for a solar-use easement. If the Department determines that a site is eligible for placement into a solar-use easement, the landowner may proceed with their application and shall pay the second increment of the application fee. The second increment shall be \$2,200 to cover the Department's cost to review and comment upon the management plan required by Government Code section 51191(c).

(c) In either option, the total application fee shall be \$7100.00.

*Authority: Sections 51191 and 51191.8, Government Code. Reference: Section 51191, Government Code.*

### **§ 3101. Definitions**

(a) For the purposes of this article, the following definitions shall apply:

(1) A "solar-use easement project" and "project" shall mean all land and photovoltaic panels and foundations, and other installations, facilities, buildings, accessory structures, or other improvements to the land that are related to the photovoltaic generation of electricity on land that is or has been proposed to be placed into a solar-use easement.

(2) A "solar-use easement landowner" shall mean "landowner" as that term is defined in Government Code Section 51190, and any person or entity who owns, or has leased, or is a trustee as provided in that statute, of land that is, or has been proposed to be, placed into a solar-use easement.

(3) "Solar-use easement land" shall mean the land that is or has been proposed to be placed into a solar-use easement.

(4) "Solar-use easement statutes" shall mean chapter 6.9 (commencing with section 51190), of part 1, of division 1 of title 5 of the Government Code.

(5) "Applicant" means any person or entity who applies for a solar-use easement; applicants include landowners who propose to develop, construct, supervise, manage, or own a solar-use easement project.

(6) "Solar-use easement amendment" shall mean any modification to the provisions of a solar-use easement that changes all or any provision regarding a use, a management plan, or a restoration plan that has been allowed or required by the solar-use easement on the solar-use easement project site.

*Authority: Section 51191.8, Government Code. Reference: Sections 51190, 51191, 51191.1 and 51191.3, Government Code.*

### **§ 3102. Application for, and Documents Regarding, a Solar-Use Easement**

(a) All documents regarding an application, amendment, or any other matter related to a solar-use easement shall be submitted by the landowner to the city or county party to the Williamson Act or farmland security zone contract. Upon receipt of the foregoing documents, the city or county shall forward the documents to the Department in accordance with these regulations.

(b) An application for a solar-use easement and all supporting documents shall be submitted by a landowner to the city or county that is the party to the Williamson Act or farmland security

zone contract. Upon receipt by the city or county, if the city or county will consider approval of the application, the city or county shall forward the application and all supporting documents to the Department. The city or county shall first submit the request for eligibility determination and the application and supporting documents to the Department pursuant to Government Code section 51191. If the Department determines that the landowner is eligible for a solar-use easement and the city or county proposes to approve or accept the solar-use easement, then the city or county shall forward all additional application and supporting documents to the Department for review and comment.

(c) An application to determine eligibility for a solar-use easement shall include the following:

- (1) The project name or number (if any is assigned).
- (2) A list of the parcel numbers located within the proposed solar-use easement.
- (3) The total number of acres currently under the Williamson Act contract or contracts proposed to be rescinded for entry into the proposed solar-use easement.
- (4) A location map of the solar-use easement site, including parcel boundaries and individual field locations.
- (5) A current farmland designation map indicating whether the solar-use easement land is prime farmland, unique farmland, farmland of statewide importance, farmland of local importance, grazing land, urban and built-up land, or "other land" as defined by the Department's Farmland Mapping and Monitoring Program as of January 1, 2010, or the most recent map released by the Farmland Mapping and Monitoring Program.
- (6) The project start date, its projected life, and its projected energy production.
- (7) A written narrative describing the facts that are being used to support the eligibility application, as required by section 3103 of this article.
- (8) To the extent applicable, any information outlined in sections 3104 through 3107 of this article, that supports the application for eligibility.

*Authority: Section 51191.8, Government Code. Reference: Sections 51191 and 51255.1, Government Code.*

### **§ 3103. Written Narrative Regarding Eligibility Based On Soil, Chemical, or Physical Properties**

(a) An application shall include a written narrative factually demonstrating that, even under the best currently available cultivation and management practices, continued agricultural use of the proposed solar-use easement area is substantially limited due to chemical or physical properties of the soils found on the site. The narrative shall include:

- (1) Reference to USDA NRCS soil survey information for the proposed easement area, including:
  - (A) A soil map that clearly delineates the soil mapping units found on the site.
  - (B) The land capability classification, indicating whether the land is irrigated or non-irrigated, for each soil mapping unit.
  - (C) The soil survey description of the primary physical or chemical limitation(s) to agricultural use for each soil mapping unit.
- (2) The existing agricultural use(s) on the solar-use easement site.
- (3) A discussion of the typical cultivation and management practices used to carry out the uses described in (b) above.

(4) The existing agricultural conditions in the surrounding area and county.

(5) A discussion of the best currently available agricultural management practices and an explanation as to whether one or a combination thereof would allow continued agricultural production on the project site.

*Authority: Section 51191.8, Government Code. Reference: Section 51191, Government Code.*

#### **§ 3104. Soil Test Report**

(a) If the eligibility application is based on soils with significantly reduced agricultural productivity or severely adverse soil conditions detrimental to continued agricultural activities and production, the application shall include factual data specific to the site's soil conditions to support the eligibility, including:

(1) A soil test report and/or a soil survey demonstrating that the present characteristics of the soil significantly reduce the soil's agricultural productivity. The soil test report or survey shall have been conducted by a certified soil scientist or certified professional soil classifier.

(2) The soil test report shall include the name, employer, date of licensure, and contact information of the certified soil scientist or certified professional soil classifier who conducted the soil test.

(3) All soil samples utilized in the soil test report shall be taken from the land proposed for the solar-use easement. The soil test report shall include a map that shows the locations on the solar-use easement land where the soil samples were taken.

(4) The soil test shall be conducted no more than one (1) year prior to submission of the application for a solar-use easement.

*Authority: Section 51191.8, Government Code. Reference: Section 51191, Government Code.*

#### **§ 3105. Water Availability Analysis**

(a) If the eligibility application is based upon insufficient water availability, the application shall include an analysis of water availability demonstrating the insufficiency of water supplies for continued agricultural production and shall indicate the source or sources of water used for agricultural production on the proposed solar-use easement land. This analysis shall include factual data specific to the site's water availability conditions to support eligibility, including, as applicable, one or more of the following:

(1) The source or sources of surface water used for agricultural production on the solar-use easement land including the number of acre feet delivered and applied for each of the immediately preceding six (6) years.

(2) A characterization of the groundwater available to the solar-use easement land including the well depth, the amount of groundwater applied, the groundwater fluctuation over the immediately preceding six (6) years, and saline water depths.

(3) A description of any dryland farming on the solar-use easement land.

*Authority: Section 51191.8, Government Code. Reference: Section 51191, Government Code.*

#### **§ 3106. Water Quality Analysis**

(a) If the eligibility application is based upon an assertion that the soil is marginally productive or physically impaired as a result of the quality of water available to the solar-use easement land, the application shall include an analysis of water quality demonstrating that continued agricultural production would, under the best currently available management

practices, be significantly reduced. The analysis shall include factual data specific to the water quality conditions available to the site to support the eligibility, including, as applicable:

(1) A qualitative description of surface water source(s) that is focused on chemical content and other constituents with the potential to impact agricultural productivity.

(2) A qualitative description of groundwater that is focused on chemical content and other constituents with the potential to impact agricultural productivity.

(3) A description of water source blending, pre-treatment, and other techniques used to mitigate water quality issues, and the limitations of such techniques specific to the site.

*Authority: Section 51191.8, Government Code. Reference: Section 51191, Government Code.*

### **§ 3107. Crop and Yield Information**

(a) If the eligibility application is based upon an assertion that the soil is marginally productive or physically impaired in a manner that has impacted crop yield, the application shall include factual data specific to the site's crop and yield for the immediately preceding six (6) years. The crop and yield information for cultivated lands shall include:

(1) Annual cropping history and yields, by parcel and individual field location, over the immediately preceding six (6) years, as indicated on the map of the proposed solar-use easement area submitted pursuant to section 3102(c)(4) of this article.

(2) A comparison of crop yield information for the site against average crop yields for the same crop on a county basis. County-level data may be acquired from the county agricultural commissioner's office.

(3) If applicable, supporting information in the form of crop insurance or disaster assistance approvals may be provided as evidence of crop and yield impacts.

