

# TRAIL CLOSED FOR PUBLIC SAFETY

A portion of the El Escorpión Trail is **CLOSED** due to active work conditions, including heavy equipment operations and well plugging and sealing activities. **What:** Entry into the closed area is prohibited for public safety. See map for the designated detour route.

**When:** From March 2026 to June 2026 (subject to change).

**Why:** The California Department of Conservation is conducting well plugging and sealing work under Project Plug. This temporary closure supports public safety and the environment.

**For project updates and more:**