*Authority: Section 51191.8, Government Code. Reference: Section 51191, Government Code.*

### **§ 3108. Soil Management and Site Restoration**

(a) Upon the Department's determination that the site proposed for a solar-use easement is eligible, the landowner shall submit a proposed soil management and site restoration plan to the city or county that describes the site including the information required by section 3102. The plan shall describe how the soil will be managed and protected for future agricultural use during the life of the easement, provide for site restoration, and describe how impacts to adjacent agricultural operations will be minimized. The city or county shall forward the proposed management plan to the Department. A management plan shall consist of two components, a soil management component and a site restoration component.

(1) The soil management component shall include a description of the soil management practices to be utilized on the solar-use easement land including:

(A) The construction activities, including, but not limited to soil grading and its effect on the current condition of the easement's soils.

(B) Soil management during the life of the easement, including, as applicable, but not limited to:

1. Soil erosion protection;
2. Concurrent grazing activities;
3. Irrigation;
4. Maintenance activities.

(C) The effect of soil removal activities, if any, upon the condition of the easement's soils.

(2) The site restoration component shall include a plan that describes how the solar-use easement land will be restored to the same condition that existed at the time of approval or acceptance of the solar-use easement, at the termination of the easement, which shall include:

(A) The procedures to be used to restore the site, which may include but is not limited to re-grading and storage and removal of structures and equipment.

(B) The provisions for monitoring the progress of restoration of the site, until restoration is complete and financial assurances are released.

(b) If the landowner or project operator proposes to change or expand the project in such a way that an existing, approved management plan would no longer be adequate to ensure restoration of the solar-use easement land, the solar-use easement landowner shall submit, for approval by the city or county, a proposed amendment to the approved management plan. The amended plan shall be adequate to ensure the restoration of the solar-use easement land to the same condition that existed immediately prior to the time of project approval, upon termination of the easement.

(c) At any time that the solar-use easement landowner, the city, or the county determines that the solar-use easement land cannot be restored in accordance with the approved management plan because of new information that was not available when the permit was issued, a solar-use easement landowner shall submit a proposed amendment to the site restoration component of the management plan. The amended plan shall be adequate to ensure the restoration of the solar-use easement land to the same condition that existed immediately prior to the time of project approval, upon termination of the easement.

*Authority: Section 51191.8, Government Code. Reference: Sections 51191, 51191.3, and 51192.1, Government Code.*

### **§ 3109. Additional Requirements**

(a) If the Department determines, in consultation with the Department of Food and Agriculture, that lands are eligible to be included in a solar-use easement, the city or county shall:

(1) Include, as conditions of approval or acceptance of the solar-use easement and as requirements of the easement, all recommendations regarding the soil management plan that are made by the Department; and

(2) Require implementation of the soil management plan.

(b) A county or city may require that a solar-use easement include additional restrictions, conditions, or covenants that the county or city determines are necessary or desirable to restrict the use of the land to photovoltaic solar facilities. Those restrictions, conditions, or covenants may include:

(1) Mitigation measures on the land that is subject to the solar-use easement.

(2) Mitigation measures beyond the land that is subject to the solar-use easement.

(3) If deemed necessary by the county or city to ensure that decommissioning requirements are met for perpetual easements, provisions for financial assurances to fund restoration of the solar-use easement land to the same conditions that existed before the approval or acceptance of the easement by the time the easement terminates.

*Authority: Section 51191.8, Government Code. Reference: Sections 51191, 51191.3, and 51192.1, Government Code.*

### **§ 3110. Site Inspections**

(a) Solar-use easement landowners and project operators must allow cities and counties to inspect lands that have been placed into a solar-use easement and all structures and activities taking place thereon. The inspections are subject to the following conditions:

(1) Inspection of a solar-use easement may be conducted to determine whether the solar-use easement and the operations thereon have violated any requirements of the solar-use easement statutes, this article, and the easement's soil management and restoration plan.

(2) Upon completion of an inspection, an inspection report shall be generated by the city or the county. The inspection report shall include the matters described in subdivision (a)(1), and any other reports or documents prepared by the inspector or inspection team regarding the solar-use easement. The completed inspection report, along with any statement by the city or county regarding the status of compliance of the project, shall be provided to the Department and the solar-use easement landowner within 30 days of completion of the inspection.

*Authority: Section 51191.8, Government Code. Reference: Sections 51191, 51191.1, 51191.3, 51191.5, and 51192.1, Government Code.*

### **§ 3111. Restoration Security Amount**

(a) For perpetual easements, cities and counties may require financial security for restoration of the solar-use easement land in whatever amount that the city or county deems necessary to ensure restoration of the solar-use easement land will be accomplished in accordance with Government Code section 51191.3(b)(3), the approved soil management plan, and with this article.

(b) For term easements and self-renewing easements, landowner applicants shall post a restoration security instrument in an amount that complies with the provisions of this section. The restoration securities shall be in an amount determined by the city or county to be adequate to fund the restoration of the easement land to the same conditions that existed immediately preceding the approval or acceptance of the easement by the time that the easement terminates. The restoration security instrument shall be in effect at the commencement of the project and remain in force at all times until the bond or restoration security instrument is released by the city or county.

(c) The performance bond or other restoration security required by subdivision (b) shall be sufficient to cover all restoration costs. "Restoration costs" shall include all costs calculated to be incurred to restore the solar-use easement land to the same condition that existed at the time of approval or acceptance of the easement and in accordance with the approved management and restoration plan, including, to the extent applicable:

(1) The cost of the physical activities and materials necessary to implement the approved management plan, including:

- (A) Re-grading;
- (B) Re-vegetation, including monitoring;
- (C) Labor and supervision;
- (D) Equipment;
- (E) Mobilization and transportation;

(F) Removal and disposal of buildings, structures, and equipment;

(G) Soil tests;

(H) Fencing;

(I) Liability insurance;

(J) Any other necessary restoration procedures.

(2) The city's or county's costs and costs for third party contracting for each of the activities required by the soil management and restoration plans.

(3) A contingency amount not to exceed 10 percent of the restoration costs.

(4) The calculated amount shall not include the cost of completing construction or continued operation of the solar project on the solar-use easement land.

(d) It shall be the sole responsibility of the solar-use easement landowner to provide the city or county with sufficient information to demonstrate that the amount of restoration security is adequate to restore the solar-use easement lands in accordance with the approved management plan and the requirements of Government Code section 51191.3(c).

(e) The restoration security shall be submitted to the city or county who shall review and approve the security prior to the commencement of operations on the project site.

(f) The security shall be made payable to the city or county in which the project is located.

(g) The amount and validity of the restoration security shall be reviewed by the landowner no less often than once every five years, with the review submitted to the city or county for approval; the city or county may require more frequent review if the city or county determines that more frequent review is necessary to ensure compliance with the requirements of the solar-use easement.

*Authority: Sections 51191.3 and 51191.8, Government Code. Reference: Sections 51191 and 51191.3, Government Code.*

### **§ 3112. Restoration Security Instruments**

(a) If a city or county requires restoration security pursuant to Government Code section 51191.3(b)(3) and section 3111(a) of this article, the city or county shall determine what type, and the amount, of financial assurances or financial instruments the landowner shall provide to ensure that restoration of the easement land is performed in accordance with the approved soil management plan and Government Code section 51191.3(b)(3).

(b) For term easements and self-renewing easements, "restoration security" shall mean an instrument, fund, or other form of financial assurance as required by Government Code 51191.3(c) and 3111(b) and (c), and may take the form of any one or a combination of the following, which the city or county determines are adequate to perform restoration in accordance with Government Code section 51191.3(c) and the approved soil management plan:

(1) Performance bonds;

(2) Surety bonds;

(3) Irrevocable letters of credit;

(4) Trust funds;

(5) A corporate guarantee;

(6) Other forms of financial securities, approved by the city or county, to be adequate to ensure restoration of the solar-use easement land to the same condition that existed at the time of approval or acceptance of the easement.

(c) If restoration security is required, the amount of the restoration security shall be that amount of money sufficient to cover restoration costs as that term is defined in section 3111(c) of this article. The city or county shall submit a copy of the proposed restoration security and the documentation relied upon in calculating the amount of the proposed restoration security to the Department. The Department may review, comment, and make recommendations upon the proposed restoration security amount and documentation.

(d) Restoration security shall constitute an obligation to pay by the landowner.

*Authority: Sections 51191.3 and 51191.8, Government Code. Reference: Sections 51191 and 51191.3, Government Code.*

### **§ 3113. Reduction or Release of Restoration Security**

(a) For perpetual easements, the city or county may determine whether and when a restoration security may be reduced or released.

(b) For term easements or self-renewing easements, prior to the reduction or release of a restoration security instrument, the city or county shall provide the following to the Department:

(1) An inspection report supported by facts indicating that the condition of the solar-use easement land has changed to a degree that reduction of the existing restoration security may be made without compromising the ability of the city or county to restore the solar-use easement land.

(2) A revised restoration security cost estimate prepared by the landowner and accepted by the city or county, with supporting facts and documentation, indicating the specific cost changes supporting reduction to the existing restoration security amount.

(3) If the city or county proposes release of the restoration security, they must make findings supported by facts and documentation that shall include the most recent inspection report and any other reviews prepared as part of the inspection report, indicating that the solar-use easement land has been restored in accordance with the approved soil management and restoration plan and that there are no outstanding restoration liabilities.

(c) The Department may review, comment, and make recommendations upon a proposed reduction or release of restoration security.

*Authority: Sections 51191.3 and 51191.8, Government Code. Reference: Sections 51191 and 51191.3, Government Code.*

### **§ 3114. Amendment Fee**

If authorized by the city or county, a landowner may amend their solar-use easement.

Amendments shall be subject to the same requirements as an initial application. If a landowner submits a proposed amendment to a solar-use easement management or restoration plan, the landowner shall pay the Department the reasonable cost to review the proposed amendment to the plan. The amendment fee shall not exceed the costs incurred by the Department to review the proposed amendment or the \$2,200 assessed for initial management plan review by section 3100(b)(2) of this article.

*Authority: Sections 51191.3 and 51191.8, Government Code. Reference: Section 51191.3, Government Code.*

**§ 3115. Forfeiture of Restoration Security**

(a) In addition to an action to enforce the terms of a solar-use easement, a city or county may require forfeiture of restoration security when any of the following circumstances has occurred:

(1) The city or county determines that a solar-use easement landowner is financially incapable of performing restoration in accordance with the approved management plan.

(2) A landowner has not completed restoration in compliance with the approved management plan for the solar-use easement by the time the easement terminates.

(3) A landowner has failed to provide the city or county with a revised restoration security cost estimate as required by section 3111(g) that adequately addresses the criteria contained in this article within 30 days of receipt of notification from the city or county to provide a revised cost estimate.

(4) An acceptable restoration security instrument will lapse within 30 days and the landowner has not provided evidence satisfactory to the city or county that another restoration security instrument will take effect before the security lapses.

(5) If the restoration security coverage is not, according to the city or the county, adequate to ensure restoration of the solar-use easement lands in accordance with the approved soil management plan and the landowner has not provided evidence satisfactory to the city or county with substitute or additional security within 30 days' notice from the city or county.

*Authority: Sections 51191.3 and 51191.8, Government Code. Reference: Sections 51191 and 51191.3, Government Code.*

**§ 3116. Criteria for Determining Financial Capability**

(a) For term easements or self-renewing easements, the city or county shall determine that a solar-use easement landowner does not have the financial capability to perform restoration of the solar-use easement land if the city or county can make either finding located in subdivision (a)(1) or (b)(2) below. The city or county may also utilize other relevant facts to determine whether the solar-use easement landowner has the financial capability to perform site restoration. A solar-use easement landowner shall provide the city or county with any and all information requested by any of those agencies to ascertain the landowner's financial capability. A landowner shall be found financially incapable if the city or county makes either of the following findings:

(1) The landowner has not provided restoration security in an amount deemed adequate by the city or county.

(2) The landowner has not provided a restoration security instrument that has been approved by the city or county as required by in Section 3112 of this article.

*Authority: Sections 51191.3 and 51191.8, Government Code. Reference: Sections 51191 and 51191.3, Government Code.*

**§ 3117. Procedure for Forfeiture of Restoration Security - Public Hearing**

If under sections 3115 and 3116 the city or county determines that the restoration security shall be forfeited, the landowner shall be provided a public hearing prior to the forfeiture.

*Authority: Sections 51191.3 and 51191.8, Government Code. Reference: Sections 51191 and 51191.3, Government Code.*

**DIVISION 6. RESOURCES AGENCY****Article 1. Definitions****§ 14100. Definitions**

All terms defined by Chapters 1 and 2, Statutes of 1971, First Extraordinary Session, and any amendments thereto, shall for the purpose of these rules and regulations be deemed to be used with the same force and effect as in said chapters except as expressly modified herein.

*Note: Authority cited: Section 65570, Government Code. Reference: Sections 16107-16112, 16117, 16118, 51061, 51243, 51243.5, 51283 and 65563, Government Code.*

**§ 14101. “Act” Defined.**

“Act” as used in these rules and regulations consists of Sections 16140-16154, 51200-51297.4, 66474.4, 65563, 65570 of the Government Code, Section 33321.5 of the Health and Safety Code, and Sections 421-430.5 of the Revenue and Taxation Code and any amendments thereto.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Sections 16142, 16144, 16154 and 65570, Government Code.*

**§ 14102. Terms Defined**

As used in these regulations, the following terms shall have the meanings noted:

- (a) “Secretary” means the Secretary for Resources, State of California.
- (b) “Governing Body” means the governing body of any county, city, or city and county.
- (c) “Authorized Representative” means the individual appointed and authorized by resolution of the governing body to act on behalf of the governing body.
- (d) “Effective Date” means the last day on which an instrument meeting requirements under Section 422 of the Revenue and Taxation Code can be signed or accepted and recorded, and the instrument is effective for assessment purposes and state payment in the forthcoming fiscal year.
- (e) “Application Report” means the application and the accompanying material described in these regulations submitted to the Secretary for the determination of the eligibility and entitlement of a governing body for state payments under the Open Space Subvention Act.
- (f) “Contract,” “Agreement,” “Scenic Restriction,” and “Open Space Easement,” shall have the meanings as defined in Section 421 of the Revenue and Taxation Code.
- (g) “Enforceable Restriction” shall have the meaning as defined in Section 422 of the Revenue and Taxation Code.
- (h) “Prime agricultural land” has the same meaning as provided in Government Code section 51201(c).
- (i) “Director” shall mean the Director of the Department of Conservation.
- (j) “Continuing” contract shall mean a contract that is not undergoing nonrenewal.
- (k) “Non-prime land” shall mean any land other than prime agricultural land.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Sections 16142, 16144, 16154 and 65570, Government Code.*

## **Article 2. General Provisions**

### **§ 14110. Filing of Application Reports**

Application reports for state payment shall be filed with the Secretary on or before October 31 of the year in which application is made according to instructions and on forms provided by the Secretary.

*Note: Authority cited: Sections 16144, 16154 and Government Code. Reference: Sections 16144, Government Code.*

#### **§ 14110.1. County Filing of Application Reports for Lands Within Cities**

A county may claim on its application restricted acreage within the boundaries of a city, if;

(a) the county and each affected city adopt concurrent resolutions authorizing the county to claim restricted acreage on behalf of the city, and acknowledging a joint responsibility to enforce the contracts pursuant to section 51251 of the Government Code;

(b) each affected city shall include in the resolution required by subsection (a) verification that rules governing administration of the contracts, pursuant to Government Code Section 51231, have been adopted;

(c) the county shall identify the city contract lands and participating cities on the county application and map, and;

(d) the county shall include the resolutions and map with each application report pursuant to Section 14110.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Sections 16142, 16144, 16154 and 65570, Government Code.*

### **§ 14111. Material to Accompany Application Reports**

Each application report filed with the Secretary shall include the following material:

(a) A resolution by the governing body authorizing the filing of the report and designating an authorized representative.

(b) A tabulation on Forms 100 (4/01), 101 (8/02), 102 (8/02), 102A (4/01), 103 (8/02), 104 (4/01), 105 (4/01), 106 (4/01), 107 (4/01), 108 (4/01), 109 (4/01), 110 (4/01), 111 (4/01), 112 (4/01), 113 (8/02), and 114 (4/01) provided by the Secretary, and incorporated by reference, summarizing the number of acres of land under the governing bodies' regulatory jurisdiction on the effective date, by each of the various categories as set forth in Section 422 of the Revenue and Tax Code qualified for state payments and the amounts of the state payments claimed pursuant to Section 16144 of the Government Code in accordance with the provisions in these regulations. The tabulation of non-prime lands shall indicate, by acreage, the section 14112(c) category under which payment is requested. The tabulation shall be certified by the authorized representative that the data given are correct and meet the criteria set forth in Section 14112 herein.

(c) A map showing the lands in the categories tabulated in (b) above. For the application report submitted for fiscal year 2000/2001, the map may be submitted in any reasonable form that certifies the land for which subvention payment is claimed. Beginning with the application report submitted for fiscal year 2001/2002, the map must be prepared as follows:

(1) The map must include the following information:

(A) The location and category of all lands tabulated in accordance with sub-section (b), above.

(B) The location and category of all enforceably restricted lands enrolled under contracts entered into pursuant to Section 51240 of the Government Code that are not otherwise tabulated in accordance with sub-section (b), above.

(C) If applicable, the location and type of enforceable restriction, as defined in Revenue and Taxation Code Section 422 for a scenic restriction entered into prior to January 1, 1975, an open space easement, or a wildlife habitat contract for which subventions are claimed.

(D) The boundaries of agricultural preserves established pursuant to Section 51230 of the Government Code.

(2) For all maps submitted pursuant to this section, the following production standards must be followed:

(A) The boundaries of all lands specified by sub-section (1), above, must be clearly and precisely delineated.

(B) Areas of 40 acres or more of lands specified by sub-section (1), above, must be shown on the map.

(C) Delineation within each parcel must be made, whenever possible, to indicate distinctions between land categories that exist within the parcel or parcels.

(3) Local governmental jurisdiction that use a computer-based mapping system for the purpose of mapping the location of lands specified by sub-section (1), above, may submit the map in a digital, electronic file format that is accessible by the Department. For map submittals of this type, the following additional production standards must be followed:

(A) Boundaries of land specified by sub-section (1), above, which are bounded by physical or cultural features, must accurately coincide with those features as the features are represented on reliable and readily available base maps such as the United States Geological Survey Topographic Quadrangle Map Series.

(B) The delineation of lands specified under subsection (1), above, must be based on original information no smaller than 1:125,000 in scale.

(C) The digital, electronic map file must include written documentation containing the following information: 1) the scale, map projection system, if any, and map coordinate system, if any, that was used to create and store the digital, electronic map file; and 2) a description of the computer-based mapping system used to create the digital, electronic map file, including the name of any proprietary file format.

(4) Local governmental jurisdictions that do not use a computer-based mapping system for the purpose of recording the location of lands specified under sub-section (1), above, must submit a map produced using a stable, durable material such as presentation-grade drafting film or paper. For map submittals of this type, the following additional production standards must be followed:

(A) Prominent physical and cultural features, such as county or city boundaries, major transportation routes, drainage courses, inland water bodies, and major population centers, must be clearly represented. Wherever the boundaries of lands specified by sub-section (1) above, coincide with such features, the boundaries must be represented in such a way that it is clear to the reader of the map that the boundary in fact coincides with the physical or cultural feature.

(B) The preferred scale for production is 1:100,000; the map must be produced at a scale no smaller than 1:125,000 and no larger than 1:60,000. The scale used must be clearly identified on the map.

(C) The type of map projection system used must be clearly identified on the map.

(D) Labeled reference marks or grid lines must be used whenever possible to indicate the location of the area depicted on the map relative to a commonly used coordinate system such as the public lands survey system or latitude and longitude.

(5) Local governmental jurisdictions may request consultation and technical assistance from the Department for the purpose of meeting the requirements of sub-sections (1-4) above.

(6) Local governmental jurisdictions that submit maps substantially meeting the criteria listed under sub-sections (1-4) above, may, on or before December 31 of each year, request that the Department incorporate the map submitted pursuant to this section into the Department's own computer-based mapping system. Contingent upon the availability of necessary resources the Department may incorporate within its computer-based mapping system the original map as submitted by the local governmental jurisdiction. If the local governing body chooses to adopt this file as its official map for purposes of meeting the requirements of this section, the following criteria shall apply in lieu of the normal requirement to submit an original map with each annual application report:

(A) For the year immediately following that for which the local governmental jurisdiction's initial map file with the Department is current, and for every second year thereafter, the local governmental jurisdiction must submit copies of assessor parcel maps that depict the location of parcels affected by changes to the number of acres of land specified under sub-section (1) above.

(B) For the second year immediately following that for which the local governmental jurisdiction's initial map file is current, and for every second year thereafter, the local governmental jurisdiction must submit materials needed to update the map file. The materials supplied by the local governmental jurisdiction for this purpose must be adequate to allow the map file to be updated in a manner consistent with the guidelines listed under subsections (1-4) above.

(d) A sample of each form of contract, agreement, scenic restriction, or open space easement used for placing land under enforceable restrictions if:

(1) The format of the document has been changed since the last application report; or

(2) A governing body is submitting an application report for the first time.

(e) If changed since the previous year's application report was filed with the Secretary, or not otherwise previously provided, the governing body's rules for the administration of agricultural preserves, including an enumeration of compatible uses as required by Government Code Section 51231 and any amendments thereof, as well as the governing body's designation of minimum parcel sizes for lands in agricultural preserves and/or subject to contract and rules governing the subdivision of lands subject to contract.

(f) If changed since the previous year's application report, and unless otherwise available through the California Environmental Resources Evaluation System (CERES), the open space element pursuant to Article 10.5, Chapter 3, Division 1 of Title 7 of the Government Code of the governing body's general plan, including a map of open space lands designated in the open space element, if available.

(g) A listing of all enforceable restrictions which were terminated, including the acreage involved, in the intervening year through any of the following:

(1) completion of contract nonrenewal pursuant to Government Code Section 51246.

(2) annexation pursuant to a city protest filed prior to January 1, 1991 pursuant to Government Code sections 51243-51243.5 The County shall also provide the name of the City and date of the resolution pursuant to Government Code Section 56844.2 that the City will not to succeed to the contract.

(3) contract rescission pursuant to Government Code Section 51256.

(4) cancellation pursuant to Government Code Sections 51280-51286 and 51297. The City or County shall specify the date of the final cancellation and the amount of the cancellation fee.

(5) acquisition for a public improvement pursuant to Government Code Section 51295, including a brief description of the public improvement.

(h) A list of contracts and corresponding acreage for which nonrenewal has been initiated in the intervening year pursuant to Government Code Section 51245.

(i) A list of all continuing contracts or other enforceable restrictions on land annexed by a city pursuant, including the name and address of the city assuming jurisdiction over the restriction.

(j) Such other material as the Secretary may require.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Sections 16142, 16142.1, 16144, 16154, 51207 and 65570, Government Code.*

#### **§ 14112. Determination of Eligibility**

(a) Eligibility of land for payment shall be determined in accordance with the provisions of the Act and these regulations. Land, which in the opinion of the Secretary is eligible, must be subject to an enforceable restriction and must have been assessed pursuant to Section 423, 423.3, 423.4, 423.5, or 426 if previously assessed under Revenue and Taxation Code section 423.4 and eligible pursuant to Government Code section 16142(c), and the governing body having jurisdiction over the land must have a local open space plan as required by Section 65563 of the Government Code. However, to be eligible, the land assessed pursuant to one of the above code sections need not be designated as open space in the plan, except as noted in the following subdivisions.

(b) The Secretary shall be the final judge of whether nonprime land devoted to open space use is of statewide significance. Only those nonprime lands devoted to open space use as defined in Section 51201 and Section 65560 of the Government Code which are designated for open space use in a local open space plan and which meet the criteria set forth in subdivision (c) shall be considered as land devoted to open space use of statewide significance and eligible for payment.

(c) Land shall be deemed to be devoted to open space use of statewide significance within the meaning of this section and Section 16143 of the Government Code if it meets at least one of the following criteria:

(1) Areas of outstanding scientific, scenic and recreation value.

(2) Areas which are required as habitat for significant fish and wildlife resources, including rare and endangered species.

(3) Forest and agricultural lands which are judged to be of major importance in meeting future needs for food, fiber, and timber.

(4) Areas which provide green space and open areas in and around high-density metropolitan development.

(5) Areas which are required to provide needed access to coastal beaches, lakeshores, and riverbanks.

(6) Areas which require special development regulation because of hazardous or special conditions, such as earthquake fault zones, unstable slide areas, flood plains, and watersheds.

(7) Areas which serve as connecting links between major public recreation and open space sites, such as utility easements, streambanks, trails, and scenic highway corridors.

(8) Areas of major historic or cultural interest.

(d) When determining whether enforceably restricted land meets the definition of prime agricultural land pursuant to Government Code section 51201(c)(1) and (2), a participating local government shall rely on the most current information suitable for that purpose. When determining whether enforceably restricted land meets the definition of prime agricultural land pursuant to Government Code section 51201(c)(3), (4) or (5), a participating local government shall rely on information derived from the assessment for the year in which the subvention claim is made, pursuant to subdivision (a) of this section."

(e) Agricultural conservation easements executed and approved pursuant to the provisions of Public Resources Code section 10200 through 10277 or Government Code sections 51256 and 51256.1 shall be eligible for payment.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Sections 16140, 16141, 16142, 16143, 51201, 51256 and 51256.1, Government Code; and Section 10211, Public Resources Code.*

### **§ 14113. Computation of the Amount of Entitlement**

The necessary computations to determine the amount of entitlement under the Act shall be made on a parcel-by-parcel basis by the governing body in accordance with Section 16142 of the Government Code, and the provisions of these regulations.

(a) To determine the total entitlement for each parcel that exceeds 40 acres, computations shall be made for all categories of open space land within the single parcel. Entitlements for parcels of 40 acres or less shall be determined by the category to which the major part of the area is assigned. Computations shall be made to the nearest 10 acres or less. Nothing in this subsection shall apply to any determination of the minimum legal size pursuant to Government Code Sections 51222, 66474.4, and/or any applicable State or local ordinance or rule regarding enrollment or subdivision of legal parcels subject to an enforceable restriction.

(b) The following types of lands shall not be entitled to payment:

(1) Acreage devoted to residential use and assessed pursuant to Section 428 of the Revenue and Taxation Code.

(2) Acreage assessed under Section 426, unless previously assessed under Revenue and Taxation Code section 423.4 and eligible pursuant to 16142(c) of the Government Code;

(3) Acreage enforceably restricted pursuant to the Open Space Easement Act of 1974 (Chapter 6.6 (commencing with Section 51070) of Part 1 of Division 1 of Title 5 of the Government Code);

(4) Parcels subject to contracts which are of less than 40 acres for Open Space Land of Statewide Significance, unless such parcels are contiguous to other restricted lands comprising more than 40 acres total, are subject to a written joint management agreement involving

noncontiguous parcels which total more than 40 acres, or the board or council specifically finds these parcels will sustain commercial agricultural use; or

(5) Contracted acreage which is valued lower under Revenue and Taxation Code Section 110.1 than under Revenue and Taxation Code Section 423, 423.3 or 423.5.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Sections 16140, 16141, 16142 and 51222, Government Code.*

#### **§ 14114. Retention of Computations**

Governing bodies shall retain all computations and supporting documents for determining the amount of entitlement and will make them available to the Secretary, Director, State Board of Equalization or State Controller for audit upon request. Where such documents are otherwise privileged or confidential, such records shall not become public records upon transfer to a State agency as provided in this subsection. Retention of records regarding assessment of lands shall be for a period of six years. Retention of other records regarding contract administration and enforcement, including but not limited to compatible use determinations, subdivision and permit approvals, and cancellation decisions and valuations pursuant to Section 51283 of the Government Code, shall continue as long as the effected contract remains in effect plus nine years.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Sections 16146 and 16154, Government Code.*

#### **§ 14115. Incomplete Application Records**

If the Secretary determines that an application report is improperly completed or incomplete, the governing body, upon written notification by the Department, shall re-submit or submit additional information requested by the Department.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Sections 16144 and 16146, Government Code.*

#### **§ 14116. Review by Secretary**

Upon receipt of a properly completed application report, the Secretary will review it to determine the eligibility of the local government to receive payment and the amount to which it is entitled in accordance with the provisions of Section 16144 of the Government Code.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Section 16144, Government Code.*

#### **§ 14117. Certification of Payment**

The Secretary, after determining the amount to which the governing body is entitled, shall certify the amount to the State Controller for payment.

(a) Annual entitlements may be certified for payment by the Secretary beginning in August of each year as the review of each application report pursuant to Section 14110 is completed, and in the order that each is determined to be complete and accurate.

(b) Application reports received after April 30 shall not be certified for payment by the Secretary until all application reports received pursuant to Section 14110 prior to April 30 have been certified for payment. The Secretary may delay payments on application reports received

after April 30 until the following fiscal year. Notwithstanding Section 14118 reports received after October 31 of the following fiscal year are not eligible for payment.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Section 16144, Government Code.*

#### **§ 14118. Adjustments**

New or additional information pertaining to eligibility or entitlement may be submitted by a governing body at any time up to and including October 31 of the year following submission of the application report to which the information pertains. Based on this information, the Secretary may make supplemental reports to the State Controller in accordance with Section 16144 of the Government Code.

(b) Where the Secretary determines that an overpayment was made, deductions against entitlement paid in accordance with provisions of Section 14113 may be made in subsequent years to correct such overpayment. When changes to entitlement claims are due to corrections in governing body records, or improvements to record-keeping systems, the governing body shall provide, when requested by the Secretary, documentation of the changes on a contract-by-contract or parcel-by-parcel basis. In addition, the Secretary may deduct cancellation fees which have not been collected or transmitted within the time frame required by Section 51283 of the Government Code.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Section 16144, Government Code.*

#### **§ 14119. Determination of Ineligibility; Failure to Enforce**

(a) In the event the Department finds that the Act as defined in this chapter, or any enforceable restriction, is violated by a county or city receiving open space subventions, the Department shall notify that city or county that the violation may result in a determination of ineligibility for open space subventions pursuant to Government Code 16146. Within 60 calendar days of receiving such notice, the city or county may request a hearing to contest the finding that a violation has occurred. Should the city or county fail to respond to this notice, otherwise fail to remedy the violation, or if the Department's finding of a violation be upheld following a hearing, the Director may certify to the controller that the city or county is ineligible to receive open space subventions.

(b) Nothing in this section shall limit the Secretary or Director's authority to otherwise pursue enforcement actions authorized by other state laws including but not limited to Government Code sections 16147 or 51294. A determination regarding subventions pursuant to this section shall not be construed as terminating the enforceable restriction in questions.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Section 16144, Government Code.*

#### **§ 14120. Hearings**

(a) Upon receiving notification of a violation pursuant to section 14119, or notification of an adjustment pursuant to section 14118, the city or county shall have the right to request an informal hearing with the Department of Conservation pursuant to Government Code section 11445.10 et seq.

(b) Within 60 calendar days from receipt of a notification of a violation or notification of an adjustment, the city or county may deliver or mail to the director of the Department, a written request for a hearing. Such request shall include a statement of the basis for contesting the notice.

(c) The director of the department shall schedule the hearing no more than 45 calendar days from receipt of the city or county's written request, and shall notify the city or county in writing of the date set for the hearing.

(d) Failure to submit a written request for a hearing within 60 calendar days from receipt of a notification of a violation or an adjustment shall constitute a waiver of the city or county's right to a hearing.

(e) The director shall make a determination based upon review of the facts, information, and evidence presented at the hearing.

(f) The city or county shall be notified of the director's determination in writing within 15 calendar days from the date of the hearing.

*Note: Authority cited: Sections 16146 and 65570, Government Code. Reference: Sections 16146 and 11445.20(c), Government Code.*

### **Article 3. Special Provisions**

#### **§ 14125. Waiver of Cancellation Fee for Terminating Open Space Easements and Agricultural Preserve Contracts**

In accordance with Sections 51061 and 51283 of the Government Code, when a governing body finds it in the public interest to waive the fee for abandoning open space easements or cancelling any Land Conservation Act contract or agreement for agricultural preserves and that such waiver or extension of time to pay following final cancellation otherwise comports with the requirements of Government Code sections 51061 or 51283, the governing body shall make a request for approval of the waiver by the Secretary and provide the following information:

(a) Date of the public hearing as required by Sections 51284 and 51061 of the Government Code.

(b) A map showing the assessor's parcel number, size and location of the parcel and the relationship of the parcel to adjoining parcels.

(c) Present land use of the parcel.

(d) Proposed land use of the parcel and when the change in land use will occur.

(e) The amount of the cancellation or abandonment fee and the basis for its calculation, including how the valuation of the land pursuant to Subsections 51283(a) or 51061 was determined. A statement of the conditions shall be submitted for partial waivers.

(f) A narrative fully explaining the basis for cancellation or abandonment, including approved findings a detailed summary of substantial evidence to support each finding, and the reason or reasons for determining that a waiver of the cancellation or abandonment fee is in the public interest pursuant to Sections 51283(c)(2) or 51061 of the Government Code.

*Note: Authority cited: Sections 16144, 16154 and 65570, Government Code. Reference: Sections 51061 and 51283, Government Code.*

## **CHAPTER 3. Guidelines for Implementation of the California Environmental Quality Act**

### **Article 3. Authorities Granted to Public Agencies by CEQA**

#### **§ 15044. Authority to Comment**

Any person or entity other than a responsible agency may submit comments to a lead agency concerning any environmental effects of a project being considered by the lead agency.

*Authority: Section 21083, Public Resources Code. Reference: Sections 21000, 21001, 21002.1, 21104 and 21153, Public Resources Code.*

### **Article 12.5. Exemptions for Agricultural Housing, Affordable Housing, and Residential Infill Projects**

#### **§ 15191. Definitions**

For purposes of this Article 12.5 only, the following words shall have the following meanings:

(a) “Agricultural employee” means a person engaged in agriculture, including: farming in all its branches, and, among other things, includes: (1) the cultivation and tillage of the soil, (2) dairying, (3) the production, cultivation, growing, and harvesting of any agricultural or horticultural commodities (including commodities defined as agricultural commodities in Section 1141j(g) of Title 12 of the United States Code), (4) the raising of livestock, bees, furbearing animals, or poultry, and (5) any practices (including any forestry or lumbering operations) performed by a farmer or on a farm as an incident to or in conjunction with such farming operations, including preparation for market and delivery to storage or to market or to carriers for transportation to market. This definition is subject to the following limitations:

This definition shall not be construed to include any person other than those employees excluded from the coverage of the National Labor Relations Act, as amended, as agricultural employees, pursuant to Section 2(3) of the Labor Management Relations Act (Section 152(3), Title 29, United States Code), and Section 3(f) of the Fair Labor Standards Act (Section 203(f), Title 29, United States Code).

This definition shall not apply, or be construed to apply, to any employee who performs work to be done at the site of the construction, alteration, painting, or repair of a building, structure, or other work (as these terms have been construed under Section 8(e) of the Labor Management Relations Act, 29 U.S.C. Sec. 158(e)) or logging or timber-clearing operations in initial preparation of land for farming, or who does land leveling or only land surveying for any of the above. As used in this definition, “land leveling” shall include only major land moving operations changing the contour of the land, but shall not include annual or seasonal tillage or preparation of land for cultivation.

(b) “Census-defined place” means a specific unincorporated land area within boundaries determined by the United States Census Bureau in the most recent decennial census.

(c) “Community-level environmental review” means either of the following:

(1) An EIR certified on any of the following:

(A) A general plan.

(B) A revision or update to the general plan that includes at least the land use and circulation elements.

(C) An applicable community plan.

(D) An applicable specific plan.

(E) A housing element of the general plan, if the environmental impact report analyzed the environmental effects of the density of the proposed project.

(2) A negative declaration or mitigated negative declaration adopted as a subsequent environmental review document, following and based upon an EIR on a general plan, an applicable community plan, or an applicable specific plan, provided that the subsequent environmental review document is allowed by CEQA following a master EIR or a program EIR, or is required pursuant to Section 21166.

(d) "Developed open space" means land that meets all of the following criteria:

(1) land that is publicly owned, or financed in whole or in part by public funds,

(2) is generally open to, and available for use by, the public, and

(3) is predominantly lacking in structural development other than structures associated with open spaces, including, but not limited to, playgrounds, swimming pools, ball fields, enclosed child play areas, and picnic facilities.

Developed open space may include land that has been designated for acquisition by a public agency for developed open space but does not include lands acquired by public funds dedicated to the acquisition of land for housing purposes.

(e) "Infill site" means a site in an urbanized area that meets one of the following criteria:

(1) The site has been previously developed for qualified urban uses; or

(2) The site has not been developed for qualified urban uses but all immediately adjacent parcels are developed with existing qualified urban uses; or

(3) The site has not been developed for qualified urban uses, no parcel within the site has been created within the past 10 years, and the site is situated so that:

(A) at least 75 percent of the perimeter of the site is adjacent to parcels that are developed with existing qualified urban uses at the time the lead agency receives an application for an approval; and

(B) the remaining 25 percent of the perimeter of the site adjoins parcels that had been previously developed for qualified urban uses.

(f) "Low- and moderate-income households" means "persons and families of low or moderate income" as defined in Section 50093 of the Health and Safety Code to mean persons and families whose income does not exceed 120 percent of area median income, adjusted for family size by the Department of Housing and Community Development, in accordance with adjustment factors adopted and amended from time to time by the United States Department of Housing and Urban Development pursuant to Section 8 of the United States Housing Act of 1937.

(g) "Low-income households" means households of persons and families of very low and low income, which are defined in Sections 50093 and 50105 of the Health and Safety Code as follows:

(1) "Persons and families of low income" or "persons of low income" is defined in Section 50093 of the Health & Safety Code to mean persons or families who are eligible for financial assistance specifically provided by a governmental agency for the benefit of occupants of housing financed pursuant to this division.

(2) "Very low income households" is defined in Section 50105 of the Health & Safety Code to mean persons and families whose incomes do not exceed the qualifying limits for very

low income families as established and amended from time to time pursuant to Section 8 of the United States Housing Act of 1937. "Very low income households" includes extremely low income households, as defined in Section 50106 of the Health & Safety Code.

(h) "Lower income households" is defined in Section 50079.5 of the Health and Safety Code to mean any of the following:

(1) "Lower income households," which means persons and families whose income does not exceed the qualifying limits for lower income families as established and amended from time to time pursuant to Section 8 of the United States Housing Act of 1937.

(2) "Very low income households," which means persons and families whose incomes do not exceed the qualifying limits for very low income families as established and amended from time to time pursuant to Section 8 of the United States Housing Act of 1937.

(3) "Extremely low income households," which means persons and families whose incomes do not exceed the qualifying limits for extremely low income families as established and amended from time to time by the Secretary of Housing and Urban Development and defined in Section 5.603(b) of Title 24 of the Code of Federal Regulations.

(i) "Major transit stop" means a site containing an existing rail transit station, a ferry terminal served by either a bus or rail transit service, or the intersection of two or more major bus routes with a frequency of service interval of 15 minutes or less during the morning and afternoon peak commute periods.

(j) "Project-specific effect" means all the direct or indirect environmental effects of a project other than cumulative effects and growth-inducing effects.

(k) "Qualified urban use" means any residential, commercial, public institutional, transit or transportation passenger facility, or retail use, or any combination of those uses.

(l) "Residential" means a use consisting of either of the following:

(1) Residential units only.

(2) Residential units and primarily neighborhood-serving goods, services, or retail uses that do not exceed 15 percent of the total floor area of the project.

(m) "Urbanized area" means either of the following:

(1) An incorporated city that either by itself or in combination with two contiguous incorporated cities has a population of at least 100,000 persons; or

(2) An unincorporated area that meets the requirements set forth in subdivision (m)(2)(A) and subdivision (m)(2)(B) below.

(A) The unincorporated area must meet one of the following location or density requirements:

1. The unincorporated area must be: (i) completely surrounded by one or more incorporated cities, (ii) have a population of at least 100,000 persons either by itself or in combination with the surrounding incorporated city or cities, and (iii) have a population density that at least equals the population density of the surrounding city or cities; or

2. The unincorporated area must be located within an urban growth boundary and have an existing residential population of at least 5,000 persons per square mile. For purposes of this subparagraph, an "urban growth boundary" means a provision of a locally adopted general plan that allows urban uses on one side of the boundary and prohibits urban uses on the other side.

(B) The board of supervisors with jurisdiction over the unincorporated area must have taken the following steps:

1. The board has prepared a draft document by which the board would find that the general plan, zoning ordinance, and related policies and programs applicable to the unincorporated area are consistent with principles that: (i) encourage compact development in a manner that promotes efficient transportation systems, economic growth, affordable housing, energy efficiency, and an appropriate balance of jobs and housing, and (ii) protects the environment, open space, and agricultural areas.

2. The board has submitted the draft document to OPR and allowed OPR thirty days to submit comments on the draft findings to the board.

3. No earlier than thirty days after submitting the draft document to OPR, the board has adopted a final finding in substantial conformity with the draft finding described in the draft document referenced in subdivision (m)(2)(B)(1) above.

*Note: Authority cited: Section 21083, Public Resources Code. Reference: Sections 21159.20, 21159.21, 21159.22, 21159.23 and 21159.24, Public Resources Code.*

### **§ 15192. Threshold Requirements for Exemptions for Agricultural Housing, Affordable Housing, and Residential Infill Projects**

In order to qualify for an exemption set forth in sections 15193, 15194 or 15195, a housing project must meet all of the threshold criteria set forth below.

(a) The project must be consistent with:

(1) Any applicable general plan, specific plan, or local coastal program, including any mitigation measures required by such plan or program, as that plan or program existed on the date that the application for the project pursuant to Section 65943 of the Government Code was deemed complete; and

(2) Any applicable zoning ordinance, as that zoning ordinance existed on the date that the application for the project pursuant to Section 65943 of the Government Code was deemed complete, unless the zoning of project property is inconsistent with the general plan because the project property has not been rezoned to conform to the general plan.

(b) Community-level environmental review has been adopted or certified.

(c) The project and other projects approved prior to the approval of the project can be adequately served by existing utilities, and the project applicant has paid, or has committed to pay, all applicable in-lieu or development fees.

(d) The site of the project:

(1) Does not contain wetlands, as defined in Section 328.3 of Title 33 of the Code of Federal Regulations.

(2) Does not have any value as an ecological community upon which wild animals, birds, plants, fish, amphibians, and invertebrates depend for their conservation and protection.

(3) Does not harm any species protected by the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.) or by the Native Plant Protection Act (Chapter 10 (commencing with Section 1900) of Division 2 of the Fish and Game Code), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code).

(4) Does not cause the destruction or removal of any species protected by a local ordinance in effect at the time the application for the project was deemed complete.

(e) The site of the project is not included on any list of facilities and sites compiled pursuant to Section 65962.5 of the Government Code.

(f) The site of the project is subject to a preliminary endangerment assessment prepared by a registered environmental assessor to determine the existence of any release of a hazardous substance on the site and to determine the potential for exposure of future occupants to significant health hazards from any nearby property or activity. In addition, the following steps have been taken in response to the results of this assessment:

(1) If a release of a hazardous substance is found to exist on the site, the release shall be removed, or any significant effects of the release shall be mitigated to a level of insignificance in compliance with state and federal requirements.

(2) If a potential for exposure to significant hazards from surrounding properties or activities is found to exist, the effects of the potential exposure shall be mitigated to a level of insignificance in compliance with state and federal requirements.

(g) The project does not have a significant effect on historical resources pursuant to Section 21084.1 of the Public Resources Code.

(h) The project site is not subject to wildland fire hazard, as determined by the Department of Forestry and Fire Protection, unless the applicable general plan or zoning ordinance contains provisions to mitigate the risk of a wildland fire hazard.

(i) The project site does not have an unusually high risk of fire or explosion from materials stored or used on nearby properties.

(j) The project site does not present a risk of a public health exposure at a level that would exceed the standards established by any state or federal agency.

(k) Either the project site is not within a delineated earthquake fault zone or a seismic hazard zone, as determined pursuant to Section 2622 and 2696 of the Public Resources Code respectively, or the applicable general plan or zoning ordinance contains provisions to mitigate the risk of an earthquake or seismic hazard.

(l) Either the project site does not present a landslide hazard, flood plain, flood way, or restriction zone, or the applicable general plan or zoning ordinance contains provisions to mitigate the risk of a landslide or flood.

(m) The project site is not located on developed open space.

(n) The project site is not located within the boundaries of a state conservancy.

(o) The project has not been divided into smaller projects to qualify for one or more of the exemptions set forth in sections 15193 to 15195.

*Note: Authority cited: Section 21083, Public Resources Code. Reference: Sections 21159.21 and 21159.27, Public Resources Code.*

### **§ 15193. Agricultural Housing Exemption**

CEQA does not apply to any development project that meets the following criteria.

(a) The project meets the threshold criteria set forth in section 15192.

(b) The project site meets the following size criteria:

(1) The project site is located in an area with a population density of at least 1,000 persons per square mile and is two acres or less in area; or

(2) The project site is located in an area with a population density of less than 1,000 persons per square mile and is five acres or less in area.

(c) The project meets the following requirements regarding location and number of units.

(1) If the proposed development project is located on a project site within city limits or in a census-defined place, it must meet the following requirements:

(A) The proposed project location must be within one of the following:

1. Incorporated city limits; or
2. A census defined place with a minimum population density of at least 5,000 persons per square mile; or

3. A census-defined place with a minimum population density of at least 1,000 persons per square mile, unless a public agency that is carrying out or approving the project determines that there is a reasonable possibility that the project, if completed, would have a significant effect on the environment due to unusual circumstances or that the cumulative impacts of successive projects of the same type in the same area, over time, would be significant.

(B) The proposed development project must be located on a project site that is adjacent, on at least two sides, to land that has been developed.

(C) The proposed development project must meet either of the following requirements:

1. Consist of not more than 45 units, or
2. Consist of housing for a total of 45 or fewer agricultural employees if the housing consists of dormitories, barracks, or other group living facilities.

(2) If the proposed development project is located on a project site zoned for general agricultural use, it must meet either of the following requirements:

- (A) Consist of not more than 20 units, or
- (B) Consist of housing for a total of 20 or fewer agricultural employees if the housing consists of dormitories, barracks, or other group living facilities.

(d) The project meets the following requirements regarding provision of housing for agricultural employees:

(1) The project must consist of the construction, conversion, or use of residential housing for agricultural employees.

(2) If the project lacks public financial assistance, then:

- (A) The project must be affordable to lower income households; and
- (B) The developer of the development project must provide sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of the housing units for lower income households for a period of at least 15 years.

(3) If public financial assistance exists for the project, then:

- (A) The project must be housing for very low, low-, or moderate-income households; and

(B) The developer of the development project must provide sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of the housing units for low- and moderate-income households for a period of at least 15 years.

*Note: Authority cited: Section 21083, Public Resources Code. Reference: Section 21159.22, Public Resources Code.*

#### **§ 15194. Affordable Housing Exemption**

CEQA does not apply to any development project that meets the following criteria:

- (a) The project meets the threshold criteria set forth in section 15192.
- (b) The project meets the following size criteria: the project site is not more than five acres in area.

(c) The project meets both of the following requirements regarding location:

(1) The project meets one of the following location requirements relating to population density:

(A) The project site is located within an urbanized area or within a census-defined place with a population density of at least 5,000 persons per square mile.

(B) If the project consists of 50 or fewer units, the project site is located within an incorporated city with a population density of at least 2,500 persons per square mile and a total population of at least 25,000 persons.

(C) The project is located within either an incorporated city or a census defined place with a population density of at least 1,000 persons per square mile and there is no reasonable possibility that the project would have a significant effect on the environment or the residents of the project due to unusual circumstances or due to the related or cumulative impacts of reasonably foreseeable projects in the vicinity of the project.

(2) The project meets one of the following site-specific location requirements:

(A) The project site has been previously developed for qualified urban uses; or

(B) The parcels immediately adjacent to the project site are developed with qualified urban uses.

(C) The project site has not been developed for urban uses and all of the following conditions are met:

1. No parcel within the site has been created within 10 years prior to the proposed development of the site.

2. At least 75 percent of the perimeter of the site adjoins parcels that are developed with qualified urban uses.

3. The existing remaining 25 percent of the perimeter of the site adjoins parcels that have previously been developed for qualified urban uses.

(d) The project meets both of the following requirements regarding provision of affordable housing.

(1) The project consists of the construction, conversion, or use of residential housing consisting of 100 or fewer units that are affordable to low-income households.

(2) The developer of the project provides sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of the housing units for lower income households for a period of at least 30 years, at monthly housing costs deemed to be "affordable rent" for lower income, very low income, and extremely low income households, as determined pursuant to Section 50053 of the Health and Safety Code.

### **§ 15195. Residential Infill Exemption**

(a) Except as set forth in subdivision (b), CEQA does not apply to any development project that meets the following criteria:

(1) The project meets the threshold criteria set forth in section 15192; provided that with respect to the requirement in section 15192(b) regarding community-level environmental review, such review must be certified or adopted within five years of the date that the lead agency deems the application for the project to be complete pursuant to Section 65943 of the Government Code.

- (2) The project meets both of the following size criteria:
- (A) The site of the project is not more than four acres in total area.
  - (B) The project does not include any single level building that exceeds 100,000 square feet.
- (3) The project meets both of the following requirements regarding location:
- (A) The project is a residential project on an infill site.
  - (B) The project is within one-half mile of a major transit stop.
- (4) The project meets both of the following requirements regarding number of units:
- (A) The project does not contain more than 100 residential units.
  - (B) The project promotes higher density infill housing. The lead agency may establish its own criteria for determining whether the project promotes higher density infill housing except in either of the following two circumstances:
    - 1. A project with a density of at least 20 units per acre is conclusively presumed to promote higher density infill housing.
    - 2. A project with a density of at least 10 units per acre and a density greater than the average density of the residential properties within 1,500 feet shall be presumed to promote higher density infill housing unless the preponderance of the evidence demonstrates otherwise.
- (5) The project meets the following requirements regarding availability of affordable housing: The project would result in housing units being made available to moderate, low or very low income families as set forth in either A or B below:
- (A) The project meets one of the following criteria, and the project developer provides sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of the housing units as set forth below at monthly housing costs determined pursuant to paragraph (3) of subdivision (h) of Section 65589.5 of the Government Code.
    - 1. At least 10 percent of the housing is sold to families of moderate income, or
    - 2. Not less than 10 percent of the housing is rented to families of low income, or
    - 3. Not less than 5 percent of the housing is rented to families of very low income.
  - (B) If the project does not result in housing units being available as set forth in subdivision (A) above, then the project developer has paid or will pay in-lieu fees pursuant to a local ordinance in an amount sufficient to result in the development of an equivalent number of units that would otherwise be required pursuant to subparagraph (A).
- (b) A project that otherwise meets the criteria set forth in subdivision (a) is not exempt from CEQA if any of the following occur:
- (1) There is a reasonable possibility that the project will have a project-specific, significant effect on the environment due to unusual circumstances.
  - (2) Substantial changes with respect to the circumstances under which the project is being undertaken that are related to the project have occurred since community-level environmental review was certified or adopted.
  - (3) New information becomes available regarding the circumstances under which the project is being undertaken and that is related to the project that was not known, and could not have been known at the time that community-level environmental review was certified or adopted.
- If a project is not exempt from CEQA due to subdivision (b), the analysis of the environmental effects of the project covered in the EIR or the negative declaration shall be

limited to an analysis of the project-specific effect of the projects and any effects identified pursuant to subdivisions (b)(2) and (3).

#### **§ 15196. Notice of Exemption for Agricultural Housing, Affordable Housing, and Residential Infill Projects**

(a) When a local agency determines that a project is not subject to CEQA under Section 15193, 15194, or 15195, and it approves or determines to carry out that project, the local agency or person seeking project approval shall file the notice required by Section 21152.1 of the Public Resources Code, pursuant to Section 15062.

(b) Failure to file the notice required by this section does not affect the validity of a project.

(c) Nothing in this section affects the time limitations contained in Section 21167.

*Note: Authority cited: Section 21083, Public Resources Code. Reference: 21152.1, Public Resources Code.*

### **Article 13. Review and Evaluation of EIRs and Negative Declarations**

#### **§ 15206. Projects of Statewide, Regional, or Areawide Significance**

(a) Projects meeting the criteria in this section shall be deemed to be of statewide, regional, or areawide significance.

(1) A draft EIR or negative declaration prepared by any public agency on a project described in this section shall be submitted to the State Clearinghouse and should be submitted also to the appropriate metropolitan area council of governments for review and comment. The notice of completion form required by the State Clearinghouse must be submitted together with the copies of the EIR and may be submitted together with the copies of the negative declaration. The notice of completion form required by the State Clearinghouse is included in Appendix C. If the lead agency uses the on-line process for submittal of the notice of completion form to the State Clearinghouse, the form generated from the Internet shall satisfy this requirement (refer to [www.ceqanet.ca.gov](http://www.ceqanet.ca.gov)).

(2) When such documents are submitted to the State Clearinghouse, the public agency shall include, in addition to the printed copy, a copy of the document in electronic format on a diskette or by electronic mail transmission, if available.

(b) The lead agency shall determine that a proposed project is of statewide, regional, or areawide significance if the project meets any of the following criteria:

(1) A proposed local general plan, element, or amendment thereof for which an EIR was prepared. If a negative declaration was prepared for the plan, element, or amendment, the document need not be submitted for review.

(2) A project has the potential for causing significant effects on the environment extending beyond the city or county in which the project would be located. Examples of the effects include generating significant amounts of traffic or interfering with the attainment or maintenance of state or national air quality standards. Projects subject to this subdivision include:

(A) A proposed residential development of more than 500 dwelling units.

(B) A proposed shopping center or business establishment employing more than 1,000 persons or encompassing more than 500,000 square feet of floor space.

(C) A proposed commercial office building employing more than 1,000 persons or encompassing more than 250,000 square feet of floor space.

(D) A proposed hotel/motel development of more than 500 rooms.

(E) A proposed industrial, manufacturing, or processing plant, or industrial park planned to house more than 1,000 persons, occupying more than 40 acres of land, or encompassing more than 650,000 square feet of floor area.

(3) A project which would result in the cancellation of an open space contract made pursuant to the California Land Conservation Act of 1965 (Williamson Act) for any parcel of 100 or more acres.

(4) A project for which an EIR and not a negative declaration was prepared which would be located in and would substantially impact the following areas of critical environmental sensitivity:

(A) The Lake Tahoe Basin.

(B) The Santa Monica Mountains Zone as defined by Section 33105 of the Public Resources Code.

(C) The California Coastal Zone as defined in, and mapped pursuant to, Section 30103 of the Public Resources Code.

(D) An area within 1/4 mile of a wild and scenic river as defined by Section 5093.5 of the Public Resources Code.

(E) The Sacramento-San Joaquin Delta, as defined in Water Code Section 12220.

(F) The Suisun Marsh as defined in Public Resources Code Section 29101.

(G) The jurisdiction of the San Francisco Bay Conservation and Development Commission as defined in Government Code Section 66610.

(5) A project which would substantially affect sensitive wildlife habitats including but not limited to riparian lands, wetlands, bays, estuaries, marshes, and habitats for endangered, rare and threatened species as defined by Section 15380 of this Chapter.

(6) A project which would interfere with attainment of regional water quality standards as stated in the approved areawide waste treatment management plan.

(7) A project which would provide housing, jobs, or occupancy for 500 or more people within 10 miles of a nuclear power plant.

## **Article 19. Categorical Exemptions**

### **§ 15325. Transfers of Ownership in Land to Preserve Existing Natural Conditions and Historical Resources**

Class 25 consists of the transfers of ownership of interests in land in order to preserve open space, habitat, or historical resources. Examples include but are not limited to:

(a) Acquisition, sale, or other transfer of areas to preserve the existing natural conditions, including plant or animal habitats.

(b) Acquisition, sale, or other transfer of areas to allow continued agricultural use of the areas.

(c) Acquisition, sale, or other transfer to allow restoration of natural conditions, including plant or animal habitats.

(d) Acquisition, sale, or other transfer to prevent encroachment of development into flood plains.

(e) Acquisition, sale, or other transfer to preserve historical resources.

(f) Acquisition, sale, or other transfer to preserve open space or lands for park purposes.

*Note: Authority cited: Section 21083, Public Resources Code. Reference: Section 21084, Public Resources Code.*
